The primary differences between Net Income as calculated under generally accepted accounting principles ("GAAP") and Cash Available For Distribution ("CAD") result from the timing of income and expense recognition and non-cash

Edgar Filing: MUNICIPAL MORTGAGE & EQUITY LLC - Form 8-K

events. These differences between CAD and GAAP income include the treatment of loan origination fees, which for CAD purposes are recognized when received but for GAAP purposes are amortized over the life of the associated loan. In addition, there are differences related to non-cash gains and losses associated with bond valuations and sales, non-cash gains and losses associated with changes in market value of derivative financial instruments, amortization of goodwill and intangibles and capitalization of mortgage servicing rights, net of deferred taxes for GAAP purposes, which are not included in the calculation of CAD.

The common shares outstanding reported for Cash Available for Distribution are the actual shares outstanding at the end of the quarter. For GAAP, the weighted average shares outstanding during the period are reported for the basic net income per share calculation. The weighted average shares outstanding for diluted net income per share include the potential dilutive effect from the exercise of options, vesting of restricted shares, conversion of the preferred shares and provision for shares to be awarded under the Midland acquisition earn out provision.

VARIANCE ANALYSIS FOR CAD

4th Quarter 2002 Compared to 4th Quarter 2001:

Total income for the fourth quarter of 2002 increased \$4.8 million over the same period last year due primarily to the following changes: (1) a \$2.8 million increase in other income due primarily to a \$1.4 million increase in income on the CAPREIT investments, a \$0.5 million guarantee fee earned in the fourth quarter of 2002, and a \$0.6 million increase in cancellation, late and other fees; (2) a \$1.3 million increase in origination and syndication fees due primarily to a \$2.2 million increase in syndication fees related to an increase in the volume of syndications closed, partially offset by a \$0.9 million decrease in origination fees; (3) a \$1.3 million increase in gain on sales due primarily to a \$1.5 million gain on the sale of the Park Center bond and RITESM in the fourth quarter of 2002 versus a \$2.5 million gain on the payoff of the Emerald Hills bond, which was largely offset by losses from swap terminations, in 2001; and (4) a \$0.3 million decrease in interest on short-term investments resulting from funding of operations as well as lower investment yields.

Total expenses for the fourth quarter increased \$2.6 million over the same period last year due primarily to the following changes: (1) a \$2.8 million increase in interest expense associated with an increase in financing costs related to on-balance-sheet securitizations and larger average notes payable balances outstanding during the quarter; (2) a \$0.1 million increase in other operating expenses and professional fees due primarily to software hosting and other information system expenses that began in January 2002; and (3) a \$0.4 million decrease in income tax expense due to a \$1.2 million decrease in taxable income earned at the Company's subsidiaries organized as corporations.

Fiscal Year 2002 Compared to Fiscal Year 2001:

Total income for the year ended December 31, 2002 increased \$14.4 million over the same period last year due primarily to the following changes: (1) a \$6.3 million increase in collections of interest on bonds, other bond-related investments, other notes and loans; (2) a \$5.4 million increase in other income due to a \$3.3 million increase in income from the CAPREIT investments, a \$1.0 million increase in asset management fees and advisory fees, a \$0.5 million guarantee fee earned in 2002 and a \$0.5 million increase in cancellation, late and other fees; (3) a \$1.8 million increase in gain on sales due primarily to a \$1.5 million gain on the sale of the Park Center bond and RITESM and a \$0.2 million gain on the sale of US Treasuries in 2002 versus a \$2.5 million gain on the payoff of the Emerald Hills bond, which was largely offset by losses from

Edgar Filing: MUNICIPAL MORTGAGE & EQUITY LLC - Form 8-K

swap terminations, in 2001; and (4) a \$1.2 million increase in origination and syndication fees due to an increase in origination fees, partially offset by a \$0.6 million decrease in syndication fees.

Total expenses for the year ended December 31, 2002 increased \$5.7 million over the same period last year due primarily to the following changes: (1) a \$1.3 million increase in salaries and benefits due to a \$2.0 million increase in salaries and other compensation, offset by a \$0.7 million decrease in bonuses; (2) a \$0.5 million increase in other operating expenses and professional fees due primarily to software hosting and other information system expenses; (3) a \$4.6 million increase in interest expense, primarily associated with an increase in financing costs associated with on-balance sheet securitizations; and (4) a \$0.6 million decrease in income tax expense due to a \$2.8 million decrease in taxable income earned at the Company's subsidiaries organized as corporations.

VARIANCE ANALYSIS FOR GAAP

4th Quarter 2002 compared to 4th Quarter 2001:

Total income for the fourth quarter of 2002 increased \$2.3 million over the same period last year due primarily to the following changes: (1) a \$3.7 million increase in gain on sales due primarily to a \$1.4 million gain on the sale of the Park Center bond and RITESSM and a \$2.2 million gain on the payoff of the Villa Hialeah bond; (2) a \$2.7 million decrease in total interest income primarily due to a \$2.1 million decrease in collections of interest on bonds, residual interests in bond securitizations, loans, and other notes, which was largely a result of a one time contingent interest payment of \$2.5 million related to the payoff of the Emerald Hills bond in the fourth quarter of 2001, and a decrease in interest on short-term investments resulting from funding of operations as well as lower investment yields; (3) a \$2.2 million increase in syndication fees due to an increase in the volume of syndications closed; (4) a \$1.5 million decrease in origination fees due to a \$0.7 million decrease in conventional equity production and a \$0.8 million decrease in permanent loan production; and (5) a \$0.8 million increase in other income due primarily to a \$0.2 million increase in asset management and advisory fees and a \$0.4 million increase in cancellation, late and other fees.

Total expenses for the fourth quarter of 2002 increased \$2.6 million over the same period last year due primarily to the following changes: (1) a \$3.1 million increase in interest expense associated with an increase in financing costs related to on-balance-sheet securitizations and larger average notes payable balances outstanding during the quarter; and (2) a \$0.4 million decrease in general and administrative expenses and professional fees related to a one time

Edgar Filing: MUNICIPAL MORTGAGE & EQUITY LLC - Form 8-K

charitable contribution made in the fourth quarter of 2001.

The Company also recorded: net holding losses for the change in market value of the Company's derivative financial instruments of \$0.3 million; \$0.6 million of impairments and valuation allowance expense; and \$1.3 million of losses from equity investments in partnerships in the fourth quarter of 2002.

Fiscal Year 2002 Compared to Fiscal Year 2001:

Total income for the year ended December 31, 2002 increased \$6.6 million over the same period last year due primarily to the following changes: (1) a \$6.2 million increase in total interest income due to a \$8.0 million increase in collections of interest on bonds, residual interests in bond securitizations, other notes and loans, offset by a decrease in interest on short-term investments resulting from funding of operations as well as lower investment yields; (3) a \$1.7 million increase in syndication fees due to an increase in the volume of syndications closed; and (4) a \$1.7 million decrease in other income primarily due to \$3.3 million of income in 2001 associated with the Dynex transaction, offset in part by an increase of \$1.0 million in asset management and advisory fees and a \$0.2 million increase in commission fees in 2002.

Total expenses for the year ended December 31, 2002 increased \$6.0 million over the same period last year due primarily to the following changes: (1) a \$5.9 million increase in interest expense associated with an increase in financing costs related to on-balance sheet securitizations and larger average notes payable balances outstanding during the year; (2) a \$1.3 million increase in salaries and benefits due to a \$2.0 million increase in salaries and other compensation, offset by a \$0.7 million decrease in bonuses; and (3) a \$1.2 million decrease in amortization expense due to changes in accounting guidelines relating to amortization of goodwill.

The Company also recorded: net holding losses for the change in market value of the Company's derivative financial instruments of \$14.9 million for the year ended December 31, 2002; \$0.7 million of impairment in 2002 associated with a subordinate bond investment compared to a \$3.3 million impairment recorded in 2001 on two investments (Hunter's Glen and Buchanan Bay); and \$3.1 million of losses from equity investments in partnerships in 2002 versus \$1.3 million of similar losses recorded in 2001.

Notes

(1) For GAAP reporting, the Company records the non-cash change in fair value of its investment in interest rate swaps and other derivative financial instruments through net income. These non-cash gains and losses are not included in the Company's calculation of CAD.

(2) For GAAP reporting, the Company accounts for various investments in partnerships using the equity method of accounting. As a result, the Company's allocable share of the net income or loss from the partnerships is reported in income (losses) from equity investments in partnerships. The income from these partnerships includes depreciation expense and changes in the fair value of investments in derivatives. For GAAP reporting, distributions are treated as a return of capital. For CAD reporting, the Company records the cash distributions it receives from the partnerships as other income.

(3) For GAAP reporting, the Company recognizes non-cash gains and losses associated with the sale of assets and the capitalization of mortgage servicing rights. The capitalized mortgage servicing rights are amortized into expense over the estimated life of the serviced loans. The non-cash gains and the associated amortization expense are not included in CAD.

(4) Origination fees and certain other income amounts are recognized as income when received for CAD purposes, but for GAAP reporting these items are deferred and amortized into income over the life of the associated investment. This adjustment represents the net difference, for the relevant period, between fees taken into income when received for CAD and the amortization of fees recorded for GAAP.

(5) For GAAP reporting, the Company records valuation allowances and other-than-temporary impairments on its investments in loans, bonds and other bond-related investments. Such non-cash charges do not affect the cash flow generated from the operation of the underlying properties, distributions to shareholders, or the tax-exempt status of the income of the financial obligation under the bonds. Therefore, these items are not included in the calculation of CAD.

(6) For GAAP reporting, the Company's income tax expense contains both a current and a deferred component. Only the Company's current income tax expense is reflected in CAD.
