PROXY STATEMENT

The accompanying Proxy is solicited by the Board of Directors of Alamo Group Inc., a Delaware corporation (the "Company", "we", "our" and "us"), to be voted at the 2008 Annual Meeting of Stockholders to be held on May 7, 2008, and at any adjournments thereof. The meeting will be held at 9:00 a.m. local time, at the Westin Riverwalk Hotel, 420 West Market Street, San Antonio, Texas. This Proxy Statement and the accompanying Proxy are being mailed to Stockholders on or about March 31, 2008. The Annual Report of the Company for fiscal 2007, including audited financial statements for the fiscal year ended December 31, 2007, and a proxy card are enclosed.

VOTING AND PROXIES

Only holders of record of Common Stock of the Company at the close of business on March 14, 2008 (the Record Date), shall be entitled to vote at the meeting. There were 20,000,000 authorized shares of Common Stock, par value \$.10 per share ("Common Stock"), of the Company and 9,796,829 shares of Common Stock outstanding on the Record Date. Each share of Common Stock is entitled to one vote. Any Stockholder giving a proxy has the power to revoke same at any time prior to its use by giving notice in person or in writing to the Secretary of the Company.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the 2008 Annual Meeting of Stockholders and any adjournment thereof.

Edgar Filing: ALAMO GROUP INC - Form DEF 14A

A plurality of the votes cast at the Annual Meeting is required for the election of each individual nominated by the Board of Directors. The ratification of Ernst & Young LLP's appointment as the Company's independent auditor requires the affirmative vote of a majority of the votes cast by the Stockholders represented at the annual meeting and entitled to vote thereon.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed by the Company for the meeting. The inspectors of election will treat abstentions and broker non-votes as shares that are present for purposes of determining the presence of a quorum. Abstentions may be specified on all proposals except the election of directors. Abstentions are present and entitled to vote for purposes of determining the approval of any matter submitted to the Stockholders for a vote and will thus have the same effect as a negative vote on the proposal to ratify the appointment of Ernst & Young. If a broker indicates on a proxy that it does not have the discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered present and entitled to vote with respect to that matter.

INFORMATION CONCERNING DIRECTORS

None of the nominees for director or the executive officers of the Company has a family relationship with any of the other executive officers or other nominees for director. Except for Messrs. Goldress and Martin, none of the directors or nominees is a director of any other company which has a class of securities registered under, or is required to file reports under, the Securities Exchange Act of 1934, as amended (the Exchange Act), or of any company registered under the Investment Company Act of 1940. Mr. Martin is a director of Capital Southwest Corporation. Mr. Goldress is a director of Rockford Corporation and he serves on its audit committee and compensation committees.

Non-management directors may meet in executive session, without the Chief Executive Officer, at any time, and there are regularly scheduled non-management executive sessions at each meeting of the Board of Directors and Committees thereof. The Chairman of the Board and the Chair of each Committee preside over their respective executive sessions.

In determining independence, each year the Board affirmatively determines whether each director has no material relationship with the Company other than as a director. When assessing the materiality of a director's relationship with the Company, the Board considers all relevant facts and circumstances, not merely from the director's standpoint, but from that of the persons or organizations with which the director has an affiliation, and the frequency or regularity of the services, whether the services are being carried out at arm's length in the ordinary course of business and whether the services are being provided substantially on the same terms to the Company as those prevailing at the time from unrelated parties for comparable transactions.

The Board of Directors has determined that all of the current directors except Mr. Robinson, President and CEO, have no material relationship with the Company or its auditors and are independent within the meaning of the New York Stock Exchange (NYSE) listing standards on director independence requirements and the standard of director independence established under our Corporate Governance Guidelines covered above and which are available at (www.alamo-group.com) under the Our Commitment tab. However, the Board of Directors has determined that Mr. Martin, President and CEO of Capital Southwest Corporation, cannot chair or be a voting member of the Audit Committee because, in his capacity at Capital Southwest Corporation, he has the authority to vote more than 20% of the Company's outstanding shares. Mr. Douglass, who retired in 1999 as Chief Executive Officer of the Company, receives a supplemental retirement benefit, has been determined by the Board as independent since 2004.

If you and other interested parties wish to communicate with the Board of Directors of the Company, you may send correspondence to the Corporate Secretary, Alamo Group Inc., 1627 East Walnut Street, Seguin, Texas 78155. The Secretary will submit your correspondence to the Board of Directors or the appropriate committee or Board member, as applicable. The Board's Policy regarding shareholder communication with the Board of Directors is available at (www.alamo-group.com) under the Our Commitment tab.

Stockholders and other interested parties may communicate directly with non-management directors of the Board by sending your correspondence to the Chairman of the Board, Alamo Group Inc., 1627 East Walnut Street, Seguin, Texas 78155.

The Board has delegated some of its authority to three committees of the Board of Directors. These are the Audit Committee, Nominating/Corporate Governance Committee and Compensation Committee. All three committees have published Charters on the Company's website (www.alamo-group.com) under the Our Commitment tab.

*Vote required. A plurality of the votes cast at the Annual Meeting is required for the election of each individual nominated by the Board of Directors. All proxies will be voted **FOR** these nominees unless a contrary choice is indicated.*

THE BOARD OF DIRECTORS HAS APPROVED THE SLATE OF DIRECTORS AND

RECOMMENDS A VOTE FOR THE ELECTION OF ALL SEVEN NOMINEES, WHICH IS DESIGNATED AS PROPOSAL NO. 1 ON THE ENCLOSED PROXY.

MEETINGS AND COMMITTEES OF THE BOARD

During the fiscal year ended December 31, 2007, the Board of Directors held five meetings. All members of the Board attended all five meetings. Each director attended at least 75% or more of the total number of meetings of the Board and committees on which the director served during 2007. It is a policy of the Board that all directors attend the Annual Stockholders Meeting. All of our directors attended the Annual Stockholders Meeting in May 2007.

REPORT OF THE AUDIT COMMITTEE

The information contained in this report shall not be deemed to be soliciting material or filed with the Securities and Exchange Commission (the SEC) or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Alamo Group Inc. specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the Securities Act) or the Exchange Act.

The Audit Committee is comprised of four independent members of the Company's Board of Directors. Each member of the Audit Committee is independent under applicable law and NYSE listing requirements. The duties and responsibilities of the Audit Committee are set forth in the Audit Committee Charter, which the Board of Directors adopted on May 1, 2000 and reviews on an annual basis.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control over financial reporting. In fulfilling its oversight responsibilities in fiscal 2007, the Committee reviewed and discussed the quarterly Form 10-Q's and the audited financial statements included in the Annual Report on Form 10-K with management, including quality, not just the acceptability, of the accounting principles, the reasonableness of significant adjustments, and the clarity of disclosures in the financial statements.

The Committee reviewed with management and with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed by the independent auditors with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board (including Independence Standards Board Standard No. 1), and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the independent auditors the overall scope and plans for their audit. They also discussed with management the overall scope and plans for the Company's assessment of internal control. The Committee meets with the independent auditors and the internal auditor, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held five meetings during fiscal year 2007. All members were present at the meetings with the exception of Mr. Goldress who missed one meeting due to illness.

Edgar Filing: ALAMO GROUP INC - Form DEF 14A

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2007, for filing with the SEC. The Audit Committee has also recommended, subject to stockholder ratification, the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year 2008. Audit, audit-related and any permitted non-audit services provided to the Company by Ernst & Young LLP are subject to pre-approval by the Audit Committee.

THE NOMINATING/CORPORATE GOVERNANCE COMMITTEE

In January 2007, the Nominating/Corporate Governance Committee consisted of Messrs. Goldress (Chairman), Douglass, Morris and Thomas and in May 2007, Messrs. Goldress (Chairman), Grzelak, Martin and Morris were appointed as the new members of the Committee. During 2007, the Committee held three meetings and all members were present. The Committee has the following responsibilities, among other things, to:

- Evaluate director candidates and has sole authority to retain a search firm, approve its fees and scope of service
- Recommend to the Board of Directors nominees for Board election by the stockholders based upon their qualifications, knowledge, skills, expertise, experience and diversity
- Review Board composition to reflect the appropriate balance of knowledge, skills, expertise, experience and diversity
- Review size of the Board and meeting frequency
- Recommend to the Board standing committees
- Review, at least annually, the Code of Business Conduct & Ethics
- Oversee and establish procedures for the annual evaluation of the Board and management

The Board of Directors has determined that the members of the Committee are independent under the Company's Corporate Governance Guidelines and NYSE listing requirements. The Committee's Charter and Corporate Governance Guidelines are reviewed annually and may be viewed on the Company's website (www.alamo-group.com) under the "Our Commitment" tab.

The Nominating/Corporate Governance Committee will consider director candidates recommended by stockholders. The Committee's Policy Regarding Director Candidates Recommended by Stockholders, the Corporate Governance Guidelines (including our standards of director independence) and Code of Conduct and Ethics are on our website (www.alamo-group.com) under "Our Commitment" tab and are available to any stockholder who requests them by writing to Corporate Secretary, Alamo Group Inc., 1627 East Walnut Street, Seguin, Texas 78155.

Any stockholder of the Company who complies with the notice procedures set forth below and is a stockholder of record at the time such notice is delivered to the Company may make a director recommendation for consideration by the Nominating/Corporate Governance Committee. A stockholder may make recommendations at any time, but recommendations for consideration as nominees at the annual meeting of stockholders must be received not less than 120 days before the first anniversary of the date of the proxy statement released to stockholders in connection with the previous year's annual meeting. Therefore, to submit a candidate for consideration for nomination at the 2008 annual meeting of stockholders, a stockholder must have submitted the recommendation, in writing, by December 1, 2007. The written notice must demonstrate that it is being submitted by a stockholder of the Company and include information about each proposed director candidate, including name, age, business address, principal occupation, principal qualifications and other relevant biographical information. In addition, the stockholder must provide confirmation of each candidate's consent to serve as a director. A stockholder must send recommendations to the Nominating/Corporate Governance Committee, Alamo Group Inc., 1627 East Walnut Street, Seguin, Texas 78155.

The Nominating/Corporate Governance Committee identifies, evaluates and recommends director candidates to the Board of Directors. In identifying and recommending nominees for positions on the Board of Directors, the Nominating/Corporate Governance Committee places primary emphasis on (i) judgment, character, expertise, skills and knowledge useful to the oversight of our business; (ii) diversity of viewpoints, backgrounds, experiences and other demographics; (iii) business or other relevant experience; and (iv) the extent to which the interplay of the nominee's expertise, skills, knowledge and experience with that of other members of the Board will build a board that is active, collegial and responsive to the needs of the Company.

Upon identifying a director candidate, the Committee initially determines the need for additional or replacement Board members and evaluates all the director candidates under the criteria described above, based on the information the Committee receives with the recommendation or otherwise possesses, which may be supplemented by certain inquiries. If the Committee determines, in consultation with other Board members including the Chairman, that a more comprehensive evaluation is warranted, the Committee may then obtain additional information about the director candidate's background and experience, including by means of interviews. The Committee will then evaluate the director candidate further, again using the evaluation criteria described above. The Committee receives input on such director candidates from other directors, including the Chairman, and recommends director candidates to the full Board of Directors for nomination. The Committee may engage a third party to assist in the search for director candidates or to assist in gathering information regarding a director candidate's background and experience. If the Committee engages a third party, the Committee approves the fee that the Company pays for these services.

THE COMPENSATION COMMITTEE

In January 2007 the Compensation Committee of the Board of Directors consisted of Messrs. Thomas (Chairman), Goldress, Morris and Skaggs, and in May of 2007, Messrs. Skaggs (Chairman), Goldress, Grzelak and Martin were appointed as the new Compensation Committee members. The Committee met two times during fiscal 2007. All Committee members were present at the meetings. The duties and responsibilities of the Committee include, among other things, to:

- Review and approve, at least annually, the goals and objectives and the structure of the Company's plans for executive compensation, incentive compensation, equity-based compensation, and employee benefit plans, and make recommendations to the Board
- Evaluate annual performance of the CEO in light of the goals of the Company's executive compensation plans, and recommend his or her compensation based on this evaluation
- In consultation with the CEO, review, evaluate and recommend to the Board the compensation of all executive officers and key managers
- Evaluate and recommend to the Board compensation of directors for Board and Committee service
- Review and recommend to the Board any severance agreement made with any executive officer
- Review and recommend to the Board the amount and terms of all individual stock options
- Review and recommend to the Board all equity-based compensation plans that are subject to stockholder approval
- Approve and issue the Compensation Discussion and Analysis required by the SEC for inclusion in the Company's proxy statement

The Compensation Committee has the authority to delegate its duties and responsibilities to subcommittees as it deems necessary and advisable. The role of our executive officers in determining compensation is discussed below under Compensation Discussion and Analysis. The Compensation Committee has authority under its charter to retain, at the Company's expense, such consultants and other advisors as it deems necessary to assist it in the fulfillment of its duties. The Committee did not retain a compensation consultant in 2007.

The Board of Directors has determined that the members of the Committee are independent under the Company's Corporate Governance Guidelines and NYSE listing requirements. The Committee's Charter and Corporate Governance Guidelines are reviewed annually and may be viewed on the Company's website (www.alamo-group.com) under the Our Commitment tab.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides information regarding the compensation program in place for the Company's principal executive officer, principal financial officer and the three most highly compensated executive officers other than the principal executive officer and principal financial officer (Named Executive Officers or NEOs) for 2007. All NEOs are listed in the Summary Compensation Table. This section also includes information regarding, among other things, the overall objectives of the Company's compensation program and each element of compensation that we provide.

- 11 -

Objectives of Our Compensation Program

The Compensation Committee of the Board of Directors has responsibility for establishing, implementing, monitoring and approving the compensation program for NEOs. The Committee recommends proposed compensation program changes, salaries, annual cash incentive compensation amounts and incentive stock options for the NEOs to the Board of Directors for approval. The Committee acts pursuant to a charter that has been approved by the Board.

The compensation program for the NEOs is designed to attract, retain and reward talented executives who have the experience and ability to contribute materially to the Company's long-term success and thereby build value for its shareholders. The program is intended to provide competitive base salaries as well as short and long term incentives which align management and shareholder objectives and provide the opportunity for NEOs to participate in the success of the Company and its individual business units. The program's annual cash incentive and its longer term stock-based incentive compensation provide potential upside for exceeding financial targets with significant downside risk for missing performance targets. This balances retention with reward for delivering increased shareholder value and provides closely aligned objectives for Company management and shareholders.

Role of the CEO and Committee in Compensation Decisions

The Committee reviews and recommends all compensation for the CEO to the Board of Directors for its approval. The Committee reviews recommendations by the CEO for the compensation of other NEOs as well as other executive officers and designated key employees. The CEO annually reviews the performance of each NEO (other than the CEO, whose performance is reviewed by the Committee). The recommendations based on these reviews, including salary adjustments, annual cash incentive awards and stock options, are presented to the Committee. The Committee reviews these recommendations and can exercise its discretion in modifying and recommending adjustments or awards to executives. The final decisions are then recommended for approval by the Committee to the Board of Directors. Decisions regarding compensation for key managers are made by the CEO and other NEOs of the Company.

Components of Executive Compensation

For the fiscal year ended December 31, 2007, the principal components of compensation for NEOs were:

- Base salary

- Incentive Compensation Plan
- Stock Option Program
- Perquisites
- Other employee benefits

Base Salary

The Company provides NEOs and other key managers with competitive base salaries to compensate them appropriately for services rendered during the fiscal year. The Committee primarily considers the following for each of the NEOs as well as other executive officers and designated key employees:

- The Company's performance and individual contributions to that performance
- Experience in the position
- Periodic review of survey data on similar positions with comparable companies
- In selected cases, other relevant factors may be considered

Base salary levels were determined by the Committee in February 2007, most of which were effective May 1, 2007, and again in February 2008, generally to be effective May 1, 2008. Any review of promotions or other changes in job responsibilities are also typically considered during this timeframe.

The base salary level for Ronald A. Robinson, President and Chief Executive Officer was recommended by the Committee and approved by the Board of Directors in February 2007, effective May 1, 2007, at \$400,000 per annum and was reset at \$425,000 in February 2008 to be effective May 1, 2008. The base salary levels for all of our NEOs other executive officers and designated key employees were determined by the Committee based on those factors described in the preceding paragraphs in February 2007 and February 2008, effective May 1st of each year.

- 12 -

Incentive Compensation Plan

In 1999, the Committee adopted a revised version of the Alamo Group Incentive Compensation Plan (ICP). The ICP is a cash incentive plan which allows the Committee to reward of the Company s NEOs and key managers based upon three factors:

- The overall performance of the Company
- The performance of the segment of the Company or division and/or business unit in which the employee is expected to contribute
- The individual performance of the employee

In February of each year, the Committee reviews with the Company proposed changes, if any, to the ICP plan and then adopts the plan for the current year. The Committee, in its sole discretion, is entitled to interpret the plan. Bonuses under the plan are not deemed fully earned until paid.

ICP target incentive includes a 75% objective component and 25% subjective component. All incentives under the Plan are accrued and expensed monthly during each Plan Year and paid within 75 days after the end of the Plan Year.

For 2007, the objective component of the ICP was based on the relationship between Actual Earnings and Target Earnings for the Company or each division, subsidiary or unit. Target Earnings for the Company and its divisions, subsidiaries and units are approved at the beginning of each Plan Year by the Board of Directors based on management s proposed financial plan for the year considering anticipated market conditions and appropriate goals for earnings growth.

Generally, Target Earnings are the Company s or divisions , subsidiaries or units projected earnings before interest and taxes (EBIT) which include an appropriate accrual for the estimated payments under the ICP Plan. Actual Earnings are the actual earnings before interest and taxes (EBIT) calculated in a manner consistent with the Target Earnings and include adequate accruals to cover all estimated payments under the ICP Plan. Actual and/or Target Earnings for any given year are subject to revision by the Committee if the Committee deems it appropriate to adjust for the effect of items such as extraordinary additions to or reversals of reserves, acquisitions and divestitures, gains or losses from the sale of assets, and operating income and expenses of discontinued operations. The specific quantitative targets for the

following performance priorities are not disclosed because we believe disclosure of this information would cause the Company competitive harm. These targets are based on our business plan for the fiscal year, and are intended to be challenging but achievable.

In 2007, while certain divisions of the Company achieved their intended target levels under the objective component of the ICP, the NEOs, with the exception of Mr. Davies, received no compensation for their objective component. In the last 3 years, under the ICP Plan, the NEOs, with the exception of Mr. Davies, received no compensation for their objective component of the plan, since other than Mr. Davies the NEOs' respective objective components were based upon Company-wide targets, which were not met.

Actual payments under the objective components of the 2007 ICP could range from 0% to 150% of target, on the basis of performance, from 75% (threshold) to 125% (maximum) of the Target Earnings established by the Committee as follows:

<u>Performance Level</u>	<u>ICP Payment Level</u>	<u>Percentage Change in ICP payment for each</u>
<u>% of Target Earnings</u>	<u>% of Target Payment</u>	<u>% of actual to budget</u>
75% - 100%	0 to 100%	4%
100% - 125%	100 to 150%	2%

In each of the above brackets of Actual Earnings to Target Earnings, the Actual ICP Incentive Earned as a percentage of the Target Incentive is graduated by the Incremental ICP change to determine the Actual ICP Incentive Earned (rounded to the nearest dollar).

In February 2008, pursuant to the ICP, the Committee approved total incentive payments applicable to 2007 of \$1,083,426 to participating employees. These payments were expensed in 2007 and paid in March 2008. Incentive payments expensed in 2006 and paid in March 2007 totaled \$1,126,887. Included in these totals were ICP payments to Ronald A. Robinson, President and Chief Executive Officer, of \$93,750 and \$105,469, applicable to 2007 and 2006 respectively. Mr. Robinson also received a special bonus of \$100,000 paid in 2006 related to the completion of the Gradall acquisition.

Awards made to the NEOs under the ICP for performance in 2007 are reflected in the Bonus column of the Summary Compensation Table on page 17.

For 2008 the Committee recommended, and the Board of Directors approved, a change in the criteria for the objective component of the plan. For participants other than corporate participants (CEO, NEOs and other key managers) the criteria is as follows:

<u>Objective Component</u>	<u>Criteria</u>
50%	Actual EBIT vs. Target EBIT
25%	Actual inventory improvement vs. Plan
<u>Subjective Component</u>	
25%	Based on subjective criteria

For corporate participants, the criteria will be as follows:

<u>Objective Component</u>	<u>Criteria</u>
75%	Diluted earnings per share with zero payment at less than 90% of the prior year; target payment at 100 percent of identified target earnings and maximum incentive payment of 150% of target if identified maximum target earnings are met or exceeded
<u>Subjective Component</u>	
25%	Based on subjective criteria

The above reflects the general criteria for the CEO, NEOs and other key managers. Some of them and their direct reports may have exceptions to the above criteria based upon their job classifications and areas they can influence or specifically target for improvement..

The chart below reflects the NEO's target % of base salary incentive at targeted performance.

% Of Base Salary Incentive At Target Performance

<u>NEO</u>	
Ronald Robinson	75%
Dan Malone	30%
Geoffrey Davies	35%
Robert George	25%
Richard Wehrle	25%
Donald Duncan	25%

Stock Option Programs

The Company's stock option program relates stockholder value and our executive long-term compensation. The program provides an opportunity for increased equity ownership by our executives while maintaining competitive levels of total compensation.

From time to time the Committee has recommended, and the Board of Directors has granted, qualified and non-qualified stock options to the NEOs, key employees and directors. Stock option award levels vary among participants based on their performance and positions within the Company.

Options are granted at the New York Stock Exchange's closing price of the Company's stock on the effective date of grant and thus will have no ultimate value unless the value of the Company's stock appreciates. The Company has never granted options with an exercise price that is less than the closing price of the Company's Common Stock on the grant date, nor has it granted options which are priced on a date other than the effective date of the grant. We do not grant options during blackout periods when insider transactions are prohibited; options are generally granted at the Company's closing price on the date of grant, which generally is the third business day after the Company's press release announcement of earnings or disclosure of other material non-public information. Newly hired executive officers who are eligible to receive options are awarded such options at the next regularly scheduled Committee meeting following their hire date. The Committee believes these options provide a significant incentive for the option holders to enhance the value of the Company's Common Stock by continually improving the Company's performance.

All options granted by the Committee become vested and exercisable for 20% of the total optioned shares after one year following the grant and for an additional 20% of the total optioned shares after each succeeding year until the option is fully exercisable. The options have a term of 10 years. Upon termination or retirement of an employee or Director prior to February 2006, the option holder had 30 days to exercise vested shares except in the case of death (subject to one year limitation). For options granted after February 2006, and if the employee or Director is at least 62 years of age and has at least 5 years of service with the Company, then all outstanding options become fully vested upon termination of employment (not for cause) or retirement.

Perquisites

The Company's NEOs and key managers receive various perquisites provided by or paid for by the Company. These perquisites can include memberships in social and professional clubs, car allowances, a 401(k) restoration plan, and some gross-up payments equal to the taxes payable on certain perquisites.

- Club memberships reimbursement for dues and business expenses, usually negotiated at start of employment
- Car allowances/company vehicles an allowance paid monthly for usage of personal vehicle or a company vehicle is provided where required, also usually negotiated at start of employment
- 401(k) restoration plan provides a supplemental compensation benefit to a select group of executive officers and

- highly compensated employees who cannot participate at the same level as other employees of the Company
- Gross-up payments provided in certain limited situations, such as commuting and relocation expenses, that are taxable events
 - Reimbursement of certain commercial airfare, hotel and vehicle expenses in connection with Mr. Robinson's commuting that was approved by the Committee

We provide these perquisites because, in many cases, such as membership in social and professional clubs, the perquisites are often used by the executives for business-related activities and entertainment, and these perquisites are provided by many companies to their named executive officers and are therefore necessary to enable the Company to retain and recruit capable managers. Under the last item above, under listed perquisites, the Board agreed to reimbursement of certain expenses in connection with Mr. Robinson's commuting from his home in Colorado Springs, Colorado to the corporate office in Seguin, Texas, including commercial airfare, hotel and car rental.

The Committee reviews the perquisites provided to the NEOs on an annual basis, in an attempt to ensure that they continue to be appropriate in light of the Committee's overall goal of designing a compensation program for NEOs.

Other Employee Benefits

NEOs participate in all other benefits generally offered to employees.

Tax Implications

As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. The Company believes that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes. For fiscal 2007, there were no salaries in excess of \$1,000,000 for any named executive officer of the Company. The Company does not currently provide to the NEOs any other compensation components such as long-term grant programs, or deferred compensation.

Accounting for Stock-Based Compensation

Beginning on January 1, 2006, the Company began accounting for stock-based payments relating to its Stock Option Program in accordance with the requirements of Financial Accounting Standards Board Statement 123(R).

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors of Alamo Group Inc. oversees the Company's compensation program on behalf of the Board. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis set forth in this Proxy Statement.

In reliance on the review and discussions referred above, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Company's Proxy Statement to be filed in connection with the Company's 2008 Annual Meeting of Stockholders, which will be filed with the Securities and Exchange Commission.
