unaudited condensed consolidated financial statements be read in conjunction with the consolidated financial statements and the notes thereto included in the Company's Annual Report on Form 10-KSB for the fiscal year ended March 31, 2004.

Note 2 DISCONTINUED OPERATIONS

Through May 2, 2003, Omni also produced handheld surgical instruments used by ophthalmic surgeons in refractive, corneal and LASIK surgeries and was also a developer of technology to ophthalmic surgeons, specifically within the domain of anterior segment cataract extraction, and foldable intra ocular lens placement as well as keratorefractive procedures such as LASIK. Omni operated its surgical instruments business through its wholly-owned subsidiary, Mastel Precision Surgical Instruments, Inc ("MPSI") out of its facility in Rapid City, South Dakota.

Effective May 2003, Omni entered into an agreement with one of its officers and shareholders whereby Omni agreed to exchange 100% of the common stock of MPSI and \$36,000 cash for all shares of common stock of Omni owned individually or jointly by the officer and his wife. As of April 30, 2003, the assets of MPSI had a carrying value of approximately \$442,000 (primarily accounts receivable of approximately \$53,000, inventories of approximately \$387,000 and property and equipment of approximately \$30,000) and MPSI's obligations and liabilities had a carrying value of approximately \$527,000 (primarily accounts payable of approximately \$226,000 and debt of approximately \$286,000). Due to the related party nature of the transaction, no gain was recognized and shareholders equity was increased by \$49,000. The results of operations from MPSI have been retroactively restated as discontinued operations.

"SAFE HARBOR" STATEMENT UNDER THE UNITED STATES PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995.

This Form 10-QSB contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Omni Medical Holdings, Inc. is referred to herein as "we" or "our". The words or phrases "would be," "will allow," "intends to," "will likely result," "are expected to," "will continue," "is anticipated," "estimate," "project," or similar expressions are intended to identify "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Actual results could differ materially from those projected in the forward looking statements as a result of a number of risks and uncertainties. Statements made herein are as of the date of the filing of this Form 10-QSB with the Securities and Exchange Commission and should not be relied upon as of any subsequent date. Except as may otherwise be required by applicable law, we do not undertake, and specifically disclaim, any obligation to update any forward-looking statements contained in this Form 10-QSB to reflect occurrences, developments, unanticipated events or circumstances after the date of such statement.

RESULTS OF OPERATIONS

For the three-month period ended June 30, 2004, the Company had revenue from continuing operations totaling \$397,867, as compared to revenue of \$80,280 for the three-month period ended June 30, 2003.

Cost of sales in the three months ended June 30, 2004, was \$282,219. Cost of sales totaled \$4,989 during the same period in the prior year.

During the three months ended June 30, 2004, general and administrative expenses totaled \$246,045 versus a figure of \$82,944 for the same period in 2003. As with the changes in revenue and cost of goods sold, this increase is due to the fact that in May, 2003, we spun off our wholly-owned subsidiary, Mastel Precision Surgical Instruments, and had very limited operations during the rest of that quarter.

We incurred a net loss of \$141,865 during the quarter ended June 30, 2004, as compared to a net loss of \$47,434 in the year-ago period.

CAPITAL RESOURCE REQUIREMENTS

LIQUIDITY

As of June 30, 2004, our working capital deficit was \$583,620. Our cash balance decreased from \$6,140 at March 31, 2004, to \$203 at June 30, 2004. The decrease was primarily the result of utilizing net cash of \$52,717 to fund operating activities for the year. We also used net cash of \$519 in investing activities during the three months ended June 30, 2004. During the same period, financing activities provided \$47,299 in net cash.

We currently have commitments under an Employment Agreement with one of the former owners of MBM through May 30, 2005, renewable annually, guaranteeing annual compensation of \$50,000 plus a performance based bonus. We also have an Employment Agreement with one of the former owners of McCoy Business Services, Inc. through November 30, 2005, guaranteeing annual compensation of \$30,000 plus a performance based bonus. We currently lease office space under an operating lease for \$6,000 per month, which terminates July 31, 2006.

Edgar Filing: OMNI MEDICAL HOLDINGS INC - Form 10QSB

Effective October 1, 2003, Omni entered into an Employment Agreement with its chief executive officer and president through December 31, 2008. The agreement provides compensation at an annual base salary of \$150,000 and increases to \$180,000 annually the first month Omni's gross revenue exceeds \$450,000 in a month. The Agreement also provides for a \$75,000 bonus to be paid as of February 1, 2004, and awards stock options based upon revenue targets. As of June 30, 2004, no stock options have been earned under the Agreement. The \$75,000 has been accrued in the attached financial statements.

To support the above activities and commitments, In this regard, we have entered into a Stock Purchase Agreement with Langley Park Investments PLC as discussed in Part II, Item 5, below. In addition, we have negotiated a \$600,000 loan from Stragegic Resources, LLC; however, the loan agreement has not been executed and we can provide no assurance that it will ever be consummated.

Item 3. Controls and Procedures.

As of the end of the period covered by this Quarterly Report, we carried out an evaluation, under the supervision and with the participation of our President and Treasurer, of the effectiveness of our disclosure controls and procedures. Based on this evaluation, our President and Treasurer concluded that our disclosure controls and procedures are effective in timely alerting them to material information required to be included in our periodic Securities and Exchange Commission reports. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote. In addition, we reviewed our internal controls over financial reporting, and there have been no changes in our internal controls or in other factors in the last fiscal quarter that has materially affected or is reasonably likely to materially affect our internal control over financial reporting.
