Item 1. Financial Statements.

VULCAN INTERNATIONAL CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
For the six months ended June 30, 2003 and 2002
UNAUDITED

On March 1, 1990 the United States of America filed a Complaint against the Company and others in the United States District Court for the District of Massachusetts claiming that the Company was a potentially responsible party with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts seeking to recover response costs incurred and to be incurred in the future in connection with this Site.

Although the Company had engaged counsel to represent it in that action, the Company was first informed on March 28, 2001 that the Court had entered, pursuant to prior rulings, an unopposed "Final Judgment" against the Company on September 22, 1999. The "Final Judgment" awarded damages against the Company in favor of the United States in the amount of \$3,465,438, plus interest, for unreimbursed response costs, plus any additional past unreimbursed response costs, interest and certain future costs the United States incurs at the site. The United States filed a notice of lien in certain jurisdictions on real property of the Registrant and its subsidiary Vulcan Corporation in the dollar amount of the judgment, plus interest.

The Company has accrued an estimated liability of \$3,522,000, net of \$1,814,000 tax, for the judgment, accrued interest for the past costs and a discounted present value for estimated future costs in connection with the site. This estimated liability was calculated based on the "Final Judgment" and using other information provided by the U.S. Environmental Protection Agency ("EPA"). The Company expensed \$28,000 and \$14,000, after tax, for the six months and three months ended June 30, 2003, as compared to \$51,000 and \$25,000, after tax for the six months and three months ended June 30, 2002, for accrued interest and amortization of estimated future costs related to this matter.

On March 10, 2003 the U.S. Department of Justice announced a tentative settlement of this matter for \$3,800,000 plus interest from November 2002. The total settlement will be payable within thirty days of the consent decree being approved by the court and entered on the court docket. If the settlement is approved by the court, the Company would recognize income of approximately \$983,000, net of tax of \$507,000, for the difference between the final settlement and the amount it has accrued. The Company expects to settle this during the third quarter 2003. The liability for future costs is a significant estimate of the future costs and it is subject to change as actual costs are incurred and reported by the EPA.

There may be other potential clean-up liabilities, at other sites of which the Company has no specific knowledge.

VULCAN INTERNATIONAL CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
For the six months ended June 30, 2003 and 2002

The Company has an interest in a partnership, CCBA, that owns certain real estate. On August 13, 1999 a Complaint for money damages in excess of \$25,000, based upon breach of fiduciary duty was filed by the other partner in the Court of Common Pleas in Hamilton County, Ohio. The plaintiff claims that it is entitled to 45.24% of \$827,000 and additional damages. March 27, 2001, the plaintiff threatened to file an Amended Complaint that alleges damages of \$1,062,000 and costs, plus punitive damages of \$2,000,000 on various grounds. The Registrant believes that the suit is without merit and has been defending itself vigorously against the issues raised.

CCBA appealed a real estate tax assessment from 1999 that had increased the annual real estate tax by approximately \$96,000. The local school board has appealed the revision and reduced its initial appraised value of the property. During 2001, the partnership received a \$96,000 refund of the additional tax paid in 1999. CCBA has recorded a liability of approximately \$123,000 related to this issue based on the revised value asserted by the local school board. If CCBA is successful, this liability will be recognized as income.

The Company is involved in other litigation matters and claims which are normal in the course of operations. Management believes that the resolution of these matters will not have a material effect on the Company's business or financial condition.

The accompanying condensed consolidated financial statements reflect all adjustments that are, in the opinion of management, necessary to reflect a fair presentation of financial position, results of operations and cash flows for the interim periods. All such adjustments are of a normal recurring nature.

There were no securities of the Registrant sold by the Registrant during the six months ended June 30, 2003, that were not registered under the Securities Act of 1933, in reliance upon an exemption from registration provided by Section 4(2) of the Act.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

REVIEW BY INDEPENDENT ACCOUNTANTS

The condensed consolidated financial statements at June 30, 2003, and for the six month period then ended have been reviewed, prior to filing, by the Registrant's independent accountants, J.D. Cloud & Co. L.L.P., whose report covering their review of the financial statements is included in this report.

INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Directors
Vulcan International Corporation
Wilmington, Delaware

We have reviewed the accompanying condensed consolidated balance sheet of Vulcan International Corporation and subsidiaries as of June 30, 2003, and the related condensed consolidated statements of income and cash flows for the six month and three month periods ended June 30, 2003 and 2002. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with U.S. generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying condensed consolidated financial statements for them to be in conformity with U.S. generally accepted accounting principles.

We have audited, in accordance with U.S. generally accepted auditing standards, the consolidated balance sheet of Vulcan International Corporation and subsidiaries as of December 31, 2002, and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated February 11, 2003, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2002, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Net sales revenue for the six months ended June 30, 2003, increased \$154,836 or 3.4% over the corresponding period in 2002. Cost of sales increased \$353,139 or 8.5% during the six months ended June 30, 2003 compared to the corresponding six month period in 2002. Net sales revenue for the second quarter of 2003 increased \$313,506 or 14.2% and cost of sales increased \$332,267 or 16.5% compared to the corresponding quarter in 2002. These changes are due to increased sales and costs in the Company's Rubber and Foam segment.

General and administrative expenses decreased \$1,125 or 0.1% in the six months ended June 30, 2003, as compared to the corresponding six month period in 2002. General and administrative expenses for the second quarter of 2003 decreased \$3,974 or 0.8% compared to the corresponding quarter in 2002.

Interest expense for the six months ended June 30, 2003 decreased \$28,233. Interest expense for the three months ended June 30, 2003 decreased \$18,702. The decreases are primarily due to decreased interest rates and reductions in short-term debt. Interest of \$41,404 and \$20,735 was incurred for the accrued EPA liability for the six months and three months ended June 30, 2003.

Gains on the sale of property, equipment and securities were \$683,766 for the six months ended June 30, 2003, as compared to \$568,390 for the corresponding period in 2002. Gains in 2003 and 2002 were primarily the result of the sale of marketable securities and timber.

The Company has a 50% interest in a joint venture, Vulcan Brunswick Bowling Pin Company (VBBPC) which manufactures bowling pins in Antigo, Wisconsin for Brunswick and the Company. The Company's investment in VBBPC is included in other assets at June 30, 2003.

Summarized income statement information for VBBPC consists of the following:

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations. (Continued)

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-Q

LIQUIDITY AND CAPITAL RESOURCES

The Company's cash requirements during the second quarter of 2003 were funded in part through earnings and noncash charges such as depreciation and amortization and from the sale of timber, equipment and marketable securities. The cash from these transactions was primarily used in operations. The Company expects to continue, when necessary, to use short-term borrowings to meet cash requirements not fully provided by earnings, depreciation and amortization. In addition, the Company expects to fund its proposed settlement regarding the Re-Solve, Inc. Superfund Site by accessing its existing line of credit, the possible sale of securities and from its operating cash flow. There were approximately \$7,500 of commitments for capital expenditures as of June 30, 2003.

During the six months ended June 30, 2003, 2000 shares of treasury stock valued at \$68,600 were issued to the President as bonus compensation.

Item 3. Quantitative and Qualitative Disclosures about Market Risks.

MARKETABLE SECURITIES

The fair value of marketable securities has increased \$6,860,878 from December 31, 2002 to July 31, 2003. At July 31, 2003 the fair value of marketable securities was \$64,714,672 as compared to \$65,476,778 at June 30, 2003.

The net unrealized holding gain at July 31, 2003 was approximately \$38,600,000 net of deferred taxes of approximately \$19,900,000. The Company is subject to the risk that fair value securities could decline further.

Item 4. Controls and Procedures

a) Disclosure controls and procedures. The Chief Executive Officer and the Principal Financial Officer have carried out an evaluation of the effectiveness of the Company's disclosure controls and procedures that are designed to ensure that information relating to the Company required to be disclosed by the Company in the reports that it files or submits under the Securities and Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. Based upon this evaluation, these officers have concluded, that as of June 30, 2003, the Company's disclosure controls and procedures were adequate.

b) Changes in internal control over financial reporting. During the period covered by this report, there were no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II - OTHER INFORMATION

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-Q

Item 1. Legal Proceedings.

On March 1, 1990 the United States of America filed a Complaint against the Company and others in the United States District Court for the District of Massachusetts claiming that the Company was a potentially responsible party with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts seeking to recover response costs incurred and to be incurred in the future in connection with this Site.

Although the Company had engaged counsel to represent it in that action, the Company was first informed on March 28, 2001 that the Court had entered, pursuant to prior rulings, an unopposed "Final Judgment" against the Company on September 22, 1999. The "Final Judgment" awarded damages against the Company in favor of the United States in the amount of \$3,465,438, plus interest, for unreimbursed response costs, plus any additional past unreimbursed response costs, interest and certain future costs the United States incurs at the site. The United States filed a notice of lien in certain jurisdictions on real property of the Registrant and its subsidiary Vulcan Corporation in the dollar amount of the judgment, plus interest.

The Company has accrued an estimated liability of \$3,522,000, net of \$1,814,000 tax, for the judgment, accrued interest for the past costs and a discounted present value for estimated future costs in connection with the site. This estimated liability was calculated based on the "Final Judgment" and using other information provided by the U.S. Environmental Protection Agency ("EPA"). The Company expensed \$28,000 and \$14,000, after tax, for the six months and three months ended June 30, 2003, as compared to \$51,000 and \$25,000, after tax for the six months and three months ended June 30, 2002, for accrued interest and amortization of estimated future costs related to this matter.

On March 10, 2003 the U.S. Department of Justice announced a tentative settlement of this matter for \$3,800,000 plus interest from November 2002. The total settlement will be payable within thirty days of the consent decree being approved by the court and entered on the court docket. If the settlement is approved by the court, the Company would recognize income of approximately \$983,000, net of tax of \$507,000, for the difference between the final settlement and the amount it has accrued. The Company expects to settle this during the third quarter 2003. The liability for future costs is a significant estimate of the future costs and it is subject to change as actual costs are incurred and reported by the EPA.

There may be other potential clean-up liabilities, at other sites of which the Company has no specific knowledge.

PART II - OTHER INFORMATION (Continued)

Item 1. Legal Proceedings. (Continued)

The Company has an interest in a partnership, CCBA, that owns certain real estate. On August 13, 1999 a Complaint for money damages in excess

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-Q

of \$25,000, based upon breach of fiduciary duty was filed by the other partner in the Court of Common Pleas in Hamilton County, Ohio. The plaintiff claims that it is entitled to 45.24% of \$827,000 and additional damages. March 27, 2001, the plaintiff threatened to file an Amended Complaint that alleges damages of \$1,062,000 and costs, plus punitive damages of \$2,000,000 on various grounds. The Registrant believes that the suit is without merit and has been defending itself vigorously against the issues raised.

CCBA appealed a real estate tax assessment from 1999 that had increased the annual real estate tax by approximately \$96,000. The local school board has appealed the revision and reduced its initial appraised value of the property. During 2001, the partnership received a \$96,000 refund of the additional tax paid in 1999. CCBA has recorded a liability of approximately \$123,000 related to this issue based on the revised value asserted by the local school board. If CCBA is successful, this liability will be recognized as income.

The Company is involved in other litigation matters and claims which are normal in the course of operations. Management believes that the resolution of these matters will not have a material effect on the Company's business or financial condition.
