### ITEM 12. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On November 17, 2003, the Company issued a press release that included a discussion of the Company's results of operations and financial condition as of and for the three and nine months ended September 30, 2003. The full text of the press release is included in this Item 12.

The Company prepares its financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"). However, the press release included in this Item 12 contains a discussion and pro forma summary of non-GAAP adjustments to the Company's condensed consolidated statements of operations for the three and nine months ended September 30, 2003. The first set of non-GAAP adjustments consisted of the exclusion from the Company's 2002 and 2003 operating results, selling, general and administrative expenses, and operating expenses of items such as a benefit and charge related to a facility lease settlement, a development contract settlement, and gains from settlements with vendors. The Company's management believes the resulting non-GAAP pro-forma operating income, selling, general and administrative expenses, and operating expenses provide investors with useful information by removing items that caused significant fluctuations between the periods presented.

The other non-GAAP adjustments consisted of the exclusion from the Company's net operating loss of depreciation, amortization, interest and taxes (also known in the financial community as "EBITDA"). The Company's management believes that disclosing EBITDA provides investors with useful information regarding the Company's ability to generate earnings before capital-related costs.

The information contained in this Item 12 is being "furnished to" the SEC in accordance with SEC Release Nos. 33-8216 and 34-47226 and shall not be deemed "filed with" the SEC for purposes of Section 18 of the Securities Exchange of 1934, as amended, or otherwise subject to the liabilities of that section. The information contained in this Item 12 shall not be deemed incorporated by reference into any registration statement, proxy statement or other report except as shall be expressly set forth by specific reference in such filing and regardless of any general incorporation language in such filing.

SSP ANNOUNCES THIRD QUARTER AND NINE-MONTH OPERATING RESULTS  
REVENUES, MARGIN PERCENTAGE, AND GROSS MARGIN  
DOLLARS INCREASE THROUGH NINE-MONTHS

IRVINE, Calif., November 17, 2003 - SSP Solutions, Inc. (Nasdaq: SSPX) a leading provider of identity management software solutions and commercial products developed to government specifications and industry standards, today announced financial results for the third quarter and nine months ended September 30, 2003.

The Company reported total revenues of \$3.8 million for the third quarter ended September 30, 2003, versus \$3.7 million in the same quarter last year, or a 3.2% increase; nine month period revenues increased from \$7.7 million to \$10.9 million, or a 41.3% increase. Gross margin dollars decreased from \$2.5 million to \$2.4 million, a 4.4% decrease for the quarter ended September 30, 2003, and increased from \$5.0 million to \$7.6 million, a 52.1% increase for the nine-month period then ended.

The total gross margin percentage increased to 69.7% for the nine-month period ended September 30, 2003 from 64.8% during the same nine-month period in 2002. The overall increase was due to a higher proportion of higher margin service and license revenue versus products revenue, and an increase in product margins due to a decrease in the cost products sold earlier in 2003.

However, the gross margin percentage decreased to 62.5% for the quarter ended September 30, 2003 from 67.5% during the same quarter in 2002. The decrease was due to a large decrease in the service gross margin from 2002 to 2003, and a change in the mix of product sales that included a larger proportion of lower margin products in 2003 versus 2002.

The Company reported operating income of \$113,000 for the quarter ended September 30, 2003, versus operating income of \$34,000 for the same quarter in

2002. The net loss for the quarter ended September 30, 2003, was \$1.7 million, or \$.06 per basic share, versus a net loss of \$430,000, or \$0.02 per basic share, in the same quarter last year.

Non-GAAP pro-forma earnings before interest, taxes, depreciation, and amortization ("EBITDA"), for the quarter ended September 30, 2003, was positive and increased by \$117,000, or 51.3%, to \$345,000 from the same period in 2002. During the nine-month period ended September 30, 2003, EBITDA was negative, but improved by \$5.3 million. The nine-month negative EBITDA decreased to \$1.4 million 2003 from \$6.6 million in the same period in 2002, a decrease of 79.5%.

Service revenues increased 74.1% from \$584,000 to \$1.0 million, and license revenues increased by 414.7% from \$75,000 to \$386,000 for the quarter ended September 30 2003, versus the same quarter in 2002. Product sales decreased 20.7% to \$2.4 million from \$3.0 million during the quarters ended September 30, 2003 and September 30, 2002, respectively.

## Edgar Filing: SSP SOLUTIONS INC - Form 8-K

Operating expenses increased by \$211,000, or 10.3%, during the same quarter in 2003. However, adjusting for the research and development contract cancellation, facilities lease settlement, and vendor settlements in both quarters ended September 30, 2002 and 2003, respectively, non-GAAP proforma total operating expenses would have decreased by \$205,000, or 7.4%, to \$2.6 million with non-GAAP proforma S,G&A expenses decreasing \$108,000, or 6.6%, to \$1.5 million for the quarter ended September 30, 2003.

The Company reduced operating expenses by \$2.3 million or 21.5% in the nine months ended September 30, 2003 versus the same period in 2002. However, adjusting for the research and development contract cancellation, facilities lease settlement, and vendor settlements in both the nine-month periods ended September 30, 2002, and 2003, respectively, non-GAAP proforma total operating expenses would have decreased by \$2.6 million, or 25.3%, to \$7.6 million, with non-GAAP proforma S,G&A expenses decreasing by \$1.5 million, or 25.2%, to \$4.5 million for the nine months ended September 30, 2003.

### SSP Solutions, Inc. Announces Third Quarter 2003 Results

The net loss from continuing operations for the nine months ended September 30, 2003 was \$5.0 million, or \$0.19 per share, versus a loss from continuing operations of \$7.7 million, or \$0.36 per share, in the same quarter of 2002. The net loss for the nine months ended September 30, 2003, was \$5.1 million, or \$0.20 per share, versus a net loss of \$8.2 million, or \$0.38 per share, in the same quarter last year. For the nine month period ended September 30, 2003, service revenues increased 170.9% from \$1.6 million to \$4.3 million, and license revenues increased by 144.1% from \$817,000 to \$2.0 million for the nine month period ended September 30 2003 versus the same nine month period in 2002. Product sales decreased 12.7% to \$4.7 million from \$5.3 million during the nine month periods ended September 30, 2003 and September 30, 2002, respectively.

"This quarter's results were in line with our financial plans for the year and we are pleased with our revenue growth, margin improvement, and operating cost reductions," commented Marvin J. Winkler, co-chairman and CEO. "With our improved operating results and the facility settlement, we have achieved important steps towards re-capitalizing our balance sheet. Additionally, based on our current expectations, we anticipate that for fiscal 2003 our revenues will exceed \$14 million and believe that revenues, which reflect only our government related business, will grow in the range of 20% to 25% in 2004. We are currently pursuing a plan to expand our services and solutions to commercial enterprise markets and will provide guidance related to these efforts in the first quarter of 2004 as the results of these efforts become more defined."

The Company prepares its financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"), but has included non-GAAP disclosures. The Company believes the presentation of these non-GAAP financial measures provides useful information to investors because excluding the effects of these non-recurring items allows investors to more easily compare the Company's financial performance from period to period. These non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company's reported results prepared in accordance with GAAP. Further, these non-GAAP financial measures may differ from similar measures presented by other companies.

SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995  
-----

With the exception of historical information, matters discussed in this news release, including, in particular, those related to achieving 2003 revenues and the growth of revenues in 2004, re-capitalizing the balance sheet, and expanding services and solutions into commercial markets are forward-looking statements involving a number of risks and uncertainties and may not be achieved due to factors beyond the Company's control. The Company's actual future results could differ from those statements. Factors that could cause or contribute to such differences include, but are not limited to, changing regulatory and technological environments, difficulties in the Company's ability to obtain key components from suppliers, the ability of contractors to complete services and products ordered by the Company on a timely, and the Company's ability to hire and retain commercial sales staff, the acceptance of our product offerings in the commercial markets, which could impair the Company's ability to deliver products under development in a timely fashion and to achieve revenue growth and continue technological innovation, difficulties in increasing revenue despite staff reductions needed to control costs, unpredictability of economic recovery from the heretofore depressed IT markets and the related effect on IT buying decisions, difficulties we may encounter in obtaining needed capital, which include the converting of existing debt into equity, the exercise of existing warrants and the cost of obtaining additional capital, unforeseen technological difficulties (both for the Company and its suppliers), increased competition, and changing customer demands. Other risks inherent in the Company's business include those factors contained in the "Risk Factors" section of the Company's Form 10-K/A for the fiscal year ended December 31, 2002 and Form 10-QSB for the quarter ended September 30, 2003. SSP Solutions, Inc. undertakes no obligation to revise or update any forward-looking statements to reflect events or circumstances after the date of this release.
