- 1) We determine the applicable portfolio amount at the time you purchase or renew the principal amount of all notes issued by Consumer Portfolio Services, Inc. to you and your immediate family members. Immediate family members include parents, siblings, grandparents and grandchildren. Members of a sibling's family are also family members if the holder's sibling is also a noteholder.
- 2) The annual yield calculation assumes that:
- the term of the note is renewed sequentially for an entire year,
 - the interest earned during each term is included in the principal amount,
 - the listed interest rate is the interest rate for each term,
 - and the accrued interest is paid annually. More frequent interest payments increase the annual yield.
