SAM WYLY CALLS COMPUTER ASSOCIATES' TOP MANAGERS 'ARROGANT' FOR IGNORING MAJORITY OF SHAREHOLDERS

Dallas, Texas, June 25, 2001 - Ranger Governance, Ltd. today issued the following statement by Sam Wyly regarding Computer Associates' (NYSE: CA) efforts to use the support of its largest shareholder Walter Haefner as an excuse to ignore all other shareholders.

"It is the height of arrogance for Wang and Kumar to publicize Walter Haefner's pledge of support as a way to intimidate other shareholders from casting their vote against this inept management. It is exactly this kind of autocratic attitude that has caused management to ignore and abuse all CA shareholders by destroying shareholder value over the past five years.

"This is an election, and, so far, no votes have been cast. If the last Presidential election holds any lesson, it's that every vote really does count, and carrying California does not necessarily mean you win.

"I have the highest respect and admiration for Walter Haefner, and that will not change regardless of how he ultimately votes. Walter's CA stock comes from his investment in a company I founded, University Computing, whose products continue to be the heart of CA's systems software.

"Wang and Kumar have reported to him obediently at the end of each quarter - as if he were the Company's only shareholder - and they care little about all of the other shareholders.

"Based on what investors are telling us, we believe there will be overwhelming support for our proposal to elect new, independent, proven leadership for CA,

and for our plan to remake Computer Associates into a growth company. Usually shareholders have no choice: the incumbents have a monopoly. This time the owners have a choice."

Ranger Governance, a Dallas-based investment company created by entrepreneurs Sam Wyly and Charles Wyly, announced on June 21st that it has initiated a proxy solicitation of the stockholders of Computer Associates, nominating a slate of replacements for the Company's current Board of Directors, and proposing a comprehensive restructuring plan to maximize shareholder value, position Computer Associates for future growth, and dramatically improve its relations with customers, employees and investors.
