PROXY STATEMENT

ABOUT THE MEETING

Why am I receiving this proxy statement?

This proxy statement contains information related to the solicitation of proxies for use at our 2003 annual meeting of stockholders, to be held at 10:00 a.m., New York City time, on Wednesday, May 14, 2003 at the Princeton Club of New York, The James Madison Room, 15 West 43rd Street, New York, New York 10036-7497, for the purposes stated in the accompanying Notice of Annual Meeting of Stockholders. This solicitation is made on behalf of our Board of Directors. "We," "our," "us" and "New Plan" refer to New Plan Excel Realty Trust, Inc. and its subsidiaries and affiliates. This proxy statement, the enclosed proxy card and our 2002 annual report to stockholders are being mailed to stockholders beginning on or about April 7, 2003.

Who is entitled to vote at the annual meeting?

Only holders of record of our common stock and our voting Series D depository shares at the close of business on March 3, 2003, the record date for the annual meeting, are entitled to receive notice of the annual meeting and to vote at the meeting. Our common stock and Series D depository shares constitute the only classes of securities entitled to vote at the meeting.

What are the voting rights of stockholders?

Each share of common stock outstanding on the record date entitles its holder to cast one vote on each matter to be voted on. Each Series D depository share outstanding on the record date entitles its holder to cast one vote on each matter upon which holders of the common stock have the right to vote.

Certain of our directors and executive officers are obligated to vote all of their shares of voting securities in favor of the proposals described in this proxy statement. As of the record date, these persons collectively beneficially owned or controlled the vote with respect to a total of approximately 2,219,920 shares of common stock, excluding shares that may be acquired upon exercise of stock options, which shares of common stock represent approximately 2.3% of the outstanding shares entitled to vote at the annual meeting.

What will constitute a quorum at the annual meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock and Series D depository shares outstanding on March 3, 2003, in the aggregate, will constitute a quorum, permitting the stockholders to conduct business at the meeting. We will include abstentions and broker non-votes in the calculation of the number of shares considered to be present at the meeting. Broker non-votes are shares held by a broker or nominee which are represented at the meeting, but with respect to which the broker or nominee is not voting on a particular proposal.

As of the record date, there were 96,927,402 shares of common stock outstanding and 1,500,000 Series D depository shares outstanding.

How do I vote?

You may vote either by completing and returning the accompanying proxy card or by completing a written ballot at the annual meeting.

How are proxy card votes counted?

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

If the accompanying proxy card is properly signed and returned to us, and not revoked, it will be voted as directed by you. Unless contrary instructions are given, the persons designated as proxy holders on the proxy card will vote **FOR** the election of all nominees for our Board of Directors named in this proxy statement, **FOR** the approval of the 2003 Stock Incentive Plan and as recommended by our Board of Directors with regard to any other matters, or, if no such recommendation is given, in their own discretion.

May I change my vote after I return my proxy card?

Yes. You may revoke a previously granted proxy at any time before it is exercised by filing with our Secretary a notice of revocation or a duly executed proxy bearing a later date. Additionally, the powers of the proxy holders will be suspended regarding any person who executed a proxy but then attends the meeting in person and requests that their proxy be revoked. Attendance at the meeting will not, in itself, constitute revocation of a previously granted proxy.

Who pays the costs of soliciting proxies?

We will pay the costs of soliciting proxies. In addition to soliciting proxies by mail, our officers, directors and other employees, without additional compensation, may solicit proxies personally or by other appropriate means. It is anticipated that banks, brokers, fiduciaries, custodians and nominees will forward proxy soliciting materials to their principals, and that we will reimburse such persons' out-of-pocket expenses.

You should rely only on the information provided in this proxy statement. We have authorized no one to provide you with different information. You should not assume that the information in this proxy statement is accurate as of any date other than the date of this proxy statement or, where information relates to another date set forth in this proxy statement, then as of that date.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes, with approximately one-third of the directors scheduled to be elected by the stockholders annually. The terms of current directors Nina Matis, Melvin Newman, Glenn J. Rufrano, Bruce A. Staller and John Wetzler expire at the annual meeting, while the terms of the remaining directors expire at the annual meeting of stockholders to be held in 2004 and 2005, as specified below. On February 11, 2003, the Board of Directors duly adopted a resolution to increase the size of the Board of Directors from 10 directors to 11 directors, effective as of the date of the annual meeting. Ms. Matis and George Puskar have been nominated and recommended for election to serve as directors for one-year terms until the annual meeting of stockholders to be held in 2004. Messrs. Newman and Rufrano and Irwin Engelman and H. Carl McCall have been nominated and recommended for election to serve as directors for three-year terms until the annual meeting of stockholders to be held in 2006. Based on its review of the relationships between its existing directors and director nominees and the Company, the Board of Directors has affirmatively determined that if these nominees are elected, not less than a majority of the directors serving on the Board of Directors will be independent directors.

The Board of Directors knows of no reason why any nominee would be unable to serve as a director. If any nominee is unavailable for election or service, the Board of Directors may designate a substitute nominee and the persons designated as proxy holders on the proxy card will vote for the substitute nominee recommended by the Board of Directors, or, the Board of Directors may, as permitted by our bylaws, decrease the size of our Board of Directors.

PROPOSAL 2

NEW PLAN EXCEL REALTY TRUST, INC. 2003 STOCK INCENTIVE PLAN

This section provides a summary of the terms of the 2003 Stock Incentive Plan and the proposal to approve the plan.

Recognizing that the Company's 1993 Stock Option Plan expires on May 3, 2003, the Board of Directors has approved the 2003 Stock Incentive Plan, subject to approval from our stockholders at this meeting. We are asking our stockholders to approve our 2003 Stock Incentive Plan as we believe that approval of the plan will enable us to provide long-term compensation to attract and retain highly qualified officers, directors and other key employees by offering those persons an opportunity to acquire or increase a direct proprietary interest in our operations and future success. In the judgment of the Board of Directors, an award under the 2003 Stock Incentive Plan will be a valuable incentive and will serve to the ultimate benefit of stockholders by aligning more closely the interests of 2003 Stock Incentive Plan participants with those of our stockholders.

How many shares will be available for issuance under the plan?

The maximum number of shares of common stock available for issuance under the 2003 Stock Incentive Plan is four million seven hundred fifty thousand (4,750,000). The aggregate number of shares of common stock that are available for issuance of awards other than stock options is one million (1,000,000).

Who is eligible to participate in the plan?

On the record date, there were seven executive officers, approximately 350 other employees and eight non-employee directors who would be eligible to participate in the 2003 Stock Incentive Plan. Awards may be made under the 2003 Stock Incentive Plan to any of our or our affiliates' employees, officers or directors. There are currently no participants in the 2003 Stock Incentive Plan. Because participation and the

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

types of awards under the 2003 Stock Incentive Plan are subject to the discretion of the compensation committee, the benefits or amounts that will be received by any participant or groups of participants if the 2003 Stock Incentive Plan is approved are not currently determinable.

What are the material features of the plan?

The material features of the 2003 Stock Incentive Plan are described below. You should also refer to the detailed provisions of the 2003 Stock Incentive Plan, a copy of which is attached as [Appendix A](#) to this proxy statement.

Administration. The Board of Directors has delegated to its compensation committee the authority to administer the 2003 Stock Incentive Plan. Subject to the terms of the plan, the compensation committee may select participants to receive awards, determine the types of awards and the terms and conditions of awards, and interpret provisions of the plan.

Shares Reserved for Issuance under the Plan. The shares issued or to be issued under the 2003 Stock Incentive Plan consist of authorized but unissued shares. If any shares covered by an award are not purchased or are forfeited, or if an award otherwise terminates without delivery of any shares, then the number of shares then available for issuance under the 2003 Stock Incentive Plan will be increased by the amount of the shares that were covered by such award.

6

Options. The 2003 Stock Incentive Plan permits the granting of options to purchase common stock intended to qualify as incentive stock options under the Internal Revenue Code and stock options that do not qualify as incentive stock options. Only our and our subsidiaries' employees are eligible to receive incentive stock options.

The exercise price of each stock option may not be less than the fair market value of our common stock on the grant date. The fair market value is generally determined as the closing price of our common stock on the last trading day preceding the grant date. In the case of any 10% stockholders who receive incentive stock options, the exercise price may not be less than 110% of the fair market value of our common stock on the grant date. No repricing of options is permitted under the 2003 Stock Incentive Plan. On March 3, 2003, the closing price of the common stock as reported on the New York Stock Exchange was \$19.30.

The term of each stock option is fixed by the compensation committee and may not exceed 10 years from the grant date. The compensation committee determines at what time or times each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. Options may be made exercisable in installments. The exercisability of options may be accelerated by the compensation committee.

In general, an optionee may pay the exercise price of an option by cash, certified check, by tendering shares, which if acquired from us have been held by the optionee for at least six months, or by means of a broker-assisted cashless exercise. Our executive officers or directors will not be permitted to pay the exercise price of an option by means of cashless exercise unless they have obtained our express prior consent and the cashless exercise is in compliance with law.

Stock options granted under the 2003 Stock Incentive Plan may not be sold, transferred, pledged or assigned other than by will or under applicable laws of descent and distribution. However, we may permit limited transfers of non-qualified options for the benefit of immediate family members of grantees to help with estate planning concerns.

Other Awards. The compensation committee may also award:

restricted stock, which are shares of common stock subject to restrictions.

unrestricted stock, which are shares of common stock free of restrictions.

stock units, which are shares of common stock units subject to restrictions.

dividend equivalent rights, which are rights entitling the recipient to receive credits for dividends that would be paid if the recipient had held a specified number of shares of common stock.

stock appreciation rights, which are a right to receive a number of shares of common stock or, in the discretion of the compensation committee, an amount in cash or a combination of stock and cash, based on the increase in the fair market value of the stock underlying the right during a stated period specified by the compensation committee.

performance and annual incentive awards, which are ultimately payable in shares of common stock. The performance goals for these performance and annual incentive awards will consist of one or more business criteria and a targeted level of performance for each criteria as determined by the compensation committee. The performance goals may differ for grants to any one grantee or to different grantees. Awards to individuals who are covered under Section 162(m) of the Internal Revenue Code, or who the compensation committee designates as likely to be covered in the future, will comply with the requirement that payments to such employees qualify as performance-based compensation

7

under Section 162(m) of the Internal Revenue Code to the extent that the compensation committee so designates. Such employees include the chief executive officer and the four highest compensated executive officers other than the chief executive officer, determined at the end of each year, the "covered employees".

The compensation committee may also grant stock options or any of these other awards instead of cash compensation. Where the compensation committee elects to grant such awards, the value of common stock subject to the award will be equivalent in value to the value of the cash compensation, or, the option price, grant price or purchase price of the award will be equal to the fair market value of the underlying common stock minus the value of the cash surrendered.

Effect of Certain Corporate Transactions. Certain change of control transactions involving us, such as a sale of substantially all of our assets or a merger transaction, may cause awards granted under the 2003 Stock Incentive Plan to vest, unless the awards are continued or substituted for in connection with the change of control transaction.

Adjustments for Stock Dividends and Similar Events. The compensation committee will make appropriate adjustments in outstanding awards and the number of shares available for issuance under the 2003 Stock Incentive Plan, including the individual limitations on awards, to reflect common stock dividends, stock splits and other similar events.

Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code limits publicly-held companies to an annual deduction for federal income tax purposes of \$1 million for compensation paid to our covered employees. Performance-based compensation is excluded from this limitation. The 2003 Stock Incentive Plan is designed to permit the compensation committee to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m).

To qualify as performance-based:

the compensation must be paid solely on account of the attainment of one or more pre-established, objective performance goals;

the performance goal under which compensation is paid must be established by a compensation committee comprised solely of two or more directors who qualify as outside directors for purposes of the exception;

the material terms under which the compensation is to be paid must be disclosed to and subsequently approved by stockholders of the corporation before payment is made; and

the compensation committee must certify in writing before payment of the compensation that the performance goals and any other material terms were in fact satisfied, except that no certification is required in connection with stock options that have an exercise price equal to the fair market value on the grant date.

In the case of compensation attributable to stock options, the performance goal requirement is deemed satisfied, and the certification requirement is inapplicable, if the grant or award is made by the compensation committee; the plan under which the option is granted states the

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

maximum number of shares with respect to which options may be granted during a specified period to an employee; and under the terms of the option, the amount of compensation is based solely on an increase in the value of the shares after the date of grant.

8

Under the 2003 Stock Incentive Plan, one or more of the following business criteria may be used exclusively by the compensation committee in establishing performance goals:

total stockholder return;

total stockholder return as compared to total return, on a comparable basis, of a publicly available index such as the Standard & Poor's 500 Stock Index;

net income;

pretax earnings;

earnings before interest expense, taxes, depreciation and amortization;

pretax operating earnings after interest expense and before bonuses, service fees and extraordinary or special items;

operating margin;

earnings per share;

return on equity;

return on capital;

return on investment;

operating earnings;

working capital;

ratio of debt to stockholders' equity;

revenue; and

funds from operations.

Under the Internal Revenue Code, a director qualifies as an "outside director" if he or she is not one of our current or former employees who receives compensation for prior services, other than under a qualified retirement plan; has never been one of our officers; and does not receive, directly or indirectly, including amounts paid to an entity that employs the director or in which the director has at least a five percent ownership interest, remuneration from us in any capacity other than as a director.

In order to satisfy the conditions of Section 162(m), the 2003 Stock Incentive Plan is required to set forth a maximum number of shares of common stock that can be awarded to any one person during the term of the plan. For purposes of complying with this condition, the 2003 Stock Incentive Plan provides that the maximum number of shares of common stock subject to options and subject to awards other than options that can be awarded under the plan to any one person is the maximum amount issuable on an aggregate basis under the plan (4,750,000 shares of common stock for options and 1,000,000 shares of common stock for awards other than options).

When does the plan terminate?

The 2003 Stock Incentive Plan terminates automatically ten years after its effective date, which is the date the plan is approved by the stockholders. The Board of Directors may terminate or, subject to certain limitations, amend the plan at any time and for any reason. Amendments are contingent upon stockholder approval to the extent required by the Board of Directors, applicable law or applicable listing

requirements.

What are the federal income tax consequences of awards under the plan?

Incentive Stock Options. The grant of an option will not be a taxable event for the grantee or for us. A grantee will not recognize taxable income upon exercise of an incentive stock option, except that the alternative minimum tax may apply, and any gain realized upon a disposition of our shares received pursuant to the exercise of an incentive stock option will be taxed as long-term capital gain if the grantee holds the shares for at least two years after the date of

9

grant and for one year after the date of exercise, the "holding period requirement". We will not be entitled to any business expense deduction with respect to the exercise of an incentive stock option, except as discussed below.

For the exercise of an option to qualify for the foregoing tax treatment, the grantee generally must be our employee or an employee of our subsidiary from the date the option is granted through a date within three months before the date of exercise of the option.

If all of the foregoing requirements are met except the holding period requirement mentioned above, the grantee will recognize ordinary income upon the disposition of the shares in an amount generally equal to the excess of the fair market value of the shares at the time the option was exercised over the option exercise price, but not in excess of the gain realized on the sale. The balance of the realized gain, if any, will be capital gain. We will be allowed a business expense deduction to the extent the grantee recognizes ordinary income, subject to our compliance with Section 162(m) of the Internal Revenue Code and to certain reporting requirements.

Non-Qualified Options. The grant of an option will not be a taxable event for the grantee or us. Upon exercising a non-qualified option, a grantee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise. Upon a subsequent sale or exchange of shares acquired pursuant to the exercise of a non-qualified option, the grantee will have taxable capital gain or loss, measured by the difference between the amount realized on the disposition and the tax basis of the shares, generally, the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised.

If we comply with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

A grantee who has transferred a non-qualified stock option to a family member by gift will realize taxable income at the time the non-qualified stock option is exercised by the family member. The grantee will be subject to withholding of income and employment taxes at that time. The family member's tax basis in the shares will be the fair market value of the shares on the date the option is exercised. The transfer of vested non-qualified stock options will be treated as a completed gift for gift and estate tax purposes. Once the gift is completed, neither the transferred options nor the shares acquired on exercise of the transferred options will be includable in the grantee's estate for estate tax purposes.

Restricted Stock. A grantee who is awarded restricted stock will not recognize any taxable income for federal income tax purposes in the year of the award, provided that the shares are subject to restrictions, that is, the restricted stock is nontransferable and subject to a substantial risk of forfeiture. However, the grantee may elect under Section 83(b) of the Internal Revenue Code to recognize compensation income in the year of the award in an amount equal to the fair market value of the shares on the date of the award, less the purchase price, if any, determined without regard to the restrictions. If the grantee does not make such a Section 83(b) election, the fair market value of the shares on the date the restrictions lapse, less the purchase price, if any, will be treated as compensation income to the grantee and will be taxable in the year the restrictions lapse. If we comply with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

10

Unrestricted Stock. A grantee who is awarded unrestricted stock will recognize ordinary income in an amount equal to the fair market value of the shares on the date of the award, reduced by the amount, if any, paid for such shares. We will generally be allowed a business expense deduction in the same amount and at the same time as the grantee recognizes any ordinary income, subject to our compliance with Section 162(m) of the Internal Revenue Code.

Do we have employment agreements with our named executive officers?

We have entered into employment agreements with each of Messrs. Rufrano, MacDonald, Roche, Siegel and Brumberg. The principal terms of each of these agreements are summarized below.

Glenn J. Rufrano Employment Agreement. Mr. Rufrano's employment agreement provides for an initial term commencing on February 23, 2000 and ending on the fifth anniversary, February 23, 2005, extending automatically for additional one-year periods unless either New Plan or Mr. Rufrano elects not to extend the term. The employment agreement also provides that, during the term of the employment agreement, Mr. Rufrano continue to be nominated by us

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

at our annual meetings of stockholders to serve as our director, and that we use reasonable good faith efforts to cause Mr. Rufrano to be elected as a director. In addition, the employment agreement provides that, during the term of his employment under the employment agreement, Mr. Rufrano be our Chief Executive Officer and be appointed as a full voting member of our Investment Committee, or any successor committee. The employment agreement further provides that he receive an annual salary of not less than \$555,000 and that he is entitled to receive an annual cash bonus of up to 100% of his base salary as determined by the compensation committee. The employment agreement also provides that Mr. Rufrano receive certain fringe benefits in connection with his employment.

Pursuant to the terms of his employment agreement and related option agreements, Mr. Rufrano was granted options to purchase 700,000 shares of our common stock, at an exercise price of \$12.8125 per share, the closing price of our common stock on February 22, 2000. A total of 500,000 of these options vest ratably over five years commencing on the first anniversary of the grant date, while the remaining 200,000 vest upon the eighth anniversary of Mr. Rufrano's employment agreement, subject to acceleration in the fourth and fifth years in the event certain performance criteria are achieved. Mr. Rufrano also was granted options to purchase an additional 515,121 shares of our common stock at an exercise price of \$12.8125 per share, all of which options vested immediately upon Mr. Rufrano's employment with us. Mr. Rufrano has since exercised these options. The shares that were acquired upon the exercise of these options are subject to restrictions, which restrictions lapse ratably over five years commencing on the first anniversary of the exercise for all but 60,000 shares. The restrictions on the remaining 60,000 shares lapse on the eighth anniversary of the employment agreement, subject to acceleration in the fourth and fifth years in the event certain performance criteria are achieved. Shares not vested upon termination of Mr. Rufrano's employment are subject to repurchase by us at the lesser of the original exercise price or the then-current market price of our common stock.

If Mr. Rufrano's employment is terminated by us without "cause" or by Mr. Rufrano for "good reason," Mr. Rufrano will be entitled to severance benefits, including either:

the sum of \$2.5 million, if the termination of employment occurs prior to the expiration of the initial term of the employment agreement, or

the base salary for Mr. Rufrano from the date of termination of employment through the end of the employment period under the employment agreement if the termination occurs after an extension of the original five-year term of the employment agreement.

In addition, Mr. Rufrano's stock options will fully vest as of the date of such termination. However, all of the foregoing is subject to certain provisions of the Internal Revenue Code of 1986, as amended, concerning "excess" parachute payments. "Good reason" is defined to include, among other things, a "change in control" of New Plan, as defined in the employment agreement. The employment agreement also provides for certain benefits upon Mr. Rufrano's death or disability. If the employment agreement is terminated by Mr. Rufrano without "good reason" or by us for "cause," for one year following the date of termination, Mr. Rufrano may not:

serve as an officer, employee, director or consultant of a REIT or other real estate business with a significant portion of its business involved with community shopping centers,

generally, engage in any business which is competing with us,

divert to any entity any of our business, or

solicit any of our officers, employees or consultants to leave.

Additionally, Mr. Rufrano has agreed to support each proposal to be submitted to our stockholders that has been approved by our Board of Directors, and may not, directly or indirectly, take or cause any action to be taken that may interfere with such stockholder proposal. Mr. Rufrano also has agreed to vote or cause to be voted in favor of each stockholder proposal any shares of our common stock he owns or controls.

As of the record date, Mr. Rufrano beneficially owned a total of 515,121 shares of our common stock, excluding shares that may be acquired upon exercise of stock options, which represent approximately 0.5% of the outstanding shares of stock entitled to vote at the annual

meeting.

Scott MacDonald Employment Agreement. Mr. MacDonald's employment agreement provides for an initial term commencing on March 1, 2002 and ending on the third anniversary, March 1, 2005, extending automatically for additional one-year periods unless either New Plan or Mr. MacDonald elects not to extend the term. The employment agreement provides that, during the term of his employment under the employment agreement, Mr. MacDonald be our President and Chief Operating Officer. The employment agreement further provides that he receive an annual salary of not less than \$425,000. His target bonus is 50% of base salary, but may be higher or lower as determined by the compensation committee; however, such bonus may not be less than \$213,200 for the 2002 calendar year. The employment agreement also provides that Mr. MacDonald receive certain fringe benefits in connection with his employment.

Pursuant to the terms of his employment agreement and related option agreements, Mr. MacDonald was granted options to purchase 250,000 shares of our common stock, at an exercise price of \$19.99 per share, the closing price of our common stock on April 1, 2002. A total of 180,000 of these options vest ratably over five years commencing on the first anniversary of the grant date, while the remaining 70,000 vest upon the eighth anniversary of the grant date, subject to acceleration in the fourth and fifth years in the event certain performance criteria are achieved.

If Mr. MacDonald's employment is terminated by us without "cause" or by Mr. MacDonald for "good reason," Mr. MacDonald will be entitled to severance benefits consisting of a lump sum payment equal to twice his average total compensation, including bonus, for the two fiscal years ending prior to the termination date and the full vesting of all stock options if the termination occurs more than one year after the grant date of the stock options. However, all of the foregoing is subject to certain provisions of the Internal Revenue Code of 1986, as amended, concerning "excess" parachute payments. "Good reason" is defined to include, among other things, a "change in control" of New Plan, as defined in the employment agreement. The employment agreement also provides for certain benefits upon Mr. MacDonald's death or disability. If the employment agreement is terminated by us without "cause" or by Mr. MacDonald for "good reason," for one year following the date of termination, Mr. MacDonald may not:

serve as an officer, employee, director or consultant of a REIT or other real estate business with a significant portion of its business involved with community or neighborhood shopping centers,

pursue or attempt to develop any project known to Mr. MacDonald and which we are pursuing, developing or attempting to develop as of the date of termination,

divert to any entity any such project,

solicit any of our officers, employees, other than secretarial staff, or consultants to leave.

extended for three years until May 15, 2006 and extends automatically for additional one-year periods unless either New Plan or Mr. Roche elects not to extend the term. The employment agreement also provides that he be our Chief Financial Officer and that he receive an annual salary of not less than \$294,000. In addition, the employment agreement provides that Mr. Roche receive an annual cash bonus of up to 100% of his base salary as determined by the compensation committee. The employment agreement also provides that Mr. Roche receive certain fringe benefits in connection with his employment.

In accordance with the terms of his employment agreement and related option agreement, Mr. Roche was granted options to purchase 150,000 shares of our common stock on May 15, 2000, at an exercise price of \$14.4375 per share, the closing price of our common stock on May 15, 2000. A total of 108,000 of these options vest ratably over five years commencing on the first anniversary of the grant date, while the remaining 42,000 vest upon the eighth anniversary of the grant date, subject to acceleration in the fourth and fifth years in the event certain performance criteria are achieved.

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

If Mr. Roche's employment is terminated by us without "cause" or by Mr. Roche for "good reason," as such terms are used in the employment agreement, Mr. Roche will be entitled to severance benefits consisting of a lump sum payment equal to twice his average total compensation, including bonus, for the two fiscal years ending prior to termination date, continuation for a period of three years of all insurance coverage in effect for Mr. Roche on the termination date and the full vesting of all stock options granted more than one year prior to the date of termination. In addition, Mr. Roche's stock options will fully vest as of the date of such termination. "Good reason" is defined to include a "change of control" of New Plan, as defined in the employment agreement. The employment agreement also provides for certain benefits upon Mr. Roche's death or disability. If the employment agreement is terminated by Mr. Roche without "good reason" or by us, regardless of whether we have "cause," for one year following the date of termination Mr. Roche may not:

serve as an officer, employee, director or consultant of a REIT or other real estate business with a significant portion of its business involved with community shopping centers,

solicit any of our officers, employees or consultants to leave.

A total of 54,000 of these options vest ratably over five years commencing on the first anniversary of the grant date, while the remaining 21,000 vest upon the eighth anniversary of the grant date, subject to acceleration in the fourth and fifth years in the event certain performance criteria are achieved.

If Mr. Brumberg's employment is terminated by us without "cause" or by Mr. Brumberg for "good reason," as such terms are defined in the employment agreement, Mr. Brumberg will be entitled to severance benefits consisting of a lump sum payment equal to twice his average total compensation, including bonus, for the two fiscal years ending prior to the termination date, continuation for a period of three years of all insurance coverage in effect for Mr. Brumberg on the termination date, the full vesting of all stock options granted more than one year prior to the date of termination and the cancellation of any loans made by us to Mr. Brumberg after the date of the employment agreement. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation committee of the Board of Directors currently consists of Messrs. White, Goldstein and Wetzler. Set forth below in full is the report of the compensation committee regarding the compensation paid by us to our executive officers with respect to fiscal year 2002.

What is our general compensation philosophy?

Our compensation committee desires to implement compensation policies that seek to enhance stockholder value by aligning closely the financial interests of our executive officers with those of our stockholders. Our overall objectives are to attract and retain the best possible

executive talent, to motivate these executives to achieve the goals inherent in our business strategy, to link executive and stockholder interests through performance goals and equity-based plans, and to provide a compensation package that recognizes individual contributions as well as overall business results.

In implementing compensation policies, our committee strives to ensure that our executive officers are compensated fairly in relation to compensation packages provided for executives with comparable positions and responsibilities at comparable public REITs and other real estate companies in the New York City area. From time to time our committee may retain outside compensation consultants to assist it in the performance of our responsibilities.

What are the components of our executive compensation?

The components of our executive compensation program currently consist of base salary, bonus, and long-term incentive compensation, implemented through the use of stock options.

Base Salary. Our committee determines the base salary level of each of our executive officers by evaluating the responsibilities of the position held and the experience of the individual, and by reference to the competitive marketplace for executive talent. Our committee intends to set base salaries at competitive levels relative to the base salaries paid to executive officers with comparable qualifications, experience and responsibilities at comparable public REITs and other real estate companies in the New York City area. These REITs constitute only a portion of the REITs included in the NAREIT Equity Index, which is used in the Performance Graph above to compare stockholder returns.

While the employment agreements discussed above do not permit the base salaries of such executive officers to be reduced during the terms of the agreements, our committee will consider from time to time whether an increase in an executive officer's base salary is merited, taking into account the performance of the company and of the executive officer, and also taking into account new responsibilities, increases in pay levels at comparable public REITs and other real estate companies in the New York City area, and other matters deemed appropriate.

Messrs. Roche, Siegel, Brumberg and Bernstein each received increases of 3% in their respective base salary from 2001 to 2002, while the base salary for Messrs. Rufrano and Newman did not change from 2001 to 2002. Mr. MacDonald's base salary was determined in accordance with the employment agreement entered into with Mr. MacDonald in connection with his becoming our President and Chief Operating Officer in March 2002.

Bonus. The range of bonuses is at the discretion of our committee and the amounts paid are based on, among other things, achievement of certain performance levels by the company, including growth in funds from operations, and the individual executive's performance and contribution to increasing funds from operations. For 2002 bonuses, our committee engaged an outside compensation consultant to assist us in setting bonus compensation at a level that was appropriate in relation to comparable companies and the performance of the Company and the

executives during 2002. As a benchmark, our consultant provided us with comparisons to several peer groups of companies. Our committee reviewed the information provided with respect to an asset-based peer group (6 large public REITs focused on neighborhood and power shopping centers) and a geographic peer group (10 REITs and two other real estate operating companies that operate in the Northeastern United States). Based on this information, our committee established a comparative range of bonus compensation for each executive officer, with the low end being the average of the median bonus compensation paid by the asset-based peer group and the geographic peer group, and the high end being the average of the 75th percentile of bonus compensation paid by these two peer groups for such officer's comparable position at these other companies. After reviewing and considering these materials, our committee then determined bonuses to executive officers on an individual-by-individual basis, taking into account both the performance of the individual executive and the performance of the company as a whole. Bonuses for executive officers for 2002 performance ranged from 30-72% of base salaries of such officers. These bonuses were awarded in part as a result of, among other things, the substantial completion of the company's business plan announced in November 2000, the acquisition of approximately \$1.2 billion of neighborhood and community shopping centers and the disposition and execution of other capital transactions of approximately \$365 million with respect to various non-core assets of the Company.

In the future, our committee expects to continue to evaluate bonus payments to executive officers based on performance criteria applicable to the company in general and to the individual executive officer in particular, the individual performance of each executive and by reference to the competitive marketplace for executive talent.

Long-Term Incentive Compensation. Our committee believes that long-term incentive compensation is an important component of executive compensation, as it aligns the financial interests of our executive officers more closely with those of our stockholders. In April 2002, our committee approved option grants of 75,000 shares to each of Messrs. Roche, Siegel, Brumberg and Bernstein, and 100,000 shares to

Mr. Rufrano, as described below, which grants were designed to provide further incentive for executive performance. The size of these option grants was comparable to grants made in 2001. Also in April 2002, our committee approved an option grant of 250,000 shares to Mr. MacDonald, which grant was required to be awarded to him pursuant to the employment agreement he entered into in March 2002 when he became our President and Chief Operating Officer.

In the future, our committee intends to consider various other forms of long-term incentive compensation for our executive officers in addition to grants of stock options, including grants of restricted stock and/or restricted stock units. Our committee expects that these awards will continue to be based on criteria applicable to the company in general and to the individual executive officer in particular, and by reference to the competitive marketplace for executive talent.

How do we compensate our Chief Executive Officer?

Amounts paid during fiscal year 2002 to Glenn Rufrano, our Chief Executive Officer, are shown in the Summary Compensation Table. Mr. Rufrano entered into an employment agreement with us when he was hired in February 2000. Under this agreement, the company is obligated to pay him a certain minimum base salary, but there are no minimum requirements for bonus or other incentive compensation. The base salary paid to him in 2002 represented the minimum amount required to be paid under our employment agreement with him. Our committee approved a \$400,000 bonus to Mr. Rufrano for 2002, based on his success in achieving the various goals established by the Board for the company in 2002, including execution of our plan to refocus on

24

our retail franchise. Additionally, Mr. Rufrano was awarded an option grant of 100,000 shares in March 2002, which was designed to provide further incentive for his performance.

Are there any tax limits on our executive compensation?

Our committee has reviewed the potential consequences for the company of Section 162(m) of the Internal Revenue Code, which imposes a limit on tax deductions for annual compensation in excess of one million dollars paid to any of the five most highly compensated executive officers. In calendar year 2002, the limitation under Section 162(m) had no net tax effect on us. The limitations of Section 162(m) are not expected to have a material effect on us in calendar year 2003.

Respectfully submitted,

The Executive Compensation and
Stock Option Committee of the
Board of Directors

REPORT OF THE AUDIT COMMITTEE

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

The audit committee has reviewed and discussed our audited consolidated financial statements for fiscal year 2002 with our management, and also has discussed with PricewaterhouseCoopers LLP, our independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61. The audit committee has received both the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, and has discussed with PricewaterhouseCoopers LLP the independence of PricewaterhouseCoopers LLP from us. In addition, the audit committee has considered whether the provision of non-audit services, and the fees charged for such non-audit services, by PricewaterhouseCoopers LLP are compatible with maintaining the independence of PricewaterhouseCoopers LLP from us.

Based on the foregoing, the audit committee recommended to the Board of Directors and authorized that our audited consolidated financial statements for fiscal year 2002 be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002.

Respectfully submitted,

During 2002, we leased an office building from Page Associates on a net lease basis for an annual rental of approximately \$191,000 per year and rental payments of \$32,000 were made to Page Associates in 2002. We had leased this building from Page Associates since 1974. Page Associates is a partnership in which William Newman and Melvin Newman have an interest. We subleased the office building that we leased from Page Associates to an unrelated third party and received rent in excess of all payments made to Page Associates and other real estate expenses in each of the years we have rented the building from Page Associates. This lease and our sublease with our subtenant were terminated effective March 31, 2002.

In February 2002, we consummated the purchase of 92 community and neighborhood shopping centers from CenterAmerica Property Trust, L.P., a private company majority owned by Morgan Stanley Real Estate Fund II. Upon the completion of this acquisition, Scott MacDonald, the President and Chief Executive Officer of CenterAmerica until the completion of the transaction, became our President and Chief Operating Officer. We acquired the assets from CenterAmerica for approximately \$654 million, consisting of approximately \$365 million of cash and the assumption of approximately \$289 million of outstanding indebtedness, including a 10% managing membership interest in a joint venture with a private U.S. pension fund. As a less than 10% partner in CenterAmerica, Mr. MacDonald received his proportionate share of the proceeds distributed to CenterAmerica partners.

Section 16(a) of the Securities Exchange Act of 1934 requires that our executive officers and directors, and persons who own 10% or more of a registered class of our equity securities, file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and the New York Stock Exchange. Executive officers, directors and greater than ten percent stockholders are required by the SEC to furnish us with copies of all Forms 3, 4 and 5 they file.

Based solely on our review of the copies of such forms received by us, and/or on written representations from certain reporting persons that they were not required to file a Form 5 for the fiscal year, we believe that, other than as described below, our executive officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during 2002. Mr. Bruce Staller, one of our directors, failed to timely file two Forms 4 reporting three transactions. Two of the transactions represented an option exercise and simultaneous sale and the other transaction was for the purchase of a *de minimis* amount of shares.

3. ADMINISTRATION OF THE PLAN

3.1. Board

The Board shall have such powers and authorities related to the administration of the Plan as are consistent with the Company's articles of incorporation and by-laws and applicable law. The Board shall have full power and authority to take all actions and to make all determinations required or provided for under the Plan, any Award or any Award Agreement, and shall have full power and authority to take all such other actions and make all such other determinations not inconsistent with the specific terms and provisions of the Plan that the Board deems to be necessary or appropriate to the administration of the Plan, any Award or any Award Agreement. All such actions and determinations shall be by the affirmative vote of a majority of the members of the Board present at a meeting or by unanimous consent of the Board executed in writing in accordance with the Company's articles of incorporation and by-laws and applicable law. The interpretation and construction by the Board of any provision of the Plan, any Award or any Award Agreement shall be final, binding and conclusive.

3.2. Committee.

The Board from time to time may delegate to the Committee such powers and authorities related to the administration and implementation of the Plan, as set forth in **Section 3.1** above and other applicable provisions, as the Board shall determine, consistent with the articles of incorporation and by-laws of the Company and applicable law.

(i) Except as provided in Subsection (ii) and except as the Board may otherwise determine, the Committee, if any, appointed by the Board to administer the Plan shall consist of two or more Outside Directors of the Company who: (a) qualify as "outside directors" within the meaning of Section 162(m) of the Code and (b) meet such other requirements as may be established from time to time by the Securities and Exchange

Commission for plans intended to qualify for exemption under Rule 16b-3 (or its successor) under the Exchange Act.

(ii) The Board or the Committee may also appoint one or more separate committees of the Board, each composed of one or more directors of the Company who need not be Outside Directors, who may administer the Plan with respect to employees or other Service Providers who are not officers or directors of the Company, may grant Awards under the Plan to such employees or other Service Providers, and may determine all terms of such Awards.

In the event that the Plan, any Award or any Award Agreement entered into hereunder provides for any action to be taken by or determination to be made by the Board, such action may be taken or such determination may be made by the Committee if the power and authority to do so has

been delegated to the Committee by the Board as provided for in this Section. All such actions and determinations shall be by the affirmative vote of a majority of the members of the Committee present at a meeting or by unanimous consent of the Committee executed in writing in accordance with the Company's articles of incorporation and by-laws and applicable law. Unless otherwise expressly determined by the Board, any such action or determination by the Committee shall be final, binding and conclusive.

3.3. Terms of Awards.

Subject to the other terms and conditions of the Plan, the Board shall have full and final authority to:

(i) designate Grantees,

(ii) determine the type or types of Awards to be made to a Grantee,

(iii) determine the number of shares of Stock to be subject to an Award,

(iv) establish the terms and conditions of each Award (including, but not limited to, the exercise price of any Option, the nature and duration of any restriction or condition (or provision for lapse thereof) relating to the vesting, exercise, transfer, or forfeiture of an Award or the shares of Stock subject thereto, and any terms or conditions that may be necessary to qualify Options as Incentive Stock Options),

(v) prescribe the form of each Award Agreement evidencing an Award, and

(vi) amend, modify, or supplement the terms of any outstanding Award. Such authority specifically includes the authority, in order to effectuate the purposes of the Plan but without amending the Plan, to modify Awards to eligible individuals who are foreign nationals or are individuals who are employed outside the United States to recognize differences in local law, tax policy, or custom; provided, however, such authority does not include the authority to decrease the Option Price of any Option after the date of grant except for adjustments pursuant to **Section 18**.

Subject to the terms and conditions of the Plan, any such new Award shall be upon such terms and conditions as are specified by the Board at the time the new Award is made. The Board shall have the right, in its discretion, to make Awards in substitution or exchange for any other award under another plan of the Company, any Affiliate, or any business entity to be acquired by the Company or an Affiliate. The Company may retain the right in an Award Agreement to cause a forfeiture of the gain realized by a Grantee on account of actions taken by the Grantee in violation or breach of or in conflict with any employment agreement, non-competition agreement, any agreement prohibiting solicitation of employees or clients of the Company or any Affiliate thereof or any confidentiality obligation with respect to the Company or any Affiliate thereof or otherwise acting in competition with the Company or any Affiliate

5

thereof, to the extent specified in such Award Agreement applicable to the Grantee. Furthermore, except to the extent otherwise provided in an agreement or contract with a Grantee, the Company may annul an Award if the Grantee is an employee of the Company or an Affiliate thereof and is terminated for Cause as defined in the applicable Award Agreement or the Plan, as applicable. The grant of any Award may be contingent upon the Grantee executing the appropriate Award Agreement.

3.4. Deferral Arrangement.

The Board may permit the deferral of any award payment into a deferred compensation arrangement, subject to such rules and procedures as it may establish, which may include provisions for the payment or crediting of interest or dividend equivalents, including converting such credits into deferred Stock equivalents and restricting deferrals to comply with hardship distribution rules affecting 401(k) plans.

3.5. No Liability.

No member of the Board or of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Award or Award Agreement.

4. STOCK SUBJECT TO THE PLAN

Subject to adjustment as provided in **Section 18** hereof, the number of shares of Stock available for issuance under the Plan shall be four million seven hundred fifty thousand (4,750,000) shares. Notwithstanding the preceding sentence, the aggregate number of shares of Stock which cumulatively may be available for issuance pursuant to Awards other than Awards of Options shall not exceed one million (1,000,000) shares. Stock issued or to be issued under the Plan shall be authorized but unissued shares. If any shares covered by an Award are not purchased or are forfeited, or if an Award otherwise terminates without delivery of any Stock subject thereto, then the number of shares of Stock counted against the aggregate number of shares available under the Plan with respect to such Award shall, to the extent of any such forfeiture or termination, again be available for making Awards under the Plan. If the Option Price of any Option granted under the Plan, or if pursuant to **Section 19.3** the withholding obligation of any Grantee with respect to an Option, is satisfied by tendering shares of Stock to the Company (by either actual delivery or by attestation) or by withholding shares of Stock, only the number of shares of Stock issued net of the shares of Stock tendered or withheld shall be deemed issued for purposes of determining the maximum number of shares of Stock available for issuance under the Plan.

5. EFFECTIVE DATE, DURATION AND AMENDMENTS

5.1. Effective Date.

The Plan shall be effective as of the Effective Date. If the stockholders fail to approve the Plan within one year after the adoption of the Plan by the Board, the Plan shall be null and void and of no effect.

5.2. Term.

The Plan shall terminate automatically ten (10) years after the Effective Date and may be terminated on any earlier date as provided in **Section 5.3**.

5.3. Amendment and Termination of the Plan

The Board may, at any time and from time to time, amend, suspend, or terminate the Plan as to any shares of Stock as to which Awards have not been made. An amendment shall be

6

contingent on approval of the Company's stockholders to the extent stated by the Board, required by applicable law or required by applicable stock exchange listing requirements. No Awards shall be made after termination of the Plan. No amendment, suspension, or termination of the Plan shall, without the consent of the Grantee, impair rights or obligations under any Award theretofore awarded under the Plan.

6. AWARD ELIGIBILITY AND LIMITATIONS

6.1. Company or Subsidiary Employees; Service Providers;

Subject to this **Section 6**, Awards may be made under the Plan to: (i) any Service Provider to the Company or of any Affiliate, including any such Service Provider who is an officer or director of the Company, or of any Affiliate, as the Board shall determine and designate from time to time, (ii) any Outside Director, and (iii) any other individual whose participation in the Plan is determined to be in the best interests of the Company by the Board.

6.2. Successive Awards.

An eligible person as described in **Section 6.1** may receive more than one Award, subject to such restrictions as are provided herein.

6.3. Limitation on Shares of Stock Subject to Awards.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act:

(i) the maximum number of shares of Stock subject to Options that can be awarded under the Plan to any person eligible for an Award under **Section 6** hereof is four million seven hundred fifty thousand (4,750,000); and

(ii) the maximum number of shares that can be awarded under the Plan, other than pursuant to an Option to any person eligible for an Award under **Section 6** hereof is one million (1,000,000).

The preceding limitations in this **Section 6.3(i) and (ii)** are subject to adjustment as provided in **Section 18** hereof.

6.4. Limitations on Incentive Stock Options.

An Option shall constitute an Incentive Stock Option only (i) if the Grantee of such Option is an employee of the Company or any Subsidiary of the Company; (ii) to the extent specifically provided in the related Award Agreement; and (iii) to the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Stock with respect to which all Incentive Stock Options held by such Grantee become exercisable for the first time during any calendar year (under the Plan and all other plans of the Grantee's employer and its Affiliates) does not exceed \$100,000. This limitation shall be applied by taking Options into account in the order in which they were granted.

6.5. Stand-Alone, Additional, Tandem, and Substitute Awards

Awards granted under the Plan may, in the discretion of the Board, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Company, any Affiliate, or any business entity to be acquired by the Company or an Affiliate, or any other right of a Grantee to receive payment from the Company or any Affiliate. Such additional, tandem, and substitute or exchange Awards may be granted at any time. If an Award is granted in substitution or exchange for another Award, the Board shall require the surrender of such other Award in consideration for the grant of the

7

new Award. Notwithstanding the foregoing, an outstanding Option granted under the Plan may not be surrendered to the Company as consideration for the grant of a new Option with a lower exercise price. In addition, Awards may be granted in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any Affiliate, in which the value of Stock subject to the Award is equivalent in value to the cash compensation (for example, Stock Units or Restricted Stock), or in which the Option Price, grant price or purchase price of the Award in the nature of a right that may be exercised is equal to the Fair Market Value of the underlying Stock minus the value of the cash compensation surrendered (for example, Options granted with an Option Price "discounted" by the amount of the cash compensation surrendered).

7. AWARD AGREEMENT

Each Award granted pursuant to the Plan shall be evidenced by an Award Agreement, in such form or forms as the Board shall from time to time determine. Award Agreements granted from time to time or at the same time need not be uniform among all Awards issued pursuant to the Plan, and may reflect distinctions among Awards but shall not be inconsistent with the terms of the Plan. Each Award Agreement evidencing an Award of Options shall specify whether such Options are intended to be Non-qualified Stock Options or Incentive Stock Options, and in the absence of such specification such options shall be deemed Non-qualified Stock Options.

8. TERMS AND CONDITIONS OF OPTIONS

8.1. Option Price

The Option Price of each Option shall be fixed by the Board and stated in the Award Agreement evidencing such Option. The Option Price of each Option shall be at least the Fair Market Value on the Grant Date of a share of Stock; provided, however, that in the event that a Grantee is a Ten Percent Stockholder, the Option Price of an Option granted to such Grantee that is intended to be an Incentive Stock Option shall be not less than 110 percent of the Fair Market Value of a share of Stock on the Grant Date. In no case shall the Option Price of any Option be less than the par value of a share of Stock.

8.2. Vesting.

Subject to **Sections 8.3 and 18.3** hereof, each Option granted under the Plan shall become exercisable at such times and under such conditions as shall be determined by the Board and stated in the Award Agreement. For purposes of this **Section 8.2**, fractional numbers of shares of Stock subject to an Option shall be rounded down to the next nearest whole number. The Board may provide, for example, in the Award Agreement for (i) accelerated exercisability of some or all of the Option in the event the Grantee's Service terminates on account of

death, Disability or another event, (ii) expiration of the Option prior to its term in the event of the termination of the Grantee's Service, or (iii) immediate forfeiture of the Option in the event the Grantee's Service is terminated for Cause subject to the terms of any employment agreement. No Option shall be exercisable in whole or in part prior to the date the Plan is approved by the Stockholders of the Company as provided in **Section 5.1** hereof.

8.3. Term.

Each Option granted under the Plan shall terminate, and all rights to purchase shares of Stock thereunder shall cease, upon the expiration of ten years from the date such Option is granted, or under such circumstances and on such date prior thereto as is set forth in the Plan or as may be fixed by the Board and stated in the Award Agreement relating to such Option (the "Termination Date"); provided, however, that in the event that the Grantee is a Ten Percent Stockholder, an Option granted to such Grantee that is intended to be an Incentive Stock Option shall not be exercisable after the expiration of five years from its Grant Date.

8

8.4. Termination of Service.

Each Award Agreement shall set forth the extent to which the Grantee shall have the right to exercise the Option following termination of the Grantee's Service. Such provisions shall be determined in the sole discretion of the Board.

8.5. Limitations on Exercise of Option.

Notwithstanding any other provision of the Plan, in no event may any Option be exercised, in whole or in part, prior to the date the Plan is approved by the stockholders of the Company as provided herein, or after ten years following the Grant Date, or after the occurrence of an event referred to in **Section 18** hereof which results in termination of the Option.

8.6. Method of Exercise.

An Option that is exercisable shall be exercised by the Grantee's delivery to the Company of written notice of exercise on any business day, at the Company's principal office, on the form specified by the Company or as otherwise permitted by the Company. Such notice shall specify the number of shares of Stock with respect to which the Option is being exercised and shall be accompanied by payment in full of the Option Price of the shares for which the Option is being exercised. The minimum number of shares of Stock with respect to which an Option may be exercised, in whole or in part, at any time shall be the lesser of (i) 100 shares or such lesser number set forth in the applicable Award Agreement and (ii) the maximum number of shares available for purchase under the Option at the time of exercise.

8.7. Rights of Holders of Options

Unless otherwise stated in the applicable Award Agreement, an individual holding or exercising an Option shall have none of the rights of a stockholder (for example, the right to receive cash or dividend payments or distributions attributable to the subject shares of Stock or to direct the voting of the subject shares of Stock) until the shares of Stock covered thereby are fully paid and issued to him. Except as provided in **Section 18** hereof, no adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date of such issuance.

8.8. Delivery of Stock Certificates.

Promptly after the exercise of an Option by a Grantee and the payment in full of the Option Price, such Grantee shall be entitled to the issuance of a stock certificate or certificates evidencing his or her ownership of the shares of Stock subject to the Option.

8.9. Book Entry

Notwithstanding any other provision of this Plan to the contrary, the Company may, in its discretion, use the book entry method for recording Stock issuances in lieu of issuing stock certificates.

9. TRANSFERABILITY OF OPTIONS

9.1. Transferability of Options

Except as provided in **Section 9.2**, during the lifetime of a Grantee, only the Grantee (or, in the event of legal incapacity or incompetency, the Grantee's guardian or legal representative) may exercise an Option. Except as provided in **Section 9.2**, no Option shall be assignable or transferable by the Grantee to whom it is granted, other than by will or the laws of descent and distribution.

9.2. Family Transfers.

Unless otherwise provided in the applicable Award Agreement, a Grantee may transfer, not for value, all or part of an Option which is not an Incentive Stock Option to any Family Member. For the purpose of this **Section 9.2**, a "not for value" transfer is a transfer which is (i) a gift, (ii) a transfer under a domestic relations order in settlement of marital property rights; or (iii) a transfer to an entity in which more than fifty percent of the voting interests are owned by Family Members (or the Grantee) in exchange for an interest in that entity. Following a transfer under this **Section 9.2**, any such Option shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer. Subsequent transfers of transferred Options are prohibited except to Family Members of the original Grantee in accordance with this **Section 9.2** or by will or the laws of descent and distribution. The events of termination of Service of **Section 8.4** hereof shall continue to be applied with respect to the original Grantee, following which the Option shall be exercisable by the transferee only to the extent, and for the periods specified, in **Section 8.4**.

10. STOCK APPRECIATION RIGHTS

10.1. Right to Payment.

A SAR shall confer on the Grantee to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one share of Stock on the date of exercise over (B) the grant price of the SAR as determined by the Board. The Award Agreement for an SAR shall specify the grant price of the SAR, which may be fixed at the Fair Market Value of a share of Stock on the date of grant or may vary in accordance with a predetermined formula while the SAR is outstanding.

10.2. Other Terms.

The Board shall determine at the date of grant or thereafter, the time or times at which and the circumstances under which a SAR may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the time or times at which SARs shall cease to be or become exercisable following termination of Service or upon other conditions, the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which Stock will be delivered or deemed to be delivered to Grantees, whether or not a SAR shall be in tandem or in combination with any other Award, and any other terms and conditions of any SAR.

11. RESTRICTED STOCK AND STOCK UNITS

11.1. Grant of Restricted Stock or Stock Units.

The Board is authorized to grant Restricted Stock or Stock Units to Grantees, subject to such restrictions, conditions and other terms, if any, as the Board may determine. Awards of Restricted Stock may be made for no consideration (other than par value of the shares which is deemed paid by Services already rendered).

11.2. Restrictions.

At the time a grant of Restricted Stock or Stock Units is made, the Board may, in its sole discretion, establish a period of time (a "restricted period") applicable to such Restricted Stock or Stock Units. Each Award of Restricted Stock or Stock Units may be subject to a different restricted period. The Board may, in its sole discretion, at the time a grant of Restricted Stock or Stock Units is made, prescribe restrictions in addition to or other than the expiration of the

restricted period, including the satisfaction of corporate or individual performance objectives, which may be applicable to all or any portion of the Restricted Stock or Stock Units in accordance with **Section 15.1** and **15.2**. Neither Restricted Stock nor Stock Units may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the restricted period or prior to the satisfaction of any other restrictions prescribed by the Board with respect to such Restricted Stock or Stock Units.

11.3. Restricted Stock Certificates.

The Company shall issue, in the name of each Grantee to whom Restricted Stock has been granted, stock certificates representing the total number of shares of Restricted Stock granted to the Grantee, as soon as reasonably practicable after the Grant Date or issue such Restricted Stock by the book entry method. The Board may provide in an Award Agreement that either (i) the Secretary of the Company shall hold such certificates for the Grantee's benefit until such time as the Restricted Stock is forfeited to the Company or the restrictions lapse, or (ii) such certificates shall be delivered to the Grantee, provided, however, that such certificates shall bear a legend or legends that comply with the applicable securities laws and regulations and makes appropriate reference to the restrictions imposed under the Plan and the Award Agreement.

11.4. Rights of Holders of Restricted Stock.

Unless the Board otherwise provides in an Award Agreement, holders of Restricted Stock shall have the right to vote such Stock and the right to receive any dividends or other distributions declared or paid with respect to such Stock. The Board may provide that any dividends paid on Restricted Stock must be reinvested in shares of Stock, which may or may not be subject to the same vesting conditions and restrictions applicable to such Restricted Stock. All non-cash distributions, if any, received by a Grantee with respect to Restricted Stock as a result of any stock split, stock dividend, combination of shares, or other similar transaction shall be subject to the restrictions applicable to the original Grant.

11.5. Rights of Holders of Stock Units.

11.5.1. Voting and Dividend Rights.

Unless the Board otherwise provides in an Award Agreement, holders of Stock Units shall have no rights as stockholders of the Company. The Board may provide in an Award Agreement evidencing a grant of Stock Units that the holder of such Stock Units shall be entitled to receive, upon the Company's payment of a cash dividend on its outstanding Stock, a cash payment for each Stock Unit held equal to the per-share dividend paid on the Stock. Such Award Agreement may also provide that such cash payment will be deemed reinvested in additional Stock Units at a price per unit equal to the Fair Market Value of a share of Stock on the date that such dividend is paid.

11.5.2. Creditor's Rights.

A holder of Stock Units shall have no rights other than those of a general creditor of the Company. Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Award Agreement.

11.6. Termination of Service.

Unless the Board otherwise provides in an Award Agreement or in writing after the Award Agreement is issued, upon the termination of a Grantee's Service, any Restricted Stock or Stock Units held by such Grantee that have not vested, or with respect to which all applicable restrictions and conditions have not lapsed, shall immediately be deemed forfeited. Upon forfeiture of Restricted Stock or Stock Units, the Grantee shall have no further rights with

respect to such Award, including but not limited to any right to vote Restricted Stock or any right to receive dividends or other distributions with respect to shares of Restricted Stock or Stock Units.

11.7. Purchase of Restricted Stock.

The Grantee shall be required, to the extent required by applicable law, to purchase the Restricted Stock from the Company at a Purchase Price equal to the greater of (i) the aggregate par value of the shares of Stock represented by such Restricted Stock or (ii) the Purchase Price, if any, specified in the Award Agreement relating to such Restricted Stock. The Purchase Price shall be payable in a form described in **Section 13** or, in the discretion of the Board, in consideration for past Services rendered to the Company or an Affiliate.

11.8. Delivery of Stock.

Upon the expiration or termination of any restricted period and the satisfaction of any other conditions prescribed by the Board, the restrictions applicable to shares of Restricted Stock or Stock Units shall lapse, and, unless otherwise provided in the Award Agreement, a stock certificate for such shares shall be delivered, free of all such restrictions, to the Grantee or the Grantee's beneficiary or estate, as the case may be. If the restricted period has not expired or terminated as to all of the shares of Restricted Stock covered by a certificates for the Restricted Stock that has previously been delivered to the Grantee, as provided in **Section 11.3**, a new certificate for the remaining shares of Restricted Stock shall be delivered to the Grantee which certificate shall bear a legend or legends that comply with the applicable securities laws and regulations and makes appropriate reference to the restrictions imposed under the Plan and the Award Agreement.

12. UNRESTRICTED STOCK AWARDS

The Board may, in its sole discretion, grant (or sell at par value or such other higher purchase price determined by the Board) an Unrestricted Stock Award to any Grantee pursuant to which such Grantee may receive shares of Stock free of any restrictions ("Unrestricted Stock") under the Plan. Unrestricted Stock Awards may be granted or sold as described in the preceding sentence in respect of past services or other valid consideration, or in lieu of, or in addition to, any cash compensation due to such Grantee.

13. FORM OF PAYMENT FOR OPTIONS AND RESTRICTED STOCK

13.1. General Rule.

Payment of the Option Price for the shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock shall be made in cash or in cash equivalents acceptable to the Company.

13.2. Surrender of Stock.

To the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock may be made all or in part through the tender to the Company of shares of Stock (by either actual delivery or by attestation), which shares, if acquired from the Company, shall have been held for at least six months at the time of tender and which shall be valued, for purposes of determining the extent to which the Option Price or Purchase Price has been paid thereby, at their Fair Market Value.

12

13.3. Cashless Exercise.

With respect to an Option only (and not with respect to Restricted Stock), to the extent the Award Agreement so provides, and subject to other restrictions the Company may impose on the sale of Stock, payment of the Option Price for shares purchased pursuant to the exercise of an Option may be made all or in part by delivery (on a form acceptable to the Board) of an irrevocable direction to a licensed securities broker acceptable to the Company to sell shares of Stock and to deliver all or part of the sales proceeds to the Company in payment of the Option Price and any withholding taxes described in **Section 19.3**. Executive Officers and Directors will not be permitted to use the cashless method of exercise described in this paragraph without the express prior consent of the Company and only to the extent permitted by law.

13.4. Other Forms of Payment.

To the extent the Award Agreement so provides or as otherwise agreed by the Board, payment of the Option Price for shares purchased pursuant to exercise of an Option or the Purchase Price for Restricted Stock may be made in any other form that is consistent with applicable laws, regulations and rules.

14. DIVIDEND EQUIVALENT RIGHTS

14.1. Dividend Equivalent Rights.

A Dividend Equivalent Right is an Award entitling the recipient to receive credits based on cash distributions that would have been paid on the shares of Stock specified in the Dividend Equivalent Right (or other award to which it relates) if such shares had been issued to and held by

the recipient. A Dividend Equivalent Right may be granted hereunder to any Grantee as a component of another Award or as a freestanding award. The terms and conditions of Dividend Equivalent Rights shall be specified in the grant. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment. Dividend Equivalent Rights may be settled in cash or Stock or a combination thereof, in a single installment or installments, all determined in the sole discretion of the Board. A Dividend Equivalent Right granted as a component of another Award may provide that such Dividend Equivalent Right shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other award. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other award.

14.2. Termination of Service.

Except as may otherwise be provided by the Board either in the Award Agreement or in writing after the Award Agreement is issued, a Grantee's rights in all Dividend Equivalent Rights or interest equivalents shall automatically terminate upon the Grantee's termination of Service for any reason.

15. PERFORMANCE AND ANNUAL INCENTIVE AWARDS

15.1. Performance Conditions

The right of a Grantee to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Board. The Board may use such business criteria and other measures of performance as it may deem

13

appropriate in establishing any performance conditions, and may exercise its discretion to reduce the amounts payable under any Award subject to performance conditions, except as limited under **Sections 15.2** hereof in the case of a Performance Award or Annual Incentive Award intended to qualify under Code Section 162(m). If and to the extent required under Code Section 162(m), any power or authority relating to a Performance Award or Annual Incentive Award intended to qualify under Code Section 162(m), shall be exercised by the Committee and not the Board.

15.2. Performance or Annual Incentive Awards Granted to Designated Covered Employees

If and to the extent that the Committee determines that a Performance or Annual Incentive Award to be granted to a Grantee who is designated by the Committee as likely to be a Covered Employee should qualify as "performance-based compensation" for purposes of Code Section 162(m), the grant, exercise and/or settlement of such Performance or Annual Incentive Award shall be contingent upon achievement of pre-established performance goals and other terms set forth in this **Section 15.2**.

15.2.1. Performance Goals Generally.

The performance goals for such Performance or Annual Incentive Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this **Section 15.2**. Performance goals shall be objective and shall otherwise meet the requirements of Code Section 162(m) and regulations thereunder including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being "substantially uncertain." The Committee may determine that such Performance or Annual Incentive Awards shall be granted, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance or Annual Incentive Awards. Performance goals may differ for Performance or Annual Incentive Awards granted to any one Grantee or to different Grantees.

15.2.2. Business Criteria.

One or more of the following business criteria for the Company, on a consolidated basis, and/or specified subsidiaries or business units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used exclusively by the Committee in establishing performance goals for such Performance or Annual Incentive Awards: (1) total stockholder return; (2) such total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock

Index; (3) net income; (4) pretax earnings; (5) earnings before interest expense, taxes, depreciation and amortization; (6) pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special items; (7) operating margin; (8) earnings per share; (9) return on equity; (10) return on capital; (11) return on investment; (12) operating earnings; (13) working capital; (14) ratio of debt to stockholders' equity; (15) revenue and (16) funds from operations.

15.2.3. Timing For Establishing Performance Goals.

Performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such Performance or Annual Incentive Awards, or at such other date as may be required or permitted for "performance-based compensation" under Code Section 162(m).

14

15.2.4. Settlement of Performance or Annual Incentive Awards; Other Terms.

Settlement of such Performance or Annual Incentive Awards shall be in Stock, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance or Annual Incentive Awards. The Committee shall specify the circumstances in which such Performance or Annual Incentive Awards shall be paid or forfeited in the event of termination of Service by the Grantee prior to the end of a performance period or settlement of Performance Awards.

15.3. Written Determinations.

All determinations by the Committee as to the establishment of performance goals, the amount of any Performance Award pool or potential individual Performance Awards and as to the achievement of performance goals relating to Performance Awards, and the amount of any Annual Incentive Award pool or potential individual Annual Incentive Awards and the amount of final Annual Incentive Awards, shall be made in writing in the case of any Award intended to qualify under Code Section 162(m). To the extent required to comply with Code Section 162(m), the Committee may delegate any responsibility relating to such Performance Awards or Annual Incentive Awards.

15.4. Status of Section 15.2 Awards Under Code Section 162(m)

It is the intent of the Company that Performance Awards and Annual Incentive Awards under **Section 15.2** hereof granted to persons who are designated by the Committee as likely to be Covered Employees within the meaning of Code Section 162(m) and regulations thereunder shall, if so designated by the Committee, constitute "qualified performance-based compensation" within the meaning of Code Section 162(m) and regulations thereunder. Accordingly, the terms of **Section 15.2**, including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with Code Section 162(m) and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Grantee will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of Performance Awards or an Annual Incentive Award, as likely to be a Covered Employee with respect to that fiscal year. If any provision of the Plan or any agreement relating to such Performance Awards or Annual Incentive Awards does not comply or is inconsistent with the requirements of Code Section 162(m) or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

16. PARACHUTE LIMITATIONS

Notwithstanding any other provision of this Plan or of any other agreement, contract, or understanding heretofore or hereafter entered into by a Grantee with the Company or any Affiliate, except an agreement, contract, or understanding hereafter entered into that expressly modifies or excludes application of this paragraph (an "Other Agreement"), and notwithstanding any formal or informal plan or other arrangement for the direct or indirect provision of compensation to the Grantee (including groups or classes of Grantees or beneficiaries of which the Grantee is a member), whether or not such compensation is deferred, is in cash, or is in the form of a benefit to or for the Grantee (a "Benefit Arrangement"), if the Grantee is a "disqualified individual," as defined in Section 280G(c) of the Code, any Option, Restricted Stock or Stock Unit held by that Grantee and any right to receive any payment or other benefit under this Plan shall not become exercisable or vested (i) to the extent that such right to exercise, vesting, payment, or benefit, taking into account all other rights, payments, or benefits to or for

15

the Grantee under this Plan, all Other Agreements, and all Benefit Arrangements, would cause any payment or benefit to the Grantee under this Plan to be considered a "parachute payment" within the meaning of Section 280G(b)(2) of the Code as then in effect (a "Parachute Payment") and (ii) if, as a result of receiving a Parachute Payment, the aggregate after-tax amounts received by the Grantee from the Company under this Plan, all Other Agreements, and all Benefit Arrangements would be less than the maximum after-tax amount that could be received by the Grantee without causing any such payment or benefit to be considered a Parachute Payment. In the event that the receipt of any such right to exercise, vesting, payment, or benefit under this Plan, in conjunction with all other rights, payments, or benefits to or for the Grantee under any Other Agreement or any Benefit Arrangement would cause the Grantee to be considered to have received a Parachute Payment under this Plan that would have the effect of decreasing the after-tax amount received by the Grantee as described in clause (ii) of the preceding sentence, then the Grantee shall have the right, in the Grantee's sole discretion, to designate those rights, payments, or benefits under this Plan, any Other Agreements, and any Benefit Arrangements that should be reduced or eliminated so as to avoid having the payment or benefit to the Grantee under this Plan be deemed to be a Parachute Payment.

17. REQUIREMENTS OF LAW

17.1. General.

The Company shall not be required to sell or issue any shares of Stock under any Award if the sale or issuance of such shares would constitute a violation by the Grantee, any other individual exercising an Option, or the Company of any provision of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations. If at any time the Company shall determine, in its discretion, that the listing, registration or qualification of any shares subject to an Award upon any securities exchange or under any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the issuance or purchase of shares hereunder, no shares of Stock may be issued or sold to the Grantee or any other individual exercising an Option pursuant to such Award unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company, and any delay caused thereby shall in no way affect the date of termination of the Award. Specifically, in connection with the Securities Act, upon the exercise of any Option or the delivery of any shares of Stock underlying an Award, unless a registration statement under such Act is in effect with respect to the shares of Stock covered by such Award, the Company shall not be required to sell or issue such shares unless the Board has received evidence satisfactory to it that the Grantee or any other individual exercising an Option may acquire such shares pursuant to an exemption from registration under the Securities Act. Any determination in this connection by the Board shall be final, binding, and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option or the issuance of shares of Stock pursuant to the Plan to comply with any law or regulation of any governmental authority. As to any jurisdiction that expressly imposes the requirement that an Option shall not be exercisable until the shares of Stock covered by such Option are registered or are exempt from registration, the exercise of such Option (under circumstances in which the laws of such jurisdiction apply) shall be deemed conditioned upon the effectiveness of such registration or the availability of such an exemption.

16

17.2. Rule 16b-3.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, it is the intent of the Company that Awards pursuant to the Plan and the exercise of Options granted hereunder will qualify for the exemption provided by Rule 16b-3 under the Exchange Act. To the extent that any provision of the Plan or action by the Board does not comply with the requirements of Rule 16b-3, it shall be deemed inoperative to the extent permitted by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

18. EFFECT OF CHANGES IN CAPITALIZATION

18.1. Changes in Stock.

If the number of outstanding shares of Stock is increased or decreased or the shares of Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares, effected in all such cases, without receipt of consideration by the Company occurring after the Effective Date, the number and kinds of shares for which grants of Options and other Awards may be made under the Plan shall be adjusted proportionately and accordingly by the Company. In addition, the number and kind of shares for which Awards are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the Grantee immediately following such event shall, to the extent practicable, be the same as immediately before

such event. Any such adjustment in outstanding Options or SARs shall not change the aggregate Option Price or SAR Exercise Price payable with respect to shares that are subject to the unexercised portion of an outstanding Option or SAR, as applicable, but shall include a corresponding proportionate adjustment in the Option Price or SAR Exercise Price per share. The conversion of any convertible securities of the Company shall not be treated as an increase in shares effected without receipt of consideration. Notwithstanding the foregoing, in the event of any distribution to the Company's stockholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Company may, in such manner as the Company deems appropriate, adjust (i) the number and kind of shares subject to outstanding Awards and/or (ii) the exercise price of outstanding Options and Stock Appreciation Rights to reflect such distribution.

18.2. Reorganization in Which the Company Is the Surviving Entity Which does not Constitute a Corporate Transaction.

Subject to **Section 18.3** hereof, if the Company shall be the surviving entity in any reorganization, merger, or consolidation of the Company with one or more other entities which does not constitute a Corporate Transaction, any Option or SAR theretofore granted pursuant to the Plan shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to such Option or SAR would have been entitled immediately following such reorganization, merger, or consolidation, with a corresponding proportionate adjustment of the Option Price or SAR Exercise Price per share so that the aggregate Option Price or SAR Exercise Price thereafter shall be the same as the aggregate Option Price or SAR Exercise Price of the shares remaining subject to the Option or SAR immediately prior to such reorganization, merger, or consolidation. Subject to any contrary language in an Award Agreement evidencing an Award,

17

any restrictions applicable to such Award shall apply as well to any replacement shares received by the Grantee as a result of the reorganization, merger or consolidation.

18.3. Corporate Transaction.

Subject to the exceptions set forth in the last sentence of this **Section 18.3** and the last sentence of **Section 18.4**:

(i) upon the occurrence of a Corporate Transaction, all outstanding shares of Restricted Stock shall be deemed to have vested, and all restrictions and conditions applicable to such shares of Restricted Stock shall be deemed to have lapsed, immediately prior to the occurrence of such Corporate Transaction, and

(ii) either of the following two actions shall be taken:

(A) prior to the scheduled consummation of a Corporate Transaction, all Options and SARs outstanding hereunder shall become immediately exercisable and shall remain exercisable for such reasonable period of time as the Board determines, or

(B) the Board may elect, in its sole discretion, to cancel any outstanding Awards of Options, Restricted Stock, and/or SARs and pay or deliver, or cause to be paid or delivered, to the holder thereof an amount in cash or securities having a value (as determined by the Board acting in good faith), in the case of Restricted Stock, equal to the formula or fixed price per share paid to holders of shares of Stock and, in the case of Options or SARs, equal to the product of the number of shares of Stock subject to the Option or SAR (the "Award Shares") multiplied by the amount, if any, by which (I) the formula or fixed price per share paid to holders of shares of Stock pursuant to such transaction exceeds (II) the Option Price or SAR Exercise Price applicable to such Award Shares.

With respect to the Company's establishment of an exercise window, (i) any exercise of an Option or SAR during such period shall be conditioned upon the consummation of the event and shall be effective only immediately before the consummation of the event, and (ii) upon consummation of any Corporate Transaction the Plan, and all outstanding but unexercised Options and SARs shall terminate. The Board shall send written notice of an event that will result in such a termination to all individuals who hold Options and SARs not later than the time at which the Company gives notice thereof to its stockholders. This **Section 18.3** shall not apply to any Corporate Transaction to the extent that provision is made in writing in connection with such Corporate Transaction for the assumption or continuation of the Options, SARs and Restricted Stock theretofore granted, or for the substitution for such Options, SARs and Restricted Stock for new common stock options and stock appreciation rights and new common stock restricted stock relating to the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number of shares and option and stock appreciation right exercise prices, in which event the Plan, Options, SARs and Restricted Stock theretofore granted shall continue in the manner and under the terms so provided.

18.4. Adjustments.

Adjustments under this **Section 18** related to shares of Stock or securities of the Company shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. No fractional shares or other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share. The Board shall determine the effect of a Corporate Transaction upon Awards other than Options, SARs, and Restricted Stock, and such effect shall be set forth in the appropriate Award Agreement. The Board may provide in the Award Agreements at the time of grant, or any time thereafter with the consent of the Grantee,

for different provisions to apply to an Award in place of those described in **Sections 18.1, 18.2 and 18.3.**

18.5. No Limitations on Company.

The making of Awards pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure or to merge, consolidate, dissolve, or liquidate, or to sell or transfer all or any part of its business or assets.

19. GENERAL PROVISIONS

19.1. Disclaimer of Rights

No provision in the Plan or in any Award or Award Agreement shall be construed to confer upon any individual the right to remain in the employ or service of the Company or any Affiliate, or to interfere in any way with any contractual or other right or authority of the Company either to increase or decrease the compensation or other payments to any individual at any time, or to terminate any employment or other relationship between any individual and the Company. In addition, notwithstanding anything contained in the Plan to the contrary, unless otherwise stated in the applicable Award Agreement, no Award granted under the Plan shall be affected by any change of duties or position of the Grantee, so long as such Grantee continues to be a director, officer, consultant or employee of the Company or an Affiliate. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described herein, in the manner and under the conditions prescribed herein. The Plan shall in no way be interpreted to require the Company to transfer any amounts to a third party trustee or otherwise hold any amounts in trust or escrow for payment to any Grantee or beneficiary under the terms of the Plan.

19.2. Nonexclusivity of the Plan

Neither the adoption of the Plan nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations upon the right and authority of the Board to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of individuals or specifically to a particular individual or particular individuals) as the Board in its discretion determines desirable, including, without limitation, the granting of stock options otherwise than under the Plan.

19.3. Withholding Taxes

The Company or an Affiliate, as the case may be, shall have the right to deduct from payments of any kind otherwise due to a Grantee any Federal, state, or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to an Award or upon the issuance of any shares of Stock upon the exercise of an Option or pursuant to an Award. At the time of such vesting, lapse, or exercise, the Grantee shall pay to the Company or the Affiliate, as the case may be, any amount that the Company or the Affiliate may reasonably determine to be necessary to satisfy such withholding obligation. Subject to the prior approval of the Company or the Affiliate, which may be withheld by the Company or the Affiliate, as the case may be, in its sole discretion, the Grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company or the Affiliate to withhold shares of Stock otherwise issuable to the Grantee or (ii) by delivering to the Company or the Affiliate shares of Stock already owned by the Grantee. The shares of Stock so delivered or withheld shall have an aggregate Fair Market Value equal to such withholding obligations. The Fair Market Value of the shares of Stock used to satisfy such withholding obligation shall be determined by

the Company or the Affiliate as of the date that the amount of tax to be withheld is to be determined. A Grantee who has made an election pursuant to this **Section 19.3** may satisfy his or her withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting, or other similar requirements.

19.4. Captions

The use of captions in this Plan or any Award Agreement is for the convenience of reference only and shall not affect the meaning of any provision of the Plan or such Award Agreement.

19.5. Other Provisions

Each Award granted under the Plan may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Board, in its sole discretion.

19.6. Number And Gender

With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

19.7. Severability

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

19.8. Governing Law

The validity and construction of this Plan and the instruments evidencing the Award hereunder shall be governed by the laws of the State of Maryland, other than any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan and the instruments evidencing the Awards granted hereunder to the substantive laws of any other jurisdiction.

NEW PLAN EXCEL REALTY TRUST, INC.

Charter of the Audit Committee

I. Purpose

The principal purposes of the Audit Committee (the "Committee") of the Board of Directors of New Plan Excel Realty Trust, Inc. (the "Company") are to assist the Board in the oversight of (i) the integrity of the financial statements of the Company, (ii) the compliance by the Company with legal and regulatory requirements, (iii) the qualification and independence of the Company's independent auditors, and (iv) the performance of the Company's internal audit function and independent auditors.

II. Composition and Qualification

The Committee shall be comprised of at least three (3) members of the Board, one of whom shall serve as Chairman of the Committee. The Chairman and all other members of the Committee shall meet the independence, experience and financial literacy and expertise requirements of the New York Stock Exchange, the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), the Securities Exchange Act of 1934, as amended, and applicable rules and regulations of the Securities and Exchange Commission (the "Commission"), all as in effect from time to time. Because of the Committee's demanding role and responsibilities, and the time commitment of each attendant to Committee membership, no member of

the Committee, including the Chairman, shall serve on the audit committee of more than three (3) public companies at any one time, including the Committee.

To ensure independence and to otherwise avoid any potential conflicts of interest, members of the Committee may not (other than fees and equity received as compensation for serving as a director) accept or receive any consulting, advisory or other compensatory fee from the Company or be an affiliated person of the Company or any of its subsidiaries. Because of the significantly greater time commitment of Committee members and in consideration thereof, the Board recognizes that it is appropriate for members of the Committee to receive reasonable compensation greater than that paid to other members of the Board.

The Chairman and other members of the Committee shall be appointed by the Board, subject to satisfying the standards set forth above. Committee members may be removed by a majority vote of the Board, with or without cause. Any member of the Committee may resign at any time by giving written notice of his or her resignation to the Board.

III. Meetings

The Committee shall meet at least quarterly, or more frequently as the Committee or the Board deems necessary or appropriate.

IV. Goals, Authority, Responsibilities and Duties

General

The Committee shall be directly responsible for the appointment, compensation and oversight of the work of any accounting firm employed by the Company (including the resolution of disputes between management and the accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or related work, and such firm shall report directly to the Committee.

7. Meet separately and periodically with management, internal auditors (or other personnel responsible for the internal audit function) and the independent auditors to review the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. The Committee shall also review and evaluate the Company's processes and policies for identifying and assessing key financial statement risk areas and for formulating and implementing steps to address such risk areas. As part of this process, the Committee should discuss guidelines and policies to govern the process by which this is handled.
8. Review with the independent auditor any audit problems or difficulties the auditor may have encountered in the course of the audit work, including any restrictions on the scope of

11. Meet with the officers certifying the Company's periodic reports pursuant to Section 302 of the Sarbanes-Oxley Act and with the Company's independent auditor to discuss any deficiencies and fraud.

Oversight of the Company's Relationship With the Independent Auditor

12. Be directly responsible and have the sole authority to appoint, discharge and replace the independent auditors to be retained by the Company and to pre-approve all audit services, including the compensation of the independent auditors and all audit engagement fees and terms. The Committee may consult with management but shall not delegate these responsibilities to management.
13. Have the sole authority to, and shall, review and pre-approve any engagement of the Company's independent auditor to provide any permitted non-audit service to the Company that is not prohibited by law. The Committee shall have the ability to delegate the authority to pre-approve non-audit services to one (1) or more designated members of the Committee. If such authority is delegated, the delegated member(s) of the Committee shall prepare a memorandum regarding the action taken, and shall report to the full Committee, at the next Committee meeting, all items pre-approved by the designated member(s).
14. Receive periodic reports, at least annually, prepared by the independent auditors regarding (i) the auditors' internal quality-control procedures, (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five (5) years, respecting one or more independent audits carried out by the firm, and any steps taken to

3

deal with any such issues, and (iii) the auditor's independence and all relationships between the independent auditor and the Company. The Committee shall discuss such reports with the auditor, and take appropriate action on any disclosed relationship to satisfy itself of the auditor's independence. As part of this process, the Committee should evaluate the qualifications, performance and independence of the independent auditor, including considering whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor's independence (and taking into account the opinions of management). The Committee shall present its conclusions to the Board and, if so determined by the Committee, recommend that the Board take additional action to satisfy itself of the qualifications, performance and independence of the auditor.

15. Ensure that the Committee receives, annually, a letter of independence from the independent auditor, and recommend that the Board take appropriate action in response to such letter to satisfy itself of the independence of the auditor.
16. Review the experience and qualifications of the senior members of the independent auditor team and the performance of the independent auditor (which firm ultimately is accountable to the Committee and the Board).
17. Discuss with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit.
18. At each quarterly meeting of the Committee, review all engagements of the Company's independent auditor for non-audit services that occurred during the prior fiscal quarter.

21. Request a representation letter from the Company's independent auditor prior to the commencement of the audit engagement confirming that the lead (or coordinating) audit partner and the reviewing audit partner have not performed audit services for the Company in each of the previous five (5) fiscal years.
22. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the lead audit partner or even the independent auditing firm itself on a regular basis.
23. Obtain from the Company's independent auditor the inspection report of the Public Company Accounting Oversight Board.
24. Meet with the independent auditor prior to the audit to discuss the planning and staffing of the audit.

Compliance Oversight Responsibilities

26. Review with the Company's General Counsel (or, in the absence of such officer, other legal counsel of the Company) legal matters that are brought to the Committee's attention that

4

may have a material impact on the Company's financial statements and compliance policies, as well as any material reports or inquiries received from regulatory bodies.

27. Obtain from the independent auditor assurance that Section 10A of the Securities Exchange Act of 1934, as amended, has not been implicated.
28. Discuss with management and the independent auditor any correspondence with regulators or governmental agencies and any employee complaints or published reports which raise material issues regarding the Company's financial statements or accounting policies.
29. Establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters.
30. Establish procedures for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters, and providing whistleblower protection for any employee, contractor, subcontractor or agent who provides information in accordance with such process. The Committee shall disseminate the mechanics of such process to all employees.
31. Provide the New York Stock Exchange annually or as required as a result of changes in the composition of the Committee with written confirmation of compliance regarding the requirements of the New York Stock Exchange, as the same may change from time to time, concerning the Committee.

V. Additional Powers

1. The Committee shall have the power to conduct or authorize investigations into any matters within the Committee's scope of responsibilities.
2. The Committee shall have the authority to form, and delegate to, one or more subcommittees as it deems necessary or appropriate.
3. The Committee shall have the sole authority, to the extent it deems necessary or appropriate, to retain and engage advisers for advice and assistance, including any independent accounting or legal counsel, and shall have the sole authority to approve the advisers' fees and other retention terms.
4. The Committee shall have such other authority and responsibilities as may be assigned to it from time to time by the Board.
5. Advise the Company of the funding requirements necessary to pay the auditors for the purpose of rendering the audit report and to pay any other advisers employed by the audit committee.

VI. Reports to Stockholders and Board

1. The Committee shall prepare the report of the Committee for inclusion in the Company's annual proxy statement in accordance with applicable rules and regulations.
2. The Committee shall regularly report to the Board regarding the status and disposition of the above matters.

5

VII. Annual Committee Review

The Committee shall conduct an annual review and self-evaluation to determine whether it is functioning effectively and report on such review and evaluation to the Board. The Committee shall review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval.

VIII. Disclosure

This Charter shall be posted on the Company's website.

IX. Relationship with Auditors and Board

The Company's independent auditors are ultimately accountable to the Board and to the Committee, as representatives of the stockholders of the Company.

While the Committee has the responsibilities and powers set forth in this Charter, its function is one of oversight, and it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditor.
