On March 1, 2004, CIBER, Inc. acquired SCB Computer Technology, Inc. ("SCB"). SCB, based in Memphis, Tennessee, provided IT services similar to CIBER, including consulting, outsourcing and professional staffing, with a particular focus on federal and state government clients. The total consideration paid by CIBER for all of SCB's outstanding shares was approximately \$54 million, excluding transaction related costs, consisting of approximately \$41 million in cash and approximately 1.4 million shares of CIBER common stock valued at approximately \$13 million. In addition, SCB had certain debt obligations, totaling approximately \$33 million, which we repaid shortly after closing of the acquisition. We used a portion of the cash raised from our December 2003 Convertible Debenture Offering to fund the cash portion of the purchase consideration and the repayment of SCB's debt.
