**PROXY STATEMENT FOR THE INTERLEUKIN GENETICS, INC.
2005 ANNUAL MEETING OF STOCKHOLDERS**

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at the 2005 annual meeting of stockholders and any adjournments of the meeting. This proxy statement summarizes the information you need to know to vote at the annual meeting. You do not need to attend the annual meeting to vote your shares. Instead, you may vote your shares by marking, signing, dating and returning the enclosed proxy card.

On or about May 23, 2005, we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Only stockholders who owned common stock or Series A Preferred Stock at the close of business on April 25, 2005 are entitled to vote at the annual meeting. On this record date, there were 23,644,527 shares of our common stock and 5,000,000 shares of our Series A Preferred Stock outstanding. We are also sending, along with this proxy statement, our 2004 Annual Report on Form 10-K, which includes our financial statements for the fiscal year ended December 31, 2004.

How Many Votes Do I Have?

Each share of our common stock that you own entitles you to one vote. On the record date, there were a total of 23,644,527 shares of common stock outstanding. Each share of our Series A Preferred Stock that you own entitles you to approximately 5.63 votes. On the record date there were 5,000,000 shares of Series A Preferred Stock outstanding, entitling the holder of those shares to an aggregate of 28,160,200 votes.

How Do I Vote?

You may vote by attending the meeting or by signing and mailing your proxy card.

How Do I Vote by Proxy?

Whether you plan to attend the annual meeting or not, we urge you to complete, sign and date the enclosed proxy card and to return it promptly in the envelope provided. Returning the proxy card will not affect your right to attend the annual meeting and vote.

If you properly fill in your proxy card and send it to us in time, your "proxyholder" (*one of the individuals named on your proxy card*) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxyholder will vote your shares as recommended by the board of directors.

How Does the Board of Directors Recommend That I Vote on the Proposal?

The board of directors recommends that you vote "**FOR**" ratification of the appointment of our independent public accountants for our fiscal year ending December 31, 2005.

If any other matter is presented, your proxyholder will vote your shares in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters, other than those discussed in this proxy statement that needed to be acted on at the annual meeting.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of the following ways:

You may send in another proxy with a later date;

You may notify our Secretary in writing before the annual meeting that you have revoked your proxy; or

You may vote in person at the annual meeting.

How Do I Vote in Person?

If you plan to attend the annual meeting and vote in person, we will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the shares on April 25, 2005, the record date for voting.

What Vote is Required to Approve the Proposal to Ratify the Appointment of Our Independent Public Accountants?

The affirmative vote of a majority of our outstanding common stock and preferred stock present or represented by proxy and entitled to vote at the annual meeting voting together on an as-converted basis is required to ratify the appointment of our independent public accountants. Abstentions will be treated as votes against this proposal. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent public accountants. However, if our stockholders do not ratify the selection of Grant Thornton LLP as our independent public accountants for 2005, our Audit Committee of our Board of Directors will reconsider its selection.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We will only let our Inspector of Elections, U.S. Stock Transfer Corporation, examine these documents. We will not disclose your vote to management unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. We plan to retain ADP Investor Communication Services to assist in the solicitation of proxies and in the distribution of proxies and accompanying materials to brokerage houses and institutions for an estimated fee of \$10,000 plus expenses. In addition, our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock and our Series A Preferred Stock on an as-converted basis is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Attending the Annual Meeting

The annual meeting will be held at 9:00 a.m. on Tuesday, June 21, 2005 at our offices, located at 135 Beaver Street, Boston, MA 02452. When you arrive at the meeting signs will direct you to the appropriate meeting rooms. You need not attend the annual meeting in order to vote.

Voting

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the annual meeting in person. If you attend the annual meeting, you may also submit your vote in person, and any previous votes that you submitted will be superseded by the vote that you cast at the annual meeting.

Householding of Annual Disclosure Documents

In December 2000, the Securities and Exchange Commission adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. The rule applies to our annual reports, proxy statements and information statements. We do not engage in this practice, referred to as "householding," however your broker or other nominee may. Once you receive notice from your broker that communications to your address will be "household," the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each stockholder will continue to receive a separate proxy card or voting instruction card. If your household received a single set of disclosure documents this year, but you would prefer to receive your own copy, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of our common stock as of January 31, 2005 by (i) each of our Directors; (ii) each of our named executive officers (as that term is defined in Item 402(a)(3) of Regulation S-K); (iii) each person who is known to us to be the beneficial owner of more than five percent of our common stock based on a review of filings made with the SEC on or before January 31, 2005; and (iv) our Directors and executive officers as a group. Committees of the Board of Directors and Meetings

We are managed under the direction of the Board of Directors. Our Board of Directors has established five standing committees, Audit, Compensation, Nominating, Strategic Planning and Operations, each as described below.

Meeting Attendance. During the fiscal year ended December 31, 2004, the Board of Directors met six times. Each of our Directors attended at least 75% of the aggregate of the meetings of the Board of Directors and committees of which he was a member. The Board has adopted a policy under which each member of the Board of the Board is encouraged to make every reasonable effort to attend each annual meeting of our stockholders. One of the directors attended our 2004 annual meeting of stockholders.

Audit Committee. Our Audit Committee met four times during fiscal year 2004. This Committee is responsible for retaining and overseeing our independent accountants, approving the services performed by them and reviewing our annual financial statements, accounting policies and our system of internal controls. Until September 14, 2004, the Audit Committee consisted of two members, Beto Guajardo and Thomas R. Curran, Jr., each of whom met the independence requirements for Audit Committee members under the Boston Stock Exchange rules. On September 14, 2004, Mr. Guajardo resigned and on September 15, 2004, William J. Viveen, Jr., who meets the independence requirements for Audit Committee members under the Boston Stock Exchange rules, was appointed Chairman of the Audit Committee. The Board has determined that Mr. Curran and Mr. Viveen are each "audit committee financial experts" as the Securities and Exchange Commission has defined that term in Item 401 of Regulation S-K. The Audit Committee currently operates pursuant to a written charter adopted and approved by the Board of Directors in March 2004. The report of the Audit Committee is included below.

Compensation Committee. Our Compensation Committee met twice during fiscal year 2004. This Committee reviews our compensation philosophy and programs, exercises authority with respect to the payment of direct salaries and incentive compensation to our directors and officers and makes recommendations to the Board of Directors regarding stock option grants under our 2000 Employee Stock Compensation Plan and 2004 Directors, Officers and Employees Stock Compensation Plan. Until September 14, 2004, the Compensation Committee consisted of two members, Bert Crandell and George D. Calvert. On September 14, 2004, Mr. Crandell resigned. This Compensation Committee currently consists of George D. Calvert (Chairman), Thomas R. Curran, Jr. and William J. Viveen, Jr.

Nominating Committee. Our Nominating Committee did not formally meet during fiscal 2004 and until September 14, 2004 had three members, Bert Crandell, Beto Guajardo and Philip R. Reilly. On September 14, 2004, Mr. Crandell and Mr. Guajardo resigned. The Nominating Committee currently consists of Thomas R. Curran, Jr. (Chairman), George D. Calvert and William J. Viveen, Jr. This committee's role is to make recommendations to the full Board as to the size and composition of the Board and to make recommendations as to particular nominees. The Nominating Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to nominate a candidate to be considered for election as a director at the 2006 Annual Meeting of Stockholders using the procedures set forth in the Company's By-laws, it must follow the procedures described in "Stockholder Proposals and Nominations For Director." If a stockholder wishes simply to propose a candidate for consideration as a nominee by the Nominating Committee, it should submit any pertinent information regarding the candidate to the Chairman of the Nominating Committee by mail at Secretary, Interleukin Genetics, Inc., 135 Beaver Street, Waltham, MA 02452.

Strategic Planning Committee. Our Strategic Planning Committee was formed in March 2003 and until September 14, 2004 had three members, Bert Crandell, Beto Guajardo and Philip R. Reilly. On September 14, 2004, Mr. Crandell and Mr. Guajardo resigned. The Strategic Planning Committee advises management in the preparation of a Strategic Plan, reviews and approves the Strategic Plan before its submission to the full Board of Directors for approval, reviews and approves any additions or changes to the Strategic Plan and sets and approves measurement standards consistent with the goals established in the Strategic Plan.

Operations Committee. Our Operations Committee was formed in March 2003 and until September 14, 2004 had three members, George D. Calvert, Beto Guajardo and Philip R. Reilly. On September 14, 2004, Mr. Guajardo resigned. The Operations Committee advises management in the preparation of the annual Operating Plan and approves the plan for submission to the full Board of Directors. The Operations Committee will also review the plan and assure that the activities established in the plan are reflected in the operating budget.

Corporate Opportunity Agreement

We have agreed to certain terms for allocating opportunities as permitted under Section 122(17) of the Delaware General Corporation Law. This agreement, as set forth in the Series A Preferred Stock Purchase Agreement dated March 5, 2003, regulates and defines the conduct of certain of our affairs as they may involve Pyxis as our majority stockholder and its affiliates, and the powers, rights, duties and liabilities of us and our officers and directors in connection with corporate opportunities.

Except under certain circumstances, Pyxis and its affiliates have the right to engage in the same or similar activities or lines of business or have an interest in the same classes or categories of corporate opportunities as we do. If Pyxis, or one of our directors appointed by Pyxis, and its affiliates acquire knowledge of a potential transaction or matter that may be a corporate opportunity for both Pyxis and its affiliates and us, to the fullest extent permitted by law, Pyxis and its affiliates will not have a duty to inform us about the corporate opportunity or be liable to us or to you for breach of any fiduciary duty as a stockholder of ours for not informing us of the corporate opportunity, keeping it for its own account, or referring it to another person.

Additionally, except under limited circumstances, if an officer or employee of Pyxis who is also one of our directors is offered a corporate opportunity, such opportunity shall not belong to us. In addition, we agreed that such director will have satisfied his duties to us and not be liable to us or to you in connection with such opportunity.

The terms of this agreement will terminate on the date that no person who is a director, officer or employee of ours is also a director, officer, or employee of Pyxis.

Compensation of Directors

The company's policy is to pay each non-employee member of the Board of Directors \$1,000 in cash compensation for each meeting of the Board of Directors attended in person by that director and 15,000 stock options to vest on the first anniversary of the grant date. Each of the current non-employee members of our Board of Directors declined such compensation for 2004.

The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise. Actual gains, if any, on stock option exercises will depend on the future performance of the Company's common stock, the optionee's continued employment through the option period and the date on which the options are exercised.

Summary Description of the Company's Non-Stockholder Approved Equity Compensation Plans

On June 1, 1999, we entered into a Non-Qualified Stock Option Agreement with Philip R. Reilly to induce him to enter a consulting services agreement dated the same day and to encourage him to become Chairman of the Board of Directors of Interleukin. Pursuant to the Agreement, we granted Mr. Reilly the option to purchase 240,000 shares of our common stock at \$.50 per share on or before the option's expiration date of June 1, 2009. These options vested in equal increments of 8,000 shares per month over thirty months and became fully vested on December 1, 2001. Mr. Reilly has exercised this option with respect to 23,000 shares of common stock. The options are non-transferable.

On November 30, 1999, we entered into an additional Non-Qualified Stock Option Agreement with Philip R. Reilly to further induce him to become Chairman of the Board of Directors of Interleukin. Pursuant to the Agreement, we granted Mr. Reilly the option to purchase 351,394 shares of our common stock at \$2.875 per share on or before the option's expiration date of December 31, 2010. These options vested in equal increments of 9,760 shares per month over a period of thirty-six months and became fully vested on November 30, 2002. The options are non-transferable.

Effective on July 1, 1999, we entered into a five-year Research and Technology Transfer Agreement with the University of Sheffield. The agreement provides for the grant of options to purchase 100,000 shares of our common stock. Pursuant to the agreement, we are required to grant options to purchase 25,000 shares annually at the beginning of each year of the last four years of the five-year arrangement. The options are granted with an exercise price equal to the current market price of the common stock at the time of grant, each June 30th, of the five-year arrangement. The options are fully vested when granted and exercisable for a period of five years from each date of grant. The agreement further provides that the University of Sheffield is to receive additional options to purchase 10,000 shares of stock at the current market price each June 30th for each patent that is filed on our behalf during the previous twelve months. As of the date of this report options to purchase 150,000 shares have been granted under this agreement.

Concurrent with the execution of the Research and Technology Transfer Agreement with the University of Sheffield, we entered into a five-year Consulting Services Agreement with the university's key collaborator, Gordon W. Duff. The agreement provides for the grant of options to purchase up to a total of 100,000 shares of our common stock. Pursuant to the agreement, we are required to grant options to purchase 25,000 shares annually at the beginning of each year of the last four years of the five-year arrangement. The options are granted with an exercise price equal to the current market price of the common stock at the time of grant, each June 30th, of the five-year arrangement. The options are fully vested when granted and exercisable for a period of five years from each date of grant. As of the date of this report, all 100,000 options have been granted under this agreement.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

In connection with the private placement of our Series A Preferred Stock, we agreed to amend the existing employment agreements described below with our named executive officers. Effective as of the closing of our sale of Series A Preferred Stock on March 5, 2003, the terms of our employment agreements with each of Philip R. Reilly, our Chief Executive Officer and Kenneth S. Kornman, our President and Chief Scientific Officer were extended until March 5, 2006, and the term of our employment agreement with Fenel Eloi, our Chief Financial Officer and Chief Operating Officer, was extended until March 5, 2004. The employment agreements were also amended to provide that each of these individuals are entitled to receive: (i) a retention bonus of \$25,000 if he is still employed by us six months after the closing of our sale of Series A Preferred Stock on March 5, 2003 and an additional \$25,000 if he is still employed by us twelve months after such closing; (ii) the severance benefits set forth in his original agreement upon expiration of the term of the agreement; and (iii) an extension of the period in which he may exercise his stock options if his employment is terminated for good reason

or without cause (as defined in the agreement) to two years following such termination. In addition, Dr. Reilly's agreement was amended to make his severance benefits consistent with the other executive employment agreements described below; Dr. Reilly's agreement was amended to include the same non-competition provisions contained in the agreements described below; and Mr. Eloi's agreement was amended to provide that all of his unvested stock options will vest on the involuntary termination of his employment if the termination is at the end of the term of his employment agreement.

In December 1999, we entered into an employment agreement with Kenneth S. Kornman which provides for a three-year initial term, subsequently extended until March 5, 2006. This employment agreement is subject to early termination by Dr. Kornman upon one month prior written notice and by us for cause. The employment agreement provides for a minimum base salary of \$276,250 per year. The agreement also provides that if Dr. Kornman is terminated without cause, he shall have the right to receive severance benefits in the amount of his then current base salary and health insurance benefits for twelve months following the date of termination. In addition, the agreement provides that he will be prohibited, for a period of twelve months following the date of termination of the employment agreement, from accepting employment, or otherwise becoming involved, in any manner, with one of our direct competitors, or from providing services to any person or entity that might conflict with our interests or the interests of our customers or clients.

In April 2000, we entered into an employment agreement with Philip R. Reilly which provides for a minimum annual base salary of \$325,000 and an award of options to purchase 500,000 shares of common stock at a per share exercise price of \$2.875 (awarded in fiscal 1999). These options vested over a period of 36 months in equal increments commencing December 1, 1999, unless Dr. Reilly's employment is terminated prior to expiration of the 36-month period. This employment agreement is terminable by Dr. Reilly upon one-month prior written notice and by us for cause. The agreement also provides that if Dr. Reilly is terminated without cause, he shall have the right to receive severance benefits in the amount of his then current base salary and health insurance benefits until the earlier to occur of the expiration of the term of the agreement or twelve months following the date of termination. Finally, the agreement provides that all of Dr. Reilly's outstanding options will immediately vest upon a change of control of Interleukin, where "change of control" is defined in the agreement as "a purchase of the majority of the outstanding common stock of Interleukin by an outside entity not organized solely for the purposes of investment." Under this definition, the issuance of the Series A Preferred Stock did not constitute a change of control of Interleukin.

In June 2000, we entered into an employment agreement with Fenel M. Eloi which provides for a minimum annual base salary of \$195,000 and an award of options to purchase an aggregate of 200,000 shares of Common Stock as follows: 105,828 shares at a per share exercise price of \$3.75 and 94,172 shares at a per share exercise price of \$4.72. These options vest over a period of 48 months unless Mr. Eloi's employment is terminated prior to the end of the 48-month period. This employment agreement is terminable by Mr. Eloi upon one month prior written notice and by us for cause. The agreement also provides that if Mr. Eloi is terminated without cause, he shall have the right to receive severance benefits in the amount of his then current base salary and health insurance benefits for twelve months following the date of termination. In addition, the agreement provides that he will be prohibited, for a period of twelve months following the date of termination of the employment agreement, from accepting employment, or otherwise becoming involved, in any manner, with one of our direct competitors, or from providing services to any person or entity that might conflict with our interests or the interests of our customers or clients. Furthermore, the agreement provides that all of Mr. Eloi's outstanding options will immediately vest upon a change of control of Interleukin, where "change of control" is defined in the agreement as "a purchase of the majority of the outstanding Common Stock of the Company by an outside entity not organized solely for the purposes of investment." Under this definition, the issuance of the Series A Preferred Stock did not constitute a change of control of Interleukin. Finally with respect to Mr. Eloi's employment, on December 11, 2003,

his employment agreement was amended to extend the term of the employment agreement until March 5, 2006 and to increase Mr. Eloi's base salary to \$250,000 per year.

Additionally, pursuant to the form of incentive stock option agreement and non-qualified stock option agreement under our 2000 Employee Stock Compensation Plan, stock options granted under that plan to our named executive officers and other employees will immediately vest upon a "change of control" of Interleukin, as defined in the Plan as follows:

the consummation of: (x) a merger, consolidation or reorganization of the Company with or into any other person if as a result of such merger, consolidation or reorganization, 50 percent or less of the combined voting power of the then-outstanding securities of the continuing or surviving entity immediately after such merger, consolidation or reorganization are held in the aggregate by the holders of Voting Stock immediately prior to such merger, consolidation or reorganization; (y) any sale, lease, exchange or other transfer of all or substantially all the assets of the Company and its consolidated subsidiaries to any other person if as a result of such sale, lease, exchange or other transfer, 50 percent or less of the combined voting power of the then-outstanding securities of such other person immediately after such sale, lease, exchange or other transfer are held in the aggregate by the holders of Voting Stock immediately prior to such sale, lease, exchange or other transfer; or (z) the stockholders of the Company approve the dissolution of the Company. A transaction shall not constitute a Change in Control if its sole purpose is to change the state of the Company's incorporation or to create a holding company that will be owned in substantially the same proportions by the persons who held the Company's securities immediately before such transaction.

Under this definition, the issuance of the Series A Preferred Stock did not constitute a change of control of Interleukin.

**REPORT OF THE COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

This report is submitted by the Compensation Committee, which is responsible for establishing and administering our executive compensation policies and stock option plans. This committee is composed of George D. Calvert (Chairman), Thomas R. Curran, Jr. and William J. Viveen, Jr., none of whom are employees of ours. This report addresses the compensation policies for fiscal year 2004 as they affected Philip R. Reilly, in his capacity as Director, Chairman of the Board and Chief Executive Officer, and our other executive officers.

Overall Objectives of the Executive Compensation Program

The purpose of our compensation plan is to attract, retain and motivate key management employees. It is our philosophy to pay our executives at levels commensurate with both Company and individual performance. A primary consideration in developing our executive compensation programs is to link the long-term financial interests of executives with those of the Company and its shareholders. The Compensation Committee reviews compensation for comparable organizations in order to establish the Company's total compensation program and determine awards under the Incentive Plan.

In 2004, the total compensation program for our top executives, approved by our Board of Directors, consisted of a base salary for each of these executives.

Base Salary Program

It is our policy to establish salaries at a level approximating the average of the competitive levels in comparable organizations and to provide annual salary increases reflective of the executive's performance, level of responsibility and position with the Company.

Annual Incentive

Each year, the Compensation Committee evaluates the performance of the Company as a whole, as well as the performance of each individual executive. Factors considered include implementation of the business plan, revenue growth, net profitability and cost control. The Compensation Committee does not utilize formalized mathematical formulae, nor does it assign weightings to these factors. The Compensation Committee, in its sole discretion, determines the amount, if any, of incentive payments to each executive. The Compensation Committee believes that the Company's growth in revenue and profitability requires subjectivity on the part of the Committee when determining incentive payments. The Compensation Committee believes that specific formulae restrict flexibility.

Equity Incentive Plan

In 2004, we adopted the Incentive Plan which permits us to make grants of stock options, stock appreciation rights or restricted stock awards as part of our overall incentive compensation program. The Incentive Plan is intended to attract, retain and motivate key management personnel and to align the interest of the executives with those of shareholders. The overall long-term incentive grant levels are established by reviewing the number of shares reserved for such plans by comparable organizations. Individual long-term incentive grants are based on the employee's position and responsibility level. In 2004, the Company granted options to purchase 30,000 shares of Common Stock to Drs. Reilly and Kornman and Mr. Eloi under the Incentive Plan.

Section 162(m)

Section 162(m) of the Code currently imposes a \$1 million limitation on the deductibility of certain compensation paid to each of our five highest paid executives. Excluded from this limitation is

Edgar Filing: INTERLEUKIN GENETICS INC - Form DEF 14A

compensation that is "performance based." For compensation to be performance based it must meet certain criteria, including being based on predetermined objective standards approved by shareholders. In general, we believe that compensation relating to options granted under the Incentive Plan should be included in the \$1 million limitation calculation. Compensation relating to our incentive compensation awards do not currently qualify for exclusion from the limitation, given the discretion that is provided to the Committee in establishing the performance goals for such awards. The Compensation Committee believes that maintaining the discretion to evaluate the performance of our management is an important part of its responsibilities and inures to the benefit of our shareholders. The Compensation Committee, however, intends to take into account the potential application of Section 162(m) with respect to incentive compensation awards and other compensation decisions made by it in the future.

CEO Compensation

The Committee established Dr. Reilly's base salary at \$325,000, which approximates the median level of CEOs at comparable companies in our industry in the Boston area. As of January 31, 2005, Dr. Reilly had beneficial ownership of 1,148,775 shares of stock, including 1,040,500 shares of which he has a right to receive pursuant to stock options exercisable within 60 days of January 31, 2005.

Conclusion

The Compensation Committee believes these executive compensation policies serve the interests of the shareholders and the Company effectively. The Committee believes that the various pay vehicles offered are appropriately balanced to provide increased motivation for executives to contribute to the Company's overall future successes, thereby enhancing the value of the Company for the shareholders' benefit.

RATIFY APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS**

Our Audit Committee has appointed Grant Thornton LLP, independent public accountants, to audit our financial statements for the fiscal year ending December 31, 2005. The Board proposes that the stockholders ratify this appointment. Grant Thornton LLP audited our financial statements for the fiscal years ended December 31, 2004 and 2003. We expect that representatives of Grant Thornton LLP will be present at the meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

The following table presents fees for professional audit services rendered by Grant Thornton LLP for the audit of the Company's annual financial statements for the years ended December 31, 2003 and December 31, 2004, and fees billed for other services rendered by Grant Thornton LLP during those periods.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to the engagement of the independent auditor for the next year's audit, management will submit to the Audit Committee for approval a summary of the services expected to be rendered during that year for each of four categories of services.

- Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.
- Audit-Related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
- Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

Edgar Filing: INTERLEUKIN GENETICS INC - Form DEF 14A

4. **Other Fees** are those associated with services not captured in the other categories. The Company generally does not request such services from the independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The affirmative vote of a majority of the shares present or represented and entitled to vote at the Meeting, voting together on an as-converted basis, is required to ratify the appointment of the independent public accountants.

In the event the stockholders do not ratify the appointment of Grant Thornton LLP as our independent public accountants, the Audit Committee will reconsider its appointment.

The Board Of Directors recommends a vote to ratify the appointment of Grant Thornton LLP as independent public accountants, and proxies solicited by the board will be voted in favor of such ratification unless a stockholder indicates otherwise on the proxy.
