**Summary historical and pro forma financial data.**

The following summary financial data related to our continuing operations has been derived from our historical financial statements for the six months ended June 30, 2006, and shows, for the period or date presented, our summary historical and our pro forma income statement and balance sheet data, giving effect to (1) our April 2006 equity offering; (2) the reduction in our management fees payable in respect of 10 Sunrise Senior Living Services, Inc., or SLS, management agreements that we terminated in June 2006; and (3) this offering (assuming the initial purchasers over-allotment option is not exercised and not giving effect to conversion of the notes), as if these events had been completed as of the beginning of the period presented. The following data should be read in conjunction with, and is qualified in its entirety by reference to, our historical financial statements incorporated by reference from our Annual Report on Form 10-K for the year ended December 31, 2005 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2006 and June 30, 2006 and "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained therein, the information contained in this offering memorandum under "Risk Factors" and our unaudited pro forma financial statements contained in this offering memorandum. Our six month historical financial information contains normal recurring adjustments and is not necessarily indicative of results to be expected in a full year. Comparability of financial results from period to period is affected by acquisitions, closures and our termination of SLS management agreements. Pro forma financial information may not be reflective of what our financial results or financial position would have been had the April 2006 equity offering, the reduction in our management fees payable in respect of 10 SLS management agreements that we terminated in June 2006 and this offering been completed as of the dates indicated in our pro forma financial statements. Our pro forma financial information does not give pro forma effect to certain transactions, including, without limitation, the eight senior living communities we began to operate in September and October 2006 and the two rehabilitation hospitals

- (1) The loss per share includes a loss of \$(2.84) per share relating to the termination fees we incurred for the six months ended June 30, 2006 in connection with our termination of 10 SLS management agreements.
- (2) We consider earnings before interest, taxes, depreciation and amortization, or EBITDA, to be an indicative measure of our operating performance. We believe EBITDA is also useful in measuring our ability to service debt, fund capital expenditures and expand our business. Furthermore, we believe that EBITDA is a meaningful disclosure that may help shareholders to understand better our financial performance, including comparing our performance to other companies. However, EBITDA as presented may not be comparable to amounts calculated by other companies. This information should not be considered as an alternative to net income, income from continuing operations, operating profit, cash flow from operations, or any other operating or liquidity performance measure prescribed by accounting principles generally accepted in the United States. Other income excluded from EBITDA consists primarily of amortization of deferred gains.

These unaudited pro forma consolidated financial statements do not give pro forma effect to certain transactions, including, without limitation, the eight senior living communities we began to operate in September and October 2006 and the two rehabilitation hospitals we began to operate in October 2006.
