NOTE FOR U.S. READERS ON CANADA/U.S. REPORTING DIFFERENCES

Our Annual Information Form dated March 30, 2010 and Management's Discussion and Analysis, together with our audited consolidated financial statements and notes thereto as of December 31, 2009 and for each of the three years ended December 31, 2009, are filed under cover of this form as Exhibits 99.1, 99.2 and 99.3. We prepare our financial statements in accordance with Canadian generally accepted accounting principles. Readers should review the supplemental note entitled "Reconciliation to United States GAAP" included as exhibit 99.4 for a reconciliation of the financial statements to United States generally accepted accounting principles. Beginning January 1, 2011, we will adopt International Financial Reporting Standards (IFRS) for preparation of our financial statements. Adoption of the IFRS will require us to make certain accounting policy choices and could materially impact our reported financial position and results of operations. See the disclosure under the caption "International Financial Reporting Standards" in our Management's Discussion and Analysis filed as exhibit 99.2 to this report for further discussion of our adoption of IFRS.

Our common shares are listed on the Toronto Stock Exchange and the New York Stock Exchange. There are certain differences between the corporate governance practices applicable to us and those applicable to U.S. companies under the New York Stock Exchange listing standards. A summary of the significant differences can be found at www.kinross.com/corp/governance-corp.html.

DISCLOSURE CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in reports filed under the U.S. Securities Exchange Act of 1934, as amended, (the Exchange Act) is recorded, processed, summarized and reported within the appropriate time periods and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely disclosures regarding required disclosure. In designing and evaluating the disclosure controls and procedures, we recognize that any disclosure controls and procedures, no matter how well conceived or operated, can only provide reasonable, not absolute, assurance that the objectives of the control system are met, and management is required to exercise its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by Rule 13a-15(b) under the Exchange Act, we conducted an evaluation, under the supervision and with the participation of our management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31, 2009, the end of the period covered by this annual report on Form 40-F. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of December 31, 2009, the design and operation of the Company's disclosure controls and procedures provide reasonable assurance that they are effective.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. With the participation of the Chief Executive Officer and the Chief Financial Officer, our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework and criteria established in Internal Control - Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, our management has concluded that our internal control over financial reporting was effective as of December 31, 2009. Because of inherent limitations, internal controls over financial reporting may not prevent or detect misstatement. In addition, projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes in relevant guidelines or conditions in the control structure, or that the degree of compliance with policies or procedures may deteriorate. KPMG LLP, our independent registered public accounting firm for the Company that audited the financial statements of the Company as of December 31, 2009 and the periods then ended, has issued an attestation report, included herewith as an exhibit, addressing the effectiveness of the Company's internal control over financial reporting.

Changes in Internal Control over Financial Reporting

Edgar Filing: KINROSS GOLD CORP - Form 40-F

Except as noted below, there have been no changes to our system of internal control over financial reporting for the year ended December 31, 2009 or since that time that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

During 2009, Kupol converted to the enterprise resource planning system utilized by our other sites to enhance consistency of systems across the Company. Management employed appropriate procedures to ensure internal controls were in place during and after the conversion. During the second quarter of 2009, we commenced the parallel testing phase of a new consolidation accounting system. Parallel testing continued during the remainder of the year and the system was implemented by the end of 2009.

AUDIT AND RISK COMMITTEE

Our audit and risk committee is comprised of three individuals, John A. Brough, chairman, John M.H. Huxley and Terence C. W. Reid. Each of the members of the audit and risk committee is independent as that term is defined in the listing standards of the New York Stock Exchange. The board of directors has determined that Mr. Brough is the audit and risk committee financial expert. Information concerning Mr. Brough's relevant education and experience is included in his biographical information contained in the Company's Annual Information Form included as exhibit 99.1. The Securities and Exchange Commission has indicated that the designation of a person as an audit committee financial expert does not make such person an expert for any purpose, impose any duties, obligations or liabilities on such person that are greater than those imposed generally on members of the audit committee and the board of directors who do not carry this designation, or affect the duties, obligations or liability of any other member of the audit committee or board of directors.

CODE OF ETHICS

We have a Code of Business Conduct and Ethics that applies to all directors, officers and employees. The Code of Business Conduct and Ethics may be viewed at the Company's website at www.kinross.com under Corporate Governance. The Company has not granted any waivers under its Code of Business Conduct and Ethics.
