Enclosed are the proxy materials for the Annual Meeting. Please read those materials carefully.

At the Annual Meeting, you will be asked to: (1) elect nine (9) individuals to the Board of Directors for a term of one year; (2) approve, on an advisory basis, the compensation of our named executive officers as described herein; (3) approve, on an advisory basis, the frequency of holding future advisory votes on executive compensation; and (4) ratify the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011.

Your participation in the Annual Meeting, in person or by proxy, is important. Whether or not you plan to attend the Annual Meeting in person, we urge you to complete, sign, date and return the enclosed proxy card promptly in the accompanying postage-paid envelope. In addition to using the traditional proxy card, all stockholders also have the choice of voting over the internet or by telephone.

We look forward to seeing those of you who will be able to attend the Annual Meeting.

Sincerely yours,

**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
To Be Held May 19, 2011**

NOTICE IS HEREBY GIVEN that the 2011 annual meeting of the stockholders (the "Annual Meeting") of Gleacher & Company, Inc. (the "Company") will be held at the offices of the Company, 1290 Avenue of the Americas, New York, NY 10104, at 9:00 a.m., local time, on May 19, 2011, for the following purposes:

- (1) to elect nine (9) individuals to the Board of Directors for a term of one year;
- (2) to approve, on an advisory basis, the compensation of our named executive officers as described herein;
- (3) to approve, on an advisory basis, the frequency of holding future advisory votes on executive compensation;
- (4) to ratify the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011; and
- (5) to consider and act upon such other business as may properly come before the meeting or any adjournment thereof.

We ask that you give these matters your careful attention.

The Gleacher & Company, Inc. Board of Directors unanimously recommends that the stockholders vote (1) "FOR" the election of the nine (9) individuals named as nominees under the heading "Election of Directors"; (2) "FOR" the approval, on an advisory basis, of the compensation of our named executive officers as described herein; (3) for the frequency of "ONE YEAR" in respect of an advisory vote on the frequency of holding future advisory votes on executive compensation; and (4) "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011.

Your participation in the Annual Meeting, in person or by proxy, is important. Directors are elected by a plurality vote of the shares cast at the Annual Meeting, meaning that the nine (9) director nominees receiving the most votes will be elected. Since there are only nine (9) director nominees, these nominees are assured election. For Proposal No. 2 to be approved, it must receive "FOR" votes constituting a majority of the votes cast at the Annual Meeting with respect to shares entitled to vote thereon. For Proposal No. 3, the frequency receiving the highest number of votes cast by the stockholders will be approved as the frequency for holding an advisory vote on executive compensation, even if that frequency does not receive a majority of the votes cast. For Proposal No. 4 to be approved, it must receive "FOR" votes constituting a majority of the votes cast at the Annual Meeting with respect to shares entitled to vote thereon. Proposal Nos. 2, 3 and 4 are submitted to our stockholders on an advisory basis only. The outcome of voting on these proposals will be considered by our Board of Directors but will not be binding on the Company.

Holders of common stock of record as of the close of business on April 7, 2011 are entitled to receive notice of and vote at the Annual Meeting. A list of such stockholders may be examined at the Annual Meeting.

Important Notice Regarding the Availability of Proxy Materials: The Proxy Statement and the Proxy Card relating to the Annual Meeting and the Company's 2011 Annual Report, and any

Edgar Filing: GLEACHER & COMPANY, INC. - Form DEF 14A

amendments to the foregoing materials that are required to be furnished to stockholders, are available for you to review online at www.gleacher.com under the heading "Investor Relations Proxy."

If you hold your shares through a broker or other nominee (that is, in "street name"), you cannot vote your shares directly but must instead instruct your broker or other nominee to vote your shares. If you do not give your broker or other nominee voting instructions, your shares will be voted only if your broker or other nominee is allowed to exercise voting discretion with respect to your shares. Under New York Stock Exchange rules, your broker or other nominee is permitted to exercise voting discretion only with respect to "routine" matters. The only "routine" matter to be acted upon at our Annual Meeting is Proposal No. 4, the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011. Accordingly, if your shares are held in street name and you do not submit voting instructions to your broker or other nominee, your shares will not be counted in determining the outcome of the election of directors, the advisory vote on executive compensation and the advisory vote on the frequency of holding future advisory votes on executive compensation. We encourage you to provide voting instructions to your brokers or other nominees if you hold your shares in street name so that your voice is heard in these important matters.

We hope that you are planning to attend the Annual Meeting personally, and we look forward to seeing you there. Whether or not you are able to attend in person, it is important that your shares be represented at the Annual Meeting. For that reason we ask that you promptly sign, date, and mail the enclosed proxy card in the return envelope provided. In addition to using the traditional proxy card, all stockholders also have the choice of voting over the internet or by telephone. Please refer to your proxy materials or the information forwarded by your bank, broker or other holder of record for detailed information. Stockholders of record who attend the Annual Meeting may withdraw their proxies and vote in person.

By Order of the Board of Directors,

Patricia A. Arciero-Craig
Secretary

ANNUAL MEETING OF STOCKHOLDERS

**Annual Meeting of Stockholders
May 19, 2011**

This Proxy Statement is being furnished to the stockholders of Gleacher & Company, Inc. (the "Company") in connection with the solicitation by the board of directors (the "Board" or "Board of Directors") of proxies for use at the 2011 annual meeting of stockholders (the "Annual Meeting") to be held at the Company's offices, located at 1290 Avenue of the Americas, New York, NY 10104 at 9:00 a.m., local time, on May 19, 2011, and any postponements or adjournments thereof. The mailing address of the Company's principal offices is 1290 Avenue of the Americas, New York, NY 10104. The telephone number at that address is (212) 273-7100.

At the Annual Meeting, the stockholders of the Company will be asked to: (1) elect nine (9) individuals to the Board of Directors for a term of one year; (2) approve, on an advisory basis, the compensation of our named executive officers as described herein; (3) approve, on an advisory basis, the frequency of holding future advisory votes on executive compensation; and (4) ratify the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011.

Proxy Solicitation

This Proxy Statement and the enclosed form of proxy are expected to be mailed on or about April 25, 2011. In addition to these mailed proxy materials, our directors, officers and other employees may also solicit proxies in person, by telephone or by other means of communication. The Company will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares held of record by such persons.

The distribution and solicitation of proxy materials will also be supplemented through the services of MacKenzie Partners, Inc., a proxy solicitation firm we have engaged for this purpose.

Voting by Proxy, Internet or Telephone

Stockholders who cannot attend the Annual Meeting in person can be represented by proxy. To vote by proxy, stockholders may complete the proxy card in the form enclosed and mail it in the envelope provided. All stockholders also have a choice of voting over the internet or by using a toll-free telephone number. Please refer to your proxy card or the information forwarded by your bank, broker or other nominee for detailed information.

Any stockholder giving a proxy may revoke it at any time before it is exercised by giving notice of revocation to the Company's Corporate Secretary, by executing a later-dated proxy, by voting over the internet or by telephone or, for stockholders of record, by attending and voting in person at the Annual Meeting. The execution of a proxy will not affect a stockholder's right to attend the Annual Meeting in person, but attendance at the Annual Meeting will not, by itself, revoke a proxy. Proxies properly completed and received prior to the Annual Meeting and not revoked will be voted at the Annual Meeting.

Voting, Record Date and Quorum

Proxies will be voted as specified or, if no direction is indicated on a proxy, will be voted (1) "FOR" the election of the nine (9) individuals named as nominees under the heading "Election of Directors"; (2) "FOR" the approval, on an advisory basis, of the compensation of our named

executive

officers as described herein; (3) for the frequency of "ONE YEAR" in respect of an advisory vote on the frequency of holding future advisory votes on executive compensation; and (4) "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011.

If you hold your shares through a broker or other nominee (that is, in "street name"), you cannot vote your shares directly but must instruct your broker or other nominee to vote your shares. If you do not give your broker or other nominee voting instructions, applicable rules prohibit the nominee from voting your shares except as to Proposal No. 4. Thus, if you do not give your broker or nominee specific instructions, your shares will not be voted on other, important matters.

As to any other matter or business which may be brought before the Annual Meeting, including any adjournment(s) or postponement(s), a vote may be cast pursuant to the proxy in accordance with the judgment of the person or persons exercising the proxy. As of the date hereof, the Board does not know of any such other matter or business.

The Board has fixed the close of business on April 7, 2011 as the record date for the determination of stockholders entitled to vote at the Annual Meeting. As of that date, 129,786,520 shares of common stock were outstanding. Each stockholder will be entitled to cast one vote, in person or by proxy, for each share of common stock held. There are no other shares of outstanding stock of the Company conferring voting rights on the matters to be taken up at the Annual Meeting. The presence, in person or by proxy, of the holders of at least a majority of the shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes (as described below), as well as shares as to which voting authority has specifically been withheld by the owner ("votes withheld"), will be counted in determining whether a quorum has been reached.

The proposals submitted for your consideration and action at the Annual Meeting each require different percentages of votes in order to be approved. The requirements are set forth below. As explained elsewhere, abstentions, votes withheld and broker non-votes will have no effect on the voting results.

Directors are elected by a plurality vote of the shares cast at the Annual Meeting, meaning that the nine (9) director nominees with the most votes will be elected. Since there are only nine (9) director nominees, these nominees are assured election.

To be approved, Proposal No. 2 must receive "FOR" votes constituting a majority of votes cast at the Annual Meeting.

For Proposal No. 3, the frequency receiving the highest number of votes cast at the Annual Meeting will be approved, on an advisory basis, for holding future advisory votes on executive compensation, even if that frequency does not receive a majority of the votes cast.

To be approved, Proposal No. 4 must receive "FOR" votes constituting a majority of votes cast at the Annual Meeting.

Proposal Nos. 2, 3 and 4 are submitted to our stockholders on an advisory basis only. The outcome of voting on these proposals will be considered by our Board of Directors but will have no binding effect on the Company.

The Gleacher & Company, Inc. Board of Directors unanimously recommends that the stockholders vote (1) "FOR" the election of the nine (9) individuals named as nominees under the heading "Election of Directors"; (2) "FOR" the approval, on an advisory basis, of the compensation of our named executive officers as described herein; (3) for the frequency of "ONE YEAR" in respect of an advisory vote on the frequency of holding future advisory votes on executive compensation; and (4) "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011.

Questions and Answers about this Proxy Material and Voting

The following are some questions that you, as a stockholder of the Company, may have regarding the matters being considered at the Annual Meeting and the answers to those questions. We urge you to read carefully the remainder of this Proxy Statement because the information in this section does not provide all the information that might be important to you with respect to the matters being considered at the Annual Meeting.

As used in this Proxy Statement, the terms "we," "our," and "us" refer to the Company and its subsidiaries.

Why am I receiving these materials?

We sent you this Proxy Statement and the enclosed proxy card because the Board of Directors of the Company is soliciting your proxy to vote at our Annual Meeting to be held on May 19, 2011. You are invited to attend the Annual Meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card. Telephone and internet voting is also available for all stockholders. If you are not a stockholder of record, to vote in person at the Annual Meeting you must obtain and present a valid proxy card from your broker or other nominee. The distinction between stockholders of record and beneficial owners is described below under the heading "Who can vote at the Annual Meeting."

We intend to mail this Proxy Statement and accompanying proxy card on or about April 25, 2011 to all stockholders of record entitled to vote at the Annual Meeting.

What am I voting on?

There are four matters scheduled for a vote at the Annual Meeting:

- (1) the election of nine (9) individuals to the Board of Directors for a term of one year;
- (2) an advisory vote on executive compensation;
- (3) an advisory vote on the frequency of holding future advisory votes on executive compensation; and
- (4) the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011.

Any other matters that properly come before the meeting and any adjournment thereof will also be considered and acted upon.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 7, 2011 will be entitled to vote at the Annual Meeting.

Stockholder of Record: Shares Registered in Your Name

If, at the close of business on April 7, 2011, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record.

Table of Contents

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If, at the close of business on April 7, 2011, your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization and you are not a stockholder of record, then you are the beneficial owner of shares registered in the name of such organization as your nominee, or in "street name," and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting your shares at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other nominee as to how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you will not be able to vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other nominee.

How do I vote?

For each of the matters to be voted on, you may vote "FOR" or "AGAINST" or, in the case of the advisory vote on the frequency of holding future advisory votes on executive compensation, "1 year," "2 years" or "3 years," or abstain from voting. With respect to the election of directors, you may also withhold your vote as to one or more of the director nominees. The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, by proxy, over the internet or by telephone. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

To vote by proxy, you must complete the proxy card in the form enclosed and mail it in the envelope provided. All stockholders also have a choice of voting over the internet or using a toll-free telephone number. Please refer to your proxy card for detailed information.

If you would like to vote in person, come to the Annual Meeting, and we will give you a ballot when you arrive.

If you have any questions or need assistance with voting your shares, please contact American Stock Transfer & Trust Company, LLC toll-free at (800) 937-5449 or MacKenzie Partners, Inc., the firm assisting us in this solicitation, toll-free at (800) 322-2885.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in street name, you cannot vote your shares directly but must instruct your broker or other nominee to vote your shares. Consequently, you should have received a proxy card and voting instructions with these proxy materials from your broker or other nominee rather than directly from us.

To vote by proxy, you must complete the proxy card in the form enclosed and mail it in the envelope provided. All stockholders also have a choice of voting over the internet or using a toll-free telephone number. Please refer to your proxy card or the information forwarded by your broker or other nominee for detailed information.

To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker or other nominee. Follow the instructions from your broker or other nominee included with these proxy materials or contact your broker or other nominee to request a proxy form.

Table of Contents

If you own your shares in street name, and do not give your broker or other nominee voting instructions, your shares will be voted only if your broker or other nominee is allowed to exercise voting discretion with respect to your shares. Under New York Stock Exchange rules, your broker or other nominee is permitted to exercise voting discretion only with respect to "routine" matters. The only "routine" matter to be acted upon at our Annual Meeting is Proposal No. 4, the ratification of the appointment of PricewaterhouseCoopers LLP as independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011. With respect to the other proposals, if you do not submit voting instructions to your broker or other nominee, it will not be able to vote your shares for you. The aggregate number of shares held in street name that a broker or other nominee does not or cannot vote is reported as the "broker non-vote." We encourage you to provide voting instructions to your broker or nominee if you hold your shares in street name so that your voice is heard on these important matters.

If you have any questions or need assistance with voting your shares, please contact American Stock Transfer & Trust Company, LLC toll-free at (800) 937-5449 or MacKenzie Partners, Inc., the firm assisting us in this solicitation, toll-free at (800) 322-2885.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of April 7, 2011.

What if I return a proxy card but do not make specific choices?

If you are a stockholder of record and you return a signed and dated proxy card without marking any voting selections, your shares will be voted (1) "FOR" the election of the nine (9) individuals named as nominees under the heading "Election of Directors"; (2) "FOR" the approval, on an advisory basis, of the compensation of our named executive officers as described herein; (3) for the frequency of "ONE YEAR" in respect of an advisory vote on the frequency of holding future advisory votes on executive compensation; and (4) "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011.

If you are the beneficial owner of shares held by a broker or other nominee, you can direct your broker or other nominee to vote as you like by completing the enclosed proxy card and returning it in the envelope provided. If you return a signed and dated proxy card but do not give instructions on how to vote on the proposals, your broker or other nominee cannot vote your shares except on Proposal No. 4, relating to ratification of the appointment of our independent registered public accounting firm. The remainder will be recorded as "broker non-votes." See the discussion under the heading "How do I vote?"

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are a stockholder of record, you may revoke your proxy in any one of four ways:

You may submit another properly completed proxy card with a later date.

You may vote by internet or telephone.

Table of Contents

You may send a written notice that you are revoking your proxy to Gleacher & Company, Inc., 1290 Avenue of the Americas, New York, NY 10104, Attn: Corporate Secretary.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If you are the beneficial owner of shares held by a broker or other nominee, you must contact your broker or other nominee in order to revoke your proxy.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the shares entitled to vote as of the record date are represented by stockholders present at the meeting or by proxy. On April 7, 2011, the record date, there were 129,786,520 shares outstanding and entitled to vote. As a result, 64,893,261 shares must be represented by stockholders present at the meeting or by proxy to have a quorum.

Your shares will be counted towards a quorum if you submit a valid proxy vote or vote by internet or telephone or at the meeting. Abstentions, votes withheld and broker non-votes will also be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count "FOR" and "AGAINST" votes, votes for "1 year," "2 years" and "3 years" in the case of the advisory votes on executive compensation, and abstentions and broker non-votes. With respect to the election of directors, the inspector of election will also count votes withheld. Abstentions, votes withheld and broker non-votes will be counted towards a quorum but will not be treated as votes cast. Since under our bylaws the outcome of proposals submitted for a vote by our stockholders at the Annual Meeting is determined with reference to the number of votes cast, abstentions, votes withheld and broker non-votes will have no effect on the outcome of voting on the proposals.

How many votes are needed to approve each proposal?

The standards for determining the outcome of the vote for each of the proposal to be considered at the Annual Meeting are set forth below. As described under "How are votes counted?", abstentions, votes withheld and broker non-votes will have no effect on the voting results.

Our bylaws provide that directors are elected by a plurality vote of the shares cast at any annual meeting, meaning that in this case, the nine (9) director nominees with the most votes will be elected. Since there are only nine director nominees, these nominees are assured election.

To be approved, Proposal No. 2 must receive "FOR" votes constituting a majority of the votes cast.

For Proposal No. 3, the frequency receiving the highest number of votes cast at the Annual Meeting will be approved as the frequency for holding future advisory votes on executive compensation, even if that frequency does not receive a majority of the votes cast.

To be approved, Proposal No. 4 must receive "FOR" votes constituting a majority of the votes cast by the stockholders.

Proposal Nos. 2, 3 and 4 are submitted to our stockholders on an advisory basis only. The outcome of voting on these proposals will be considered by our Board of Directors but will not be binding on the Company.

Table of Contents

Internet and telephone votes count towards the quorum and towards the various proposals in the matter voted. **Note that to be counted, internet and telephone votes must be cast by 11:59 p.m. EDT on the day before the Annual Meeting.**

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting, and if final voting results are available within four days of the Annual Meeting date, the results will be announced on a current report on Form 8-K that we will file with the Securities and Exchange Commission (the "SEC"). If final voting results are not available within four days of the Annual Meeting, preliminary voting results will be announced in a press release and current report on Form 8-K, and final voting results will be announced when available in an amended report on Form 8-K. The Company's decision with respect to the advisory vote on the frequency of holding future advisory votes on executive compensation will be reported on Form 8-K no later than 150 calendar days after the Annual Meeting but in no event later than 60 calendar days before the deadline for submission of stockholder proposals for the next annual meeting.

Who is paying for this proxy solicitation?

All expenses of the Company in connection with this solicitation of proxies will be borne by the Company. In addition to these mailed proxy materials, our directors, officers and other employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers and other employees will not be paid any additional compensation for soliciting proxies. The Company will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares held of record by such persons and will reimburse such persons and the Company's transfer agent for their reasonable out-of-pocket expenses in forwarding such materials to beneficial owners, but these individuals will receive no additional compensation for these solicitation services.

The distribution and solicitation of proxy materials will also be supplemented through the services of MacKenzie Partners, Inc., a proxy solicitation firm. MacKenzie Partners, Inc. will receive a customary fee, which we estimate will be approximately \$12,500, plus certain other fees for related services and reasonable out-of-pocket expenses.

IF YOU HAVE ANY QUESTIONS OR NEED ASSISTANCE WITH VOTING YOUR SHARES, PLEASE CALL MACKENZIE PARTNERS, INC. TOLL-FREE AT (800) 322-2885.

When are stockholder proposals due for next year's annual meeting?

For a stockholder proposal to be included in our proxy statement and form of proxy for the 2012 annual meeting of stockholders, such stockholder proposal must be received by us no later than the close of business on December 27, 2011. Proposals should be addressed to the Corporate Secretary at the address set forth below. In addition, our bylaws require that we be given advance notice of stockholder nominations for election to the Board and of other business that stockholders wish to present at an annual meeting by February 19, 2012 and no earlier than January 20, 2012. DISCUSSION OF PROPOSALS

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Introduction

Our Board currently has nine (9) members. With the exception of Mr. Peter J. McNierney, each current director is standing for reelection to hold office until the next Annual Meeting of Stockholders. Mr. Thomas J. Hughes, whom the Board recently appointed to serve as our Chief Executive Officer, is standing for election by the stockholders for the first time.

The Board has nominated each of the nominees for election as directors and unanimously recommends that stockholders vote "FOR" the election of these nominees.

On April 18, 2011, the Company entered into an employment agreement with Mr. Hughes, pursuant to which Mr. Hughes will serve as our Chief Executive Officer, effective May 2, 2011. The Board also agreed to nominate Mr. Hughes to serve as a member of our Board. As with our other director nominees, information about Mr. Hughes' business experience is set forth below.

Each of the nominees has consented to serve as a director if elected. Should any nominee for director become unable or unwilling to accept election, proxies will be voted for a nominee selected by the Board, or the size of the Board may be reduced accordingly. The Board does not believe that any of the nominees will be unable or unwilling to serve if elected to office. Any vacancy occurring during the term of office of any director may be filled by the remaining directors for a term expiring at the next meeting of stockholders at which the election of directors is in the regular order of business.

Set forth below is certain information furnished to the Company by the director nominees.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the rules promulgated by the SEC, the Company is required to provide its stockholders with the opportunity to cast an advisory vote on the compensation program for the Company's named executive officers. This proposal is frequently referred to as a "say-on-pay" vote. The Company is presenting the following proposal, which gives stockholders of the Company the opportunity to cast an advisory vote with respect to the compensation program for our named executive officers as described herein. Accordingly, we ask our stockholders to vote, on an advisory basis, on the following resolution.

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the "Compensation Discussion and Analysis," compensation tables and narrative discussion and any related material contained in this Proxy Statement, is hereby APPROVED.

Our stockholders are urged to read the "Compensation Discussion and Analysis" section of this Proxy Statement which discusses our compensation practices and methodologies.

Because this vote is only advisory in nature, it will not be binding on us. Our Board will consider the results of this stockholder vote in determining future compensation programs for our named executive officers. However, these programs may not change even if stockholders vote against this proposal.

The Board unanimously recommends that you vote "FOR" advisory approval of the resolution set forth above.

PROPOSAL NO. 3

**ADVISORY VOTE ON THE FREQUENCY OF
ADVISORY VOTES ON EXECUTIVE COMPENSATION**

Under the rules promulgated by the SEC, we are required to hold at least once every six years an advisory stockholder vote to determine the frequency of the advisory stockholder vote on the compensation of the Company's named executive officers, such as Proposal No. 2 of this proxy statement, for future annual stockholder meetings (or special stockholder meetings for which the Company must include executive compensation information in the proxy statement for that meeting). By voting on this proposal, stockholders may indicate whether they would prefer an advisory vote on the compensation program for our named executive officers once every one, two or three years, or they may abstain from voting.

After careful consideration of this Proposal, our Board of Directors has determined that an advisory vote on executive compensation that occurs every year is currently the most appropriate alternative for the Company so that stockholders may annually express their views on the Company's executive compensation program. Therefore, our Board recommends that you vote to recommend that future advisory votes regarding the compensation program for our named executive officers be held annually. The proxy card provides stockholders with four choices (every one, two or three years, or abstain).

This vote will not be binding on us and is only advisory in nature, and our Board may decide that it is in the best interests of our stockholders and the Company to hold future advisory votes on our compensation programs less frequently than the option recommended. However, our Board will carefully consider the results from our stockholder vote regarding the frequency of advisory votes with respect to the compensation program for our named executive officers in determining whether future votes will be held annually, biennially or triennially.

The Board unanimously recommends that you vote for the frequency of "1 YEAR" with respect to the frequency of holding future advisory votes regarding the compensation of our named executive officers.

Table of Contents**PROPOSAL NO. 4****RATIFICATION OF APPOINTMENT
OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****Introduction**

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011. We are submitting this appointment for stockholder ratification at the Annual Meeting.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from stockholders.

Our organizational documents do not require stockholder ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. We are doing so because we believe it is a matter of good corporate practice. If our stockholders do not ratify the appointment, the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers LLP, but still may retain them. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders. The Audit Committee, or a designated member thereof, has pre-approved each audit and non-audit service rendered by PricewaterhouseCoopers LLP to the Company.

The Board unanimously recommends that the Company's stockholders vote "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011.

Audit Committee Pre-Approval Policies and Procedures

All audit and non-audit services performed for the Company by the Company's independent registered public accounting firm are pre-approved by the Audit Committee. When considering whether

to grant an approval, the Audit Committee considers the nature, scope and fees of the service to be provided to the Company as well as the principles and guidance established by the SEC and Public Company Accounting Oversight Board with respect to auditor independence, including the fact that an auditor cannot (i) function in the role of management; (ii) audit his or her own work; or (iii) serve in an advocacy role for the Company. In so doing, the Audit Committee is permitted to delegate pre-approval authority to one or more of its members, and has delegated such authority to the Audit Committee Chairman. Any pre-approval decisions that are made by the Audit Committee Chairman pursuant to such delegation are discussed at the Audit Committee's next scheduled meeting. The Audit Committee Chairman signs all engagement letters on behalf of the Company with respect to audit or non-audit services. The Audit Committee has not delegated to management its responsibilities to pre-approve services performed by the independent registered public accounting firm.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Ultimate responsibility for management of the Company's business and affairs rests with the Board of Directors. The Board currently consists of nine (9) directors, each serving for a term of one year. The Board has constituted three standing committees, the Audit Committee, the Executive Compensation Committee and the Committee on Directors and Corporate Governance (the "Directors Committee"), and delegated specific governance responsibilities to them. The Board of Directors held fifteen (15) meetings during the Company's fiscal year ended December 31, 2010. The committees of the Board each held the number of meetings noted below under the heading "Committees of the Board of Directors." During 2010, no director attended fewer than 75% of the meetings of the Board or committees, and most directors attended in excess of 90% in each case. Directors are encouraged to attend each annual meeting of stockholders, and all but two of our directors attended last year's meeting either in person or via teleconference.

BOARD LEADERSHIP STRUCTURE

The Board seeks to achieve a leadership structure that most efficiently addresses the purpose and mission of the Company and facilitates the oversight of management's implementation of the Company's plans. The Board believes that its structure:

facilitates the organized flow of information among directors as well as between the Board and management;

encourages active participation by all directors, including the voicing of diverse opinions on important Company subjects;

allows decisive decision-making and implementation; and

enables unambiguous directions to management to carry out Board decisions.

The Company currently operates under a separate Chairman and Chief Executive Officer ("CEO") structure. The Company separated the offices of Chairman and CEO when Mr. McNierney assumed the role of interim CEO in October 2010 to enable Mr. Gleacher to resume his full-time role of supporting the Company's corporate clients on their strategic initiatives. Mr. Gleacher continues to serve as Chairman of the Board of Directors pursuant to his agreement with us. Upon Mr. Hughes' commencement of employment as CEO, we will continue to operate under a separate Chairman/CEO structure. Because Mr. Gleacher serves as an executive officer of the Company and, upon commencement of employment, Mr. Hughes will serve as an executive officer, neither Mr. Gleacher nor Mr. Hughes are or will be independent under applicable rules. The Company does not have a fixed policy with respect to the separation of the roles of Chairman of the Board and CEO. In the past, the Company has operated under both the combined and separated Chairman/CEO structure. The Board believes that the optimal leadership structure in that regard will depend on the business needs of the Company at the time as well as the then-makeup of the Board of Directors. As a result, the Board believes that the Company's leadership structure is likely to evolve with the Company, and the Board intends to reassess and may modify the Company's leadership structure from time to time.

Assuming the election of the directors recommended by the Board, our Board will be comprised of five (5) independent directors and four (4) directors whom the Board has determined are not independent. Two of our directors, Messrs. Patterson and Pechock, are affiliated with MatlinPatterson FA Acquisition LLC ("MatlinPatterson"). As of February 28, 2011, MatlinPatterson controlled 26.94% of our common stock and was our largest stockholder.

Table of Contents

CONTROLLED COMPANY HISTORY

From our recapitalization in 2007 until June 2009, we were a "controlled company" under applicable NASDAQ listing rules due to MatlinPatterson's majority ownership of our outstanding common stock. "Controlled company" status exempted us from certain NASDAQ corporate governance requirements, including requirements that:

a majority of our Board of Directors consist of independent directors;

compensation of officers be determined or recommended to the Board by a majority of its independent directors or by a compensation committee that is composed entirely of independent directors; and

director nominees be selected or recommended by a majority of the independent directors or by a nominating committee composed solely of independent directors.

Following the consummation of the Gleacher transaction on June 5, 2009, we ceased to be a "controlled company," and NASDAQ rules permitted us a one-year phase-in period within which to become fully compliant with its corporate governance requirements. In order to comply with the NASDAQ corporate governance rules, we have appointed independent directors to our committees.

Currently, our Audit Committee and Directors Committee are composed entirely of independent directors, and our Executive Compensation Committee is composed of a majority of independent directors (we do not consider Mr. Patterson to be independent because of his affiliation with MatlinPatterson). Although NASDAQ rules generally require a compensation committee to be wholly independent, there is an exception, for which we believe we qualify, that may be claimed for up to two years that allows one member of a company's compensation committee to be non-independent. For further information on this exception, please refer to our discussion under the heading "Committees of the Board of Directors The Executive Compensation Committee."

DIRECTOR INDEPENDENCE

The Board determined that each of Messrs. Cohen, Gerard, Rohde and Yingling and Dr. Bienen qualify as an "independent director" under the applicable NASDAQ listing standards and in the Company's Corporate Governance Guidelines.

COMMITTEES OF THE BOARD OF DIRECTORS

As described above, the Board of Directors has three standing committees: the Audit Committee, the Executive Compensation Committee and the Directors Committee, each of which operates under a written charter that has been approved by the Board. These charters, as well as our Corporate Governance Guidelines, are posted on our website at www.gleacher.com under the heading "Investor Relations Corporate Governance."

The Audit Committee

The Audit Committee operates pursuant to a written charter that the Audit Committee and the Board reviews each year to assess its adequacy. Our Audit Committee assists the Board of Directors in fulfilling its responsibility to:

oversee the integrity of the Company's financial reporting process, including the financial reports and other financial information provided by the Company to its stockholders, any governmental or regulatory body and the public, or other uses thereof;

assess and, where necessary or desirable, provide for the improvement of the Company's systems of internal accounting and financial controls;

provide for the annual audit of the Company's financial statements by its independent registered public accounting firm (the "Independent Auditor");

evaluate the Independent Auditor's qualifications and independence;

assess and, where necessary or desirable, provide for the improvement of the Company's legal and regulatory compliance practices and policies; and

oversee the Company's management of market, credit, liquidity and other financial and operational risks.

In addition, the Audit Committee has the sole authority and responsibility to appoint, retain (subject to such stockholder ratification as the Company deems desirable), compensate, evaluate and, where appropriate, terminate the Independent Auditor. The Audit Committee also pre-approves all audit, audit-related, and non-audit services, if any, to be provided by the Independent Auditor and also prepares the Audit Committee report required by the rules of the SEC for inclusion in the Company's annual proxy statement.

The Audit Committee is also responsible for overseeing the investigation of any reports made under the Company's Procedures for Reporting Violations of Compliance Standards (the "Reporting Policy"). The full text of the Reporting Policy is available on our website at www.gleacher.com under the heading "Investor Relations Corporate Governance."

Currently, the Audit Committee is comprised of Mr. Yingling, who serves as Chair, and Messrs. Cohen, Gerard and Rohde. Each member of the Audit Committee is an "independent director" as defined in the NASDAQ listing standards and is independent within the meaning of Rule 10A-3 of the rules promulgated by the SEC under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the Company's Corporate Governance Guidelines. The Board has determined that all Audit Committee members are financially literate in accordance with the NASDAQ listing standards. Messrs. Yingling and Rohde are each qualified as an audit committee financial expert within the meaning of Item 401(h) of Regulation S-K under the Exchange Act. The Audit Committee met fourteen (14) times during 2010.

The Audit Committee's procedures for the pre-approval of the audit and permitted non-audit services are described herein under the heading "Proposal No. 4 Ratification of Appointment of Independent Registered Public Accounting Firm Audit Committee Pre-Approval Policy."

The Executive Compensation Committee

The Executive Compensation Committee operates pursuant to a written charter adopted by the Board. The Executive Compensation Committee's primary purpose is to discharge the responsibilities of the Board relating to compensation, such as:

implementing and reviewing executive compensation plans, policies and programs to ensure the attraction and retention of executive officers in a reasonable and cost-effective manner, to motivate their performance in the achievement of the Company's business objectives and to align the interests of executive officers with the long-term interests of the Company's stockholders; and

overseeing generally any other material compensation arrangements applicable to key business employees who are not executive officers.

In carrying out its responsibilities, the Executive Compensation Committee:

develops and approves periodically general compensation policies and salary structures for executive officers of the Company;

Table of Contents

reviews and approves base salaries, salary increases and incentive compensation for, and perquisites offered to, executive officers;

reviews and supervises cash-based, equity-based and other incentive compensation plans; and

reviews and supervises, in coordination with management, the overall compensation policies of the Company.

In addition, the Executive Compensation Committee also prepares its report regarding Compensation Discussion and Analysis included in our proxy statements or annual reports on Form 10-K as required by the rules and regulations of the SEC. The Executive Compensation Committee may form, and delegate authority to, subcommittees when it deems appropriate. During 2010, the Executive Compensation Committee met seventeen (17) times. In December 2010, the Executive Compensation Committee created a subcommittee, named the Equity Grant Subcommittee, which is comprised solely of non-employee directors. This subcommittee has authority to take actions with respect to equity awards that satisfy an exemption under Rule 16b-3 of the rules promulgated by the SEC under the Exchange Act. The current members of this subcommittee are Messrs. Cohen, Gerard and Rohde.

The Executive Compensation Committee has the authority to retain and terminate compensation consultants to assist in the evaluation of executive officer compensation, including sole authority to approve the consultants' fees and other retention terms. The Executive Compensation Committee also has authority to obtain advice and assistance from any officer or employee of the Company or any outside legal expert or other adviser. In 2010, the Executive Compensation Committee retained a compensation consultant, Frederic W. Cook & Co., Inc. ("FW Cook & Co."), to assist the Executive Compensation Committee in fulfilling its responsibilities. At the Executive Compensation Committee's request, FW Cook & Co. assisted management in completing a compensation program risk assessment, assisted in the preparation of the Company's 2010 proxy statement compensation disclosures, conducted a competitive analysis of non-employee director compensation among peer group companies, and assisted with ongoing compensation matters. No other services were provided by FW Cook & Co.

The Executive Compensation Committee is currently comprised of Mr. Gerard, who joined the Board and the Executive Compensation Committee in April 2009 and was at that time elected Chair of the Executive Compensation Committee, and Messrs. Cohen, Patterson and Rohde. Messrs. Cohen, Gerard and Rohde qualify as "independent directors" under the applicable NASDAQ listing standards. Mr. Patterson is the Chairman of MatlinPatterson Global Advisers LLC, an entity affiliated with MatlinPatterson, which in addition to being one of our largest stockholders, has engaged in commercial transactions with us. Consequently, Mr. Patterson is not considered an independent director.

NASDAQ listing standards generally require all members of a listed company's compensation committee to be independent. However, under NASDAQ Rule 5605(d)(3), a NASDAQ-listed company is permitted to have, under limited and exceptional circumstances, one non-independent director on its compensation committee if the Board determines that such membership is in the best interests of the stockholders and the Company. We are applying this exemption to Mr. Patterson. Mr. Patterson's experience as an executive officer of other financial institutions has provided him with valuable insight as to the workings of compensation arrangements. In addition, Mr. Patterson joined the Board during the Company's restructuring and repositioning of its business, and as such, Mr. Patterson brings valuable historical context and continuity to compensation deliberations. Furthermore, given Mr. Patterson's relationship with MatlinPatterson, the Board believes that his interests will be closely aligned to those of the Company's stockholders. As such, the Board has determined that not having Mr. Patterson on the Executive Compensation Committee would be detrimental to our stockholders and the Company and that keeping Mr. Patterson on the Executive Compensation Committee is in the best interests of our stockholders and the Company. Mr. Patterson will not serve as a non-independent

Table of Contents

member of the Executive Compensation Committee longer than permitted under the NASDAQ listing standards.

The Committee on Directors and Corporate Governance

The Directors Committee operates under a written charter adopted by the Board and is guided by the Company's Corporate Governance Guidelines. Responsibilities of our Directors Committee include:

assisting the Board of Directors in developing and implementing policies and procedures intended to assure that the Board, including its standing committees, will be appropriately constituted and organized to meet its fiduciary obligations to the Company and its stockholders on an ongoing basis;

assisting the Board in identifying individuals qualified to become Board members and to recommend director nominees for election; and

periodically reviewing the Company's Corporate Governance Guidelines.

The Directors Committee is comprised solely of "independent directors" under applicable NASDAQ listing standards. Currently, the members of the Directors Committee are Mr. Rohde, who serves as Chair, Dr. Bienen and Messrs. Cohen and Gerard. The Directors Committee held eleven (11) meetings during 2010.

In identifying and recommending nominees for positions on the Board of Directors, the Directors Committee is guided by prescribed criteria set forth in the charter of the Directors Committee and in our Corporate Governance Guidelines. These criteria include, among other things, independence, judgment, business experience, skills and availability. The Directors Committee also takes into account diversity of viewpoints, backgrounds, experiences and other relevant information. In determining whether to recommend a director for reelection, the Directors Committee considers past attendance at meetings and contribution to the activities of the Board and its committees. The Directors Committee also takes into consideration annual self-assessments conducted by the Board and each of its committees to evaluate board performance and identify personal characteristics that could contribute to the Board's effectiveness. These criteria are not applied in a formulaic manner and are not necessarily given equal weight with respect to each candidate. Rather, the Directors Committee considers these criteria in the context of current board composition and the perceived needs of the Company at the time. The Company does not have a formal policy with respect to diversity.

The Directors Committee does not have a separate policy for director recommendations by stockholders, as stockholder recommendations are reviewed in the same manner as those made by the Directors Committee. To recommend a prospective nominee for the Directors Committee's consideration, stockholders should submit the candidate's name and qualifications in writing to the following address: Gleacher & Company, Inc., 1290 Avenue of the Americas, New York, NY 10104, Attn: Corporate Secretary.

BOARD OVERSIGHT OF RISK MANAGEMENT

Management is responsible for the day-to-day management of risk, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management.

The Audit Committee has been designated to take primary responsibility at the board level for overseeing risk management and is responsible for overseeing the Company's management of market, credit, liquidity and other financial and operational risks (including risks arising from employee compensation policies). In this capacity, the Audit Committee defines and prioritizes risks and evaluates the adequacy of the Company's policies and procedures designed to respond to and mitigate risks. The Audit Committee also oversees risk management in the areas of financial reporting, internal controls

Table of Contents

and compliance with legal and regulatory requirements and discusses policies with respect to risk assessment and risk management. In this role, the Audit Committee receives reports from senior management and our Internal Audit, Compliance and Legal departments on a periodic basis. The Audit Committee receives these reports and reports to the full Board.

In addition, the Board, as a whole and through its committees, considers the risks within its areas of responsibilities. For example, the full Board is involved in any strategic, operational and reputational risks and exposures; major litigation and regulatory exposures and other matters that may present material risk to the Company's operations, plans, prospects or reputation, acquisitions and divestitures and senior management succession planning. The Directors Committee assesses risks and exposures related to corporate governance, director succession planning, board organization, membership and structure. The Executive Compensation Committee is also involved in assessing the risks associated with executive compensation programs and arrangements, including incentive plans and the Company's compensation practices and policies generally.

CODE OF BUSINESS CONDUCT AND ETHICS

The Company has a Code of Business Conduct and Ethics (the "Code") applicable to all employees of the Company and members of the Board of Directors. The Code is available on the Company's website at www.gleacher.com. The Company intends to satisfy the disclosure requirements regarding any amendments or waivers to its Code by filing Current Reports on Form 8-K with the SEC.

ANTI-HEDGING POLICY

Our policies regarding trading in our common stock prohibit employees and directors from hedging or otherwise disposing of the economic risk of ownership of our stock other than through a true sale. In addition, employees are prohibited from short-term trading in personal accounts and as a result, they are required to hold purchased stock positions in our common stock for a minimum of 14 days, subject to certain exceptions.

STOCKHOLDER COMMUNICATION WITH DIRECTORS

Stockholders may send communications to one or more members of the Board of Directors by writing to such director(s) or to the whole Board of Directors at the following address: Gleacher & Company, Inc., 1290 Avenue of the Americas, New York, NY 10104, Attn: Corporate Secretary. Any such communications will be promptly distributed by the Corporate Secretary to such individual director(s) or to all directors if addressed to the whole Board of Directors.

(1)

Amounts in this column include cash fees earned by Non-Employee Directors during 2010. In accordance with the Company's non-employee director compensation practice effective as of the 2009 annual meeting, non-employee directors could elect to receive their retainers in the form of cash, restricted stock or options. Messrs. Bienen and Yingling elected to receive their retainers in cash with respect to the twelve months subsequent to the 2010 Annual Meeting (\$50,000 and \$75,000, respectively). Each of these cash payments is reflected in the table above.

(2)

Amounts set forth in the Stock Awards and Option Awards columns represent the grant date fair value of awards made by the Company in fiscal year 2010. Grant date fair value has been determined in accordance with Financial Accounting Standards Board's Accounting Standards Codification Topic 718 "Compensation - Stock Compensation" ("ASC 718"). A discussion of the assumptions used in this valuation with respect to awards made in fiscal year 2010 may be found in Note 18 of the Company's consolidated financial statements for fiscal year 2010 contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2010. The amounts in these columns include: (i) annual grants of \$50,000 in either restricted stock or stock options at the election of the director with respect to services on the Board for the 12 months subsequent to the 2010 Annual Meeting to Dr. Bienen and Messrs. Cohen, Gerard, Rohde and Yingling; and (ii) equity awards made to directors who elected to receive their retainers with respect to the 12 months subsequent to the 2010 Annual Meeting in restricted stock or options as follows: Mr. Cohen, \$65,000 in stock options; Mr. Gerard, \$90,000 in stock options; and Mr. Rohde, \$65,000 in stock options.

(3)

The total stock awards outstanding for each director as of December 31, 2010 is as follows: Dr. Bienen, 5,570; Mr. Yingling, 5,570; and Mr. Mandel, 6,225.

(4)

The total option awards outstanding for each director as of December 31, 2010 is as follows: Mr. Cohen, 81,450; Mr. Gerard, 106,700; and Mr. Rohde, 85,644.

The Company pays Non-Employee Directors an annual cash retainer of \$50,000, an additional annual cash retainer of \$25,000 to the Chair of the Audit Committee and the Chair of the Executive

Table of Contents

Compensation Committee and an additional annual cash retainer of \$15,000 to each member of the Audit Committee (other than the Chair). The directors may elect to receive their retainers in the form of stock options or restricted stock rather than cash. The Company also grants to Non-Employee Directors either an award of stock options worth \$50,000 (as determined by the Board) or \$50,000 of shares of restricted stock as elected by the Non-Employee Director. Directors who are not Non-Employee Directors do not receive any compensation for their service as members of the Board.

In connection with the annual review of director compensation by the Directors Committee, the vesting terms of the Non-Employee Director restricted stock awards and stock options under the Company's 2003 Non-Employee Directors Stock Plan were reviewed. In March 2010, the Directors Committee recommended to the Board, and the Board approved, the following vesting schedules, to be applied retroactively to previously granted Non-Employee Director equity awards and to all future Non-Employee Director equity awards:

stock options to purchase shares of Company common stock vest in twelve equal monthly installments from their original date of grant; and

awards of restricted stock (or restricted stock units ("RSUs") to the extent available under the Director Stock Plan) vest with respect to 50% of the underlying shares of common stock on the date that is six months from their date of grant and with respect to the remaining 50% of the underlying shares of common stock in six equal monthly installments on each monthly anniversary of their date of grant occurring during the seventh through twelfth months following their date of grant.

The application of the foregoing vesting schedules to previously granted awards resulted in the immediate vesting of some awards (or portions thereof) and will result in other awards vesting more quickly than under the original multi-year schedule. The Directors Committee periodically assesses compensation levels for directors and may make changes to elements of the director compensation program in the future.

A description of our employment agreement and related compensation arrangements with Mr. Hughes is set forth under the caption "Narrative Disclosure and Employment Agreements." COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes our compensation policies and decisions, generally and specifically with respect to 2010, as they relate to the Company's executive officers named in the tables below (our "named executive officers" or "NEOs").

Executive Summary

Compensation decisions for our NEOs are made by our Executive Compensation Committee. NEO compensation consists principally of a base salary paid in cash and incentive compensation paid either in cash, equity grants or a combination of cash and equity.

Incentive compensation typically represents a larger compensation opportunity for our NEOs than does salary compensation. As a general matter, the Executive Compensation Committee does not establish formulas for incentive compensation but rather retains full discretion in the amount and type of incentive compensation awarded. In making these decisions, the Executive Compensation Committee applies a pay-for-performance philosophy that considers the performance of the individual executive, the performance of the Company and other factors.

The year 2010 was challenging for us as a result of the volatile financial markets, the continuing adverse impact on the investment banking industry of the 2008 financial crisis and ensuing recession, and significant senior management changes. In addition, the Company's financial performance declined in 2010 compared to 2009.

Despite the difficult business environment and leadership transition, we continued to make progress in 2010. The Company's long-term strategic plan is to build a full-service institutional firm with sufficient capital and a diverse product set. Our NEOs have been charged with implementing this plan and, in 2010, they successfully implemented elements of that plan. We focused on consolidating our principal operations under the "Gleacher" brand. We established the foundation for entering the non-depository residential mortgage lending business and launched that initiative in January 2011 through acquisition. We increased headcount, particularly in our Equities business and consolidated certain of our offices. We also implemented substantial structural changes by reincorporating in Delaware, eliminating our classified board of directors and redeeming our outstanding preferred stock. While we recorded a net loss in 2010, we believe that this resulted principally from investments in our business capabilities at a time of depressed revenue opportunities in the industry, and that, despite 2010's financial results, we are better prepared for the future as a result. These circumstances and achievements were the factors considered by our Executive Compensation Committee in determining NEO compensation for 2010.

The Executive Compensation Committee's primary goals in determining total compensation for 2010 included stabilizing the Company's management team and rewarding the NEOs for a high level of individual performance under demanding circumstances, including establishing a solid business platform on which to build for the future. We discuss these goals and the decision-making process below.

In 2010, the Executive Compensation Committee's decisions were affected by several significant, non-routine factors, which are described below:

We continued the operational and strategic repositioning that began in September 2007 when the Company closed a \$45.8 million capital infusion from an affiliate of MatlinPatterson Global Opportunities Partners II. Following the recapitalization, the Company implemented a restructuring plan, which first involved properly sizing the Company infrastructure, followed by acquisitions and further capital raising. In 2010, we integrated divisions, consolidated certain of our offices to better cross leverage each of our businesses, expanded our Equities business,

Table of Contents

launched a residential mortgage lending initiative and unified our principal operations under the "Gleacher" brand. This long-term project has been undertaken during the most stressful period for our industry in 80 years.

To support our long-term operational and governance objectives, management implemented substantial changes to our organic and governance structure, including reincorporating in Delaware and eliminating the classified structure of our Board of Directors.

We underwent several significant changes in senior management, including the departures of Mr. Fensterstock as our CEO in February 2010 and Mr. Turner as our CFO in March 2010. In response, Mr. Gleacher and Mr. McNierney assumed additional responsibilities in order to maintain management stability and continuity. In addition, Mr. Kugler expanded his role in our finance department by assuming the role of CFO. Ms. Arciero-Craig, our General Counsel, played a key role throughout the year by continuing to manage the legal aspects of these changes while also supervising the day-to-day legal, compliance and internal audit functions.

The management changes that occurred in 2010 particularly affected the Executive Compensation Committee's decisions and influenced its view on individual performance, as well as the process by which incentive compensation decisions were made. As described below, the Executive Compensation Committee set bonus levels for Messrs. Gleacher and McNierney in October 2010 in connection with realignment of their responsibilities. While annual bonuses are normally determined after year-end, the Committee took this action to provide certainty to these NEOs regarding the value it placed on their continued efforts to support the Company during the management transition. In addition to the acceleration of a decision on his annual incentive bonus, Mr. McNierney was awarded an option grant with respect to two million shares of the Company's common stock in November 2010. The Executive Compensation Committee determined that such actions were appropriate and desirable in light of circumstances at the time, including Mr. McNierney's assumption of the duties of CEO. Mr. Kugler and Ms. Arciero-Craig received cash and equity bonuses due to their strong efforts during 2010.

Responsibility for Compensation Decisions

The Executive Compensation Committee is responsible for discharging the responsibilities of our Board relating to compensation and, in particular, for implementing and reviewing executive compensation plans, policies and programs. Our Executive Compensation Committee currently consists of Messrs. Cohen, Gerard (Chair), Patterson and Rohde. Each of these directors is independent, except for Mr. Patterson, who is not viewed by the Board as independent because of his affiliation with MatlinPatterson (a significant stockholder with which we occasionally engage in commercial transactions), although he is not an executive officer or employee of the Company.

Over the years, the Executive Compensation Committee has developed:

a pay-for-performance philosophy for compensating NEOs, which it believes can most effectively motivate our NEOs to make sound business decisions;

a menu of compensation elements, which it can adjust on a per-NEO basis, as well as from year to year, to deliver the compensation package it believes most supportive of achieving our corporate objectives; and

a process for collecting pertinent information, including advice from independent compensation consultants, evaluating such information and ultimately making decisions regarding NEO compensation.

The Executive Compensation Committee reports its decisions regarding NEO compensation to the Board and submits significant and non-routine matters to the Board for deliberation and recommendation. The Executive Compensation Committee also reviews and supervises, in coordination with management, the overall compensation policies for the Company.

Table of Contents

Compensation Philosophy and Objectives

In general, our NEO compensation practices are predicated on a pay-for-performance philosophy. This policy is intended to:

align executive pay with the performance of the NEO and the Company;

provide our NEOs with financial incentives to promote the favorable performance of the Company over the long term;

align the compensation of our NEOs with changes in stockholder value; and

allow us to attract and retain key talent in a keenly competitive business.

Because the Executive Compensation Committee believes that there are multiple, dynamic compensation factors that contribute to success at both the individual and business level, it has generally not adopted strict formulas for NEO compensation. Rather, it relies primarily on a discretionary approach in which it sets executive compensation levels on a case-by-case, year-by-year basis.

Review and Process

In determining compensation of the NEOs, the Executive Compensation Committee considers the following factors, among others:

the individual roles and responsibilities of each NEO;

the degree to which the Company achieved its strategic and financial goals for the year;

how the NEOs contributed to the Company's overall financial and operational performance;

data regarding competitors' pay practices;

any employment agreement or other relevant contractual obligation;

compensation paid to the NEOs in prior years;

changes in stockholder value over time; and

prevailing macro-economic conditions.

In the past, our CEO has typically considered individual NEO performance and provided a compensation recommendation to the Executive Compensation Committee for each NEO, other than himself. With respect to 2010, Mr. Gleacher made a recommendation with respect to Mr. McNierney's compensation, and Mr. McNierney made recommendations with respect to Mr. Kugler and Ms. Arciero-Craig. While the CEO does not make a recommendation with respect to his own compensation, he has historically evaluated his own performance for the year and presented a summary of accomplishments to the Executive Compensation Committee. The Executive Compensation Committee considers this information, along with the other information described above, in making decisions regarding NEO compensation.

Compensation Elements

Compensation for our NEOs consists of the following principal elements:

base salary;

cash bonuses; and

long-term equity incentives.

These compensation elements are described below.

Table of Contents

Base Salaries. Base salaries are set at levels that the Executive Compensation Committee believes are competitive with those of executives in similar positions at comparable financial services companies. Base salaries occasionally are raised as a reward for superior performance, in connection with a promotion or as a means to attract or retain necessary executive talent. The 2010 base salaries of Messrs. Gleacher, McNierney, Fensterstock and Turner were agreed upon in their employment agreements.

Cash Bonuses. Cash bonuses are a form of incentive compensation intended to reward successful achievement of objectives. Cash bonuses for our NEOs are generally not based on specific formulas, but rather are made at the discretion of the Executive Compensation Committee, which considers the factors described above in making decisions.

Long-Term Equity Incentives. Long-term equity incentive awards are designed to focus executives on long-term Company performance, to promote retention and to align a significant component of our NEOs' compensation with changes in stockholder value. Except where an employment agreement provides for a specific grant (as was the case with respect to RSUs granted to Mr. McNierney in January 2010), equity awards are made at the discretion of the Executive Compensation Committee rather than pursuant to specific formulas. Long-term equity incentive awards have historically taken the form of RSUs, restricted stock awards or stock options. The Executive Compensation Committee sets the vesting terms at the time of grant.

The Executive Compensation Committee typically awards incentive compensation awards annually, determining the amount and nature of the award for each NEO shortly after year-end to reflect performance for the most recently completed year. Incentive awards are occasionally made at other times, as in the case of the option grant to Mr. McNierney in November 2010, to address specific circumstances, such as new hires, promotions, retention concerns and other specific corporate objectives. Incentive compensation awards made on the annual cycle are usually comprised of a combination of cash bonuses and long-term equity incentive awards.

In 2010, the Executive Compensation Committee made long-term equity incentive awards on three bases:

RSUs awarded to Mr. Kugler and Ms. Arciero-Craig as a form of payment of annual incentive compensation with respect to their performance in 2010;

RSUs awarded to Mr. McNierney pursuant to his employment agreement; and

a stock option awarded to Mr. McNierney to compensate him for assuming the duties of CEO and to incentivize him to remain focused on his important work in advancing the Company's long-term strategic plan even as the Company considered alternative CEO candidates.

Incentive compensation has historically represented a large portion of total compensation paid to our NEOs. For example, as to NEO compensation paid with respect to 2010 performance, incentive compensation as a percentage of total compensation ranged from 72% to 92%. This practice is designed to provide the Executive Compensation Committee flexibility to vary compensation from year to year to reflect each NEO's and the Company's performance. In addition, a large portion of incentive compensation is typically paid in the form of long-term equity incentive awards that vest over time. This practice is designed to support our objectives of retaining top talent, creating alignment between changes in stockholder value and pay realized by executives and encouraging a long-term focus. The portion of incentive compensation that is paid in equity rather than cash is not predetermined, but rather is determined by the Executive Compensation Committee at the time of grant to reflect a variety of considerations, such as the size of the total award and each NEO's stock ownership level.

Equity-based awards generally are granted as of the date of approval, although the RSUs granted firm-wide to NEOs and other employees in respect of the 2010 annual incentive awards were granted to coincide with the payment date of cash bonuses to our employees generally.

Table of Contents

The amount and mix (cash versus equity) of NEO compensation is also affected by any applicable employment agreements or other contractual obligations. As with most companies in our industry, employment agreements are intended to attract and retain qualified executives who may have other employment opportunities that appear more attractive absent these contracts. The terms of these employment agreements can vary substantially one from another. In particular, the degree to which the Company (and therefore the Executive Compensation Committee) retains discretion over compensation decisions can be a topic of considerable negotiation. However, even where an employment agreement is very formulaic as to future compensation, the Executive Compensation Committee exercises control over that outcome because it would have been responsible for approving such contract. See the discussion under the heading "Narrative Disclosure and Employment Agreements" for more information regarding our employment agreements.

Role of Independent Compensation Consultant

General. The Executive Compensation Committee has historically engaged an independent compensation consultant to advise it and has engaged FW Cook & Co. in recent years, including 2010. During 2010, FW Cook & Co. assisted management in completing a compensation program risk assessment, assisted in the preparation of our 2010 proxy statement compensation disclosures, conducted a competitive analysis of non-employee director compensation among peer group companies, and assisted with ongoing compensation issues. Representatives of FW Cook & Co. attend meetings of the Executive Compensation Committee as requested by the Committee chairman.

FW Cook & Co. has no other financial relationships with the Company and works with management only at the request of the Executive Compensation Committee to obtain data and other information necessary for advising and supporting the Executive Compensation Committee.

2009 Peer Group Analysis. To provide competitive context to the Executive Compensation Committee, in 2009 FW Cook & Co. analyzed executive compensation levels and incentive program structures and design within a peer group of similarly sized, publicly traded investment banking and brokerage firms for the years 2004 through 2008. FW Cook & Co. determined the membership of the peer group with input from the Executive Compensation Committee and management. The peer group consisted of the following companies:

Cowen Group	Jefferies Group	Lazard Ltd.
Evercore Partners	JMP Group	Piper Jaffray
FBR Capital Markets	KBW	Thomas Weisel Partners
Greenhill & Co.	Knight Capital	

FW Cook & Co.'s analysis examined the structure of incentive compensation programs as well as a history of compensation for named executive officers in each of the peer companies. The analysis examined the following:

all components of total direct compensation (base salary, annual incentives and long-term incentives) for the named executive officers among the peer companies for the years 2004 through 2008;

the equity carried interest levels (i.e., stock ownership as a percent of outstanding common shares) for the named executive officers among the peer companies;

the design features of annual and long-term incentive programs of the peer companies;

compensation and benefits expense as a percent of peer company net revenues;

Table of Contents

Company performance versus its peer companies on a variety of bases; and

the aggregate annual share usage, potential share dilution, and economic cost of annual long-term incentive awards as a percent of each peer company's market capitalization and revenues.

The Executive Compensation Committee used the peer group data provided by FW Cook & Co. to gain an understanding of market practices at the time with regard to the design and magnitude of executive compensation. The Executive Compensation Committee did not use this information, either in 2009 or 2010, to directly determine specific compensation levels, nor did it target a specific percentile positioning versus the Company's peers for NEO compensation. In making compensation decisions, the Executive Compensation Committee has considered FW Cook & Co.'s competitive analysis together with the other factors discussed in this Compensation Discussion & Analysis.

The Executive Compensation Committee did not ask FW Cook & Co. to update the peer data for purposes of making 2010 incentive compensation decisions because it believed that the information in the analysis was adequately current for its purposes, based on its knowledge of our industry and associated compensation trends.

Backdrop for 2010 NEO Compensation Decisions

In 2010, several non-routine influences significantly affected decisions made by the Executive Compensation Committee regarding NEO compensation. These influences are summarized below.

Operational and Strategic Repositioning. The last four years have been transformational for the Company. We have substantially repositioned our business by:

raising capital;

eliminating underperforming or non-strategic businesses;

executing a restructuring plan to properly size infrastructure; and

hiring employees for, or acquiring, high-potential business units.

At the direction of the Board and under the management of our NEOs, the Company continued to pursue this strategy in 2010 with a focus on further developing, integrating and utilizing the platform resulting from this restructuring. We added important hires in our Equities business, including in connection with our launch of a specialized equity research group focused on the health care industry and the expansion of our equity trading group generally, and we prepared for the launch in January 2011 of a residential mortgage business initiative through acquisition and consolidated certain of our offices to New York City. Management also rebranded our principal operations under the "Gleacher & Company" brand. These projects required significant time and effort in conceptualizing, designing and implementing.

Changes to Organic and Governance Structure. Our NEOs also focused in 2010 on several major changes to the Company's organic and governance structure. These changes included:

reincorporating the Company from New York to Delaware;

eliminating the classified structure of the Board so that directors are nominated and elected annually instead of on a three-year cycle;

Edgar Filing: GLEACHER & COMPANY, INC. - Form DEF 14A

adopting further changes to our charter and bylaws as a result of analysis of corporate governance trends and related "best practices;" and

consolidating our operations under a unified brand to promote name recognition and capitalize on the Gleacher reputation in investment banking and financial services.

Table of Contents

Also, after financial analysis and negotiation with the holder, in September 2010 we also redeemed our outstanding preferred stock to simplify our balance sheet and eliminate non-tax deductible interest expense.

Each of these initiatives involved time-consuming study and comparative analysis, investigations to determine indirect consequences of these and alternative actions, discussion with our business, legal, governance and financial and accounting functions and advisors to balance the Company's interests, preparing recommendations to the Board and implementing the approved action plans.

Management Restructuring. In 2010, we underwent several significant changes in senior management, as summarized in the following table and further described in the narrative that follows:

Mr. Lee Fensterstock	Former CEO and director; departed in February 2010
Mr. Eric Gleacher	Chairman of the Board; assumed the additional responsibilities of CEO upon the departure of Mr. Fensterstock in February 2010 until October 2010
Mr. Robert I. Turner	Former CFO; departed in March 2010
Mr. Jeffrey H. Kugler	Company Controller; assumed the responsibilities of CFO upon the departure of Mr. Turner in March 2010
Mr. Peter J. McNierney	President and Chief Operating Officer; assumed the additional responsibilities of CEO in October 2010

In order to maintain management stability and continuity upon Mr. Fensterstock's departure from the Company, Mr. Gleacher, who served at that time as our Chairman of the Board, assumed the additional responsibilities of CEO. Mr. Gleacher had joined our Board in June 2009 with the expected duties, in addition to those as Chairman, of supporting the Company's corporate clients on their strategic initiatives. He had not been expected to assume overall management responsibility for the Company.

In October 2010, the Board instituted a search for a permanent CEO, and Mr. Gleacher resumed his full-time, client-oriented role. The Board asked Mr. McNierney, who then served as our President and Chief Operating Officer, and had served as our CEO from June 2006 until September 2007, to act as CEO on an interim basis pending completion of the executive search. The executive search resulted in the appointment of Mr. Hughes as CEO, effective May 2, 2011.

These events presented formidable challenges to the Company, significantly influencing the Executive Compensation Committee's decisions and its views on individual performance, and affected the process in which incentive compensation was awarded. In responding to these challenges, the Executive Compensation Committee and the Board as a whole set as a high priority maintaining a stable management team with the skills, institutional continuity and knowledge and the ability to inspire confidence in the Company's non-executive professionals to drive the Company forward in a critical time in the economic business cycle and an equally critical time in the Company's development.

When Messrs. Fensterstock and Turner left the Company, they each entered into agreements with the Company with respect to post-employment rights and responsibilities. These agreements, described below under the caption "Narrative Disclosure and Employment Agreements," were based generally on these executive's then-existing employment agreements as a construct for severance pay and post-employment benefits.

2010 Financial Results. We recorded disappointing financial results in 2010 compared to 2009 and compared to our financial objectives. For the year ended December 31, 2010, net revenues from continuing operations were \$270.9 million, compared to \$341.8 million for the year ended

Table of Contents

December 31, 2009, primarily due to decreases in revenues in the MBS/ABS & Rates, Corporate Credit and Other segments. The business environment, particularly through the middle half of 2010, was challenging, the investment banking industry continuing to suffer from the lingering effects of the financial crisis of 2008 and the recession that followed. We reported a net loss of \$20.6 million for 2010, compared to net income of \$54.9 million for 2009. In addition to the decrease in our revenues described above, our operating results were impacted by an increase in compensation expense of approximately \$15.6 million directly or indirectly related to the management changes discussed above, as well as non-cash charges of approximately \$6.7 million resulting from changes in our equity compensation program (which were not applicable to any of our NEOs) relating to prior-year equity compensation.

Decisions with Respect to 2010 NEO Compensation

In setting 2010 NEO compensation, the Executive Compensation Committee considered all of the various factors described above. Its decisions, and the rationale for those decisions, are described below.

Base Salary. The 2010 base salaries of Messrs. Gleacher (\$350,000), McNierney (\$300,000), Fensterstock (\$350,000) and Turner (\$250,000) were each prescribed by the terms of their respective employment agreements with the Company. The 2010 base salary of Ms. Arciero-Craig (\$250,000) had been determined previously by the Executive Compensation Committee. Mr. Kugler's base salary in 2010 had also been previously set by the Executive Compensation Committee, and was increased from \$225,000 to \$250,000 subsequent to Mr. Kugler's assumption of the role of CFO.

2010 Annual Incentive Award Determinations. Set forth below is a description of the annual incentive awards made to each NEO with respect to their performance in 2010 and an explanation of the factors considered by the Executive Compensation Committee in making these awards. Other than the Section 162(m) threshold goal described below under the heading "Section 162(m)" below, the Executive Compensation Committee did not condition 2010 annual incentive awards to our NEOs on the achievement of specific corporate objectives, but rather considered the function, responsibilities and contributions of each of our NEOs and exercised discretion in assessing both the contribution potential of each of our NEOs and the extent to which that potential was achieved.

The annual incentive awards described below took the form of cash or cash and RSU grants, in each case paid in February 2011. In accordance with SEC reporting rules, the cash payments are reflected in the Summary Compensation Table for 2010. The RSUs are not reflected in any of the compensation tables for 2010, but rather will be reported in those tables for 2011.

2010 Annual Incentive Awards Mr. Gleacher. Other than with respect to the Section 162(m) threshold goal that was required to be met in order for the NEOs to be eligible for 2010 annual incentive awards, the Executive Compensation Committee did not establish a specific formula to determine the level of the 2010 annual incentive award for Mr. Gleacher. The Executive Compensation Committee considered Mr. Gleacher's overall contributions to the Company in considering his 2010 annual incentive award. The Executive Compensation Committee assigned considerable weight to the increased responsibilities Mr. Gleacher assumed with respect to day-to-day management of the Company upon the departure of Mr. Fensterstock in February 2010. In such position, he had overall responsibility for the Company's operations until he was succeeded as CEO in October by Mr. McNierney, at which time Mr. Gleacher resumed his full-time role of further building our investment banking franchise and advising our corporate clients. The temporary assumption of the position of CEO was a significant departure from expectations when Mr. Gleacher joined the Company

Table of Contents

as Chairman of the Board in June 2009. In addition, the Executive Compensation Committee considered the following factors in determining Mr. Gleacher's 2010 annual incentive award:

Mr. Gleacher's role in the continued development of the Company's long-term strategic plan;

Mr. Gleacher's effective implementation of key steps in that plan;

Mr. Gleacher's management of the other NEOs and his assumption of ultimate responsibility for the performance of the Company;

the Company's overall financial performance; and

Mr. Gleacher's total compensation relative to the historical compensation paid to chief executive officers of our peer companies and general industry practices among comparably sized companies.

The Executive Compensation Committee did not establish a specific weighting for each of the factors listed above, but rather considered all of the factors together. Based on these considerations, the Executive Compensation Committee conditionally awarded Mr. Gleacher a 2010 annual incentive award consisting of a cash bonus of \$3.875 million. Although this determination was conditionally made in October 2010, payment was not made until February 15, 2011. The Executive Compensation Committee has historically made incentive compensation decisions early in the year following the year under consideration. In 2010, however, because of the unusual management changes and the completion of Mr. Gleacher's tenure as CEO, the Executive Compensation Committee determined that it was appropriate to evaluate Mr. Gleacher's performance (and, as discussed below, that of Mr. McNierney) coincident with the transition of responsibilities that occurred in October 2010.

The Executive Compensation Committee did not award Mr. Gleacher equity compensation in respect of his 2010 annual incentive payment because his current equity holdings, representing approximately 11% of our outstanding shares, were deemed sufficient by the Executive Compensation Committee to ensure strong alignment between his interests and those of our stockholders generally.

2010 Annual Incentive Awards Mr. McNierney. Other than with respect to the Section 162(m) threshold goal that was required to be met in order for the NEOs to be eligible for 2010 annual incentive awards, the Executive Compensation Committee did not establish a specific formula to determine the level of the 2010 annual incentive award for Mr. McNierney. To determine Mr. McNierney's 2010 annual incentive award, the Executive Compensation Committee considered the following factors:

the significant increase in responsibilities entailed in assuming the responsibilities of CEO;

Mr. McNierney's individual performance during our 2010 fiscal year, during which he played a pivotal role in designing and implementing key components of the Company's long-term strategic plan, including consolidating and promoting brand identity and expanding the Company's business, acquiring a mortgage origination business and hiring experienced and talented professionals in the Company's business units;

Mr. McNierney's coordination of our operational, financial and legal functions to efficiently achieve these objectives while running the Company's business operations;

the recommendation of Mr. Gleacher;

the Company's overall financial performance; and

the 2009 peer group analysis prepared by FW Cook & Co., as well as an assessment of 2010 performance relative to Mr. McNierney's performance in 2009 and the incentive award made to him in respect of that performance.

Table of Contents

The Executive Compensation Committee did not establish a specific weighting for each factor, but rather considered all of the factors together. Based on these considerations, the Executive Compensation Committee awarded Mr. McNierney a 2010 annual incentive award consisting of a cash bonus of \$1.875 million.

As with Mr. Gleacher, the Executive Compensation Committee made its conditional determination regarding annual incentive compensation for Mr. McNierney in October 2010, coincident with the transition in management responsibilities that occurred at that time. The Executive Compensation Committee believes this was appropriate due to Mr. McNierney's year-to-date contributions to the Company, his continuing dedication to the Company through challenging times and his assumption of the duties of CEO, while the Board considered candidates for the position of CEO.

2010 Annual Incentive Awards Mr. Kugler. Other than with respect to the Section 162(m) threshold goal that was required to be met in order for the NEOs to be eligible for 2010 annual incentive awards, the Executive Compensation Committee did not establish a specific formula to determine the level of 2010 annual incentive awards for Mr. Kugler. The Executive Compensation Committee considered the following factors in setting Mr. Kugler's 2010 annual incentive compensation:

Mr. Kugler's individual performance during our 2010 fiscal year, including overseeing significant improvements to the Company's financial reporting, risk oversight and liquidity and capital management processes;

the recommendation of Mr. McNierney;

the Company's overall financial performance; and

Mr. Kugler's total cash compensation and long-term equity compensation relative to the historical compensation paid to chief financial officers of our peer companies and general industry practices among comparably-sized companies.

As with our other NEOs, the Executive Compensation Committee did not establish a specific weighting for each factor, but rather considered all of the factors together. Based on these considerations, the Executive Compensation Committee awarded Mr. Kugler a 2010 annual incentive award valued at \$650,000, consisting of a \$450,000 cash bonus and \$200,000 in the form of a long-term equity incentive award. The Equity Grant Subcommittee of the Executive Compensation Committee determined that the portion of the 2010 annual incentive award to be paid in the form of equity should be granted in the form of RSUs vesting in equal installments on each of the first three anniversaries of the date of grant. The number of shares subject to this grant was calculated by dividing the intended dollar value of the grant by the fair market value of the Company's common stock on the date of grant. The Executive Compensation Committee believed that, given Mr. Kugler's total compensation, the allocation of his 2010 annual incentive award between cash and equity (with approximately 31% of the award made in equity) was appropriate.

2010 Annual Incentive Awards Ms. Arciero-Craig. Other than with respect to the Section 162(m) threshold goal that was required to be met in order for the NEOs to be eligible for 2010 annual incentive awards, the Executive Compensation Committee did not establish a specific formula to determine the level of 2010 annual incentive awards for Ms. Arciero-Craig. The Executive Compensation Committee considered the following factors in setting Mr. Arciero-Craig's 2010 annual incentive compensation:

Ms. Arciero-Craig's individual performance during our 2010 fiscal year, including her role in managing the legal aspects of the significant changes to the Company's organic and governance structure executed in 2010, as well as managing the Company's compliance and internal audit

Table of Contents

departments through a period of substantial Company growth in an environment of increasing regulatory complexity;

the recommendation of Mr. McNierney;

the Company's overall financial performance; and

Ms. Arciero-Craig's total cash compensation and long-term equity compensation relative to the historical compensation paid to the general counsels of our peer companies and general industry practices among comparably-sized companies.

As with our other NEOs, the Executive Compensation Committee did not establish a specific weighting for each factor, but rather considered all of the factors together. Based on these considerations, the Executive Compensation Committee awarded Ms. Arciero-Craig a 2010 annual incentive award valued at \$650,000, consisting of a \$450,000 cash bonus and \$200,000 in the form of a long-term equity incentive award. The Equity Grant Subcommittee of the Executive Compensation Committee determined that the portion of the 2010 annual incentive award to be paid in the form of equity should be granted in the form of RSUs vesting in equal installments on each of the first three anniversaries of the date of grant. The number of shares subject to this grant was calculated by dividing the intended dollar value of the grant by the fair market value of the Company's common stock on the date of grant. The Executive Compensation Committee believed that, given Ms. Arciero-Craig's total compensation, the allocation of her 2010 annual incentive award between cash and equity (with approximately 31% of the award made in equity) was appropriate.

2010 Annual Incentive Awards Messrs. Fensterstock and Turner. Neither Mr. Fensterstock nor Mr. Turner was granted any incentive compensation in respect of 2010.

Additional Long-term Equity Incentive Awards. Mr. McNierney was awarded a long-term equity incentive award in the form of 125,000 RSUs on January 1, 2010 pursuant to his September 2007 employment agreement (which has expired see the discussion under the heading "Narrative Disclosure and Employment Agreements" below), representing the last scheduled award under his employment agreement.

In addition, in November 2010 the Executive Compensation Committee awarded Mr. McNierney an option grant with respect to two million shares of the Company's common stock having a grant date fair market value of \$3.1 million. The Executive Compensation Committee concluded that this long-term equity incentive award was necessary and appropriate in light of Mr. McNierney's assumption of the duties of CEO, while the Board considered candidates (including Mr. McNierney) for the position.

Relative 2010 Compensation between NEOs. In 2010, as in prior years, there were considerable differences in the compensation paid to our NEOs. The reasons for these differences are described below.

Messrs. Gleacher and McNierney each received compensation in respect of their services to the Company in 2010 that significantly exceeded the compensation paid to our two other NEOs, Ms. Arciero-Craig and Mr. Kugler. In 2010, Messrs. Gleacher and McNierney at different times assumed responsibility as our CEO. Throughout the year, in their capacities as CEO, Chief Operating Officer and executive Chairman of the Board, these officers shared ultimate responsibility for managing the Company through the departure of our previous CEO and CFO and maintaining management and operational stability during a challenging year while nevertheless achieving numerous strategic objectives. They were also responsible for directing and overseeing the performance of our other NEOs. Mr. Gleacher assumed this role, which departed substantially from his expected role with the Company, on short notice. For these reasons, our Executive Compensation Committee determined that these two NEOs merited significantly greater compensation than our other NEOs.

Table of Contents

Mr. Gleacher received a cash bonus with respect to 2010 of \$3.875 million, which exceeded Mr. McNierney's cash bonus of \$1.875 million. Considering only base salary and cash incentive compensation, Mr. Gleacher, as both our executive Chairman and CEO for most of the year, was paid significantly more than Mr. McNierney with respect to 2010 performance. However, the grant date fair market value of the option awarded to Mr. McNierney in November 2010 was such as to provide to him an overall compensation package in excess of Mr. Gleacher's. The Executive Compensation Committee did not have any preconceived view as to which of Messrs. Gleacher and McNierney should receive more compensation. Rather, its decisions were made on an NEO-by-NEO basis, considering the unique circumstances at the time, including all of the factors described above. Mr. McNierney's critical role in further advancing the Company's long-term strategic plan, and his role in providing institutional cohesiveness and knowledge, among other factors, led the Executive Compensation Committee to conclude that a long-term equity incentive award for Mr. McNierney was appropriate and desirable at the time that the option was awarded to Mr. McNierney.

Mr. Kugler and Ms. Arciero-Craig received compensation that was less than that paid to Messrs. Gleacher and McNierney due largely to the fact that their responsibilities are inherently more limited in the breadth of Company functions for which they are accountable.

While these considerations impacted the 2010 compensation of our NEOs, the Executive Compensation Committee has substantial discretion in setting compensation for 2011 and beyond and may place greater weight on different criteria in the future.

Section 162(m)

Section 162(m) of the Internal Revenue Code generally permits a tax deduction to public corporations for compensation over \$1 million awarded in any fiscal year to a corporation's chief executive officer and certain other highly compensated executive officers only if the compensation qualifies as being performance-based under Section 162(m). We endeavor to structure our compensation policies to qualify as performance-based under Section 162(m) whenever it is reasonably possible to do so while meeting our compensation objectives. To ensure that annual incentive awards for 2010 would be considered performance-based compensation under Section 162(m) (and therefore tax-deductible to the Company), the Executive Compensation Committee established a threshold performance goal for each NEO under the 2007 Incentive Compensation Plan (the "ICP"). As a pre-requisite to paying 2010 annual incentive awards to our NEOs, the Company had to achieve net revenues for the year ended December 31, 2010 in excess of \$150 million.

The Board and the Executive Compensation Committee reserve the authority to award nondeductible compensation to executive officers in appropriate circumstances. In addition, it is possible that some compensation paid pursuant to certain equity awards that have already been granted may be nondeductible as a result of Section 162(m).

The Gleacher Employment Agreement provides that Mr. Gleacher will be employed for a three-year term commencing on June 5, 2009, automatically extended for one additional year upon the third anniversary of the effective date without any affirmative action, unless either party to the agreement provides at least six months' advance written notice to the other party that the employment period will not be extended. In addition, during the three-year term, when he is up for election, the Board shall nominate him for election as a member of the Board and he shall serve as Chairman of the Board. In connection with the Gleacher Employment Agreement, the Company and Mr. Gleacher entered into a non-competition and non-solicitation agreement containing provisions regarding confidentiality, non-solicitation and other restrictive covenants.

On October 27, 2010, the Company and Mr. Gleacher entered into a letter agreement (the "Gleacher Letter Agreement"), pursuant to which Mr. Gleacher continued as Chairman and Mr. McNierney assumed the additional office of interim CEO. The Gleacher Letter Agreement provides that in connection with these changes and subject to the achievement of the pre-established Company performance goal approved by the Executive Compensation Committee, Mr. Gleacher was entitled to receive a cash bonus award of \$3.875 million, to be paid (less applicable tax withholding) at such time as annual cash bonuses are paid to other executive officers of the Company, provided that the amount of such cash award will not exceed (i) the applicable percentage of the Company's net revenues for 2010 as approved by the Executive Compensation Committee, or (ii) the applicable

limitations set forth in the Company's incentive compensation plan. This payment was made in full in February 2011.

McNierney Employment Agreement. Mr. McNierney and the Company were parties to an employment agreement that became effective September 21, 2007 and expired September 21, 2010 (the "McNierney Employment Agreement"). This agreement provided that Mr. McNierney would be:

President and Chief Operating Officer of the Company, appointed to the Board of Directors and thereafter nominated for election to the Board whenever his seat came up for reelection;

Under the McNierney Employment Agreement, the Company granted to Mr. McNierney RSUs in respect of 600,000 shares of the Company's common stock (vesting over a three-year period) as well as subsequent grants of RSUs in respect of an aggregate of 500,000 shares of common stock, over a period commencing on June 30, 2008 and ending January 1, 2010 (each such grant vesting over a three-year period, subject to Mr. McNierney's continued employment with the Company on such dates). The McNierney Employment Agreement also provided for tax gross-up payments for any excise taxes he might incur as a result of payments made to him in connection with a change in control.

On September 21, 2010, the McNierney Employment Agreement expired, and the Company entered into a letter agreement with Mr. McNierney (the "McNierney Continued Employment Letter Agreement"). Pursuant to this agreement, all RSUs and stock options to acquire shares of Company common stock held by Mr. McNierney that were unvested as of September 21, 2010 vested and became non-forfeitable as of such date. The McNierney Continued Employment Letter Agreement also rolled forward a severance payment obligation to Mr. McNierney contained in the McNierney Employment Agreement under this arrangement. Upon any termination of Mr. McNierney's employment, he is entitled to receive a lump-sum cash severance payment of \$756,000.

The McNierney Continued Employment Letter Agreement also reaffirmed the continuing applicability of the confidentiality, non-competition and non-solicitation provisions contained in the McNierney Employment Agreement. Fensterstock Employment Agreement. The Company entered into an employment agreement with Mr. Fensterstock, effective September 21, 2007 (the "Fensterstock Employment Agreement"), as amended on August 21, 2009. Under the agreement, as amended, Mr. Fensterstock was entitled to receive an annual base salary of \$350,000 and to participate in the Company's annual bonus pool, pursuant to a specific bonus formula for 2009. Based on the 2009 amendment to Mr. Fensterstock's employment agreement, the Executive Compensation Committee determined that Mr. Fensterstock's 2009 annual incentive formula should be based on a percentage of the Company's pre-tax income before bonuses for the Company's NEOs. The formula, which was based on various levels of pre-tax return on equity ("ROE"), provided for no bonus if ROE was below 8% and a bonus of up to 12% of pre-tax income before bonuses for the Company's NEOs if ROE exceeded 20%. The Executive Compensation Committee had the right to adjust the dollar amount finally determined pursuant to the foregoing formula up or down by as much as 20%, with any upward adjustment to be subject to certain limits. Any 2009 bonus was to be payable in equal amounts of cash and RSUs, provided that, subject to the applicable annual share limit in the ICP, once cash payments in respect of the 2009 bonus reached \$3.5 million (including Mr. Fensterstock's 2009 base salary), the balance of Mr. Fensterstock's 2010 bonus would be paid solely in RSUs.

The Fensterstock Employment Agreement, as amended, also provided Mr. Fensterstock with a grant of RSUs in respect of 1,000,000 shares of the Company's common stock (10% of which vested on the effective date of the Fensterstock Employment Agreement and 30% of which vests on each of the first, second and third anniversaries of such effective date, subject to Mr. Fensterstock's continued employment with the Company on such dates), as well as subsequent grants of RSUs in respect of up to 1,000,000 shares of the Company's common stock, to be made over a period commencing on June 30, 2008 and ending January 1, 2010 (with one-third of each such grant vesting on each of the first, second and third anniversaries of the grant date, subject to Mr. Fensterstock's continued employment with the Company on such dates). The Fensterstock Employment Agreement, as amended, provided Mr. Fensterstock with an additional grant of RSUs in respect of 832,147 shares of the Company's common stock on August 21, 2009 (with one-third vesting on each of the first, second and third anniversaries of the grant date, subject to Mr. Fensterstock's continued employment with the Company on such dates). Mr. Fensterstock was also entitled to tax gross-up payments for any excise taxes he incurred as a result of payments made to him in connection with a change in control.

Mr. Fensterstock departed from the Company as its CEO on February 21, 2010. In connection with Mr. Fensterstock's departure, the Company and Mr. Fensterstock entered into the Fensterstock Letter Agreement regarding the terms of Mr. Fensterstock's departure. Pursuant to the Fensterstock Letter Agreement, Mr. Fensterstock's departure was treated by the Company as a termination without cause. In connection with his departure, Mr. Fensterstock generally was entitled to 12 months of continued base salary and health care benefits, the outstanding equity award agreements governing Mr. Fensterstock's outstanding RSUs provide for the continued vesting of such awards and Mr. Fensterstock's outstanding unvested stock options became immediately exercisable. Pursuant to the Fensterstock Letter Agreement, Mr. Fensterstock was prohibited from competing with the Company through February 21, 2011, subject to limited exceptions. Mr. Fensterstock's severance benefits and his rights in connection with the equity incentive awards were conditioned upon his continued compliance with certain post-employment restrictive covenants set forth in his employment agreement and the noncompetition restriction contained in the Fensterstock Letter Agreement. For further information regarding the Fensterstock Employment Agreement, as amended, and the Fensterstock Letter Agreement, see the discussion under the heading "Potential Payments Upon Termination or Change in Control" below.

Turner Employment Agreement. On March 14, 2008, the Board of Directors appointed Robert I. Turner as CFO of the Company, effective March 31, 2008. In connection with Mr. Turner's appointment, the Company entered into a letter agreement (the "Turner Employment Agreement") and a non-compete and non-solicit agreement with him. Under the Turner Employment Agreement, Mr. Turner was entitled to receive a base salary of \$250,000 per year and, to the extent he remained

employed by the Company, subject to annual reviews for possible increases. Mr. Turner was eligible for annual discretionary bonuses and was entitled to participate in the Company's standard employee benefit, perquisite and fringe benefit plans, programs and arrangements available to senior officers of the Company. Mr. Turner received 450,000 RSUs upon his appointment (20% of which vests on each of the first five anniversaries of such effective date, subject to Mr. Turner's continued employment with the Company on such dates).

Mr. Turner departed from the Company as its CFO on March 31, 2010. In connection with Mr. Turner's departure, the Company and Mr. Turner entered into the Turner Letter Agreement regarding the terms of Mr. Turner's departure. In connection with his departure, Mr. Turner generally was entitled to 12 months of continued base salary and health care benefits, and for purposes of the award agreements governing his outstanding RSUs, Mr. Turner's termination of employment was treated as a termination not for cause. For further information regarding the Turner Employment Agreement and the Turner Letter Agreement, see the discussion under the heading "Potential Payments Upon Termination or Change in Control" below.

Mr. Hughes Employment Letter. On April 18, 2011, the Company entered into an employment letter with Mr. Hughes to serve as the Company's CEO. The letter is for a term of three years, starting on May 2, 2011. The Company also agreed to nominate Mr. Hughes to our Board of Directors while he is employed as CEO during his employment term. Our proposal for his election to the Board, and related information regarding Mr. Hughes, is included elsewhere in this proxy statement.

During the term, the Company will pay Mr. Hughes an annual base salary of \$750,000, and he will be eligible for an annual incentive bonus to be determined by the Executive Compensation Committee, based on achievement of performance goals set by the Committee and the terms of the Company's incentive plan. Any annual bonus awarded will be payable in a combination of cash and equity awards, with up to \$250,000 of any such bonus to be paid in cash and the balance to be satisfied through the grant of equity awards in respect of the Company's common stock. During the term, Mr. Hughes is entitled to employee and fringe benefits on the same basis as provided to our other senior executives from time to time.

As an inducement to commence employment with the Company, the Company will grant to Mr. Hughes the following equity awards:

stock options to purchase 3,000,000 shares of our common stock, with a per share exercise price equal to the fair market value of a share of our common stock on the date of grant, vesting in three equal installments on each of the first three anniversaries of the date of grant subject to his continued employment (except as described below) and having a six-year term; and

RSUs with respect to 1,000,000 shares of our common stock, vesting in three equal installments on each of the first three anniversaries of the date of grant subject to his continued employment (except as described below) and settling when and as they vest.

Stock options in respect of 2,000,000 shares of our common stock are being granted under the Company's 2007 Incentive Compensation Plan, and the RSUs and stock options in respect of 1,000,000 shares of our common stock are being granted pursuant to the "employee inducement" award exception of the NASDAQ rules. The unvested portion of the stock option awards and the restricted stock unit award will vest in full upon Mr. Hughes' termination of employment due to his death or "Disability," a resignation by him for "Good Reason" or a termination by the Company without "Cause" during the two-period following a "Change in Control" of the Company. "Change in Control," "Good Reason" and "Cause" have specific meanings defined in the employment letter.

If, prior to a Change in Control, Mr. Hughes' employment is terminated by the Company other than for Cause, death or Disability or he resigns for Good Reason, he will be entitled to continue to receive his base salary for one year following his termination. If, during the two-year period following a Change in Control, Mr. Hughes' employment is terminated by the Company other than for Cause,

death or Disability or he resigns for Good Reason, he will be entitled to receive an amount equal to 1.5 times the sum of his base salary and the amount equal to 125% of his base salary, payable in equal installments over the one-year period following his termination. Mr. Hughes' right to receive termination benefits are subject to his signing a release of claims in our favor and continued compliance with the restrictive covenants contained in the employment letter.

Under the employment letter, Mr. Hughes is subject to confidentiality obligations and, for one year after any termination of his employment with the Company, non-competition, customer non-solicitation and employee non-solicitation and no hire obligations.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

As part of our executive compensation program, we have entered into agreements with our NEOs that provide for cash payments and other benefits upon termination of employment with us or a change in control of the Company. Whether, what type, and how significant the benefit is depends generally on the circumstances surrounding the triggering event. We do not provide special change in control benefits to our NEOs, except that in the case of Mr. Gleacher, if a "Change in Control" occurs and he does not continue thereafter as Chairman, Mr. Gleacher may terminate his employment for "Good Reason," which imparts certain rights as set forth below.

The following tables set forth the estimated values of benefits payable to our NEOs upon termination of employment under the circumstances indicated in the table. In accordance with the SEC rules, we have assumed that the triggering event occurred on December 31, 2010, except for Messrs. Fensterstock and Turner, where we used data from their actual dates of departure from the Company (February 21, 2010 and March 31, 2010, respectively). Calculations involving the market price of our common stock were based on the closing price of our common stock on December 31, 2010, which was \$2.37 per share. We calculated the cash-out value for restricted stock or RSUs on the basis of the closing price of our common stock on December 31, 2010. For employee stock options, we calculated the cash-out value as the option's intrinsic value (equal to the excess of the closing price of our common stock on December 31, 2010 over the exercise price, multiplied by the number of shares covered by the option). Options with a zero or negative intrinsic value were assigned a zero value.

Mr. Gleacher

Triggering Event	Severance Payment (\$)	Cash-Out Value of Equity-Based Awards that Vest as a Result of Triggering Event (\$)	Value of Benefit Continuation (\$)	Gross-Up Payment (\$)
Termination without Cause	\$ 350,000(1)	\$	\$ 12,896	\$ (3)
Termination by Executive for Good Reason		(2)		(3)
Termination for Cause				
Termination Death/Disability		(2)		

- (1) In addition to the sums provided, Mr. Gleacher would be eligible for a pro-rated, discretionary bonus for the fiscal year in which the twelve month period following his termination with the Company ends.
- (2) In addition to any accrued but unpaid base salary and any accrued benefits through the effective date of termination, Mr. Gleacher would be eligible for a pro-rated, discretionary bonus for the fiscal year in which termination occurs.
- (3) Gross-up payments are paid in the event that Mr. Gleacher becomes subject to the excise tax under Section 4999 of the Internal Revenue Code. Payments are intended to place Mr. Gleacher in the same after-tax position as if no such excise tax had been imposed. There would have been no gross-up payment based on a December 31, 2010 triggering event.

Gleacher Agreement. Pursuant to the Gleacher Employment Agreement, "Cause" is defined as (i) the executive's conviction of, or plea of guilty or "no contest" to, a felony, (ii) the executive's conviction of, or plea of guilty or "no contest" to, a violation of criminal law involving our business, (iii) the executive's commission of an act of fraud or theft, or material dishonesty in connection with his performance of duties; (iv) the executive's willful refusal or gross neglect to perform the duties reasonably assigned to him and consistent with his position or otherwise to comply with the material terms of his employment agreement, which refusal or gross neglect continues for more than fifteen days after the executive receives written notice thereof providing reasonable detail of the asserted refusal or gross neglect (and which is not due to a physical or mental impairment); or (v) the executive's breach of any material term of the non-competition agreement or any other material agreement between the executive and us which breach continues for more than five days after the executive receives written notice thereof providing reasonable detail of the asserted breach.

Table of Contents

"Good Reason" is defined in the Gleacher Employment Agreement as (i) failure by the Company to perform fully the terms of the employment, or any plan or agreement referenced in the employment agreement, other than an immaterial and inadvertent failure not occurring in bad faith and remedied by the Company promptly (but not later than five days) after receiving notice thereof from the executive; (ii) any reduction in the executive's base salary or failure to pay any bonuses or other material amounts due under the employment agreement in accordance therewith; (iii) the assignment to the executive of any duties inconsistent in any material respect with his position or with his authority, duties or responsibilities during the period required by the employment agreement, or any other action by us which results in a diminution in such positions, authority, duties or responsibilities, excluding for this purpose any immaterial and inadvertent action not taken in bad faith and remedied by the Company promptly (but not later than ten days after receiving notice from the executive); (iv) any change in the place of the executive's principal place of employment to a location outside New York City; and (v) any failure by the Company to obtain an assumption and agreement to perform the employment agreement by a successor to the Company; or (vi) a Change in Control of the Company or Gleacher Securities occurs and the executive does not continue thereafter as Chairman of the Company.

Under Mr. Gleacher's Employment Agreement, a "Change in Control" of the Company, as applicable, shall be deemed to have occurred if after the effective date of the agreement: (i) any person, shall become the "beneficial owner" (as defined under the Exchange Act), directly or indirectly, of securities of the Company or Gleacher Securities, as applicable, representing 35% or more of either (1) the combined voting power of the then-outstanding voting securities or (2) the then-outstanding shares of all classes of equity securities of such entity; (ii) the members of the Board of Directors of the Company, at the beginning of any consecutive 24-calendar-month period commencing on or after the date of the agreement, cease to constitute at least a majority of the members of such Board (with certain exceptions); (iii) (1) the consummation, directly or indirectly, of any consolidation or merger of, or other business combination transaction or reorganization involving the Company or any of its significant subsidiaries, unless following such transaction the stockholders of the Company as of immediately before such transaction continue to own, immediately after consummation of such transaction, equity securities representing more than 65% of the then-outstanding voting securities and other equity interests of the surviving or resulting entity in substantially the same proportions as their ownership immediately prior to such transaction and such stockholders continue to have the power to elect at least a majority of the board of directors of such surviving or resulting entity, (2) the consummation, directly or indirectly, of any sale, lease, exchange or other transfer of all or substantially all of the assets or equity interests of the Company or any of its significant subsidiaries unless the stockholders of the Company as of immediately before such transaction continue to own, immediately after consummation of such transaction, equity securities of the acquiring corporation representing more than 65% of the voting securities and other equity interests of the acquiring company in substantially the same proportions as their ownership immediately prior to such transaction and such stockholders have the power to elect at least a majority of the board of directors of such acquiring entity, or (3) the consummation or approval by stockholders of any plan or proposal for the liquidation or dissolution of the Company or Gleacher Securities, as applicable; or (iv) the consummation of any consolidation, merger, sale or other business combination transaction as a result of which the business conducted previously by Gleacher Partners, Inc. is sold, transferred or otherwise conveyed to any person other than the Company and its subsidiaries.

The Gleacher Employment Agreement provides that upon termination of employment, Mr. Gleacher will be entitled to certain payments or benefits, the amount of which depends upon the circumstances of termination: If Mr. Gleacher terminates his employment without Good Reason, Mr. Gleacher will be entitled to any unpaid base salary and unpaid benefits and any earned but unpaid bonus and continued vesting or forfeiture, in accordance with the schedules provided in the award agreements, of any equity compensation awards granted to him prior to termination. In the event of

the termination of his employment by the Company without Cause, he will receive his base salary for twelve months following termination; a prorated bonus for the fiscal year in which the twelve-month base salary continuation period ends; continuation of health insurance coverage paid by the Company for twelve months following termination; any earned but unpaid bonus; and, if he executes a settlement and release agreement, continued vesting, in accordance with the schedules provided in the award agreements, of any equity compensation awards granted to him prior to termination. If Mr. Gleacher terminates his employment for Good Reason or if his employment is terminated following (and due to) the expiration of the Gleacher Employment Agreement, he will be entitled to any unpaid base salary and unpaid benefits; any earned but unpaid bonus; a pro-rated bonus for the year in which termination occurs; and continued vesting or forfeiture in accordance with the schedules provided in the award agreements of any equity compensation awards granted to him prior to termination. If Mr. Gleacher is terminated by the Company for Cause, he will be entitled to any unpaid base salary and unpaid benefits and any earned but unpaid bonus. Following the termination of Mr. Gleacher's employment for any reason, he must resign any and all officerships and directorships he then holds with the Company, Gleacher Securities and any of their affiliates. In the event of Mr. Gleacher's death or disability, he will be entitled to receive any unpaid base salary and unpaid benefits, a pro rated bonus for the fiscal year in which termination occurs and any other earned but unpaid bonus and continued vesting or forfeiture, in accordance with the schedules provided in the award agreements, of any equity compensation awards granted to him prior to termination. The Gleacher Employment Agreement provides that, in the event that Mr. Gleacher becomes subject to the excise tax under Section 4999 of the Internal Revenue Code, he will be entitled to an additional payment such that he will be placed in the same after-tax position as if no such excise tax had been imposed. The Company believed it necessary to provide Mr. Gleacher with these protections in order to secure his employment as a senior member of the Investment Banking Division of the Company, and in light of his anticipated contributions to the future success of the Company.

(2) Options to purchase 1,350,000 shares of the Company's common stock held by Mr. McNierney are subject to accelerated vesting upon his death or disability. Acceleration is conditioned, in the case of disability, on execution by Mr. McNierney of a release agreement containing nonsolicit and confidentiality covenants that apply for twelve months post-termination. Because the exercise price for these options was above the fair market value of our common stock as of December 31, 2010, under the SEC rules we assign these options no cash-out value for purposes of this table. Mr. McNierney's other equity awards are fully vested, although subject to conditions on exercisability and forfeiture under certain circumstances.

- (3) In addition to the sums provided, in the case of a termination without Cause (as defined below) on or after January 1, 2011, Mr. McNierney will be eligible for a pro-rata bonus for the fiscal year in which the date of termination occurs.
- (4) Vested options related to the 1,350,000 option grant will remain exercisable for the remainder of the term and unvested options will continue to vest in accordance with their original grant terms on the condition that Mr. McNierney executes a release agreement containing nonsolicitation and confidentiality covenants, which apply for twelve months post termination, in each case unless a subsequent forfeiture event occurs, in accordance with the schedules provided in the award agreements. The 650,000 option grant remains exercisable for the remainder of the term and is not subject to forfeiture or post termination covenants.
- (5) Vested options related to the 1,350,000 option grant will remain exercisable for a 90-day period after termination date and unvested options are forfeited. The 650,000 option grant will remain exercisable for the remainder of the term and is not subject to forfeiture or post termination covenants.
- (6) Vested options will remain exercisable for a 90-day period after termination date and unvested options are forfeited.

McNierney Agreements. Under the McNierney Continued Employment Letter Agreement, "Cause" is defined as: (i) the executive's conviction of, or plea of guilty or "no contest" to, any felony; (ii) the executive's conviction of, or plea of guilty or "no contest" to, a violation of criminal law involving the Company and its business; (iii) the executive's commission of an act of fraud or theft, or material dishonesty in connection with his performance of duties to the Company; or (iv) the executive's willful refusal or gross neglect to perform the duties reasonably assigned to him and consistent with his position with the Company or otherwise to comply with the material terms of the McNierney Continued Employment Letter Agreement, which refusal or gross neglect continues for more than fifteen (15) days after he receives written notice thereof from the Company providing reasonable detail of the asserted refusal or gross neglect (and which is not due to a physical or mental impairment). In the event of the termination of his employment by the Company without Cause, Mr. McNierney will receive his base salary and continuation of health insurance coverage paid by the Company for twelve months following termination of employment. In addition, Mr. McNierney will be eligible for a pro-rated bonus for the fiscal year in which the date of termination occurs.

Upon any termination of his employment with us, Mr. McNierney is entitled to a severance payment equal to \$756,000, which is the difference between \$1.8 million and the aggregate "fair market value" (based on the closing price of a share of Company common stock on September 21, 2010, \$1.74) of 600,000 shares of Company common stock.

The stock option agreements entered into between the Company and Mr. McNierney on November 10, 2010 (the "McNierney Stock Option Agreements") provide that in the event of Mr. McNierney's termination from the Company without Cause, or if Mr. McNierney terminates his employment for Good Reason (as defined below), Mr. McNierney's stock options, to the extent not yet vested, will continue to vest in accordance with the schedule provided in the applicable McNierney Stock Option Agreements, on the condition that Mr. McNierney executes a release agreement. "Good Reason" is defined for purposes of the McNierney Stock Option Agreements as: (i) any reduction in the executive's base salary or failure to pay any bonuses due the executive; (ii) the assignment to the executive of any duties inconsistent in any material respect with his position or with his authority, duties or responsibilities as President and Chief Operating Officer, or any other action by Company which results in a diminution in such position, authority, duties or responsibilities, or reporting relationship, excluding for this purpose any immaterial and inadvertent action not taken in bad faith and remedied by Company promptly (but not later than ten days after receiving notice from the

executive); and (iii) any change in the place of the executive's principal place of employment to a location outside New York City.

On April 18, 2011, Mr. McNierney indicated his intention to resign from the Company on May 2, 2011, the date Mr. Hughes is to start as our Chief Executive Officer. We and Mr. McNierney have agreed that in connection with this separation we will pay Mr. McNierney a total of approximately \$2.0 million, which includes the \$756,000 payment due to Mr. McNierney under the McNierney Continued Employment Letter Agreement. The options not vested as of the grant date under the McNierney Stock Option Agreements will be forfeited.

RISK ASSESSMENT IN COMPENSATION PROGRAMS

With the assistance of FW Cook & Co., the Company has assessed its broad-based and executive compensation programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. Our risk assessment included two work streams one focused on reviewing areas of enterprise risk and the other focused on identifying compensation-design risk. Our enterprise risk analysis examined the types and magnitudes of risks the business areas present to the Company. Our compensation design risk analysis examined the potential risks in the design of our performance-based compensation arrangements. With respect to each performance-based compensation plan, we identified and assessed the risk profile of the plan. Finally, we evaluated on a combined basis the results of the enterprise and compensation risk assessments, on a business-by-business basis. As a result of our analysis, we believe that our compensation policies and practices do not create inappropriate or unintended material risk to the Company as a whole, and that, consequently, our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

In accordance with the provisions of the ICP, no future awards will be granted under the 1999 Long Term Incentive Plan or the 2001 Long Term Incentive Plan. In addition, the Company previously offered its employees tax planning opportunities through nonqualified deferred compensation plans. It first adopted the Predecessor Key Plan and Predecessor Professional Plan. It then froze these plans in 2005 and adopted new plans (the Key Plan and the Professional Plan) as a result of changes in the tax laws. However, as a result of declining participation, the costs of administrating the 2005 Plans were determined to outweigh the benefits of maintaining them and the Company decided to freeze the Key Plan and the Professional Plan as well. Therefore, no future awards will be granted under the Predecessor Key Plan, Predecessor Professional Plan, Key Plan or Professional Plan.

AUDIT COMMITTEE REPORT*

The Audit Committee of the Company is composed of four independent directors and operates under a written charter adopted by the Board. The Board annually reviews the NASDAQ listing standards definition of independence and has determined that each member of the Committee meets that standard, and each member is independent within the meaning of Rule 10A-3 of the rules promulgated by the SEC under the Exchange Act and the Company's Corporate Governance Guidelines.

The Audit Committee's responsibility is one of oversight as set forth in its charter. It is not the duty of the Audit Committee to prepare the Company's financial statements, to plan or conduct audits, or to determine that the Company's financial statements are complete and accurate and are in accordance with accounting principles generally accepted in the United States of America. The Company's management is responsible for preparing the Company's financial statements and for maintaining internal control over financial reporting and disclosure controls and procedures to ensure the financial statements are complete and accurate and are in accordance with accounting principles generally accepted in the United States of America. The independent registered public accounting firm is responsible for auditing the financial statements and expressing an opinion as to whether those audited financial statements fairly present the financial position, results of operations, and cash flows of the Company in conformity with accounting principles generally accepted in the United States.

During 2010, the Committee met at least quarterly with the Company's CFO and management. In addition, the Committee meets with the Company's independent registered public accounting firm on a quarterly basis or more frequently, as requested by the independent registered public accounting firm or the Committee. In 2010, the Committee met privately with the independent registered public accounting firm, as well as with management on at least a quarterly basis. The Committee also reviewed its charter and undertook a self-assessment and reported the results of that assessment to the Board.

In 2010, the Committee met during the year with the Director of the Company's Internal Audit Department and the Director of the Company's Compliance Department for reports on the status of certain internal controls. On at least an annual basis, the Committee met privately with each of the Director of Internal Audit and the Director of the Compliance Department.

Management represented to the Committee that the Company's consolidated financial statements for fiscal year 2010 were prepared in accordance with accounting principles generally accepted in the United States, and the Committee has reviewed and discussed the consolidated financial statements with management and its independent registered public accounting firm. The Committee has also discussed with the independent auditors the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 380, Communication with Audit Committees. Based on these discussions and reviews, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the SEC.

During fiscal 2010, the Audit Committee performed all of its duties and responsibilities under the Audit Committee Charter. In addition, the Audit Committee has determined that the provision of the non-audit services described under the heading "Proposal No. 4 Ratification of Appointment of Independent Registered Public Accounting Firm Principal Accounting Firm Fees" above is compatible with maintaining PricewaterhouseCoopers LLP's independence.

Pursuant to the Committee charter, the Committee is directly responsible for the appointment of the Company's independent registered public accounting firm who shall report directly to the Committee. The Committee appointed the Company's current independent registered public accounting firm, PricewaterhouseCoopers LLP, as the independent registered public accounting firm to conduct the audit for the fiscal year ended December 31, 2011 and recommended to the Board that the Board ratify this action. The Company's independent registered public accounting firm has provided to the Committee a written disclosure required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the audit committee concerning independence, and the Committee discussed with the independent registered public accounting firm that firm's independence.
