**ANNUAL MEETING AND PROXY SOLICITATION INFORMATION**

*A Notice Regarding the Availability of Proxy Materials*

This year, we are pleased to take advantage of the Securities and Exchange Commission (the "SEC") rule allowing companies to furnish proxy materials to their shareholders over the Internet. We believe that this e-proxy process expedites shareholders' receipt of proxy materials, while lowering the costs and reducing the environmental impact of our annual meeting.

On or about April 23, 2012, we mailed to our beneficial shareholders a Notice Regarding the Availability of Proxy Materials (the "Notice") containing instructions on how to access our proxy statement and annual report and how to vote online.

All other shareholders will continue to receive a paper copy of the proxy statement, proxy card and annual report by mail. The Notice contains instructions on how you can (i) receive a paper copy of the proxy statement, proxy card and annual report if you only received a Notice by mail or (ii) elect to receive your proxy statement and annual report over the Internet if you received them by mail this year.

*General Information*

This proxy statement is furnished to the shareholders of American Equity Investment Life Holding Company, 6000 Westown Parkway, West Des Moines, Iowa 50266 (referred to in this proxy statement as the "Company" or as "we," "our" or "us"), in connection with the solicitation of proxies by the Board of Directors for use at the Annual Meeting of Shareholders to be held on June 7, 2012, at the time and place shown in the Notice of Annual Meeting of Shareholders, and at any adjournment thereof. To obtain directions to the Annual Meeting, you may contact us at our toll-free number 1-888-221-1234.

We will bear all expenses in connection with this solicitation. Proxies may be solicited by the Board of Directors or management personally, by telephone or by facsimile.

This proxy statement is first being mailed to certain shareholders on or about April 23, 2012.

*Voting Rights*

Only shareholders of record as of the close of business on April 13, 2012, will be entitled to the notice of and to vote at the meeting. We have a single class of voting common stock, \$1 par value per share ("Common Stock") of which 59,909,840 shares were outstanding and entitled to vote on such date. Each share is entitled to one vote.

Shares present in person or represented by proxy at the meeting will be tabulated for determination of whether a quorum is present. A quorum will be present if a majority of the votes entitled to be cast on a matter are represented for any purpose at the meeting. Votes withheld for any director, broker non-votes and abstentions represented at the meeting will be counted for quorum purposes. Votes will be tabulated under the supervision of Alliance Advisors, L.L.C., which has been designated by the Board of Directors to act as inspector of the election.

If your shares of Common Stock are held in the name of a bank, broker or other holder of record, you will receive instructions from that holder of record that you must follow in order for your shares to be voted at the Annual Meeting. Contact your bank, broker or other holder of record directly if you have any questions. Even if you do not provide instructions, your bank, broker or other holder of record may vote your shares on certain "routine matters". The New York Stock Exchange ("NYSE") considers Proposal 2 Ratification of Appointment of Independent Registered Public Accounting Firm to be a "routine matter". As a result, without instructions from you, your broker is permitted to vote your shares on this matter at its discretion. A broker non-vote occurs when a broker does not vote on

Table of Contents

some matter on the proxy card because the broker has not received instructions from you and does not have discretionary voting power for that particular item. The NYSE considers Proposal 1 Election of Directors and Proposal 3 Advisory Vote on Executive Compensation to be "non-routine matters" and, therefore, brokers may not vote on the matter unless they receive specific voting instructions from you. At this year's annual meeting, in the event that a brokerage firm does not receive voting instructions from one of our shareholders, such shareholder's shares will not be voted, and will be considered "broker non-votes" with respect to Proposal 1 and Proposal 3.

If you plan to attend the meeting and vote in person, you will be given a ballot when you arrive. If your shares of Common Stock are not registered in your own name and you plan to attend the Annual Meeting and vote your shares in person, you will need to contact the broker or agent in whose name your shares are registered to obtain a broker's proxy card. You will need to bring the broker's proxy card with you to the Annual Meeting in order to vote.

*Voting*

If you vote by proxy, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, the proxies will vote your shares as follows:

"FOR" the election of the five nominees for Directors;

"FOR" the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2012; and

"FOR" the approval of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC;

If any other matter is presented at the Annual Meeting, your proxies will vote in accordance with their best judgment. At the time this proxy statement was printed, we knew of no matters to be addressed at the Annual Meeting beyond those described in this proxy statement.

As an alternative to voting by using the enclosed proxy card, if you are a registered shareholder (that is, you own shares of Common Stock in your own name and not through a broker, nominee or in some other "street name"), you may vote by telephone or through the Internet. Please see the enclosed proxy card or the Notice for instructions on how to access the telephone and Internet voting systems. If you hold your shares in "street name," your broker or other nominee will advise you on whether you may vote by telephone or through the Internet as an alternative to voting by using the enclosed proxy card.

As to the election of directors, regardless of which method is used to vote, you may (a) vote for all of the director nominees as a group, (b) vote for all of the director nominees as a group, except those nominees whose names you specify or (c) withhold your vote from all nominees as a group.

A proxy may be revoked at any time prior to its use. Such revocation may be made in person at the Annual Meeting, by notice in writing delivered to the Corporate Secretary of the Company, by voting by telephone or through the Internet at a later date or by a proxy bearing a later date.

**The Board of Directors urges you to exercise your right to vote by returning the enclosed proxy card, by calling the toll-free telephone number or by visiting the website shown on the proxy card or the Notice.**

**Proposal 2**  
**Ratification of Appointment of Independent Registered Public Accounting Firm**

The Audit Committee has appointed KPMG LLP ("KPMG") as our independent registered public accounting firm for the year 2012. The Board of Directors requests that the shareholders ratify the appointment of KPMG. If the appointment of KPMG is not ratified by our shareholders, our Audit Committee will investigate the reasons for the shareholder rejection and will consider approving another independent registered public accounting firm.

Fees paid to KPMG for its services during the last two fiscal years were:

	2011	2010
Audit fees(1)	\$ 1,288,000	\$ 1,382,500
Audit-related fees(2)	117,798	262,391
Tax fees(3)		28,950
All other fees		
<b>Total</b>	<b>\$ 1,405,798</b>	<b>\$ 1,673,841</b>

- 
- (1) Audit fees include fees associated with the annual consolidated financial statements audit, audit of internal control over financial reporting, the reviews of our quarterly reports on Form 10-Q, annual audits of certain of our subsidiaries and audits required by regulatory authorities.
  - (2) Audit-related fees primarily include accounting consultations in connection with emerging accounting standards, employee benefit plan audits and other attest and related advisory services not required by statute or regulation.
  - (3) Tax fees paid to KPMG primarily relate to consultation regarding a tax method change.

The Audit Committee is responsible for the appointment, retention, compensation and oversight of the independent registered public accounting firm. The Audit Committee has adopted policies and procedures for pre-approving services (audit and non-audit) and all fees for services performed by the independent registered public accounting firm. These policies were adopted in compliance with SOX and rules adopted by the SEC thereunder. In accordance with such policies and procedures, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to assure that the provision of such services does not impair the auditors' independence. These services may include audit services, audit-related services, tax services and other services. Permissible non-audit services are usually limited to fees for tax services, accounting assistance or audits in connection with acquisitions and other services specifically related to accounting or audit matters such as comfort letters related to common stock or debt offerings and audits of employee benefit plans. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee specific pre-approval authority provided that the estimated fee for any such engagement does not exceed \$25,000. The Chairman of the Audit Committee must report, for information purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. Requests to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent registered public accounting firm and our Chief Financial Officer and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. In fiscal year 2011, all of the services and fees described above were pre-approved by the Audit Committee.

Table of Contents

We anticipate that representatives of KPMG will be present at the meeting, will be available to respond to questions concerning the 2011 audit and may make a statement if they so desire.

The affirmative vote of a majority of the shares of the Company's common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for approval of this proposal.

***The Board of Directors unanimously recommends that you vote FOR the ratification of KPMG LLP as the independent registered public accounting firm for 2012.***

**Proposal 3**  
**Advisory Vote on Executive Compensation**

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") requires that we provide our shareholders with the opportunity to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules adopted by the SEC.

As discussed in "Information Regarding Management and Certain Security Holders Compensation Discussion and Analysis," our compensation policies and programs are designed to attract and retain highly qualified and motivated executive officers and employees, encourage and reward achievement of our annual and long-term goals and encourage executive officers and employees to become shareholders with interests aligned with those of other shareholders. The primary elements of compensation for most of our executive officers includes: (1) base pay; (2) incentive compensation pursuant to the Short-Term Performance Incentive Plan; and (3) long-term equity incentive compensation through stock options. This compensation structure is central to the Company's ability to attract, retain and motivate individuals who can achieve superior financial results. Please refer to "Information Regarding Management and Certain Security Holders Compensation Discussion and Analysis" for an overview of the compensation of the Company's named executive officers.

We are asking for shareholder approval of the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules, which disclosures include the disclosures under "Information Regarding Management and Certain Security Holders Compensation Discussion and Analysis," the compensation tables and the narrative discussion following the compensation tables. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and practices described in this proxy statement. Accordingly, we ask our shareholders to vote on the following resolution:

"RESOLVED, the shareholders of American Equity Investment Life Holding Company approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2011 Summary Compensation Table and the other related tables and disclosures."

This vote is advisory and therefore not binding on the Company, the Compensation Committee of the Board of Directors or the Board of Directors. The Board of Directors and Compensation Committee value the opinions of the Company's shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider those shareholders' concerns, and the Board of Directors and Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The affirmative vote of a majority of the shares of the Company's common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for advisory approval of this proposal.

***The Board of Directors unanimously recommends that you vote FOR the approval of the compensation of the Company's named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.***

Mr. Noble serves as Executive Chairman of the Board of Directors. Prior to January 1, 2009, Mr. Noble served as Chairman, Chief Executive Officer, President and Treasurer of the Company. While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors also have responsibility for risk management. For example, the Audit Committee focuses on financial risk, including internal controls. Additionally, the Company's Compensation Committee is responsible for creating incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy. Finally, the Investment Committee manages the risks involving the Company's assets and liabilities and investment policies and activities.

The Company has a Disclosure Committee comprised of (i) the Audit Committee Chair, who also serves as Chairman for the Disclosure Committee, (ii) the Chief Financial Officer, (iii) the Vice President-Accounting/Controller and (iv) the Secretary of the Company. *Compensation Discussion and Analysis*

Our compensation policies and programs are designed to:

attract and retain highly qualified and motivated executive officers and employees;

encourage and reward achievement of our annual and long-term goals; and

encourage executive officers and employees to become shareholders with interests aligned with those of other shareholders.

*Say-on-Frequency Vote*

At our annual meeting of shareholders held on June 9, 2011, our shareholders had the opportunity to cast an advisory vote (a "say-on-pay" proposal) to approve the compensation of our named executive officers as disclosed in our proxy statement for that meeting. Shareholders approved the say-on-pay proposal by the affirmative vote of 96.75% of the shares cast on that proposal. While the Compensation Committee believes this affirms shareholders' support of the Company's approach during 2010 to executive compensation, and therefore the Compensation Committee did not materially change its approach to executive compensation in 2011, the Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our named executive officers.

At our 2011 annual meeting, our shareholders also had the opportunity to cast an advisory vote (a "say-on-frequency" proposal) on how often the Company should include a say-on-pay proposal in its proxy statements for future annual meetings. Shareholders had the choice of voting to have the say-on-pay vote every year, every two years or every three years. The frequency receiving the highest number of votes was every year. In light of this recommendation from our shareholders, as well as other factors, our board of directors has determined that we will hold an annual shareholder advisory vote with respect to the compensation of our named executive officers.

*Tax Implications of Executive Compensation*

Federal income tax law limits deductibility of compensation in excess of \$1 million paid to certain named executive officers unless this compensation qualifies as "performance-based compensation". It is the intent of the Company and the Compensation Committee to qualify the Company's executives' compensation for deductibility under applicable tax laws, while recognizing that there may be situations in which compensation for executive officers may not be tax deductible. Management has advised the Compensation Committee that compensation awarded to our executive officers for 2011 that is not tax deductible is not material to the Company's tax liability and that compensation awarded to our executive officers for all prior years was below the \$1 million threshold and thus fully deductible for federal income tax purposes.

**General.**

The primary elements of compensation for the named executives in this proxy statement include:

Base pay;

Incentive compensation pursuant to the Short-Term Performance Incentive Plan; and

Long-term equity incentive compensation through stock options.

**Base Pay.** As discussed above, the Compensation Committee annually engages Pearl Meyer to provide advice and data with respect to compensation bench-marking and market practices. To develop a blended market consensus base salary for each of the positions of the named executives, Pearl Meyer utilized proxy data from 13 insurance companies having total assets in 2010 from \$4.3 billion to

Table of Contents

\$32.6 billion (American Financial Group, Inc., CNO Financial Group Inc., Reinsurance Group of America, Inc., Symetra Financial Corporation, American National Insurance, Berkley (WR) Corporation, Torchmark Corporation, StanCorp Financial Group, Inc., Transatlantic Holdings, Inc., FBL Financial Group, Inc., National Western Life Insurance Company, Horace Mann Educators Corporation, Kansas City Life Insurance Company). Pearl Meyer also utilized public and private survey data from 2010 for the financial service and insurance industries of companies having assets from \$5 billion to \$60 billion (trend adjusted to January 1, 2011).

Since 2009, the Compensation Committee has increased base salaries to approximate the 25th percentile of the peer group levels for our Executive Chairman, Mr. Noble and Chief Executive Officer, Ms. Waugaman and approximately between the 25th and 50th percentile for the other named executive officers. Consistent with the foregoing, the Compensation Committee recommended, and the Board of Directors approved, the following base salaries for 2011: Mr. Noble \$700,000; Ms. Waugaman \$600,000; Mr. Matovina \$500,000; Ms. Richardson \$445,000 and Mr. Grensteiner \$380,000.

**Incentive Compensation.** On March 15, 2011, management proposed and the Compensation Committee approved the structure of the 2011 incentive program under the Short-Term Performance Incentive Plan (the "Performance Plan") for senior management personnel, which includes the named executives. Under the Performance Plan for 2011, each named executive had a threshold, target and maximum incentive opportunity expressed as a percent of base salary. These earning opportunities were tied to threshold, target and maximum performance goals established with respect to Invested Asset Growth and Return on Average Equity ("ROAE"), based on operating income, for fiscal 2011. Management and the Compensation Committee believe that the combination of growth and returns create the proper focus and alignment for maximizing short-term and long-term shareholder value creation. For purposes of calculating any incentive awards for fiscal year 2011 under the Performance Plan, Invested Asset Growth was weighted 50% and ROAE was weighted 50%. For any awards earned under the Performance Plan for fiscal 2011 performance, 80% of such award was paid in cash and 20% was paid in restricted stock. The portion paid in restricted stock is subject to cliff vesting three years from the grant date (other than grants to retirement eligible individuals which vest upon attainment of age 65 and following 10 years of service with the Company) in order to mitigate any risk of focusing only on short-term performance and to create an additional retention mechanism for key personnel.

For the named executives, the 2011 incentive program under the Performance Plan created a target award opportunity equal to 40% of base salary. The maximum award opportunity for the named executives was equal to 80% of base salary, which management and the Compensation Committee believes is competitive and appropriate without creating an incentive to take undue or unnecessary risk that could materially harm the Company.

The threshold, target and maximum goals under the Performance Plan for 2011 were \$2.2 billion, \$2.5 billion and \$3.3 billion, respectively for Invested Asset Growth and 11%, 12% and 14%, respectively for ROAE. The actual results for 2011 were Invested Asset Growth of \$3.9 billion and ROAE of 14.2%. The results under the Performance Plan resulted in an award to each of the named executives equal to 80% of base salary.

On March 9, 2012, management proposed and the Compensation Committee approved the structure of the 2012 Performance Plan for senior management personnel, which includes the named executives. The terms of the 2012 incentive program under the Performance Plan are the same as the terms of the 2011 incentive program under the Performance Plan, except that awards earned under the Performance Plan for fiscal 2012 will be paid 70% in cash and 30% in restricted stock.

The specific performance goals for the 2012 Performance Plan will be disclosed in next year's Proxy Statement. However, at the time the performance goals were approved by the Compensation Committee, it was believed that the performance targets reflected an appropriate degree of stretch but

that they were attainable based on successful execution of the Company's business plan and the realization of macro-economic and stock market conditions reasonably aligned with the Company's near term expectations.

**Stock Ownership and Long-Term Equity Compensation.** We emphasize long-term equity compensation in our total compensation package for all employees and particularly for senior officers. We believe this helps align the interests of such employees and officers with shareholders and creates an incentive to build our Common Stock value through growth in profitability targets including gross spread earnings on our annuity liability reserves, net operating earnings and return of operating earnings on average equity. Senior officers of the Company are encouraged to own shares of our Common Stock. Although no particular level of stock ownership is required, each of the named executives holds stock in amounts significant to his or her individual net worth. In addition, long-term equity compensation has been provided in the form of stock options granted under employee stock option plans adopted by our Board of Directors and approved by the shareholders.

All options granted under our employee stock option plans have an exercise price equal to the closing public market value of the shares on the date of grant. There has been no backdating. All options granted under our employee stock option plans have vesting periods of either six months or thirty-six months and may be exercised for a period of no more than ten years from the date of grant. The maximum number of shares subject to stock options which may be granted to any employee in any one year is 75,000. The exercise price of an option may be paid in cash, Common Stock or by a promissory note, to the extent permitted by law. We have also established a "cashless exercise" arrangement whereby an optionee delivers an exercise notice and irrevocable instructions to an approved registered broker to sell shares and deliver the exercise price in cash to us.

**Change in Control, Separation and Retirement Arrangements.** We have no written employment contracts or separation agreements with any of our named executive officers other than Mr. Noble's Retirement Benefit Agreement which was approved in June 2009 and March 2010 by the Compensation Committee, as amended, filed on a Form 8-K on April 2, 2010. The Retirement Benefit Agreement provides certain retirement benefits to Mr. Noble in recognition of his past services to the Company and in consideration for his consent to certain post-termination obligations. The terms of this agreement were negotiated in consultation with and following input from Pearl Meyer, the Compensation Committee's compensation consultant. Specifically, the consultant reviewed multiple drafts of the Retirement Benefit Agreement and provided guidance as to specific terms based on its experience with similar agreements. In the event of Mr. Noble's retirement, the Retirement Benefit Agreement provides that Mr. Noble will receive a monthly benefit of \$58,333 or such higher amount which reflects one-twelfth of Mr. Noble's annual base salary as in effect at the time of his retirement for five years following his retirement for a total of 60 monthly installments (the "Retirement Benefit"); provided, however, that if Mr. Noble dies before all 60 monthly installments have been paid, then (a) if at the time of his death he is married, his wife will receive the monthly payments until the earliest of (i) the 24-month anniversary of Mr. Noble's death, (ii) her death and (iii) such time as all 60 monthly installments have been paid; or (b) if Mr. Noble dies without a surviving spouse, the payment of the Retirement Benefit will cease upon his death. In addition, during his lifetime, Mr. Noble will continue to receive health benefits generally available to the Company's senior executive officers under various Company benefit plans. The Agreement also contains confidentiality, non-competition and non-solicitation provisions which continue for two years following Mr. Noble's retirement.

To promote retention of senior officers, we have entered into change in control agreements with a small group of our executives including each of the named executives except Mr. Noble. Each January 1, the term of each of these agreements is automatically extended one year unless we have given ninety days notice that we will not extend the term of the agreement. With certain exceptions, an executive is entitled to payments for a period of twenty-four or thirty-six months following a change in

Table of Contents

control if his or her employment is terminated for certain reasons within twenty-four or thirty-six months following a change in control. Such payments are equal to two or three times the amount of the executive's base salary plus "target annual bonus" as defined below in Potential Payments Upon Change in Control. These agreements also provide for the continuation of health, dental and life insurance benefits during the twenty-four and thirty-six month periods. If payments under these agreements become subject to the "golden parachute" excise tax imposed by Internal Revenue Code Sections 280G and 4999, then the named executives will be entitled to receive an additional "gross-up" payment that is sufficient to pay the golden parachute excise tax and all other taxes, interest and penalties associated with the excise tax and gross-up payment. During the term of the agreement and during the period in which the executive is entitled to continued salary payments, the executive may not (i) solicit or entice any other employee to leave us or our affiliates to go to work for any competitor, or (ii) request or advise a customer or client of ours or our affiliates to curtail or cancel its business relationship with us or our affiliates.

**Non-Qualified Deferred Compensation Arrangements.** We permit senior officers of the Company to defer on an elective basis a specified portion of their base salaries, annual cash bonuses and amounts paid under the cash incentive plan. Any such deferrals must be made pursuant to a non-qualified deferred compensation agreement between the officer and the Company with deferred amounts contributed to the American Equity Officers Rabbi Trust. The investment of deferred amounts is directed by the individual officers and the return on such investments is added to the deferred account balance of such officer. No above market returns are paid on deferred amounts. Mr. Noble, Ms. Waugaman and Ms. Richardson have each invested a portion of their deferred compensation accounts in our Common Stock and dividends paid on our stock have been credited to their accounts. The balance of the deferred compensation accounts will be distributed to each executive who has elected to make such deferrals upon his or her death, disability or separation from service.

**Other Compensation.** We have a qualified 401(k) plan for all employees who are eligible after thirty days of employment and attainment of age 18. We match 50% of employee contributions to the plan up to 4% of the employee's total compensation, subject to the limitations specified in the Internal Revenue Code. In addition to the 401(k) plan, all employees participate in the American Equity Investment Employee Stock Ownership Plan ("ESOP") as described below. We offer a package of insurance benefits to all employees including health, dental, long-term disability and life insurance. Several of the named executives receive perquisites including car allowances, use of Company owned aircraft and payment of private club dues.

The Company established the ESOP effective July 1, 2007. We make semi-annual discretionary contributions to the ESOP. The principal purpose of the ESOP is to provide each eligible employee with an equity interest in the Company. Employees become eligible once they have completed a minimum of six months of service. Employees become 100% vested after two years of services.

*Compensation Committee Report*

The Compensation Committee of American Equity Investment Life Holding Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

- (1) Amounts reflect grant date fair value of restricted stock pursuant to FAS ASB Topic 718 earned under the Short-Term Performance Plan previously described above under "Incentive Compensation" in the Compensation Discussion and Analysis.
- (2) Amounts reflect for each option award, the aggregate grant date fair value pursuant to FAS ASB Topic 718. For a discussion regarding the assumptions made in the valuation of the option awards, please see Footnote 11 Retirement and Share-Based Compensation Plans in the Notes to Consolidated Financial Statements of our Annual Report on Form 10-K.
- (3) 2011 and 2010 amounts consist of cash awards earned under the Performance Plan previously described above under "Incentive Compensation" in the Compensation Discussion and Analysis. 2009 amounts consist of cash incentive plan awards based upon net receipts of premiums from new annuity sales.
- (4) Mr. Noble's amount in 2011 includes \$34,357 for use of Company owned aircraft, \$9,600 for a car allowance and \$4,677 for the ESOP. Ms. Waugaman's amount in 2011 includes \$9,600 for a car allowance, \$20,201 for use of the Company owned aircraft, \$4,817 for private club dues and \$14,176 for the ESOP. Mr. Matovina's amount in 2011 includes \$14,176 for the ESOP. Ms. Richardson's amount in 2011 includes \$12,874 for the ESOP. Mr. Grensteiner's amount in 2011 includes \$10,994 for the ESOP. In determining the aggregate incremental cost to the Company for the use of Company owned aircraft, the Company uses a methodology that reflects the average cost of fuel and other variable costs (for example landing fees, catering and crew travel expenses). Because the Company owned aircraft are used primarily for business travel, the methodology excludes fixed costs that do not change based on usage, including pilot salaries and the cost of maintenance unrelated to non-business travel. When an aircraft is already flying to a destination for business purposes and one or more non-business passengers are on such flight, only the direct variable costs associated with the additional non-business passenger(s) are included in determining the incremental cost to the Company. If an aircraft flies empty before picking up or after dropping off one or more passengers flying for non-business reasons, this "deadhead" segment would be included in the incremental cost to the Company. On certain occasions, an executive's spouse, other family members or guest may accompany the executive on a flight when such persons are invited to attend an event for appropriate business purposes. No additional incremental

cost is incurred by the Company in such situations under the methodology.
