PROXY STATEMENT

GENERAL INFORMATION

This proxy statement is provided in connection with the solicitation of proxies by the board of directors of Regal Entertainment Group, a Delaware corporation (the "Company" or "Regal"), for use at the Annual Meeting of Stockholders of the Company, to be held on May 7, 2014 at 8:30 a.m. (Eastern Time), or any adjournment or postponement thereof, at our Pinnacle Stadium 18 at Turkey Creek theatre, located at 11240 Parkside Drive, Knoxville, Tennessee 37922 (the "Annual Meeting").

Pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"), we are providing access to our proxy materials, which include our notice of annual meeting, proxy statement and annual report to stockholders over the Internet at <http://investor.regmovies.com>. These proxy materials are available without charge.

This proxy statement and the accompanying proxy, or a notice of Internet availability of proxy materials, are first being sent or given to stockholders beginning on or about March 21, 2014. The costs of this proxy solicitation will be borne by the Company, which maintains its principal executive offices at 7132 Regal Lane, Knoxville, Tennessee 37918.

THE PROXY

A stockholder submitting a proxy by telephone or over the Internet or by mailed proxy card may revoke such proxy at any time before it is used by giving written notice of revocation to the Secretary of the Company, by delivering to the Secretary of the Company a duly executed proxy bearing a later date or by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not, in and of itself, revoke a proxy. Proxies provided by telephone or over the Internet or by mailed proxy card, unless revoked, will be voted at the Annual Meeting as directed by you, or, in the absence of such direction, as the board of directors recommends for proposals 1, 2 and 3 at the Annual Meeting.

ELECTRONIC DELIVERY OF PROXY MATERIALS

This year, pursuant to rules adopted by the SEC, the Company is using the Internet as the primary means of furnishing proxy materials to stockholders. Accordingly, the Company is sending a notice of Internet availability of proxy materials (the "Notice") to the Company's stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of the Annual Meeting.

VOTING AT THE ANNUAL MEETING

The only voting securities of the Company are its shares of Class A and Class B common stock (collectively, the "Common Stock"). Only stockholders of record of our Common Stock at the close of

Table of Contents

business on March 12, 2014, the date selected as the record date by our board of directors, are entitled to vote at the Annual Meeting. The holders of Class A common stock are entitled to one vote per share and the holders of Class B common stock are entitled to ten votes per share on each matter submitted to a vote of the stockholders. The shares of Class A and Class B common stock will vote together as a single class on all matters to be considered at the Annual Meeting. At the close of business on March 12, 2014, 132,466,628 shares of Class A common stock and 23,708,639 shares of Class B common stock were outstanding and entitled to vote.

The holders of a majority of the voting power of the Common Stock entitled to vote at the Annual Meeting and who are present, in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting or any adjournment or postponement thereof. Abstentions and broker non-votes are counted as present to determine whether there is a quorum for the Annual Meeting. A broker non-vote occurs if a stockholder does not provide the record holder of its shares (usually a bank, broker or other nominee) with voting instructions on a matter and the record holder is not permitted to vote on the matter without instructions from such stockholder under the New York Stock Exchange (the "NYSE") rules.

Directors are elected by a plurality of the affirmative votes cast by the stockholders present at the Annual Meeting in person or by proxy and entitled to vote. Cumulative voting is not permitted in the election of directors. Abstentions and broker non-votes are not relevant to the proposals regarding the election of directors. For all other matters proposed for a vote at the Annual Meeting, the affirmative vote of the holders of a majority of the voting power of the Common Stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the matter is required to approve the matter. For these matters, abstentions will be counted as present at the Annual Meeting and will have the effect of a vote against the matter and broker non-votes, if any, will have no effect on the outcome of these matters. If ratification of the auditors is not approved, our Audit Committee of the board of directors will reconsider the matter.

Unless you indicate otherwise on your proxy card, the persons named as your proxies will vote your shares in accordance with the recommendations of the board of directors. These recommendations are: FOR election of all of the nominees for director named in this proxy statement, FOR approval, on a non-binding advisory basis, of named executive officer compensation and FOR ratification of KPMG LLP ("KPMG") as our independent registered public accounting firm for the fiscal year ending January 1, 2015.

Corporate Governance Guidelines

Our board of directors adopted Corporate Governance Guidelines that reflect the principles by which the Company operates and set forth the Company's director qualification standards, responsibilities, compensation, evaluation, orientation and continuing education, board committee structure, Chief Executive Officer performance review, management succession planning and other policies for the governance of the Company. Copies of the Corporate Governance Guidelines are available on our website at www.regmovies.com under "Investor Relations" "Corporate Governance" or in print, without charge, to any stockholder who sends a request to the office of the Secretary of Regal Entertainment Group at 7132 Regal Lane, Knoxville, Tennessee 37918.

Code of Business Conduct and Ethics

Our board of directors adopted the Code of Business Conduct and Ethics applicable to the Company's directors, officers and employees. The Code of Business Conduct and Ethics sets forth the Company's conflict of interest policy, records retention policy, insider trading policy and policies for the protection of the Company's property, business opportunities and proprietary information. The Code of Business Conduct and Ethics requires prompt disclosure to stockholders of any waiver of the Code of Business Conduct and Ethics for executive officers or directors made by the board of directors or any committee thereof. Copies of the Code of Business Conduct and Ethics are available on our website at www.regmovies.com under "Investor Relations" "Corporate Governance" or in print, without charge, to any stockholder who sends a request to the office of the Secretary of Regal Entertainment Group at 7132 Regal Lane, Knoxville, Tennessee 37918.

Risk Management

The Company's board of directors believes that oversight of the Company's risk management efforts is the responsibility of the entire board of directors. We view risk management as an important part of the Company's overall strategic planning process. The board of directors receives updates from its committees on individual areas of risk. In addition, the Audit Committee established an internal audit function to provide management, the Audit Committee and the board of directors with ongoing assessments of the Company's risk management processes and system of internal control. As part of its responsibilities, the Audit Committee inquires of management and our independent auditors about the Company's processes for identifying and assessing such risks and exposures and the steps management has taken to minimize such risks and exposures to the Company. The Audit Committee also reviews the Company's guidelines and policies that govern the processes for identifying and assessing significant risks or exposures and for formulating and implementing steps to minimize such risks and exposures to the Company.

Board and Committee Information

The board of directors held five meetings during our fiscal year ended December 26, 2013, to which we refer as fiscal 2013. Each of our incumbent directors attended at least 75% of the aggregate number of meetings held by the board of directors and by the committees of the board of directors during fiscal 2013.

Communications with the Board

Interested parties, including our stockholders, desiring to communicate with our board members, including our Lead Director or non-management directors as a group, may do so by mailing a request to the Secretary of Regal Entertainment Group at 7132 Regal Lane, Knoxville, Tennessee 37918. Pursuant to the instruction of the Company's non-management directors, the Secretary will review

inquiries and if they are relevant to, and consistent with our operations, policies and procedures, they will be forwarded to the director or directors to whom they are addressed. Inquiries not forwarded will be retained by the Company and will be made available to any director upon request.

Stockholder Recommendations of Candidates for Director

Stockholders wishing to recommend candidates to the Nominating and Corporate Governance Committee for consideration as directors should submit a written recommendation to the office of the Secretary of Regal Entertainment Group at 7132 Regal Lane, Knoxville, Tennessee 37918. The Nominating and Corporate Governance Committee employs a process for evaluating all candidates for director, including those recommended by stockholders. See the discussion under the heading "Corporate Governance Nominating and Corporate Governance Committee."

Director Independence

Our board of directors has determined that each of Messrs. Bell, Brymer, Kaplan, Keyte, Thomas, Tyrrell, Weigand and Yemenidjian qualifies as an independent director under the applicable listing standards of the NYSE and the Company's categorical standards for independence adopted by our board of directors, as set forth below. In addition, each member of the Company's Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee qualifies as an independent director under the applicable listing standards of the NYSE and SEC rules applicable to such committees. Pursuant to the NYSE listing standards, a director shall be considered independent if the board of directors makes an affirmative determination, after a review of all relevant information, that the director has no material relationship with the Company. Under the categorical standards for independence established by our board of directors, a director will not be considered independent if the director:

is, or within the last three years has been, employed by the Company;

has an immediate family member (which, for purposes of these independence standards, shall include such person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law and anyone (other than domestic employees) who shares such person's home) who is, or within the last three years has been, employed as an executive officer of the Company;

has received, during any twelve month period within the last three years, more than \$120,000 per year in direct compensation from the Company other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

has an immediate family member who received, during any twelve month period within the last three years, more than \$120,000 per year in direct compensation from the Company other than pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

is a current partner or employee of the Company's auditor;

was, within the last three years, a partner or employee of the Company's auditor and personally worked on the Company's audit during that time;

has an immediate family member who is a current partner of the Company's auditor;

has an immediate family member who is a current employee of the Company's auditor and personally works on the Company's audit;

has an immediate family member who was, within the last three years, a partner or employee of the Company's auditor and personally worked on the Company's audit during that time;

is, or within the last three years has been, employed as an executive officer of another company where any of the Company's present executives serve, or within the last three years have served, on such other company's compensation committee;

has an immediate family member who is, or within the last three years has been, employed as an executive officer of another company where any of the Company's present executives serve, or within the last three years have served, on such other company's compensation committee;

is an employee of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues; or

has an immediate family member who is a current executive officer of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

The board of directors also considers whether a director is, or within the last three years has been, an executive officer of a charitable organization that receives contributions from the Company in an amount which, in any single fiscal year, exceeds the greater of \$1.0 million or 2% of such charitable organization's consolidated gross revenues, although such a relationship will not preclude the board from finding any such director to be independent.

Board Leadership Structure

Our bylaws and Corporate Governance Guidelines permit the roles of Chairman of the Board and Chief Executive Officer to be filled by different individuals. Under the current board leadership structure, Mr. Campbell serves as our non-executive Chairman of the Board and Ms. Miles serves as our Chief Executive Officer. At this time, our board of directors believes that this structure is best for the Company as it allows our Chairman to oversee board matters and assist with strategic initiatives, while enabling our Chief Executive Officer to focus on management and daily operations of the Company. In addition, our board believes that it obtains effective additional board leadership through the role of the Lead Director, currently filled by Thomas D. Bell, Jr. The Lead Director presides over executive sessions of the board and otherwise facilitates communication among senior management and the non-employee directors.

While the roles of Chairman of the Board and Chief Executive Officer are currently held by different individuals, our Chairman is not considered independent under the NYSE rules because he previously served as our Executive Chairman and our Chief Executive Officer. Other than Mr. Campbell and Ms. Miles, all of our directors are independent, as discussed above.

Executive Sessions

Our non-management directors meet in an executive session at least once per year and approve a non-management Lead Director annually. For fiscal 2013, the Lead Director was Thomas D. Bell, Jr. and Mr. Bell will continue to serve in this role for fiscal 2014. We intend to hold an executive session including only our non-management directors at least once a year.

Attendance at Annual Meetings

We encourage, but do not require, our board members to attend our Annual Meeting of Stockholders. Last year, all ten of our directors attended such meeting.

Table of Contents**Committees**

Our board of directors has established three standing committees. The standing committees consist of an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The standing committees are comprised entirely of independent directors as provided in the table below.

Each of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee operates under a charter, adopted by our board of directors, which is available on our website at www.regmovies.com under "Investor Relations" "Corporate Governance," or in print, without charge, to any stockholder who sends a request to the office of the Secretary of Regal Entertainment Group at 7132 Regal Lane, Knoxville, Tennessee 37918. The functions performed by each of the committees of the board of directors are briefly described below.

Audit Committee

The primary duties and responsibilities of the Audit Committee are to:

assist the board of directors in its oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualifications and independence of the registered public accounting firm engaged to be the independent auditor of the Company, and (iv) the performance of the Company's internal audit function and the independent registered public accounting firm; and

prepare the report required to be included in our annual meeting proxy statements.

Our board of directors has determined that each of the members of the Audit Committee is financially literate and that Mr. Yemenidjian qualifies as an "audit committee financial expert" within the meaning of the rules and regulations of the SEC.

Compensation Committee

The Compensation Committee is responsible for reviewing and making recommendations to the board of directors regarding compensation of the Company's directors and executive officers and

Table of Contents

administering and implementing the Company's incentive compensation plans and equity based plans. The Compensation Committee's duties and responsibilities are to:

review and approve corporate goals and objectives relevant to the compensation of the Company's executive officers;

evaluate the performance of the Company's executive officers in light of such goals and objectives; and

determine and approve the Company's executive officers' compensation level based on such evaluation.

The Compensation Committee also reviews and discusses the Compensation Discussion and Analysis with our management, and based on such review and discussions, has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Under our Compensation Committee Charter, the Compensation Committee has the authority to retain and terminate any compensation consultant and has the sole authority to approve the consultant's fees and other retention terms. In the past, the Compensation Committee engaged outside compensation consultants Mellon Human Resources & Investor Services and Towers Perrin to review and make recommendations regarding our executive and director compensation programs and our long-term incentive based compensation. Certain elements of our executive compensation program have been developed, based in part, on the recommendations of the outside compensation consultants. See the discussion under the heading "Compensation Discussion and Analysis" for further information regarding the executive compensation program. During fiscal 2012, we retained Aon Hewitt to conduct a review of our director compensation program as compared to other similarly situated companies. That review continued during our fiscal 2013, and in November 2013, we and our Compensation Committee adopted changes to our directors compensation program effective for our fiscal 2013 to more closely align that program with similarly situated companies. See the discussion under the heading "Corporate Governance Director Compensation During Fiscal 2013" for a description of our new program.

The Compensation Committee has the authority to obtain advice and assistance from our executives, internal or external legal, accounting or other advisors as it determines necessary to carry out its duties. Under the Compensation Committee Charter, however, none of our executives shall be involved in the Compensation Committee's determination of his or her own compensation. The Compensation Committee has the ability to delegate its authority to its members or a subcommittee as it deems appropriate, provided that any delegate or subcommittee shall report any actions taken by it to the whole Compensation Committee at the Compensation Committee's next regularly scheduled Compensation Committee meeting.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's duties and responsibilities are to:

identify qualified nominees for our board of directors;

develop and recommend to our board of directors a set of corporate governance principles to assist the board of directors in fulfilling its corporate governance responsibilities; and

oversee an annual evaluation of the board of directors and management.

The Nominating and Corporate Governance Committee has the ability to consider nominees recommended by stockholders and other interested parties and does not distinguish between nominees recommended by our stockholders and those recommended by other parties. The procedures to be followed by stockholders in submitting such recommendations are available in our bylaws.

Table of Contents

The Nominating and Corporate Governance Committee identifies director candidates based on input provided by a number of sources, including members of the Committee, other directors, our stockholders, our Chief Executive Officer and third parties. The Nominating and Corporate Governance Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified director candidates. As part of the identification process, the Nominating and Corporate Governance Committee takes into account each nominee's skills, knowledge, perspective, broad business judgment and leadership, relevant industry knowledge, business creativity and vision, experience, age and diversity, all in the context of the perceived needs of the board of directors at that time. The Nominating and Corporate Governance Committee does not have a formal diversity policy; however, it considers the diversity of candidates to ensure that the board is comprised of individuals with a broad range of experiences and backgrounds who can contribute to the board's overall effectiveness in carrying out its responsibilities. Incumbent directors who are being considered for re-nomination are re-evaluated both on their performance as directors and their continued ability to meet the required qualifications.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our Common Stock and other equity securities. Executive officers, directors and holders of greater than 10% of our Common Stock are required by regulations of the SEC to furnish us with copies of all Section 16(a) reports they file.

To our knowledge, based solely upon a review of the copies of such reports furnished to us and/or written representations that no other reports were required to be filed during fiscal 2013, all filing requirements under Section 16(a) applicable to our officers, directors and 10% stockholders were satisfied timely. We note, however, that on January 8, 2014, Mr. Campbell received a grant of 10,482 restricted shares of Class A Common Stock having at the time of the grant a fair market value of approximately \$200,000. The grant of these shares was reported on Form 4 one day after a report on Form 4 was due.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Person Transaction Policy

Our board of directors has adopted a policy for the review, approval or ratification of transactions involving the Company and "related persons" as defined under the relevant SEC rules. The policy covers any related person transaction that meets the minimum threshold for disclosure in the proxy statement under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest). Our policy is as follows:

Any proposed related person transaction must be reported to the Company's Chief Executive Officer, Chief Financial Officer or General Counsel, whom we refer to in this policy as authorized officers, and reviewed and approved by the Audit Committee, after full disclosure of the related person's interest in the transaction, prior to effectiveness or consummation of the transaction, whenever practicable.

If an authorized officer determines that advance approval of such transaction is not practicable under the circumstances, the Audit Committee shall review, after full disclosure of the related person's interest in the transaction, and, in its discretion, may ratify the transaction at the next Audit Committee meeting or at its next meeting following the date that such transaction comes to the attention of such authorized officer.

An authorized officer may present any such transaction arising in the time period between meetings of the Audit Committee to the Chair of the Audit Committee, who shall review and may approve such transaction, subject to ratification, after full disclosure of the related person's interest in the transaction, by the Audit Committee at the next Audit Committee meeting.

Transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee, pursuant to the Compensation Committee charter.

In review of a related person transaction, the Audit Committee will review all relevant information available to it, and the Audit Committee may approve or ratify such transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, the best interests of the Company.

The Audit Committee may, in its sole discretion, impose such conditions as it deems appropriate on the Company or the related person in connection with the approval of such transaction.

The indemnification agreements provide that Regal Cinemas will indemnify each of those individuals against claims arising out of events or occurrences related to that individual's service as an agent of Regal Cinemas, except among other restrictions to the extent such claims arise from conduct that was knowingly fraudulent, a knowing violation of law or of any policy of Regal Cinemas, deliberately dishonest or in bad faith or constituted willful misconduct. Under the employment agreements with each of our named executive officers, the Company will indemnify each such executive against all liabilities, with respect to such executive's service as an officer, and as a director, to the extent applicable.

On March 3, 2006, the board of directors adopted a form of Director Indemnification Agreement to be used as a template for future indemnification agreements between the Company and its directors. Pursuant to the indemnification agreement, the Company will indemnify each director who becomes a party thereto against claims arising out of events or occurrences related to such individual's service on our board of directors; provided such individual acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Company and our stockholders, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. Under the indemnification agreements, we agree to maintain directors' and officers' liability insurance for our directors. AUDIT COMMITTEE REPORT

Our Audit Committee reviews our financial reporting process on behalf of our board of directors. In March 2004, our board of directors adopted a written charter for our Audit Committee, and has re-evaluated it in connection with the filing of our annual report on Form 10-K with the SEC. In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2013 annual report on Form 10-K with our management and our independent registered public accounting firm, KPMG. Our management is responsible for the financial statements and the reporting process, including the system of internal controls. KPMG is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles. KPMG is also responsible for expressing an opinion on the effectiveness of the Company's internal control over financial reporting.

Independent Registered Public Accounting Firm

KPMG served as our independent registered public accounting firm for fiscal 2013 and has been selected to serve as our independent registered public accounting firm for the current fiscal year, to which we refer as fiscal 2014. For the fiscal year ended December 26, 2012, to which we refer as fiscal 2012, and fiscal 2013, we incurred fees for services from KPMG as discussed below.

Audit Fees. The aggregate fees billed for professional services rendered by KPMG for the audit of our annual financial statements included in our annual report filed on Form 10-K and the review of the financial statements included in our quarterly reports filed on Form 10-Q were approximately \$1,000,000 for fiscal 2012 and \$1,190,000 for fiscal 2013(1). For fiscal 2012 and fiscal 2013, such fees included fees for KPMG's examination of the effectiveness of the Company's internal control over financial reporting.

(1) Includes consent fees of \$15,000 for fiscal 2012 and \$100,000 for fiscal 2013.

Audit Related Fees. In fiscal 2012 and fiscal 2013, no fees were billed for professional services rendered by KPMG for assurance and related services reasonably related to the performance of the audit or review of our financial statements.

Tax Fees. The aggregate fees billed for professional services rendered by KPMG related to federal and state tax compliance, tax advice and tax planning were approximately \$15,300 for fiscal 2012 and \$90,500 for fiscal 2013. All of these services are permitted non-audit services.

All Other Fees. There were no other fees billed by or paid to KPMG in fiscal 2012 or fiscal 2013.

Audit Committee Pre-Approval Policy

The Audit Committee pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm on a case-by-case basis. These services may include audit services, audit related services, tax services and other services. Our Chief Financial Officer is responsible for presenting the Audit Committee with an overview of all proposed audit, audit related, tax or other non-audit services to be performed by our independent registered public accounting firm. The presentation must be in sufficient detail to define clearly the services to be performed. The Audit Committee does not delegate its responsibilities to pre-approve services performed by our independent registered public accounting firm to management or to an individual member of the Audit Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Goals and Objectives of Our Executive Compensation Program

The primary goals of the Compensation Committee with respect to executive compensation are to create value for our stockholders in both the short and long term through growth in our earnings and profits and to motivate and reward our executive officers, including our current named executive officers, Ms. Miles and Messrs. Ownby, Dunn and Brandow. To achieve these goals, we maintain compensation plans that tie a substantial portion of our executives' overall compensation to key short-term and long-term strategic, operational and financial goals which, in fiscal 2013, were the achievement of budgeted levels of revenue, earnings before interest, taxes, depreciation and amortization ("EBITDA"), earnings before interest, taxes, depreciation, amortization and rent ("EBITDAR") margin and other non-financial goals that the Compensation Committee and board of directors deem important. We implement this philosophy by focusing on the following three key objectives:

to attract, retain and motivate talented executives;

to tie annual and long-term compensation incentives to achievement of specified performance objectives; and

to create long-term value by aligning the interests of our executives with our stockholders.

To achieve these objectives, management and the members of the Compensation Committee analyze market data and evaluate individual executive performance with a goal of setting compensation at levels they believe, based on their general business and industry knowledge and experience, are comparable with executives in companies of similar size operating in the domestic motion picture exhibition industry and other comparable companies. For fiscal 2013, these companies were AMC Entertainment Inc. and Cinemark, Inc. (which we refer to as the "comparable companies"), based on such comparable companies' industry, size and scope of operations. The members of the Compensation Committee also take into account retention needs, internal pay equity, our relative performance and our own strategic goals in determining executive compensation. We generally rely on SEC filings made by each of the comparable companies or other publicly available data to collect this information.

Table of Contents

With respect to internal pay equity, in setting each element of compensation, the Compensation Committee makes an assessment of each executive position's responsibility for and ability to impact Company performance, and based on such analysis, provides for differing amounts of compensation with respect to different named executive officers. For example, Ms. Miles' and Mr. Dunn's Annual Executive Incentive Program targets and long-term performance based equity compensation awards, each as a percentage of base salary, are higher than those of other named executive officers, based on the Compensation Committee's determination that Ms. Miles, as our Chief Executive Officer, and Mr. Dunn, as our President and Chief Operating Officer, have the greatest management and oversight responsibility and have a greater ability to affect the Company's performance than our other named executive officers. In addition, the Compensation Committee's decisions with respect to each element of compensation take into account other elements of the executive officer's compensation. Specifically, we allow each of our named executive officers the opportunity to earn a larger portion of their overall compensation in the form of long-term performance based equity awards as opposed to base salary, in order to put a greater percentage of potential compensation at risk in any given year and to further align the interests of our executives with our stockholders.

The Company has conducted in the past, and we intend to conduct in the future, an annual review of the aggregate level of our executive compensation as part of our annual budget review and annual performance review processes, which include determining the operating metrics (such as EBITDA and EBITDAR margin targets with respect to annual cash bonuses) and non-financial elements used to measure our performance and to compensate our executive officers. In appropriate circumstances, the Compensation Committee, in its discretion, considers the recommendations of members of management, primarily Ms. Miles, our Chief Executive Officer, in setting executive compensation. In particular, the Compensation Committee finds it appropriate to solicit management's advice regarding the competitiveness of our compensation program, its perceived effectiveness in attracting, retaining and motivating talented executives, and in evaluation of executives who report to management. In addition, Ms. Miles has the ability to call Compensation Committee meetings and regularly attends such meetings. This allows Ms. Miles to provide the Compensation Committee with her assessment of the performance of the Company's executives. The Compensation Committee, however, makes all final determinations regarding these awards and none of our executive officers are involved in the determination of their own compensation. Ms. Miles does not attend the portion of Compensation Committee meetings during which her compensation is determined.

The Compensation Committee does not typically determine a set allocation or weight attributable to each element of compensation. Instead, the Committee considers all elements of the executive officer's total compensation package. The Compensation Committee targets compensation levels at or above the median of the comparable companies in order to be competitive, which allows the Company to achieve its objectives of attracting, retaining and motivating talented executives. The Compensation Committee bases awards of long-term compensation in part on the amount of current cash compensation that is paid to each executive officer, because we believe that tying a substantial portion of overall compensation opportunities to long-term equity awards such as restricted stock and performance shares helps to better align the interests of our named executive officers with our stockholders.

Elements of Compensation

Our executive compensation program consists of the following elements:

Base Salary. Base salaries for our executives are established based on the scope of their responsibilities, taking into account competitive market compensation for similar positions at the comparable companies, as well as seniority of the individual, and our ability to replace the individual. Generally, we believe that executive base salaries should be targeted near or above the median of the range of salaries for executives in similar positions with similar responsibilities at the comparable companies, as discussed above, in line with our compensation philosophy. Base salaries are reviewed annually by the Compensation Committee and may be adjusted from time to time pursuant to such review and/or in accordance with guidelines contained in the various employment agreements. Base salaries may also be adjusted at other appropriate times, such as at the time cash bonuses and restricted stock awards are made for the prior fiscal year, in order to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

On May 5, 2009, we entered into amended and restated employment agreements with Ms. Miles and Mr. Dunn, and we entered into an employment agreement with Mr. Ownby. On January 13, 2010, we entered into an employment agreement with Mr. Brandow. Under their employment agreements, once increased, the base salaries for Ms. Miles and Messrs. Ownby, Dunn and Brandow may not be reduced, and, as so increased, become the "base salary" under the agreements. All such amended and restated employment agreements and Messrs. Ownby's and Brandow's employment agreements (which we collectively refer to as the "employment agreements") are intended to comply with Section 409A of the Internal Revenue Code of 1986, as amended, to which we refer as the Code.

For fiscal 2011, base salaries for our named executive officers remained the same as in fiscal 2010. Base salaries for our named executive officers were increased in line with comparable companies and in keeping with the Company's compensation philosophy in fiscal years 2012 and 2013.

Annual Executive Incentive Program. Pursuant to the employment agreements with Ms. Miles and Messrs. Ownby, Dunn and Brandow, each such executive is eligible for annual cash incentive compensation under our Annual Executive Incentive Program, based on the Company's financial performance in relation to predetermined performance goals for the prior fiscal year. Under the material terms for our payment of executive incentive compensation, which has been approved by our board of directors and our stockholders, the Compensation Committee has negative discretion, which prohibits the Compensation Committee from increasing the amount of compensation payable if a performance goal is met, but allows the Compensation Committee to reduce or eliminate compensation even if such performance goal is attained. In addition to awards of annual cash incentive compensation under the Annual Executive Incentive Program, the Compensation Committee also has the authority to award discretionary annual performance bonuses to our executive officers outside such material terms. Any such discretionary annual performance bonuses, if awarded, may not be fully deductible under Section 162(m) of the Code. See the discussion under the heading "Tax Deductibility of Executive Compensation."

The annual cash incentive compensation is intended to compensate officers for achieving short-term financial and operational goals and for achieving individual annual performance objectives over the course of one year. These objectives and goals vary from year to year and between named executive officers. They are established in writing by the Compensation Committee, with the expectation that attainment of these goals would require significant effort in light of the current business environment and that such attainment was moderately likely, based upon the assumptions made in determination of the annual targets and the Company's historic performance with respect to similarly determined targets in prior years. In fiscal 2013, these targets were allocated 75% to individual job performance and two discretionary strategic factors, targeted levels of EBITDA and EBITDAR margin, and 25% associated with financial factors applicable to all of our named executive officers,

Table of Contents

which in fiscal 2013 were targeted levels of EBITDA and EBITDAR margin. Under the material terms for payment of our executive compensation, the discretionary strategic factors used to determine 75% of the target award for our executives may be any one of, or a combination of, (1) total stockholder return; (2) such total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock Index; (3) net income; (4) pretax earnings; (5) EBITDA; (6) EBITDAR; (7) pretax operating earnings after interest expense and before bonuses and extraordinary or special items; (8) EBITDAR margin; (9) earnings per share; (10) return on equity; (11) return on capital; (12) return on investment; (13) operating earnings; (14) working capital; (15) ratio of debt to stockholders' equity; and (16) revenue. In determining EBITDA and EBITDAR margin targets, the Company made assumptions regarding industry attendance figures for the 2013 fiscal year. Consistent with past practice, in consideration of awarding annual cash incentive bonuses, at the completion of the fiscal year, such EBITDA and EBITDAR margin targets are adjusted to reflect the actual industry attendance figures. Because industry attendance figures in 2013 were approximately 1% lower than those anticipated in determining the projected targets for the fiscal year, such EBITDA and EBITDAR margin targets were adjusted to approximately \$564 million and approximately 33%, respectively. In fiscal 2013, the Company exceeded its adjusted EBITDA and EBITDAR margin targets. Because these annual cash incentive compensation amounts are intended to reward both overall Company and individual performance during the year, they can be highly variable from year to year, depending on factors both within and outside of the named executive officer's control. Therefore, when the relevant performance targets are not met, the Company does not pay its executive officers an annual cash incentive. The award of an annual cash incentive to our executive officers and the required satisfaction of target levels demonstrate the Company's appreciation of its financial risks, and in connection therewith, our board of directors believes that the Company's executive officers should participate in those financial risks as well.

Pursuant to their employment agreements, each of Ms. Miles and Messrs. Ownby, Dunn and Brandow is eligible for a target annual cash incentive opportunity under our Annual Executive Incentive Program up to an amount equal to a specified percentage of such executive's salary. The Compensation Committee establishes the metrics for achievement of the bonus and may, in its sole discretion, provide for an opportunity to receive a "stretch incentive" if certain financial goals are achieved. Our Compensation Committee targeted annual cash incentive amounts to be paid in fiscal 2014 for performance during fiscal 2013 at 100% of base salary for Ms. Miles and Mr. Dunn and 75% of base salary for Messrs. Ownby and Brandow, with an additional "stretch incentive" amount of up to 50% of base salary for Ms. Miles and Mr. Dunn and up to 37.5% of base salary for Messrs. Ownby and Brandow. The actual amount of annual cash incentive, which varies by individual, is determined following a review of each named executive officer's individual performance and contribution to our strategic and financial goals. Each annual cash incentive is paid in cash in an amount reviewed and approved by the Compensation Committee in the first quarter following the completion of a given fiscal year. The Compensation Committee determined the cash incentives for fiscal 2013 for the named executive officers on February 7, 2014. The Company exceeded its adjusted EBITDA and EBITDAR margin targets in fiscal 2013 and the Compensation Committee evaluated performance and approved the payment of annual cash incentives at 115% of base salary for each of Ms. Miles and Mr. Dunn and at 86.25% of base salary for each of Messrs. Ownby and Brandow. See the discussion under the heading "Summary Compensation Table" for those amounts.

Executive Equity Incentives. We believe that creating long-term value for our stockholders is achieved, in part, by retaining our executive officers in a challenging business environment and aligning the interests of our executive officers with those of our stockholders. To achieve this goal, we utilize a combination of awards of shares of restricted stock and performance shares under our 2002 Stock Incentive Plan, which has been approved by our board of directors and our stockholders. Our restricted stock awards apply time-based vesting and our performance shares apply both performance and time-based vesting. Based on the past recommendations of outside compensation consultant Mellon

Table of Contents

Human Resources & Investor Services, and in part upon the Compensation Committee's analysis of our named executive officers' level of responsibility for market competitiveness and our performance, we currently target the value of our equity incentive awards based on a factor ranging from 120% to 200% of our named executive officers' base salaries. In determining the number of shares of restricted stock and the number of performance shares granted to each of our executive officers in furtherance of this objective, we award approximately 43% of such equity awards in restricted stock and approximately 57% of such equity awards in performance shares, to reflect the higher potential risk of forfeiture for the performance shares. In fiscal 2013, awards of restricted stock and performance shares were made to all of our named executive officers, as described under the heading "2013 Grants of Plan-Based Awards." For fiscal 2013, the Compensation Committee targeted equity incentive awards of \$1,648,000 for our Chief Executive Officer, Ms. Miles, which reflected 200% of Ms. Miles' base salary. Of this targeted amount, approximately 43% of such targeted equity incentive awards was allocated to restricted stock, with a targeted value of approximately \$708,600, and approximately 57% was allocated to performance shares, with a targeted value of approximately \$939,400, with the difference between the targeted value and the grant date fair value of such awards disclosed in the 2013 Grants of Plan-Based Awards table which is equal to the projected payment of dividends on performance shares. The Compensation Committee targeted equity incentive awards of \$519,100, \$663,100 and \$488,200 for Messrs. Ownby, Dunn and Brandow, respectively, which reflected 120% of Mr. Ownby's fiscal 2013 base salary, 125% of Mr. Dunn's fiscal 2013 base salary and 120% of Mr. Brandow's fiscal 2013 base salary. Of such targeted amounts, approximately 43% of such targeted equity incentive awards was allocated to restricted stock, with a targeted value of approximately \$223,200, \$285,100 and \$209,900, for Messrs. Ownby, Dunn and Brandow, respectively, and approximately 57% was allocated to performance shares, with a targeted value of approximately \$295,900, \$378,000 and \$278,300 for Messrs. Ownby, Dunn and Brandow, respectively.

Awarding restricted stock and performance shares enables us to account for our long-term equity incentive program based on the price of our Class A common stock underlying these shares, fixed at the date of grant of the awards, resulting in a known maximum cost under the program at the time of grant. In addition, the use of restricted stock and performance shares allows us to compensate our executives, in part, through the payment of dividends, which we declare from time to time on our Class A common stock. Thus, we believe, the use of restricted and performance shares provides additional linkage between the interests of our executive officers and our stockholders.

Restricted Stock. As described above, awards of restricted stock serve to retain our executive officers over the vesting period of the grant by conditioning delivery of the underlying shares on continued employment with our Company for the vesting period. Periodic awards of restricted stock can be made at the discretion of the Compensation Committee to eligible executive officers.

Performance Shares. Our performance shares provide our executive officers with equity incentives for attaining long-term corporate goals and maximizing stockholder value over the course of three years. The design of our long-term equity incentive program, the establishment of performance targets and the mix of performance and time-based targets as a percentage of each executive officer's compensation were established by our Compensation Committee and approved by our board of directors after discussion with, and recommendations from, our Chief Executive Officer (with respect to executives other than herself) and Mellon Human Resources & Investor Services. Under our 2002 Stock Incentive Plan, long-term equity incentive awards, which we refer to as performance shares, paid to our executive officers depend exclusively on the Company's satisfaction of target levels of total stockholder return as determined by the Compensation Committee. Therefore, when the relevant performance targets are not met, the Company does not pay its executive officers this incentive compensation.

In fiscal 2008, the Company engaged outside compensation consultant Towers Perrin to review our long-term equity incentive program. Based upon the recommendations of Towers Perrin, in fiscal 2009,

Table of Contents

the Compensation Committee adopted an amended and restated form of performance share award agreement, to which we refer as the performance share award agreement. Specifically, the Compensation Committee adopted this form of performance share award agreement in order to: (i) more closely align the Company's compensation policy with competitive practices, (ii) increase the attraction and retention value of the Company's long-term incentive compensation program by utilizing performance goals viewed as more within our named executive officers' control, (iii) align the accounting expense of such long-term incentive compensation more closely with the income participants realize from the performance shares; and (iv) reinforce the Company's long term performance objectives using a method the Company regularly measures itself against for internal performance review. Under the performance share award agreement, the specified performance target is based on as-adjusted EBITDA targets, and on the calculation date for such awards, the Compensation Committee will determine the actual performance percentage by calculating for each of the three fiscal years prior to the calculation date the percentage by which the Company's actual adjusted EBITDA met or exceeded the adjusted annual EBITDA target for each such fiscal year, respectively, and averaging such performance percentages over such three fiscal year period. Like our awards of annual executive incentive compensation, such EBITDA targets will be adjusted annually at the completion of the fiscal year to reflect the actual industry attendance figures and to neither penalize nor reward our named executive officers for non-controllable industry results.

Under our performance share award agreement, the adjusted annual EBITDA targets and number of corresponding performance shares issuable for the attainment of such return, are as follows:
