Register on the website as a shareholder by using the twelve-digit number printed on your proxy card. During the virtual meeting, you may electronically submit your vote or change or revoke a prior vote. Select the "Vote" button and complete the information from your proxy card to verify your eligibility to vote. Be sure to characterize whether the vote is your first vote or the withdrawal of a prior vote. Your vote must be cast before the polls are closed.

Solicitation of Proxies

We pay the cost of printing and mailing all proxy and voting materials and all solicitation expenses associated with this proxy statement. The Board of Directors of Ciber is soliciting the proxy accompanying this proxy statement. Proxies may be solicited by Ciber's officers, directors, and employees, none of whom will receive any additional compensation for such activity. In addition, MacKenzie Partners, Inc. may solicit proxies on our behalf. We anticipate that the cost of MacKenzie's services will not exceed \$15,000. These solicitations may be made personally or by telephone, mail, email, or the Internet. We will reimburse brokerage firms, banks, and other fiduciaries for the expense of forwarding solicitation materials to their principals.

Revocation of Proxies

At any time prior to final tabulation of the votes on June 24, 2015, you may change your vote or revoke your proxy by following one of the procedures set forth below:

stated on the proxy you wish to revoke and must be received before the annual meeting. Address the letter to: Ciber, Inc., Attention: Corporate Secretary, 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111.

If you are a beneficial shareholder, you may revoke your proxy or change your vote only by following the separate instructions provided by your broker, trust, bank or other nominee.

Attend the virtual annual meeting and submit your vote prior to the close of the polls. Attending the virtual annual meeting will not, absent specific instructions from you, revoke or alter your proxy.

Other Matters Related to Voting

Householding. Under a procedure called "householding," we hope to reduce the environmental impact and cost of the proxy process by sending a single copy of this proxy statement and all related materials when multiple shareholders share an address. Any shareholder at such an address may ask to receive a separate copy of this proxy statement and all related materials. If you wish to receive a separate copy, contact us and we will promptly mail a complete set to you: Ciber, Inc., Attention: Corporate Secretary Annual Meeting Document Request, 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111.

If you are receiving multiple copies of our proxy statement or related materials at your address, you may request householding in the future. Registered shareholders may send that request to our transfer agent, while beneficial shareholders will need to contact each broker or bank where you hold Ciber common stock.

Quorum. Our bylaws provide that the holders of not less than a majority of the shares of common stock entitled to vote at the annual meeting must participate in order to constitute a quorum and conduct business at the annual meeting. We count on your participation by proxy or at the annual meeting to help us achieve a quorum. So we may verify that we have a quorum in advance of the annual meeting, please complete your proxy (by mail or electronically) and return it promptly.

Effect of Abstentions on Quorum. The shares of a shareholder whose proxy card is marked to "abstain" with respect to any proposal will be included in the number of shares present at the annual meeting to determine whether a quorum is present.

Brokers. If your shares are held in the name of a bank or broker, the process for voting by mail, telephone or Internet will depend on the processes of your bank or broker, and you should follow the voting instructions on the form you receive from your bank or broker. If you wish to vote the shares you own beneficially at our annual meeting, you must first request and obtain a legal proxy from your broker or other custodian. If you choose not to provide instructions or a legal proxy, your shares are referred to as "uninstructed shares." Whether your broker or custodian has the discretion to vote these shares on your behalf depends on the ballot item. See the full description of each proposal, below, for a complete description of how uninstructed shares impact the vote on a given proposal.

Online Availability of Information. The proxy statement and 2014 Annual Report on Form 10-K are available at www.ciber.com under "Investor Relations Financials."

This proxy statement is dated April 30, 2015 and is first being mailed to shareholders on or about April 30, 2015.

PROPOSAL 1

Election of Directors

We ask you to elect two nominees to serve as Class III Director for the ensuing three-year term to expire in 2018, or until a successor is elected and qualified. The Nominating/Corporate Governance Committee, with the approval of the non-incumbent members of the Board, has nominated the following individuals for re-election, or election, respectively, as Class III Directors (see "Directors and Executive Officers Class III Directors"):

| Name | Age | Director Since |
|-------------------------|------------|-----------------------|
| Richard K. Coleman, Jr. | 58 | 2014 |
| Mark Lewis | 52 | |

If either of the nominees becomes unavailable or unwilling to serve as a director, persons named in the proxy intend to cast votes for which they hold proxies in favor of the election of such other person as the

Table of Contents

Board may designate. The Board knows of no reason why either of the nominees would be unable or unwilling to serve on the Board.

Directors are elected by a plurality of votes of shares of the Company present in person or by proxy and entitled to vote at the annual meeting on the election of directors. Cumulative voting is not permitted. This means that the director nominees receiving the highest number of votes will be elected. Brokers and other custodians are not entitled to vote uninstructed shares on this proposal and such shares will not be counted in evaluating the results. Unless otherwise indicated on the proxy card, proxies will be voted FOR the election of the director nominees.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" ALL NOMINEES

PROPOSAL 2

Advisory Vote to Approve the Compensation of our Named Executive Officers

We believe that the shareholder advisory vote on executive compensation represents one of the most important forms of shareholder feedback. Accordingly, following the failed say-on-pay vote at the 2014 Annual Meeting, our executive management team and members of our Board engaged in an extensive program of shareholder outreach. In the past year, our leaders have met with and received feedback from shareholders owning over 30% of our common stock to get their input on important matters including Ciber's executive compensation practices.

Following these shareholder discussions, we have instituted a number of changes to our compensation program, including the following key 2015 program changes:

Lower target total compensation opportunities for our Named Executive Officers (2015 annualized target compensation will be more in line with market practices and will generally be lower than 2013 and 2014 levels)

Introduction of performance-vesting equity awards focusing on long-term value creation (vesting based on EBITA performance and total shareholder return during a three-year performance period)

Reduced emphasis on time-vested equity awards (future awards will be increasingly weighted toward performance-vesting equity)

Annual incentive program based on annual performance (eliminating quarterly payouts)

We believe that these changes are consistent with the feedback received from our shareholders and demonstrate our commitment to a strong pay for performance philosophy. The program changes are described in detail in the "Compensation Discussion and Analysis" section of this proxy statement, beginning on page 43.

As required by Section 14A of the Exchange Act, we are asking for your non-binding advisory vote to approve the compensation of the Company's named executive officers as disclosed in this proxy statement (which disclosure includes the "Compensation Discussion and Analysis," the compensation tables, and the narrative disclosures that accompany the compensation tables below). We believe that it is beneficial to seek the vote of our shareholders on the design and effectiveness of our executive compensation program on an annual basis.

Table of Contents

The Board of Directors asks you to vote "FOR" the following resolution:

"RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the executive compensation tables and the related narrative discussion."

As an advisory vote, this proposal is not binding on the Company or the Board of Directors. However, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions of our shareholders and considers the outcome of the prior shareholder votes in making compensation decisions. The Compensation Committee, as well as the Board of Directors, intends to continue taking into account the outcome of future shareholder votes in its deliberations on executive compensation matters.

Approval of this proposal requires the affirmative vote of a majority of shares of the Company present in person or by proxy at the annual meeting and entitled to vote on the proposal. Brokers and other custodians are not entitled to vote uninstructed shares on this proposal and such shares will not be counted in evaluating the results. Unless otherwise indicated on the proxy card, proxies will be voted FOR approval of the compensation of named executive officers.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" ADVISORY APPROVAL OF THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

PROPOSAL 3

Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board has appointed Ernst & Young LLP ("Ernst & Young") as our independent registered public accounting firm for the fiscal year ending December 31, 2015. Services provided to Ciber, Inc. and its subsidiaries by Ernst & Young in fiscal year 2014 are described below (see "Independent Registered Public Accounting Firm Auditor Fees and Services").

Ernst & Young audited our consolidated financial statements for the fiscal year ended December 31, 2014.

We are asking our shareholders to ratify the selection of Ernst & Young as our independent registered public accounting firm for the fiscal year ending December 31, 2015. Although shareholder ratification is not required by our bylaws or otherwise, the Board believes that submitting the selection of Ernst & Young to the shareholders for ratification is advisable as a matter of good corporate practice. If the shareholders fail to ratify the appointment of Ernst & Young, the Audit Committee will consider whether or not to retain Ernst & Young; however, the Audit Committee may select Ernst & Young notwithstanding the failure of the shareholders to ratify this appointment. If the appointment of Ernst & Young is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of Ciber and its shareholders.

Representatives of Ernst & Young will be present at the annual meeting to respond to appropriate questions and make any statements if they desire to do so.

Approval of this proposal requires the affirmative vote of a majority of shares of the Company present in person or by proxy at the annual meeting and entitled to vote on the proposal. Brokers and other

Table of Contents

custodians are entitled to vote uninstructed shares on this proposal and such votes will be counted in evaluating the results. Please contact your broker or other custodian for information on their voting policy with respect to uninstructed shares. Unless otherwise indicated on the proxy card, proxies will be voted FOR the ratification of the appointment of Ernst & Young LLP.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2015

PROPOSAL 4

Approval of the Amended and Restated 2004 Incentive Plan

We approved certain amendments to and the restatement of the 2004 Incentive Plan (the "2004 Plan"). The amendments contemplate changes to the provisions applicable to awards that are intended to be treated as qualified performance-based compensation under Section 162(m) of the Internal Revenue Code, including the performance criteria on which performance goals are based, to improve the Company's compensation program and to implement other best practices, among other amendments. Our shareholders are being requested to approve certain amendments that require shareholder approval. **The amendments will not increase the number of shares of common stock available for issuance pursuant to awards granted under the 2004 Plan.**

If our shareholders do not approve Proposal 4, the amendments that were approved by our Board of Directors that require shareholder approval will not become effective. Namely, the amendments to the provisions relating to awards that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code and the authority to grant stock appreciation rights will not become effective. In addition, any awards intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code that were granted contingent on shareholder approval of the amendments to the 2004 Plan will be cancelled automatically if shareholder approval is not obtained. All other amendments that were approved by our Board of Directors that do not require shareholder approval will continue in effect.

The 2004 Plan is the Company's only active employee equity plan, and as of April 24, 2015, we had approximately 5,318,245 shares remaining for the grant of new awards under the 2004 Plan. As of April 24, 2015, there were 1,129,333 options outstanding in aggregate under the 2004 Plan with a weighted average exercise price of \$4.93 and a weighted average remaining term of 2.95 years, and 4,912,005 full value awards that were unvested and outstanding.

Approval of Material Terms of the Performance Goals under Code Section 162(m)

In order to preserve our ability to deduct in full for federal income tax purposes compensation that certain of the Company's officers may recognize in connection with performance-based awards that may be granted in the future under the 2004 Plan, the shareholders of the Company are also being asked to approve certain material terms of the performance goals for performance-based awards granted under the 2004 Plan. Section 162(m) of the Internal Revenue Code generally denies a corporate tax deduction for annual compensation exceeding \$1 million paid to the chief executive officer or to any of the three other most highly compensated officers of a publicly held company other than the chief financial officer. However, certain types of compensation, including "qualified performance-based" compensation, are generally excluded from this limit. To enable compensation in connection with awards granted under the 2004 Plan that are contingent on the attainment of performance goals to qualify as "qualified

Table of Contents

performance-based" within the meaning of Section 162(m) of the Internal Revenue Code, the shareholders of the Company are being asked to approve the material terms of the applicable performance goals. By approving the amendment and restatement of the 2004 Plan, the shareholders will be approving, among other things: (i) the eligibility requirements for participation in the 2004 Plan; (ii) the performance criteria upon which certain awards of restricted stock, restricted stock units and performance bonus awards may be based; (iii) the maximum numbers of shares subject to options, stock appreciation rights, restricted stock and restricted stock units intended to as performance-based compensation under Section 162(m) of the Internal Revenue Code that may be granted to a participant in any calendar year; and (iv) the maximum dollar amount that a participant may receive upon settlement of a performance bonus award.

Material Changes to the 2004 Plan

The following summary highlights the proposed material changes to the 2004 Plan.

Amendments have been made to the 2004 Plan to improve the Company's compensation program and to comply with some of the policies recommended by Institutional Shareholder Services, including:

The share counting provision has been revised to prohibit the "recycling" of shares that are used to pay tax withholding or exercise price for new options granted under the 2004 Plan;

A provision has been added to preclude the payment of dividends or dividend equivalents payable on restricted stock, restricted stock units or other share-based awards that are full-value awards that vest on attainment conditions unless and until the underlying awards vest;

The 2004 Plan provides for minimum vesting requirements applicable to awards granted after the 2015 Annual Meeting of Shareholders; and

The option and stock appreciation right repricing prohibition provisions have been revised to also include other arrangements that are considered "repricings" by Institutional Shareholder Services.

A "clawback" provision has been added permitting the Company to recover from participants awards or payments made under the 2004 Plan as may be required under the Dodd-Frank Act.

The change in control definition has been revised to reflect a definition that is more consistent with market practice, to clarify that the applicable transaction must be completed in order before any change in control provisions are given effect under the plan and to exclude the carve out of acquisitions by existing founding shareholders.

The 2004 Plan has added the authority to grant cash-based awards that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. The maximum cash amount that may be paid under performance-based awards granted to any one participant in a calendar year may not exceed \$5 million.

The annual maximum limit applicable to awards granted to any one participant has been clarified to reflect that the limit applies only to awards that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code.

Table of Contents

The maximum number of shares subject to awards that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code that may be granted to any participant in a calendar year has been increased from 1,000,000 shares to 3,000,000 shares.

The calculation of the annual limitation applicable to awards granted to any participant that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code has been changed from a rolling 12-month basis to a calendar year calculation.

The list of performance criteria on which performance goals may be based for awards that are intended to qualify as performance-based awards under Section 162(m) of the Internal Revenue Code has been expanded to include additional performance criteria.

The 2004 Plan has added the authority to grant additional types of awards, including restricted stock units, stock appreciation rights, cash-based awards that vest based on performance conditions, dividend equivalent rights and other share-based awards.

The capitalization adjustment provision has been revised to provide for (i) automatic, non-discretionary adjustments to the share reserve, incentive stock option limitation, Section 162(m) annual limitations and number of shares and exercise price, if applicable, subject to awards for certain capitalization events and (ii) discretionary adjustments for capitalization events that may not always require adjustments to the 2004 Plan and award agreement terms.

The tax withholding provision has been revised to broaden its application and expand the methods of tax withholding that can be used for awards granted under the 2004 Plan.

The automatic expiration upon the tenth anniversary of the 2004 Plan has been eliminated.

Summary of the 2004 Plan

The following summary of certain material features of the 2004 Plan is qualified in its entirety by reference to the 2004 Plan, which is attached to this proxy statement as Appendix A.

Table of Contents

Purpose of 2004 Plan

The purposes of the 2004 Plan are to provide the employees and consultants of the Company and its affiliates or directors of the Company selected for participation in the Plan with added incentives to continue in the long-term service of the Company and to create in such persons a more direct interest in the future success of the operations of the Company by relating incentive compensation to increases in shareholder value, so that the income of such persons is more closely aligned with the income of the Company's shareholders. The 2004 Plan is also designed to enhance the ability of the Company to attract, retain and motivate, employees, consultants and directors by providing an opportunity for investment in the Company.

Shares Reserved for Issuance under 2004 Plan

Shares Reserved. As proposed, the total number of shares of our common stock that will be authorized and available for issuance pursuant to awards granted under the 2004 Plan is 20,350,000 shares, subject to adjustment in the event of specified capitalization events of the Company. As of April 24, 2015, 5,318,245 shares of common stock were available for the grant of future awards under the 2004 Plan. The 2004 Plan has not been amended to increase the number of shares of common stock reserved for issuance under the plan.

Shares Reissuable Under the 2004 Plan. To the extent that an award granted under the 2004 Plan terminates, expires, lapses for any reason, or if an award other than an option or SAR is settled in cash, any shares subject to the award will again be available for the grant of an award pursuant to the 2004 Plan.

Shares Not Reissuable Under the 2004 Plan. The following shares will be deducted from the aggregate number of shares available for future awards: (i) shares surrendered by a participant or withheld by the Company to satisfy the grant or exercise price or tax withholding obligation under an option or SAR; (ii) shares not issued or delivered as a result of the net settlement of an option or a SAR and (iii) shares repurchased by the Company on the open market with the proceeds of the exercise price from options.

Shares Not Counted Against Share Reserve Pool Under the 2004 Plan. To the extent permitted by applicable law or any stock exchange rule, shares issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or an affiliate will not be counted against shares available for grant pursuant to the 2004 Plan. The payment of a dividend equivalent right in cash in conjunction with any outstanding awards will not be counted against the shares available for issuance under the Amended and Restated 2004 Plan.

Award Limits for Code Section 162(m) Awards

Under Section 162(m) of the Internal Revenue Code, no deduction is allowed in any taxable year of our Company for compensation in excess of \$1 million paid to our chief executive officer and the three other highest compensated executive officers of our Company (other than the chief financial officer). An exception to this rule applies to compensation that is paid pursuant to a plan approved by shareholders and that specifies, among other items, the maximum number of shares with respect to which options and stock appreciation rights may be granted to eligible participants under the plan during a specified period, and such options are granted with an exercise or strike price equal to at least fair market value as of the date of grant, and in the case of full value awards, the plan specifies the maximum amount of compensation that may be paid to an employee during a specified period, and the payment of such award is subject to satisfaction of specified performance objectives. For additional information regarding performance-based awards intended to comply with Section 162(m) of the Internal Revenue Code and

Table of Contents

the applicable performance goals and criteria that may be established for such awards, please refer to the discussion under the heading "Performance-Based Awards to Covered Employees," below.

In any calendar year, the maximum number of shares with respect to one or more awards that may be granted to any one participant during the year under the 2004 Plan is 3,000,000 shares, subject to adjustment in the event of specified capitalization events of our Company, and the maximum amount that may be paid in cash during any calendar year with respect to any award is \$5 million. To the extent required by Section 162(m) of the Internal Revenue Code, if an option is canceled, the shares subject to the cancelled option will continue to count against the maximum number of shares with respect to which the option may be granted to a participant.

Awards

Under the 2004 Plan, the following awards may be granted: stock options (including "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code), restricted stock, stock appreciation rights, restricted stock units, other share-based awards, and stock-based and cash-based awards that qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code (all such grants are collectively referred to as "awards").

Eligibility

Incentive stock options may be granted only to our employees and to employees of any of our subsidiaries meeting the requirements of the Internal Revenue Code. Awards other than incentive stock options may be granted to our non-employee directors and to employees of, and consultants to, the Company and any of its affiliates. As of April 24, 2015, seven non-employee directors and 5,696 employees were eligible to participate in the 2004 Plan.

Administration

The 2004 Plan provides that it will be administered by our Board of Directors, unless the Board of Directors elects to delegate administration responsibilities to a committee. In this proposal, we refer to the Board of Directors or the committee to which administration of the 2004 Plan has been delegated as the "Committee". Unless otherwise determined by our Board of Directors, the 2004 Plan requires that any committee to which administration responsibilities are delegated must consist solely of two or more members of our Board of Directors, each of whom is an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code, a "non-employee director" satisfying the requirements of Section 16 of the Securities Exchange Act of 1934, as amended, and an "independent director" under the New York Stock Exchange rules (or other principal securities market on which our common stock is traded). The Committee has the sole authority to grant awards and sole and exclusive discretion to interpret and administer the 2004 Plan. The Committee determines the eligible individuals who will receive grants and the precise terms of the grants (including accelerations or waivers of any restrictions, and the conditions under which such accelerated vesting or waivers occur, such as in connection with a participant's death, subject to certain limitations in the case of performance-based awards that are intended to qualify as qualified performance-based compensation under Section 162(m) of the Internal Revenue Code). The Committee has the authority to amend or modify the terms of an outstanding award, except that an amendment that materially and adversely impacts the rights under an outstanding award will require prior written consent from the participant, unless the amendment is necessary or desirable to facilitate compliance with applicable law or to avoid adverse tax consequences under Section 409A of the Internal Revenue Code. The decisions of the Committee will be final and binding on all holders of awards. To the extent permitted by applicable law, our Board of Directors also may delegate to a committee of one or more members of our Board of Directors or one or more officers of our Company the authority to grant

Table of Contents

or amend awards to participants other than employees who are subject to Section 16 of the Securities Exchange Act of 1934, as amended, employees subject to Section 162(m) of the Internal Revenue Code, or officers or directors of our Company to whom authority to grant or amend awards has been delegated.

Stock Options

The 2004 Plan authorizes the grant of incentive stock options, which are intended to satisfy the requirements of Section 422 of the Internal Revenue Code, and non-qualified stock options, which do not satisfy the requirements of Section 422 of the Internal Revenue Code. The exercise price of stock options granted under the 2004 Plan may not be less than 100% (or higher in the case of certain incentive stock options) of the fair market value of a share of our common stock on the date of grant. While our common stock is traded on an established stock exchange, "fair market value" means, as of any given date, the closing price of a share of our common stock as quoted on the principal exchange on which our common stock is listed for such date, or if no sale occurred on such date, the first trading date immediately prior to such date during which a sale occurred. As of April 24, 2015, the closing price on the New York Stock Exchange ("NYSE") of our common stock was \$3.96. Options granted under the 2004 Plan will vest at the rate specified by the Committee, except that no option will fully vest prior to the first anniversary of the date of grant. No stock option will be exercisable more than ten years after the date it is granted.

The Committee determines the methods by which the exercise price of options is paid, including the following: in cash or check, in shares, through a broker-dealer sale and remittance procedure pursuant to which the participant effects a same-day exercise of the option and sale of the purchased shares in order to cover the exercise price for the purchased shares and the applicable withholding taxes, a "net exercise" arrangement pursuant to which the number of shares issuable upon exercise of the option is reduced by a number of shares having a fair market value equal to the exercise price and tax withholding. In addition, the Committee may provide financial assistance to a participant who wishes to exercise his or her outstanding options, provided that the participant is not an executive officer or member of the Board of Directors, by allowing the participant to deliver an interest-bearing full recourse promissory note or through a third-party loan guaranteed by the Company in the amount of the exercise price and any associated withholding taxes.

An option may not be exercised for a fraction of a share. Until the underlying shares are issued, no right to vote or receive dividends or any other rights as a shareholder will exist with respect to the shares subject to an option, notwithstanding the exercise of the option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the shares are issued, except in the case of a capitalization event of the Company as provided under the terms of the 2004 Plan.

If a participant ceases to provide services to the Company or any affiliate of the Company, the participant may exercise his or her option within such period of time as is specified in the award agreement to the extent that the option is vested on the date of termination (but in no event later than the expiration of the term of such option as set forth in the award agreement). Unless otherwise provided by the Committee, if on the date of termination the participant is not vested as to his or her entire option, the unvested portion of the option will be forfeited and the shares covered by the unvested portion of the option will revert to the Plan. If after termination of service the participant does not exercise his or her option within the time specified by the Committee, the option will terminate, and the shares covered by such option will revert to the Plan.

Restricted Stock Awards

An award of restricted stock is a direct grant of common stock, subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation,

Table of Contents

limitations on the right to vote the underlying shares or the right to receive dividends with respect to the underlying shares). These restrictions may lapse separately or in combination at such times, pursuant to such circumstances, in such installments, or otherwise, as the Committee determines at the time of the grant of the award or thereafter, except that no award of restricted stock may fully vest prior to the first anniversary of the grant date. Generally, any shares subject to restrictions are forfeited upon termination of employment. The price, if any, that participants are required to pay for each share of restricted stock will be set by the Committee and will be paid in a form approved by the Committee, which may be cash, services rendered or to be rendered to us or an affiliate of our Company, or in another form of payment. To the extent that any dividends are payable with respect to a restricted stock award that vests based on the attainment of performance conditions, the dividends will not be paid unless the underlying award vests.

Stock Appreciation Rights

Stock appreciation rights, or "SARs," typically provide for payments to the holder based upon increases in the price of our common stock from the date the SAR was granted to the date that the right is exercised. The Committee will generally determine when the SAR will vest and become exercisable, except that no SAR may fully vest prior to the first anniversary of the grant date. The grant price of a SAR may not be less than the fair market value of a share on the date of grant of the SAR. The Committee determines the term of a SAR, but no SAR will be exercisable more than ten years after the date it is granted.

The Committee may elect to settle exercised SARs in cash, in shares, or in a combination of cash and shares. Until the shares are issued, no right to vote or receive dividends or any other rights as a shareholder will exist with respect to the shares subject to a SAR, notwithstanding the exercise of the SAR. No adjustment will be made for a dividend or other right for which the record date is prior to the date the shares are issued, except in the case of a capitalization event as provided under the terms of the 2004 Plan. Upon termination of a participant's employment (other than by reason of death or retirement), a SAR will generally be subject to the same conditions as apply to stock options.

Restricted Stock Units

Restricted stock units are denominated in unit equivalent of shares and are typically awarded to participants without payment of consideration. Restricted stock unit units may be subject to vesting conditions based upon the passage of time or the attainment of performance-based conditions as determined in the discretion of the Committee, except that no restricted stock units may fully vest before the first anniversary of the grant date. Except as otherwise determined by the Committee at the time of the grant of the award or thereafter, any restricted stock units that are not vested as of the date of the participant's termination of service will be forfeited. Unlike restricted stock, the stock underlying restricted stock units will not be issued until the restricted stock units have vested. In addition, recipients of restricted stock units generally have no voting or dividend rights until the vesting conditions are satisfied and the underlying shares are issued. Restricted stock units may be settled in shares, cash or a combination of both. On the vesting date (or such later date as determined by the Committee and set forth in the agreement evidencing the award), the participant will be issued one unrestricted, fully transferable share for each restricted stock unit scheduled to be paid out on such date and not previously forfeited. Alternatively, settlement of a restricted stock unit may be made in cash (in an amount reflecting the fair market value of shares that would have been issued) or any combination of cash and shares, as determined by the Committee, in its sole discretion. The Committee may authorize dividend equivalents to be paid on outstanding restricted stock units. If dividend equivalents are authorized to be paid, they may be paid in cash or shares at the time dividends are declared on the shares or at the time the awards vest, in the discretion of the Committee. To the extent that any dividend equivalents are payable with respect to restricted stock units that vest based on the attainment of performance conditions, the dividend equivalents will not be paid unless the underlying award vests.

Table of Contents

Other Share-Based Awards

The Committee is authorized under the 2004 Plan to make any other award that is not inconsistent with the provisions of the 2004 Plan and that by its terms involves or might involve the issuance of shares, or of a right vesting based on the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions, or the issuance of any other security with the value derived from the value of the shares. The Committee may elect to settle these awards in cash, in shares, or in a combination of cash and shares. The Committee may establish the exercise price, if any, of any other share-based awards granted under the Plan, except that the exercise price may not be less than the higher of (i) the fair market value of a share on the date of grant for an award that is intended to be exempt from Section 409A of the Internal Revenue Code or (ii) the par value of a share on the date of grant, unless otherwise permitted by applicable law. To the extent that any dividend equivalents are payable with respect to a share-based award that is a full value award that vests based on the attainment of performance conditions, the dividend equivalents will not be paid unless the underlying award vests.

Performance-Based Awards to Covered Employees

Performance-based awards include awards other than options or SARs which comply with IRS requirements under Section 162(m) of the Internal Revenue Code for performance-based compensation. The Committee may designate employees as "covered employees" (our chief executive officer and our three other highest compensated executive officers other than our chief financial officer) whose compensation for a given fiscal year may be subject to the limit on deductible compensation imposed by Section 162(m) of the Internal Revenue Code. The Committee may grant to such covered employees awards that are paid, vest or become exercisable upon the attainment of Company performance goals which are related to one or more of the following performance criteria as applicable to us or any of our affiliates, divisions or operating business units, or the performance of an individual, any of which performance criteria may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group or securities or stock market index: earnings per share, whether in total or from continuing operations, income, net income (either before or after taxes, amortization, interest and/or depreciation), operating income (either before or after restructuring and amortization charges), sales or revenue, gross or net profit margin, return on operating assets or net assets, return on shareholders' equity, return on capital, return on sales, economic value added, stock price appreciation, total shareholder return (measured in terms of stock price appreciation and dividend growth), or earnings or net earnings (either before or after interest, taxes, depreciation and amortization or either before or after interest, taxes and amortization), operating earnings, cash flow (including, without limitation, operating cash flow and free cash flow), cash flow return on capital, productivity, expense, operating efficiency, customer satisfaction, working capital, price per share, market share, new products, customer penetration, technology and risk management.

At the time of grant, the Committee may specify one or more objectively determinable adjustments permitted under the 2004 Plan that may be made to one or more of the performance goals.

Transferability of Awards

Except as otherwise provided by the Committee, no award granted under the 2004 Plan may be assigned, transferred, or otherwise disposed of by a participant other than by will or the laws of descent and distribution or, with respect to awards other than incentive stock options, under a registered offering on the terms and conditions as determined by the Committee. The Committee by express provision in the award agreement may permit an award (other than an incentive stock option) to be transferred to certain family members of the participant, to a trust for the benefit of the participant or certain family member of the participant, to a partnership, limited liability company or corporation in which the participant or certain

Table of Contents

family member of the participant are the only partners, members or shareholders, or for charitable donations; provided that the assignee is bound by and subject to all of the terms and conditions of the 2004 Plan and the award agreement relating to the transferred award, and will execute an agreement satisfactory to us evidencing the obligations.

Changes in Control

Except as may otherwise be provided in an agreement evidencing an award or other agreement, in the event of a change in control of the Company, unless an award is converted, assumed, substituted or replaced by the successor corporation, each award outstanding under the 2004 Plan will immediately vest, and following the change in control, the awards will immediately terminate. The Committee may also provide at any time that an award will automatically accelerate in connection with a change in control, regardless of whether it is assumed or not. Where awards are assumed, substituted or otherwise continued after a change in control of the Company, the Committee may provide that one or more awards will automatically accelerated upon an involuntary termination of the participant's employment or service within a designated period following the effective date of a change of control. "Change in control" as referenced in this Proposal 4 has the meaning given it in the 2004 Plan, a copy of which is attached to this proxy statement as Appendix A.

Adjustments Upon Changes in Capitalization

In the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, or other distribution (other than normal cash dividends) of assets to our shareholders or any other change in capitalization affecting our common stock other than certain equity restructurings identified in the 2004 Plan, the Committee has discretion to make appropriate adjustments in the number and type of shares subject to the 2004 Plan, the terms and conditions of any award outstanding under the 2004 Plan, and the grant or exercise price of any such award. In the case of certain equity restructurings as specified in the 2004 Plan, the number and type of securities subject to each outstanding award and the grant or exercise price will be adjusted without any discretion on the part of the Committee.

Amendment and Termination of Plan

With the approval of our Board of Directors, at any time and from time to time, the Board may terminate, amend or modify the 2004 Plan, except that the Board may not, without prior shareholder approval, amend the 2004 Plan in any manner that would require shareholder approval to comply with any applicable laws, rules or regulations, including increasing the number of shares available under the 2004 Plan (other than any adjustment), or permitting the Board to extend the exercise period for an option beyond ten years from the date of grant. Except as may be required to avoid adverse tax consequences under Section 409A of the Internal Revenue Code or as may be required or desirable to facilitate compliance with applicable law, no termination, amendment or modification of the 2004 Plan may adversely affect in any material way any award granted under the 2004 Plan without the consent of the participant.

In addition, absent approval of our shareholders, no option or SAR may be amended to reduce the exercise price or grant price of the shares subject to such option or SAR and (except as permitted under the provisions of the 2004 Plan dealing with certain capitalization adjustments and change in control) no option or SAR may be cancelled in exchange for the grant of an option or SAR having a lower per share exercise price or for a cash payment or another award at a time when the option or SAR has a per share exercise price that is higher than the fair market value of the shares.

Table of Contents

Clawback/Recovery

Awards are subject to recoupment under any "clawback" policy that the Company is required to adopt under applicable stock exchange rules or as otherwise required by the Dodd-Frank Act or other applicable law.

Plan Term

The 2004 Plan will continue in effect until terminated by our Board of Directors, but no incentive stock options may be granted under the 2004 Plan after the tenth anniversary of the date the amendments to the 2004 Plan were approved by our Board of Directors. Any awards that are outstanding at the time the 2004 Plan terminates will remain in force according to the terms of the 2004 Plan and the applicable agreement evidencing the award.

Federal Income Tax Consequences

The following is a summary of the U.S. federal income tax consequences applicable to equity awards under the 2004 Plan based on current U.S. federal income tax laws. The 2004 Plan is not qualified under Section 401(a) of the Internal Revenue Code. **The summary is general in nature and is not intended to cover all tax consequences that may apply to a particular employee, director or to the Company. The provisions of the Internal Revenue Code and regulations thereunder relating to these matters are complicated, may change and their impact in any one case may depend upon the particular circumstances. Further, this summary does not discuss the tax consequences of a participant's death or the provisions of any income tax laws of any municipality, state or foreign country in which a participant may reside.**

Nonqualified Stock Options. With respect to nonqualified stock options: (i) no income is recognized by the participant at the time the nonqualified stock option is granted; (ii) generally, at exercise, ordinary income is recognized by the participant in an amount equal to the difference between the option exercise price paid for the shares and the fair market value of the shares on the date of exercise and we are entitled to a tax deduction in the same amount (subject to the restrictions on deductibility described under "Section 162(m) Limitation" below); and (iii) upon disposition of the shares, any gain or loss is treated as capital gain or loss. If the options are exercised and the shares acquired are sold on the same date, generally, the difference between the option exercise price paid for the shares and the sale price is recognized as ordinary income and no capital gain or loss is reported. If required, income tax must be withheld from the participant on the income recognized by the participant upon exercise of a nonqualified stock option.

Incentive Stock Options. The grant of an incentive stock option under the 2004 Plan will not result in any federal income tax consequences to the participant or to us. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and we receive no deduction at the time of exercise. In the event of a disposition of common stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares of common stock. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. We are not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of these holding periods, he or she must recognize ordinary income in the year of the disposition (referred to as a "disqualifying disposition"). The amount of such ordinary

Table of Contents

income generally is the lesser of (A) the difference between the amount realized on the disposition and the exercise price or (B) the difference between the fair market value of the common stock on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the common stock was held for more than one year. In the year of the disqualifying disposition, we are entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Internal Revenue Code.

The "*spread*" under an incentive stock option *i.e.*, the difference between the fair market value of the shares at the time of exercise and the exercise price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. The alternative minimum tax will not apply with respect to incentive stock options if the participant sells the shares within the same calendar year in which the incentive stock options are exercised. However, such a sale of shares within the same year of exercise will constitute a disqualifying disposition, as described above.

Stock Appreciation Rights. Upon exercise of a SAR, the participant will recognize ordinary income (treated as compensation) in an amount equal to the difference between the aggregate fair market value of the shares with respect to the number of shares that the SAR is exercised over the aggregate exercise price for such shares subject to the SAR. We generally will be entitled to a business expense deduction in the same amount and at the same time as the participant recognizes ordinary compensation income (subject to the limits of Section 162(m) of the Internal Revenue Code). If required, income tax must be withheld from the participant on the income recognized by the participant upon exercise of a SAR.

Restricted Stock. In the absence of a Section 83(b) election (as described below), a participant who receives restricted stock will recognize no income at the time of grant. When the restrictions lapse, a participant will recognize ordinary income (treated as compensation) equal to the fair market value of the stock when the restrictions lapse over the amount paid (if any) for the stock. As the restrictions applicable to a grant of restricted stock lapse (for example, if the restrictions on 20% of a grant lapse on each anniversary of the grant date), the participant will include the applicable portion of the shares that vests as ordinary income (treated as compensation). The participant's basis in the common stock is equal to the amount included in income on the expiration of the restrictions and the amount paid (if any), and the holding period will begin when the restrictions end. Any disposition of the restricted stock will result in a long- or short-term capital gain or loss (depending on the time the common stock is held after the restrictions end). We generally will be entitled to a deduction equal to the fair market value of the common stock when it is included in the participant's income, and will also be entitled to a business expense deduction for dividends paid to the participant (if any) on common stock that remains subject to restrictions (in each case subject to the limits of Section 162(m) of the Internal Revenue Code).

If a participant makes a Section 83(b) election within 30 days of the grant of the award, the participant must recognize the fair market value of the restricted stock on the date of grant as ordinary income (treated as compensation) as of the date of grant, and the holding period would begin at the time the restricted stock is granted. We generally would be entitled to a corresponding business expense deduction for the grant, but dividends on the stock would not be deductible. Any subsequent disposition of the stock by the participant, other than by forfeiture, would result in capital gain or loss, which would be long- or short-term, depending on the holding period. Upon a subsequent forfeiture of restricted stock with respect to which a Section 83(b) election has been made, no deduction will be allowed in respect of the amount included as income at the time the Section 83(b) election was made; however, the participant will generally be allowed a loss deduction equal to the amount (if any) the participant paid for the restricted stock over the amount (if any) we paid the participant for the restricted stock at the time it is forfeited.

Table of Contents

If required, income tax must be withheld from the participant on the income recognized by the participant at the time the restrictions on the restricted stock lapse (or grant of the restricted stock, in the event the participant makes a Section 83(b) election).

Restricted Stock Units. A participant will not recognize any income at the time a restricted stock unit is granted, nor will we be entitled to a deduction at that time. When payment on a restricted stock unit is made, the participant will recognize ordinary income in an amount equal to the fair market value of the common stock received (or if the restricted stock unit is settled in cash, the cash amount). If required, income tax must be withheld on the income recognized by the participant. We will receive a deduction for federal income tax purposes equal to the ordinary income recognized by the participant, subject to the limits of Section 162(m) of the Internal Revenue Code.

Performance-Based Awards. A participant will generally not recognize income at the time an award based on achievement of performance objectives is granted, nor will we be entitled to a deduction at that time. When payment on the performance award is made, the participant generally will recognize ordinary income in an amount equal to the fair market value of the common stock received (or if the award is settled in cash, the cash amount). If required, income tax must be withheld on the income recognized by the participant. We will receive a deduction for federal income tax purposes equal to the ordinary income recognized by the participant, subject to the limits of Section 162(m) of the Internal Revenue Code.

Dividend Equivalents. A recipient of dividend equivalents generally will recognize ordinary income at the time the dividend equivalent is paid. If required, income tax must be withheld on the income recognized by the participant. We will receive a deduction for federal income tax purposes equal to the ordinary income recognized by the participant, subject to the limits of Section 162(m) of the Internal Revenue Code.

Section 162(m) Limitation. In general, under Section 162(m) of the Internal Revenue Code, income tax deductions of publicly-held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and non-qualified benefits paid) for specified executive officers exceeds \$1 million (less the amount of any "excess parachute payments" as defined in Section 280G of the Internal Revenue Code) in any one year. However, under Section 162(m), the deduction limit does not apply to certain "performance-based compensation" as provided for by the Internal Revenue Code and established by an independent compensation committee which is adequately disclosed to, and approved by, shareholders. In particular, stock options and SARs will satisfy the "performance-based compensation" exception if the awards are made by a qualifying compensation committee, the underlying plan sets the maximum number of shares that can be granted to any person within a specified period and the compensation is based solely on an increase in the stock price after the grant date (*i.e.*, the option exercise price is equal to or greater than the fair market value of the stock subject to the award on the grant date). Performance or incentive awards, such as performance-based restricted stock and restricted stock units granted under the 2004 Plan may qualify as "qualified performance-based compensation" for purposes of Section 162(m) if such awards are granted or vest upon the pre-established objective performance goals described above.

We have attempted to structure the 2004 Plan in such a manner that the Committee may grant stock options, SARs and performance and incentive awards granted under the 2004 Plan in a manner that remuneration attributable to such awards will not be subject to the \$1 million limitation. However, there can be no assurance that such compensation under the 2004 Plan will be fully deductible under all circumstances. In addition, in the event that the Committee determines that it is advisable to grant performance-based awards that are not intended to qualify as performance-based compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m) and base vesting on performance measures other than those set forth above.

Table of Contents

Section 409A. Section 409A of the Internal Revenue Code imposes certain requirements on non-qualified deferred compensation arrangements. These include requirements on an individual's election to defer compensation and the individual's selection of the timing and form of distribution of the deferred compensation. Section 409A also generally provides that distributions must be made on or following the occurrence of certain events (*i.e.*, the individual's separation from service, a predetermined date, or the individual's death). Section 409A imposes restrictions on an individual's ability to change his or her distribution timing or form after the compensation has been deferred. For certain individuals who are officers, Section 409A requires that such individual's distribution commence no earlier than six months after such officer's separation from service.

Certain awards under the 2004 Plan may be designed to be subject to the requirements of Section 409A in form and in operation. For example, restricted stock units that provide for a settlement date following the vesting date may be subject to Section 409A. If an award under the 2004 Plan is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with the requirements of Section 409A, Section 409A imposes an additional 20% federal penalty tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

New Plan Benefits

Future awards to employees, officers, directors and consultants under the 2004 Plan are generally made at the discretion of the Committee. Therefore the benefits and amounts that will be received or allocated under the 2004 Plan in the future are not determinable at this time.

Not standing for reelection at the 2015 Annual Meeting of Shareholders.

**
Resigning effective as of the 2015 Annual Meeting of Shareholders.

Pursuant to our bylaws, vacancies on the Board may be filled by the affirmative vote of a majority of the remaining directors then in office. A director elected to fill a vacancy, including a vacancy created by an increase in the size of the Board, serves for the remainder of the full term of the new directorship or of the class of directors in which the vacancy occurred. If the number of directors is changed, any increase or decrease will be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, but in no case will a decrease in the number of directors shorten the term of any incumbent director.

On March 29, 2015, (i) Mr. Jacobs informed us of his decision not to seek reelection at the 2015 Annual Meeting of Shareholders, and (ii) Dr. Lauk and Mr. Spira each notified us that they will resign as directors effective as of the date of the 2015 Annual Meeting of Shareholders. On April 15, 2015, we nominated Mr. Lewis to fill the vacancy created by the departure of Mr. Jacobs. We have agreed to fill the vacancy created by the departure of Dr. Lauk and Mr. Spira with independent directors. See "Directors and Executive Officers Stockholder Agreement."

On April 15, 2015, we reduced the size of the Board of Directors from nine to eight directors by removing one existing seat from Class III. See "Directors and Executive Officers Resolution of Stockholder Nominations."

Director Selection Process

We believe that our directors must bring the skill mix and experience necessary to perform the Board of Directors' oversight function effectively. Prospective Board members are identified by a combination of methods, including use of search firms, studying other boards, word-of-mouth in industry circles, inquiries of outside professionals, and recommendations made to us. Although we do not have a formal policy with regard to diversity when considering candidates for director, our Nominating/Corporate Governance Committee looks at the entirety of our Board and seeks to add skills and experience that complement other members of the Board, rather than director nominees who may represent a particular constituency. We value, encourage, and draw upon diverse viewpoints, believing that they add perspective and creativity to our discussion of business issues and challenges. The Nominating/Corporate Governance Committee considers a number of factors for Board nominees including, but not limited to, the following:

- bringing diversity to the Board;
- direct experience with international business and transactions;
- experience in marketing and sales;
- experience as a chief executive, chief operating or chief financial officer;
- knowledge of our industry;
- experience with finance, accounting, internal audit and other financial matters;
- an understanding and experience with the fiduciary responsibilities of directors to shareholders;
- leadership skills;
- demonstration of sound business judgment;
- global perspective and experience;
- interpersonal effectiveness;
- personal integrity;
- experience with acquisitions; and
- the number of other boards and committees on which a candidate serves.

In recruiting Board members to serve on a designated committee, the Nominating/Corporate Governance Committee also takes into account skills and experience specific to that committee. For example, our objective is to recruit Audit Committee members who are financial experts or financially literate.

In 2014, the Nominating/Corporate Governance Committee retained Spencer Stuart, Inc., to identify a broad candidate pool for potential nominees to our Board. Spencer Stuart assisted the Nominating/Corporate Governance Committee with an analysis to evaluate and consider potential nominees from this candidate pool.

Part 5 Corporate Governance Practices

Director Independence

Our Board of Directors has determined that seven of our current eight Directors, and Mark Lewis, nominee for Class III Director at the 2015 Annual Meeting of Shareholders, are independent within the meaning of the listing standards of the NYSE and our Corporate Governance Principles (provided on our website at "Investor Relations Corporate Governance"). After reviewing such standards, principles and additional relevant facts and circumstances, including any related party transactions, the Board has determined that each of the following directors or nominees is independent and has or had no material relationship with the Company that would impair his independence: Messrs. Coleman, Heitz, Jacobs, Kurtz, Lewis, Spira and Stevenson and Dr. Lauk. Mr. Jacobs is not standing for reelection at the annual meeting and Mr. Spira and Dr. Lauk are resigning as directors, effective as of the annual meeting. The Company intends to fill the two remaining vacancies created by the departures of Messrs. Jacobs and Spira and Dr. Lauk with independent directors.

Board Leadership Structure

The positions of Chief Executive Officer and Chairman of the Board of Directors are separated at Ciber. In our Board's opinion, such separation allows for the objective evaluation of our management's performance and strong, independent oversight by the Board. Mr. Jacobs currently serves as the Chairman of the Board of Directors. Following the 2015 Annual Meeting of Shareholders, Mr. Stevenson will be appointed acting Chairman of the Board of Directors with no compensation therefor until such time as the Board of Directors appoints a new Chairman of the Board of Directors to replace Mr. Stevenson.

Role of the Board in Risk Oversight

While our entire Board is accountable for and involved in risk oversight, our directors have elected to assign primary responsibility for risk oversight to the Audit Committee. The Audit Committee periodically reviews the risk management processes designed and implemented by the Company and receives reports from Company management to ensure that their approach is consistent with our corporate strategies and that there is an appropriate culture of risk awareness and assessment in decision making. At the same time, the Audit Committee recognizes that other Board committees, such as our Compensation Committee, have expertise in areas of risk oversight specific to their duties and responsibilities and therefore the Audit Committee delegates specific aspects of risk oversight to the other committees. Each committee periodically reports key risk oversight findings back to the full Board, so that the risk oversight activities are coordinated and consistent with our overall risk management processes. The full Board can then monitor risk taking across the organization and ensure that appropriate risk taking is aligned with and incorporated into our strategic planning process.

Meetings of Independent Directors

Our non-management directors meet regularly in executive session without management. The executive sessions are chaired by our Chairman of the Board. The executive sessions of our non-management directors are held in conjunction with each regularly scheduled Board meeting.

Board Meetings

The Board met eight times in 2014 in regularly scheduled quarterly and special meetings. Each director participated either in person or by telephone conference in at least 75% of all 2014 Board meetings and

committee meetings (of which such director was a member). Seven directors attended the 2014 annual meeting and each director is expected to attend the 2015 Annual Meeting of Shareholders.

Code of Business Conduct and Ethics

Our Code of Business Conduct and Ethics is applied consistently to all employees and has been a prominent part of our Employee Handbook for several years. The Code of Business Conduct and Ethics adopted by our Board of Directors applies to all employees and includes specific requirements for executives and senior financial officers with respect to the ethical standards and obligations relevant to accounting and financial reporting. The Code of Business Conduct and Ethics contains procedures for reporting suspected violations of the Code of Business Conduct and Ethics and references the Audit Committee procedure for the reporting of questionable accounting and auditing matters or other concerns about accounting and auditing matters.

If the Board makes any substantive amendments to, or grants certain waivers from the Code of Business Conduct and Ethics as it applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, we will disclose the nature of such amendment or waiver on our website or in a current report on Form 8-K.

Compensation Committee Interlocks and Insider Participation

During 2014, none of the current members of our Compensation Committee served, or has at any time served, as an officer or employee of the Company or any of our subsidiaries. Prior to his becoming President & Chief Executive Officer in mid-2014, Mr. Boustridge served as a member of our Compensation Committee. In addition, none of our executive officers has served as a member of a board of directors or a compensation committee, or other committee serving an equivalent function, of any other entity, one of whose executive officers served as a member of the Board or the Compensation Committee. Accordingly, our Compensation Committee members have no interlocking relationships required to be disclosed under SEC rules and regulations.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement. Based on that review and discussion, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement for the 2015 Annual Meeting of Shareholders and incorporated by reference in the 2014 Annual Report on Form 10-K.

Certain Relationships and Related Person Transactions

Our Board has adopted a written policy that requires the Audit Committee to review any financial transactions, arrangements, or relationships that exceed \$120,000 in which Ciber is a participant and a related party (as defined in Item 404(b) of Regulation S-K) has a direct or indirect interest. Audit Committee approval of any related party transaction will depend upon whether or not the transaction is fair and beneficial to Ciber and its shareholders. Our Related Party Transaction Policy and the conflict of interest provision contained in our Code of Business Conduct and Ethics further describe our policies relating to relationships and related party transactions.

Table of Contents**Part 6 Executive Compensation****COMPENSATION DISCUSSION AND ANALYSIS****Shareholder Outreach and Key Changes to 2015 Executive Compensation Program**

We were disappointed with the results of the 2014 shareholder vote on our executive compensation programs. We believe that the shareholder say-on-pay represents one of the most important forms of shareholder feedback. Accordingly, following last year's failed say-on-pay vote, we engaged in an extensive program of shareholder outreach. During 2014, we spoke with and received feedback from shareholders owning over 30% of our common stock outstanding at the time. The comments received were carefully considered and thoroughly reviewed by the Committee and our senior executives. Informed by these shareholder discussions, we have instituted a number of changes to our compensation program, including the key 2015 program changes described below.

Key 2015 Program Changes

Based upon the comments and feedback received during our extensive shareholder outreach efforts, as well as the annual review of our executive compensation programs against market best practices, we decided to make the following changes to the 2015 program:

ii

Lower Target Total Compensation Opportunities: Target total compensation opportunities, on an annualized basis, for our NEOs are competitively positioned and more in-line with "middle of the market" practices and levels. Given the recent hiring of our new NEOs in 2014 (and the compensation required to secure their services) as well as other program changes implemented for 2015, annualized 2015 target total compensation amounts for our current NEOs will generally be lower than 2014 levels.

ii

Introduction of Performance-based Restricted Stock Units (PRSUs): PRSUs are now weighted 30% of the overall Long Term Incentive ("LTI") mix. The Compensation Committee intends to increase this percentage to at least 50% of the overall LTI mix over the next several years.

ii

PRSUs Emphasize Long-term Value Creation: PRSU awards have a three-year performance period, are structured to drive profitability (via an earnings before interest, tax, and amortization- or EBITA-metric), and include a final award modifier based upon relative total shareholder return (TSR).

ii

Strong Emphasis on Long-term Incentives: Our overall annual target pay mix for our senior executives is structured to ensure that long-term incentives (LTI) comprise at least 50% of the overall package.

ii

Cash Bonus Program to Focus More on Annual Performance and Payouts: We modified the structure of goals and payments under our annual performance-based cash incentive plan so that payments are made after the end of the year based upon year-long goals (versus the current program which has quarterly goals and payouts). In addition, the payout as a percentage of target for threshold performance has been reduced under the 2015 plan relative to that under the 2014 program, further aligning pay and performance.

Table of Contents

ii

Equity Plan Amendments Designed to Facilitate 162(m) Compliance. The 2004 Plan incorporates changes designed to allow more awards both cash and equity to be treated as qualified performance-based compensation under Section 162(m) of the Internal Revenue Code. The amendments to the plan do not include an increase to the number of shares of common stock available for issuance under the plan.

We believe that these changes demonstrate our ongoing commitment to a strong pay for performance philosophy and will help to retain and motivate our senior executives to successfully implement both our short-term and long-term business strategies, and strengthen the link between the compensation of our executives and the return to our shareholders. As in prior years, the Compensation Committee will continue to review the annual say on pay vote results, as well as feedback from our shareholders, and determine whether to make any future changes in light of the comments it receives and prevailing market practices.

Executive Summary

Our Compensation Discussion and Analysis provides a detailed description of our executive compensation philosophy and programs as well as the relevant decisions and factors considered by the Compensation Committee in establishing our executive compensation programs for 2014. For 2014, our Named Executive Officers were:

| | |
|---------------------------|--|
| Michael Boustridge | President and Chief Executive Officer (CEO) |
| Christian Mezger | Executive Vice President & Chief Financial Officer (CFO) |
| Tina Piermarini | Executive Vice President & Chief Administrative Officer |
| R. Bruce Douglas | Senior Vice President North America (through January 24, 2015) |

| Michael E. Lehman | Former Interim CFO (through February 11, 2014) |
| Anthony Fogel | Former Senior Vice President and Chief Human Resources Officer (through June 13, 2014) |

Mr. Boustridge and Ms. Piermarini joined Ciber as executive officers in mid-2014.

The seven individuals above are collectively referred to herein as our "Named Executive Officers" or "NEOs."

The most recent year (2014) was a transformative one for Ciber. We brought in several new members of the senior executive team with backgrounds and experiences necessary to successfully position the Company for future growth and ultimately, shareholder value creation. Already, our new management team has achieved tangible, positive results as evidenced by the following milestones that have been achieved and initiatives that were implemented in 2014:

Year-over-year increase in gross margin to 25.8%

Q4 2014 marked the highest level of profitability at the Company in four years

Table of Contents

We announced a plan to buy back up to \$10 million shares of our common stock on the open market

We implemented our current strategic plan, the key initiatives of which include: (i) focusing on high-value, tightly-defined core offerings with a well-developed portfolio of reusable solution sets; (ii) performing under heightened operational regimes; and (iii) customer service

Overall, our compensation programs are designed to attract, motivate, and retain talented, competent, and high quality executives capable of successfully executing the business strategy for a leading global IT consulting company. Consistent with prior years, our 2014 executive compensation programs were based upon the following guiding principles:

Emphasizing pay for performance, while also providing material retentive elements to ensure that we attract, retain and motivate our high caliber executives

Designing compensation programs that are aligned with the latest trends and best practices in the market

Providing compensation opportunities at levels competitive to those of our peer group and commensurate with our senior executives' backgrounds and skill sets

Ensuring alignment with shareholder value creation

These guiding principles are reinforced further by the following best practices found in our compensation programs:

- ü Pay for performance
- ü Capped incentive plan (annual and long-term) opportunities
- ü Limited perquisites
- ü Double-trigger change-in-control ("CIC") severance arrangements
- ü Multi-year vesting requirements for long-term incentive awards
- ü Annual risk assessment of compensation programs
- ü Stock ownership guidelines
- ü Use of an independent compensation consultant
- ü Anti-hedging policy
- ü Anti-pledging policy

- û No excise tax gross-ups or other tax reimbursements/gross-ups
- û No re-pricing of underwater options
- û No supplemental health and welfare programs that provide benefits in excess of those offered to all employees
- û No supplemental retirement programs that provide benefits in excess of those offered to all employees

In recent years, stock options have been used on a limited basis. The Compensation Committee views stock options as another performance-based LTI vehicle that can be granted, when applicable, to drive long-term performance, as stock options do not have value unless Ciber's stock price increases relative to the grant date share price.

Table of Contents**Establishing Annual Compensation Levels**

In setting annual compensation levels for our executive officers, the Compensation Committee thoughtfully considered all elements of Ciber's compensation programs, both separately and in aggregate, to help ensure that our executive compensation objectives are met. In making its decisions, the Compensation Committee considers multiple relevant internal and external factors as it deems appropriate, including but not limited to: the Company's business objectives and strategy, market best practices and trends with respect to compensation program design and levels, executive talent attraction and retention needs, and each executive's role/responsibilities.

Peer Group

In order to ensure that our executive compensation programs are reasonable and competitive in the marketplace, the Compensation Committee compares our compensation programs and levels to those at other companies of a size similar to Ciber (based primarily on revenues and market value) and against which we compete on an operational basis and/or for executive talent. In 2014, we revised our Compensation Peer Group by removing three peers and adding six others in order to create a peer group more reflective of Ciber's size, mix of services, global client base and active restructuring process. For 2014, the Compensation Peer Group included the following companies:

| | | |
|-----------------------------------|--------------------------------|--------------------------|
| Axciom, Inc. | EarthLink Holdings Corp.* | MAXIMUS, Inc. |
| CDI Corp. | ePlus Inc.* | Monster Worldwide, Inc.* |
| Computer Task Group, Incorporated | ExlService Holdings, Inc. | Perficient, Inc. |
| Convergys Corporation | The Hackett Group, Inc. | Sapient Corporation |
| CSG Systems International, Inc.* | IGATE Corporation | Syntel, Inc. |
| Datalink Corporation* | Lionbridge Technologies, Inc.* | * added in 2014 |

The Compensation Committee also was provided with competitive compensation data from the 2014 Radford Global Technology survey, which was used as an additional reference source. The Radford Global Technology survey provides deeper and more precise competitive compensation data than what is available solely from the public filings of companies in the Compensation Peer Group.

Base Salary

The Compensation Committee conducts an annual review of each executive officer's base salary, with input from our Chief Executive Officer (except with respect to his own base salary), and makes adjustments as it determines to be reasonable and necessary to reflect the scope of an executive officer's performance, individual contributions and responsibilities, competitive market conditions, and retention objectives. While the Compensation Committee believes that the base salaries of our executive officers should be competitively positioned relative to comparable positions at the companies in our Compensation Peer Group, it makes decisions on individual adjustments to base salaries in its sole discretion based on its evaluation of the previously-described factors.

Table of Contents

The following table shows the annualized base salaries for the NEOs for 2014:

| | | |
|---|----|----------|
| Michael Boustridge | \$ | 700,000 |
| Christian Mezger | \$ | 380,000 |
| Tina Piermarini | \$ | 405,000 |
| R. Bruce Douglas (Former SVP, North America) | \$ | 350,000 |
| David Peterschmidt (Former CEO) | \$ | 710,000 |
| Michael E. Lehman (Former CFO) | \$ | 416,000* |
| Anthony Fogel (Former SVP) | \$ | 330,000 |

*

Mr. Lehman's base salary was set at an annualized rate of \$416,000 while he served as our interim CFO and during the initial transition phase after Mr. Mezger became our CFO. From May 3, 2014 through July 7, 2014, Mr. Lehman's salary was reduced to an annualized rate of \$208,000 during the second part of the CFO transition process. From July 8, 2014 through his termination with Ciber on October 3, 2014, his base salary was reduced to an annualized rate of \$36,000 for his service in an advisory capacity only.

Annual Performance-based Cash Incentive Plan

Consistent with our strong pay for performance philosophy and in order to align our executive officers' interests with those of our shareholders, the Compensation Committee established an annual performance-based cash incentive plan to motivate and reward executives for achieving annual financial, strategic, and individual objectives.

The Compensation Committee established target annual incentive opportunities for each of our serving NEOs at the start of the year, except for Mr. Lehman. Target opportunities for the NEOs were set at competitive levels relative to comparable roles in the market based upon a review of market compensation and also in consideration of each NEO's individual role and responsibilities. Ms. Piermarini's target bonus opportunity was established upon her joining Ciber in mid-2014. Under the terms of his employment agreement, Mr. Boustridge was guaranteed a bonus for 2014. Although Mr. Boustridge did not participate in our 2014 annual cash incentive program, he was granted a discretionary cash award by the Compensation Committee for Q3 and Q4 performance. Mr. Boustridge will participate in the annual performance-based cash incentive plan in 2015. His 2014 bonuses are described in greater detail below.

Table of Contents

For 2014, the target opportunities (as a percentage of their respective annualized base salaries) for our NEOs were:

| | |
|---|------|
| Michael Boustridge | N/A |
| Christian Mezger | 70% |
| Tina Piermarini | 60% |
| R. Bruce Douglas (Former SVP, North America) | 90% |
| David Peterschmidt (Former CEO) | 105% |
| Michael E. Lehman (Former CFO) | N/A |
| Anthony Fogel (Former SVP & CHRO) | 75% |

For NEOs other than Messrs. Boustridge, Douglas and Lehman, the Compensation Committee established the following Corporate metrics and their respective weightings under the annual performance-based cash incentive plan:

| | |
|---|-----|
| Corporate Net Operating Income (NOI) | 40% |
| Corporate Revenue | 40% |
| Individual Performance | 20% |

For Mr. Douglas, our SVP North America (through January 24, 2015), the Compensation Committee established the following Corporate and North American Division-specific metrics and their respective weightings under the annual performance-based cash incentive plan:

| | |
|---|-----|
| Corporate Net Operating Income (NOI) | 12% |
| Corporate Revenue | 12% |
| North America Net Operating Income (NOI) | 28% |
| North America Revenue | 28% |
| Individual Performance | 20% |

Financial Metrics and Performance

The financial metrics and weightings approved by the Compensation Committee were selected because it believed that these (1) were the primary drivers of shareholder value in the near term and (2) provide direct accountability for our NEOs. The Compensation Committee established the following performance levels and payout percentages related to the 2014 financial metrics both Corporate and for the North America Division under the annual performance-based cash incentive plan:

| | | |
|------------------|------|------|
| Maximum | 150% | 150% |
| Target | 100% | 100% |
| Threshold | 80% | 80% |

Goals for each of the financial metrics are set on a fiscal quarter basis. No bonuses would be paid for performance below the threshold performance level (i.e., 80% of target), and amounts would be linearly interpolated for performance between the levels shown in the table above. In addition, no bonuses related to the Corporate NOI and Corporate Revenue metrics could be earned under the annual performance-based cash incentive plan if Corporate NOI was less than 65% of the target performance level for the respective fiscal quarter. For Mr. Douglas, similar minimum threshold performance levels were established for his North America Division-specific NOI and Revenue goals. Any achievement over 100% against plan targets will only be paid at year-end, based on full-year performance. As shown in the table above, annual award opportunities are capped at 1.5x the target opportunities.

The following table shows the quarterly target performance goals and corresponding actual performance for the Corporate NOI and Corporate Revenue metrics for 2014 (in \$000s):

| | | | | | | | | | |
|-----------|----|--------|----|-------|-----------|----|---------|----|---------|
| Q1 | \$ | 6,888 | \$ | 6,931 | Q1 | \$ | 215,655 | \$ | 218,011 |
| Q2 | \$ | 8,460 | \$ | 4,134 | Q2 | \$ | 221,293 | \$ | 214,646 |
| Q3 | \$ | 8,237 | \$ | 2,883 | Q3 | \$ | 222,587 | \$ | 211,306 |
| Q4 | \$ | 11,921 | \$ | 7,649 | Q4 | \$ | 230,423 | \$ | 219,644 |

For Mr. Douglas, our SVP North America, 56% of his annual performance-based cash incentive plan was split equally based upon performance against North America Division-specific NOI and Revenue goals, which are shown below (in \$000s):

| | | | | | | | | | |
|-----------|----|-------|----|-------|-----------|----|---------|----|---------|
| Q1 | \$ | 8,459 | \$ | 8,472 | Q1 | \$ | 105,006 | \$ | 103,478 |
|-----------|----|-------|----|-------|-----------|----|---------|----|---------|

Edgar Filing: CIBER INC - Form DEF 14A

| | | | | | | | | | |
|-----------|----|--------|----|--------|-----------|----|---------|----|---------|
| Q2 | \$ | 10,299 | \$ | 9,109 | Q2 | \$ | 109,498 | \$ | 105,154 |
| Q3 | \$ | 11,037 | \$ | 10,430 | Q3 | \$ | 112,415 | \$ | 106,300 |
| Q4 | \$ | 10,703 | \$ | 10,961 | Q4 | \$ | 113,625 | \$ | 107,748 |

Table of ContentsIndividual Performance

The individual performance component of our annual performance-based cash incentive plan was weighted as 20% of the overall target opportunity. Our NEOs are eligible to earn a bonus based upon individual performance against Compensation Committee-approved goals; any amounts earned are paid biannually (half after Q2 and half after Q4). The evaluation of each NEO's individual performance against his/her goals is based upon a subjective assessment by the Compensation Committee. We believe that it is important to have this element in our annual performance-based cash incentive plan in order to be able to formally recognize key individual contributions made by our NEOs to our overall success that cannot be quantitatively measured.

Awards for Fiscal 2014 Performance

Final 2014 annual cash incentive payouts, including amounts earned with respect to both our financial and individual goals for each fiscal quarter, are shown in the following table. As we noted previously, 2014 was a transformative year for Ciber, and the Compensation Committee believed that the significant progress made by the senior executive team was not fully reflected in our fiscal year financial performance. Nonetheless, net operating income in the fourth quarter was higher than that of the prior two quarters combined, and fourth quarter 2014 was Ciber's most profitable quarter in four years. Consequently, to reflect the strong, positive progress of our new management team in positioning Ciber for future success, the Compensation Committee granted discretionary awards to Messrs. Boustridge and Mezger and Ms. Piermarini in Q4 that reflected a combination of second-half 2014 financial performance as well as each NEO's individual performance. The discretionary award amount for Mr. Mezger assumed target achievement of the Q3 and Q4 financial goals and achievement of 100% of his individual component. Given that Mr. Boustridge and Ms. Piermarini became NEOs in mid-2014, the Compensation Committee determined that their awards should equate to 50% of their respective annualized 2014 base salaries based upon our Q3 and Q4 results, as well as their individual contributions and strategic leadership.

Payouts of performance-based and discretionary awards by fiscal quarter are shown in the following table:

| | | | | | | | | | | |
|---|----|---------|----|--------|----|---------|----|---------|----|-----------|
| Michael Boustridge | | N/A | | N/A | \$ | 475,000 | \$ | 825,000 | \$ | 1,300,000 |
| Christian Mezger | \$ | 53,200 | \$ | 0 | \$ | 0 | \$ | 159,600 | \$ | 212,800 |
| Tina Piermarini | | N/A | | N/A | \$ | 0 | \$ | 202,500 | \$ | 202,500 |
| R. Bruce Douglas (Former SVP, North America) | \$ | 62,559 | \$ | 40,572 | \$ | 59,220 | \$ | 0 | \$ | 162,351 |

| Anthony Fogel (Former SVP & CHRO) | \$ | 49,500 | | N/A | | N/A | | N/A | \$ | 49,500 |

Mr. Boustridge and Ms. Piermarini were not eligible for Q1 or Q2 bonuses in 2014 as they were not yet employees of Ciber. Included above for Mr. Boustridge is a payment of \$950,000 guaranteed for 2014 under the terms of his employment agreement to primarily reflect compensation opportunities he was forgoing by becoming President & Chief Executive Officer of Ciber. Mr. Boustridge will participate along with the other Ciber NEOs in the regular annual incentive program for 2015 and is not guaranteed a bonus

Table of Contents

for 2015. Mr. Douglas did not receive a bonus for Q4 since he terminated employment with Ciber in January 2015 prior to the payment of Q4 awards.

Mr. Peterschmidt, our former Chief Executive Officer, received a payout of \$179,930 related to Q1 2014 performance; this was his only payout for 2014 under our annual performance-based cash incentive plan. Mr. Lehman, our former interim Chief Financial Officer, received a bonus of \$100,000 in July 2014 for the successful completion of the Chief Financial Officer transition process; he did not receive any payments under our 2014 annual performance-based cash incentive plan. Mr. Fogel, our former Senior Vice President and Chief Human Resources Officer, received a payout of \$49,500 related to Q1 2014 performance; this was his only payout for 2014 under our annual performance-based cash incentive plan.

As described previously, in 2015 we have transitioned to an annual performance-based cash incentive plan that pays out (to the extent earned) after the end of the fiscal year once the Compensation Committee has certified Company performance against the pre-established annual goals.

Long-term Equity-based Compensation (LTI)

We use equity awards to incentivize and reward our executive officers, including the NEOs, for long-term corporate performance based on the value of our common stock and, thereby, align the interests of our executive officers with those of our shareholders. We do not apply a rigid formula in determining the value of equity awards to be granted to our executive officers upon their initial employment. Instead, these awards are established through arms-length negotiation at the time the individual executive officer is hired. Thereafter, as part of its annual review of our executive compensation program, the Compensation Committee determines the value of any additional equity award at levels it considers appropriate. The specific dollar amount is calculated, taking into consideration the nature of the NEO's position, his/her responsibilities and contributions to the Company, and equivalent awards to NEOs or key employees in similar positions at companies comparable to Ciber.

As in recent years, our 2014 annual LTI grants consisted of time-based restricted stock units (RSUs) that vest quarterly over three years. Since Mr. Boustridge and Ms. Piermarini were not executive officers at the time of our annual grants in March 2014, neither received a 2014 annual grant of RSUs. During 2014, the following annual grants of RSUs were made to our NEOs:

| | | |
|---|---------|------------|
| Michael Boustridge | None | N/A |
| Tina Piermarini | None | N/A |
| Christian Mezger | 195,600 | \$ 929,100 |
| R. Bruce Douglas (Former SVP, North America) | 171,150 | \$ 812,963 |
| Anthony Fogel (Former SVP & CHRO) | 97,800 | \$ 464,550 |

Edgar Filing: CIBER INC - Form DEF 14A

Table of Contents

To ensure that we were able to secure the services of two members of the high caliber senior executive management team currently in-place, the following additional LTI awards were granted to these two NEOs upon becoming executive officers of Ciber in 2014:

| | | | | |
|---------------------------|---------|---------|----|-----------|
| Michael Boustridge | 804,721 | 815,217 | \$ | 4,259,035 |
| Tina Piermarini | 150,000 | 0 | \$ | 552,000 |

These RSUs granted to Mr. Boustridge and Ms. Piermarini vest quarterly, beginning with an initial installment that vested on the date of grant and a second installment that vested at the end of the first month; remaining installments will continue to vest over a period of 30 months. Stock options granted to Mr. Boustridge will vest monthly beginning with two monthly tranche installments that vested on the date of grant, and monthly vesting will continue over the following 46 months.

To supplement our annual RSU awards, recognize the efforts and significant accomplishments of the new management team in a relatively short period of time, and facilitate the future retention of this management team, the following recognition and retention RSU awards were granted in December 2014 and vest 100% three years from the grant date:

| | | | |
|---|---------|----|-----------|
| Michael Boustridge | 350,000 | \$ | 1,270,500 |
| Tina Piermarini | 200,000 | \$ | 632,000 |
| Christian Mezger | 200,000 | \$ | 632,000 |
| R. Bruce Douglas (Former SVP, North America) | N/A | | N/A |

Neither of Mr. Peterschmidt, our former Chief Executive Officer, nor Mr. Lehman, our former interim Chief Financial Officer, received any LTI awards in 2014.

LTI Program Changes for 2015

As we mentioned previously, several changes were made to our 2015 LTI program that we believe further emphasize our pay for performance philosophy and increase alignment between our NEOs' interests and those of our shareholders:

- ii PRSUs have been introduced as part of our NEO's 2015 LTI package weighted at 30% of the overall LTI mix. PRSUs will be earned based on a combination of: (1) performance against Compensation Committee-approved EBITA targets; and (2) Ciber's relative TSR performance against its TSR Peer Group Index (the S&P Small Cap 600 IT Sector Index)
- ii In the coming years, we plan to increase the weighting on PRSUs to at least 50% of the overall targeted LTI mix, further enhancing the performance-based component of our executive compensation program
- ii The use of time-vested RSUs has been reduced. RSUs will comprise 70% of the overall LTI mix for 2015, and this percentage will continue to be reduced in future years as increased emphasis is placed on performance-vesting equity. The use of RSUs is intended to (1) create alignment with our

Table of Contents

shareholders as the value ultimately received by our executives will depend upon Ciber's share price performance and (2) also help to aid in the retention of our executives

2015 President & CEO Target Total Direct Compensation

At its January 2015 meeting, the Compensation Committee established Mr. Boustridge's 2015 target annual compensation package:

| | | |
|---|-----------|------------------|
| Base Salary | \$ | 760,000 |
| Target Bonus (% of Base Salary) | | 100% |
| LTI: PRSUs | \$ | 714,000 |
| LTI: RSUs | \$ | 1,666,000 |
| Target Total Direct Compensation | \$ | 3,900,000 |

Mr. Boustridge's 2015 target annual package is materially less than his total annualized compensation for 2014, the year in which he became our President & Chief Executive Officer. As mentioned previously, Mr. Boustridge received several one-time awards in 2014 that were necessary in order to secure his services as our President & Chief Executive Officer.

Stock Ownership Guidelines

On January 1, 2014, we expanded our stock ownership policy to apply not only to members of our Board of Directors but also to certain of our executive officers, specifically our Chief Executive Officer, Chief Financial Officer and, when applicable, our Chief Operating Officer. Each of these executive officers is required to hold equity in the Company equal to three times that officer's annual base salary. The total value of an executive officer's equity holdings includes all shares of common stock owned by the executive officer, plus 50% of the value of all unvested equity awards held by the executive officer. Relevant executive officers have five years from the date of joining Ciber to meet their stock ownership requirement.

Anti-Hedging and Anti-Pledging Policies

Our Insider Trading Policy includes an express prohibition against trading derivatives based on our securities, hedging any investment in our equity securities, or pledging our equity securities by members of our Board of Directors, executive officers, or other employees designated as "insiders." We believe this policy is another means of preserving the ongoing alignment between our business leaders and our shareholders.

Compensation Recovery/Clawback Policy

Under the oversight and approval of our Compensation Committee, we intend to approve a general compensation recovery ("clawback") policy once the NYSE adopts final rules implementing such requirements under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Compensation Program Risk Assessment

The Company reviews and monitors the compensation-related risks associated with its compensation programs on an ongoing basis. The Compensation Committee believes that these programs, as well as our compensation policies and practices, are not reasonably likely to present material risk to the Company.

Retirement Benefits and Plans

The Company does not provide any defined benefit pension plans or deferred compensation benefits to our NEOs.

Health, Welfare, and Other Benefits

We have established a tax-qualified Section 401(k) retirement savings plan available on the same terms and conditions to all of our full-time employees, including the NEOs. Under this plan, participants may elect to make pre-tax contributions of up to 75% of their compensation, with the exception of employees who meet the Internal Revenue Service discrimination testing definition of "highly-compensated employees," who may contribute a maximum of 9%. Contributions made may not exceed the statutory income tax limitation for the applicable year. In addition, in 2014, employees 50 years old or older were eligible to make an annual "catch-up" contribution of up to \$5,500. For the 2014 plan year, we matched up to 33% of the first 6% of compensation contributed to the plan, based on length of service with the Company, with a limit of \$2,000 per calendar year. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code so that contributions by participants to the plan, and income earned on plan contributions, are not taxable to participants until withdrawn from the plan.

Additional benefits received by our executive officers, including the NEOs, include medical, dental, and vision benefits, medical and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance, basic life insurance coverage, and long-term care coverage. These benefits are provided to our executive officers on the same basis as to all of our full-time employees.

We design our employee benefits programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

Perquisites

We do not view perquisites or other personal benefits as a significant component of our executive compensation program. From time to time, we have provided limited perquisites to certain executive officers. In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Agreements between the Company and the NEOs

We have entered into employment agreements with each of our current NEOs. These agreements contain market competitive compensation packages designed to retain our critical personnel and to motivate these key employees to successfully execute our long-term business strategy. The

Table of Contents

Compensation Committee evaluated and determined the payments and benefits to be provided pursuant to these executive employment agreements. Its determinations were based primarily upon an analysis prepared by its compensation consultant regarding the practices of our Peer Group, arms-length negotiations with the applicable executive, and/or other employment market-related data at the time.

In addition to provisions relating to compensation payments and benefits, confidentiality, non-competition and/or non-solicitation of clients and employees, the employment agreements also provide these executive officers, including the NEOs, with certain protections in the event of termination of their employment under specified circumstances, including following a change in control of the Company. We believe that entering into these agreements helps these executive officers maintain continued focus and dedication to their assigned duties to maximize shareholder value when faced with a potential transaction that could involve a change in control of the Company. The terms and conditions of these agreements were determined after review by our Compensation Committee of our retention goals for each executive officer, as well as an analysis of competitive market data.

For a summary of the material terms and conditions of the post-employment compensation arrangements for the NEOs, including arrangements concerning our former Chief Executive Officer (Mr. Peterschmidt), see "Potential Payments upon Termination or Change in Control."

Role of Compensation Committee

The Compensation Committee is responsible for formulating, determining, reviewing, and modifying the compensation of our executive officers as well as the development and oversight of our compensation philosophy. The Compensation Committee is authorized to retain the services of one or more executive compensation advisors, as it determines in its discretion, in connection with the discharge of its responsibilities. The Compensation Committee:

Evaluates the performance of our Chief Executive Officer and other executive officers in light of our corporate goals and objectives and, based on such evaluation, reviews and approves the annual base salary, annual performance-based cash incentive plan opportunities and awards, long-term incentive compensation and, as necessary, post-employment compensation arrangements and health and welfare benefits;

Reviews, approves, and reports to our Board of Directors with respect to our annual performance-based cash incentive plan awards and equity-based plans and grants of awards thereunder;

Reviews and approves all equity compensation plans and awards pursuant to our shareholder-approved plans; and

Reviews succession planning for our Chief Executive Officer and other executive officers.

Role of Management

In determining the performance criteria and compensation of our executive officers, the Compensation Committee takes into account the recommendations of our Chief Executive Officer (except with respect to his own compensation). Typically, our Chief Executive Officer will make these recommendations for our executive officers based on his assessment of each executive officer's individual performance as well as his knowledge of each executive officer's job responsibilities, seniority, expected future contributions, and his evaluation of competitive market data.

Table of Contents

Our Chief Executive Officer also attends meetings of our Board of Directors and the Compensation Committee at which executive compensation matters are addressed, except with respect to discussions involving his own compensation. Decisions with respect to our Chief Executive Officer's compensation are made by the Compensation Committee, all of the members of which are also independent members of our Board of Directors.

Role of Compensation Consultant

Prior to September 2014, Compensia served as the compensation consultant to the Compensation Committee. In September 2014, the Compensation Committee retained the services of Radford as its compensation consultant. Radford serves at the discretion of the Compensation Committee. Radford was engaged to provide advice and information relating to executive officer and director compensation. In 2014, Radford also assisted the Compensation Committee in (i) reviewing our Peer Group, (ii) analyzing executive officer compensation, (iii) reviewing and analyzing market data related to our executive officers' base salaries, annual performance-based cash incentives, and long-term equity incentive compensation levels, and (iv) evaluating equity plan design and structures.

Radford and Compensia reported directly to the Compensation Committee and did not provide any services to the Company or its management in 2014 other than those provided to the Compensation Committee described above. The Compensation Committee has considered the independence of Radford and Compensia in light of the new listing standards of the NYSE on compensation committee advisor independence and the rules of the SEC and has concluded that the work performed by Radford and Compensia did not raise any conflict of interest.

Equity Grant Policy

We do not have an established formal policy with respect to the timing of equity awards in coordination with the release of material nonpublic information. As a matter of practice and informal policy, however, the Compensation Committee generally grants equity awards during periods considered to be our "open trading windows" (that is, the periods beginning 24 hours following our earnings release and ending one month 14 calendar days prior to the end of the fiscal quarter). In addition, any options to purchase shares of our common stock are required to be granted with an exercise price at least equal to the closing price of our common stock for the most recent trading day prior to the date of grant.

Deductibility of Executive Compensation

Generally, Section 162(m) of the Internal Revenue Code disallows a tax deduction to a publicly-traded corporation for any remuneration in excess of \$1 million paid in any taxable year to its chief executive officer and each of its three other most highly-compensated executive officers (other than its chief financial officer). Remuneration in excess of \$1 million may be deducted if, among other things, it qualifies as "performance-based compensation" within the meaning of the Internal Revenue Code.

To the extent consistent with our overall compensation philosophy and practices, we generally intend to seek to qualify most of the variable compensation paid to our executive officers for the "performance-based compensation" exemption from the deduction limit. As such, in approving the amount and form of compensation for our executive officers, the Compensation Committee considers all elements of the cost to us of providing such compensation, including the potential impact of the Section 162(m) deduction limit. The Compensation Committee may, in its judgment, authorize compensation payments that do not comply with an exemption from the deduction limit when it believes that such payments are appropriate to attract and retain executive talent.

Table of Contents

Taxation of Nonqualified Deferred Compensation

Section 409A of the Internal Revenue Code requires that amounts that qualify as "non-qualified deferred compensation" satisfy certain requirements with respect to the timing of deferral elections, timing of payments, and certain other matters. Generally, the Compensation Committee intends to administer our executive compensation program and design individual compensation components, as well as the compensation plans and arrangements for our employees generally, so that they are either exempt from, or satisfy the requirements of, Section 409A. From time to time, we may be required to amend some of our compensation plans and arrangements to ensure that they are either exempt from, or compliant with, Section 409A.

Taxation of "Parachute" Payments and No Excise Tax Gross-ups

Sections 280G and 4999 of the Internal Revenue Code provide that certain executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control of the Company that exceeds prescribed limits, and that the Company, or a successor, may forfeit a deduction on the amounts subject to this additional tax. The employment agreements with our executive officers provide that, if the payments to the executive officer would cause him or her to become subject to the excise tax imposed under Section 4999 (or any similar federal, state, or local tax), we will reduce the change in control payments or benefits to the extent necessary to avoid the application of the excise tax if, as a result of such reduction, the net benefit payable to the executive officer as so reduced (after payment of applicable income taxes) exceeds the net benefit to him or her of the change in control payment or benefits without such reduction (after payment of applicable income taxes and excise taxes).

Accounting for Stock-Based Compensation

The Compensation Committee considers accounting requirements in designing compensation plans and arrangements for our executive officers and other employees. Chief among these is Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC Topic 718"), the standard which governs the accounting treatment of certain stock-based compensation. Among other things, ASC Topic 718 requires us to record compensation expense in our income statement for all equity awards granted to our executive officers and other employees. This compensation expense is based on the grant date fair value of the equity award and, in most cases, will be recognized ratably over the award's requisite service period, which generally will correspond to the award's vesting schedule. The full grant date fair value of equity awards is reported in the compensation tables below, even though recipients may never realize any value from their equity awards.

- (1) Amounts represent the potential cash incentive payments if the threshold, target or maximum performance levels are achieved under the Company's annual performance-based cash incentive plan for the complete 2014 performance period (i.e., achievement of the same award level in each quarter). See the "Summary Compensation Table" for the actual annual performance-based cash incentive plan payments made to each NEO during 2014.
- (2) Amounts shown in the threshold column are based on the assumption that the NEO earned none of the component of the potential award that was based on subjective individual performance measures and that the Company achieved the minimum threshold performance level under which an award could be paid, which performance level was 80% of the performance target for all four quarters in 2014 as described in "Compensation Discussion and Analysis Annual Performance-based Cash Incentive Plan" section above, in which case each NEO would have earned 80% of the target cash incentive award established by the Compensation Committee for such NEO with respect to Company financial performance.
- (3) Amounts shown in the target column are based on the assumption that the NEO earned 100% of the component of the potential award that was based on subjective individual performance measures and that the Company achieved 100% of the performance target for all four quarters in 2014 as described in "Compensation Discussion and Analysis Annual Performance-based Cash Incentive Plan" section above, in which case each NEO would have earned 100% of the target cash incentive award established by the Compensation Committee for such NEO with respect to Company financial performance and individual performance measures.

Potential Payments Upon Termination or Change in Control**Employment Agreement with Mr. Boustridge**

The Company entered into an employment agreement with Mr. Boustridge effective June 12, 2014, which provides for certain benefits and payments upon a termination or change in control. Such benefits vary depending on the nature of the termination. Upon either Mr. Boustridge's termination of employment by the Company without cause, or by him for good reason (each term as defined in the employment agreement), in addition to already earned salary and any earned but unpaid incentive compensation for

the prior year, Mr. Boustridge is entitled to receive certain payments and benefits, subject to his executing a separation and release agreement. Such payments and benefits include:

a prorated performance-based cash bonus (provided that performance targets are met) for the portion of the year in which the termination occurs;

a severance payment equal to 1.5 times Mr. Boustridge's then current base salary and annual bonus target in effect on the day of termination;

immediate vesting of all outstanding and unvested equity awards, if any that would have vested within the 12 months following Mr. Boustridge's separation date (to the extent such equity awards are subject to performance vesting requirements, such vesting will be calculated at the target level of performance); and

health and dental benefits for a period of 18 months following termination for Mr. Boustridge and his spouse.

The severance payments and benefits described above are not in addition to Change in Control payments and benefits.

Mr. Boustridge's employment agreement also provides for Change in Control payments and benefits that are structured with a "double trigger," which means they are contingent upon both a Change in Control (as that term is defined in the agreement) and an actual termination of employment by the Company without cause or a termination for good reason by Mr. Boustridge within 24 months after the occurrence of the Change of Control. In the event of a Change in Control followed by a termination meeting these conditions, in addition to already earned but unpaid salary and vacation pay and reimbursement of incurred expenses, Mr. Boustridge is entitled to receive the following severance payments and benefits:

a prorated performance-based cash bonus (provided that performance targets are met) for the portion of the year in which the termination occurs;

a severance payment equal to 2.0 times his then current base salary and annual performance-based cash bonus at the target level in effect on the day of termination;

full vesting of all outstanding and unvested equity awards; and

health and dental benefits for a period of 24 months following termination for him and his spouse.

Mr. Boustridge's employment agreement also provides for certain benefits in the event of his termination as a result of death or long-term disability. In the event of such a termination, Mr. Boustridge (or his estate or beneficiaries, as applicable), would be entitled to receive:

already earned and unpaid salary prior to the separation;

any earned but unpaid bonus for the immediately preceding calendar quarter in which it was earned;

a prorated performance-based cash bonus (provided that performance targets are met) for immediately preceding calendar quarter; and

all vested stock options must be exercised by the earlier of the one-year anniversary of Mr. Boustridge's separation from service and the equity grant expiration date.

The agreement with Mr. Boustridge includes terms and provisions to protect the Company's business and confidential information in the event of termination of his employment, including standard non-compete, non-solicitation of clients, and no-hire obligations and a standstill provision during the term of employment and for 18 months after termination of employment. All severance or Change in Control payments and benefits are subject to compliance with these provisions, as well as the receipt of a signed legal release from Mr. Boustridge. Upon a termination of employment for cause (as defined in his employment agreement), Mr. Boustridge is not entitled to any severance payments or benefits.

Standard Employment Agreement for EVPs, SVPs and Key VPs

During 2011 and 2012, the Compensation Committee implemented a program to standardize the employment agreements for the Company's executive vice presidents, senior vice presidents, and key vice presidents. As of December 31, 2014, Messrs. Mezger and Douglas and Ms. Piermarini were each party to an employment agreement that reflects our standard terms, other than that Ms. Piermarini's employment agreement provides for severance benefits upon a without cause termination only after she has been employed by us for at least one year. The termination provisions included in the standard agreement with Messrs. Mezger and Douglas provide that upon a termination of employment by the Company without cause (as defined in the employment agreement), in addition to already earned but unpaid salary and vacation pay and reimbursement of incurred expenses, the executive officer is entitled to receive the following payments and benefits:

a cash severance payment equal to either nine or 12 months (depending on factors such as seniority of the executive officer) of the executive officer's then current base salary and annual incentive at the target level in effect on the day of termination;

immediate and full vesting of all outstanding and unvested equity awards that are scheduled to vest within six months or one year (depending on factors such as seniority of the executive officer) following the day of termination; and

reimbursement of the cost of continuing health insurance coverage for the executive officer under the Company's health insurance plan for a period of 12 months following termination.

The severance payments and benefits described above are not in addition to Change in Control benefits.

Under the standard employment agreement, Change in Control payments and benefits are structured with a "double trigger," which means they are contingent upon both a Change in Control (as that term is defined in the agreement) and an actual termination of employment by the Company without cause or a termination for good reason by the executive officer within 12 months after the occurrence of the Change of Control. In the event of a Change in Control followed by a termination of employment meeting these conditions, in addition to already earned but unpaid salary and vacation pay and reimbursement of incurred expenses, the executive officer is entitled to receive the following severance payments and benefits:

a prorated portion of the executive officer's annual incentive for the year in which the termination occurs, provided that performance targets related to the award are achieved (which is paid at the same time as the annual awards are normally paid for the year);

Table of Contents

a severance payment equal to 1.25 to 1.75 times (depending on factors such as the seniority of the executive officer) the executive officer's then current annual salary and annual incentive at the target level as in effect on the day of termination;

immediate and full vesting of all outstanding and unvested equity awards held by the executive officer on the day of termination; and

reimbursement of the cost of continuing health insurance coverage for the executive officer under the Company's health insurance plan for a period of 12 to 18 months (depending on factors such as seniority of the executive officer) following termination.

The standard employment agreements includes terms and provisions to protect the Company's business and confidential information in the event of termination of the employment of the executive officer, including standard non-compete, non-solicitation of clients, and no-hire obligations during the term of employment and for 12 months after termination of employment. All severance or Change in Control payments and benefits are subject to compliance with these provisions, as well as the receipt of a signed legal release from the executive officer. Upon a termination of employment for cause (as defined in the standard agreement), the executive officer is not entitled to any severance payments or benefits.

The Compensation Committee determined the payment provisions based, in part, on an analysis by the Compensation Committee's compensation consultant of similar provisions at companies in the Peer Group and other employment market-related data.

Separation Agreement with Mr. Peterschmidt

Pursuant to the separation agreement between Mr. Peterschmidt and the Company effective June 12, 2014, in connection with his resignation from the Company in June 2014, Mr. Peterschmidt is providing consulting services through June 12, 2015 for \$59,167 per month. In addition, Mr. Peterschmidt and his spouse are entitled to health and dental benefits (or payment of COBRA premiums) for 24 months from the date of Mr. Peterschmidt's resignation, which in 2014 amounted to \$6,858. Under the separation agreement the Company also will pay reasonable relocation expenses and closing costs for the sale of Mr. Peterschmidt's Colorado residence as well as the cost, if any, of renewing Mr. Peterschmidt's status as a Global Services member on United Airlines for two years after the date of Mr. Peterschmidt's resignation. As of December 31, 2014, Mr. Peterschmidt had not yet incurred any relocation-related or United Airlines expenses.

Under the separation agreement, all of Mr. Peterschmidt's outstanding equity awards were accelerated and once vested, all of Mr. Peterschmidt's options must be exercised by the earlier of the 18 month anniversary of his resignation or the expiration date of the option. The separation agreement also includes a customary non-disparagement provision and release of claims against the Company.

The agreement included terms and provisions to protect the Company's business and confidential information in the event of termination of his employment, including standard non-compete, non-solicitation of clients, and no-hire obligations during the term of employment and for 12 months after termination of employment. Mr. Lehman's employment agreement did not provide for any severance payment or other benefits upon a termination of employment in connection with a Change in Control other than payment of earned and unpaid salary

through the date of separation, accrued, unpaid vacation pay through the date of separation and reimbursement of expenses incurred prior to separation.

Separation Agreement with Mr. Fogel

Pursuant to the separation agreement between Mr. Fogel and the Company effective June 13, 2014, the Company provided severance benefits to Mr. Fogel, consistent with the terms of his employment agreement, including a one-time severance payment equal to nine months of salary and bonus at target level, accelerated vesting of equity awards that would have vested within six months of June 20, 2015, and twelve months of health benefits. In addition, to further facilitate the transition of global human resource functions to Ms. Piermarini, Mr. Fogel was retained as a consultant through September 30, 2014 and the Company extended the acceleration of the vesting of Mr. Fogel's equity awards to awards that would vest through the period ending on March 20, 2015.

The Company determines which leaves shall count toward Service and when Service terminates for all purposes under the Plan. Further, unless otherwise determined by the Company, a Participant's Service shall not be deemed to have terminated merely because of a change in the capacity in which the Participant provides Services to the Company or an Affiliate, or a transfer between entities (*i.e.*, the Company or any Affiliates), *provided* that there is no interruption or other termination of Service in connection with the Participant's change in capacity or transfer between entities. ARTICLE 3. SHARES SUBJECT TO THE PLAN

All of Shares reserved for issuance hereunder may be issued pursuant to the exercise of Incentive Stock Options.

(a) Shares Reissuable Under Plan. To the extent that an Award terminates, expires, lapses for any reason, or if a Full Value Award is settled in cash, any Shares subject to such Award shall again be available for the grant of an Award pursuant to the Plan. Notwithstanding the provisions of this Section 3.1, no Shares may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an Incentive Stock Option.

(b) Shares Not Reissuable under Plan. Notwithstanding the foregoing, the following Shares shall be counted against the maximum number of Shares available for issuance pursuant to Section 3.1 hereof and shall not be returned to the Plan: (i) Shares covered by an Option or Stock Appreciation Right which are surrendered in payment of the Award exercise or purchase price or in satisfaction of obligations for Tax-Related Items incident to the exercise of an Option or Stock Appreciation Right; (ii) Shares that are not issued or delivered as a result of the net-settlement of an outstanding Option or Stock Appreciation Right; or (iii) Shares that are repurchased on the open market with the proceeds of the exercise of an Option.

(c) Shares Not Counted Against Share Pool Reserve. To the extent permitted by applicable law or any stock exchange rule, Shares issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or an Affiliate shall not be counted against Shares available for grant pursuant to this Plan. Additionally, to the extent permitted by applicable law or any stock exchange rule, in the event that a company acquired by (or combined with) the Company or an Affiliate has shares available under a pre-existing plan approved by its stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the stockholders of the entities party to such acquisition or combination) may, at the discretion of the Committee, be used for Awards under the Plan in lieu of awards under the applicable pre-existing plan of the other company and shall not reduce the Shares authorized for grant under the Plan; *provided* that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not employees or directors of the Company or any Affiliate in existence prior to such acquisition or combination. The payment of Dividend Equivalent Rights in cash in conjunction with any outstanding Awards shall not be counted against the Shares available for issuance under the Plan.

Table of Contents

3.2 Shares Distributed. Any Shares distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares, treasury Shares or Shares purchased on the open market, subject to Section 3.1(b)(iii) hereof.

3.3 Limitation on Number of Shares Subject to and Amounts payable under Awards. Notwithstanding any provision in the Plan to the contrary, and subject to Article 12, where it is intended to comply with Section 162(m) of the Code, the maximum number of Shares with respect to one or more Awards that may be granted to any one Participant during any calendar year shall be 3,000,000 Shares and the maximum amount that may be paid in cash during any calendar year with respect to any Award (including, without limitation, any Performance Bonus Award) shall be \$5,000,000. To the extent required by Section 162(m) of the Code or the U.S. Department of Treasury regulations promulgated thereunder, in applying the foregoing limitations with respect to a Participant, if any Option or SAR is cancelled, the cancelled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Participant. For this purpose, the repricing of an Option (or in the case of a SAR, the reduction of the base amount on which the stock appreciation is calculated in order to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

ARTICLE 4. ELIGIBILITY AND PARTICIPATION

4.1 Eligibility. Each Eligible Individual shall be eligible to be granted one or more Awards pursuant to the Plan. An Eligible Individual who is subject to taxation in the U.S. and who is providing Service to an Affiliate may be granted Options or SARs under this Plan only if the Affiliate qualifies as an "eligible issuer of service recipient stock" within the meaning of the U.S. Department of Treasury regulations promulgated under Section 409A of the Code.

4.2 Participation. Subject to the provisions of the Plan, the Committee, from time to time, may select from among all Eligible Individuals, those to whom Awards shall be granted and shall determine the nature and amount of each Award. No Eligible Individual shall have any right to be granted an Award pursuant to this Plan and the grant of an Award to an Eligible Individual shall not imply any entitlement to receive future Awards.

ARTICLE 5. STOCK OPTIONS

5.1 General. The Committee is authorized to grant Options to Eligible Individuals on the following terms and conditions and such additional terms and conditions as may be specified by the Committee:

- (a) Exercise Price. The exercise price per Share subject to an Option shall be determined by the Committee and set forth in the Award Agreement; *provided* that, subject to Section 5.2(c) hereof, the per-Share exercise price for any Option shall not be less than 100% of the Fair Market Value of a Share on the date of grant.

permitted thereunder, which may include any of the following: (i) the Participant's designated beneficiary, *provided* that such designation is permitted under applicable laws and that such beneficiary has been designated before the Participant's death in a form acceptable to the Company; (ii) the Participant's legal representative or representatives; (iii) the person or persons entitled to do so pursuant to the Participant's last will and testament; or (iv) if the Participant fails to make testamentary disposition of the Option or dies intestate, by the person or persons entitled to receive the Option pursuant to the applicable laws of descent and distribution.

(d) Payment. The Committee shall determine the methods by which the exercise price of an Option may be paid, including the following methods: (i) cash or check; (ii) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Committee may require (including withholding of Shares otherwise deliverable upon exercise of the Award) which have a Fair Market Value on the date of surrender of attestation equal to the aggregate exercise price of the Shares as to which the Award is to be exercised; (iii) promissory note from a Participant to the Company or a third-party loan guaranteed by the Company (in either case, with such loan bearing interest at no less than such rate as shall then preclude the imputation of interest under the Code); (iv) through the delivery of a notice that the Participant has placed a market sell order with a broker with respect to Shares then issuable upon exercise of the Option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the Option exercise price, *provided* that payment of such proceeds is then made to the Company upon settlement of such sale; (v) other property acceptable to the Committee; or (vi) any combination of the foregoing methods of payment. The Award Agreement will specify the methods of paying the exercise price available to Participants. The Committee also shall determine the methods by which Shares shall be delivered or deemed to be delivered to Participants. Notwithstanding any other provision of the Plan to the contrary, no Participant who is a Director or an "executive officer" of the Company within the meaning of Section 13(k) of the Exchange Act shall be permitted to pay the exercise price of an Option, or continue any extension of credit with respect to the exercise price of an Option with a loan from the Company or a loan arranged by the Company in violation of Section 13(k) of the Exchange Act.

5.2 Incentive Stock Options. Incentive Stock Options shall be granted only to Employees of the Company or any "subsidiary corporation," as defined in Section 424(f) of the Code and any applicable U.S. Department of Treasury regulations promulgated thereunder, of the Company, and the terms of any Incentive Stock Options granted pursuant to the Plan, in addition to the requirements of Section 5.1 hereof, must comply with the provisions of this Section 5.2.

(a) Expiration. Subject to Section 5.2(c) hereof, an Incentive Stock Option shall expire and may not be exercised to any extent by anyone after the first to occur of the following events:

- (i) Ten (10) years from the date of grant, unless an earlier time is set in the Award Agreement;
- (ii) Three (3) months after the Participant's termination of Service; and
- (iii) One (1) year after the date of the Participant's termination of Service on account of death or Disability (within the meaning of Section 22(e)(3) of the Code).

(b) Dollar Limitation. The aggregate Fair Market Value (determined as of the time the Option is granted) of all Shares with respect to which Incentive Stock Options are first exercisable by a Participant in any calendar year may not exceed \$100,000 or such other limitation as imposed by Section 422(d) of the Code, or any successor provision. To the extent that Incentive Stock

Options are first exercisable by a Participant in excess of such limitation, the excess shall be considered Non-Qualified Stock Options.

(c) Ten Percent Owners. An Incentive Stock Option shall be granted to any individual who, at the date of grant, owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of Shares of the Company only if such Option is granted at a price that is not less than 110% of Fair Market Value on the date of grant and the Option is exercisable for no more than five (5) years from the date of grant.

(d) Notice of Disposition. The Participant shall give the Company prompt notice of any disposition of Shares acquired by exercise of an Incentive Stock Option within (i) two (2) years from the date of grant of such Incentive Stock Option or (ii) one (1) year after the transfer of such Shares to the Participant.

(e) Right to Exercise. During a Participant's lifetime, an Incentive Stock Option may be exercised only by the Participant.

(f) Failure to Meet Requirements. Any Option (or portion thereof) purported to be an Incentive Stock Option, which, for any reason, fails to meet the requirements of Section 422 of the Code shall be considered a Non-Qualified Stock Option.

6.3 Issuance and Restrictions. Restricted Stock shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions, if any, may lapse separately or in combination at such times, pursuant to such circumstances, in such installments, or otherwise, as the Committee determines at the time of the grant of the Award or thereafter.

6.4 Dividends. Any dividends that are distributed with respect to Shares of Restricted Stock shall be paid in accordance with the applicable Award Agreement which may, without limitation, provide that payment of dividends will be (i) made currently, (ii) withheld by the Company and paid when the Restricted Stock vests, (iii) reinvested in additional Shares of Restricted Stock or (iv) a combination thereof, as determined by the Committee in its sole discretion; *provided* that, for Shares of Restricted Stock that are subject to vesting upon the attainment of performance goals shall be accumulated and subject to any restrictions and risk of forfeiture to which the underlying Restricted Stock is subject.

The Committee shall also determine the performance or other conditions, if any, that must be satisfied before all or part of a SAR may be exercised.

7.2 Payment and Limitations on Exercise.

(a) A Stock Appreciation Right shall entitle the Participant (or other person entitled to exercise the SAR pursuant to the Plan) to exercise all or a specified portion of the SAR (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount equal to the excess of the aggregate Fair Market Value of the Shares on the date the SAR is exercised over the aggregate exercise price of the SAR, less applicable Tax-Related Items (as further set forth in Section 16.3 hereof), subject to any limitations the Committee may impose.

(b) Payment of the amounts determined under Section 7.2(a) hereof shall be in cash, in Shares (based on the Fair Market Value of the Shares as of the date the Stock Appreciation Right is exercised) or a combination of both, as determined by the Committee in the Award Agreement.

ARTICLE 8. RESTRICTED STOCK UNITS

8.1 Restricted Stock Units. The Committee is authorized to grant Restricted Stock Units to Eligible Individuals in such amounts and subject to such terms and conditions not inconsistent with the Plan as the Committee shall impose.

8.2 Vesting Conditions. The Committee shall specify the date or dates on which the Restricted Stock Units shall become fully vested and nonforfeitable, and may specify such conditions to vesting, if any, as it deems appropriate. The vesting conditions, if any, may be based on the passage of time or the attainment of performance-based conditions.

Table of Contents

8.3 Form and Timing of Payment. The Committee shall specify the settlement date applicable to each grant of Restricted Stock Units, which date shall not be earlier than the date or dates on which the Restricted Stock Units shall become fully vested and nonforfeitable, or such settlement date may be deferred to any later date, subject to compliance with Section 409A of the Code, as applicable. On the settlement date, the Company shall, subject to Section 11.4(a) hereof and satisfaction of applicable Tax-Related Items (as further set forth in Section 16.3 hereof), transfer to the Participant one Share for each Restricted Stock Unit scheduled to be paid out on such date and not previously forfeited. Alternatively, settlement of a Restricted Stock Unit may be made in cash (in an amount reflecting the Fair Market Value of the Shares that otherwise would have been issued) or any combination of cash and Shares, as determined by the Committee, in its sole discretion, in either case, less applicable Tax-Related Items (as further set forth in Section 16.3 hereof). Until a Restricted Stock Unit is settled, the number of Restricted Stock Units shall be subject to adjustment pursuant to Article 12 hereof.

8.4 General Creditors. A Participant who has been granted Restricted Stock Units shall have no rights other than those of a general creditor of the Company. Restricted Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Award Agreement evidencing the grant of the Restricted Stock Units.

ARTICLE 9. OTHER SHARE-BASED AWARDS

9.1 Grants of Other Share-Based Awards. The Committee is authorized under the Plan to make Awards (other than Options, Restricted Stock, SARs and Restricted Stock Units) to Eligible Individuals subject to the terms and conditions set forth in this Article 9 and such other terms and conditions as may be specified by the Committee that are not inconsistent with the provisions of the Plan and that, by their terms, involve or might involve the issuance of, consist of, or are denominated in, payable in, valued in whole or in part by reference to, or otherwise relate to, Shares. These Awards may include, among other forms, Dividend Equivalent Rights and Share Payments. The Committee may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Participants on such terms and conditions as determined by the Committee from time to time.

(a) Dividend Equivalent Rights. Any Participant selected by the Committee may be granted Dividend Equivalent Rights based on the dividends declared on the Shares that are subject to any Full Value Award, to be credited as of dividend payment dates, during the period between the date the Award is granted and the date the Award vests or is settled, as determined by the Committee and set forth in the applicable Award Agreement. Such Dividend Equivalent Rights shall be converted to cash or additional Shares by such formula and at such time and subject to such limitations as may be determined by the Committee; *provided that*, to the extent Shares subject to an Award are subject to performance-based vesting conditions, any Dividend Equivalent Rights relating to such Shares shall either (i) not be paid or credited or (ii) be accumulated and subject to restrictions and risk of forfeiture to the same extent as the underlying Award with respect to which such cash, stock or other property has been distributed.

(b) Share Payments. Any Eligible Individual selected by the Committee may receive Share Payments in the manner determined from time to time by the Committee. The number of Shares shall be determined by the Committee and may be based upon Performance Criteria or other specific performance criteria determined to be appropriate by the Committee, determined on the date such Share Payment is made or on any date thereafter. Any Award of Share Payments shall be made in compliance with Section 409A of the Code, if applicable.

Table of Contents

(c) Exercise Price. The Committee may establish the exercise price, if any, of any Other Share-Based Award granted pursuant to this Article 9; *provided* that such exercise price shall not be less than the par value of a Share on the date of grant, unless otherwise permitted by applicable law.

(d) Form of Payment. Payments with respect to any Awards granted under this Section 9.1 shall be made in cash or cash equivalent, in Shares or any combination of the foregoing, as determined by the Committee.

9.2 Vesting Conditions. The Committee shall specify the date or dates on which the Awards granted pursuant to this Article 9 shall become fully vested and nonforfeitable, and may specify such conditions to vesting as it deems appropriate. The vesting conditions may be based on the passage of time or the attainment of performance-based conditions.

9.3 Term. Except as otherwise provided herein, the term of any Award granted pursuant to this Article 9 shall be set by the Committee in its discretion.

ARTICLE 10. PERFORMANCE-BASED AWARDS FOR COVERED EMPLOYEES

10.1 Purpose. The purpose of this Article 10 is to provide the Committee the ability to qualify Awards other than Options and SARs and that are granted pursuant to Articles 6, 8 or 9 as Qualified Performance-Based Compensation. If the Committee, in its discretion, decides to grant a Performance-Based Award to a Covered Employee, the provisions of this Article 10 shall control over any contrary provision contained in Articles 6, 8 or 9; *provided* that the Committee may in its discretion grant Awards to Covered Employees that are based on Performance Criteria or Performance Goals but that do not satisfy the requirements of this Article 10.

10.2 Applicability. This Article 10 shall apply only to those Covered Employees selected by the Committee to receive Performance-Based Awards that are intended to qualify as Qualified Performance-Based Compensation. The designation of a Covered Employee as a Participant for a Performance Period shall not entitle the Participant, in any manner, to receive an Award for the period. Moreover, the designation of a Covered Employee as a Participant for a particular Performance Period shall not require designation of such Covered Employee as a Participant in any subsequent Performance Period and designation of one Covered Employee as a Participant shall not require designation of any other Covered Employees as a Participant in such period or in any other Performance Period.

10.3 Procedures with Respect to Performance-Based Awards. To the extent necessary to comply with the Qualified Performance-Based Compensation requirements of Section 162(m)(4)(C) of the Code, with respect to any Award granted under Articles 6, 8 or 9 which may be granted to one or more Covered Employees, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated fiscal period or period of Service (or such other time as may be required or permitted by Section 162(m) of the Code), the Committee, in writing (a) shall designate one or more Covered Employees as eligible for an Award, (b) shall designate the Performance Period over which the Performance Goals shall be measured; (c) shall select the Performance Criteria applicable to the Performance Period, (d) shall establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (e) shall specify the relationship between Performance Criteria and the Performance Goals and the amounts of such Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee shall certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amount earned by a Covered Employee, the Committee shall have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the

Table of Contents

Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period.

10.4 Performance Bonus Awards. The Committee is authorized under the Plan to grant Performance Bonus Awards, which are Performance-Based Awards payable in the form of cash, that shall vest upon the attainment of Performance Goals that are established by the Committee and relate to one or more of the Performance Criteria, in each case on a specified date or dates or over any period or periods determined by the Committee.

10.5 Payment of Performance-Based Awards. Unless otherwise provided in the applicable Award Agreement, a Participant must provide Services to the Company or an Affiliate on the day a Performance-Based Award for the appropriate Performance Period is paid to the Participant. Furthermore, a Participant shall be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

10.6 Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any U.S. Department of Treasury regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

ARTICLE 11. PROVISIONS APPLICABLE TO AWARDS

11.1 Stand-Alone and Tandem Awards. Awards granted pursuant to the Plan may, in the discretion of the Committee, be granted either alone, in addition to, or in tandem with, any other Award granted pursuant to the Plan. Awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

11.2 Award Agreement. Awards under the Plan shall be evidenced by Award Agreements that set forth the terms, conditions and limitations for each Award, not inconsistent with the Plan, which may include, without limitation, the term of an Award, the provisions applicable in the event the Participant's Service terminates, and the Company's authority to unilaterally or bilaterally amend, modify, suspend, cancel or rescind an Award.

11.3 Minimum Vesting Requirements. Notwithstanding any other provision of the Plan, no Awards fully vest before the first anniversary of the date of grant, subject to earlier vesting in whole or in part as contemplated in Section 12.2 hereof or in connection with the death, disability or other termination of the Participant's employment; *provided* that the minimum vesting period set forth in this sentence shall not apply to Awards relating to Shares in the Unrestricted Pool, which shall be subject to vesting over such period as the Committee shall specify.

11.4 Limits on Transfer. No right or interest of a Participant in any Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or an Affiliate, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or an Affiliate. Except as otherwise provided by the Committee, no Award shall be assigned, transferred, or otherwise disposed of by a Participant other than by will or the laws of descent and distribution. To the extent and under such terms and conditions as determined by the Committee and provided such transfer is consistent with securities offerings registered on a Form S-8, a Participant may assign or transfer an Award (other than an Incentive Stock Option) without consideration to any of the following Permitted Assignees: (i) to the Participant's spouse, children or grandchildren (including any adopted and step

children or grandchildren), parents, grandparents or siblings, (ii) to a trust for the benefit of one or more of the Participant or the persons referred to in clause (i), (iii) to a partnership, limited liability company or corporation in which the Participant or the persons referred to in clause (i) are the only partners, members or shareholders or (iv) for charitable donations; provided that such Permitted Assignee shall be bound by and subject to all of the terms and conditions of the Plan and the Award Agreement relating to the transferred Award and shall execute an agreement satisfactory to the Company evidencing such obligations; and provided further that such Participant shall remain bound by the terms and conditions of the Plan.

11.5 Stock Certificates: Book Entry Procedures.

(a) Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any certificates evidencing Shares pursuant to the exercise or vesting, as applicable, of any Award, unless and until the Board has determined, with advice of counsel, that the issuance and delivery of such certificates is in compliance with all applicable laws, regulations of governmental authorities and, if applicable, the requirements of any exchange on which the Shares are listed or traded. All certificates evidencing Shares delivered pursuant to the Plan are subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal, state, or local securities or other laws, including laws of jurisdictions outside of the United States, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Shares are listed, quoted, or traded. The Committee may place legends on any certificate evidencing Shares to reference restrictions applicable to the Shares. In addition to the terms and conditions provided herein, the Board may require that a Participant make such reasonable covenants, agreements, and representations as the Board, in its discretion, deems advisable in order to comply with any such laws, regulations, or requirements. The Committee shall have the right to require any Participant to comply with any timing or other restrictions with respect to the settlement or exercise of any Award, including, without limitation, a window-period limitation, as may be imposed in the discretion of the Committee.

(b) Notwithstanding any other provision of the Plan, unless otherwise determined by the Committee or required by any applicable law, rule or regulation, the Company shall not deliver to any Participant certificates evidencing Shares issued in connection with any Award and instead such Shares shall be recorded in the books of the Company (or, as applicable, its transfer agent or stock plan administrator).

11.6 Paperless Administration. In the event that the Company establishes, for itself or using the services of a third party, an automated system for the documentation, granting or exercise of Awards, such as a system using an internet website, intranet or interactive voice response, then the paperless documentation, granting or exercise of Awards by a Participant may be permitted through the use of such an automated system.

ARTICLE 12. CHANGES IN CAPITAL STRUCTURE

12.1 Adjustments.

(a) In the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the Shares or the price of the Shares other than an Equity Restructuring, the Committee shall make such adjustments, if any, as the Committee in its discretion may deem appropriate to reflect such change with respect to (a) the aggregate number

Table of Contents

and kind of shares that may be issued under the Plan (including, without limitation, adjustments of the limitations in Sections 3.1 and 3.3 hereof); (b) the terms and conditions of any outstanding Awards (including, without limitation, any applicable performance goals or criteria with respect thereto); and (c) the grant or exercise price per Share for any outstanding Awards under the Plan. Any adjustment affecting an Award intended as Qualified Performance-Based Compensation shall be made consistent with the requirements of Section 162(m) of the Code.

(b) In the event of any transaction or event described in Section 12.1(a) hereof or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations or accounting principles, the Committee, in its sole and absolute discretion, and on such terms and conditions as it deems appropriate, either by the terms of the Award or by action taken prior to the occurrence of such transaction or event and either automatically or upon the Participant's request, is hereby authorized to take any one or more of the following actions whenever the Committee determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any Award under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) To provide for either (A) termination of any such Award in exchange for an amount of cash, if any, equal to the amount that would have been attained upon the exercise of such Award or realization of the Participant's rights (and, for the avoidance of doubt, if as of the date of the occurrence of the transaction or event described in this Section 12.1 the Committee determines in good faith that no amount would have been attained upon the exercise of such Award or realization of the Participant's rights, then such Award may be terminated by the Company without payment) or (B) the replacement of such Award with other rights or property selected by the Committee in its sole discretion;

(ii) To provide that such Award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;

(iii) To make adjustments in the number and type of Shares (or other securities or property) subject to outstanding Awards, and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding options, rights and awards;

(iv) To provide that such Award shall be exercisable or payable or fully vested with respect to all Shares covered thereby, notwithstanding anything to the contrary in the Plan or the applicable Award Agreement; and

(v) To provide that the Award cannot vest, be exercised or become payable after such event.

(c) In connection with the occurrence of any Equity Restructuring, and notwithstanding anything to the contrary in Sections 12.1(a) and 12.1(b) hereof:

(i) The number and type of securities subject to each outstanding Award and the exercise price or grant price thereof, if applicable, shall be equitably adjusted. The

Table of Contents

adjustments provided under this Section 12.1(c)(i) shall be nondiscretionary and shall be final and binding on the affected Participant and the Company.

(ii) The Committee shall make such equitable adjustments, if any, as the Committee in its discretion may deem appropriate to reflect such Equity Restructuring with respect to the aggregate number and kind of shares that may be issued under the Plan (including, without limitation, adjustments of the limitations in Sections 3.1 and 3.3 hereof).

12.2 Change in Control.

(a) Notwithstanding Section 12.1 hereof, and except as may otherwise be provided in any applicable Award Agreement or other written agreement entered into between the Company and a Participant, if a Change in Control occurs and a Participant's Awards are not converted, assumed, substituted or replaced by a successor or survivor corporation, or a parent or subsidiary thereof, then immediately prior to the Change in Control such Awards shall become fully exercisable and all forfeiture restrictions on such Awards shall lapse and, following the consummation of such Change in Control, all such Awards shall terminate and cease to be outstanding. In the event that the terms of any agreement (other than the Award Agreement) between the Company or any Affiliate and a Participant contains provisions that conflict with and are more restrictive than the provisions of this Section 12.2(a), this Section 12.2(a) shall prevail and control and the more restrictive terms of such agreement (and only such terms) shall be of no force or effect.

(b) The Committee may at any time provide that one or more Awards will automatically accelerate in connection with a Change in Control, whether or not those Awards are assumed or otherwise continue in full force and effect. In addition, where Awards are assumed or continued after a Change in Control, the Committee may provide that one or more Awards will automatically accelerate upon an involuntary termination of the Participant's employment or service within a designated period following the effective date of such Change in Control. Any such Award shall accordingly, immediately prior to the effective date of such Change in Control or upon an involuntary termination of the Participant's employment or service following a Change in Control, become fully exercisable and all forfeiture restrictions on such Award shall lapse.

(c) Upon a Change in Control, the Committee may cause any and all Awards outstanding hereunder to terminate at a specific time in the future, including, without limitation, the date of such Change in Control, and shall give each Participant the right to exercise such Awards during a period of time as the Committee, in its sole and absolute discretion, shall determine.

(d) The portion of any Incentive Stock Option accelerated in connection with a Change in Control shall remain exercisable as an Incentive Stock Option only to the extent the applicable \$100,000 limitation is not exceeded. To the extent such U.S. dollar limitation is exceeded, the accelerated portion of such Option shall be exercisable as a Non-Statutory Option under the U.S. federal tax laws.

12.3 No Other Rights. Except as expressly provided in the Plan, no Participant shall have any rights by reason of any subdivision or consolidation of Shares of any class, the payment of any dividend, any increase or decrease in the number of Shares of any class or any dissolution, liquidation, merger, or consolidation of the Company or any other corporation. Except as expressly provided in the Plan or pursuant to action of the Committee under the Plan, no issuance by the Company of Shares of any class, or securities convertible into Shares of any class, shall affect, and no adjustment by reason thereof shall

Table of Contents

be made with respect to, the number of Shares subject to an Award or the grant or the exercise price of any Award.

ARTICLE 13. ADMINISTRATION

13.1 Committee. The Board, at its discretion or as otherwise necessary to comply with the requirements of Section 162(m) of the Code, Rule 16b-3 promulgated under the Exchange Act or to the extent required by any other applicable law or regulation, may delegate administration of the Plan to a Committee consisting of two or more members of the Board. Unless otherwise determined by the Board, the Committee shall consist solely of two or more Non-Employee Directors, each of whom is an "outside director," within the meaning of Section 162(m) of the Code, a "non-employee director" within the meaning of Rule 16b-3(b)(3) under the Exchange Act, or any successor rule, and an "independent director" under the applicable New York Stock Exchange rules (or other principal securities market on which Shares are traded). Notwithstanding the foregoing: (a) the full Board, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to all Awards granted to Non-Employee Directors and for purposes of such Awards the term "Committee" as used in this Plan shall be deemed to refer to the Board and (b) the Committee may delegate its authority hereunder to the extent permitted by Section 13.5 hereof. Unless and until the Board delegates administration of the Plan to a Committee as set forth below, the Plan shall be administered by the full Board, and for such purposes the term "Committee" as used in this Plan shall be deemed to refer to the Board. In its sole discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under the Plan, except with respect to matters which under Rule 16b-3 under the Exchange Act or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee.

13.2 Action by the Committee. Unless otherwise established by the Board or in any charter of the Committee, a majority of the Committee shall constitute a quorum and the acts of a majority of the members present at any meeting at which a quorum is present, and acts approved in writing by a majority of the Committee in lieu of a meeting, shall be deemed the acts of the Committee. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company or any Affiliate, the Company's independent certified public accountants, or any executive compensation consultant or other professional retained by the Company to assist in the administration of the Plan.

13.3 Authority of Committee. Subject to any specific designation in the Plan, the Committee has the exclusive power, authority and discretion to:

- (a) Designate Participants to receive Awards;
- (b) Determine the type or types of Awards to be granted to each Participant;
- (c) Determine the number of Awards to be granted and the number of Shares to which an Award will relate;
- (d) Determine the terms and conditions of any Award granted pursuant to the Plan, including, without limitation, the exercise price, grant price, or purchase price, any restrictions or limitations on the Award, any schedule for lapse of forfeiture restrictions or restrictions on the exercisability of an Award, and accelerations or waivers thereof, any provisions related to non-competition and recapture of gain on an Award, based in each case on such considerations as the Committee in its sole discretion determines; *provided, however*, that the Committee shall not have the authority to accelerate the vesting or waive the forfeiture of any Performance-Based Awards intended to

qualify as Qualified Performance Based-Compensation, except as permitted under Section 162(m) of the Code;

(e) Determine whether, to what extent, and pursuant to what circumstances an Award may be settled in, or the exercise price of an Award may be paid in, cash, Shares, other Awards, or other property, or an Award may be cancelled, forfeited, or surrendered;

(f) Prescribe the form of each Award Agreement, which need not be identical for each Participant and may vary for Participants within and outside of the United States;

(g) Decide all other matters that must be determined in connection with an Award;

(h) Establish, adopt, or revise any rules and regulations including adopting sub-plans to the Plan for the purposes of complying with foreign laws and/or taking advantage of tax-favorable treatment for Awards granted to Participants outside the United States, as it may deem necessary or advisable to administer the Plan;

(i) To suspend or terminate the Plan at any time provided that such suspension or termination does not impair rights and/or increase obligations of the affected Participant under any outstanding Award without written consent of such Participant;

(j) Interpret the terms of, and any matter arising pursuant to, the Plan or any Award Agreement; and

(k) Make all other decisions and determinations that may be required pursuant to the Plan or as the Committee deems necessary or advisable to administer the Plan.

13.4 Decisions Binding. The Committee's interpretation of the Plan, any Awards granted pursuant to the Plan, any Award Agreement and all decisions and determinations by the Committee with respect to the Plan are final, binding, and conclusive on all parties.

13.5 Delegation of Authority. To the extent permitted by applicable law, the Board, from time to time, may delegate to a Committee of one or more members of the Board or one or more officers of the Company the authority to grant or amend Awards to Participants other than (a) Employees who are subject to Section 16 of the Exchange Act, (b) Covered Employees, or (c) officers of the Company (or Directors) to whom authority to grant or amend Awards has been delegated hereunder. Furthermore, if the authority to grant or amend Awards has been delegated to the Committee pursuant and subject to the preceding sentence, such authority may be further delegated by the Committee to one or more officers of the Company. For the avoidance of doubt, provided it meets the limitations of this Section 13.5, any delegation hereunder shall include the right to modify Awards as necessary to accommodate changes in applicable laws or regulations, including in jurisdictions outside the United States. Furthermore, any delegation hereunder shall be subject to the restrictions and limitations that the Board (or, as applicable, the Committee) specifies at the time of such delegation, and the Board (or, as applicable, the Committee) may rescind at any time the authority so delegated and/or appoint a new delegatee. At all times, the delegatee appointed under this Section 13.5 shall serve in such capacity at the pleasure of the Board (or, as applicable, Committee).

ARTICLE 14. EFFECTIVE AND EXPIRATION DATE

14.1 Plan History. The Plan was originally approved by shareholders on April 27, 2004. The Plan was subsequently amended on April 29, 2008, and was subsequently amended and restated on May 18, 2011

Table of Contents

and on May 8, 2013. The amendment and restatement of the Plan was last approved by the Board on March 27, 2015, and approved by stockholders of the Company on [•], 2015.

14.2 Expiration Date. The Plan will continue in effect until it is terminated by the Board pursuant to Section 15.1 hereof, except that no Incentive Stock Options may be granted under the Plan after the tenth (10th) anniversary of March 27, 2015. Any Awards that are outstanding on the date the Plan terminates shall remain in force according to the terms of the Plan and the applicable Award Agreement.

ARTICLE 15. AMENDMENT, MODIFICATION, AND TERMINATION

15.1 Amendment, Modification, and Termination. Subject to Section 16.14 hereof, with the approval of the Board, at any time and from time to time, the Committee may terminate, amend or modify the Plan; *provided, however*, that (a) to the extent necessary and desirable to comply with any applicable law, regulation, or stock exchange rule, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required, and (b) stockholder approval shall be required for any amendment to the Plan that (i) increases the number of shares available under the Plan (other than any adjustment as provided by Article 12), or (ii) permits the Committee to extend the exercise period for an Option beyond ten years from the date of grant. Notwithstanding any provision in this Plan to the contrary, absent approval of the stockholders of the Company, no Option or SAR may be amended to reduce the per-Share exercise price of the Shares subject to such Option or SAR below the per-Share exercise price as of the date the Option or SAR is granted and, except as permitted by Article 12, (a) no Option or SAR may be granted in exchange for, or in connection with, the cancellation, surrender or substitution of an Option or SAR having a higher per-Share exercise price and (b) no Option or SAR may be cancelled in exchange for, or in connection with, the payment of a cash amount or another Award at a time when the Option or SAR has a per-Share exercise price that is higher than the Fair Market Value of a Share.

15.2 Awards Previously Granted. Except with respect to amendments made or other actions taken pursuant to Section 16.14 hereof or any amendment or other action with respect to an outstanding Award that may be required or desirable to facilitate compliance with applicable law, as determined in the sole discretion of the Committee, no termination, amendment, or modification of the Plan shall affect adversely, in any material way, any Award previously granted pursuant to the Plan without the prior written consent of the Participant; *provided, however*, that an amendment or modification that may cause an Incentive Stock Option to become a Non-Qualified Stock Option shall not be treated as adversely affecting the rights of the Participant.

ARTICLE 16. GENERAL PROVISIONS

16.1 No Rights to Awards. No Eligible Individual or other person shall have any claim to be granted any Award pursuant to the Plan, and neither the Company nor the Committee is obligated to treat Eligible Individuals, Participants or any other persons uniformly.

16.2 No Stockholders Rights. Except as otherwise provided herein, a Participant shall have none of the rights of a stockholder with respect to Shares covered by any Award, including the right to vote or receive dividends, until the Participant becomes the record owner of such Shares, notwithstanding the exercise of an Option or SAR or vesting of another Award.

16.3 Tax-Related Items. The Company or any Affiliate, as applicable, shall have the authority and the right to deduct or withhold, or to require a Participant to remit to the Company, an amount sufficient to satisfy the obligation for Tax-Related Items with respect to any taxable or tax withholding event concerning a Participant arising as a result of the Participant's participation in the Plan or to take such

Table of Contents

other action as may be necessary or appropriate in the opinion of the Company or an Affiliate, as applicable, to satisfy withholding obligations for the payment of Tax-Related Items by one or a combination of the following: (a) withholding from the Participant's wages or other cash compensation; (b) withholding from the proceeds of sale of Shares underlying an Award, either through a voluntary sale or a mandatory sale arranged by the Company on the Participant's behalf, without need of further authorization; or (c) in the Committee's sole discretion, by withholding Shares otherwise issuable under an Award (or allowing the return of Shares) sufficient, as determined by the Committee in its sole discretion, to satisfy such Tax-Related Items. No Shares shall be delivered pursuant to an Award to any Participant or other person until the Participant or such other person has made arrangements acceptable to the Committee to satisfy the obligations for Tax-Related Items with respect to any taxable or tax withholding event concerning the Participant or such other person arising as a result of an Award.

16.4 No Right to Employment or Services. Nothing in the Plan or any Award Agreement shall interfere with or limit in any way the right of the Company or any Affiliate to terminate any Participant's Service at any time, nor confer upon any Participant any right to continue in the Service of the Company or any Affiliate.

16.5 Unfunded Status of Awards. The Plan is intended to be an "unfunded" plan for incentive compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give the Participant any rights that are greater than those of a general creditor of the Company or any Affiliate.

16.6 Indemnification. To the extent allowable pursuant to applicable law, each member of the Committee or of the Board shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action or failure to act pursuant to the Plan and against and from any and all amounts paid by him or her in satisfaction of judgment in such action, suit, or proceeding against him or her; *provided* he or she gives the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled pursuant to the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

16.7 Relationship to other Benefits. No payment pursuant to the Plan shall be taken into account in determining any benefits pursuant to any pension, retirement, savings, profit sharing, group insurance, termination programs and/or indemnities or severance payments, welfare or other benefit plan of the Company or any Affiliate, except to the extent otherwise expressly provided in writing in such other plan or an agreement thereunder.

16.8 Expenses. The expenses of administering the Plan shall be borne by the Company and/or its Subsidiaries and/or Affiliates.

16.9 Titles and Headings. The titles and headings of the Sections in the Plan are for convenience of reference only and, in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

16.10 Fractional Shares. No fractional Shares shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional shares or whether such fractional shares shall be eliminated by rounding up or down as appropriate.

16.11 Limitations Applicable to Section 16 Persons. Notwithstanding any other provision of the Plan, the Plan, and any Award granted or awarded to any Participant who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 under the Exchange Act) that are requirements for the application of such exemptive rule. To the extent permitted by applicable law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule.

16.12 Government and Other Regulations. The obligation of the Company to make payment of awards in Shares or otherwise shall be subject to all applicable laws, rules, and regulations of the United States and jurisdictions outside the United States, and to such approvals by government agencies, including government agencies in jurisdictions outside of the United States, in each case as may be required or as the Company deems necessary or advisable. Without limiting the foregoing, the Company shall have no obligation to issue or deliver evidence of title for Shares subject to Awards granted hereunder prior to: (i) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable, and (ii) completion of any registration or other qualification with respect to the Shares under any applicable law in the United States or in a jurisdiction outside of the United States or ruling of any governmental body that the Company determines to be necessary or advisable or at a time when any such registration or qualification is not current, has been suspended or otherwise has ceased to be effective. The inability or impracticability of the Company to obtain or maintain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained and shall constitute circumstances in which the Committee may determine to amend or cancel Awards pertaining to such Shares, with or without consideration to the affected Participant. The Company shall be under no obligation to register pursuant to the Securities Act any of the Shares paid pursuant to the Plan. If the Shares paid pursuant to the Plan may in certain circumstances be exempt from registration pursuant to the Securities Act, the Company may restrict the transfer of such Shares in such manner as it deems advisable to ensure the availability of any such exemption.

16.13 Governing Law. The Plan and all Award Agreements shall be construed in accordance with and governed by the laws of the State of Delaware.

16.14 Section 409A. Except as provided in Section 16.15 hereof, to the extent that the Committee determines that any Award granted under the Plan is subject to Section 409A of the Code, the Award Agreement evidencing such Award shall incorporate the terms and conditions required by Section 409A of the Code. To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code and U.S. Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the date the Plan became effective. Notwithstanding any provision of the Plan to the contrary, in the event that following the date an Award is granted the Committee determines that the Award may be subject to Section 409A of the Code and related Department of Treasury guidance (including such Department of Treasury guidance as may be issued after the date the Plan became effective), the Committee may adopt such amendments to the Plan and the applicable Award Agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, including amendments or actions that would result in a reduction to the benefits payable under an Award, in each case, without the consent of the Participant, that the Committee determines are necessary or appropriate to (a) exempt the Award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (b) comply with the requirements of Section 409A of the Code and related Department of Treasury guidance and thereby avoid the application of any penalty taxes under such Section or mitigate any additional tax, interest

and/or penalties or other adverse tax consequences that may apply under Section 409A of the Code if compliance is not practical.

16.15 No Representations or Covenants with respect to Tax Qualification. Although the Company may endeavor to (1) qualify an Award for favorable or specific tax treatment under the laws of the United States or jurisdictions outside of the United States (*e.g.*, incentive stock options under Section 422 of the Code or French-qualified stock options) or (2) avoid adverse tax treatment (*e.g.*, under Section 409A of the Code), the Company makes no representation to that effect and expressly disavows any covenant to maintain favorable or avoid unfavorable tax treatment, anything to the contrary in this Plan, including Section 16.14 hereof, notwithstanding. The Company shall be unconstrained in its corporate activities without regard to the potential negative tax impact on holders of Awards under the Plan. Nothing in this Plan or in an Award Agreement shall provide a basis for any person to take any action against the Company or any Affiliate based on matters covered by Section 409A of the Code, including the tax treatment of any Awards, and neither the Company nor any Affiliate will have any liability under any circumstances to the Participant or any other party if the Award that is intended to be exempt from, or compliant with, Section 409A of the Code, is not so exempt or compliant or for any action taken by the Committee with respect thereto.

16.16 Clawback/Recovery. All Awards granted under the Plan will be subject to recoupment in accordance with any clawback policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable laws.

16.17 Severability. If any provision of the Plan or the application of any provision hereof to any person or circumstance is held to be invalid or unenforceable, the remainder of the Plan and the application of such provision to any other person or circumstance shall not be affected, and the provisions so held to be unenforceable shall be reformed to the extent (and only to the extent) necessary to make it enforceable and valid.
