PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MAY 30, 2019

The Board of Directors (the "Board") of Applied Optoelectronics, Inc. (the "Company") is soliciting your proxy for the 2019 Annual Meeting of Stockholders to be held on May 30, 2019, or any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement and related materials are first being made available to stockholders beginning on April 19, 2019. A Notice of Internet Availability of Proxy Materials indicating how to access our proxy materials over the Internet will be sent, or given, to stockholders beginning on April 19, 2019. References in this Proxy Statement to the "Company," "we," "our," "us" and "Applied Optoelectronics" are to Applied Optoelectronics, Inc. and its consolidated subsidiaries, and references to the "Annual Meeting" are to the 2019 Annual Meeting of Stockholders. This Proxy Statement covers our 2018 fiscal year, which was from January 1, 2018 through December 31, 2018 ("fiscal 2018"). Certain information contained in this Proxy Statement is incorporated by reference into Part III of our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, as filed by the Company with the U.S. Securities and Exchange Commission ("SEC") on February 26, 2019.

SOLICITATION AND VOTING

Record Date

Only stockholders of record at the close of business on April 5, 2019 will be entitled to notice of and to vote at the meeting and any adjournment thereof. As of this record date there were 19,888,344 shares of common stock outstanding and entitled to vote.

Quorum

A majority of the shares of common stock issued and outstanding as of the record date must be represented at the meeting, either in person or by proxy, to constitute a quorum for the transaction of business at the meeting. Your shares will be counted towards the quorum if you submit a valid proxy (or one is submitted on your behalf by your broker or bank) or if you vote in person at the meeting. In addition, shares present in person, but not voting, shares for which we receive signed proxies, but for which holders have abstained from voting, and shares represented by proxies returned by a bank, broker, or other nominee holding shares will each be counted as present for purposes of determining the presence of a quorum.

Vote Required to Adopt Proposals

Each share of our common stock outstanding on the record date is entitled to one vote on each of the three director nominees under Proposal No. 1. Each share of our common stock outstanding on the record date is entitled to one vote on each other proposal.

Proposal No. 1. For the election of directors, the three director nominees to serve as Class III directors will be elected by a plurality of the votes cast by the stockholders entitled to vote at the election so that three nominees who receive the highest number of "For" votes will be elected as Class III directors. You may vote "For" or "Withhold" with respect to each director nominee.

Proposal No. 2. Approval of Proposal No. 2 requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting. Abstentions will have no effect on the outcome of the proposal, and there should be no broker "non-votes" on the proposal because brokers have discretion to vote on this proposal, as described in more detail below.

Table of Contents

Proposal No. 3. Approval of Proposal No. 3 requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting. However, the say-on-pay vote is only advisory in nature and has no binding effect on us or the Board. Nevertheless, the Board will consider the result of the say-on-pay vote when making future compensation decisions regarding our named executive officers. Abstentions and "broker non-votes" will have no effect on the outcome of the proposal.

Effect of Abstentions and Broker Non-Votes

Shares not present at the meeting and shares voted "Withhold" will have no effect on the election of directors. With respect to all proposals, shares will not be voted in favor of the matter, and will not be counted as voting on the matter, if they either (1) abstain from voting on a particular matter or (2) are "broker non-votes." If your shares are held in an account at a bank or brokerage firm, that bank or brokerage firm may vote your shares on Proposal No. 2, but will not be permitted to vote your shares of common stock with respect to Proposals No. 1 and 3, unless you provide instructions as to how your shares should be voted (where no instructions are provided, this is a "broker non-vote"). If an executed proxy card is returned by a bank or broker holding shares which indicates that the bank or broker has not received voting instructions to vote on Proposals No. 1 and 3, the shares will not be considered to have been voted with respect to such matters, but will be considered present for the purposes of establishing quorum for the Annual Meeting. Your bank or broker will vote your shares of common stock on Proposals No. 1 and 3, only if you provide instructions on how to vote by following the instructions they provide to you. Accordingly, we encourage you to vote promptly, even if you plan to attend the Annual Meeting.

Voting Instructions

If you vote promptly by telephone or internet or by marking, signing and returning your proxy card (if you have received one) or otherwise appropriately complete and submit your voting instructions, the persons named as proxies will follow your voting instructions. If no choice is indicated on the proxy card, but the proxy card is signed, the shares will be voted as the Board recommends on each proposal. Many banks and brokerage firms have a process for their beneficial owners to provide instructions via telephone or the Internet. The voting form that you receive from your bank or broker will contain instructions for voting.

Depending on how you hold your shares, you may vote in one of the following ways:

Stockholders of Record: You may vote by proxy or over the Internet or by telephone. Please follow the instructions provided on the proxy card if you received one, or available at *proxyvote.com*. You may also vote by signing and returning your proxy card, if you received one, in the prepaid envelope, or by attending the Annual Meeting and voting in person.

Beneficial Stockholders: Your bank, broker or other holder of record will provide you with a voting instruction card for you to use to instruct them on how to vote your shares. Check the instructions provided by your bank, broker or other holder of record to see which options are available to you. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your bank, broker or other agent.

Votes submitted by telephone or via the Internet must be received by 11:59 p.m. Eastern Time on May 29, 2019. Submitting your proxy by telephone or via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting in person.

If you are a stockholder of record, you may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting by returning a later-dated proxy card, by voting again by Internet or telephone as more fully detailed on your proxy card or by delivering written instructions to the Corporate Secretary before the Annual Meeting. Attendance at the Annual Meeting will not in and of itself cause your previously voted proxy to be revoked unless you specifically so request or vote again at the Annual

Table of Contents

Meeting. If your shares are held in an account at a bank, brokerage firm or other agent, you may change your vote by submitting new voting instructions to your bank, brokerage firm or other agent or if you have obtained a legal proxy from your bank, brokerage firm or other agent giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Electronic Availability of Proxy Statement and 2018 Annual Report

As permitted by SEC rules, we are making this proxy statement and our 2018 Annual Report available to stockholders electronically via the Internet at www.proxyvote.com. On April 19, 2019, we will begin mailing to our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access this proxy statement and our 2018 Annual Report and how to vote online. If you received that notice, you will not receive a printed copy of the proxy materials unless you request it by following the instructions for requesting such materials contained in the notice. We are constantly focused on improving the ways people connect with information, and believe that providing our proxy materials over the Internet increases the ease and ability of our stockholders to connect with the information they need while reducing the environmental impact of our Annual Meeting.

Solicitation of Proxies

We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail, we will request banks, brokers and other intermediaries holding shares of our common stock beneficially owned by others to obtain proxies from the beneficial owners and will reimburse them for their reasonable, out-of-pocket costs for forwarding proxy and solicitation material to the beneficial owners of common stock. We may use the services of our officers, directors and employees to solicit proxies, personally or by telephone, without additional compensation.

Voting Results

We will announce preliminary voting results at the Annual Meeting. We will report final results in a Form 8-K report filed with the SEC.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

We have a classified Board consisting of two Class I directors, two Class II directors and three Class III directors. At each annual meeting of stockholders, directors are elected for a term of three years to succeed those directors whose terms expire at the annual meeting date.

The term of the Class III directors, Chih-Hsiang (Thompson) Lin, Richard B. Black and Min-Chu (Mike) Chen, will expire on the date of the upcoming Annual Meeting. Accordingly, three persons are to be elected to serve as Class III directors of the Board at the meeting. The Board's nominees for election by the stockholders to those three positions are the three current Class III members of the Board, Chih-Hsiang (Thompson) Lin, Richard B. Black and Min-Chu (Mike) Chen. If elected, each nominee will serve as a director until our annual meeting of stockholders in 2022 and until their respective successors are elected and qualified. If any of the nominees declines to serve or becomes unavailable for any reason (although we know of no reason to anticipate that this will occur), or if a vacancy occurs before the election, the proxies may be voted for such substitute nominees as we may designate. The proxies cannot vote for more than three persons.

The three nominees for Class III director receiving the highest number of FOR votes will be elected as Class III directors.

We believe that each of our directors has demonstrated business acumen, ethical integrity and an ability to exercise sound judgment as well as a commitment of service to us and our Board.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF CHIH-HSIANG (THOMPSON) LIN, RICHARD B. BLACK AND MIN-CHU (MIKE) CHEN AS CLASS III DIRECTORS.

CORPORATE GOVERNANCE

Director Independence

In April 2019, the Board determined that, other than Dr. Chih-Hsiang (Thompson) Lin, each of the current members of the Board is an "independent director" for purposes of the NASDAQ Listing Rules and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as the term relates to membership on the board of directors. The definition of independence under the NASDAQ Listing Rules includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his or her family members, has engaged in various types of business dealings with us. In addition, as further required by the NASDAQ Listing Rules, our Board has made a subjective determination as to each independent director that no material relationships exist that, in the opinion of our Board, would interfere with his exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board reviewed and discussed information provided by the directors in questionnaires with questions tailored to the NASDAQ Listing Rules with regard to each director's business and personal activities as they may relate to us and our management.

Board Leadership Structure

Our Board is currently chaired by our President and Chief Executive Officer, Dr. Chih-Hsiang (Thompson) Lin. The Board believes that combining the positions of Chief Executive Officer and Chairman of the Board, or Chairman, helps to ensure that the Board and management act with a common purpose. The Board further believes that combining the positions of Chief Executive Officer and Chairman provides a single, clear chain of command to execute our strategic initiatives and business plans. In addition, the Board believes that a combined Chief Executive Officer and Chairman is better positioned to act as a bridge between management and the Board, facilitating the regular flow of information. In light of our Chief Executive Officer's extensive history with and knowledge of our company, the Board believes that it is advantageous for the Company to combine the positions of Chief Executive Officer and Chairman.

Our Board appointed William H. Yeh as lead independent director of our Board in April 2018. As our lead independent director, Mr. Yeh (i) serves as chair of executive sessions of the independent members of the Board; (ii) serves as chair of meetings of the Board if the Chairman of the Board is absent; (iii) serves as the designated liaison between the independent members of the Board, the full Board and the management of the Company; (iv) approves information sent to the Board; (v) approves meeting agendas of the Board; (vi) approves meeting schedules to assure there is sufficient time for discussion of all agenda items; (vii) has the authority to call meetings of the independent directors; and (viii) if requested by major stockholders, ensures that he is available for consultation and direct communication.

Risk Management

One of the key functions of the Board is informed oversight of our various processes for managing risk. The Board administers this oversight function directly through the Board as a whole, as well as through the standing committees of the Board that address risks associated with their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing risk exposure in our strategic plans, development programs, corporate goals and operating plans. Our audit committee has the responsibility to consider and discuss our major exposures to financial risk and the steps our management takes to monitor and control these exposures, including guidelines, policies and processes. The audit committee also monitors our compliance with various legal and regulatory requirements, monitors our whistleblower system, and oversees the performance of our internal audit function. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance guidelines and policies. Our compensation committee assesses and monitors whether any of our compensation policies

and programs has the potential to encourage excessive risk-taking. In addition, the Board meets with certain members of our executive team, including the heads of our different organizational functions, who discuss the risks and exposures involved in their respective areas of responsibility as well as any developments that could impact our risk profile or other aspects of our business. The Board considers the Company's risk profile and other aspects of our business in assessing the leadership structure of the Board from time to time.

Executive Sessions

Non-management directors generally meet in executive session without management present. The Board's policy is to hold executive sessions without the presence of management, including the Chief Executive Officer, who is the only non-independent director.

Meetings of the Board of Directors and Committees

The Board held seven meetings during the fiscal year ended December 31, 2018. The Board has three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. During the last fiscal year, each of our directors attended at least 75% of the total number of meetings of the Board and all of the committees of the Board on which such director served during that period.

The following table sets forth the standing committees of the Board and the members of each committee as of the date that this Proxy Statement was first made available to our stockholders:

The audit committee held four meetings during the fiscal year ended December 31, 2018. Additional information regarding the audit committee is set forth in the Report of the Audit Committee immediately following Proposal No. 2.

Compensation Committee

Our compensation committee currently consists of William H. Mr. Yeh serves as the chairman of this committee. Pursuant to its charter, our compensation committee has responsibility for overseeing our compensation policies and programs, including developing compensation policies and providing oversight in the implementation of all applicable policies and benefit plans. Specifically, the compensation committee evaluates and sets compensation for our executive officers and monitors all general compensation programs. In accordance with its charter, the compensation committee's responsibilities include, but are not limited to:

reviewing and approving all compensation for the Chief Executive Officer, including incentive-based and equity-based compensation;

reviewing and approving annual performance objectives and goals relevant to compensation for the Chief Executive Officer and evaluating the performance of the Chief Executive Officer;

reviewing and approving incentive-based or equity-based compensation plans in which our executive officers participate;

reviewing and approving all compensation for executive officers, including incentive-based and equity-based compensation, and overseeing the evaluation of management;

approving all employment, severance, or change-in-control agreements, special or supplemental benefits, or provisions including the same, applicable to executive officers;

periodically reviewing and advising our Board concerning both regional and industry-wide compensation practices and trends in order to assess the adequacy and competitiveness of our compensation programs for executive officers relative to comparable companies in our industry;

reviewing and reassessing the adequacy of the compensation committee charter and recommending any changes to our Board on an annual basis; and

reviewing and evaluating the compensation committee's own performance.

The compensation committee may delegate its authority to a subcommittee to make grants of stock, stock options and other equity securities to executive officers and other employees, provided that these grants are made within established guidelines. In addition, the compensation committee may obtain advice or assistance from compensation consultants, legal counsel or other advisors to perform its duties, provided that the compensation committee shall periodically assess the independence of any such compensation consultant as required by NASDAQ rules and applicable law.

The compensation committee and the Board believe that attracting, retaining and motivating our employees, and particularly the company's senior management team and key operating personnel, are essential to our performance and enhancing stockholder value. The compensation committee will continue to administer and develop our compensation programs in a manner designed to achieve these objectives.

The compensation committee reviews and determines executive officer compensation. Our Chief Executive Officer makes recommendations to the compensation committee regarding base salary increases, bonuses, incentive compensation, equity awards benefits and perquisites for each executive other than himself. These recommendations are based upon objective criteria, including the company's financial performance, accomplishment of strategic objectives and development of management. The compensation committee reviews and evaluates submitted proposals, and establishes executive compensation, including the Chief Executive Officer.

The compensation committee held four meetings during the fiscal year ended December 31, 2018.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee currently consists of Min-Chu (Mike) Chen, William H. Yeh and Richard B. Black, each of whom is not an employee and is otherwise "independent" as that term is defined in the applicable rules of the SEC and NASDAQ. Dr. Chen serves as the chairman of this committee. Our nominating and corporate governance committee oversees and advises the Board with respect to corporate governance matters, assists the Board in identifying and recommending qualified candidates for nomination to the Board, makes recommendations to the Board with respect to assignments to committees of the Board and oversees the evaluation of the Board. The functions of this committee include, but are not limited to:

making recommendations to the Board regarding all nominees for board membership, whether for the slate of director nominees to be proposed by the Board to the stockholders or any director nominees to be elected by the Board to fill interim director vacancies;

considering director candidates submitted by stockholders and determining the procedure to be followed by stockholders in submitting such recommendations;

recommending Board committee structure and responsibilities to be included in the charter of each committee of the Board to be submitted to the full Board for consideration;

recommending directors to serve on each Board committee and suggesting rotations for chairpersons of the Board committees as the nominating and corporate governance committee deems appropriate;

recommending corporate governance standards to the Board;

evaluating and recommending any revisions to Board and Board committee meeting policies;

reviewing and reassessing the adequacy of the nominating and corporate governance committee charter and recommending any changes to the Board;

reviewing the compensation paid to non-employee directors and making recommendations to the Board for any adjustments; and

reviewing and evaluating the nominating and corporate governance committee's own performance.

The nominating and corporate governance committee held one meeting during the fiscal year ended December 31, 2018.

Director Nominations

Our nominating and corporate governance committee is responsible for, among other things, assisting our Board in identifying qualified director nominees and recommending nominees for each annual meeting of stockholders. The nominating and corporate governance committee's goal is to assemble a Board that brings to our company a diversity of experience in areas that are relevant to our business and that complies with the NASDAQ Listing Rules and applicable SEC rules and regulations. While we do not have a formal diversity policy for board membership, the nominating and corporate governance committee generally considers the diversity of nominees in terms of knowledge, experience, background, skills, expertise and other demographic factors. In addition, our Board is currently considering what approach to take going forward with respect to the diversity of our Board, including, without limitation, whether to adopt a written board diversity policy. When considering nominees for election as directors, the nominating and corporate governance committee reviews the needs of the Board for various skills, background, experience and expected contributions and the qualification standards established from time to time by the nominating and corporate governance committee. The nominating and corporate governance committee believes that directors must also have an inquisitive and objective outlook and mature judgment. Director candidates must have sufficient time available in the judgment of the nominating and corporate governance committee to perform all board and committee responsibilities. Members of the Board are expected to rigorously prepare for, attend and participate in all meetings of the Board and applicable committee meetings. Other than the foregoing and the applicable rules regarding director qualification, there are no stated minimum criteria for director nominees.

The nominating and corporate governance committee evaluates annually the current members of the Board whose terms are expiring and who are willing to continue in service against the criteria set forth above in determining whether to recommend these directors for election. The nominating and corporate governance committee assesses regularly the optimum size of the Board and its committees and the needs of the Board for various skills, background and business experience in determining if the Board requires additional candidates for nomination.

Candidates for director nominations come to our attention from time to time through incumbent directors, management, stockholders or third parties. These candidates may be considered at meetings of the nominating and corporate governance committee at any point during the year. Such candidates are to be evaluated against the criteria set forth above. If the nominating and corporate governance committee believes at any time that it is desirable that the Board consider additional candidates for nomination, the committee may poll directors and management for suggestions or conduct research to identify possible candidates and may engage, if the nominating and corporate governance committee believes it is appropriate, a third party search firm to assist in identifying qualified candidates.

Our bylaws permit stockholders to nominate directors for consideration at an annual meeting. The nominating and corporate governance committee will consider director candidates validly recommended by stockholders. For more information regarding the requirements for stockholders to validly submit a

Any matter intended for the Board, or for any individual member or members of our Board, should be directed to our General Counsel at 13139 Jess Pirtle Blvd., Sugar Land, TX 77478, with a request to forward the communication to the intended recipient or recipients. In general, any stockholder communication delivered to our General Counsel for forwarding to our Board or specified Board member or members will be forwarded in accordance with the stockholder's instructions. However, our General Counsel reserves the right not to forward to Board members any abusive, threatening or otherwise inappropriate materials.

Director Attendance at Annual Meetings

We do not have a formal policy regarding Board members attendance at the annual meeting, but all members of our Board are encouraged to attend the annual meeting of stockholders. We attempt to schedule our annual meeting of stockholders at a time and date to accommodate attendance by members of our Board taking into account the directors' schedules. Three of our directors attended our 2018 Annual Meeting of Stockholders.

Code of Business Conduct and Ethics and Committee Charters

We have adopted a Code of Business Conduct and Ethics (the "Code"), that applies to all of our employees, officers and directors. The Code is available on the investor relations portion of our website at www.ao-inc.com. A printed copy of the Code may also be obtained by any stockholder free of charge upon request to the Corporate Secretary, Applied Optoelectronics, Inc., 13139 Jess Pirtle Blvd., Sugar Land, TX 77478. Any substantive amendment to or waiver of any provision of the Code may be made only by the Board, and will be disclosed on our website to the extent required.

Our Board has also adopted a written charter for each of the audit committee, the compensation committee and the nominating and corporate governance committee. Each charter is available on the investor relations portion of our website at www.ao-inc.com.

Compensation Committee Interlocks and Insider Participation

None of our executive officers serves as a member of our compensation committee or any other committee serving an equivalent function of any other entity that has one or more of its executive officers serving as a member of our Board or compensation committee.

Risk Assessment of Compensation Programs

We do not believe that our compensation programs create risks that are reasonably likely to have a material adverse effect on our company. We believe that the combination of different types of compensation as well as the overall amount of compensation, together with our internal controls and oversight by the Board, mitigates potential risks.

Policy on Audit Committee Pre-approval of Audit and Non-audit Services Performed by Independent Registered Public Accounting Firm

The audit committee has determined that all services performed by Grant Thornton for the fiscal years ended December 31, 2018 and 2017 were compatible with maintaining the independence of Grant Thornton. While the audit committee does not have a written policy with respect to the pre-approval of audit and non-audit services, in practice, it is the consistent policy of the audit committee to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Unless the specific service has been pre-approved with respect to that year, the audit committee must approve the permitted service before the independent registered public accounting firm is engaged to perform it. The independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval process.

Vote Required and Board of Directors Recommendation

The affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting is required for approval of this proposal. Abstentions and broker non-votes are not treated as votes cast, and therefore will have no effect on the advisory vote. Because your vote is advisory, it will not be binding on the Board or the Company. Your bank or broker will have discretion to vote any uninstructed shares on this proposal.

Table of Contents

If the stockholders do not approve the ratification of Grant Thornton as our independent registered public accounting firm, the audit committee will review its future selection in light of the vote result, but may still appoint Grant Thornton in the future. Even if the selection is ratified, the audit committee in its discretion may appoint a different registered public accounting firm at any time during the year if the committee determines that such change would be appropriate.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019.

**PROPOSAL NO. 3
ADVISORY VOTE ON OUR EXECUTIVE COMPENSATION**

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, and related rules of the SEC, we are providing stockholders an advisory vote, or say-on-pay vote, on the compensation of our named executive officers. At our 2018 annual meeting of stockholders, 91% of votes cast voted in favor of our executive compensation program and the plurality of votes cast supported annual say-on-pay votes, therefore, we plan to hold annual say-on-pay votes until our next say-on-frequency vote at our 2024 annual meeting of stockholders.

The say-on-pay vote is a non-binding vote on the compensation of our named executive officers as described in this Proxy Statement in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation and accompanying narrative disclosure. The say-on-pay vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement.

In connection with this proposal, you are encouraged to carefully review the Compensation Discussion and Analysis section as well as the information contained in the compensation tables and accompanying narrative disclosure contained in this Proxy Statement. As described more fully in the Compensation Discussion and Analysis section, our compensation philosophy, policies and practices seek to pay for performance and align stockholder and executive interests. Consistent with that philosophy, the compensation committee of the Board believes our executive compensation program is reasonable and aligned with stockholder interests.

The Board recommends that you vote in favor of the following advisory resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in the Proxy Statement for this Annual Meeting pursuant to Rule 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and accompanying narrative disclosure, is hereby approved."

The vote on this proposal is advisory and nonbinding on the Company. However, the Board and the compensation committee will consider the outcome of the vote when making future compensation decisions regarding our named executive officers.

Vote Required and Board of Directors Recommendation

The affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting is required to approve this Proposal No. 3.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF OUR EXECUTIVE COMPENSATION AS DESCRIBED IN THIS PROXY STATEMENT.

Finally, it analyzes how and why the compensation committee arrived at the specific compensation decisions for our executive officers, including our named executive officers, for 2018, including the key factors that it considered in determining their compensation.

Executive Summary

Who We Are

We are a leading, vertically integrated provider of fiber-optic networking products, primarily for four networking end-markets: internet data center, cable television, telecommunications, and fiber-to-the-home. We design and manufacture a range of optical communications products at varying levels of integration, from components, subassemblies and modules to complete turn-key equipment.

2018 Executive Compensation Highlights

Based on our overall operating environment, the compensation committee took the following key actions with respect to the compensation of our named executive officers for 2018:

Base Salary Approved annual base salary increases ranging from 10.0% to 22.0% (which percentage, solely with respect to Mr. Yeh, is calculated based on his base salary as denominated in NTD (New Taiwan dollars) and RMB (Chinese Yuan Renminbi) on the date the increase was approved), including a base salary increase of 10.0% for our CEO.

Annual Cash Bonuses Approved annual performance-based cash bonuses under the 2018 Cash Incentive Plan ranging from 100% to 109% of their target annual cash bonus opportunities, including an annual cash bonus for our CEO in the amount of \$338,869, equal to 100% of his target annual cash bonus opportunity.

Long-Term Incentive Compensation Granted long-term incentive compensation opportunities in the form of time-based restricted stock unit awards that may be settled for shares of our common stock in amounts with grant date fair values ranging from approximately \$426,707 to approximately \$3,809,880, including a restricted stock unit award for our CEO with a grant date fair value of approximately \$3,809,880.

Edgar Filing: APPLIED OPTOELECTRONICS, INC. - Form DEF 14A

Pay-for-Performance Analysis

We believe our executive compensation program is reasonable, competitive, and appropriately balances the goals of attracting, motivating, rewarding, and retaining our executive officers with the goal of aligning their interests with those of our stockholders. To ensure this alignment and to motivate and reward individual initiative and effort, a substantial portion of our executive officers' target annual total direct compensation opportunity is both variable in nature and "at-risk."

We emphasize variable compensation that appropriately rewards our executive officers, including our named executive officers, through two separate compensation elements:

First, we provide the opportunity to participate in our annual performance-based cash bonus plan which provides cash payments if they produce short-term financial, operational, and strategic results that meet or exceed the objectives set forth in each year in our annual operating plan.

In addition, we grant equity awards (the size of which depend on the Company achieving certain performance targets and each executive officer achieving certain performance targets), which comprise a majority of their target total direct compensation opportunities, the value of which depends entirely on the value of our common stock, thereby incentivizing them to build sustainable long-term value for the benefit of our stockholders.

These variable pay elements ensure that, each year, a substantial portion of our executive officers' total compensation is contingent (rather than fixed) in nature, with the amounts ultimately payable subject to variability above or below target levels commensurate with our actual performance.

The pay mix received by our CEO and our other named executive officers during 2018 reflected this "pay-for-performance" design:

Executive Compensation Policies and Practices

We endeavor to maintain sound governance standards consistent with our executive compensation policies and practices. The compensation committee evaluates our executive compensation program on a regular basis to ensure that it is consistent with our short-term and long-term goals given the dynamic nature of our business and the market in which we compete for executive talent. The following summarizes our executive compensation and related policies and practices:

Table of Contents

Executive Compensation Philosophy

Our executive compensation program is guided by our overarching philosophy of paying for demonstrable performance. Consistent with this philosophy, we have designed our executive compensation program to achieve the following primary objectives:

Provide compensation and benefit levels that will attract, retain, motivate, and reward a highly-talented team of executive officers within the context of responsible cost management;

Establish a direct link between our financial and operational results and strategic objectives and the compensation of our executive officers; and

Align the interests and objectives of our executive officers with those of our stockholders by linking the long-term incentive compensation opportunities to stockholder value creation and their cash incentives to our annual performance.

Program Design

We structure the annual compensation of our executive officers, including the named executive officers, using three principal elements: base salary, annual performance-based cash bonus opportunities, and long-term incentive compensation opportunities in the form of equity awards. While the pay mix may vary from year to year, the ultimate goal is to achieve our compensation objectives as described above.

The design of our executive compensation program is influenced by a variety of factors, with the primary goals being to align the interests of our executive officers and stockholders and to link pay with performance. We evaluate performance based on our financial and operational performance, including results for certain key performance measures and our total return to stockholders over time, both on an absolute basis and a relative basis. We do not have a specific policy on the percentage allocation between short-term and long-term compensation elements.

Governance of Executive Compensation Program

Role of the Compensation Committee

The compensation committee discharges many of the responsibilities of the Board relating to the compensation of our executive officers, including our named executive officers. The compensation committee has overall responsibility for overseeing our compensation and benefits policies generally, and overseeing and evaluating the compensation plans, policies, practices, and risks applicable to our CEO as well as our other executive officers. The compensation committee makes all final decisions regarding the compensation of our CEO and our other executive officers. In 2017 and 2018, the compensation committee retained a compensation consultant (as described below) to provide support in its review and assessment of our executive compensation program.

Compensation-Setting Process

The compensation committee evaluates and establishes the target total direct compensation opportunities for our executive officers, including our named executive officers. The compensation committee does not use a single method or measure in making its decisions, nor does it establish specific targets for the total direct compensation opportunities of our executive officers.

When formulating its recommendations for the amount of each compensation element and approving each compensation element and the target total direct compensation opportunity for our executive officers, the compensation committee considers the following factors:

our performance against the financial and operational objectives established by the Board;

Table of Contents

each individual executive officer's skills, experience and qualifications relative to other similarly-situated executives at the companies in our compensation peer group;

the scope of each executive officer's role compared to other similarly-situated executives at the companies in our compensation peer group;

the performance of each individual executive officer, based on a subjective assessment of his or her contributions to our overall performance, ability to lead his or her business unit or function and work as part of a team, all of which reflect our core values;

compensation parity among our executive officers;

our financial performance relative to our peers;

the compensation practices of our compensation peer group and the positioning of each executive officer's compensation in a ranking of peer company compensation levels; and

the recommendations provided by our CEO with respect to the compensation of our other executive officers.

These factors provide the framework for compensation decision-making and final decisions regarding the compensation opportunity for each executive officer. No single factor is determinative in setting pay levels, nor was the impact of any factor on the determination of pay levels quantifiable.

Role of Chief Executive Officer

In discharging its responsibilities, the compensation committee works with members of our management, including our CEO. Our management assists the compensation committee by providing information on corporate and individual performance, market compensation data and management's perspective on compensation matters. The compensation committee solicits and reviews our CEO's recommendations and proposals with respect to adjustments to annual cash compensation, long-term incentive compensation opportunities, program structures and other compensation-related matters for our executive officers (other than with respect to his own compensation).

The compensation committee reviews and discusses these recommendations and proposals with our CEO and considers them as one factor in determining the compensation for our executive officers, including our named executive officers. Our CEO recuses himself from all discussions and recommendations regarding his own compensation.

Role of Compensation Consultant and 2018 Performance

In 2017, the compensation committee engaged an external compensation consultant, Compensia, Inc., a national compensation consulting firm ("Compensia"), to assist the committee by providing information, analysis and other advice relating to our executive compensation program and the decisions resulting from its annual executive compensation review. In early 2018, Compensia advised the compensation committee on executive compensation matters, including by providing a review and analysis of competitive market pay practices for our executive officers, and data analysis and selection of our the compensation peer group.

During 2018, the Company experienced a number of unforeseeable events. Specifically, our revenue decreased by approximately 30.0% over the prior year, which was driven primarily by one of our key customers reducing its demand for our products, which we believe was due to changes in the way that customer architects its network. Additionally, in the third quarter of 2018, we decreased shipments of our 100 Gbps transceiver products to one of our key customers due to that customer's concerns about failures of similar products shipped previously. We conducted extensive testing of our products with the goal of demonstrating that any potentially affected units could be nearly eliminated in future shipments. During the time that this issue was being investigated, production activity was reduced as resources were

Table of Contents

redirected to efforts to identify the root cause of any failures observed, and in order to avoid manufacturing products that could not be proven to meet acceptable quality standards.

As a result, the compensation committee held several meetings in October and November 2018 to discuss whether the metrics by which they would evaluate the Company's performance for the purposes of the annual performance-based cash bonuses and long-term equity incentive awards for 2018 were still effective. The compensation committee determined that if the 2018 awards were based on the original performance metrics, retention would become a critical problem, therefore it could be appropriate to adjust the revenue and adjusted operating income performance metrics (as discussed in detail below) used for determining the annual cash bonuses and long-term equity incentive awards for 2018 given the unforeseeable events described above, and retained Compensia to review the proposed modifications and provide insights.

Compensia reviewed the compensation committee's proposed modifications to the Company's cash and equity incentive compensation measures and provided two detailed reports one report comparing the Company's executive cash compensation program, with and without the proposed modifications, against our peer companies' executive compensation programs, and one report comparing our executive long-term equity compensation program, with and without the proposed modifications, against our peer companies' executive compensation programs. Compensia determined that:

The total executive cash compensation for our executive officers, without the proposed modifications, would be significantly below the 10th percentile relative to our peer group;

The total executive compensation program, without the proposed modifications, would be significantly below the 10th percentile relative to our peer group; and

The average total executive compensation package for our executive officers, with the proposed modifications, would remain below the 10th percentile relative to our peer group.

The compensation committee determined that given that: (1) our executive officers would be significantly underpaid in comparison to their counterparts at our peer companies if we retained the executive compensation program without the proposed modifications; (2) the executive compensation package for each executive, with the proposed modifications, remains significantly below the 50th percentile relative to our peer group; and (3) the Company's executive compensation program already depends significantly on equity compensation to better align the executive officers' interests with those of our stockholders, it was appropriate to adopt adjusted metrics for our cash and equity incentive executive compensation for 2018, as discussed further below. In order to keep the adjusted metrics aligned with our performance, the compensation committee eliminated the aggregate "maximum" payout level for the performance-based cash bonuses for 2018 and equity incentive compensation awards for 2018 performance, however all award payouts remained subject to the discretion of the compensation committee.

Compensia reports directly to the compensation committee and to the compensation committee chair. While Compensia coordinates with our management for data collection, including for obtaining the job descriptions for our executive officers, Compensia does not provide any other services to us. The compensation committee has evaluated Compensia's independence pursuant to the listing standards of NASDAQ and the relevant SEC rules and has determined that no conflict of interest has arisen as a result of the work performed by Compensia.

Competitive Positioning

For purposes of comparing our executive compensation against the competitive market, the compensation committee reviews and considers the compensation levels and practices of a group of peer companies. This compensation peer group consists of technology companies that are similar to us in terms of revenue, market capitalization, geographical location and number of employees.

Table of Contents

The compensation committee reviews our compensation peer group every other year (unless there have been significant changes to either our business model or market capitalization) and makes adjustments to its composition if warranted, taking into account changes in both our business and the businesses of the companies in the peer group.

With respect to 2018 compensation decisions, the compensation committee used the following compensation peer group to assist with the determination of compensation for our executive officers:

Acacia Communications	Lattice Semiconductor
ADTRAN	M/A-COM
Axcelis Technologies	MaxLinear
CalAmp	Nanometrics
Calix	NeoPhotonics
Cohu	Oclaro
EMCORE	Semtech
Inphi	Silicon Laboratories
IXYS	Xperi

The compensation committee uses data drawn from our compensation peer group, as well as data provided by Compensia when they were retained in 2017 as our compensation consultant, including a Compensia executive compensation survey, to evaluate the competitive market when determining the total direct compensation packages for our executive officers, including base salary, target annual performance-based cash bonus opportunities, and long-term incentive compensation opportunities. The Compensia proprietary survey was composed of hardware technology companies with a median revenue of \$400 million and a median market capitalization of \$1 billion.

Table of Contents*Base Salary*

Base salary represents the fixed portion of the compensation of our executive officers and is an important element of compensation intended to attract and retain highly-talented individuals.

The compensation committee reviews and determines adjustments to the base salaries for each of our executive officers as part of its annual executive compensation review. In addition, the base salaries of our executive officers may be adjusted by the compensation committee in the event of a promotion or significant change in responsibilities.

Generally, the compensation committee determines base salaries with reference to the competitive range of the market median of our compensation peer group and applicable executive compensation survey data, and after considering the factors described in "Governance of Executive Compensation Program Compensation-Setting Process" above. Although we set base salaries within a competitive range of the market median, the actual positioning will also be based on the compensation committee's assessment of the factors described in the section referenced above.

In February 2018, after considering the factors described in "Governance of Executive Compensation Program Compensation-Setting Process" above, including each individual executive officer's performance, skills, experience and qualifications, and the current scope of his role, the compensation committee determined to increase the base salaries of our executive officers as follows:

Named Executive Officer	2017 Base Salary ⁽¹⁾	2018 Base Salary ⁽¹⁾
Chih-Hsiang (Thompson) Lin	\$ 462,094	\$ 508,303
Stefan J. Murry	\$ 296,044	\$ 328,609
Hung-Lun (Fred) Chang	\$ 251,887	\$ 307,302
Shu-Hua (Joshua) Yeh ⁽²⁾	\$ 245,224	\$ 320,098
David C. Kuo	\$ 180,279	\$ 203,715

(1) Base salaries for each respective year are approved by the Board in February of that year. Amounts shown above reflect base salaries that took effect on March 1 of each year. Accordingly, base salary amounts shown in the Summary Compensation Table for each named executive officer reflect the first two months of the base salary set in the previous year and the last ten months of base salary in the actual year.

(2) Mr. Yeh is paid in NTD (New Taiwan dollar) and RMB (Chinese Yuan Renminbi) but, in accordance with applicable SEC rules, the amounts presented for Mr. Yeh in the table are reported in USD (United States dollar). Such amounts have been converted from NTD and RMB, as applicable, to USD, using the exchange rate on the date Mr. Yeh's base salary for the applicable fiscal year was established, which (a) for 2017, was 30.79 NTD = \$1 USD and 6.88 RMB = \$1 USD on February 21, 2017 and (b) for 2018, was 29.21 NTD = \$1 USD and 6.28 RMB = \$1 USD on February 6, 2018.

The actual base salary amounts paid to our named executive officers in 2018 are set forth in the "2018 Summary Compensation Table" below.

Annual Cash Bonuses

We use annual performance-based cash bonus opportunities to motivate our executive officers to achieve our annual financial and other business objectives. In February 2018, the compensation committee adopted the 2018 annual cash incentive plan under the Applied Optoelectronics, Inc. Executive and Key Employee Bonus Plan (the "2018 Cash Incentive Plan") to provide the opportunity for our executive officers to earn cash bonuses based on achievement of performance measures and related target levels selected and set by the compensation committee using payout formulas determined by the compensation committee and an evaluation of their individual performance. Although we consider our awards to be largely driven by the achievement of objective company performance metrics, our compensation committee does retain the discretion to make adjustments to the actual payment of the bonus awards,

Table of Contents

therefore the awards will be reported within the Bonus column of the Summary Compensation Table below.

Target Annual Cash Bonus Opportunities

For purposes of the cash incentive plan, cash bonuses were based upon an eligible percentage of each participant's base salary within a range of target incentive opportunities. The target annual cash bonus opportunities for our executive officers were determined by the compensation committee and were expressed as a percentage of their annual base salary. The determination of target annual cash bonus opportunities was based on the factors described in "Governance of Executive Compensation Program Compensation-Setting Process" above.

Originally, the target annual cash bonus opportunities for our named executive officers for 2018 were as follows:

Named Executive Officer	Threshold (as a percentage of annual base salary)	Target (as a percentage of annual base salary)	Maximum (as a percentage of annual base salary)
Chih-Hsiang (Thompson) Lin	33.33%	66.67%	100%
Stefan J. Murry	19.17%	38.33%	57.5%
Hung-Lun (Fred) Chang	19.17%	38.33%	57.5%
Shu-Hua (Joshua) Yeh	19.17%	38.33%	57.5%
David C. Kuo	16.67%	33.33%	50%

In November 2018, the compensation committee set revised target annual cash bonus opportunities for our executive officers for 2018 when it revised the revenue and adjusted operating income performance measures, as mentioned below. The compensation committee determined that the percentage of salary that each officer could receive as a potential bonus award should not be modified at the threshold and target levels, but given the unexpected environment that we were operating within for 2018, a maximum bonus award based on our company's performance should no longer be available to the officers. The revised annual cash bonus opportunities of our named executive officers for 2018 were as follows:

Named Executive Officer	Threshold (as a percentage of annual base salary)	Target (as a percentage of annual base salary)	Maximum (as a percentage of annual base salary)
Chih-Hsiang (Thompson) Lin	33.33%	66.67%	N/A
Stefan J. Murry	19.17%	38.33%	N/A
Hung-Lun (Fred) Chang	19.17%	38.33%	N/A
Shu-Hua (Joshua) Yeh	19.17%	38.33%	N/A
David C. Kuo	16.67%	33.33%	N/A

Following the compensation committee's adoption of the revised revenue and adjusted operating income performance metrics and the elimination of the aggregate "maximum" payout level for the performance-based cash bonuses for 2018, all award payouts remained subject to the discretion of the compensation committee, and the compensation committee reserved the discretion to award cash bonus payments that were above or below the level of attainment of the corporate performance objectives. The minimal adjustments that were made to only two of our named executive officer's 2018 bonus awards are detailed below.

Table of ContentsCorporate Performance Objectives

Typically, the compensation committee establishes one or more corporate financial metrics tied to our annual operating plan as the principal measures for determining each executive officer's annual cash incentive bonus. For 2018, consistent with our business strategy, the compensation committee established revenue and adjusted operating income as the principal corporate financial metrics. These adjusted measures more clearly highlight the results of core ongoing operations. For this purpose, "adjusted operating income" was defined to mean operating income as defined under generally accepted accounting principles before incentive cash bonuses and related taxes. Each measure was to be equally weighted.

Originally, the compensation committee set the threshold, target, and maximum performance levels for the corporate performance measures as follows:

Performance Measure	Threshold Performance Level	Target Performance Level	Maximum Performance Level
Revenue	\$ 342,000,000	\$ 380,000,000	\$ 399,000,000
Adjusted Operating Income	\$ 64,000,000	\$ 76,000,000	\$ 82,000,000

In November 2018, the compensation committee revised the revenue and adjusted operating income performance measures. The revised threshold and target performance levels for the corporate performance measures were set as follows:

Performance Measure	Threshold Performance Level	Target Performance Level	Maximum Performance Level
Revenue	\$ 242,000,000	\$ 269,000,000	N/A
Adjusted Operating Income	\$ 12,000,000	\$ 18,000,000	N/A

For purposes of the revised 2018 cash incentive plan, no annual cash bonus payment was to be earned for a performance measure if the actual performance for that measure was below the threshold level set forth above. In addition, annual cash bonus payments for performance between the threshold and target performance levels were to be calculated using straight-line interpolation. Finally, annual cash bonus payments were to be calculated as the sum of the amounts earned for each of the two performance measures.

Individual Performance Objectives

In addition to the corporate performance objectives described above, the individual annual cash bonus payments for our executive officers are based, in part, on an evaluation of their individual performance for the year. Generally, this evaluation comprises, in the case of our CEO, an evaluation of his performance by the compensation committee and, in the case of our other executive officers, an evaluation by our CEO, as well as a "360" review by each individual's peers and a self-evaluation. These evaluations are based on a variety of quantitative and qualitative factors as determined by our CEO and, in the case of our CEO's evaluation, by the compensation committee based on their role and responsibilities for us and their contributions to our overall corporate financial, operational and strategic objectives for the year as established by the Board.

Table of ContentsAnnual Cash Bonus Payments

In February 2019, the compensation committee determined that, for 2018, we generated revenue of \$268.4 million and adjusted operating income of \$18.4 million, resulting in a payment percentage at the target level set forth above for our executive officers.

The compensation committee then reviewed the performance evaluations for each of our executive officers to determine whether to make any adjustments to the tentative annual cash bonus payments calculated on the basis of our actual performance against the corporate performance objectives. In conducting this review, the compensation committee took into consideration its own observations with respect to the performance of each executive officer during the year, particularly with respect to our CEO. After considering the performance of each named executive officer against his individual performance objectives, the compensation committee determined not to make any adjustments to their tentative annual cash bonus payments, with the exception of the annual cash bonus payments for Messrs. Murry and Yeh, who received an additional 9% for their performance during 2018. The compensation committee approved the following actual cash bonus payments for our named executive officers for 2018:

Named Executive Officer	Target Cash Bonus Opportunity (\$)	Actual Cash Bonus Earned	Actual Cash Bonus (as a percentage of the target cash bonus opportunity)
Chih-Hsiang (Thompson) Lin	\$ 338,869	\$ 338,869	100%
Stefan J. Murry	\$ 125,967	\$ 136,920	109%
Hung-Lun (Fred) Chang	\$ 117,799	\$ 117,799	100%
Shu-Hua (Joshua) Yeh ⁽¹⁾	\$ 122,704	\$ 125,380	109%
David C. Kuo	\$ 67,905	\$ 67,905	100%

(1)

As noted above, the cash bonus amounts presented for Mr. Yeh have been converted from NTD (New Taiwan dollar) and RMB (Chinese Yuan Renminbi), as applicable, to USD (United States dollar), (a) for the "Target Cash Bonus Opportunity" column, using the exchange rate on February 6, 2018, the date which the target bonus was established, which was 29.21 NTD = \$1 USD and 6.28 RMB = \$1 USD and (b) for the "Actual Cash Bonus Earned" column, using the exchange rate on February 12, 2019, the date which actual bonus earned was approved by the compensation committee which was 30.81 NTD = \$1 USD and 6.77 RMB = \$1 USD.

Long-Term Incentive Compensation

We view long-term incentive compensation in the form of equity awards as a critical element of our executive compensation program. The realized value of these equity awards bears a direct relationship to our stock price, and, therefore, these awards are an incentive for our executive officers to create value for our stockholders. Equity awards also help us retain qualified executive officers in a competitive market.

Long-term incentive compensation opportunities in the form of equity awards are granted by the compensation committee. The amount and forms of such equity awards are determined by the compensation committee after considering the factors described in "Governance of Executive Compensation Program Compensation-Setting Process" above. The amounts of the equity awards are also intended to provide competitively-sized awards and resulting target total direct compensation opportunities within a competitive range of the market median relative to our compensation peer group for similar roles and positions for each of our executive officers, taking into consideration the factors described in the preceding sentence.

Prior to the company's initial public offering, it was our practice to grant stock option awards to our executive officers. Once we became a public company we transitioned our equity compensation program to grant restricted stock awards to our executive officers, more consistent with our public peers, however we were granting restricted stock units to our non-executive officer employees. In recent years we have again

modified our equity program to grant restricted stock unit awards to our executive officers as well in order

Table of Contents

to provide a consistent incentive to all employees and service providers receiving equity-based compensation awards. Certain of the previously granted stock option awards and restricted stock awards remain outstanding and are reflected within the Outstanding Equity Awards at 2018 Fiscal Year End below.

Awards Granted in 2018 for 2017 Performance

In February 2018, the compensation committee granted equity awards in the form of restricted stock unit ("RSU") awards that may be settled for shares of our common stock to our named executive officers pursuant to our Amended and Restated 2013 Equity Incentive Plan (the "2013 Plan"). Although we internally view these awards as being part of the 2017 compensation program for our named executive officers, the grant date of the awards did not occur until the 2018 calendar year. Therefore the equity awards that are reflected with in the compensation tables following this Compensation Discussion and Analysis will include the RSUs granted in 2018 that are intended to reward 2017 performance. The RSU awards that we intended to grant as a result of 2018 performance (but which were granted in the 2019 year) are described in the section below entitled "Awards Granted in 2019 for 2018 Performance."

With respect to the equity awards granted in February 2018, the compensation committee granted these awards upon the achievement of various corporate and individual performance objectives and the size and amount of such awards depended upon the extent that such objectives were achieved for 2017. For this purpose:

The compensation committee selected revenue and adjusted operating income as the corporate performance measures. "Adjusted operating income" was defined as described in the section entitled "Individual Compensation Elements Annual Cash Bonus Corporate Performance Objectives" above. Each measure was to be equally weighted.

The compensation committee also set the threshold, target, and maximum performance levels, and related total number of RSUs to be subject to awards (which total number of RSUs would be divided amongst all eligible persons) as follows:

Performance Measure	Threshold Performance Level	Target Performance Level	Maximum Performance Level
Revenue	\$ 302,400,000	\$ 336,000,000	\$ 352,800,000
Bonus Pool Amount (# of RSUs)	82,500	165,000	247,500
Adjusted Operating Income	\$ 50,000,000	\$ 60,000,000	\$ 65,000,000
Bonus Pool Amount (# of RSUs)	82,500	165,000	247,500
Aggregate Total Bonus Pool (# of RSUs)	165,000	330,000	495,000

No bonus pool amount (which represents the total number of RSUs that would be eligible to be granted to participants) would be earned for a performance measure if the actual performance for that measure was below the threshold level set forth above. In addition, bonus pool amounts for performance between the threshold, target, and maximum performance levels would be calculated using straight-line interpolation. Finally, the aggregate bonus pool amount would be calculated as the sum of the bonus pool amounts earned for each of the two performance measures.

In February 2018, the compensation committee determined that, for 2017, we generated revenue of \$382.3 million, resulting in a bonus pool amount of 247,500 RSUs, and adjusted operating income of \$103.9 million, resulting in a bonus pool amount of 247,500 RSUs, or a total of 495,000 RSUs that may be granted to eligible participants. The compensation committee determined that, based on our overall performance, a total of 195,536 RSUs should be allocated to our named executive officers.

Table of Contents

The compensation committee then evaluated the actual performance of each named executive officer against his individual performance objectives, after taking into consideration the performance evaluation of each named executive officer conducted by our CEO (except with respect to his own performance). After considering the performance of each named executive officer against his individual performance objectives, the compensation committee determined to grant the following RSU awards that may be settled for shares of our common stock to our named executive officers:

Named Executive Officer	Restricted Stock Units (Number of Shares)	Restricted Stock Units (Grant Date Fair Value)
Chih-Hsiang (Thompson) Lin	114,000	\$ 3,809,880
Stefan J. Murry	21,920	\$ 732,566
Hung-Lun (Fred) Chang	22,928	\$ 766,254
Shu-Hua (Joshua) Yeh	23,920	\$ 799,406
David C. Kuo	12,768	\$ 426,707

These RSU awards vest over a four-year period, with one-sixteenth of the shares of our common stock subject to the award vesting on the three-month anniversary of the vesting commencement date and one-sixteenth of the shares vesting on the first day of each succeeding three-month period, contingent upon the named executive officer remaining continuously employed by us through each applicable vesting date. In addition, the vesting of the RSU awards may be subject to acceleration upon a named executive officer's death or disability or in the event of an involuntary termination of employment in connection with a change in control of the Company.

Awards Granted in 2019 for 2018 Performance

In February 2019, the compensation committee granted equity awards in the form of RSU awards that may be settled for shares of our common stock to our named executive officers pursuant to the 2013 Plan.

Similar to the awards granted in 2018, the compensation committee granted these awards upon the achievement of various corporate and individual performance objectives and the size and amount of such awards depended upon the extent that such objectives were achieved for 2018. For this purpose:

The compensation committee selected revenue and adjusted operating income as the corporate performance measures, consistent with the descriptions in the section entitled "Individual Compensation Elements Annual Cash Bonus Corporate Performance Objectives" above. Each measure was to be equally weighted.

In November 2018, the compensation committee revised the revenue and adjusted operating income performance measures applicable to the the equity awards granted for 2018 performance, as noted above with respect to our cash bonus awards.

The compensation committee originally set the threshold, target and maximum performance levels, and the related number of RSUs to be subject to the awards (which the total number of RSUs would be divided amongst all eligible individuals). As described above, in November 2018 the threshold and target levels were modified, and the aggregate maximum level was eliminated. The

Table of Contents

table below reflects the performance levels and potential RSUs that could be granted following the November adjustments:

Performance Measure	Threshold Performance Level	Target Performance Level	Maximum Performance Level
Revenue	\$ 242,000,000	\$ 269,000,000	N/A
Bonus Pool Amount (# of RSUs)	83,500	167,000	N/A
Adjusted Operating Income	\$ 12,000,000	\$ 18,000,000	N/A
Bonus Pool Amount (# of RSUs)	83,500	167,000	N/A
Aggregate Total Bonus Pool (# of RSUs)	167,000	334,000	N/A

No pool amount (which represents the total number of RSUs that would be eligible to be granted to participants) would be earned for a performance measure if the actual performance for that measure was below the threshold level set forth above. In addition, bonus pool amounts for performance between the threshold and target performance levels would be calculated using straight-line interpolation. Finally, the aggregate bonus pool amount would be calculated as the sum of the bonus pool amounts earned for each of the two performance measures.

In February 2019, the compensation committee determined that, for 2018, we generated revenue of \$268.36 million, resulting in a bonus pool amount of 165,000 RSUs, and adjusted operating income of \$18.43 million, resulting in a bonus pool amount of 178,960 RSUs, or a total of 343,960 RSUs that could have been granted to eligible participants. However, the RSU pool was capped at 334,000 since the aggregate maximum level was eliminated. The compensation committee determined that, based on our overall performance, a total of 133,600 RSUs should be allocated to our named executive officers.

The compensation committee then evaluated the actual performance of each named executive officer against his individual performance objectives, after taking into consideration the performance evaluation of each named executive officer conducted by our CEO (except with respect to his own performance). After considering the performance of each named executive officer against his individual performance objectives, the compensation committee determined to grant the following RSU awards that may be settled for shares of our common stock to our named executive officers:

Named Executive Officer	Restricted Stock Units (Number of Shares)	Restricted Stock Units (Grant Date Fair Value)
Chih-Hsiang (Thompson) Lin	80,000	\$ 1,172,800
Stefan J. Murry	15,340	\$ 224,884
Hung-Lun (Fred) Chang	14,400	\$ 211,104
Shu-Hua (Joshua) Yeh	15,340	\$ 224,884
David C. Kuo	8,520	\$ 124,903

Although the number of RSUs eventually granted to any named executive officer will depend upon the results of the previous year's performance, the individual does not receive RSU awards until the year following the performance year, therefore equity awards are generally

reported for the year in which they are granted, rather than for the year to which the performance goals were applicable. As a result of the grant date for these awards, the RSUs granted in 2019 will not be reflected within any of the compensation tables that follow this Compensation Discussion and Analysis but are still considered a part of our 2018 compensation program for named executive officers.

Table of Contents

In March 2019 we made a change to our long-term equity program. The compensation committee will now target pre-determined dollar values of equity awards rather than dividing up a pool of RSUs. However, because the awards will still be determined following the achievement of 2019 performance metrics, the awards will continue to be granted in the year following the year to which performance relates, and the equity program in place for the 2019 year will still result in awards being granted in the 2020 year.

Welfare and Health Benefits

Our executive officers, including our named executive officers, are eligible to receive the same type employee benefits that are generally available to all our full-time employees, subject to the satisfaction of certain eligibility requirements. These health and welfare benefits include medical, vision and dental benefits, life insurance benefits, and short-term and long-term disability insurance. The life insurance policies that we maintain for our named executive officers provide for the payment of a benefit in an amount not to exceed five times their annual base salary, but in no event more than \$750,000.

In addition, we maintain a tax-qualified Section 401(k) savings plan that permits our employees, including our executive officers, with the opportunity to save for retirement on a tax-advantaged basis. All participant interests in their contributions are fully vested when contributed. Currently, we match 100% of the first 4% of the contributions made by participants in the Section 401(k) savings plan. Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. This savings plan is intended to qualify under Sections 401(a) and 501(a) of the Code.

In structuring these benefit programs, we seek to provide an aggregate level of benefits that are comparable to those provided by similar companies.

Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide significant perquisites or other personal benefits to our executive officers, including our named executive officers, except as generally made available to our employees, or in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective and for recruitment and retention purposes. During 2018, none of our named executive officers received perquisites or other personal benefits that were, in the aggregate, \$10,000 or more for each individual, except that we provide for the personal use of a Company car by our CEO.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as those described in the preceding paragraph. All future practices with respect to perquisites or other personal benefits will be approved and subject to review by the compensation committee.

Employment Agreements

We have entered into written employment agreements with our CEO and our other named executive officers. In filling each of our executive positions, we recognized the need to develop competitive compensation packages to attract qualified candidates in a dynamic labor market. At the same time, in formulating these compensation packages, we were sensitive to the need to integrate new executive officers into the executive compensation structure that we were seeking to develop, balancing both competitive and internal equity considerations. Each of these arrangements provides for "at will" employment.

These employment arrangements also provide for certain payments and benefits in the event of certain qualifying terminations of employment, including a termination of employment following a change in control of the Company. These post-employment compensation terms are discussed in "Post-Employment Compensation" below.

Table of Contents

For detailed descriptions of the employment arrangements we maintained with our named executive officers for 2018, see "Potential Payments Upon Termination or Change in Control" below.

Post-Employment Compensation Arrangements

Each of the employment agreements with our CEO and our other named executive officers provides for certain payments and benefits in the event of certain qualifying terminations of employment (including death or disability), as well as a termination of employment following a change in control of the Company. We believe that having in place reasonable and competitive post-employment compensation arrangements are essential to attracting and retaining highly-qualified executive officers. These arrangements are designed to provide reasonable compensation to executive officers who leave our employ under certain circumstances to facilitate their transition to new employment. Further, in some instances we seek to mitigate any potential employer liability and avoid future disputes or litigation by requiring a departing executive officer to sign a separation and release agreement acceptable to us as a condition to receiving post-employment compensation payments or benefits.

The compensation committee does not consider the specific amounts payable under these post-employment compensation arrangements when establishing annual compensation. We do believe, however, that these arrangements are necessary to offer compensation packages that are competitive.

We believe that these arrangements are designed to align the interests of our executive officers and our stockholders when considering our long-term future. The primary purpose of these arrangements is to keep our most senior executive officers focused on pursuing all corporate transaction activity that is in the best interests of our stockholders regardless of whether those transactions may result in their own job loss. Reasonable post-acquisition payments and benefits should serve the interests of both the executive officer and our stockholders.

All payments and benefits in the event of a change in control of the Company are payable only if there is a subsequent loss of employment by a named executive officer (a so-called "double-trigger" arrangement). In the case of the acceleration of vesting of outstanding equity awards, we use this double-trigger arrangement to protect against the loss of retention value following a change in control of the Company and to avoid windfalls, both of which could occur if vesting of either equity or cash-based awards accelerated automatically as a result of the transaction.

For detailed descriptions of the post-employment compensation arrangements we maintained with our named executive officers for 2018, as well as an estimate of the potential payments and benefits payable under these arrangements, see "Potential Payments Upon Termination or Change in Control" below.

Other Compensation Policies and Practices

Policies on Hedging and Pledging

Our insider trading policy provides as follows:

Short-sales of our equity securities, as well as transactions in puts, calls, or other derivative securities involving our common stock, on an exchange or in any other organized market, by our employees, including our executive officers, and the non-employee members of the Board are prohibited;

Hedging or monetization transactions involving our equity securities, such as zero-cost collars and forward sale contracts, by our employees, including our executive officers, and the non-employee members of the Board are prohibited unless pre-approved by our 10b5-1 committee; and

Table of Contents

Holding our equity securities in a margin account or pledging our securities as collateral for a loan by our employees, including our executive officers, and the non-employee members of the Board are prohibited unless pre-approved by our 10b5-1 committee.

Clawback Policy

One of the objectives of our compensation program is to make a substantial portion of compensation dependent on our overall financial performance. We have a Clawback Policy in which we may seek the recovery or forfeiture of incentive compensation paid by us, including cash, equity or equity-based compensation in the event we restate our financial statements under certain circumstances. The Clawback Policy applies to our Section 16 officers, any employee who was eligible to receive incentive compensation and whose conduct contributed to the need for a restatement and any other former Section 16 officer or other employee who contributed to the need for a restatement.

Stock Ownership Guidelines

To further align the interests of senior management and stockholders, we adopted stock ownership guidelines in 2018 that require our executive officers and non-employee directors to own minimum amounts of the Company's common stock. The minimum levels of stock ownership for our executive officers are as follows:

Officer Level	Ownership Guideline
Chief Executive Officer	5x annual base salary
Chief Financial Officer	2x annual base salary
Senior Vice President	2x annual base salary
Vice President	1x annual base salary

Directors who are not also executive officers of the Company are required to hold shares of the Company's common stock with a value equal to three times the amount of the annual retainer paid to directors. Stock ownership levels must be achieved by each executive officer and director within five years of the adoption of the guidelines or within five years of the individual's first appointment as an executive officer or director, as applicable, whichever is later. Until the applicable stock ownership guideline is achieved, individuals are encouraged to retain an amount equal to 50% of the net shares obtained through the Company's stock incentive plans. Stock that counts toward satisfaction of the guidelines includes: (i) shares of common stock owned directly by the executive officer or director; (ii) shares of common stock owned indirectly by the executive officer or director (e.g, by a spouse or other immediate family member residing in the same household or a trust for the benefit of the executive officer or director or his or her family), whether held individually or jointly; (iii) shares of common stock held under the Company's employee stock purchase plan; (iv) shares granted under the Company's long-term incentive plans; (v) shares represented by amounts invested in the Company's 401(k) plan; and (vi) shares purchased in the open market. As of the date of this filing all of our executive officers and directors are still within the five year transition period for the guidelines.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Section 162(m) of the Code places restrictions on the deductibility of executive compensation paid by public companies. Prior to 2018, we could not deduct compensation paid to certain named executive officers in excess of \$1,000,000 unless the compensation met the definition of "performance-based compensation" pursuant to Section 162(m) of the Code. In prior years, in making compensation

Table of Contents

recommendations, the compensation committee considered the potential effects of Section 162(m) of the Code on the compensation paid to our applicable named executive officers.

In December 2017, Section 162(m) of the Code was modified by the Tax Cuts and Jobs Act to delete the exception for performance-based compensation over the \$1,000,000 limit, thus decisions relating to the 2018 year were not impacted by deduction considerations under Section 162(m) of the Code. Nevertheless, our compensation committee will continue to consider the pay-for-performance alignment of the Company's executive compensation program in making its compensation determinations.

Accounting for Stock-Based Compensation

We follow the Financial Accounting Standard Board's Accounting Standards Codification Topic 718 ("FASB ASC Topic 718") for our stock-based compensation awards. FASB ASC Topic 718 requires us to measure the compensation expense for all share-based payment awards made to our employees and non-employee members of the Board, including restricted stock awards that may be settled for shares of our common stock and other stock and option awards, based on the grant date "fair value" of these awards. This calculation is performed for accounting purposes and reported in the executive compensation tables required by the federal securities laws, even though the recipient of the awards may never realize any value from their awards.

- (1) Includes amounts earned but deferred at the election of the named executive officers, such as salary deferrals under our 401(k) plan established under Section 401(k) of the Internal Revenue Code of 1986, as amended. Also includes accrued but unused vacation amounts that were paid in cash for the 2018 year.
- (2) Amounts in this column reflect bonuses earned pursuant to our annual cash incentive plan for the applicable year, which amounts are subject entirely to the discretion of the compensation committee. The performance metrics and targets for these awards are described in the section titled "Compensation Discussion and Analysis" above.
- (3) The compensation committee makes equity grants in the spring in consideration of the prior year's performance, however, the committee neither preestablishes individual performance metrics and targets, nor communicates metrics and targets to our executive officers, and if an executive officer were to depart prior to the date the compensation committee makes equity grants in the spring, the executive officer would not be entitled to a grant, therefore, grants are reported in the year they are made. The amounts above represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of restricted stock unit awards granted in the applicable year, disregarding the estimate of time-based forfeitures. The assumptions used in calculating the grant date fair value of the restricted stock units reported in Note M to the consolidated financial statements included in our Annual Report. The amounts reported in this column reflect the accounting cost for these restricted stock units and do not correspond to the actual economic value that may be received by the named executive officers for the restricted stock units.
- (4) Includes life insurance premiums paid by us for the benefit of the named executive officers, any 401(k) matching contributions or foreign pension benefits made by the Company on behalf of the executive officers and any patent or other bonuses/lottery winnings, and housing and meal expenses for certain executives. The 401(k) matching contributions for each executive in the 2018 year were as follows: for each of Messrs. Lin, Murray and Chang \$10,800 and for Mr. Kuo, \$10,347. The foreign pension benefits made by the Company on behalf of Mr. Yeh was \$3,583. In addition, the cost of personal use of a Company provided car is included for our CEO. The amount is determined based on the cost of the lease of the corporate car related to the proportion of mileage the car was driven for non-business trips. Mr. Yeh also received a housing allowance of \$14,220 during the 2018 year.
- (5) The amounts shown for Mr. Yeh for 2018 have been converted from NTD (New Taiwan dollars) and RMB (Chinese Yuan Renminbi), as applicable, to USD (United States dollars), using the exchange rate on December 31, 2018, which was 30.58 NTD = \$1 USD and 6.88 RMB = \$1 USD, respectively. For 2017 the amounts have been converted from NTD (New Taiwan dollars) and RMB (Chinese Yuan Renminbi), as applicable, to USD (United States dollars), using the exchange rate on December 31, 2017, which was 29.76 NTD = \$1 USD and 6.53 RMB = \$1 USD, respectively.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table*Base Salary*

Each of our named executive officers is paid a base salary reflecting his skill set, experience, role and responsibilities. The base salary of our named executive officers is subject to adjustment by our Board or our compensation committee.

Cash Bonuses

Each named executive officer is eligible to receive an annual performance-based cash bonus based on achievement of individual performance goals and Company goals, determined by our compensation committee at the beginning of each year.

As soon as practical after the year is completed, our compensation committee reviews actual performance against the stated Company performance goals and individual performance goals established by our compensation committee at the beginning of the previous year and determines what it believes to be the appropriate level of cash bonus, if any, for the named executive officers. For 2018, the Company goals and objectives primarily related to 2018 revenue and adjusted operating income. Individual goals were based on each person's specific expertise and experience.

Subject to the revisions to our performance metrics, as discussed above, in February 2019, our compensation committee reviewed the performance of the Company against the revised 2018 performance metrics and the performance of each individual executive against the 2018 individual metrics and elected to pay bonuses to the named executive officers. The amounts awarded to each named executive officer for 2018 performance are set forth in the Summary Compensation Table in the column entitled "Bonus."

Equity-based compensation

We use equity awards in the form of service-based restricted stock units (RSUs) to ensure that our executive officers, including the named executive officers, have a continuing stake in our long-term success. We structure our long-term incentive compensation in the form of equity awards because we believe that if our executive officers own shares of our common stock with values that are significant to them, they will have an incentive to act to maximize longer-term stockholder value instead of short-term gain. We also

Table of Contents

believe that equity awards are an integral component of our efforts to attract exceptional executive officers, senior management and employees.

On February 6, 2018, our Board granted the following number of RSUs to our named executive officers: (i) 114,000 to Dr. Lin, (ii) 21,920 to Dr. Murry, (iii) 22,928 to Dr. Chang, (iv) 23,920 to Mr. Yeh and (v) 12,768 to Mr. Kuo.

Each of the RSUs described above vest in substantially equal installments each quarter over a four-year period. Such RSUs may be subject to acceleration in the event of our change of control or the executive officer's death or disability.

Employee benefits and perquisites

All of our full-time employees, including our named executive officers, are eligible to participate in our health and welfare plans, including medical and dental benefits, life insurance benefits and short-term and long-term disability insurance. Our named executive officers participate in these plans on the same basis as other eligible employees. We do not maintain any supplemental health or welfare plans for our named executive officers.

We also provide our named executive officers, together with other key employees, with certain additional limited benefits. The value of these benefits is included above in the "All Other Compensation" column of the summary compensation table.

401(k)

We maintain a tax-qualified retirement plan that provides eligible employees with an opportunity to save for retirement on a tax-advantaged basis. All participants' interests in their contributions are 100% vested when contributed. Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participants' directions.

For a more detailed discussion of the amounts set forth in the Summary Compensation Table and the Grants of Plan-Based Awards table, please see the section titled "Compensation Discussion and Analysis" above.

Pension Benefits

We do not currently sponsor or maintain any plans that provide for specified retirement payments or benefits, such as tax-qualified defined benefit plans or supplemental executive retirement plans, for our named executive officers.

Nonqualified Deferred Compensation

We do not currently sponsor or maintain any plans that provide for defined contribution or other deferrals of compensation on a basis that is not tax-qualified for our named executive officers.

Potential Payments Upon Termination and Change of Control

The following discussion reflects the payments and benefits that each of the named executive officers would have been eligible to receive in the event of certain terminations, assuming that each such termination occurred on December 31, 2018. We do not maintain "single-trigger" change in control benefits with our named executive officers, meaning that a change of control alone will not trigger payments or benefits for our named executive officers, although the amounts that an individual could

Table of Contents

receive in connection with a qualifying termination are impacted by whether that termination occurs in connection with a change in control event.

Employment Agreements

We maintain employment agreement with Dr. Lin, Dr. Murry, Dr. Chang, Mr. Yeh and Mr. Kuo. The employment agreement with Dr. Lin provides that, if our Board terminates his employment for any reason other than Cause or if he resigns for Good Reason before the occurrence of a Change of Control, each as defined below, he will be entitled to receive (i) a payment equal to one year's base salary as in effect immediately prior to termination, (ii) a payment equal to his full target bonus as in effect immediately prior to termination and (iii) \$15,000, (which may be used for benefit continuation under COBRA or for any other purpose), which amounts will be paid periodically in installments over the 12 months following his separation from service. The employment agreements with Dr. Murry, Dr. Chang, Mr. Yeh and Mr. Kuo, each provide that, if our Board terminates his employment for any reason other than Cause or if he resigns for Good Reason outside of the Change of Control Period (as defined below), he will be entitled to receive (i) a payment equal fifty percent (50%) of base salary as in effect immediately prior to termination, (ii) a payment equal to fifty percent (50%) of his full target bonus as in effect immediately prior to termination and (iii) \$15,000, (which may be used for benefit continuation under COBRA or for any other purpose). The severance benefits that may arise as a result of a termination prior to a Change of Control will be paid no later than the 30th day following the separation from service.

Dr. Lin, Dr. Murry, Dr. Chang, Mr. Yeh and Mr. Kuo, each have provisions in their employment agreements that provide for "double-trigger" severance. Specifically, if, within the Change of Control Period, the executive's employment is terminated by the executive for Good Reason or by our Company other than for Cause, then in lieu of the severance benefits described in the preceding paragraph, the executive will be entitled to receive the following: (i) a lump sum payment equal to one year's base salary as in effect immediately prior to termination; (ii) a lump sum payment equal to his full target bonus as in effect immediately prior to termination; (iii) \$10,000 (\$15,000 for Dr. Murry, Dr. Chang, Mr. Yeh and Mr. Kuo) which may be used for benefit continuation under COBRA or for any other purpose and (iv) accelerated vesting of the executive's awards granted under any incentive share plan or equity incentive plan of the Company, with all vested options becoming exercisable for an extended period following termination of employment. For Dr. Murry, Dr. Chang, Mr. Yeh and Mr. Kuo, the severance benefits that may arise as a result of termination within one year following a Change of Control will be paid no later than the 30th day after the effective date of the executive's separation from service. For Dr. Lin, the severance benefits that may arise as a result of termination within one year following a Change of Control will be paid on the later of the 60th day after the effective date of the executive's separation from service or six months and one day after executive's separation from service if the executive is, at the time of termination, a "specified employee" as defined under Section 409A of the Internal Revenue Code of 1986, as amended. Additionally, Dr. Lin's employment agreement provides him with a potential tax gross-up payment to make him whole for any excise taxes that he would owe resulting from the application of the excise tax provisions under Section 280G of the Internal Revenue Code of 1986, as amended, that may apply when certain "parachute payments" are paid to Dr. Lin as the result of a Change of Control. None of the other employment agreements with our executive officers provide any right to a tax gross-up.

Notwithstanding the foregoing, in order to receive the severance benefits described above, each executive must execute a release agreement in favor of the Company and its affiliates, which will include a reasonable agreement to cooperate for a period of six months following the employment termination date and a mutual non-disparagement clause. In consideration of the severance benefits described above, each executive has also agreed to be subject to a non-compete provision for a period of 12 months following his separation from service and to maintain the confidentiality of Company information.

Each employment agreement generally defines "Cause" as, following written notice to the executive and the executive's failure to cure such occurrence(s): (i) conviction or plea of nolo contendere to any

felony offense or to a crime of moral turpitude; (ii) commission of willful misconduct or violation of law in connection with the performance of his duties, including (a) misappropriation of funds or property, (b) attempting to secure personally any profit in connection with any transaction entered into on behalf of our Company, or (c) making any material misrepresentation to our Board, our Company or its affiliates; (iii) material violation or failure to comply with our Company policy; (iv) material breach of the employment agreement; or (v) the willful and continued failure or neglect to substantially perform his duties with our Company. "Good Reason" is defined to include: (i) the executive's assignment to duties inconsistent with his position or title; (ii) reduction in his base compensation, except as part of an overall cost reduction program that affects all senior executives and does not disproportionately affect the executive; (iii) any purported termination of the executive by our Company other than for disability or Cause or a voluntary resignation initiated by the executive, except for a voluntary termination for Good Reason; (iv) failure of any successor entity to our Company to expressly assume the employment agreement; and (v) material breach by our Company of the agreement.

Each employment agreement generally provides that a "Change of Control" is deemed to occur if: (i) individuals who constitute the Board of our Company on the date of the employment agreement ("Incumbent Directors") cease to constitute at least a majority of our Board; provided, that any individual whose election or nomination for election by the stockholders was approved by a majority of the then Incumbent Directors shall be considered an Incumbent Director, with certain exceptions; or (ii) the stockholders of our Company approve (1) any merger, consolidation or recapitalization of our Company or any sale of substantially all of its assets where (a) the stockholders of our Company prior to the transaction do not, immediately thereafter, own at least 51% of both the equity and voting power of the surviving entity or (b) the Incumbent Directors at the time of the approval of the transaction would not immediately thereafter constitute a majority of the Board of the surviving entity, or (2) any plan of liquidation or dissolution of our Company.

Under the employment agreements, the "Change of Control Period" means: with respect to Dr. Lin, one year after a Change of Control and with respect to Dr. Murry, Dr. Chang, Mr. Yeh and Mr. Kuo, within six months prior to a Change of Control or within one year after a Change of Control.

Restricted Stock and Restricted Stock Unit Awards

The restricted stock and restricted stock unit awards we have granted to our named executive officers provide for full acceleration upon a named executive officer's termination of employment due to death or disability. Other than the employment agreements and equity award agreements described above, we do not maintain any other plans, programs, arrangements, or agreement that provide potential payments or benefits to our named executive officers upon termination of employment or a change of control.

The following table reflects the payments and benefits that each of the named executive officers would have been eligible to receive in the event of certain terminations, assuming that each such termination occurred on December 31, 2018. The acceleration of equity awards was calculated using the closing price of our common stock on December 31, 2018 (the last trading day of 2018) of \$15.43. Amounts that could actually become due upon any termination can not be known with certainty until the event occurs.

CEO Pay-Ratio Disclosure

Pursuant to the Securities Exchange Act of 1934, we are required to disclose in this proxy statement the ratio of the total annual compensation of our CEO to the total compensation for the median employee of all of our employees (excluding our CEO). Based on SEC rules for this disclosure and applying the methodology described below, we have determined that our CEO's total compensation for fiscal 2018 was \$4,705,496, and the total compensation for the median employee of all of our employees (excluding our CEO) for fiscal 2018 was \$21,421.

Based on these amounts, we estimate the ratio of our CEO's total compensation for fiscal 2018 to the total compensation for the median employee of all of our employees (excluding our CEO) for fiscal 2018 to be 220 to 1.

We selected December 31, 2018, which is the last day of the Company's 2018 fiscal year, as the date we would use to identify our median employee. To find the median employee of all our employees (excluding our CEO), we used the employee's compensation from our payroll records; compensation includes base salary, bonus and RSU grants. In making our determination, we did not annualize the base compensation for those employees who did not work for the Company for the entire fiscal year and did not annualize the base compensation of seasonal or temporary employees. We also did not make any cost-of-living adjustments in identifying the median employee. We used the December 31, 2018 exchange rates of 6.88 RMB to 1 USD and 30.58 NTD to 1 USD for our calculations.

In evaluating our CEO pay-ratio for fiscal 2018, we believe stockholders should take into account that approximately 86.24% of our employees as of December 31, 2018 were employed by us in production facilities in China and Taiwan (including the median employee whose compensation was used to calculate the CEO pay-ratio as described above). If we included only our employees based in the U.S. in this analysis, we estimate the total compensation for the median employee of all our U.S. employees for fiscal 2018 would be \$42,318, and the ratio of our CEO's total compensation for fiscal 2018 to the total compensation for the median employee of all our U.S. employees (excluding our CEO) for fiscal 2018 would be 111 to 1.

This pay ratio is an estimate calculated in a manner consistent with SEC rules based on the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Compensation of Directors

During the first half of 2018, our non-employee directors received a prorated annual retainer equal to \$35,000. Non-employee directors who served as members of our audit committee, our compensation committee or our nominating and corporate governance committee received an additional \$8,000, \$5,000 or \$4,000 prorated annual retainer, respectively. Non-employee directors who served as the chairman of our audit committee, chairman of our compensation committee, and chairman of our nominating and corporate governance committee, received an additional \$9,000, \$6,000 and \$4,000 prorated annual retainer, respectively, in addition to the annual retainer for committee membership described in the preceding sentence.

Effective June 8, 2018 a new fee schedule for our non-employee directors was approved by our Board. For the second half of 2018, our non-employee directors received a prorated annual retainer equal to \$45,000. Non-employee directors who served as members of our audit committee, our compensation committee or our nominating and corporate governance committee received an additional \$10,000, \$7,000

or \$8,000 prorated annual retainer, respectively. Non-employee directors who served as the chairman of our audit committee, chairman of our compensation committee, and chairman of our nominating and corporate governance committee, received an additional \$10,000, \$7,000 and \$5,000 prorated annual retainer, respectively, in addition to the annual retainer for committee membership described in the preceding sentence. The cash retainers were paid quarterly.

On June 8, 2018, our Board approved awarding non-employee directors with a number of restricted stock units under the 2013 Plan equal to \$115,000 divided by the market closing price of our common stock on the date of grant. All restricted stock units awards granted to our non-employee directors vest in equal monthly amounts over the first twelve months following the date of grant, subject to early termination in accordance with their terms. The stock grant was made following the election of directors at the annual meeting on June 8, 2018.

Directors were also reimbursed for out-of-pocket expenses incurred in the course of their service on the Board or its committees. Dr. Lin did not receive any compensation from the Company other than compensation received for serving as an executive officer of the Company.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

Currently, the 2013 Plan is our only equity compensation plan that we maintain and that provides for the issuance of our common stock to officers and other employees, directors and consultants (the 1998 Share Incentive Plan, the 2000 Share Incentive Plan, the 2004 Share Incentive Plan, and the 2006 Share Incentive Plan were all merged into the 2013 Plan effective immediately prior to our initial public offering). The 2013 Plan, and each of the equity plans that were merged into it, were approved by our stockholders, prior to our initial public offering. The Company does not maintain any equity incentive plans that have not been approved by stockholders. The following table sets forth information regarding outstanding options and shares reserved for future issuance under the foregoing plan as of December 31, 2018:

Plan Category	Number of shares to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of shares remaining available for future issuance under equity compensation plans
Equity compensation plans approved by stockholders	1,113,553 ⁽¹⁾	\$ 10.19 ⁽²⁾	617,407 ⁽³⁾

- (1) Includes 287,106 subject to outstanding stock option awards and 826,447 shares subject to outstanding restricted stock unit awards as of December 31, 2018.
- (2) The weighted-average exercise price does not reflect the shares that will be issued in connection with the settlement of RSUs since RSUs have no exercise price.
- (3) Includes 617,407 shares of common stock available for issuance in connection with future awards under our 2013 Plan, which represents the initial share reserve of 800,000 shares (adjusted to reflect our 30:1 reverse stock split on August 20, 2013), plus the remaining shares available for issuance under our prior equity incentive plans and any lapsed awards under such prior plans, plus any shares that have been added since the 2013 Plan's adoption to the share reserve under the 2013 Plan's "evergreen" provision. Under the 2013 Plan, the maximum aggregate number of common shares that may be issued pursuant to all awards under the 2013 Plan increases annually on the first day of each fiscal year by the number of common shares equal to the lesser of (i) 333,333 shares, (ii) 2% of the total issued and outstanding common shares on the immediately preceding December 31, or (iii) such lesser amount determined by our Board.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**Related Party Transaction Policy**

We have a written Related Party Transactions Policy. Pursuant to this Policy, related party transactions include any transaction, arrangement or relationship, or series of such transactions, including any indebtedness or guarantees, in which the amount involved exceeds \$120,000 and in which any of our directors, executive officers, holders of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest. In the event that a related party transaction is identified, such transaction must be reported to our Corporate Secretary and subsequently must be reviewed and approved or ratified by the chairman of our audit committee or our full audit committee, depending on the amount of the transaction. Any member of the audit committee who is one of the parties in the related party transaction and who has a direct material interest in the transaction may not participate in the approval of the transaction.

Related Party Transactions

During fiscal 2018, there was no transaction or series of similar transactions to which we were or are a party in which the amount involved exceeded or exceeds \$120,000 and in which any of our directors, executive officers, holders of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest.

TO BE PRESENTED AT NEXT ANNUAL MEETING**

Pursuant to Rule 14a-8 under the Exchange Act of 1934, some stockholder proposals may be eligible for inclusion in our proxy statement for the 2020 annual meeting. These stockholder proposals must be submitted, along with proof of ownership of our stock in accordance with Rule 14a-8(b)(2), to the Corporate Secretary at our principal executive offices no later than the close of business on December 21, 2019 (120 days prior to the anniversary of this year's mailing date). Stockholders must comply with the procedures and requirements of Rule 14a-8 for their proposal to be included on our proxy statement for the 2020 annual meeting.

Submitting a stockholder proposal does not guarantee that we will include it in our Proxy Statement. Our nominating and corporate governance committee reviews all stockholder proposals and makes recommendations to the Board for actions on such proposals. For information on qualifications of director nominees considered by our nominating and corporate governance committee, see the "Corporate Governance Director Nominations" section of this Proxy Statement.

In addition, our Bylaws provide that any stockholder intending to nominate a candidate for election to the Board or to propose any business at our 2020 annual meeting, other than non-binding proposals presented pursuant to Rule 14a-8 under the Exchange Act, must give notice to the Corporate Secretary at our principal executive offices, not earlier than the close of business on the 120th day nor later than the close of business on the 90th day prior to the first anniversary of the date of the preceding year's annual meeting as first specified in the notice of meeting (without regard to any postponements or adjournments of such meeting after the notice was first given), which for 2020, will be no earlier than the close of business on January 31, 2020 nor later than the close of business on March 1, 2020. The notice must include the information specified in our Bylaws, including information concerning the nominee or proposal, as the case may be, and information concerning the proposing or nominating stockholder's ownership of and agreements related to our stock. If the 2020 annual meeting is held more than 30 days before or after the first anniversary of the date of the 2019 Annual meeting, the stockholder must submit notice of any such nomination and of any such proposal that is not made pursuant to Rule 14a-8 by the later of the 90th day prior to the 2020 annual meeting or the 10th day following the date on which public announcement of the date of such meeting is first made. We will not entertain any proposals or nominations at the meeting that do not meet the requirements set forth in our Bylaws. If the stockholder does not also comply with the requirements of Rule 14a-4(c) under the Exchange Act, as applicable, we may exercise discretionary voting under proxies that we solicit to vote in accordance with our best judgment on any stockholder proposal or nomination. To make a submission or request a copy of our Bylaws, stockholders should contact our Corporate Secretary. We strongly encourage stockholders to seek advice from knowledgeable counsel before submitting a proposal or a nomination.

TRANSACTION OF OTHER BUSINESS

As of the date of this Proxy Statement, the Board knows of no other business that will be conducted at the Annual Meeting other than as described in this Proxy Statement. If any other matter or matters are properly brought before the meeting or any adjournment or postponement of the meeting, it is the intention of the persons named in the accompanying proxy to vote the proxy on such matters in accordance with their best judgment.

HOUSEHOLDING

The U.S. Securities and Exchange Commission, or SEC, has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a copy of these materials, other than the proxy card, to those stockholders. This process, which is commonly referred to as "householding," can

mean extra convenience for stockholders and cost savings for the Company. Beneficial stockholders can request information about householding from their banks, brokers, or other holders of record. Through householding, stockholders of record who have the same address and last name will receive only one copy of our Proxy Statement and Annual Report, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce printing costs and postage fees.

Stockholders who participate in householding will continue to receive separate proxy cards. If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Proxy Statement and Annual Report, or if you hold stock in more than one account and wish to receive only a single copy of the Proxy Statement or Annual Report for your household, please contact Broadridge Household Department, in writing, at 51 Mercedes Way, Edgewood, New York 11717, or by phone at (800) 542-1061 or (866) 540-7095. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Proxy Statement and Annual Report, please notify your broker if you are a beneficial stockholder.

By order of the Board,

David Kuo
General Counsel and Corporate Secretary
