Salem Communications Increases Stock Repurchase Program

CAMARILLO, Calif.--March 2, 2006--Salem Communications (Nasdaq: SALM), the leading U.S. radio broadcaster, Internet content provider and magazine publisher targeting audiences interested in Christian and family themes, today announced that its Board of Directors has authorized an increase to Salem's existing share repurchase program to permit the repurchase of up to an additional \$25.0 million of shares of Salem Communications Class A common stock. In November 2004, the Board authorized an initial \$25.0 million stock repurchase program. The Board's authorizations to repurchase stock were approved subject to the company remaining in compliance with its credit facilities and bond indentures, which contain limitations on the company's ability to repurchase shares. These limitations, among others, currently prevent the company from repurchasing more than \$38.9 million of shares authorized to be repurchased.

Edward G. Atsinger III, President and Chief Executive Officer, commented, "Since January 3, 2006, our stock price has fallen by 20%, compared to a decline of 11% for the other radio broadcasting stocks. Given the significant growth potential and underlying asset value at our developing News Talk and music stations, our consistent block programming business, and our rapidly growing Internet platform, we consider this stock price weakness an excellent opportunity to create value for our shareholders by investing in our own stock. With this additional repurchase authorization, we have expanded flexibility to buyback stock."

As of March 1, 2006, Salem had repurchased 1,467,708 shares of Class A common stock for approximately \$24.7 million at an average price of \$16.82 per share, and had 24,496,980 shares outstanding. Based on the number of shares of Class A and Class B common stock outstanding on the date the Board authorized the initial stock repurchase program, the Company had repurchased approximately 6% of its outstanding shares as of March 1, 2006.

Additional repurchases, if any are made, could occur through open-market or privately negotiated transactions, block transactions, a trading plan satisfying the safe harbor provisions of Rule 10b5-1 under the Exchange Act, as otherwise permitted by law, or any combination of the foregoing. In making any repurchases, the company (a) intends to be opportunistic and will evaluate potential repurchases based on the market's valuation of the company stock, available acquisition opportunities, indebtedness and other factors, (b) may use available borrowings under its credit facilities to pay for all or part of the cost of repurchasing shares, and (c) will either retire or keep all repurchased shares as treasury shares.

Salem Communications Corporation (Nasdaq: SALM) is the leading U.S. radio broadcaster, Internet content provider and magazine publisher focused on Christian and family themes. In addition to its radio properties, Salem owns Salem Radio Network®, which syndicates talk, news and music programming to approximately 1,900 affiliates; Salem Radio Representatives™, a national radio advertising sales force; Salem Web Network™, a leading Internet provider of Christian content and online streaming; and Salem Publishing™, a leading publisher of Christian-themed magazines. Upon the close of all announced transactions, the company will own 104 radio stations, including 66 stations in 24 of the top 25 markets. Additional information about Salem may be accessed at the company's website, www.salem.cc.
