2017 PROXY STATEMENT

Dear Fellow Shareholders:

I hope you will join me and our entire Board of Trustees at our 2017 Annual Meeting of Shareholders on June 1, 2017 at the Ritz-Carlton, 10 Avery Street, Boston, MA 02111. The following pages contain the Notice of Annual Meeting and the Proxy Statement, which describes the business to be conducted at the meeting.

In 2016, Hersha completed over \$1.0 billion in hotel transactions, adding to its presence in the strategic growth markets of Boston, Washington, DC and the West Coast. The Company has worked to reduce exposure to challenging markets, while simultaneously refining its geographic footprint to higher barrier-to-entry urban gateway and destination markets, with an emphasis on younger, higher growth hotels that dominate the lifestyle and luxury segments.

Hersha's capital recycling efforts produced over \$180 million of gains on property sales, with the Company's Net Income increasing to \$95.6 million, or \$2.18 per diluted common share, in 2016 compared to Net Income of \$27.4 million, or \$0.56 per diluted common share in 2015. The Company's core portfolio achieved Average Daily Rates ("ADR") of \$207 and Revenue Per Available Room ("RevPAR") of \$171, both record highs for the Company, while registering robust EBITDA Margins of 37.0%.

While the lodging sector in 2016 was characterized by decelerating RevPAR growth and significant market volatility due to global and domestic political turmoil, Hersha's conviction has not wavered. During 2016, Hersha capitalized on this dislocation by purchasing approximately \$52 million of the Company's common shares at a significant discount to Net Asset Value.

We believe our company is very well positioned to continue to outperform in both the near and long-term. Thank you for your continued support of our Company. Your vote is important to us and our business and you will find instructions on how to vote on page 9.

Sincerely,

/s/ Jay H. Shah

Proxy Materials

We are pleased to take advantage of the Securities and Exchange Commission (the "SEC") rule allowing companies to furnish proxy materials to shareholders over the Internet. Executive Compensation (page 49)

The objectives of the Company's executive compensation program are to attract, retain and motivate experienced and talented executives who can maximize shareholder value, and is designed to closely align compensation paid to executives, including the Company's named executive officers ("NEOs"), with the Company's performance on both a short-term and long-term basis.

4

Compensation Discussion and Analysis (page 31)

WHAT WE DO

The Company ties NEO pay to performance. For 2016, 82% of the NEOs' pay potential was performance-based and at-risk. The Company sets clear goals for company performance and differentiates certain elements of compensation based on individual NEO achievement.

The Company mitigates undue risk, including retention provisions, multiple performance targets, and robust Board and management processes to identify risk. The Company intends to clawback bonuses and other incentive-based and equity-based compensation if misconduct results in a financial restatement.

The Company has reasonable post-employment and change in control provisions. The employment agreements with the NEOs generally provide for cash payments after a change in control only if the NEO is also terminated without cause or voluntarily resigns for good reason within one year of the change in control (a double-trigger).

The Compensation Committee benefits from its utilization of an independent compensation consulting firm. The reports prepared by the compensation consulting firm are used by the Compensation Committee to set executive compensation at levels that are intended to be competitive with the Company's industry peers.

The Company has adopted share ownership guidelines for the NEOs. In addition, the Company implemented requirements for the NEOs to hold shares granted for two years beyond vesting.

Only customary perquisites, such as health and insurance benefits, are provided. Perquisites represent only a small portion of the total NEO compensation.

The Compensation Committee establishes rigorous metrics for the NEOs, and attempts to tie pay for performance on various company specific metrics and total shareholder returns.

WHAT WE DO NOT DO

The Company has no contractual arrangements for guaranteed payouts (other than base salary which is only 18% of the NEOs' pay potential). There are no guarantees in place for any potential changes to our NEOs' base salaries, cash incentive payments, or equity awards.

The Compensation Committee does not believe the executive compensation program creates risks that are reasonably likely to pose a material adverse impact to the Company.

The Company does not have any tax gross-up provisions for any of the NEOs and maintains that it will not enter into an agreement with a new executive officer that includes a tax gross-up provision with respect to payments contingent upon a change in control.

The Company's compensation consulting firm does not provide any other services to the Company or management.

The Company has not used options or share appreciation rights. If used, the Company would not reprice these securities if they were underwater. The Company does not pay dividends on unvested performance shares.

The Company does not have pension plans and does not provide perquisites to the NEOs that would be considered significant or extraordinary.

The table below highlights the total returns on our common shares against certain major indices and Fortune 500 companies since our IPO:

(Represents total returns on our common shares from January 26, 1999 through December 31, 2016.

The Company has significantly transformed itself over the long-term into a lodging REIT focused on an urban transient customer and, amongst its hotel REIT peers, has one of the highest exposures to coastal gateway markets in the United States. As a result, Hersha Hospitality Trust achieves RevPAR that is \$13, or 8.4%, higher than its lodging REIT peers. The table below illustrates the Company's RevPAR compared to the RevPAR of its peers:

The following table highlights the historical transformation of the Company since its IPO in 1999:

Since the start of the last lodging cycle, Hersha Hospitality Trust has been a leader in RevPAR growth. The following table highlights the Company's compound annual growth rate in RevPAR compared to peers in the lodging REIT sector for the period beginning January 1, 2009 through December 31, 2016:

7

Say on Pay (page 58 and page 60)

Our shareholders have supported our NEO compensation program each year it has been presented for approval. The 2016 NEO compensation program was substantially the same as the 2015 NEO compensation program. Enhancements to the 2017 NEO compensation program developed by our Compensation Committee, in consultation with our independent compensation consultant, are not material to the overall program. We are asking our shareholders to approve, on an advisory basis, the compensation of our NEOs for 2016.

In addition, we are asking our shareholders to recommend, on an advisory basis, the frequency of future advisory votes on the compensation of our NEOs.

Ratification of Auditors (page 64)

We are asking our shareholders to ratify the selection of KPMG, LLP as our independent registered public accounting firm for 2017.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND THIS PROXY STATEMENT

THE PROXY SOLICITATION

This proxy statement is provided in connection with the solicitation of proxies by the Board of Trustees of Hersha Hospitality Trust for use at the 2017 annual meeting of shareholders to be held at the Ritz-Carlton, 10 Avery Street, Boston, MA 02111 at 9:00 a.m. (EDT) on June 1, 2017 and at any adjournment or postponement thereof. The mailing address of the Company's principal executive office is 44 Hersha Drive, Harrisburg, Pennsylvania 17102. The Notice of Internet Availability of Proxy Materials is first being mailed, and the Company's proxy materials, including the notice of the annual meeting, this proxy statement, the proxy card and the 2016 annual report to shareholders, are first being made available to the Company's shareholders, on or about April 21, 2017.

Solicitation of Proxies

The cost of preparing and mailing this proxy statement and accompanying proxy materials, and the cost of any supplementary proxy solicitations, which may be made by mail, telephone or personally by the Company's trustees, executive officers and employees, will be borne by the Company. Although no proxy solicitor has been engaged at this time, we may determine it is necessary to employ an outside firm to assist in the solicitation process. If so, we will pay the proxy solicitor reasonable and customary fees. No person is authorized to give any information or to make any representation not contained in this proxy statement and, if given or made, such information or representation should not be relied upon as having been authorized by the Company. This proxy statement does not constitute the solicitation of a proxy, in any jurisdiction, from any person to whom it is unlawful to make such solicitation in such jurisdiction. The delivery of this proxy statement shall not, under any circumstances, imply that there has not been any change in the information set forth herein since the date of the proxy statement.

How To Vote; Revocability of Proxy

You may authorize your proxy over the Internet (at www.proxyvote.com), by telephone (at 1-800-690-6903) or, if you receive a printed copy of the proxy materials by mail, by executing and returning the proxy card accompanying this proxy statement. Once you authorize a proxy, you may revoke that proxy by (1) executing and submitting a later-dated proxy card prior to June 1, 2017, (2) subsequently authorizing a proxy over the Internet or by telephone, (3) sending a written revocation of your proxy to the Company's Corporate Secretary at its principal executive offices, or (4) attending the annual meeting and voting in person.

Attending the annual meeting without submitting a new proxy or voting in person will not automatically revoke the prior authorization of your proxy. Only the last vote of a shareholder will be counted.

If you hold the Company's common shares in "street" name (i.e., through a bank, broker or other nominee), you will receive instructions from your bank, broker or nominee that you must follow in order to give them your voting instructions, or you may contact your nominee directly to request these instructions.

Shareholders Entitled To Vote

Only holders of record of the Company's common shares at the close of business on the record date, March 31, 2017, and their legal proxy holders, are entitled to notice of, and to vote at, the annual meeting. On the record date, there were 41,794,680 common shares outstanding. Each shareholder of record is entitled to one vote per common share. Cumulative voting is not permitted in the election of Class II Trustees.

9

Attending the Annual Meeting In Person

If you would like to attend the annual meeting in person, you will need to bring an account statement or other evidence acceptable to the Company of ownership of your common shares as of the close of business on the record date. If you hold common shares in “street” name and wish to vote in person at the annual meeting, you will need to contact your broker, bank or nominee and obtain a written proxy from them and bring it to the annual meeting.

Quorum

The Company’s Bylaws provide that the holders of a majority of the votes entitled to be cast at the annual meeting as of the close of business on the record date present in person or by proxy constitutes a quorum for the transaction of business at the annual meeting. As of March 31, 2017, there were 41,794,680 common shares outstanding.

Vote Required

The Company’s Bylaws provide for the election of trustees in uncontested elections by a majority of the votes cast. Under this standard, a majority of the votes cast means the number of votes cast “for” a trustee’s election exceeds the number of votes cast “against” that trustee’s election. The Bylaws provide for the election of trustees by a plurality of the votes cast if the number of nominees exceeds the number of trustees to be elected (a contested election). The election of Class II Trustees at the annual meeting is uncontested. Therefore, in accordance with the Bylaws, Class II Trustee nominees will be elected at the annual meeting by a majority of the votes cast.

The affirmative vote of a majority of all of the votes cast at the annual meeting, if a quorum is present, is required for the proposal to approve, on an advisory basis, the compensation of the Company’s NEOs.

The option of one year, two years or three years that receives the most votes will be the frequency for the advisory vote on executive compensation that has been recommended by shareholders.

The affirmative vote of a majority of all of the votes cast at the annual meeting, if a quorum is present, is required to ratify the appointment of KPMG LLP (“KPMG”) as the Company’s independent auditors for the fiscal year ending December 31, 2017.

How Votes Will Be Counted

In the election of Class II Trustees, you may vote “for,” “against” or “abstain” with respect to each Class II Trustee nominee. For the proposal to approve, on an advisory basis, the compensation of the Company’s named executive officers and for the proposal to ratify the appointment of KPMG as the Company’s independent auditors for the fiscal year ending December 31, 2017, you may vote “for,” “against” or “abstain.” The option of one year, two years or three years that receives the most votes will be the frequency for the advisory vote on executive compensation that has been recommended by shareholders on an advisory basis. For purposes of these advisory votes, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum. These votes are advisory and not binding on the Board of Trustees in any way, and the Board of Trustees, based upon the recommendation of the Compensation Committee, may determine that it is in the best interests of the Company to hold an advisory vote on the compensation of the Company’s named executive officers more or less frequently than the option recommended by the shareholders.

Abstentions with respect to any proposal at the annual meeting will be counted as present and entitled to vote for purposes of determining the presence of quorum, but will not be counted as a vote cast on the proposal and therefore

will not be counted in determining the outcome of the proposal.

If you hold your common shares in street name through a brokerage firm and you do not submit voting instructions to your broker, your broker may generally vote your common shares in its discretion on routine matters. However, a broker cannot vote common shares held in street name on non-routine matters unless the broker receives voting instructions from the street name holder. The proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017 is considered routine under applicable rules, while each of the other items to be submitted for a vote of shareholders

10

at the annual meeting is considered non-routine. Accordingly, if you hold your common shares in street name through a brokerage account and you do not submit voting instructions to your broker, your broker may exercise its discretion to vote your common shares on the proposal to ratify the appointment of KPMG, but will not be permitted to vote your common shares on any of the other items at the annual meeting. If your broker exercises this discretion, your common shares will be counted as present for the purpose of determining the presence of a quorum at the annual meeting and will be voted on the proposal to ratify the appointment of KPMG in the manner directed by your broker, but your common shares will constitute “broker non-votes” on each of the other items at the annual meeting, including the election of Class II Trustees. Broker non-votes will not be counted as a vote cast with respect to these other items and therefore will not be counted in determining the outcome of the items.

Householding

We are sending only a single Notice of Internet Availability of Proxy Materials to any household at which two or more shareholders reside if they share the same last name or we reasonably believe they are members of the same family, unless we have received instructions to the contrary from any shareholders at that address. This practice is known as “householding” and is permitted by rules adopted by the SEC. This practice reduces the volume of duplicate information received at your household and helps us to reduce costs. We will deliver promptly, upon written request or oral request, a copy of the proxy materials, as applicable, to holders of our common shares as of the record date for the annual meeting, March 31, 2017. If you prefer to receive printed copies of our proxy materials, you may direct requests to the following address: Hersha Hospitality Trust, Attention: Corporate Secretary, 44 Hersha Drive, Harrisburg, Pennsylvania 17102. If you are a shareholders who receives multiple copies of our proxy materials, you may request householding by contacting us in the same manner and requesting a householding consent form.

CORPORATE GOVERNANCE

We are committed to pursuing best corporate governance practices. Among other things, during 2016 and thereafter we undertook the following initiatives to structure our corporate governance in a manner we believe closely aligns our interests with those of our shareholders:

- Effective May 10, 2016, we amended our declaration of trust to decrease the number of our Priority Class A common shares that we are authorized to issue from 300,000,000 to 75,000,000. Solely as a result of the need to authorize the issuance of our common shares that may be issuable in certain circumstances upon the conversion of our 6.50% Series D Cumulative Redeemable Preferred Shares and our 6.50% Series E Cumulative Redeemable Preferred Shares, both of which we issued for the first time in 2016 in order to take advantage of historically attractive market prices for preferred securities, we subsequently amended our declaration of trust to authorize us to issue up to 90,000,000 Priority Class A common shares.
- Effective March 31, 2017, we have amended our Bylaws to permit shareholders to alter, amend or repeal the Bylaws upon obtaining the requisite shareholder approval.

Board Leadership Structure

Lead Independent Trustee - The Board of Trustees designates an independent, non-employee trustee to serve as the Lead Independent Trustee that presides over the regularly conducted executive sessions of the independent trustees. In addition to chairing all executive sessions of the independent trustees, the Lead Independent Trustee has the authority to call meetings of the independent trustees, presides at all meetings of the Board of Trustees at which the Chairman of the Board, the Chief Executive Officer and the President and Chief Operating Officer are not present, and

has such other duties as the Board of Trustees may determine from time to time. The Board of Trustees has currently designated Mr. Landry as the Lead Independent Trustee.

In June of 2015, New York Stock Exchange Governance Services, a subsidiary of the New York Stock Exchange (“NYSE”), honored Mr. Landry as the Independent Lead Director of the Year. As part of its Governance, Risk and Compliance Leadership Awards, NYSE Governance Services presents the Independent Lead Director of the Year Award to an exemplary leader in governance, risk and compliance that has clearly demonstrated an unwavering commitment to independence, integrity, and leadership in governance at the board level. The Governance, Risk,

11

and Compliance Leadership Awards underscore the role that corporate governance plays in shaping a company's success and a board's contribution to long-term value.

Mr. Landry is expected to continue serving in this capacity following the annual meeting. All interested parties may communicate with the Lead Independent Trustee by following the procedure described below under “—Communications with the Board of Trustees.”

Chairman of the Board and Chief Executive Officer Separated - The Board of Trustees believes that it is in the best interests of the Company that the roles of Chief Executive Officer and Chairman of the Board of Trustees be separated in order for the individuals to focus on their primary roles. The Company's Chief Executive Officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Company's Chairman of the Board of Trustees provides guidance to the Company's Chief Executive Officer, presides over meetings of the full Board of Trustees and, together with the Lead Independent Trustee, sets the agenda for Board of Trustees meetings.

Board's Role in Risk Oversight

While the Board of Trustees believes it is the job of the Company's senior management to assess and manage the Company's exposure to risk, the Board of Trustees and its committees play an important role in the risk oversight of the Company. The Board of Trustees and its committees are involved in risk oversight through its direct decision-making authority with respect to significant matters and the oversight of management. The Board of Trustees (or the appropriate committee in the case of risks that are under the purview of a particular committee) administers its risk oversight function by receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal, regulatory, strategic and reputational risks, and from the chairs of the Audit Committee and the Compensation Committee. In addition, the Board of Trustees administers its risk oversight function through the required approval by the Board of Trustees (or a committee thereof) of significant transactions and other decisions, including, among others, acquisitions and dispositions of properties, new borrowings, significant capital expenditures, refinancing of existing indebtedness and the appointment and retention of the Company's senior management.

The Audit Committee has a Risk Sub-Committee to assist the Audit Committee and the Board of Trustees in developing guidelines and policies related to risk assessment and management which govern the process by which risk assessment and management is handled by the Company's senior management. The Risk Sub-Committee, which is chaired by Ms. Morgan, met four times in 2016. Senior management attended each meeting. Messrs. Hutchison and Landry, both of whom serve on the Audit Committee, also serve on the Risk Sub-Committee. Ms. Morgan reports to the full Audit Committee on the discussions and findings of the Risk Sub-Committee and makes recommendations to the Audit Committee regarding steps the Company's senior management has taken to monitor and control major financial and other risk exposures. In addition, as discussed under “Compensation Discussion and Analysis—Compensation-Related Risk” below, the Compensation Committee meets with senior management to discuss compensation-related risks.

Trustee Independence

A majority of the Board of Trustees is independent. The Board of Trustees has determined that the following trustees and trustee nominees are independent in accordance with the corporate governance standards of the NYSE: Ms. Morgan and Messrs. Hutchison, Hsieh, Landry, Leven and Sabin.

Code of Ethics and Policies on Corporate Governance

The Board of Trustees has adopted a Code of Ethics that applies to all of the Company's trustees, executive officers and employees. The Company makes available on its website, www.hersha.com, current copies of its corporate governance documents, including charters of the Audit, Compensation, Nominating and Corporate Governance ("NCG") and Acquisition Committees, its Corporate Governance Guidelines and its Code of Ethics. The Company will post any future changes to these corporate governance documents on its website and may not otherwise publicly file such changes. The Company intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K relating to amendments to or waivers from the Code of Ethics granted to the Company's principal executive

12

officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and other executive officers by posting such information on the Company's website.

Majority Voting For Trustees Elections

The Company's Bylaws provide for the election of trustees in uncontested elections by a majority of the votes cast. Under this standard, a majority of the votes cast means the number of votes cast "for" a trustee's election exceeds the number of votes cast "against" that trustee's election. The Bylaws provide for the election of trustees by a plurality of the votes cast if the number of nominees exceeds the number of trustees to be elected (a contested election).

The Company's Bylaws include a trustee resignation policy, establishing procedures under which any incumbent trustee who fails to receive a majority of the votes cast in an uncontested election will be required to tender his or her resignation to the Board of Trustees for consideration. As provided in the Bylaws, the Board of Trustees will act on any such resignation, taking into account the NCG Committee's recommendation, and publicly disclose (by a press release, a filing with the SEC or other broadly disseminated means of communication) its decision regarding the tendered resignation and the rationale behind the decision within 90 days from the date of the certification of the uncontested election results.

Trustee Nominating Process

The NCG Committee performs the functions of a nominating committee and will actively seek, screen and recommend trustee candidates for nomination by the Board of Trustees, consistent with criteria approved by the Board of Trustees, including, without limitation, strength of character, maturity of judgment, independence, expertise in the hospitality industry, experience as a senior executive or with corporate strategy initiatives generally, diversity and the extent to which the candidate would fill a present need on the Board of Trustees. The NCG Committee Charter describes the Committee's responsibilities, including seeking, screening and recommending trustee candidates for nomination by the Board of Trustees.

The charter of the NCG Committee provides that the NCG Committee will consider shareholder recommendations for trustee candidates. Shareholders should submit any such recommendations for consideration by the NCG Committee through the method described under "—Communications with the Board of Trustees" below. In addition, in accordance with the Company's Bylaws, any shareholder of record entitled to vote for the election of trustees at the applicable meeting of shareholders may nominate persons for election to the Board of Trustees if such shareholder complies with the notice procedures set forth in the Bylaws and summarized in "—Shareholder Proposals and Nominations for the 2017 Annual Meeting" below. Trustee candidates submitted by our shareholders will be evaluated by the NCG Committee on the same basis as any other trustee.

The NCG Committee does not have a formal policy with respect to diversity; however, the Board of Trustees and the NCG Committee believe that it is important that the trustee candidates represent key and diverse skill sets. The NCG Committee considers diversity of race, ethnicity, gender, age, cultural background, professional experiences and expertise and education in evaluating trustee candidates for Board membership. We believe that considerations of diversity are, and will continue to be, an important component relating to the Board's composition as multiple and varied points of view contribute to a more effective decision-making process. The NCG Committee evaluates each candidate's qualifications to serve as a member of the Board of Trustees based on his or her skills and characteristics, as well as the composition of the board as a whole. In addition, the NCG Committee will evaluate a candidate's independence and diversity, age, skills and experience in the context of the board's needs. In addition to considering incumbent trustees, the NCG Committee identifies trustee candidates based on recommendations from the trustees,

shareholders, management and others. The NCG Committee may in the future engage the services of third-party search firms to assist in identifying or evaluating trustee candidates. No such firm was engaged in 2016.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's trustees, executive officers and persons who own more than 10% of any registered class of the Company's equity securities ("10% Holders") to report their ownership of common shares and any changes in ownership to the SEC. These persons are also required by SEC regulations to furnish the Company with copies of these reports. Based solely on a review of the copies of such reports received by the Company and on written representations from certain reporting persons that no reports were required, or if required, such reports were filed on a timely basis for those persons, the Company believes that all such forms have been filed on a timely basis.

PROPOSAL ONE: ELECTION OF CLASS II TRUSTEES

The Board of Trustees, upon the recommendation of the Nominating and Corporate Governance Committee, nominated Hasu P. Shah, Jackson Hsieh, Dianna F. Morgan, and John M. Sabin for election at the annual meeting as Class II Trustees. Each of these nominees, except Mr. Hsieh, currently is serving as a Class II Trustee. If elected, these individuals will serve as Class II Trustees until the 2019 annual meeting of shareholders and until their successors are duly elected and qualified.

Unless you direct otherwise in the proxy card accompanying this proxy statement, the persons named as proxies will vote your proxy for all of the nominees named above. If any nominee becomes unavailable or unwilling to serve as a Class II Trustee, the persons named as proxies in the accompanying proxy card will vote your proxy for an alternate nominee that has been nominated by the Board of Trustees. Alternatively, the Board of Trustees may reduce the size of the Board of Trustees and the number of nominees standing for election as Class II Trustees at the annual meeting. Proxies will only be voted for the nominees named above or their alternates. Each nominee for election to the Board of Trustees as a Class II Trustee has indicated that he or she is willing to serve if elected. The Board of Trustees has no reason to doubt that any nominee for election will be unable or unwilling to serve if elected.

The Board of Trustees unanimously recommends a vote “FOR” each of the nominees for election as a Class II Trustee.

BOARD OF TRUSTEES and executive officers

The Board of Trustees consists of nine trusteeships with seven currently serving trustees and two vacancies. At this time, the Board of Trustees has elected not to fill one of these openings and will continue to evaluate the composition of the Board. Shareholders are not being asked for proxies to fill these vacancies and proxies may only be voted for the nominees below. The Company’s Declaration of Trust divides the Board of Trustees into two classes, as nearly equal in number as possible. At the annual meeting, shareholders are voting to elect four persons as Class II Trustees. Each Class II Trustee nominee, except Mr. Hsieh, currently is serving a two-year term expiring at the annual meeting. Each Class I trustee was elected at the 2016 annual meeting and is serving a two-year term expiring at the 2018 annual meeting of shareholders. Generally, one full class of trustees is elected by the shareholders of the Company at each annual meeting.

The following pages include biographical information for each of our Class II Trustee Nominees and Class I Trustees, including their qualifications to serve on our board of trustees.

TRUSTEE COMPENSATION

Compensation of Non-Employee Trustees

The Board of Trustees believes that competitive compensation arrangements are necessary to attract and retain qualified non-employee trustees. The Compensation Committee has determined that any executive officer who serves on the Board of Trustees will not receive any fees for service on the Board of Trustees. The key components of our current trustee compensation program are annual retainer, fees for committee membership, annual share grants and restricted share grants, and additional compensation to committee chairs and the Lead Independent Trustee.

As discussed in “Compensation Discussion and Analysis— Independent Compensation Consultant” below, the Compensation Committee engaged FPL Associates L.P. (“FPL”) as its compensation consultant to assist it in reviewing and determining, among other things, the compensation paid to non-employee trustees in 2016. The Compensation Committee, based on the recommendations of FPL, approved the Company’s 2016 compensation program for non-employee trustees, effective as of January 1, 2016.

24

For 2016, the compensation program included:

- Annual Retainer – Non-employee trustees received an annual retainer of \$60,000.
- Lead Trustee and Committee Chair Fees – For service in the capacity of Lead Trustee or committee chairperson, non-employee trustees received an annual fee in the following amounts:

Lead Trustee	\$	20,000
Audit Committee Chair	\$	20,000
Risk Sub-Committee Chair	\$	15,000
Compensation Committee Chair	\$	20,000
Nominating & Corporate Governance Chair	\$	15,000
Acquisition Committee Chair	\$	15,000

- Committee Membership Fees – For service as a member of the Board’s committees, non-employee trustees, including committee chairpersons, received a fee in the following annual amounts:

Audit Committee	\$	10,000
Risk Sub-Committee	\$	7,500
Compensation Committee	\$	10,000
Nominating & Corporate Governance	\$	7,500
Acquisition Committee	\$	7,500

- Annual Share Based Compensation – Each of the Company’s non-employee trustees received a semi-annual grant of common shares, each equal to a value of approximately \$42,500. The number of shares issued for each fully vested grant was determined based on the per share volume weighted average trading price (“VWAP”) of the Company’s common shares on the NYSE for the 20 trading days prior to the grant date.
- 2016 Multi-Year Share Based Compensation – On March 30, 2016, each non-employee trustee received 500 restricted common shares, 33% of which vested on December 31, 2016, 33% of which will vest on December 31, 2017, and the remainder of which will vest on December 31, 2018 (subject to continued service on the vesting date). Non-employee trustees may make a voluntary election to receive any portion of the annual retainer in the form of common equity valued at a 25% premium to the cash that would have been received. The number of common shares issued in lieu of cash payments for the annual retainer was determined based on the per share VWAP of the Company’s common shares on the NYSE for the 20 trading days prior to March 30, 2016, or \$21.27 per share. An aggregate of 5,289 restricted common shares were issued on March 31, 2016 and vested during the year ended December 31, 2016.

Non-employee trustees may also make a voluntary election to receive any portion of the fees received for committee membership, and service as Lead Independent Trustee or a committee or sub-committee chair in the form of common equity valued at a 25% premium to the cash that would have been received. The number of common shares issued in lieu of cash payments was determined based on the per share VWAP of the Company's common shares on the NYSE for the 20 trading days prior to June 1, 2016, or \$18.37 per share. An aggregate of 6,295 common shares were issued on June 6, 2016 pursuant to the trustees' elections.

25

On June 6, 2016 and December 30, 2016, the Company's non-employee trustees received semi-annual grants of fully vested common shares that were issued under the Company's 2012 Equity Incentive Plan. Each grant had a value equal to approximately \$42,500. To determine the number of common shares subject to each grant, the dollar amount of the grant was divided by the VWAP for the Company's common shares for a 20-trading day period prior to June 1, 2016 and December 31, 2016 and then rounded to the nearest 100 common shares. The 20-day VWAP used for the grant on June 6, 2016 was \$18.37, resulting in a grant of 2,300 fully vested common shares with a grant date fair value of \$41,308 to Messrs. Hutchison, Landry, Leven and Sabin and Ms. Morgan. The 20-day VWAP used for the grant on December 30, 2016 was \$21.33, resulting in a grant of 2,000 fully vested common shares with a grant date fair value of \$43,000 to Messrs. Hutchison, Landry, Leven and Sabin and Ms. Morgan.

The Company reimburses all trustees for their reasonable out-of-pocket expenses incurred in connection with their service on the Board of Trustees.

COMPENSATION DISCUSSION AND ANALYSIS

This section of the proxy statement explains the type and amount of compensation provided to the Company's NEOs in 2016, as well as the principles and processes that the Compensation Committee of the Board of Trustees follows in determining such compensation. The NEOs consist of the Company's Chief Executive Officer, the Company's Chief Financial Officer and the Company's three other most highly paid executive officers as of December 31, 2016.

The NEOs for 2016 are as follows:

- Hasu P. Shah, the Company's Chairman of the Board;
- Jay H. Shah, the Company's Chief Executive Officer;
- Neil H. Shah, the Company's President and Chief Operating Officer;
- Ashish R. Parikh, the Company's Chief Financial Officer; and
- Michael R. Gillespie, the Company's Chief Accounting Officer.

The NEOs named above were also NEOs in 2014 and 2015.

Investor Outreach

At our 2016 annual shareholder meeting, shareholders overwhelmingly supported the Company's executive compensation program, with more than 98% of the shareholders entitled to vote at the 2016 annual shareholders meeting approving, on an advisory basis, the compensation earned by the NEOs in 2015. The Compensation Committee viewed the advisory vote in favor of the Company's executive compensation as a validation of its compensation philosophy, including its emphasis on pay-for-performance and equity based compensation. In light of this overwhelming investor endorsement of the compensation program, the Compensation Committee retained all of the key elements of the 2015 program when formulating the 2016 compensation program for the NEOs.

31

During meetings with shareholders throughout 2016, management was provided with input on executive compensation issues, the results of the advisory vote on executive compensation at the 2016 annual shareholders meeting, governance matters and Company performance. The feedback that the Company received through this communicative process was beneficial and insightful. These meetings, along with a near unanimous shareholder vote on the 2015 program, highlighted for the Compensation Committee that the majority of the investors we met with strongly support the executive compensation program structure and believe it is well designed.

Executive Summary

The objectives of the Company's executive compensation program are to attract, retain and motivate experienced and talented executives who can help maximize shareholder value. The Company believes that a significant portion of the compensation paid to executive officers should be closely aligned with the Company's performance on both a short-term and long-term basis. In addition, a significant portion of compensation should be in the form of the Company's common shares to more fully align the interests of the Company's executives and its shareholders and to mitigate any risks associated with pay-for-performance components of our compensation program.

The following table summarizes our compensation philosophy:

Philosophy Component	Rationale/Commentary	Pay Element
Compensation should reinforce business objectives and Company values	The Company strives to provide a rewarding and professionally challenging work environment for its executive officers. The Company believes that executive officers who are motivated and challenged by their duties are more likely to achieve the individual and corporate performance goals designed by the Compensation Committee. The Company's executive compensation package should reflect this work environment and performance expectations.	All elements (salary, annual cash incentive, equity incentive compensation)
Key executive officers should be retained	The primary purpose of the Company's executive compensation program has been, and is, to achieve the Company's business objectives by attracting, retaining and motivating talented executive officers by providing incentives and economic security.	Equity incentive compensation, salary
Compensation should align interests of executive officers with shareholders	The Company's executive compensation is designed to reward favorable total shareholder returns, both in an absolute amount and relative to the Company's peers, taking into consideration the Company's competitive position within the lodging REIT industry and each executive's long-term career contributions to the Company.	Equity incentive compensation

Philosophy Component	Rationale/Commentary	Pay Element
A significant amount of compensation for top executive officers should be based on performance	Performance-based pay aligns the interest of management with the Company's shareholders. Performance-based compensation motivates and rewards individual efforts and Company success. Approximately 79% of the NEO's targeted aggregate compensation is linked to Company specific or individual performance metrics. The performance-based percentage of actual compensation increases as performance improves and decreases as performance declines. If the compensation Company has poor absolute or relative performance, the executive officers will receive reduced incentive compensation and reduced total compensation.	Annual cash incentive bonuses and equity incentive
Compensation should be competitive	To attract and retain valuable executive talent but avoid the expense of excessive pay, compensation should be competitive. The Compensation Committee, with the help of its independent compensation consultant, assesses the competitiveness of the Company's compensation program for each of its executive officers by comparison to the compensation of executive officers at other public real estate companies. The Compensation Committee has regularly retained the services of FPL, an independent human resources and compensation consulting firm which specializes in the REIT industry, to report on current market data regarding executive officer pay levels and incentive programs. In addition to its own proprietary databases, FPL obtains data for its reports from publicly-available proxy statements and other public filings with the SEC.	All elements

The following table summarizes certain aspects of our pay practices:

WHAT WE DO

The Company ties NEO pay to performance. For 2016, 82% of the NEOs' pay potential was performance-based and at-risk. The Company sets clear goals for company performance and differentiates certain elements of compensation based on individual NEO achievement.

The Company mitigates undue risk, including retention provisions, multiple performance targets, and robust Board and management processes to identify risk. The Company intends to clawback bonuses and other incentive-based and equity-based compensation when misconduct results in a financial restatement.

The Company has reasonable post-employment and change in control provisions. The employment agreements with the NEOs generally provide for cash payments after a change in control only if the NEO is also terminated without cause or voluntarily resigns for good reason within one year of the

WHAT WE DO NOT DO

The Company has no contractual arrangements for minimum or guaranteed payouts (other than base salary which is only 18% of the NEOs' pay potential). There are no guarantees in place for any potential changes to our NEOs' base salaries, cash incentive payments or equity awards.

The Compensation Committee does not believe the executive compensation program creates risks that are reasonably likely to pose a material adverse impact to the Company.

The Company does not have any tax gross-up provisions for any of the NEOs and maintains that it will not enter into an agreement with a new executive officer that includes a tax gross-up provision with respect to payments contingent upon a change in

change in control (a double-trigger).

control.

33

WHAT WE DO

The Compensation Committee benefits from its utilization of an independent compensation consulting firm. The reports prepared by the compensation consulting firm are used by the Compensation Committee to set executive compensation at levels that are intended to be competitive with the Company's industry peers.

The Company has adopted share ownership guidelines for the NEOs. In addition, the Company implemented requirements for the NEOs to hold shares granted for two years beyond vesting.

Only customary perquisites, such as health and insurance benefits, are provided. Perquisites represent only a small portion of the total NEO compensation.

The Compensation Committee establishes rigorous metrics for the NEO's, and attempts to tie pay for performance on various company specific metrics and total shareholder returns.

Pay-for-Performance

Pay-for-performance is an important cornerstone of the Company's compensation philosophy. Consistent with this focus, the Company's executive compensation program includes annual cash incentives, annual equity incentives and multi-year equity incentives.

Annual cash incentives are provided under the Company's annual cash incentive program ("Annual CIP") to all of the NEOs other than the Company's Chairman, Mr. Hasu Shah. The purpose of the program is to reward achievement of annual goals and objectives and to provide at-risk, comprehensive opportunities to earn additional cash compensation linked primarily to company-wide and, to a lesser extent, individual NEO performance. Eighty percent (80%) of the potential cash incentive is based on the achievement of company-wide operational and financial goals, including the achievement of adjusted funds from operations ("AFFO") targets, AFFO multiple targets and fixed charge coverage ratio targets. The remaining 20% of the potential cash incentive is based on the achievement by each NEO of individual-specific operational and strategic goals.

Annual and multi-year equity incentives are provided under the Company's annual long-term equity incentive program (the "Annual EIP") and its multi-year long-term equity incentive programs (the "Multi-Year EIPs"). If earned, the awards will be settled in the form of common shares issued by the Company or LTIP Units issued by the Company's operating partnership.

The Company must achieve certain financial performance goals during the performance period in order for Annual EIP awards to be earned by the NEOs. Under the Annual EIP, performance is measured based on the Company's achievement of absolute and relative RevPAR growth. In addition, the Compensation Committee has discretion under the Annual EIP to grant equity awards to the NEOs based on how the NEOs individually and as a group effected transactions that continued the transformation of the Company's portfolio and continued to strengthen the Company's financial position.

WHAT WE DO NOT DO

The Company's compensation consulting firm does not provide any other services to the Company or management.

The Company has not used options or share appreciation rights. If used, the Company would not reprice these securities if they were underwater. The Company does not pay dividends on unvested performance shares.

The Company does not have pension plans and does not provide perquisites to the NEOs that would be considered significant or extraordinary.

Under the 2014, 2015 and 2016 Multi-Year EIPs, performance is measured based on the Company's achievement of RevPAR growth relative to a predetermined peer group, absolute total shareholder return and total shareholder return relative to a predetermined peer group over a three year period.

34

During the past several years, the Company has been focused on transforming its portfolio through strategic acquisitions and dispositions, improving its balance sheet and strategically accessing capital markets.

Accomplishments in the year ended December 31, 2016 include, among other things, the following:

- Returned capital of approximately \$52 million to shareholders through the repurchase of approximately 2.8 million shares, or 6.2% of the Company's outstanding common shares. Over a three year period, the Company has repurchased approximately 20% of the outstanding common shares at prices that represent significant discounts to the Company's Net Asset Value.
- Entered into sales transactions of approximately \$850 million, which will result in gains approaching \$300 million.
- Successfully deferred all of the taxable gains totaling \$187 million recognized through the Company's asset dispositions in 2016 by way of Section 1031 like-kind exchanges.
- Entered into purchase contracts of \$381 million, increasing the Company's presence in several strategic markets, while reducing concentration to lower barrier suburban markets.
- Continued penetration into the Washington, DC Central Business District via the acquisition of the Hilton Garden Inn M Street. Expanded the Company's presence in Boston via the acquisition of The Envoy Hotel in the Seaport Innovation District.
- Increased exposure to the West Coast with the acquisitions of the Courtyard Sunnyvale and The Ambrose Hotel in Santa Monica, resulting in the West Coast being the Company's largest market in terms of EBITDA generation.
- Closed a transformative portfolio sale in Manhattan with Cindat Capital Management ("Cindat"), forming a joint venture for 7 of the Company's limited service hotels for a total purchase price of \$571 million, or \$526,000 per key. This represented an 81% premium to the Company's purchase price of \$316 million or \$291,000 per key.
- Entered into a new \$200 million term loan facility, increasing the Company's unsecured borrowing capacity to \$1.0 billion, while maintaining an overall cost of debt of 3.43%, the lowest in the Company's history.
- The Company's new \$200 million Term Loan addressed all 2016 and 2017 debt maturities, saving approximately \$7.0 million in interest expense on a full-year pro forma basis.
- Accessed a favorable Preferred Equity market, raising \$292.5 million at a record low coupon rate of 6.5%, providing attractive perpetual capital for the Company.

Based on these and other measures specified in the Annual CIP and the Annual EIP, the Company awarded the NEOs the performance-based compensation more fully described below under "—Annual Cash Incentive Program" and "—Annual Long-Term Incentive Program for 2016."

Shareholder Interest Alignment

We believe that our Annual EIP and Multi-Year EIPs further enhance long-term shareholder value by incentivizing long-term performance and aligning the interests of the NEOs and the shareholders. In addition, paying a significant portion of an NEO's compensation in the form of restricted equity awards mitigates potential risks associated with pay-for-performance elements of compensation and is a helpful tool in retaining senior executives. Therefore, equity is a key component of the Company's executive compensation program, with equity award potential accounting for 55% of the total compensation program for our CEO and 54% of the total compensation program of our other NEOs. All equity awards granted to the NEOs in 2016 were in the form of restricted equity that, once earned based on prior performance, subsequently vest over time and are required to be owned for a minimum of one year after the vesting date and therefore have a significant retention element. Before these awards are earned, as described above, significant value is at risk for the NEOs.

As described under "—Stock Ownership Guidelines" below, the Company has formal stock ownership guidelines that require:

- the Company's non-employee trustees, within three years of becoming a trustee, to own Company shares equal in value to at least five times the annual cash retainer paid to non-employee trustees;

35

- the Company's executive officers to own Company shares equal in value to a multiple of such executive's base salary as follows: Chairman of the Board (4 times); Chief Executive Officer (6 times); President and Chief Operating Officer (6 times); Chief Financial Officer (3 times); and Chief Accounting Officer and all other executive officers (1 times); and
- the Company's executive officers to own Company shares received from vesting of share awards for a minimum of one year after the vesting date.

For purposes of these guidelines, units of limited partnership interest issued by the Company's operating partnership are considered "Company Shares."

Compensation and Corporate Governance

The Compensation Committee believes that solid corporate governance should be reinforced through the Company's executive compensation programs and has adopted the following policies with regard to share ownership and compensation that are intended to promote good corporate governance:

- hedging of Company shares is prohibited;
- if the Company is required to prepare an accounting restatement due to material noncompliance, as a result of misconduct, with any financial reporting under federal securities law, the Company will "clawback" any bonus or other incentive-based or equity-based compensation received by the NEOs from the Company during the twelve month period following the first issuance or filing of the financial statements that are required to be restated and any profits realized from the sale of the Company's securities during such twelve month period; and
- additional pledges of Company shares by Trustees and NEOs are prohibited.

Compensation Principles

The Compensation Committee designs and oversees the Company's compensation policies and approves compensation for the NEOs. Each year, the Compensation Committee's goal is to create an executive compensation program for the NEOs that is linked to the creation of shareholder value. To accomplish this goal, the executive compensation program for the NEOs is designed to:

- Support the Company's business strategy—The Compensation Committee seeks to align executive compensation programs for the NEOs with business strategies focused on long-term growth and sustained shareholder value. The programs are designed to motivate the NEOs to overcome challenges and exceed company goals.
- Pay for performance—The Compensation Committee places a large portion of the NEOs' pay "at risk" and dependent upon the achievement of specific corporate and individual performance goals. The Company pays higher compensation when goals are exceeded and lower compensation when goals are not met.
- Pay competitively—The Compensation Committee sets target compensation to be competitive with its peer group. We set "maximum" objectives that if achieved may place the compensation paid to the NEOs above the median compared to the peer group.

Compensation Objectives

In designing the executive compensation programs for the NEOs, the objectives are to:

- drive superior business and financial performance by designing programs that motivate the NEOs to achieve or exceed goals within their control;
- attract, retain and motivate the right people in the right job by rewarding NEOs that perform at a high level;
- align the long-term interests of the NEOs and the shareholders by building significant ownership of common shares into our annual and multi-year equity incentive programs;

- focus on long-term results, such as total shareholder return; and
- create a balanced executive compensation program that utilizes elements that discourage excessive risk taking.

Independent Compensation Consultant

The Compensation Committee engaged FPL during 2016 as its independent compensation consultant. FPL advised the Compensation Committee on the design of the Company's executive compensation program for 2016 and the amounts the Company should pay to the Chief Executive Officer and the other NEOs. FPL also provided the Compensation Committee with information on executive compensation trends, best practices and advice for potential improvements to the Company's executive compensation program. In addition, FPL advised the Compensation Committee on the design of the compensation program for the Company's non-employee trustees.

FPL does no work for management, receives no compensation from the Company other than for its work in advising the Compensation Committee and maintains no other economic relationships with the Company or any of its affiliates. From time to time, FPL receives input from the Company's Chief Executive Officer regarding the Company's strategic goals and the manner in which the executive compensation program should support these goals.

Process for Determining Executive Compensation

The Compensation Committee structures executive compensation for the NEOs so that total targeted annual compensation opportunities are competitive with comparable positions at companies considered to be the Company's peers. The Compensation Committee intends for the level of compensation for the NEOs to be competitive with the compensation offered by publicly held companies that are comparable to the Company with regard to size (based on total assets and market capitalization) and industry focus (publicly trading lodging companies, including REITs). The Compensation Committee believes this allows the Company to successfully attract and retain the high quality executive talent critical to the Company's long-term success.

In setting executive compensation for the NEOs in 2016, the Compensation Committee considered levels of compensation paid by the following group of publicly traded lodging REIT companies ("2016 Peer Group"):

Company	Total Assets (1)	Market Capitalization (1)	Total Room Count (1)
Apple Hospitality REIT, Inc.	\$3.7 billion	\$3,482 million	22,961
Ashford Hospitality Trust	\$5.0 billion	\$602 million	27,977
Chatham Lodging Trust	\$1.3 billion	\$785 million	5,678
Chesapeake Lodging Trust	\$2.1 billion	\$1,501 million	6,699
DiamondRock Hospitality Company	\$3.3 billion	\$1,937 million	10,928
FelCor Lodging Trust Incorporated	\$1.9 billion	\$1,035 million	12,443
LaSalle Hotel Properties	\$4.1 billion	\$2,842 million	12,075
Pebblebrook Hotel Trust	\$3.1 billion	\$2,010 million	7,408
RLJ Lodging Trust	\$4.0 billion	\$2,696 million	20,897
Summit Hotel Properties, Inc.	\$1.6 billion	\$1,037 million	11,420
Sunstone Hotel Investors, Inc.	\$3.9 billion	\$2,593 million	13,845
Xenia Hotels & Resorts, Inc.	\$3.0 billion	\$1,712 million	12,548
25th Percentile	\$2.1 billion	\$1,037 million	10,048
50th Percentile	\$3.2 billion	\$1,825 million	12,259
75th Percentile	\$3.9 billion	\$2,619 million	15,608

Hersha Hospitality Trust \$2.0 billion \$967 million 8,594

(1)Information presented was derived from public filings for the year ended December 31, 2015.

The Compensation Committee, with input from FPL and from management, annually reviews the companies included in the peer group. Accordingly, the Compensation Committee may add or eliminate companies based on factors the Compensation Committee deems relevant. The primary criteria evaluated in the selection of the peer group include similarity of business strategy, scope of operations, total market capitalization and total assets. The

37

Compensation Committee excluded certain lodging-focused, self-managed equity REITs with dissimilar business strategies or that were larger and smaller than the companies named above in terms of scope of operations, total assets and market capitalization, such as Host Hotels & Resorts, Inc., and Condor Hospitality Trust, Inc.

Based on information provided to the Compensation Committee by FPL, the Compensation Committee determined that the total targeted annual compensation opportunity for each of the NEOs was competitive compared to the 2016 Peer Group.

The following table shows each element of the total annual compensation for 2015 for each NEO compared to the same information for the 2016 Peer Group:

Executive	Benchmark	Base Salary	Non-Equity Incentive	Equity Incentive	Total Annual Compensation
Hasu P. Shah	Chairman	4th of 4	4th of 4	3rd of 4	4th of 4
Jay H. Shah	CEO	9th of 13	11th of 13	11th of 13	12th of 13
Neil H. Shah	COO	1st of 11	1st of 11	2nd of 11	2nd of 11
Ashish R. Parikh	CFO	4th of 13	10th of 13	12th of 13	11th of 13
Michael R. Gillespie	CAO	2nd of 4	4th of 4	4th of 4	4th of 4

Although the Compensation Committee seeks to provide total targeted annual compensation opportunities that approximate the 50th percentile of the 2016 Peer Group, the Compensation Committee does not rely exclusively on the 2016 Peer Group data in establishing target levels of compensation and does not have a rigid or formulaic process with regard to using peer data to set target levels of compensation (for example, assigning specific weights or values to each member of the 2016 Peer Group). Instead, the Compensation Committee uses the 2016 Peer Group data as one of many tools to assist the Compensation Committee. Survey information provided by FPL to the Compensation Committee assists the Compensation Committee in confirming the validity of the market competitiveness of the Company's executive compensation program and provides broader context to the 2016 Peer Group data, as well as provide data for positions where data for the 2016 Peer Group is not available from public filings with the SEC. In setting total target annual compensation opportunities for each NEO, the Compensation Committee considers the following factors:

- the competitive data (2016 Peer Group and survey data), focusing on the median of the data as a starting point;
- each NEO's past and continuing performance;
- each NEO's scope of responsibility and impact on the Company's performance and contribution to its long-term success;
- internal equity (i.e., an NEO's compensation levels relative to his or her peers, direct reports and supervisors);
- the Chief Executive Officer's recommendations for the other NEOs; and
- the views of the members of the Compensation Committee and the other members of the Board of Trustees on individual contribution based upon routine interaction with the NEOs on corporate and public reporting matters.

In making executive compensation determinations, the Compensation Committee generally considers the results of the most recent shareholder advisory vote on executive compensation. As reported in the Company's Current Report on Form 8-K filed with the SEC on May 31, 2016, approximately 98% of the votes cast on the "say-on-pay" proposal were in favor of the advisory vote to approve the NEOs' 2015 compensation. The Compensation Committee viewed the advisory vote in favor of the NEOs' 2015 compensation as a validation of its compensation philosophy, including its emphasis on pay for performance and equity based compensation.

In summary, the Compensation Committee's process for setting total targeted annual compensation opportunities employs a flexible approach that responds to and adjusts for the evolving business environment. The Compensation Committee believes this approach permits the Company to respond to dynamics in the market for executive talent and provides the Company with flexibility in maintaining and enhancing the NEOs' engagement, focus, motivation and enthusiasm for the Company's long-term growth and sustained shareholder value.

38

Each of the NEOs' performance is evaluated in light of the Company's overall performance (as described in greater detail below) and non-financial goals and strategic objectives approved by the Compensation Committee and the Board of Trustees. For 2016, the Compensation Committee believed annual base salary and benefits when added to the potential variability of the annual cash and equity incentive programs and the multi-year equity incentive program provided an appropriate mix of financial security, risk and reward.

Interaction with Management

Our Compensation Committee regularly meets in executive sessions without management present. Our Chief Executive Officer, considering each of the performance factors outlined below under “-Components of Executive Compensation,” annually reviews the compensation for each NEO, other than himself, and makes recommendations to the Compensation Committee regarding any proposed adjustments. Recommendations, if any, for interim modifications to salaries are also based on the factors outlined above and are made by the Chief Executive Officer to the Compensation Committee. Final compensation decisions are ultimately made in the sole discretion of the Compensation Committee.

Components of Executive Compensation

In 2016, the components of executive compensation consisted of the following:

- base salary;
- annual cash incentives;
- long-term equity incentives (annual and multi-year); and
- benefits.

Base Salary

Base salary provides the NEOs with a basic level of financial security and promotes the Compensation Committee's objectives by attracting and retaining top talent. Base salary increases for the Company's Chief Executive Officer are determined by the Compensation Committee and approved by the Board of Trustees. Base salary increases for the other NEOs are recommended by the Company's Chief Executive Officer and are subject to review and approval by the Compensation Committee.

To more appropriately align with the market data provided for the 2016 Peer Group, the Compensation Committee increased base salary between 3.0% and 3.4%. The Compensation Committee was satisfied that each NEO's base salary for 2016 was reasonable and appropriate based on each NEO's responsibilities and performance.

Base salaries for the NEOs for 2015 and 2016 are as follows:

	2015	2016	Increase over	
	Base Salary	Base Salary	2015	
			(\$)	(%)
Hasu P. Shah	\$ 235,000	\$ 242,000	\$ 7,000	3.0%
Jay H. Shah	\$ 710,000	\$ 732,000	\$ 22,000	3.1%
Neil H. Shah	\$ 685,000	\$ 706,000	\$ 21,000	3.1%
Ashish R. Parikh	\$ 445,000	\$ 460,000	\$ 15,000	3.4%

Michael R. Gillespie	\$	300,000	\$	310,000	\$	10,000	3.3%

Annual Cash Incentive Program (“Annual CIP”)

The purpose of the Annual CIP is to reward achievement of annual goals and objectives and provide at-risk, comprehensive pay opportunities linked primarily to company-wide performance and, to a lesser extent, individual performance. Each year, management proposes and the Compensation Committee evaluates and finalizes the annual goals and objectives, which are subsequently approved by the Board of Trustees. By using goals and objectives thoroughly reviewed by the Board of Trustees, the Compensation Committee rewards participants for achieving performance levels that management has identified and the Board of Trustees are critical to creating and sustaining long-term shareholder value.

39

The Compensation Committee believes the Annual CIP provides the NEOs other than Mr. Hasu Shah, who has not historically participated in the program, with an incentive to excel at their individual job function and area of expertise in a manner that contributes to overall Company-wide performance, and further aligns the financial interests of the participating NEOs with those of shareholders. The selected performance criteria include Company-wide performance goals and specific performance goals related to the job function of each participating NEO.

Key features of the Annual CIP include the following:

- a primary emphasis on (1) sustained Company-wide financial growth as measured by such metrics as AFFO per share, an EBITDA multiple, and (2) financial flexibility and balance sheet strength as measured by a fixed charge coverage ratio;
- a structured approach to determine awards by measuring against pre-established metrics; and
- the recognition of individual leadership achievements and contributions of participants by making a portion of the award subject to individual-specific performance goals.

The Compensation Committee, in conjunction with the Chief Executive Officer, reviewed the annual cash incentive awards. Annual cash incentive awards were based on an evaluation of the performance, level of responsibility and leadership of the named executive officer in relation to overall corporate results.

For 2016, the Compensation Committee established the following mix of Company performance measures for the Annual CIP:

Component/Metric	Weighting
AFFO per share	30%
EBITDA multiple	30%
Fixed charge coverage ratio	20%
Individual-specific performance objectives	20%

The Compensation Committee believes AFFO per share, an EBITDA multiple and a fixed charge coverage ratio are appropriate and effective measures of annual Company-wide performance. These performance measures were chosen because they strike a balance between maximizing AFFO per share in the short-term and driving a premium multiple for our shares while maintaining long-term value with a lower risk balance sheet. The threshold level for each performance measure was set based on a level of performance that was believed at the time to be achievable in order to motivate and retain the participating NEOs. The target level for each performance measure was set based on a level of performance that was believed at the time to be aggressive, but obtainable. The maximum level for each performance measure was set based on a level of performance that was believed to be realizable, but only as a result of exceptional performance.

The following table summarizes the threshold, target and maximum levels of performance for each of the company-specific performance measures under the Annual CIP and the level of performance the Company achieved in 2016:

Component/Metric	Threshold	Target	Maximum	Actual 2016 Performance
AFFO per share(1)	\$2.30 per share	\$2.40 per share	\$2.50 per share	\$2.40 per share
EBITDA multiple(2)	9.5x	10.0x	10.5x	>10.5x
Fixed charge coverage ratio(3)	2.25x	2.35x	2.50x	>2.50x
Individual-specific performance objectives(4)	N/A	N/A	N/A	Met

(1)AFFO per share is determined by calculating funds from operations (“FFO”) applicable to common shares and partnership units in accordance with the April 2002 National Policy Bulletin of the National Association of Real Estate Investment Trusts (“NAREIT”), which the Company refers to as the “White Paper.” The White Paper defines FFO as net income (loss) (computed in accordance with GAAP) excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated assets, plus certain non-cash items, such as loss from impairment of assets and depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Management’s interpretation of the NAREIT definition is that noncontrolling interest in net income (loss)

should be added back to (deducted from) net income (loss) as part of reconciling net income (loss) to FFO. Management calculated AFFO, which reflects FFO in accordance with the NAREIT definition further adjusted by: (i) adding back write-offs of deferred financing costs on debt extinguishment, both for consolidated and unconsolidated properties; (ii) adding back amortization of deferred financing costs; (iii) making adjustments for the amortization of original issue discount/premium; (iv) adding back non-cash stock expense; (v) adding back acquisition and terminated transaction expenses, as well as accruals for contingent consideration on acquisitions ; (vi) adding back FFO attributed to the Company's partners in consolidated joint ventures; (vii) making adjustments to ground lease payments, which are required by GAAP to be amortized on a straight-line basis over the term of the lease, to reflect the actual lease payment; and (viii) state and local tax expense related to the reassessment of prior period assessments.

(2) Calculated as (i) enterprise value divided by (ii) consolidated adjusted earnings before income tax, depreciation and amortization ("Adjusted EBITDA"). The Company's interpretation of Adjusted EBITDA is that EBITDA derived from its investment in unconsolidated joint ventures should be added back to net income (loss) as part of reconciling net income (loss) to Adjusted EBITDA. In addition, Adjusted EBITDA is adjusted to (i) add back write-offs of deferred financing costs on debt extinguishment, both for consolidated and unconsolidated properties; (ii) adding back non-cash stock expense; (iii) adding back impairment related expenses; (iv) adding back acquisition and terminated transaction expenses, as well as accruals for contingent consideration on acquisitions; (v) making adjustments to ground lease payments, which are required by GAAP to be amortized on a straight-line basis over the term of the lease, to reflect the actual lease payment; and (vi) state and local tax expense related to the reassessment of prior period assessments.

(3) Calculated as (i) consolidated adjusted earnings before income tax, depreciation and amortization ("Adjusted EBITDA"), divided by (i) the sum of (A) interest expense, plus (B) preferred share distributions. The Company's interpretation of Adjusted EBITDA is that EBITDA derived from its investment in unconsolidated joint ventures should be added back to net income (loss) as part of reconciling net income (loss) to Adjusted EBITDA. In addition, Adjusted EBITDA is adjusted to (i) add back write-offs of deferred financing costs on debt extinguishment, both for consolidated and unconsolidated properties; (ii) adding back non-cash stock expense; (iii) adding back impairment related expenses; (iv) adding back acquisition and terminated transaction expenses, as well as accruals for contingent consideration on acquisitions; (v) making adjustments to ground lease payments, which are required by GAAP to be amortized on a straight-line basis over the term of the lease, to reflect the actual lease payment; and (vi) state and local tax expense related to the reassessment of prior period assessments.

(4) For purposes of the Annual CIP, the Compensation Committee utilized the following individual-specific performance objectives, which are the same objectives used for the 2015 program:

Chief Executive Officer and Chief Operating Officer:

- meet with each of the top ten institutional investor accounts at least once in 2016;
 - meet with the sales force of two different broker-dealers with significant retail customer bases in an effort to increase interest in the ownership of the Company's common shares; and
- completion of each subordinate's position-specific performance goals outlined below.

Chief Financial Officer and Chief Accounting Officer:

- complete all SEC filings on a timely basis and maintain full compliance with SEC rules and regulations;
- receive an unqualified opinion on the effectiveness of the Company's internal controls over financial reporting in connection with KPMG LLP's audit of the same; and
-

have the Chief Accounting Officer accompany the Chief Executive Officer, the Chief Operating Officer and/or the Chief Financial Officer on at least four investor or lender meetings.

The Compensation Committee chose the performance targets described above to align the Annual CIP with the Company's 2016 goals and objectives as established by management and the Board of Trustees. The Compensation Committee chose the relative weights of the performance measures based on the Compensation Committee's desire to emphasize financial results while maintaining a focus on non-financial initiatives.

The Compensation Committee retains discretion to take into account extraordinary, unusual or infrequently occurring events and transactions to adjust the performance goals used to determine whether or not the components of the Annual CIP are met. For example, the Compensation Committee may take into account effects of items that were not foreseen or contemplated when the performance goals were set by backing out the impact of such events on the performance goals being measured. For 2016, no such adjustments were made to actual amounts reported by the Company.

The Compensation Committee also retains the right to exercise discretion to reduce an incentive payout to ensure that payouts from the plan produce their desired result. The use of discretion was especially important at the time the performance measures were established. If the threshold is not achieved, the NEO could receive no Annual CIP payout.

The participating NEOs satisfied each of the individual-specific performance objectives described above. As a result, each of the participating NEOs was awarded the target cash payment under the AFFO per share metric and maximum cash payment under the EBITDA multiple metric, fixed charge coverage ratio metric and the individual performance-specific objectives. The following table indicates the amounts the participating NEOs may earn for threshold, target and maximum performance and the amount of the cash bonuses that were earned:

	Threshold (as a % of 2016 base salary)	Target (as a % of 2016 base salary)	Maximum (as a % of 2016 base salary)	Actual Bonus Earned (as a % of 2016 base salary)	(in dollars)
Jay H. Shah	75%	150%	200%	185%	\$1,354,200
Neil H. Shah	75%	150%	200%	185%	\$1,306,100
Ashish R. Parikh	75%	125%	150%	143%	\$655,500
Michael R. Gillespie	50%	75%	100%	93%	\$286,750

Long-Term Equity Incentive Programs

The Compensation Committee believes it is important to provide the NEOs with equity incentives to promote retention, incent sustainable growth and long-term value creation, and to further align the interests of the NEOs with those of shareholders by exposing the NEOs to stock price changes during the performance and vesting periods. Awards under the long-term equity incentive programs are both “performance based” and “time based.” To balance annual performance with performance over a longer term, the Compensation Committee uses a mix of long-term equity incentives that include one and three year performance periods. The multi-year long-term incentive programs (“Multi-Year EIPs”) have a three-year performance period followed by a one-year vesting period for awards issued under the programs. The annual long term equity incentive programs (“Annual EIPs”) have a one-year performance period followed by a three-year vesting period for awards issued under the programs. The following illustrates the Multi-Year EIPs and Annual EIPs designed by the Compensation Committee:

(1) Awards can be earned under the Multi-Year EIPs programs based on the achievement of determined levels of Absolute Total Shareholder Return (“TSR”) (37.5% of the potential award), TSR relative to the Company’s peers (37.5% of the potential award), and RevPAR growth relative to the Company’s peers (25.0% of the potential award).

(2) Awards can be earned under the Annual EIP programs based on the achievement of determined levels of Absolute RevPAR growth (40% of the potential award), RevPAR growth relative to the Company’s peers (40% of the potential award), and subjective factors determined by the Compensation Committee (20% of the potential award).

42

Annual Long-Term Equity Incentive Program for 2016 (“Annual EIP”)

The Compensation Committee adopted the Annual EIP for the NEOs, pursuant to which the NEOs are eligible to earn equity awards in the form of stock awards, performance share awards or LTIP Units. The Company must achieve certain financial performance during the performance period in order for 80% of the award to be earned. The remaining portion of the award is granted at the discretion of the Compensation Committee based on its assessment of company and individual performance without regard to pre-defined performance criteria. If awards are earned, the equity securities granted are subject to vesting over a four year period that begins on the first day of the performance period.

The Compensation Committee determined that no payout was earned for the absolute RevPAR metric as threshold performance was not achieved. Further, the Compensation Committee determined that target payout for the Relative RevPAR metric was warranted as performance exceeded threshold. The following table summarizes the threshold, target and maximum levels of performance for the Annual EIP and the Company’s actual 2016 performance in relation to the RevPAR performance goals:

Component/Metric	Weighting	Threshold	Target	Maximum	Actual 2016 Performance
Absolute RevPAR growth	40%	3.0%	4.0%	5.0%	<3.0%
Relative RevPAR growth	40%	2016 Peer Group median + 20 basis points	2016 Peer Group median + 40 basis points	2016 Peer Group median + 60 basis points	+30 basis points
Subjective	20%	N/A	N/A	N/A	Met

In assessing the subjective, discretionary element of the Annual EIP, the Compensation Committee considered, in general, how the NEOs individually and as a group effected transactions that continued the transformation of the Company’s portfolio and continued to strengthen the Company’s financial position. The Compensation Committee believes that the NEOs performance in 2016 positioned the Company for continued growth in 2017.

The Compensation Committee also considered the following:

- The completion of over \$1.0 billion in hotel transactions, adding to the Company’s presence in the strategic growth markets of Boston, Washington, DC and the West Coast, while working to reduce exposure to challenging markets.
- Capital recycling efforts that produced over \$180 million of gains on property sales, increasing the Company’s Net Income to \$96 million, or \$2.18 per diluted common share, in 2016 compared to Net Income of \$27 million, or \$0.56 per diluted common share in 2015.
- The achievement of Average Daily Rates (“ADR”) of \$207 and Revenue Per Available Room (“RevPAR”) of \$171, for the Company’s core portfolio, both record highs for the Company, while registering sector leading EBITDA Margins of 37.0%.

As a result of these contributions and the performance with respect to the relative RevPAR growth performance measure established under the Annual EIP, the Compensation Committee approved the following awards for the NEOs in March 2017:

NEO	Dollar Value of Possible Equity Awards (Threshold to Maximum)(1)	Dollar Amount of Annual EIP Awards	Number of Restricted

Neil H. Shah	\$1,235,500 to \$1,588,500	\$882,500	41,374
Ashish R. Parikh	\$460,000 to \$690,000	\$368,000	17,253
Michael R. Gillespie	\$232,500 to \$310,000	\$186,000	8,721

(1)Threshold amounts presented as an aggregate of the threshold amounts achievable for each component/metric. As noted, failure to achieve Absolute RevPAR growth at or above a threshold level resulted in no payout for that component of the Annual EIP awards and the dollar amount of Annual EIP awards earned was less than the aggregate threshold potential.

(2)Determined by dividing the dollar amount of the award under the Annual EIP by \$21.33, the per share volume weighted average trading price of the Company’s common shares on the NYSE for the 20 trading days prior to and including December 31, 2016. The awards issued to the NEOs pursuant to the Annual EIP vest as follows: 25% on the date of grant and 25% on each of December 31, 2017, 2018 and 2019.

Multi-Year Long-Term Equity Incentive Programs (“Multi-Year EIPs”)

In 2014, 2015 and 2016, the Compensation Committee adopted multi-year long-term incentive programs (“2014 Multi-Year EIP,” “2015 Multi-Year EIP,” and “2016 Multi-Year EIP,” collectively the “Multi-Year EIPs”) and granted awards pursuant to the programs to the NEOs. The awards pursuant to the Multi-Year EIPs consisted of agreements to issue equity awards where the number of awards issued is not determined until the end of a three-year performance period. The 2014 Multi-Year EIP commenced on January 1, 2014 and ended on December 31, 2016. The 2015 Multi-Year EIP commenced on January 1, 2015 and ends on December 31, 2017, and the 2016 Multi-Year EIP commenced January 1, 2016 and ends on December 31, 2018.

Once the Compensation Committee determines the awards have been earned and the equity underlying the awards has been issued, one-half of the equity awards will remain subject to time-based forfeiture provisions. Common shares, LTIP Units or a combination of common shares and LTIP Units may be used to settle awards under the programs, if the awards are earned based on the metrics described above. Any equity awards pursuant to the programs will be made under the Company’s 2012 Equity Incentive Plan or any other equity incentive plan approved by the Company’s shareholders.

The following table summarizes the metrics used to determine awards to issued under the Multi-Year EIPs:

Metric	Weighting			Threshold	Target	Maximum
	2014 Multi-Year EIP	2015 Multi-Year EIP	2016 Multi-Year EIP			
Absolute TSR	37.5%	37.5%	37.5%	10.0%	12.0%	14.0%
Relative TSR(1)	37.5%	37.5%	37.5%	Peer Group median - 150 basis points	Peer Group median + 50 basis points	Peer Group median + 250 basis points
Relative RevPAR(1)	25.0%	25.0%	25.0%	Peer Group median + 25 basis points	Peer Group median + 50 basis points	Peer Group median + 75 basis points

(1)Relative TSR and Relative RevPar performance is determined by comparing the performance of the 2014 Peer Group for the 2014 Multi-Year EIP, the 2015 Peer Group for the 2015 Multi-Year EIP, and the 2016 Peer Group for the 2016 Peer Group over the same performance period.

Actual performance under the 2014 Multi-Year EIP was as follows:

Metric	Threshold	Target	Maximum
--------	-----------	--------	---------

Edgar Filing: HERSHA HOSPITALITY TRUST - Form DEF 14A

				Actual 2014 Multi-Year EIP Performance
Absolute TSR	10.0%	12.0%	14.0%	10.2%
Relative TSR	Peer Group median - 150 basis points	Peer Group median + 50 basis points	Peer Group median + 250 basis points	< -150 basis points
Relative RevPAR	Peer Group median + 25 basis points	Peer Group median + 50 basis points	Peer Group median + 75 basis points	> +75 basis points

44

For the 2014 Multi-Year EIP, the Compensation Committee determined that a threshold payout for the Absolute TSR and a maximum payout for the Relative RevPAR metric was warranted. No amounts were awarded under the Relative TSR metric as performance was below the threshold level of performance. As a result, the Compensation Committee approved the following awards for the NEOs in March 2017:

NEO	Dollar Value of Possible Equity Awards (Threshold to Maximum)(1)	Dollar Amount of Multi-Year EIP Awarded(1)	Number of Restricted LTIP Units Awarded(2)
Hasu P. Shah	\$225,000 to \$375,000	\$178,125	7,982
Jay H. Shah	\$600,000 to \$1,000,000	\$475,000	21,282
Neil H. Shah	\$600,000 to \$1,000,000	\$475,000	21,282
Ashish R. Parikh	\$225,000 to \$375,000	\$178,125	7,982
Michael R. Gillespie	\$71,250 to \$118,750	\$56,406	2,529

- (1) Threshold amounts presented as an aggregate of the threshold amounts achievable for each component/metric. As noted, failure to achieve Relative TSR at or above a threshold level resulted in no payout for that component of the Multi-Year EIP awards and the dollar amount of Multi-Year EIP awards earned was less than the aggregate threshold potential.
- (2) Determined by dividing the dollar amount of the award under the Multi-Year EIP by \$22.32, the per share volume weighted average trading price of the Company's common shares on the NYSE for the 20 trading days prior to and including December 31, 2013. The awards issued to the NEOs pursuant to the Multi-Year EIP vest as follows: 50% on the date of issuance and 50% on December 31, 2017.

The equity awards issuable pursuant to the 2015 Multi-Year EIP and the 2016 Multi-Year EIP will be determined and issued to the NEOs in the first quarter of 2018 and 2019, respectively, if earned. The number of shares or units awarded pursuant to the programs will be based on a specified dollar amount for each NEO divided by the 20-day volume weighted average closing price of the Company's common shares on the New York Stock Exchange as of December 31, 2014 and December 31, 2015, respectively.

The following table sets forth the potential equity awards for each of the 2015 Multi-Year EIP and 2016 Multi-Year EIP, in terms of dollar value, that each NEO may earn for each program:

NEO	Dollar Value of Possible Equity Awards
Hasu P. Shah	\$225,000 to \$375,000
Jay H. Shah	\$600,000 to \$1,000,000
Neil H. Shah	\$600,000 to \$1,000,000
Ashish R. Parikh	\$225,000 to \$375,000
Michael R. Gillespie	\$71,250 to \$118,750

Distributions on the common shares and/or LTIP Units issuable pursuant to the 2015 Multi-Year EIP and the 2016 Multi-Year EIP accumulate from the beginning of the performance period and will be paid in cash when, and to the extent that, the common shares and/or LTIP Units issuable pursuant to the program are issued. It is the Compensation Committee's intention to make the multi-year long term incentive program a rolling program, and a similar program has been put in place in 2017, with a performance period that commenced on January 1, 2017 and will end on December 31, 2019.

Benefits

Benefits are established based upon an assessment of competitive market factors and a determination of what is required to attract and retain talent, as well as provide long-term financial security to the Company's employees and their families. The Compensation Committee periodically considers benefit levels based on competitive influences, as well as the cost of the programs to the Company relative to the value to employees. The Company's primary benefits for executive officers include participation in the Company's health, dental and vision plans, 401(k) plan and various insurance plans, including disability and life insurance, on the same basis as any other employee. The Company does not match employee contributions to its 401(k) plan, including contributions made

by named executive officers. Except as described in this paragraph, the Company does not provide NEOs with other benefits or perquisites.

Dual Role Structure

In establishing the compensation for Mr. Neil Shah, President and Chief Operating Officer, the Compensation Committee considers the dual roles that Mr. Neil Shah serves for the Company. Mr. Neil Shah is currently the President and Chief Operating Officer of the Company and serves as the Chief Investment Officer and Head of Asset Management. These roles are typically performed by multiple executive level individuals. The Compensation Committee has worked with FPL, our Compensation Consultant, to put together a pay structure for Mr. Neil Shah that incorporates these additional duties and the leadership role that Mr. Neil Shah serves in these dual roles. The Compensation Committee believes that the overall compensation for Mr. Neil Shah is commensurate for the dual roles that he serves within the Company.

In addition, the Compensation Committee considers the compensation of Mr. Neil Shah as a part of a broader analysis of the aggregate pay level of our NEOs to ensure that, on a total pay basis across our executive team, it is appropriate when compared to our peers.

Contractual Arrangements

The Company has entered into employment agreements with Hasu P. Shah, Jay H. Shah, Neil H. Shah, Ashish R. Parikh and Michael R. Gillespie. The terms of these employment agreements include provisions related to payments to be made to the officers for events related to changes of control of the Company. These employment agreements are described under “Executive Compensation - Agreements with Executive Officers and Potential Payments Upon Termination or Change-in-Control” below. The Compensation Committee believes it is appropriate for the Company to have an employment agreement with the executive officers to support stable and highly competent management on a long-term basis.

The Compensation Committee believes that the employment agreements serve the interests of the Company and its shareholders by ensuring that if a hostile or friendly change of control is ever under consideration, its executives will be able to advise the Board of Trustees about the potential transaction in the best interests of shareholders, without being unduly influenced by personal considerations, such as fear of the economic consequences of losing their jobs as a result of a change of control. The change of control provisions of the employment agreements include so-called double triggers, which mean that benefits become available to executives under the agreements only upon a change of control followed by termination of the executive without cause or resignation by the executive for good reason. The Compensation Committee believes that a double trigger appropriately protects the legitimate interests in employment security without unduly burdening the Company or shareholder value.

Stock Ownership Guidelines

To further align the interests of the Company’s trustees and executive officers with the interests of our shareholders, the Board has established minimum share ownership guidelines that apply to all non-management trustees and named executive officers. Non-employee trustees are required to own Company shares equal in value to at least five times the annual cash retainer paid to non-management trustees. In addition, the Company’s executive officers are required to own Company shares equal in value to a multiple of such executive’s base salary as follows: Chairman of the Board: 4 times; Chief Executive Officer: 6 times; President and Chief Operating Officer: 6 times; Chief Financial Officer: 3 times; and Chief Accounting Officer and all other named executive officers: 1 times.

All trustees and executives are expected to achieve this minimum ownership within three years of assuming the relevant positions with the Company. For the purpose of these guidelines, a person shall be deemed to own all Company shares beneficially owned by such person within the meaning of the United States federal securities laws, including for these purposes preferred shares of the Company, common shares of the Company, operating partnership units (including LTIP Units) in Hersha Hospitality Limited Partnership and other securities issued by the Company or its subsidiaries that are exercisable for, convertible into or exchangeable for common shares of the Company.

Compensation-Related Risk

The Compensation Committee oversees the compensation policies and plans for all employees. The Company's senior management, at the request of the Compensation Committee, has assessed the Company's compensation programs and has concluded that they do not create risks that are reasonably likely to have a material adverse effect on the Company.

As part of its annual risk assessment, the Company's senior management, with oversight from Risk Sub-Committee of the Audit Committee, analyzed whether the Company's compensation policies and practices, including non-executive officer compensation practices, could reasonably have a material adverse effect on the Company. This assessment focused primarily on the design of the Company compensation programs and practices for executive officers and employees as it relates to the business risks that the Company faces. Specifically, management considered the fact that employees, other than the NEOs who participate in the executive compensation program described in this proxy statement, receive only a small percentage of their total compensation in the form of variable, performance-based compensation. Further, performance-based compensation to executive officers is primarily in the form of equity awards, which the Company believes encourages actions for long term shareholder value, rather than short term risk-taking that could materially and adversely affect the Company's business. The Company's senior management also considered the active role played by the Compensation Committee and the overall design of the executive compensation program, which the Company's senior management believes encourages an appropriate level of risk taking, creates long-term shareholder value and avoids unnecessary or excessive levels of enterprise risk.

In addition, the Company's senior management discussed its assessment of the Company's compensation practices and programs and whether those practices and programs create risks that could reasonably be expected to have a material adverse effect on the Company. Based on its assessment, the Company's senior management has concluded that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. Upon completion of the risk assessment, the Company's senior management reported its findings to the Compensation Committee and discussed with the Compensation Committee those findings in light of the disclosure requirements under applicable SEC rules.

2017 Executive Compensation Program

The Compensation Committee, in consultation with FPL, has conducted a comprehensive review of the Company's executive compensation arrangements, including a comparison of compensation practices at several peer companies. As a result of that review, and in preserving the previously stated Compensation Philosophy, on March 16, 2017, the Compensation Committee adopted the 2017 executive compensation program for the NEOs as indicated below. The structure of the 2017 executive compensation program is substantially the same as the 2016 program.

Base Salary

The Compensation Committee and FPL undertook a review of base salary practices at peer companies. Based on that review, in furtherance of the Committee's philosophy of targeting the 50th percentile of compensation practices at peer companies, and taking into consideration the Company's recent performance, the Committee increased 2017 base salaries for the NEOs by between 3.1% and 4.8% over 2016 levels.

2017 Annual Cash Incentive Program ("2017 Annual CIP")

Consistent with the 2016 Annual CIP, 80% of the 2017 Annual CIP award will be based on the achievement of Company performance goals. Minimum payouts to be made to the NEOs for achieving the performance goals range from 50% to 100% of the participating NEOs' 2017 base salary. Maximum payouts to be made to the NEOs for achieving the maximum performance goals range from 125% to 200% of the participating NEOs' 2017 base salary. The Compensation Committee retains discretion to determine the actual payout within the range established for each NEO if the Company and individual-specific performance goals are achieved for the 2017 performance year.

The Compensation Committee has adopted a policy that allows the NEOs to elect to receive payouts, if any, under the 2017 Annual CIP in LTIP Units or cash. For payments elected in LTIP Units, the NEO will receive a 25% premium. LTIP Units issued will be subject to a two-year vesting period from the date of issuance. Each NEO has elected to receive 100% of payouts, if earned, under the 2017 Annual CIP in LTIP Units.

2017 Annual Long-Term Equity Incentives (“2017 Annual EIP”)

Consistent with the 2016 Annual EIP, 80% of the 2017 Annual EIP will be based on the achievement of Company performance goals and the remaining 20% of the award is subject to the sole discretion of the Committee. The peer group for assessing relative performance components in 2017 is identical to the 2016 Peer Group. All of the common shares and/or LTIP Units subject to these equity awards will be granted subject to time-based forfeiture restrictions that will lapse over a four-year period.

The following table sets forth the potential equity awards for the 2017 Annual EIP, in terms of dollar value, that each NEO may earn:

NEO	Dollar Value of Possible Equity Awards
Hasu P. Shah	\$375,000 to \$500,000
Jay H. Shah	\$1,312,500 to \$1,687,500
Neil H. Shah	\$1,268,750 to \$1,631,250
Ashish R. Parikh	\$475,000 to \$831,250
Michael R. Gillespie	\$243,750 to \$406,250

2017 Multi-Year Long-Term Equity Incentives (“2017 Multi-Year EIP”)

Consistent with the 2016 Multi-Year EIP, the Compensation Committee adopted a multi-year long-term incentive program and granted awards pursuant to the program to the NEOs. The performance period commenced on January 1, 2017 and ends on December 31, 2019. Once the Compensation Committee determines the awards have been earned, which will not occur until the first quarter of 2020, and the common shares and/or units underlying the awards have been issued, if any, one-half of the equity awarded will remain subject to time-based forfeiture provisions.

The following table sets forth the potential equity awards for the 2017 Multi-Year EIP, in terms of dollar value, that each NEO may earn:

NEO	Dollar Value of Possible Equity Awards
Hasu P. Shah	\$300,000 to \$450,000
Jay H. Shah	\$800,000 to \$1,200,000
Neil H. Shah	\$800,000 to \$1,200,000
Ashish R. Parikh	\$300,000 to \$450,000
Michael R. Gillespie	\$100,000 to \$150,000

- (1) The amounts in “Stock Awards” for 2016 include the aggregate grant date fair value of LTIP Units, some of which are subject to time-based forfeiture restrictions, issued to the named executive officers in March 2017 pursuant to the 2016 Annual EIP following completion of the one-year performance period and pursuant to the 2014 MYEIP following completion of the three-year performance period. The aggregate grant date fair value of these LTIP Units has been computed in accordance with FASB ASC Topic 718. These amounts are based on the performance levels determined to be achieved by the Compensation Committee for each component of the 2016 Annual EIP and the relative RevPAR component of the 2014 MYEIP. The performance levels are described in “Compensation Discussion and Analysis— Components of Executive Compensation.” The aggregate grant date fair value of these awards was determined by multiplying the number of LTIP Units granted to the NEO by \$18.53, the closing price of the Company’s common shares on the NYSE on March 28, 2017.

The amounts in “Stock Awards” for 2016 also include the aggregate grant date fair value of the right to receive common shares, LTIP Units, or a combination of common shares and LTIP Units following completion of the three-year performance period under Absolute TSR and Relative TSR components of the 2016 Multi-Year EIP. These amounts are based on the probable outcome of the performance conditions established by the Compensation Committee in March of 2016, which are described in “Compensation Discussion and Analysis— Components of Executive Compensation” above. The aggregate grant date fair value of these awards has been computed in accordance with FASB ASC Topic 718. For additional information relating to assumptions made in the valuation of the awards pursuant to the 2016 Multi-Year EIP, please refer to footnote 8 to our audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2016.

- (2) As described in “Compensation Discussion and Analysis— Components of Executive Compensation” above, the amounts in the “Non-Equity Incentive Plan Compensation” column for 2016 represent the actual amounts paid to the named executive officers other than Mr. Hasu Shah pursuant to the Company’s Annual CIP for 2016. A portion of these amounts were paid to the named executive officers other than Mr. Hasu Shah in January of 2017 with the remaining balance paid in March 2017 after the performance period had been completed and the actual level of performance had been determined. The estimated possible payouts under this program appear under the column “Estimated Possible Payouts Under Non-Equity Incentive Plan Awards” in the Grants of Plan-Based Awards Table.
- (3) Includes insurance premiums paid by the Company for medical, dental and life insurance benefits.

As described in “Compensation Discussion and Analysis—Components of Executive Compensation” above, the Company does not grant equity awards under the 2016 Annual EIP or the 2016 Multi-Year EIP until the applicable performance period has been completed and the actual level of performance achieved has been determined. The performance period under the 2016 Annual EIP began on January 1, 2016 and was completed on December 31, 2016. In March of 2017, the Compensation Committee determined that the named executive officers had achieved a certain level of performance under the 2016 Annual EIP and the Company awarded an aggregate of 122,727 LTIP Units to the NEOs.

The performance period under the 2016 Multi-Year EIP began on January 1, 2016 and will not be completed until December 31, 2018. The Compensation Committee intends to determine the actual level of performance under the 2016 Multi-Year EIP during the first quarter of 2019. Estimated future payouts under the Company’s 2016 Multi-Year EIP appear under the column “Estimated Future Payouts Under Equity Incentive Plan Awards” in the Grants of Plan-Based Awards Table for 2016.

The 2012 Equity Incentive Plan, as amended (“the 2012 Plan”), allows for LTIP Units as a type of award available. The LTIP Units granted are subject to the same time-based vesting conditions that apply to restricted stock awards.

Initially, all LTIP Units will not have full parity with HHLP’s common units with respect to liquidating distributions. Upon the occurrence of certain “book-up” events described in the partnership agreement, LTIP Units can, over time, achieve full parity with our operating partnership’s common units for all purposes, and therefore accrete to an economic value equivalent to one common share. If such parity is reached, vested LTIP Units may be redeemed for cash in an amount equal to the then fair market value of an equal number of Hersha common shares or converted into an equal number of Hersha common shares, as determined by Hersha at its election.

(2) Represents the range of potential cash payouts to be made to the named executive officers other than Mr. Hasu Shah pursuant to the Company's Annual CIP. Under this program, cash payments were made to Messrs. Jay Shah, Neil Shah, Parikh and Gillespie in January and March 2017 in the amounts shown in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

(3) Awards pursuant to the 2016 Annual EIP are denominated in dollars, but are payable in common shares, LTIP Units, or a combination of common shares and LTIP Units based on the volume-weighted average price of the common shares for the 20 trading days prior to and including December 31, 2016, as reported by the NYSE, or \$21.33 per share. On March 28, 2017, the Company issued an aggregate of 122,727 LTIP Units to the NEOs pursuant to the 2016 Annual EIP. Agreements with Executive Officers and Potential Payments Upon Termination or Change-in-Control

As described above under the heading "Compensation Discussion & Analysis - Contractual Arrangements," the Company has entered into employment agreements with Hasu P. Shah (Chairman of the Board), Jay H. Shah (Chief Executive Officer), Neil H. Shah (President and Chief Operating Officer), Ashish R. Parikh (Chief Financial Officer) and Michael R. Gillespie (Chief Accounting Officer). Each agreement was for an initial term through December 31, 2014. The employment agreements have renewed for additional successive one-year terms, the latest of which expire on December 31, 2017. The employment agreements will continue to renew for successive one year periods unless terminated by either party.

Each employment agreement provides for the payment of a minimum annual base salary to the executive officer, subject to any increase approved by the Board of Trustees. In addition, each executive officer is eligible to receive other incentive compensation, which may include common shares and LTIP Units in accordance with rules and criteria established by the Compensation Committee and approved by the Board of Trustees. Each of the employment

agreements also contains certain confidentiality, non-competition and non-recruitment provisions.

Each of the employment agreements provides for cash payments and the provision of other benefits to the executive officer upon the occurrence of certain triggers. These triggers include the executive officer's voluntary termination, the executive officer's termination without cause (other than a termination without cause during the 12-month period following a change of control), the executive officer's termination with cause, the executive officer's death or disability and the executive officer's termination without cause or resignation for good reason

within 12 months of a change of control. In addition, unvested LTIP Units issued on or after December 23, 2014 will be subject to accelerated vesting under certain conditions (termination without cause, termination due to death or disability or in the event of a change of control, as defined in the 2012 Plan), provided the executive officer has remained in the continuous employ of the Company until the date of such termination or the date of the change in control.

The following tables set forth the total cost that the Company would have incurred and the payments the named executive officers would have received if they were terminated as of December 31, 2016 under the terms of the employment agreements, assuming such agreements were in place as of December 31, 2016:

Michael R. Gillespie	\$ 807,502	\$ 34,253	16,287	\$ 350,170	\$ 1,191,924

- (1) Each employment agreement provides that upon a termination without cause or a resignation for good reason within 12 months following a change of control, the Company will fully vest the executive officer in any outstanding awards made pursuant to the Company's 2012 Plan or any other equity compensation plan adopted by the Company. The 2014 Multi-Year EIP, the 2015 Multi-Year EIP and the 2016 Multi-Year EIP provides for the right to receive common shares and/or LTIP Units based on the performance level achieved to date upon termination without cause or a resignation for good reason within 12 months following a change of control. In addition, the Company will pay to the executive officer, in a lump sum, the following:
- the executive officer's base salary and expenses reimbursable, each through the date of the termination;
 - a severance payment equal to a multiple of the sum of: (i) the executive officer's then annual base salary, (ii) the maximum annual bonus that the executive officer could earn for the year that includes the date of termination (or if no maximum bonus amount has been set, the executive officer's target bonus for that year) and (iii) the fair market value (determined as of the date of the change of control) of the share award(s) or other equity-based awards received by the executive officer for the year that includes the date of termination (or if no such awards were made in that year, the next preceding year in which the effected executive officer received such an award). For purposes of calculating the severance payment, the following multiples apply: Hasu P. Shah–2x; Jay H. Shah–2.99x; Neil H. Shah–2.99x; Ashish R. Parikh–2x; and Michael R. Gillespie–1x; and
 - the premiums paid for the executive officer's medical and dental insurance benefits for a period of 18 months after termination.

The severance payment was calculated for each named executive officer by taking the sum of (i) each executive's 2016 annual base salary, (ii) the maximum annual cash bonus for 2016 under the 2016 Annual EIP, and (iii) the fair value of the maximum number of common shares and/or LTIP Units issuable under the 2016 Annual EIP (which were issued in March 2017 in the form of LTIP Units), and multiplying that sum by each named executive officer's defined multiple. The fair value of the number of common shares and/or LTIP Units issuable under the 2016 Annual EIP was based on a per share value of \$21.50, which was the closing market price of the Company's common shares on December 31, 2016.

- (2) Represents the sum of the number of unvested LTIP Units (excluding the LTIP Units granted on March 30, 2017 pursuant to the 2016 Annual EIP which are factored into the change of control cash payment described in footnote 1 to this table), the LTIP Units granted on March 30, 2017 pursuant to the 2014 Multi-Year EIP, the

number of common shares and/or LTIP Units issuable pursuant to the 2014 Multi-Year EIP and the number of common shares and/or LTIP Units issuable pursuant to the 2015 Multi-Year EIP. The amount presented also excludes the number of common shares and/or LTIP Units issuable pursuant to the 2017 Annual EIP and the 2017 Multi-Year EIP as those programs were not in existence as of December 31, 2016.

- (3) Calculated by multiplying the number of shares to vest upon termination by \$21.50, which was the closing market price of the Company's common shares as of December 31, 2016.
- (4) The benefits payable to the named executive officers on account of a change in control, including on account of a termination without cause or resignation with good reason, within 12 months after a change in control, could constitute excess parachute payments under Section 280G the Code. A named executive officer who receives excess parachute payments would be liable for the 20% excise tax on a portion of the parachute payments, and the Company would not be permitted to claim a federal income tax deduction for a portion of the parachute payments. The amended and restated employment agreements between the Company and each of the named executive officers provides that the Company will not indemnify the executive for any parachute payment excise tax liability. However, the total cash amounts payable to a named executive officer may be reduced if and only to the extent that a reduction will allow the named executive officer to receive a greater net after tax amount than executive would receive absent such reduction.

PROPOSAL TWO - ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that the Company provide shareholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC.

This vote is advisory, which means that the vote on executive compensation is not binding on the Company, the Board of Trustees or any of its committees. The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of the Company's named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC.

As described in greater detail under the heading "Compensation Discussion and Analysis," the Company seeks to maintain an executive compensation program that is directly tied to maximizing long-term shareholder value. To achieve this goal, the three primary tenants of the Company's executive compensation philosophy are:

- align compensation structure with business growth strategies;
- pay for performance; and
- pay competitively to attract, motivate and retain talented executives.

To ensure that the Company's executive compensation program was structured accordingly, at the beginning of 2016, the Compensation Committee retained FPL as its independent compensation consultant to assist the committee in studying the Company's executive compensation structure as well as those of the Company's peer companies. Seeking to compensate the named executive officers at approximately the median (50th percentile) of the peer group companies, and to achieve the compensation goals describe above, the Compensation Committee implemented the following:

- Developed a performance based cash bonus plan tied 80% to achievement of key financial metrics, tied to earnings and balance sheet strength, and 20% to each executive's specific performance goals. Target awards under the plan were geared toward the median of the peer group companies.
- Developed one year and multi-year long term incentive plans that are both performance and service based with target awards tied to the median of the peer group companies.
- Based the awards under the one year long term incentive plan 80% on RevPAR growth (both absolute and relative to our peer).
- Based awards under the multi-year long term incentive plan 75% on total shareholder return (TSR): 37.5% of which is based on the Company's absolute TSR over a three year performance period and 37.5% of which is focused

on the Company's TSR over a three year performance period relative to the peer group. The remaining 25% of the awards under the multi-year long term incentive plan is based on the Company's growth in RevPAR over a three year performance period relative to the peer group.

- Set base salary for all NEOs except for one below the median salary for the comparable position in the peer group companies.

At the outset of 2016, the Compensation Committee believed this was the right compensation structure to incentivize the NEOs to drive performance and shareholder return for the Company.

Management undertook several initiatives in 2016 to execute its strategic plan and continue the Company's transformation.

- In 2016, Hersha completed over \$1.0 billion in hotel transactions, adding to presence in the strategic growth markets of Boston, Washington, DC and the West Coast. The Company has worked to reduce exposure to

challenging markets, while simultaneously refining its geographic footprint to higher barrier-to-entry urban gateway and destination markets, with an emphasis on younger, higher growth hotels that dominate the lifestyle and luxury segments.

- Hersha's capital recycling efforts produced over \$180 million of gains on property sales, with Net Income increasing to \$95.6 million, or \$2.18 per diluted common share, in 2016 compared to Net Income of \$27.4 million, or \$0.56 per diluted common share, in 2015.
- Hersha's core portfolio achieved Average Daily Rates ("ADR") of \$207 and Revenue Per Available Room ("RevPAR") of \$171, both record highs for the Company, while registering sector leading EBITDA Margins of 37.0%.

As described in more detail under "Compensation Discussion and Analysis," the Company achieved certain performance metrics set by the Compensation Committee, and each NEO achieved his personal performance objectives. As a result, more than 79% of the actual total compensation paid to our CEO and 74% of the actual total compensation paid to our other NEOs for 2016 was performance based. Additionally, more than 40% of the actual total compensation paid to the NEOs for 2016 was in the form of equity awards.

For these reasons and others, the Board of Trustees believes the Company's executive compensation program is meeting the objectives of the program—the NEOs are driving the Company's key performance metrics and providing outsized TRS to the Company's shareholders. Accordingly, the Board of Trustees unanimously recommends that you vote "FOR" the following resolution on executive compensation:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2017 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

The Board of Trustees unanimously recommends a vote "FOR" the approval of the compensation of the company's named executive officers as disclosed in this proxy statement.

PROPOSAL THREE - ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that the Company provide shareholders with the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently to vote on future advisory votes on the compensation of the Company's named executive officers as disclosed in accordance with the compensation disclosure rules of the SEC Commission.

Shareholders may indicate whether they would prefer that the Company conduct future advisory votes on executive compensation once every one, two, or three years. Shareholders also may abstain from casting a vote on this proposal.

The Board of Trustees has determined that an advisory vote on executive compensation that occurs once every year is the most appropriate alternative for the Company and therefore the Board of Trustees recommends that you vote for a one-year interval for the advisory vote on executive compensation.

This vote is advisory, which means that the vote on executive compensation is not binding on the Company, the Board of Trustees or any of its committees. The Company recognizes that shareholders may have different views as to the best approach for the Company, and therefore we look forward to hearing from shareholders as to their preferences on the frequency of an advisory vote on executive compensation. The Board of Trustees and the Compensation Committee will take into account the outcome of the vote; however, when considering the frequency of future advisory votes on executive compensation, the Board of Trustees may decide that it is in the best interests of the Company to hold an advisory vote on executive compensation more or less frequently than the frequency receiving the most votes cast by shareholders.

The proxy card provides shareholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstain from voting) and, therefore, shareholders will not be voting to approve or disapprove the recommendation of the Board of Trustees.

The Board of Trustees unanimously recommends a vote for the option of "ONCE EVERY ONE YEAR" as the preferred frequency for advisory votes on executive compensation.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Party Transactions

The Acquisition Committee of the Board of Trustees, which was comprised of four independent trustees at December 31, 2016, considers questions of possible conflicts of interest with regard to related party transactions and attempts to ensure that proper safeguards are in place and are being followed when the Company enters into related party transactions. This policy is set forth in the Acquisition Committee's written charter, which is available on the Company's website. A majority of the members of the Acquisition Committee must approve the terms of each acquisition from or loan to a related party; however, this requirement is not expressly set forth in the Acquisition Committee's written charter.

The Board of Trustees has a policy regarding the approval of any "related person transaction," which is defined as any transaction or series of transactions in which the Company or any of its subsidiaries is to be a participant, the amount involved exceeds \$120,000, and a "related person" (as defined in Item 404 of Regulation S-K promulgated by the SEC) has a direct or indirect material interest. Related person transactions must be approved by a majority of the Company's independent trustees; however, if the related person transaction involves an acquisition from or development loan to a related person, the transaction will be referred to the Acquisition Committee for its approval as described above. The Board of Trustees' policy requires any independent trustee with a direct or indirect interest in the transaction to excuse himself from any consideration of the related person transaction in which he has an interest.

Transactions with Trustees and Officers

In connection with the Company's initial public offering, the Company entered into an option agreement with the following members of the Company's management team: Hasu Shah, Jay Shah, Neil Shah, and David Desfor. Pursuant to this agreement, the Company had the option to purchase any hotel owned or developed by these individuals or their affiliates that was within fifteen miles of any of the Company's hotels or any hotel subsequently acquired by the Company for two years after such acquisition or development. In September 2003, the parties to this agreement amended the option agreement so that (a) the right of first refusal now applies to all hotels owned or developed by the parties, regardless of proximity to the Company's hotels, and (b) the right of first refusal applies to each party until one year after such party ceases to be an officer or trustee. The option agreement, as amended, terminates with respect to each of the affiliates covered by the agreement one year after each such affiliate ceases to be a trustee, officer, partner or employee of the Company. Since January 1, 2010, the Company did not acquire, or agree to acquire, hotels from entities controlled by related persons. As of the date of this proxy statement, the Company does not have any plans to acquire any hotels from affiliates of the Company pursuant to the option agreement or otherwise.

Management Agreements with HHMLP

The Company's wholly owned taxable REIT subsidiary ("TRS"), 44 New England, engages eligible independent contractors, including Hersha Hospitality Management LP ("HHMLP"), as the property managers for hotels it leases from the Company pursuant to management agreements. The Company's management agreements with HHMLP generally provide for five-year terms and are subject to early termination upon the occurrence of defaults and certain other events described therein. As required under the REIT qualification rules, HHMLP must qualify as an "eligible independent contractor" during the term of the management agreements. Under the management agreements, HHMLP generally pays the operating expenses of the Company's hotels from hotel revenue. All operating expenses or other expenses incurred by HHMLP in performing its authorized duties are reimbursed or borne by the Company's TRS to

the extent the operating expenses or other expenses are incurred within the limits of the applicable approved hotel operating budget. HHMLP is not obligated to advance any of its own funds for operating expenses of a hotel or to incur any liability in connection with operating a hotel. Management agreements with other unaffiliated hotel management companies have similar terms.

61

As of December 31, 2016, HHMLP managed 42 of the properties leased to the Company's TRS and eight hotels that are owned by an entity for which we hold an interest through our investment in an unconsolidated joint venture. For its services, HHMLP receives a base management fee, and if a hotel exceeds certain thresholds, an incentive management fee. The base management fee for a hotel is due monthly and is equal to 3% of gross revenues associated with each hotel managed for the related month. The incentive management fee, if any, for a hotel is due annually in arrears on the ninetieth day following the end of each fiscal year and is based upon the financial performance of the hotel. For the year ended December 31, 2016 the Company paid no incentive management fees to HHMLP. For the year ended December 31, 2016, base management fees incurred totaled \$13.0 million. Hasu P. Shah, Jay H. Shah, Neil H. Shah, and David L. Desfor, executive officers and/or trustees of the Company, collectively own a 24.5% interest in HHMLP.

Accounting and Information Technology Services Provided by HHMLP

HHMLP provides accounting and information technology services for the Company. Monthly fees for accounting services are between \$2,000 and \$3,000 per wholly owned property. Monthly information technology fees are between \$1,000 and \$2,000 per wholly owned property and for the corporate headquarters. For the year ended December 31, 2016, the Company incurred accounting fees of \$1.4 million and information technology fees of \$0.5 million.

Capital Expenditure Services Provided by HHMLP

HHMLP charges a 5% fee on all capitalized expenditures and pending renovation projects at the properties as compensation for procurement services related to capital expenditures and for project management of renovation projects. For the year ended December 31, 2016, the Company incurred fees of approximately \$1.3 million, which were paid to HHMLP.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Trustees is composed of four trustees, all of whom are independent under the standards of the NYSE and the SEC, and the Audit Committee operates under a written charter adopted by the Board of Trustees. The Audit Committee reviews audit fees and recommends to the Board of Trustees the selection of the Company's independent accountants. Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the Public Company Accounting Oversight Board (the "PCAOB") standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes and to report thereon to the Board of Trustees. In this context, the Audit Committee has met and held discussions with management and KPMG LLP, the Company's independent registered public accounting firm for the 2016 fiscal year.

Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and KPMG LLP.

The Audit Committee has discussed with KPMG LLP the matters required to be discussed by the requirements of the PCAOB.

The Audit Committee also has received the written disclosures and the letter from KPMG LLP required by the applicable requirements of the PCAOB relating to KPMG LLP's communications with the Audit Committee concerning independence, and has discussed with KPMG LLP that firm's independence.

Based upon the Audit Committee's review and discussions with management and KPMG LLP referred to above, the Audit Committee recommended that the Board of Trustees include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 filed with the Securities and Exchange Commission.

THE AUDIT COMMITTEE,

INFORMATION ABOUT THE COMPANY'S INDEPENDENT AUDITORS

KPMG LLP served as the Company's independent auditors for the 2016 fiscal year. The Company anticipates that two representatives from KPMG LLP will attend the annual meeting and these persons will have an opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The fiscal year 2015 was the fifth year KPMG LLP's lead engagement partner served on the Company's audit. Consistent with applicable regulations and the Company's own policy, the fiscal year 2016 engagement was led by a new engagement partner. In its role of overseeing the relationship with the Company's independent auditor, the Audit Committee played an active role in working with KPMG LLP to select a lead engagement partner with an appropriate level of relevant public company experience in the Company's industry. This included interviewing potential candidates and verifying references to substantiate the partner's relevant public company and industry experience.

The Audit Committee reviews with management and KPMG LLP the results of the independent accountants' review of the unaudited financial statements that are included in the Company's quarterly reports on Form 10-Q. The Audit Committee also reviews the fees charged by the Company's independent accountants.

KPMG LLP was Hersha's independent registered public accounting firm for the 2016 and 2015 fiscal years and billed, or expects to bill, the following fees for fiscal 2016 and fiscal 2015:

63

Audit Fees. For professional services rendered by KPMG LLP for the audit of the Company's annual financial statements, reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q, and other services provided in connection with statutory and regulatory filings, and an audit of internal control over financial reporting, KPMG LLP billed the Company \$709,000 with respect to 2016 and \$613,750 with respect to 2015. For professional services rendered by KPMG LLP provided in connection with comfort letters and SEC registration statements, KPMG LLP billed the Company \$180,000 with respect to 2016 and \$10,000 with respect to 2015.

Tax Fees. KPMG LLP did not render or charge the Company for professional services related to tax compliance, tax advice and tax planning with respect to 2016 and 2015.

Audit Related and All Other Fees. With respect to 2016 and 2015, KPMG LLP billed the Company \$1,650 for an annual subscription to their online accounting research software. Except for this subscription, KPMG LLP did not render or charge the Company for any other services not included in audit fees or tax fees as disclosed above with respect to 2016 or 2015.

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy that it must pre-approve all audit and permissible non-audit services provided by the independent auditor prior to engagement of the auditor for each such service, and all such services provided in 2016 and 2015 were pre-approved by the Audit Committee. Except as disclosed above, there were no other non-audit services provided by KPMG LLP in 2016 or 2015.

As a result of a process to solicit and evaluate proposals for the Company's tax compliance service providers, the Audit Committee recommended that the Company engage PricewaterhouseCoopers LLP as its tax compliance service providers, and, effective in 2015, no longer engaged KPMG LLP for these non-audit services.

PROPOSAL FOUR - RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

KPMG LLP currently serves as the Company's independent registered public accounting firm, and that firm conducted the audit of the Company's consolidated financial statements as of and for the year ended December 31, 2016. The Audit Committee has appointed KPMG LLP to serve as its independent registered public accounting firm to conduct an audit of the Company's consolidated financial statements as of and for the year ending December 31, 2017 and the Company's system of internal controls over financial reporting.

Selection of the Company's independent registered public accounting firm is not required to be submitted to a vote of shareholders for ratification. In addition, the Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation and oversight of the audit work of the independent auditors. However, the Board of Trustees is submitting this matter to shareholders as a matter of good corporate practice. If shareholders fail to vote on an advisory basis in favor of the selection, the Audit Committee will reconsider whether to retain KPMG LLP, and may retain that firm or another without re-submitting the matter to the Company's shareholders. Even if shareholders vote on an advisory basis in favor of the appointment, the Audit Committee may, in its discretion, direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company.

Unless you direct otherwise, proxies will be voted for the proposal.

The Board of Trustees unanimously recommends a vote "FOR" this proposal.

SHAREHOLDER PROPOSALS AND NOMINATIONS FOR THE 2018 ANNUAL MEETING

Under the regulations of the SEC, any shareholder desiring to make a proposal to be acted upon at the 2018 annual meeting of shareholders must present such proposal to the Company at its principal office in Harrisburg, Pennsylvania not later than December 22, 2017, in order for the proposal to be considered for inclusion in the Company's proxy statement. The Company will not consider proposals received after December 22, 2017 for inclusion in the Company's proxy materials for the Company's 2018 annual meeting of shareholders.

The Company's Bylaws provide that, in addition to any other applicable requirements, for business to be properly brought before the annual meeting by a shareholder, but not included in the Company's proxy statement, the shareholder must give timely notice in writing not earlier than November 22, 2017 nor later than December 22, 2017; provided, however, that in the event the annual meeting is advanced by more than 30 days or delayed by more than 60 days, notice must be received not earlier than the 150th day prior to the first anniversary of the date of the preceding year's annual meeting and not later than the close of business on the later of the 120th day prior to the first anniversary of the date of the preceding year's annual meeting and the 10th day following the day on which the Company first publicly announces the date of the annual meeting. As to each matter, the notice must contain the information specified in the Bylaws regarding the shareholder giving the notice and the business proposed to be brought before the annual meeting.

The Company's Bylaws provide that a shareholder of record, both at the time of the giving of the required notice set forth in this sentence and at the time of the 2018 annual meeting, entitled to vote at the annual meeting may nominate persons for election to the Board of Trustees by mailing written notice to the Corporate Secretary of the Company not more than 150 days nor less than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event the annual meeting is advanced by more than 30 days or delayed by more than 60 days, notice must be received not earlier than the 150th day prior to the first anniversary of the date of the preceding year's annual meeting and not later than the close of business on the later of the 120th day prior to the first anniversary of the date of the preceding year's annual meeting and the 10th day following the day on which the Company first publicly announces the date of the annual meeting. The notice must contain the information specified in the Bylaws regarding the shareholder giving the notice and each person whom the shareholder wishes to nominate for election as a trustee. The notice must be accompanied by the written consent of each proposed nominee to serve as one of the Company's trustees, if elected.

OTHER MATTERS

The Board of Trustees knows of no other business to be brought before the annual meeting. If any other matters properly come before the annual meeting, the proxies will be voted on such matters in accordance with the judgment of the persons named as proxies therein, or their substitutes, present and acting at the meeting.

ANNUAL REPORT ON FORM 10-K

The Company will furnish to each beneficial owner of common shares entitled to vote at the annual meeting, upon written request to Ashish Parikh, the Company's Chief Financial Officer, at 44 Hersha Drive, Harrisburg, Pennsylvania 17102, Telephone (717) 236-4400, a copy of the Company's Annual Report on Form 10 K for the fiscal year ended December 31, 2016, including the financial statements and financial statement schedules filed by the Company with the SEC.
