QUESTIONS AND ANSWERS ABOUT THE PROXY INFORMATION AND THE ANNUAL MEETING

Why am I receiving these materials?

Our board of directors is providing these materials to you in connection with our annual meeting of shareowners, which will take place on Tuesday, March 4, 2003. SEC regulations require us to provide this proxy statement when we ask you to sign a proxy card appointing proxies to vote on your behalf.

What proposals will be voted on at the meeting?

The election of two directors is the only proposal scheduled to be voted on at the meeting.

Who is entitled to vote?

All shareowners as of the close of business on January 13, 2003, which we refer to as the record date, will be entitled to vote in person or by proxy at the meeting.

What shares may I vote?

You may vote all shares you owned as of the record date. These include (1) shares owned directly in your name as shareowner of record, including shares purchased through our employee stock purchase plan and (2) shares held for you as the beneficial owner through a stockbroker or bank or shares purchased through our 401(k) plan.

What is the difference between holding shares as a shareowner of record and as a beneficial owner?

Most of our shareowners hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those beneficially owned.

Shareowners of Record. If our shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the shareowner of record with regard to those shares. As the shareowner of record, you have the right to grant your proxy directly to us to vote your shares on your behalf at the meeting or the right to vote in person at the meeting. We have enclosed or sent a proxy card for you to use.

Beneficial Owner. If our shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these materials are being forwarded to you by your broker or nominee, which is considered the shareowner of record with respect to those shares. As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the annual meeting. However, since you are not the shareowner of record, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the shareowner of record giving you the right to vote the shares. Your broker or nominee has enclosed or provided a voting instruction card for you to use to direct your broker or nominee how to

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

vote these shares.

How do I vote?

- (1) By Mail--You may vote by mail by signing your proxy card and returning it in the enclosed envelope, or for shares beneficially owned, by signing the voting instruction card provided by your broker or nominee and returning it as instructed by your broker or nominee. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign your proxy card or voting instruction card, but do not provide instructions, your shares will be voted as described below in "How are votes counted?"
- (2) In Person--If you are a shareowner of record, you may vote in person at the meeting. Even if you currently plan to attend the annual meeting, we recommend that you also submit your proxy by mail as described above so that your vote will be counted if you later decide not to attend the meeting. Shares beneficially owned may be voted in person only if you obtain a signed proxy from the shareowner of record giving you the right to vote the shares.

Can I change my vote?

You may change your proxy instructions at any time prior to the vote at the annual meeting. For shares held directly in your name, you may accomplish this by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) or by attending the annual meeting and voting in person. Attending the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you beneficially own, you may accomplish this by submitting new voting instructions to your broker or nominee.

How are votes counted?

In the election of directors, you may vote "FOR" all of the nominees or your vote may be "WITHHELD" with respect to one or more nominees. If you are a shareowner of record and you sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of our board of directors (FOR all of the nominees to our board of directors). If you are a beneficial owner and you sign the voting instruction card sent to you by your broker with no further instruction, your shares will be voted in the discretion of your broker with respect to the election of directors.

What is the voting requirement to approve the proposal?

In the election of directors, the two persons receiving the highest number of "FOR" votes will be elected. All other proposals require the affirmative "FOR" votes of a majority of those shares present and entitled to vote. If you are a beneficial owner and do not provide your shareowner of record with voting instructions, your shares may constitute broker non-votes, as described below under "What is the quorum requirement for the meeting?" In tabulating the voting results for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal.

What does it mean if I receive more than one proxy card?

It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Who will count the votes?

Corporate Communications, Inc. will tabulate the votes and act as inspector of elections.

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual shareowners are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within AirGate or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote or (3) to facilitate a successful proxy solicitation by our board of directors. Occasionally, shareowners provide comments on their proxy card, which are then forwarded to AirGate management.

Where can I find the voting results of the meeting?

We will announce the preliminary voting results at the meeting and publish final results in our quarterly report on Form 10-Q for our second fiscal quarter of 2003.

What happens if additional proposals are presented at the meeting?

Other than the one proposal described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the people named as proxy holders, Thomas D. Dougherty, our President and Chief Executive Officer, and Barbara L. Blackford, our Vice President, General Counsel and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the people named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our board of directors.

What shares are entitled to be voted?

Each share of our common stock outstanding as of the close of business on January 13, 2003, the record date, is entitled to one vote on all items being voted on at the annual meeting. On the record date, we had approximately 25,944,863 shares of common stock issued and outstanding.

Do I have cumulative voting rights or dissenters' rights of appraisal?

You do not have the right to vote cumulatively in the election of directors and, under Delaware law, you do not have dissenters' rights of appraisal in connection with the matters to be voted upon at the meeting.

What is the quorum requirement for the meeting?

The quorum requirement for holding the meeting and transacting business is a majority of the outstanding shares present in person or represented by proxy and entitled to be voted. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Abstentions are also counted as shares present and entitled to be voted. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

Who will bear the costs of soliciting votes for the meeting?

We are making the solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to mailing and distributing of these proxy materials, the solicitation

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

of proxies or votes may be made in person, by telephone or by electronic communications by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareowners.

May I propose actions for consideration at next year's annual meeting of shareowners or nominate individuals to serve as directors?

You may submit proposals for consideration at future shareowners meetings, including director nominations. For business to be considered at next year's annual meeting, a shareowner must submit timely notice in writing to Barbara L. Blackford, Corporate Secretary, 233 Peachtree St., N.E., Suite 1700, Harris Tower, Atlanta, GA 30303. For shareowner proposals, such written notice must be received by our Corporate Secretary by the close of business on December 5, 2003.

Our by-laws, which are publicly available through our reports filed with the SEC or may be obtained from our corporate secretary upon request, state the specific requirements that must be included in any notice of business to be brought before the next annual meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

We have a staggered board of directors with four members. Currently there is one vacancy, which will be filled by Mr. Stephen R. Stetz prior to the shareowners meeting. Our board of directors is divided into three classes of directors, as nearly equal in number as possible, with one class elected each year at the annual meeting of shareowners.

The shareowners will elect two directors at the annual meeting. Each of these director's terms lasts until the annual meeting in 2006 or until he is succeeded by another qualified director. The board of directors has nominated Barry J. Schiffman and Stephen R. Stetz for the two director positions.

The board unanimously recommends you vote FOR the election of the two nominees for director.

Prior to October 1995, Mr. Dougherty was vice president and chief operating officer of BellSouth Mobility DCS Corporation, a PCS company.

GOVERNANCE

The board of directors is committed to good business practices, transparency in financial reporting and the highest level of corporate governance. To that end, over the course of the last several months, the Board has reviewed the Company's governance policies and practices against those suggested by various groups or authorities active in corporate governance and practices of other companies, as well as the requirements of the Sarbanes-Oxley Act of 2002 and the proposed new listing standards of Nasdaq. As a result of this review and in anticipation of the final adoption of these rules, we have voluntarily implemented these rules and a number of other best practices, including the following:

Adopted Governance Principles, which, among other things, provide for:

- o A majority of independent directors
- o An independent chair
- o Audit and compensation and governance committees consisting solely of independent directors
- o Regular executive sessions of non-management directors
- o An annual self-evaluation process for the board and its committees
- o Open communication between the board and management other than the CEO
- o Succession planning
- o New director orientation and continuing director education

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

- o Retirement of directors at particular events, such as a change in position
- o The clear ability of the board and its committees to hire its own advisors

Revised our audit committee charter to, among other things:

- o Give the committee the exclusive right to appoint, review and assess the performance of our independent auditors
- o Require audit committee approval of all audit and non-audit services to be provided by our independent auditors
- o Give the committee oversight of internal audit programs
- o Limit the number of audit committees a member of our committee may serve on
- o Provide for regular executive sessions with our independent auditors, our controller, general counsel and other members of management
- o Require committee review and approval of related party transactions

Combined our nominating and compensation committees into a compensation and governance committee and assigned the committee the duties to:

- o Establish and review governance principles and oversee board, committee and director evaluations
- o Represent the board in monitoring the Company's compliance with legal, regulatory and contractual requirements
- o Establish performance objectives for our CEO and evaluate his performance
- o Review compensation and performance of other executives
- o Review director compensation

Revised the AirGate Standards of Business Conduct to:

- o Make clear that all directors, officers and employees are subject to the Standards
- o Require waivers or amendments to the Standards involving a director or officer to be approved by our compensation and governance committee and disclosed to our shareowners
- o Provide procedures to report financial accounting and auditing concerns to our audit committee
- o Prohibit loans to our officers and directors
- o Emphasize the prohibition on retaliating against whistleblowers

Under our new committee structure, which became effective December 17, 2002, we have two standing committees, the audit committee and the compensation and governance committee.

The audit committee is primarily responsible for:

- o Selecting and evaluating our independent auditors and monitoring their independence
- o Monitoring internal financial controls and disclosure controls and the financial reporting process
- o Reviewing our financial statements and financial disclosures

The compensation and governance committee is responsible for:

- o Identifying and recommending nominees for election to the board and candidates for board committees
- o Reviewing and monitoring corporate governance principles
- o Establishing and administering processes to evaluate board, committee and director effectiveness
- o Overseeing the Company's compliance with laws
- o Establishing annual goals for the CEO and evaluating performance in light of these goals
- o Reviewing and administering all programs for executive compensation
- o Reviewing director compensation

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

These measures are embodied in our Governance Principles, Audit Committee Charter, Compensation and Governance Committee Charter and Standards of Business Conduct, all of which may be accessed on our website, www.airgatepcs.com.

MEETINGS AND COMMITTEES OF THE BOARD

The board of directors held twelve meetings during the fiscal year ended September 30, 2002. All of the directors attended at least 75% of the board meetings held during the fiscal year while such person was a director. In addition, all of the directors attended at least 75% of all meetings of the board of directors' committees on which he served during the fiscal year.

Committees of the Board of Directors

During fiscal year 2002, our board of directors had three standing committees: the Audit Committee, the Compensation Committee and the Nominating Committee. As described above under Governance, in December 2002 we reduced the number of Committees to two (Audit Committee and Compensation and Governance Committee) and revised and enhanced their charters.

Audit Committee. The Audit Committee was composed of three directors who were independent within the meaning of Nasdaq listing standards and who were otherwise qualified to serve on our Audit Committee under those standards. These members were Messrs. Ferchat (Chair) and Schiffman, and Mr. Sidney E. Harris. Effective October 31, 2002, Mr. Harris resigned from the board of directors and is therefore no longer a member of the Audit Committee. If Mr. Stetz becomes a director, he will serve on the Audit Committee in the place of Mr. Harris. The Audit Committee provided oversight regarding our accounting, auditing and financial reporting practices. The Audit Committee met nine times during fiscal year 2002. Our board of directors has adopted an Audit Committee Charter, which we have filed with the Securities and Exchange Commission and attached to this proxy statement as Appendix A.

Compensation Committee. The Compensation Committee consisted of three directors. These members were Messrs. Harris (Chair), Bernard A. Bianchino and Michael S. Chae. The Compensation Committee's basic responsibilities included approving the compensation strategy for our executives, approving the compensation arrangements in effect for our executives and administering our employee benefit and stock incentive plans. The Compensation Committee met eight times during fiscal year 2002. Mr. Bianchino resigned from the Board effective September 24, 2002 and Mr. Chae resigned from the Board effective December 12, 2002. Consequently, Messrs. Ferchat and Schiffman were appointed to the Compensation Committee.

Nominating Committee. Our Nominating Committee consisted of Messrs. Dougherty (Chair), Bianchino and Harris. Mr. Dougherty resigned from the Nominating Committee in July 2002 and Mr. Harris became Chair to allow the Nominating Committee to consist solely of independent directors. The Nominating Committee was responsible for considering and recommending nominees for directors and reviewing and recommending corporate governance principles. The Nominating Committee met two times during fiscal year 2002.

Directors' Compensation

In 2001, our board adopted the AirGate PCS, Inc. 2001 Non-Employee Director Compensation Plan (the "Director Plan"). Under the Director Plan, non-employee directors receive an annual retainer for each plan year, which may be comprised of cash, restricted stock or options to purchase shares of our common stock. A director may elect to receive 50% or more of such amount in the form of restricted stock or options to purchase shares of our common stock.

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

In addition, under the Director Plan, each non-employee director that joins our board of directors receives an initial grant of options to acquire shares of our common stock. The options vest in three equal annual installments beginning on the first day of the plan year following the year of grant. Each participant also receives an annual grant of options to acquire our common stock, which vest on the first day of the plan year following the year of grant. In lieu of this annual grant, the recipient may elect to receive three year's worth of annual option grants in a single upfront grant of options to acquire our common stock exercisable in three equal annual installments on the first day of each of the three succeeding plan years. All options have an exercise price equal to the fair market value of our common stock on the date of grant. We also reimburse each of our non-employee directors for reasonable travel expenses to board and committee meetings and for approved continuing director education. We do not pay retirement, charitable contributions or other benefits to our directors.

A combination of factors, including the loss of three independent directors during 2002, led us to engage an outside compensation consulting firm to review the adequacy of the compensation to be paid under our Director Plan. Some of the factors that led to this review are the same as those facing every public company, including the increased demand on directors' time required to satisfy increasing requirements for process and oversight of management of public companies, and the greater demand for independent directors and directors with financial and accounting expertise. In addition to these general conditions are factors specific to our industry and company, including the turmoil in the telecommunications industry in general and the challenges facing partners or affiliates of wireless carriers in particular.

The consulting firm reviewed, among other things, director compensation practices of similarly sized companies within and outside our industry and factors specific to our company. Based on this review and the recommendations of management and the consulting firm, we amended the Director Plan on January 22, 2003 to increase compensation for non-employees directors. As amended, for each plan year (beginning on the day of an annual meeting of our shareowners and ending on the day before our next annual meeting) each non-employee director that chairs one or more committees of our board of directors will receive an annual retainer of \$15,000, up from \$12,000, and all other non-employee directors will receive \$10,000. The amendment also added meeting fees for board and committee meetings as follows: (i) full-day (more than 4 hours) meetings, \$3,000; half-day meetings, \$1,500; full-day telephonic meetings, \$1,500 and half-day telephonic meetings, \$750. In addition, as an inducement for and recognition of board service during this difficult period in our company's development, directors who continue to serve will be paid an additional retainer every six months of \$12,500 until December 1, 2004. Finally, the initial option grant to non-employee directors has been increased to 10,000 from 5,000 and the annual option grant to 7,500 from 5,000.

AUDIT COMMITTEE REPORT

As of the date of this report, the Audit Committee is comprised of two directors, each of whom meets the independence and experience requirements of the Nasdaq Listing Standards. Mr. Stetz, who will become a member of the Audit Committee if he becomes a director, also meets the independence and experience requirements of the Nasdaq Listing Standards, and his appointment to the Audit Committee will place the Company back into compliance with Nasdaq Marketplace Rule 4350(d)(2), which requires at least three independent directors on the Audit Committee. The Committee acts under a written charter adopted by the Board of Directors, which is reviewed annually and revised as appropriate. The Board most recently amended the charter on December 17, 2002, a copy of which is included as Appendix A to this Proxy Statement.

Management is primarily responsible for the Company's financial statements and

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

the reporting process, including the systems of internal controls. KPMG LLP, the Company's independent accountant, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted accounting principles (GAAP) and generally accepted auditing standards (GAAS) and for issuing a report on those statements. The Committee oversees the financial reporting process and internal control system on behalf of the Board of Directors. The Committee met nine times during fiscal year 2002. The Committee also met regularly with KPMG with and without management present.

In the course of fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements with management and KPMG. This review included a discussion of:

- o the reasonableness of significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including the quality (and not just the acceptability) of the Company's accounting principles;
- o the clarity and completeness of financial disclosures;
- o the adequacy of internal controls that could significantly affect the Company's financial statements;
- o items that could be accounted for using alternate GAAP methods; and
- o the potential effects of regulatory and accounting initiatives, as well as off-balance-sheet structures, on the Company's financial statements.

The Committee discussed with KPMG other matters required to be discussed with the auditors under Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90 (communication with audit committees). The Committee also received, reviewed and discussed with KPMG their written disclosures required by Independence Standards Board Standard No. 1 (independence discussions with audit committees). In this regard, among other things, the Committee reviewed KPMG's independence from the Company and its management. The Committee has adopted policies regarding the provision of non-audit services by the independent auditor and the hiring of employees of the independent auditing firm.

The Committee recommended to the Board of Directors the selection of KPMG as the Company's independent auditors. In addition, the Committee:

- o reviewed the scope of and overall plans for the annual audit and the internal audit process;
- o reviewed fees for all services provided by KPMG;
- o reviewed the adequacy of certain financial policies;
- o considered KPMG's quality control procedures;
- o on a quarterly basis, reviewed the Company's financial results prior to their public issuance; and
- o reviewed significant legal developments.

As described in the Company's annual report on Form 10-K, management of the Company discovered inconsistencies between certain accounts receivable reports provided to the Company by Sprint and reported these inconsistencies to the Committee. Under our agreements with Sprint, Sprint provides us with billing, collections, customer care and other back office services. As a result, Sprint remits approximately 96% of our revenues to us. In addition, approximately 60% of cost of service and roaming in our financial statements are charges from Sprint. Because of the nature of this relationship, we rely on Sprint to provide accurate, timely and sufficient data and information to properly record the revenues, expenses and accounts receivable which underlie a substantial portion of our periodic financial statements and other financial disclosures.

The Committee directed management to investigate this matter until the reasons for the differences in these reports were ascertained. In early December, Sprint

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

informed management that certain of these reports could not be relied on for financial reporting purposes. Sprint and the Company worked cooperatively to confirm the correct accounts receivable balances and to reconcile inconsistencies with reports previously relied on by the Company.

As a result of this issue, we determined that a reportable condition in internal controls existed with respect to the Company during some period of fiscal year 2002. We have directed management to focus additional resources on reviewing and analyzing information provided by Sprint and to work with Sprint to identify other information and reports that would assist the Company in this review and analysis, particularly as it relates to accounts receivable and the application of cash. We have also directed management to continue to bring to the attention of the Committee any unexplained material variances in accounts receivable or other reports provided by Sprint and to provide the Committee quarterly summaries of immaterial variances.

AirGate PCS, Inc. 2001 Non-Executive Stock Option Plan

On January 31, 2001, our board of directors approved the AirGate PCS, Inc. 2001 Non-Executive Stock Option Plan, pursuant to which non-qualified stock options could be granted to our employees who are not officers or directors. This plan was not submitted to our shareowners for approval. As of September 30, 2002, options to acquire 88,613 shares were outstanding under this plan, out of the 150,000 shares originally reserved for issuance. No further grants may be made under the 2001 Non-Executive Stock Option Plan.

The purpose of the plan is to promote our success by linking the personal interests of our non-executive employees to those of our shareowners and by providing participants with an incentive for outstanding performance. The plan authorizes the granting of non-qualified stock options only. The exercise price of an option may not be less than the fair market value of the underlying stock on the date of grant and no option may have a term of more than ten years. All of the options that are currently outstanding under the plan vest ratably over a four-year period beginning at the grant date and expire ten years from the date of grant. The board of directors or the compensation committee may amend or terminate the plan without shareowner approval, but no amendment or termination of the plan or any award agreement may adversely affect any award previously granted under the plan without the written consent of the participant.

EXECUTIVE COMPENSATION

Compensation Committee Report

Compensation Committee Responsibilities

In fiscal year 2002, the Compensation Committee's basic responsibilities included: (1) encouraging the attainment of our performance goals by providing compensation that directly relates to the achievement of individual and corporate objectives; (2) establishing compensation policies and guidelines to attract and retain qualified personnel through an overall level of compensation opportunity that is competitive; and (3) promoting a direct relationship between employees' compensation and company performance through stock option and other equity participation.

In particular, the Compensation Committee reviewed and recommended to the board of directors our executive compensation philosophy; reviewed and recommended to the board of directors compensation for the chief executive officer and other senior executives; and administered stock option and other compensation and benefit plans.

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

Compensation Philosophy

We operate in the extremely competitive and rapidly changing telecommunications industry. The Compensation Committee believes that compensation programs for executive officers should be designed to attract, motivate and retain talented executives responsible for the success of the Company. The Compensation Committee also believes that these programs should be determined within a competitive framework and based on the achievement of designated financial and other performance measures, individual contributions and financial and other performance relative to that of its competitors. Within this overall philosophy, the Committee's objectives were to:

- o Offer a total compensation program that is competitive, taking into consideration the compensation practices of other companies.
- o Provide annual incentive compensation awards that take into account our overall performance against corporate objectives, as well as individual contributions.
- o Align the financial interests of executive officers with those of shareowners by providing significant equity-based, long-term incentives.

Compensation Components and Process

Our compensation program for executives consisted of three key elements: (1) base salary, (2) performance based annual incentive awards and (3) long term, equity-based incentive awards.

The Compensation Committee determined these three key elements for executives with the assistance of our human resources staff and an independent consulting firm.

Base Salary. The base salary for each executive was determined at levels for comparable positions at other companies. Our policy is to target base salaries at the 50th percentile of market compensation practices.

Annual Incentive Awards. To reinforce the attainment of our goals, the Compensation Committee believes that a substantial portion of the annual compensation of each executive should be in the form of variable incentive pay with the target of providing such incentives at the 60th percentile of market compensation practices. For fiscal year 2002, the Compensation Committee established performance targets for our first quarter for AirGate on a stand-alone basis, and on a combined basis with the company we acquired on November 30, 2001, iPCS, Inc., for the remaining three quarters. The first quarter objectives were based on customer growth. The objectives for the last three quarters were based on EBITDA and net new customers. We exceeded these performance targets for the first quarter, but did not achieve the targets for the remainder of the fiscal year. Awards paid to executives reflected those results, and no awards were made to executives with respect to the last three quarters.

Long-Term, Equity-Based Incentive Awards. The goal of our long-term, equity-based incentive awards are to align the interests of executives with shareowners and to provide each executive with a significant incentive to manage the company from the perspective of an owner with an equity stake in the business.

The Compensation Committee made annual awards of long-term, equity-based incentives. The Compensation Committee determined the size of these awards with the target of providing such incentives at the 75th percentile of market compensation practices. Each grant allows an executive to acquire shares of our

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

common stock at a fixed price per share over a specified period of time. These grants generally vest ratably over a four-year period, 25% per year.

Employment Agreements

We have employment agreements with certain of our executives as described below under "Employment and Severance Agreements." We have examined, and continue to examine, our employment agreement practices in light of competitive practices and market conditions, including whether enhanced payments are appropriate if an executive's employment is terminated (voluntarily or involuntarily) for specified reasons following a change of control.

CEO Compensation

The annual base salary for Mr. Dougherty was established by the Compensation Committee. The Committee's decision was based on both Mr. Dougherty's personal performance of his duties and the salary levels paid to chief executive officers of other comparable companies. During the year, the Compensation Committee assessed market data for chief executive officers of other comparable companies to ensure that Mr. Dougherty's compensation was consistent with our stated compensation objectives.

On May 4, 2000, we entered into a retention bonus agreement with Mr. Dougherty. Unless Mr. Dougherty voluntarily terminates employment or is terminated for cause, he is entitled to periodic retention bonus payments totaling \$3.6 million, payable on specified payment dates from April 15, 2000 to January 15, 2004, which are generally quarterly. Under the terms of the retention bonus agreement, 50% of unpaid retention bonus payments would be accelerated upon a change of control of the company.

Payments under the retention bonus agreement are not a part of, or considered in, the variable annual incentive program awards. Mr. Dougherty's 2002 fiscal year incentive compensation was based on the performance of the Company, which was adversely affected by slowing subscriber growth and higher than anticipated customer turnover. Mr. Dougherty's incentive compensation was based on the same company targets used for all executive officers and provided no dollar guarantees. During fiscal year 2002, Mr. Dougherty also received a stock option grant in the amount of 50,000 shares with an exercise price of \$46.66, and a stock option grant in the amount of 25,000 shares with an exercise price of \$60.00.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code limits our ability to deduct annual compensation in excess of \$1 million paid to any of our top executive officers. This limitation generally does not apply to compensation based on performance goals if certain requirements are met. Generally, cash compensation paid to our executives does not equal or exceed \$1 million. However, amounts paid under Mr. Dougherty's retention bonus agreement are subject to the Section 162(m) limitation on deductibility. Stock option grants under our long-term incentive plans have been designed so that any compensation deemed to be paid in connection with the exercise of option grants will qualify as performance-based compensation which is not subject to the \$1 million deduction limitation. It is the Committee's intent to maximize the deductibility of executive compensation while retaining the discretion necessary to compensate executive officers in a manner commensurate with performance and the competitive market for executive talent.

Employment and Severance Agreements

We have entered into an employment agreement with Thomas M. Dougherty, our chief executive officer. Mr. Dougherty's employment agreement is for a five-year term ending April 15, 2004. Mr. Dougherty is eligible under his employment agreement to receive an annual bonus of at least 50% of his base salary. Mr. Dougherty's base salary was set at \$275,000 by the compensation committee of our board of directors. Under his employment agreement, Mr. Dougherty has a minimum guaranteed annual increase in his base salary of at least \$20,000. Mr. Dougherty may participate in any executive benefit/perquisite we establish at a minimum aggregate payment of \$15,000 per year. Pursuant to his employment agreement, Mr. Dougherty initially was awarded a stock option exercisable for 300,000 shares of common stock. Under the agreement, the initial stock option vested with respect to 25% of the underlying shares of common stock on the date Mr. Dougherty commenced his employment with us, April 15, 1999, and such vested options became exercisable on April 15, 2000. The remaining 75% of the shares of common stock subject to the initial stock option vest in 15 equal quarterly installments beginning June 30, 2000. Upon a change in control, Mr. Dougherty's options will become vested with respect to 50% of the underlying shares of common stock that remain unvested at the time of the change in control. The exercise price of the initial stock option granted to Mr. Dougherty is \$14.00 per share. In addition, Mr. Dougherty is eligible to participate in all employee benefit plans and policies.

The employment agreement provides that Mr. Dougherty's employment may be terminated with or without cause, as defined in the agreement, at any time upon four weeks prior written notice. If Mr. Dougherty is terminated without cause, he is entitled to receive (1) six months' base salary, plus one month's salary for each year employed, (2) all stock options vested on the date of termination and (3) six months of health and dental benefits. In the event of Mr. Dougherty's death, Mr. Dougherty's legal representative is entitled to twelve months' base pay, plus a bonus of 20% of base pay. Under the employment agreement, Mr. Dougherty agreed to a restriction on his present and future employment. Mr. Dougherty agreed not to (1) disclose confidential information or trade secrets during employment with us and for two years after termination, (2) compete in the business of wireless telecommunications services either directly or indirectly in our territory during his employment and for a period of 18 months after his employment is terminated and (3) solicit our employees to terminate their employment with us or solicit certain of our customers to purchase competing products during his employment with us and for a period of 18 months after termination of his employment.

On May 4, 2000, we entered into a retention bonus agreement with Mr. Dougherty. Unless Mr. Dougherty voluntarily terminates employment or is terminated for cause, he is entitled to periodic retention bonuses totaling \$3.6 million, payable on specified payment dates from April 15, 2000 to January 15, 2004, which are generally paid quarterly. In fiscal year 2002, Mr. Dougherty earned \$720,000 under this agreement. Under the terms of the retention bonus agreement, 50% of unpaid retention bonus payments would be accelerated upon a change of control of the company.

We have also entered into an employment agreement with Barbara L. Blackford, our vice president, general counsel and secretary. Ms. Blackford is eligible under

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

her employment agreement to receive an annual bonus based upon our incentive plans and policies, but at a target of not less than 35% of her then current base pay. Ms. Blackford may participate in any executive benefit/perquisite program we establish on the same terms as other executives, at a minimum aggregate benefit of \$10,000 per year. Ms. Blackford's base salary pursuant to the agreement is currently \$208,500 per year. Such amount is subject to review for an increase at least annually. Pursuant to her employment agreement, Ms. Blackford initially was awarded a stock option exercisable for 90,000 shares of our common stock, which option became vested with respect to 25% of the underlying shares of common stock at the end of Ms. Blackford's first year with us and the remainder of the shares vest in 5% increments for each three month period after the initial year that she remains employed by us. If, however, Ms. Blackford's employment is actually or constructively terminated upon a change of control of us, the initial stock option will vest with respect to 50% of the underlying shares of common stock that remain unvested at the time of the change in control, and additional vesting may occur as provided in the agreement. The exercise price of the initial stock option granted to Ms. Blackford is \$66.94 per share. In addition, Ms. Blackford is eligible to participate in all employee benefit plans and policies.

The employment agreement provides that Ms. Blackford's employment may be terminated with or without cause, as defined in the agreement, at any time upon four weeks prior written notice. If Ms. Blackford is terminated without cause, she is entitled to receive six months' base salary, plus one month's salary for each year employed by us. Under the employment agreement, Ms. Blackford agreed, during her employment with us and for a period of two years after the termination of her employment, not to (1) disclose confidential information or trade secrets, (2) solicit certain of our employees to terminate their employment with us or (3) solicit certain of our customers to purchase competing products during her employment with us and for a period of two years after the termination of her employment. Ms. Blackford's agreement further provides that if we enter into an agreement with any member of our senior management other than our chief executive officer which agreement contains change of control provisions more favorable than those given to Ms. Blackford pursuant to her agreement, then such provisions (other than with respect to salary, bonus, and other dollar amounts) will be made available to Ms. Blackford.

We have also entered into an employment agreement with David C. Roberts, our vice president of engineering and network operations. Mr. Roberts is eligible under his employment agreement to receive an annual bonus based upon our incentive plans and policies but at a target of not less than 35% of his then current base salary. Mr. Roberts may participate in any executive benefit/perquisite program that we establish for a minimum aggregate benefit equal to \$10,000 per year. Mr. Roberts' base salary pursuant to the agreement is currently \$189,000 per year. Such amount shall be adjusted annually to increase it by the greater of the consumer price index for all urban consumers, U.S. City Average, All Items or 5%. Pursuant to his employment agreement, Mr. Roberts initially was awarded a stock option exercisable for 75,000 shares of our common stock, which option became vested with respect to 25% of the underlying shares of common stock after the first two years Mr. Roberts was employed by us and the remainder of the underlying shares vest in 6 1/4% quarterly increments thereafter. The exercise price of the initial stock option granted to Mr. Roberts is \$14.00 per share. In addition, Mr. Roberts is eligible to participate in all employee benefit plans and policies.

Mr. Roberts' employment may be terminated with or without cause at any time by Mr. Roberts or us upon four weeks prior written notice, except that if termination is for cause, no notice by us is required. If we terminate Mr. Roberts' employment without cause, he is entitled to receive (1) six months base salary and (2) six months of health, disability, life and dental benefits. Any unvested options granted to Mr. Roberts fully vest and become exercisable upon Mr. Roberts' involuntary termination other than for cause. Cause is limited to

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

breach of the noncompete obligations described below. In the event of Mr. Roberts' death, Mr. Roberts' legal representative is entitled to twelve months' base pay, plus a bonus of 20% of base pay.

Under the employment agreement, Mr. Roberts agreed to a restriction on his present and future employment. Mr. Roberts agreed not to (1) disclose confidential information or trade secrets during employment with us and for two years after termination, (2) compete in the business of wireless telecommunications either directly or indirectly in our territory during his employment and for a period of 18 months after his employment is terminated and (3) solicit our employees to terminate their employment with us or solicit certain of our customers to purchase competing products during his employment with us and for a period of 18 months after termination of his employment.

Effective October 24, 2002, the Company hired William H. Seippel as vice president and chief financial officer, pursuant to the terms of an offer letter. Mr. Seippel's initial base salary pursuant to the offer letter is \$250,000 per year. Mr. Seippel's performance will be evaluated during the first six months of his employment and if he has successfully achieved or made satisfactory progress towards the achievement of agreed upon performance objectives and expectations during this period, his annual base salary will be increased to \$275,000. Mr. Seippel is eligible under his offer letter to receive an annual bonus based on our incentive plans and policies, but at a target of not less than 50% of his base salary. The offer letter guarantees Mr. Seippel an annual incentive award payment for the 2003 plan year equal to 50% of his base earnings during the 2003 plan year, even if the Company terminates his employment prior to October 1, 2003. This award payment would be made on November 30, 2003. If Mr. Seippel terminates his employment with the Company prior to October 1, 2003, he will not be eligible for any portion of this award payment. Pursuant to his offer letter, Mr. Seippel initially received a grant of 70,000 non-qualified stock option shares and an award of 30,000 shares of time-based restricted stock. Mr. Seippel's stock option shares will vest in four equal annual installments with the initial 25% annual installment vesting on October 24, 2003 and each remaining 25% annual installment vesting on each anniversary thereafter. The time restrictions on Mr. Seippel's restricted stock award will lapse over a four-year period such that 25% of the shares will vest on October 24, 2003 and the remaining shares will vest in 25% annual installments on each anniversary. The exercise price of the initial stock option granted to Mr. Seippel is \$0.64 per share. In addition, Mr. Seippel is eligible to participate in all employee benefit plans and policies. Pursuant to the offer letter, the Company will pay Mr. Seippel's relocation expenses to Atlanta, Georgia.

The offer letter provides that Mr. Seippel's employment may be terminated with or without cause. If Mr. Seippel's employment is terminated prior to October 23, 2003, the Company is required to pay him an amount equal to his annual base salary and target bonus until October 31, 2003, payable bi-weekly. If Mr. Seippel continues to remain employed with the Company after May 1, 2003 and he and the CEO agree that his employment will continue and that he will relocate to Atlanta, Mr. Seippel is entitled to severance payments if he is terminated without cause in an amount equal to six months' base salary and a pro-rated bonus at target. It is a condition to the payment of this severance that Mr. Seippel agree not to directly or indirectly (1) engage in a senior management capacity in the business of wireless telecommunications in our territory for a period of six months after his employment is terminated or (2) solicit our employees to terminate their employment with us or solicit certain of our customers to purchase competing products for a period of one year after termination of his employment.

Mr. Seippel's offer letter further provides that if Mr. Seippel continues to remain employed with the Company after May 1, 2003 and he and the CEO agree that his employment will continue and that he will relocate to Atlanta, the Company will enter into an agreement with him entitling him to receive certain payments

Edgar Filing: AIRGATE PCS INC /DE/ - Form DEF 14A

if his employment is terminated (voluntarily or involuntarily) for specified reasons, other than for cause, as a result of a change of control of the Company. The change of control agreement would provide that if such termination occurs during the first year of the agreement, he would receive two times his annual base salary and bonus at target, less the amounts already paid since employment, and continuation of benefits for two years. If such termination occurred after the first year of the agreement, he would receive his annual base salary and bonus at target and continuation of benefits for one year. In either case, Mr. Seippel would also receive unpaid salary and accrued and unpaid bonus for the year in which termination occurs and outplacement services for up to one year.

We have entered into a separation agreement and release with Alan B. Catherall, who was employed by the Company as chief financial officer. Mr. Catherall resigned as our chief financial officer effective October 21, 2002, and as our employee effective October 31, 2002. Pursuant to the separation agreement, we agreed to pay to Mr. Catherall a severance payment in the amount equal to \$300,000, half of which will be paid bi-weekly for six months. The remainder will be paid in a lump sum payment at the end of the six-month period. Mr. Catherall received a bonus for fiscal year 2002 in the same percentage of base salary as paid on average to all senior management who report directly to our chief executive officer. If Mr. Catherall elects the continuation of coverage under our group health plans, we will pay the COBRA premium on his behalf for twelve months following the separation date, provided that Mr. Catherall does not obtain comparable health benefits from another source during the twelve-month period.

The separation agreement provides that certain options granted to Mr. Catherall will continue to be exercisable in accordance with their terms, but will automatically convert to nonqualified stock options on January 30, 2003. Mr. Catherall is entitled to any vested benefits he may have under the AirGate PCS 401(k) Retirement Plan. In addition, we agreed to provide Mr. Catherall with certain career transition services until the earlier of acceptance of new employment or a period of twelve months.

Mr. Catherall agreed to cooperate and provide assistance on transitional and other matters until October 31, 2003 without additional compensation, other than reimbursement of any out-of-pocket expenses. After October 31, 2003 the Company agreed to pay Mr. Catherall an hourly rate of compensation commensurate with his base salary as of the separation date for these services. It is a condition to the receipt of these payments and benefits that Mr. Catherall agree not to directly or indirectly (1) engage in a senior management capacity in the business of wireless telecommunications in our territory for a period of one year after the separation date, (2) disclose or use confidential information or trade secrets for a period of two years after the separation date and (3) solicit our employees to terminate their employment with us or solicit certain of our customers to purchase competing products for a period of two years after the separation date. The separation agreement provides that in consideration of payments and promises in the agreement, Mr. Catherall releases the Company from all claims, liabilities, contracts, contractual obligations, attorney's fees, demands and causes of action, whether known or unknown, fixed or contingent.

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons who own more than ten percent of a registered class of our equity securities to file with the SEC reports of ownership and changes in ownership of our common stock. Directors, executive officers and greater than ten percent shareowners are required by SEC regulations to furnish us with a copy of all Section 16(a) forms they file.

Based solely on a review of the copies of these reports furnished to us or written representations that no other reports were required, we believe that during fiscal year 2002, all directors, executive officers and greater than ten percent beneficial owners complied with these requirements, except that James W. Akerhielm, through an oversight, filed his initial statement on Form 3 late.

Delivery of this Proxy Statement

SEC rules permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as "householding," potentially means extra convenience for securityholders and cost savings for companies.

This year, a number of brokers with accountholders who are AirGate PCS, Inc. shareowners will be "householding" our proxy materials. A single proxy statement will be delivered to multiple shareowners sharing an address unless contrary instructions have been received from the affected shareowner. Once you have received notice from your broker or us that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement, please notify your broker, direct your written request to AirGate PCS, Inc., Barbara L. Blackford, Corporate Secretary, 233 Peachtree Street, N.E., Suite 1700, Atlanta, Georgia 30303 or contact Ms. Blackford at (404) 525-7272.

Shareowners who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker or, if a shareowner is a shareowner of record of our shares, they should submit a written request to American Stock Transfer & Trust Company, our transfer agent, at 6201 15th Avenue, 3rd Floor, Brooklyn, New York, 11219, Attention: Donna Ansbro.

Availability of AirGate PCS's 10-K and Annual Report
