Section 1 - Registrant's Business and Operations

Item 2.03. Creation of a Direct Financial Obligation.

On July 19, 2004, we entered into a certain Stock Purchase Agreement pursuant to which we agreed to issue and sell 21,875,000 restricted shares of our common stock, and warrants to purchase another 21,875,000 shares of our common stock, to Barron Partners, LP, a New York based institutional investor. As part of the financing transaction, we also entered into a certain Registration Rights Agreement with Barron Partners, LP pursuant to which we became committed to registering all of the shares issued as part of such transaction, including those issuable under the warrants. On November 22, 2004, we filed a registration statement on Form SB-2 covering the shares issued to Barron Partners, as well as the shares underlying the warrants issued to Barron Partners. Under the terms of the Registration Rights Agreement, as amended, we had until April 22, 2005 to cause such registration statement to be declared effective by the SEC. In accordance with the terms of the Registration Rights Agreement, any delays in meeting this obligation subject us to liability to Barron Partners, LP in an amount equal to \$1,726 per day for the duration of any such delay.

As of April 22, 2005, the registration statement filed on November 22, 2004 had not yet been declared effective. Pursuant to an agreement reached with Barron Partners in relation to the associated accruing penalties, we have agreed to pay Barron Partners an amount in cash equal to \$100,000 in two equal installments of \$50,000 between April 22, 2005 and May 22, 2005, with no additional penalty obligations accruing for at least 60 days from April 22, 2005. Although there can be no assurance, management believes that the prospects for the company being able to cause the registration statement to be declared effective by June 21, 2005 are good. If we are unsuccessful in causing the registration statement to be declared effective by the SEC by June 21, 2005, however, and depending on how long any such delay in causing effectiveness to be declared by the SEC continues thereafter, it is likely to have a very material adverse effect on our business, financial condition and results of operations.
