Forward-Looking Statements

We have made or implied certain forward-looking statements in this report. All statements, other than statements of historical facts included in this report, including the statements under "Management's Discussion and Analysis of Financial Condition and Results of Operations" regarding our business strategy, future operations, financial condition, estimated revenues, projected costs, projected synergies, prospects, plans and objectives of management, as well as information concerning expected actions of third parties, are forward-looking statements. When used in this report, the words anticipate, intend, plan, estimate, believe, expect, project, could, will, should, may and similar expressions are also intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words.

Since these forward-looking statements are based upon our current expectations of future events and projections and are subject to a number of risks and uncertainties, many of which are beyond our control and some of which may change rapidly, actual results or outcomes may differ materially from those expressed or implied herein, and you should not place undue reliance on these statements. Important factors that could cause our actual results to differ materially from those expressed or implied herein include, without limitation:

- · the impact of our indebtedness on our business, financial condition and results of operations;
- the impact of restrictions in our debt instruments on our ability to operate our business, finance our capital needs or pursue or expand business strategies;
 - any failure to comply with financial covenants and other provisions and restrictions of our debt instruments;
- the impact of actions taken by significant stockholders;
- the impact of fluctuations in commodity prices, costs or availability of raw materials or terms and conditions available from suppliers, including suppliers' willingness to advance credit;
- interest rate and exchange rate fluctuations;
- the loss of, significant reduction in, or dependence upon, sales to any significant retail customer(s);
- · competitive promotional activity or spending by competitors, or price reductions by competitors;
- the introduction of new product features or technological developments by competitors and/or the development of new competitors or competitive brands;
- the effects of general economic conditions, including inflation, recession or fears of a recession, depression or fears of a depression, labor costs and stock market volatility or changes in trade, monetary or fiscal policies in the countries where we do business;
- · changes in consumer spending preferences and demand for our products;
- our ability to develop and successfully introduce new products, protect our intellectual property and avoid infringing the intellectual property of third parties;
- our ability to successfully implement, achieve and sustain manufacturing and distribution cost efficiencies and improvements, and fully realize anticipated cost savings;
- $\cdot \,$ the seasonal nature of sales of certain of our products;
- the effects of climate change and unusual weather activity;

the cost and effect of unanticipated legal, tax or regulatory proceedings or new laws or regulations (including environmental, public health and consumer protection regulations);

- public perception regarding the safety of products, that we manufacture or sell, including the potential for environmental liabilities, product liability claims, litigation and other claims related to products manufactured by us and third parties;
- the impact of pending or threatened litigation;
 - the impact of cybersecurity breaches or our actual or perceived failure to protect company and personal data;
- · changes in accounting policies applicable to our business;
- · our ability to utilize our net operating loss carry-forwards to offset tax liabilities from future taxable income;
- · government regulations;
- the impact of expenses resulting from the implementation of new business strategies, divestitures or current and proposed restructuring activities;
- our inability to successfully integrate and operate new acquisitions at the level of financial performance anticipated;
- the unanticipated loss of key members of senior management;
- the effects of political or economic conditions, terrorist attacks, acts of war or other unrest in international markets;
- the Company's ability to consummate the announced sale of our Global Battery and Lighting business on the expected terms and within the anticipated time period, or at all, which is dependent on the parties' ability to satisfy certain closing conditions, including receipt of regulatory approvals, and our ability to realize the expected benefits of such transaction and to successfully separate such business;
- the outcome of the Company's exploration of strategic options for its Personal Care and Small Appliances businesses, including uncertainty regarding consummation of any such transaction or transactions and the terms of such transaction or transactions, if any, and, if consummate, the Company's ability to realize the expected benefits of such transaction or transactions and potential disruption to our business or diverted management attention as a result of the exploration or negotiation of such transactions;
- the transition to a new chief executive officer and such officer's ability to determine and implement changes at the Company to improve the Company's business and financial performance; and
- the Company's ability to implement a successful restructuring of the leadership of the Global Auto Care business unit with the Pet, Home & Garden business unit to form a separate Consumer Products group, and to realize the synergies and business and financial benefits anticipated from such restructuring.

Some of the above-mentioned factors are described in further detail in the sections entitled "Risk Factors" in our annual and quarterly reports (including this report), as applicable. You should assume the information appearing in this report is accurate only as of the end of the period covered by this report, or as otherwise specified, as our business, financial condition, results of operations and prospects may have changed since that date. Except as required by applicable law, including the securities laws of the United States ("U.S.") and the rules and regulations of the United States Securities and Exchange Commission ("SEC"), we undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, to reflect actual results or changes in factors or assumptions affecting such forward-looking statements.

SPECTRUM BRANDS HOLDINGS, INC. (formerly HRG, Group, Inc.) SB/RH HOLDINGS, LLC NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (in millions, unaudited)

This report is a combined report of Spectrum Brands Holdings, Inc. ("SBH", formerly HRG Group, Inc.) and SB/RH Holdings, LLC ("SB/RH") (collectively, the "Company"). The notes to the condensed consolidated financial statements that follow include both consolidated SBH and SB/RH notes, unless otherwise indicated below.

NOTE 1 - DESCRIPTION OF BUSINESS

On July 13, 2018, subsequent to the period-end date of June 30, 2018 and prior to the issuance of this Quarterly Report, the Company completed the planned Spectrum Merger. Prior to the Spectrum Merger, SBH was a holding company, doing business as HRG Group, Inc. ("HRG") and conducting its operations principally through its majority owned subsidiary. Effective the date of the Spectrum Merger, management of the organization was assumed by its majority owned subsidiary, Spectrum Brands Holdings, Inc. ("Spectrum", subsequently renamed Spectrum Brands Legacy, Inc.); resulting in HRG changing its name to SBH and changing the ticker of common stock traded on the New Your Stock Exchange ("NYSE") from the symbol "HRG" to "SPB". See Note 4 – Acquisitions for more information pertaining to the Spectrum Merger.

Prior to the Spectrum Merger, the reportable segments consisted of (i) Consumer Products, which represented HRG's 62.0% controlling interest in Spectrum, and (ii) Corporate and Other, which presented the holding company at HRG and other subsidiaries of HRG. Effective the date of the merger, the manner in which management views its business activities changed to reflect the reporting segments of Spectrum. See Note 18 – Segment Information for further discussion

Spectrum

Spectrum is a diversified global branded consumer products company. Spectrum manufactures, markets and/or distributes its products in approximately 160 countries in the North America ("NA"), Europe, Middle East & Africa ("EMEA"), Latin America ("LATAM") and Asia-Pacific ("APAC") regions through a variety of trade channels, including retailers, wholesalers and distributors, original equipment manufacturers ("OEMs"), construction companies and hearing aid professionals. We enjoy strong name recognition in our regions under our various brands and patented technologies. Our diversified global branded consumer products have positions in several product categories and types. Spectrum manages the businesses in vertically integrated, product-focused segments: (i) Global Batteries & Appliances ("GBA"), (ii) Global Pet Supplies ("PET"), (iii) Home and Garden ("H&G"), (iv) Hardware & Home Improvement ("HHI") and (v) Global Auto Care ("GAC"). Global and geographic strategic initiatives and financial

objectives are determined at the corporate level. Each segment is responsible for implementing defined strategic initiatives and achieving certain financial objectives and has a president responsible for sales and marketing initiatives and the financial results for all product lines within that segment.

Effective December 29, 2017, Spectrum approved a plan to explore strategic alternatives, including a planned sale of its GBA segment and is expected to be realized by December 31, 2018. As a result, the assets and liabilities associated with GBA have been classified as held for sale in the accompanying Condensed Consolidated Balance Sheets and the respective operations of GBA have been classified as discontinued operations in the accompanying Condensed Consolidated Statements of Income and Statements of Cash Flows; and reported separately for all periods presented as the disposition represents a strategic shift that will have a major effect on the Company's operations and financial results. See Note 3 – Divestitures for more information on the assets and liabilities classified as held for sale and discontinued operations. See Note 18 - Segment Information for more information pertaining to Spectrum's segments of continuing operations. The following table summarizes the respective product types, brands, and regions for each of the segments of continuing operations:

SB/RH Holdings, LLC

SB/RH is a wholly owned subsidiary of Spectrum and ultimately, SBH. SB/RH along with its wholly-owned subsidiary, Spectrum Brands, Inc. ("SBI") issued certain debt guaranteed by domestic subsidiaries. The reportable segments of SB/RH are consistent with the segments of Spectrum.

NOTE 1 - DESCRIPTION OF BUSINESS (continued)

HRG - Insurance Operations

On November 30, 2017, Fidelity & Guaranty Life ("FGL"), a former majority owned subsidiary of HRG, completed its merger (the "FGL Merger") with CF Corporation and its related entities (collectively, the "CF Entities") in accordance with its previously disclosed Agreement and Plan of Merger (the "FGL Merger Agreement"). In addition, pursuant to a share purchase agreement, on November 30, 2017, Front Street Re (Delaware) Ltd., a wholly-owned subsidiary of HRG, sold to the CF Entities (such sale, the "Front Street Sale") all of the issued and outstanding shares of its former wholly-owned subsidiaries, Front Street Re Cayman Ltd. and Front Street Re Ltd (collectively, "Front Street", and together with FGL, the "Insurance Operations"). Pursuant to the share purchase agreement, on December 5, 2017, the Company repaid the \$92.0 million of notes (such notes, the "HGI Energy Notes") issued by HGI Energy, which were held directly and indirectly by Front Street and FGL. As a result of the completion of the FGL Merger and the Front Street Sale, HRG no longer has any equity interest in FGL or Front Street and HRG's former Insurance Operations business is presented as discontinued operations for prior periods. HRG deconsolidated FGL and Front Street as of November 30, 2017. See Note 3 – Divestitures for more information pertaining to the disposition of HRG's former Insurance Operations business.

HRG - Salus

HRG, through its subsidiary, Salus, uses VIE for securitization activities, in which Salus transfers whole loans into a trust or other vehicle such that the assets are legally isolated from the creditors of Salus. Assets held in a trust can only be used to settle obligations of the trust. The creditors of these trusts typically have no recourse to Salus except in accordance with the obligations under standard representations and warranties. When Salus is the servicer of whole loans held in a securitization trust, Salus has the power to direct the most significant activities of the trust. Salus securities issued by the trust or has other contractual arrangements, other than standard representations and warranties that could potentially be significant to the trust.

NOTE 2 – BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation and Fiscal Period-End

The accompanying unaudited condensed consolidated financial statements have been prepared by the Company and its majority owned subsidiaries in accordance with accounting principles for interim financial information generally accepted in the United States and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all the information and notes necessary for a comprehensive presentation of financial position and results of operations. It is management's opinion, however, that all material adjustments have been made which are necessary for a fair financial statement presentation. For further information, refer to the Spectrum and SBRH historical audited consolidated financial statements and notes included in the Spectrum Annual Report on Form 10-K for the year ended September 30, 2017 as revised in Spectrum's Current Report on Form 8-K dated March 30, 2018 to retroactively adjust for recognition of discontinued operations for the GBA divestitures, and HRG's Annual Report on Form 10-K for the year ended September 30, 2017 as revised in HRG's Current Report on Form 8-K dated March 30, 2018 to retroactively adjust for recognition of discontinued operations for the GBA divestitures.

HRG's fiscal year ends on September 30 and the quarters end on the last calendar day of the months of December, March and June. Spectrum's fiscal year ends September 30 and reports its results using fiscal quarters whereby each three month quarterly reporting period is approximately thirteen weeks in length and ends on a Sunday. The exceptions are the first quarter, which begins on October 1, and the fourth quarter, which ends on September 30. As a result, the fiscal period end date for the three and nine month periods included within this Quarterly Report for SBH is June 30, 2018, consistent to the HRG fiscal calendar, and the fiscal period end date for the three and nine month periods included within this Quarter Report for SBRH is July 1, 2018, consistent to the Spectrum fiscal calendar. The Company did not adjust for the difference in the fiscal periods between Spectrum and HRG as such difference would be less than 93 days, pursuant to Regulation S-X Rule 3A-02.

Recently Issued Accounting Standards

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers (Topic 606), which supersedes the revenue recognition requirements in ASC 605, Revenue Recognition. This ASU requires revenue recognition to depict the transfer of goods and services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The new revenue recognition model requires identifying the contract and performance obligations, determining the transaction price, allocating the transaction price to performance obligations and recognizing the revenue upon satisfaction of performance obligations. This ASU also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments, and assets recognized from costs incurred to obtain or fulfill a contract. This ASU can be applied either retrospectively to each prior reporting period presented or retrospectively with the cumulative effect of initially applying the updates recognized at the date of the initial application along with additional disclosures. The ASU will become effective for us beginning in the first quarter of our fiscal year ending September 30, 2019. We have performed a preliminary assessment over the impact of the pronouncement to the Company and are currently performing detailed assessments over the contracts with our customers and the impact to our processes and control environment. We have not measured the impact of adoption at this point in our assessment and have not concluded on the overall materiality of the impact of adoption to the Company's consolidated financial statements and disclosures, or the method of adoption, but have not identified any matters that are considered significant for further disclosure.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which supersedes the lease requirements in ASC 840, Leases. This ASU requires lessees to recognize lease assets and liabilities on the balance sheet, as well as disclosing key information about leasing arrangements. Although the new ASU requires both operating and finance leases to be disclosed on the balance sheet, a distinction between the two types still exists as the economics of leases can vary. The ASU can be applied using a modified retrospective approach, with a number of optional practical expedients relating to the identification and classification of leases that commenced before the effective date, along with the ability to use hindsight in the evaluation of lease decisions, that entities may elect to apply. As a result, the ASU will become effective for us beginning in the first quarter of our fiscal year ending September 30, 2020, with early adoption applicable. We have not measured the impact of adoption at this point in our assessment and have not concluded on the overall materiality of the impact of adoption to the Company's consolidated financial statements, or determined the method and timing of adoption.

NOTE 2 - BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

In August 2016, the FASB issued ASU No. 2016-15, Classification of Certain Cash Receipts and Cash Payments, which addresses diversity in practice with the classification and presentation of certain cash receipts and cash payments in the statement of cash flows. The amendments in this update address the classification within the statement of cash flow for debt prepayment or debt extinguishment costs, settlement of zero-coupon debt instruments, contingent payments made after a business combination, proceeds from the settlement of insurance claims and corporate-owned life insurance policies, distributions received from equity method investees, and beneficial interests in securitization transactions, among other separately identifiable cash flows when applying the predominance principle. The ASU is applied on a retrospective basis, and will become effective for us beginning in the first quarter of our fiscal year ending September 30, 2019; with early adoption available. We are currently assessing the impact this pronouncement will have on the consolidated financial statements of the Company and have not yet concluded on the materiality or timing of adoption.

In November 2016, the FASB issued ASU No. 2016-18, Restricted Cash, which addresses diversity in practice with the classification and presentation of restricted cash in the statement of cash flow, classifying transfers between cash and restricted cash as operating, investing, or financing activities, or as a combination of those activities, in the statement of cash flows. The amendment requires the statement of cash flows to explain the change during the period in total cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents; and include with cash and cash equivalents when reconciling the beginning-of-period and end-of-period amounts shown on the statement of cash flows. The ASU is applied on a retrospective basis, and will become effective for us beginning in the first quarter of our fiscal year ending September 30, 2019; with early adoption available. We are currently assessing the impact this pronouncement will have on the consolidated financial statements of the Company and have not yet concluded on the materiality or timing of adoption.

In March 2017, the FASB issued ASU No. 2017-07, Compensation – Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost, which requires an employer to disaggregate the service cost component from the other components of net periodic pension costs within the statement of income. The amendment provides guidance requiring the service cost component to be recognized consistent with other compensation costs arising from service rendered by employees during the period, and all other components to be recognized separately outside of the subtotal of income from operations. The ASU is applied on a retrospective basis, and will become effective for us in the first quarter of the year ending September 30, 2019; with early adoption available. We are currently assessing the impact this pronouncement will have on the consolidated financial statements of the Company and have not yet concluded on the materiality of the adoption.

In August 2017, the Financial Accounting Standards Board ("FASB") issued ASU No. 2017-12, Derivatives and Hedging: Targeted Improvements to Accounting for Hedging Activities (Topic 815), which changes the designation and measurement guidance for qualifying hedging relationships and presentation of hedge results. The amendments in this update make certain targeted improvements to simplify the application of the hedge accounting guidance in

current GAAP, better aligning the entity's risk management activities and financial reporting for hedging relationships. The ASU can only be applied prospectively, and will become effective for us beginning in the first quarter of our fiscal year ending September 30, 2020; with early adoption available. We are currently assessing the impact this pronouncement will have on the consolidated financial statements of the Company and have not yet concluded on the materiality or timing of the adoption.

During the three month period ended December 31, 2017, the Company adopted SEC Staff Accounting Bulletin No. 118 to address the application of U.S. GAAP in situations when the registrant does not have the necessary information available, prepared, or analyzed (including computations) in reasonable detail to complete the accounting for the transition adjustment for certain income tax effects of the Tax Cuts and Jobs Act. See Note 16 – Income Taxes for additional discussion.

Interest expense consists of interest from debt directly held by subsidiaries of the business held for sale, including interest from capital leases, and interest on Term Loans required to be paid down using proceeds received on disposal on sale of a business within 365 days with the exception for funds used for capital expenditures and acquisitions. No impairment loss has been recognized as the fair value or expected proceeds from the disposal of the businesses are anticipated to be in excess of the asset carrying values. During the three and nine month periods ended June 30, 2018, the Company incurred transaction costs of \$24.3 million and \$49.4 million, respectively, associated with the divestiture and has been recognized as a component of Income From Discontinued Operations – GBA on the Condensed Consolidated Statements of Income. Transaction costs are expensed as incurred and include fees for investment banking services, legal, accounting, due diligence, tax, valuation and various other services necessary to complete the transactions.

Energizer Holdings, Inc.

On January 15, 2018 Spectrum entered into a definitive Acquisition Agreement ("Agreement") with Energizer Holdings, Inc. ("Energizer") where Energizer will acquire from Spectrum its Global Battery and Lighting ("GBL") business for an aggregate purchase price of \$2.0 billion in cash, subject to customary purchase price adjustments.

The Agreement provides that Energizer will purchase the equity of certain subsidiaries of Spectrum, and acquire certain assets and assume certain liabilities of other subsidiaries used or held for the purpose of the GBL business.

In the Agreement, Spectrum and Energizer have made customary representations and warranties and have agreed to customary covenants relating to the acquisition. Among other things, prior to the consummation of the acquisition, Spectrum will be subject to certain business conduct restrictions with respect to its operation of the GBL business.

Spectrum and Energizer have agreed to indemnify each other for losses arising from certain breaches of the Agreement and for certain other matters. In particular, the Spectrum has agreed to indemnify Energizer for certain liabilities relating to the assets retained by Spectrum, and Energizer has agreed to indemnify Spectrum for certain liabilities assumed by Energizer, in each case as described in the Agreement.

Spectrum and Energizer have agreed to enter into related agreements ancillary to the acquisition that will become effective upon the consummation of the acquisition, including a customary transition services agreement and reverse transition services agreement.

The consummation of the acquisition is subject to certain customary conditions, including, among other things, (i) the absence of a material adverse effect on GBL, (ii) the expiration or termination of required waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, (iii) the receipt of certain other antitrust approvals in certain specified foreign jurisdictions (the conditions contained in (ii) and (iii) together, the "Antitrust Conditions"), (iv) the accuracy of the representations and warranties of the parties generally subject to a customary material adverse effect standard (as described in the Agreement) or other customary materiality qualifications), (v) the absence of governmental restrictions on the consummation of the acquisition in certain jurisdictions, and (vi) material compliance by the parties with their respective covenants and agreements under the Agreement. The consummation of the transaction is not subject to any financing condition. On March 29, 2018, the Federal Trade Commission allowed the expiration of the 30-day Hart-Scott-Rodino waiting period, which in effect provides US regulatory approval of the sale. We are proceeding with other required international regulatory approvals and continue to expect the transaction to be consummated prior to December 31, 2018.

The Agreement also contains certain termination rights, including the right of either party to terminate the Agreement if the consummation of the acquisition has not occurred on or before July 15, 2019 (the "Termination Date"). Further, if the acquisition has not been consummated by the Termination Date and all conditions precedent to Energizer's obligation to consummate the acquisition have otherwise been satisfied except for one or more of the Antitrust Conditions, then Energizer would be required to pay Spectrum a termination fee of \$100 million.

The GBL business is a component of GBA, which also includes shared operations and assets of the remaining components of the segment consisting of the Home and Personal Care ("HPC") business. Spectrum is actively marketing the HPC business with interested parties for a separate transaction(s) expected to be entered into and consummated prior to December 31, 2018.

NOTE 3 – DIVESTITURES (continued)

HRG - Insurance Operations

On November 30, 2017, Fidelity and Guaranty Life ("FGL") completed the FGL Merger pursuant to which, except for certain shares specified in the FGL Merger Agreement, each issued and outstanding share of common stock of FGL was automatically canceled and converted into the right to receive \$31.10 in cash, without interest. The total consideration received by HRG Group Inc. as a result of the completion of the FGL Merger was \$1,518.3 million.

Also on November 30, 2017, Front Street Re (Delaware) Ltd. Sold to the CF Entities all of the issued and outstanding shares of Front Street for \$65 million, which is subject to reduction for customary transaction expenses. In addition, \$6.5 million of the purchase price was deposited in escrow for a period of 15 months to support any indemnification claims that might be made (if any) by the CF entities.

The operations of FGL were classified as held for sale in the accompanying Condensed Consolidated Statement of Financial Position at September 30, 2017 and as discontinued operations through November 30, 2017 in the accompanying Condensed Consolidated Statements of Operations and Condensed Consolidated Statements of Cash Flows.

Additionally, HRG, FS Holdco II Ltd. ("FS Holdco") and the CF Entities entered into an agreement (the "338 Agreement") on May 24, 2017 pursuant to which the CF Entities agreed that FS Holdco may, at its option, cause the relevant CF Entity and FS Holdco to make a joint election under Section 338(h)(10) of the Internal Revenue Code of 1986, as amended, with respect to the FGL Merger and the deemed share purchases of FGL's subsidiaries (the "338 Tax Election"). Pursuant to the 338 Agreement, if FS Holdco elects to make the 338 Tax Election, FS Holdco and/or CF Corporation will be required to make a payment for the election to the other. On March 8, 2018, FS Holdco exercised the 338 Tax Election and the CF Entities were required to pay FS Holdco \$26.6 million during the three month period ended June 30, 2018.

The following table summarizes the major categories of assets and liabilities of FGL classified as held for sale in the accompanying Condensed Consolidated Statement of Financial Position as of September 30, 2017.
