Item 1.01 Entry into a Material Definitive Agreement

On April 27, 2006, the stockholders of Chemtura Corporation approved the 2006 Chemtura Corporation Long-Term Incentive Plan (the "Plan"). The Plan is intended to advance the interests of the Company and its stockholders by providing incentives and rewards to those directors, officers, other employees and service providers who are in a position to contribute to the long-term growth and profitability of the Company and to assist the Company in attracting, retaining and developing highly qualified employees.

The Plan permits the granting of incentive stock options, nonqualified stock options, stock, restricted stock, stock appreciation rights, stock units, performance awards, dividend equivalents and other awards and the Plan is administered by the Organization, Compensation and Governance Committee (the "Committee") of the Board of Directors. The Plan provides for the issuance of a maximum of 10,500,000 shares, with shares granted under the Plan pursuant to awards other than stock options and stock appreciation rights limited to one-third (1/3) of the total maximum number of shares available for award under the Plan.

No award (other than an award granted to a non-employee director) may vest earlier than one year from date of grant. In general, no restricted stock award may vest earlier than three (3) years from the date of grant and if vesting of restricted stock is based on performance criteria, the minimum vesting period shall be two (2) years from the date of grant.

The exercise price of an option or stock appreciation right is determined by the Committee when it is granted, but may not be less than the fair market value of the stock on the date of grant. The term of an option or stock appreciation right may not exceed ten years. If a participant's employment or service terminates by reason of death or disability, any option held by such participant (to the extent it was exercisable at the time of the holder's death or disability) may be exercised for a period of two (2) years from the date of termination of employment or service; if a participant's employment or service terminates by reason of retirement any option held by such participant (to the extent it was exercisable at the time of the holder's retirement) may be exercised for a period of five (5) years from the date of termination of employment or service; and if a participant's employment or service terminates for any reason other than death, disability, retirement or cause, any option held by such participant (to the extent that it was exercisable at the time of the holder's termination) may be exercised for a period of ninety (90) days from the date of such termination of employment or service. If a participant's employment or service is terminated for cause, all rights under any option (whether vested or unvested) held by such participant shall expire immediately upon the giving to the participant of notice of such termination. Notwithstanding the foregoing, no option may be exercised more than ten (10) years after the date of grant.

The Plan will be effective as of April 27, 2006. A copy of the Plan is attached hereto as Exhibit 10.1 and is herein incorporated by reference.
