The accompanying condensed consolidated financial statements include the accounts of Sharps Compliance Corp. and its wholly owned subsidiaries, Sharps Compliance, Inc., dba Sharps Compliance, Inc. of Texas, Sharps e-Tools.com, Inc., and Sharps Environmental Services, Inc., dba Sharps Environmental Services of Texas, Inc. (collectively, Sharps or the Company). All significant intercompany accounts and transactions have been eliminated in consolidation.

NOTE 2. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission and, accordingly, do not include all information and footnotes required under accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, these interim condensed consolidated financial statements contain all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the financial position of the Company as of September 30, 2002, the results of its operations for the three months ended September 30, 2002 and 2001, and its cash flows for the three months ended September 30, 2002 and 2001. The results of operations for the three months ended September 30, 2002, are not necessarily indicative of the results to be expected for the entire fiscal year ending June 30, 2003. These condensed consolidated financial statements should be read in conjunction with the Company s Annual Report on Form 10-KSB for the year ended June 30, 2002.

NOTE 3. REVENUE RECOGNITION

On July 1, 2000, Sharps adopted the SEC Staff Accounting Bulletin No. 101, Revenue Recognition (SAB No. 101), which outlines the Staff s view and provides guidance related to revenue recognition. As a result, the Company has changed its revenue recognition policy relating to the multiple-deliverable revenue arrangements and to clarify and implement the shipping terms on the sales of products as F.O.B. destination. The adoption of SAB No. 101 has been accounted for as a cumulative effect of a change in accounting principle at July 1, 2000. Certain products offered by the Company have revenue producing components that are recognized over multiple delivery points and can consist of up to three separate elements as follows: (1) the sale of the container system, (2) the transportation of the container system and (3) the treatment and disposal (incineration) of the container system. The individual fair value of the transportation and incineration services are determined by the sales price of the service offered by third parties, with the fair value of the container being the residual value. Revenue for the sale of the container is recognized upon delivery to the customer, which is when the customer takes title and assumes risk of ownership. Transportation revenue is recognized when the customer returns the mailback container system and the container has been received at the Company s treatment facility. When returned, the container system is mailed to the incineration facility using the U.S. Postal Service. Incineration revenue is recognized upon the destruction and certification of destruction having been prepared on the container. Since the transportation element and the incineration elements are undelivered services at the point of initial sale of the container, the revenue is deferred until all the services are performed. However, through regression analysis of historical data, the Company has determined that a certain percentage of all container systems sold may not be returned. Accordingly, a portion of the tra

NOTE 4. CONTINGENCIES

Sharps continues to sole-source transportation, which consists of delivering the Sharps Disposal by Mail System from the end user to the Disposal Facility. Transportation is currently sole-sourced to the United States Postal Service. Management believes the risk of dependence is mitigated by the long-standing business relationship. Although there are no assurances with regard to the continued future business association, management believes that alternative sources would be available.

6

NOTE 5. LINE OF CREDIT

The Company completed an agreement with a financial institution on August 30, 2002 for a \$1.25 million asset based line of credit. Management believes that the Company s current resources will be sufficient to fund operations through calendar year 2003.

NOTE 6. RECENT ACCOUNTING PRONOUNCEMENTS

In June 2002, the FASB issued SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities , which nullifies Emerging Issues Task Force (EITF) Issue No. 94-3, Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (Including Certain Costs Incurred in a Restructuring). Under the terms of SFAS No. 146, the statement requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred rather than the date an entity commits to an exit plan. The effective date of the statement is for exit or disposal activities initiated after December 31, 2002 with early application encouraged. Management does not believe that this statement will have a material impact on the results of operations or financial conditions of the Company at the time of adoption.

NOTE 7. SUBSEQUENT EVENT

On October 1, 2002, Sharps completed a purchase of the Pro-Tec product line assets from Futura Medical Corporation for \$300,000. As consideration for the asset purchase, the Company made a payment of \$50,000 at closing and will make payments of \$83,333 on March 1, 2003, September 1, 2003 and March 1, 2004 to Futura. This asset purchase consists of all molds, fixtures, supplies and other fixed assets used in the manufacturing of the Pro-Tec product line. Sharps did not assume any operations, other liabilities or employees as a part of this purchase.

7

ITEM 2.

MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This quarterly report on Form 10-QSB contains certain forward-looking statements and information relating to Sharps that are based on the beliefs of the Company s management as well as assumptions made by and information currently available to the Company s management. When used in this report, the words anticipate, believe, estimate and intend and words or phrases of similar import, as they relate to Sharps or Company management, are intended to identify forward-looking statements. Such statements reflect the current risks, uncertainties and assumptions related to certain factors including, without limitations, competitive factors, general economic conditions, customer relations, relationships with vendors, governmental regulation and supervision, seasonality, distribution networks, product introductions and acceptance, technological change, changes in industry practices, onetime events and other factors described herein. Based upon changing conditions, should any one or more of these risks or uncertainties materialize, or should any underlying assumptions prove incorrect, actual results may vary materially from those described herein as anticipated, believed, estimated, expected or intended. The Company does not intend to update these forward-looking statements.

GENERAL

Sharps develops cost-effective, logistical solutions for healthcare, hospitality and residential markets. These solutions include the Sharps Disposal by Mail System, Trip LesSystem, Sharps Pump Return Box, Sharps Enteral Pump Return Box, SureTemp Totes, Pitch It IV Poles, Sharps e-Tools and Sharps Environmental Services. Sharps products and services are provided primarily to create cost and logistical efficiencies. These products and services facilitate compliance with state and federal regulations by tracking, incinerating and documenting the disposal of medical waste. Additionally, these services facilitate compliance with educational and training requirements of federal, state and local agencies.

On October 1, 2002, Sharps completed a purchase of the Pro-Tec product line assets from Futura Medical Corporation for \$300,000. As consideration for the asset purchase, the Company made a payment of \$50,000 at closing and will make payments of \$83,333 on March 1, 2003, September 1, 2003 and March 1, 2004 to Futura. This asset purchase consists of all molds, fixtures, supplies and other fixed assets used in the manufacturing of the Pro-Tec product line. Sharps did not assume any operations, other liabilities or employees as a part of this purchase.

The Pro-Tec product line offers medical sharps disposal containers, specialized for safe disposal of biomedical waste in a full range of services. The Pro-Tec product line is a vertical business integration of the sharps disposal by mail products for the Company. The Company will have savings in product cost on its Sharps Disposable by Mail System and sales to third parties of this product.

The Company has received a purchase order (approximately \$600,000) for a new version of the Sharps Disposal by Mail System for residential use from a leading syringe manufacturer. This new product will be marketed and distributed by the syringe manufacturer nationwide.

RESULTS OF OPERATIONS

The discussion below analyzes changes in the consolidated operating results and financial condition of the Company during the three months ended September 30, 2002 and 2001.

The following table sets forth, for the periods indicated, certain items from the Company s Condensed Consolidated Financial Statements of Operations, expressed as a percentage of revenue:

8

Three Months Ended September 30,

| | 2002 | 2001 |
|-------------------------------------|--------|--------|
| Net revenues | 100% | 100% |
| Costs and expenses: | | |
| Cost of revenues | (67)% | (71)% |
| Selling, general and administrative | (41)% | (43)% |
| Depreciation and amortization | (1)% | (2)% |
| Total operating expenses | (110)% | (116)% |
| Loss from operations | (10)% | (16)% |
| Total other income | 1% | 1% |
| Net loss | (9)% | (15)% |

QUARTER ENDED SEPTEMBER 30, 2002, COMPARED TO QUARTER ENDED SEPTEMBER 30, 2001

Product Revenues for the quarter ended September 30, 2002 increased 48% as compared to the product revenues for the quarter ended September 30, 2001. This is due to the timing of sales orders affected by the shipping of products to our customers (20%) and continued penetration of target markets, which resulted in strong revenue growth of 18% for SureTemp Totes and 10% for the Sharps Disposal by Mail System. During quarter ended September 30, 2002, the sale of products contributed 76% to total revenue while incineration, transportation and other services contributed 13%, 10%, and 1%, respectively, to total revenue. Product sales in quarter ended September 30, 2001 were 71% to total revenue while incineration, transportation and other services contributed 17%, 11%, and 1%, respectively, to total revenue. The Company expects that its results of operations will continue to fluctuate between periods based upon the timing and level of sales to distributors.

Cost of Revenue as a percent of revenue for the quarter ended September 30, 2002, decreased by 4% as compared to the Cost of Revenue as a percent of revenue for the quarter ended September 30, 2001. This resulted from price increases on certain products and incineration services, which was partially offset by a lower blended gross profit margin due to the product mix sold during the quarter. The cost of revenue on products contributed 66% to total cost of revenue while incineration and transportation contributed 20% and 14%, respectively, to total cost of revenue during quarter ended September 30, 2002. The cost of revenue on products contributed 56% to total cost of revenue while incineration and transportation contributed 29% and 15%, respectively, to total cost of revenue during quarter ended September 30, 2001.

Selling, general and administrative expenses declined as a percent of revenue to 41% for the quarter ended September 30, 2002 from 43% for the quarter ended September 30, 2001. The decline is due to increased sales and our ability to leverage the existing cost structure to support the new growth. The increased dollar amount is attributed to increased headcount, commissions from higher sales volume, additional insurance expenses, additional professional fees and travel expenses.

The net loss from operations decreased in quarter ended September 30, 2002 as compared to quarter ended September 30, 2001 by approximately 6% as a percent of revenue. This improvement is substantially due to increased sales leveraging the existing cost structure.

The revenues and cost of revenues components for the quarter ended September 30, 2002 and 2001 are as follows:

Three Months Ended September 30,

| | 20 | 02 | | • | 20 | 01 | |
|------------------------|-----------------|----|--------------------|----|-----------|----|--------------------|
| | Revenue | | Cost of Revenue | | Revenue | | Cost of Revenue |
| Products | \$ 1,551,508 | \$ | 906,342 | \$ | 1,050,063 | \$ | 586,057 |
| Incineration Service | 256,961 | | 284,416 | | 253,914 | | 305,361 |
| Transportation Service | 209,681 | | 190,632 | | 166,487 | | 155,307 |
| Consulting Services | 30,718 | | | | 3,296 | | |
| | | | | | | | |
| | \$ 2,048,868 | \$ | 1,381,390 | \$ | 1,473,760 | \$ | 1,046,725 |

9

LIQUIDITY AND CAPITAL RESOURCES

As of September 30, 2002, the Company had approximately \$1,744,000 in cash and accounts receivable. Current assets exceeded current liabilities by approximately \$255,000 at September 30, 2002. On October 12, 2001, the Company completed a private placement of 1,100,000 shares of its common stock for gross proceeds of \$1,210,000, which improved the Company s working capital position.

The Company completed an agreement with a financial institution on August 30, 2002 for a \$1.25 million asset based line of credit. Management believes that the Company s current resources will be sufficient to fund operations through calendar year 2003.

Item 3. Controls and Procedures

Within the 90 days prior to the date of this report, the Company carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company s internal controls and procedures. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our internal controls and procedures are effective in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in this 10-QSB. There have been no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of the Chief Executive Officer and Chief Financial Officer s most recent evaluation

PART II OTHER INFORMATION

ITEM 2. Changes in Securities

On October 12, 2001, the Company approved the sale of 1,100,000 shares of common stock, \$0.01 par value per share, in a private placement sale of the securities. This private placement was offered and sold only to individuals or companies who were accredited as defined by Rule 501 of Regulation D. The proceeds from the sale of the securities were \$1,210,000 in cash. The sale of these securities was exempt under Regulation D.

On January 7, 2002, the Company sold 16,667 shares of Common Stock for \$16,667 in cash. This transaction was exempt under Regulation D and Section 4 of the Securities Act of 1933 as a transaction not involving an issuer.
