SI International, Inc. and Subsidiaries

Notes to consolidated financial statements

(Unaudited)

1. Basis of Presentation

The accompanying unaudited consolidated financial statements of SI International, Inc. and its subsidiaries have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the quarter and six months ended June 26, 2004 are not necessarily indicative of the results that may be expected for the year ending December 25, 2004. For further information, refer to the financial statements and footnotes included in SI International's Annual Report on Form 10-K/A for the year ended December 27, 2003. References to the Company, we, us and our refer to SI International, Inc. and its subsidiaries.

2. Summary of significant accounting policies:

Principles of consolidation

The accompanying consolidated financial statements include the accounts of the Company and its wholly and majority-owned subsidiaries. All significant intercompany transactions and accounts have been eliminated in consolidation.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reporting periods

Edgar Filing: SI INTERNATIONAL INC - Form 10-Q

The Company's fiscal year is based on the calendar year and ends each year on the Saturday nearest but prior to December 31 of that year, and our fiscal quarters end on the Saturday nearest but prior to the applicable quarterly month end. As a result, our fiscal year may be comprised of 52 or 53 weeks. The fiscal quarters presented in this Form 10-Q include 13 weeks.

Cash and cash equivalents

The Company considers all investments with maturities of three months or less at the date of purchase to be cash equivalents.

The balances of checks the Company has written, but has not yet presented to the bank for payment, are approximately \$2,872,000 and \$0 at June 26, 2004 and December 27, 2003, respectively. These balances have been classified in other current liabilities in the accompanying consolidated balance sheets.

Revenue Recognition

Our accounting policy regarding revenue recognition is written to comply with the following criteria: (1) a contract has been executed; (2) the contract price is fixed and determinable; (3) delivery of services or products has occurred; and (4) collectibility of the contract price is considered probable and can be reasonably estimated. Compliance with these criteria may require us to make significant judgments and estimates.

Significant customers

Revenue generated from contracts with the Federal government or prime contractors doing business with the Federal government accounted for a significant percent of revenues in the fiscal quarter and six months ending June 26, 2004 and June 28, 2003.

	Three Months Ended				Six Months Ended			
	June 26, 2004		June 28, 2003		June 26, 2004		June 28, 2003	
Department of Defense	52.3	%	52.8	%	51.2	%	52.6	%
Federal civilian agencies	44.3		40.3		45.1		40.8	
Commercial entities	3.4		6.9		3.7		6.6	
Total revenue	100.0	%	100.0	%	100.0	%	100.0	%

For the three and six months ended June 26, 2004, as well as the three and six months of 2003, we had two contracts that generated more than 10% of our revenue. Our Command, Control, Communications, Computer, Intelligence, Information, Surveillance and Reconnaissance (C4I2SR) contract with the U.S. Air Force Space Command represented approximately 13.5% and 21.1% of total revenue for the three months ended June 26, 2004 and June 28, 2003, respectively, and 12.2% and 21.2% of total revenue for the six months ended June 26, 2004 and June 28, 2003, respectively. Our National Visa Center contract with the Department of State represented approximately 9.7% and 14.8% of total revenue for the three months ended June 26, 2004 and June 28, 2003, respectively, and 10.0% and 14.6% of total revenue for the six months ended June 26, 2004 and June 28, 2003, respectively.

Deferred financing costs

Costs incurred in establishing our credit facility are deferred and amortized as interest expense over the term of the related debt using the effective interest method. These deferred costs are reflected as a component of other assets in the accompanying consolidated balance sheets. The deferred financing costs consist of the following (in thousands):

	June 26, 2004		December 27, 2003	
Deferred loan costs	\$	2,321	\$	1,120
Accumulated amortization		(647)		(421)
	\$	1,675	\$	699

Deferred revenue

Edgar Filing: SI INTERNATIONAL INC - Form 10-Q

At the end of the quarter ended June 26, 2004 and the fiscal year ended December 27, 2003, we received advance payments of approximately \$3,900,000 from a customer to purchase equipment to be used in a contract. The advances were reflected as deferred revenue as of June 26, 2004 and December 27, 2003 in the accompanying consolidated balance sheets.

Fair value of financial instruments

The Company's financial instruments consist primarily of cash and cash equivalents, accounts receivable, accounts payable, credit facilities, and notes payable. In management's opinion, the carrying amounts of these financial instruments approximate their fair values at June 26, 2004 and December 27, 2003.

Stock-based compensation

In December 2002, the FASB issued SFAS No. 148, *Accounting for Stock-Based Compensation: Transition and Disclosure*, an amendment of SFAS 123. This statement amends SFAS No. 123, *Accounting for Stock-Based Compensation*, to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this statement amends the disclosure requirements of SFAS

No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The Company has chosen to continue to account for stock-based compensation using the intrinsic value method prescribed in APB Opinion No. 25 and related interpretations. Accordingly, compensation expense for stock options is measured as the excess, if any, of the fair market value of the Company's stock at the date of the grant over the exercise price of the related option. The Company has adopted the annual disclosure provisions of SFAS No. 148 in its financial reports for the year ended December 27, 2003 and has adopted the interim disclosure provisions for its financial reports for the quarters and six months ended June 26, 2004 and June 28, 2003.

	Three Months Ended		Six Months Ended	
	June 26, 2004	June 28, 2003	June 26, 2004	June 28, 2003
Net income - as reported	\$ 2,684	\$ 1,609	\$ 5,040	\$ 3,098
Add: total stock-based employee compensation expense as reported under intrinsic value method (APB No. 25) for all awards	33	32	66	67
Deduct: Total stock-based compensation expense determined under fair value based method (SFAS No. 123) for all awards	(852)	(48)	(1,717)	(420)
Net income - pro forma	1,865	1,593	3,389	2,745
Basic earnings per share - as reported	0.32	0.19	0.60	0.37

Basic earnings per share - pro forma	0.22	0.19	0.40	0.33
Diluted earnings per share - pro forma	0.21	0.19	0.38	0.33

Earnings per share

Basic EPS is computed by dividing reported net income by the weighted average number of shares outstanding without consideration of common stock equivalents or other potentially dilutive securities. Diluted EPS gives effect to common stock equivalents and other potentially dilutive securities outstanding during the period.

The following details the computation of net income per common share (in 000s):

	Three Months Ended				Six Months Ended			
	June 26, 2004		June 28, 2003		June 26, 2004		June 28, 2003	
Net Income - Basic and Diluted	\$	2,684	\$	1,609	\$	5,040	\$	3,098

Edgar Filing: SI INTERNATIONAL INC - Form 10-Q

Weighted average share calculation:							
Basic weighted average shares outstanding		8,473		8,447		8,465	8,445
Treasury stock effect of stock options		535				461	
Diluted weighted average shares outstanding		9,008		8,447		8,926	8,445

Reclassifications

Certain prior year balances have been reclassified to conform to the presentation of the current year.

3. Acquisitions:

On January 21, 2004, the Company completed the purchase of MATCOM International Corp., or MATCOM, a provider of information technology, systems engineering, logistics, and training. Under the terms of the merger agreement, the Company acquired MATCOM for \$65.8 million, of which \$63.7 million was paid in cash to the seller. The transaction was funded through cash on hand and borrowings under the credit facility. Contemporaneously with the closing of the acquisition of MATCOM, we amended our credit facility to increase the maximum amount of available borrowings from \$35.0 million to \$80.0 million, of which \$30.0 million is comprised of a term loan and the remainder of a revolving credit facility, and to extend the maturity of the credit facility to January 21, 2008. Approximately \$54.2 million of the purchase consideration has been allocated to goodwill based primarily on the excess of the purchase price over the estimated fair value of net assets acquired, and approximately \$5.0 million of the purchase price has been assigned to identifiable intangible assets of contractual customer relationships. The contractual customer relationships are being amortized accelerated over its estimated remaining life of 11 years.

The total purchase price paid, including transaction costs of \$1.4 million, was allocated as follows (in 000s):

Accounts receivable	14,425
Prepaid expense and other current assets	1,631
Income tax receivable	1,216
Property and equipment	1,139
Accounts payable & accrued expenses	(9,427)
Deferred rent	(31)
Deferred income tax	(1,768)
Contractual customer relationships	5,023
Goodwill	54,198
Total consideration	\$ 66,406

The following unaudited proforma combined condensed statements of operations (in thousands, except per share) set forth the consolidated results of operations of the Company for the six months ended June 26, 2004 and June 28, 2003 as if the above described acquisition had occurred at the beginning of each period presented. This unaudited proforma information does not purport to be indicative of the actual financial position or the results that would actually have occurred if the combination had been in effect for the six months ended June 26, 2004 and June 28, 2003.

	Six Months Ended			
	June 26, 2004		June 28, 2003	
Revenue	\$	123,300	\$	116,475
Net income	\$	5,192	\$	4,074

Edgar Filing: SI INTERNATIONAL INC - Form 10-Q

Diluted earnings per share	\$	0.58	\$	0.48
----------------------------	----	------	----	------

9

4. Accounts receivable:

Accounts receivable consists of the following (in thousands):

	June 26, 2004		December 27, 2003	
Billed accounts receivable	\$	32,311	\$	18,215
Unbilled accounts receivable:				
Currently billable		21,154		13,137
Unbilled retainages and milestones payments expected to be billed within the next 12 months		6,564		3,127
Indirect costs incurred and charged to cost-plus contracts in excess of provisional billing rates		1,081		768
Total unbilled accounts receivable		28,799		17,032
Allowance for doubtful accounts		(1,515)		(1,240)
Accounts receivable, net	\$	59,595	\$	34,007

The currently billable amounts included as unbilled accounts receivable as of June 26, 2004 represent amounts that are billed during the following quarter of the current year. They are billings for services rendered prior to quarter-end, which are billed once necessary billing data has been collected and an invoice is produced.

5. Property and equipment:

Property and equipment consist of the following (in thousands):

	June 26, 2004		December 27, 2003	
Computers and equipment	\$	7,704	\$	6,389
Software		2,126		1,914
Furniture and fixtures		1,590		1,339
Leasehold improvements		788		676
		12,208		10,318
Less-Accumulated depreciation and amortization		(7,686)		(6,550)
Property and equipment, net	\$	4,522	\$	3,768

Property and equipment includes assets financed under capital lease obligations of approximately \$114,000 and \$178,000, net of accumulated amortization, as of June 26, 2004 and December 27, 2003, respectively.

Edgar Filing: SI INTERNATIONAL INC - Form 10-Q

Depreciation and amortization expense of approximately \$0.6 million was recorded in the quarter ended June 26, 2004, compared to \$0.5 million in the quarter ended June 28, 2003.

6. **Accounts payable and accrued expenses:**

Accounts payable and accrued expenses consist of the following (in thousands):

		June 26, 2004		December 27, 2003	
Accounts payable	\$	9,354	\$	6,965	
Accrued compensation and benefits		7,962		5,675	
Other accrued liabilities		6,461		5,068	
Accounts payable and accrued expenses	\$	23,777	\$	17,708	

7. Debt:

Debt, which is included in current and long term liabilities in the accompanying balance sheets, consists of the following (in thousands):

	June 26, 2004		December 27, 2003	
Credit facilities:				
Line of credit at June 26, 2004, bears interest at LIBOR plus 275 to 350 basis points or a specified base rate plus 175 to 250 basis points, interest due monthly, principal due January 21, 2008	\$	16,000	\$	
Term loan at June 26, 2004, bears interest at LIBOR plus 275 to 350 basis points or a specified base rate plus 175 to 250 basis points, interest due monthly, three \$1.5 million quarterly principal payments starting on June 30, 2004, eight \$1.875 million quarterly principal payments starting on March 31, 2005, three \$2.25 million quarterly principal payments starting on March 31, 2007, and a final \$3.75 million principal payment on December 31, 2007		30,000		
Notes payable:				
Indemnification note payable		340		340
Total debt	\$	46,340	\$	340

The original credit facility (the 2002 credit facility) consisted of a \$35.0 million secured revolving credit arrangement with Wachovia Bank, N.A. acting as Administration Agent for a consortium of lenders. With the closing of the acquisition of MATCOM, the Company amended the 2002 credit facility in January 2004. The amended credit facility (the 2004 credit facility) consists of a \$30 million term loan and a \$50.0 million secured revolving credit arrangement. The 2004 credit facility is secured by a pledge of substantially all of our current and future tangible and intangible assets, as well as those of our current and future subsidiaries, including accounts receivable, inventory and capital stock of our existing and future subsidiaries. In addition, the Company is required to maintain compliance with financial and nonfinancial covenants.

8. Commitments and contingencies:**Leases**

As of June 26, 2004, the Company had noncancelable operating leases, primarily for real estate, that expire over the next ten years. Rental expense during the quarter ended June 26, 2004 was approximately \$1.6 million, compared to rental expense of approximately \$1.3 million during the quarter ended June 28, 2003.

Contract cost audits

Payments to the Company on government cost reimbursable contracts are based on provisional or estimated indirect rates, which are subject to audit on an annual basis by the Defense Contract Audit Agency (DCAA). The cost audits result in the negotiation and determination of the final indirect cost rates that the Company may use for the period(s) audited. The final rates, if different from the provisional rates, may create an additional receivable or liability for the Company. The Company's revenue recognition policy calls for revenue recognized on all cost reimbursable government contracts to be recorded at provisional rates unless collectibility is reasonably assured for costs incurred at higher rates. To the extent the indirect rate differential creates a liability for the Company, the differential is recognized as a reduction to revenue when identified.

Litigation and claims

From time to time, the Company is involved in litigation, claims and disputes that arise in the ordinary course of its business. In addition, the Company is subject to audit, review, and investigation by various agencies of the Federal government to determine compliance with applicable federal statutes and regulations. As a Federal Government contractor, the Company is subject to audit by certain federal agencies to determine if the Company's performance and administration of its government contracts are compliant with contractual requirements and applicable federal statutes and regulations. While the Company cannot predict the ultimate outcome of legal proceedings, government audits, investigations, claims and disputes to which it is or may be subject, the Company currently believes, based upon information available to us as of the date of this filing, that any ultimate liability arising out of these matters will not have a material adverse effect on our financial position, results of operations, or cash flows.

9. Stockholders' equity:

Stock option plan

In 2002, the Company adopted the 2002 Stock Incentive Plan to grant stock options to purchase up to 1,600,000 shares of its common stock to its employees and employees of its affiliates. In March 2004, the Board of Directors increased the number of reserved shares by 160,000 so that the total number of reserved shares increased from 1,600,000 to 1,760,000. The terms of the 2002 Stock Incentive Plan state that this ceiling of 1,600,000 shares of common stock shall automatically increase at the beginning of each fiscal year by a number of shares equal to the lesser of 160,000 shares of common stock and an amount determined by the Company's Board of Directors. As of June 26, 2004, the Company had issued 1,377,954 stock options under the 2002 Stock Incentive Plan against a ceiling of 1,760,000 shares of common stock authorized under this plan.

Common stock offering

The Company has incurred approximately \$458,000 in connection with a proposed public offering of common stock. Such costs will be netted against the proceeds and recorded in stockholders' equity upon closing of the offering. Should the offering not be consummated, these costs would be recorded as an expense.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the consolidated financial statements and related notes included elsewhere in this Form 10-Q. This discussion and analysis contains forward-looking statements that involve known and unknown risks, uncertainties, and other factors that may cause our actual results, level of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify these statements by forward-looking words such as

Edgar Filing: SI INTERNATIONAL INC - Form 10-Q

anticipate, believe, could, estimate, expect, intend, may, plan, potential, should, will, and would or similar words. You should read statements that contain these words carefully because they discuss our future expectations, contain projections of our future results of operations or of our financial position, or state other forward-looking information. We believe that it is important to communicate our future expectations to our investors. However, there may be events in the future that we are not able to predict accurately or control. In particular, statements that we make in this section relating to the sufficiency of anticipated sources of capital to meet our cash requirements are forward- looking statements. Our actual results could differ materially from those anticipated in these forward-looking statements for many reasons, including as a result of some of the factors described below, elsewhere in this Form 10-Q and in the section entitled Risk Factors in our Form 10-K/A for the fiscal year ended December 27, 2003. You should not place undue reliance on these forward-looking statements, which apply only as of the date of the filing of this Form 10-Q.

Our fiscal year is based on the calendar year and ends each year on the Saturday closest to but prior to December 31 of that year, and our fiscal quarter ends 13 weeks after the conclusion of the previous fiscal quarter.

References to the Company, we, us and our refer to SI International, Inc. and its subsidiaries.

Overview

We are, first and foremost, a provider of information technology and network solutions to the Federal government. Our clients included U.S. Air Force Space Command, the Department of State, the U.S. Army, the Department of Homeland Security, Federal Retirement Thrift Investment Board, the National Institutes of Health, the Department of Agriculture, U.S. Air Force Electronic Systems Center, the U.S. Navy and the intelligence community. We combine our technology and industry expertise to provide a full spectrum of state-of-the-practice solutions and services, from design and development to implementation and operations, which assist our clients in achieving mission success.

In the three and six months ended June 26, 2004, we received 96.6% and 96.3%, respectively, of our revenues from services we provided to various departments and agencies of the Federal Government and 3.4% and 3.7%, respectively, of our total revenues from work performed for commercial entities. In comparison, for the three and six months ended June 28, 2003, we received 93.1% and 93.4%, respectively, of our revenues from services we provided to Federal Government agencies and 6.9% and 6.6%, respectively, of total revenues from work performed for commercial entities. The following table shows our revenues from the client groups listed as a percentage of total revenue. Revenue data for the Department of Defense includes revenue generated from work performed under engagements for both the Department of Defense and the intelligence community.

	Three Months Ended			Six Months Ended		
	June 26, 2004		June 28, 2003	June 26, 2004		June 28, 2003
Department of Defense	52.3%		52.8%	51.2%		52.6%
Federal civilian agencies	44.3%		40.3%	45.1%		40.8%
Commercial entities	3.4%		6.9%	3.7%		6.6%
Total revenue	100.0%		100.0%	100.0%		100.0%

We have derived a substantial majority of our revenues from governmental contracts under which we act as a prime contractor. We also provide services indirectly as a subcontractor. We intend to focus on retaining and increasing the percentage of our business as prime contractor because it provides us with stronger client relationships. The following table shows our revenues as prime contractor and as subcontractor as a percentage of our total revenue for the following periods:

	Three Months Ended			Six Months Ended		
	June 26, 2004		June 28, 2003	June 26, 2004		June 28, 2003
Prime contract revenue	80.4%		83.4%	79.9%		83.0%
Subcontract revenue	19.6%		16.6%	20.1%		17.0%
Total revenue	100.0%		100.0%	100.0%		100.0%

Our services are provided under three types of contracts: cost reimbursable, time and materials and fixed price contracts. The following table shows our revenues from each of these types of contracts as a percentage of our total revenue for the following periods:

Edgar Filing: SI INTERNATIONAL INC - Form 10-Q

	Three Months Ended				Six Months Ended			
	June 26, 2004		June 28, 2003		June 26, 2004		June 28, 2003	
Cost reimbursable	26.8	%	37.9	%	25.6	%	37.4	%
Time and materials	48.0	%	35.6	%	49.0	%	37.2	%
Fixed price	25.2	%	26.5	%	25.4	%	25.4	%
Total	100.0	%	100.0	%	100.0	%	100.0	%

Under cost reimbursable contracts, we are reimbursed for costs that are determined to be reasonable, allowable and allocable to the contract, and paid a fee representing the profit margin negotiated between us and the contracting agency, which may be fixed or performance based. Under cost reimbursable contracts we recognize revenues and an estimate of applicable fees earned as costs are incurred. We consider fixed fees under cost reimbursable contracts to be earned in proportion to the allowable costs incurred in performance of the contract. For performance-based fees under cost reimbursable contracts, we recognize the relevant portion of the expected fee to be awarded by the client at the time such fee can be reasonably estimated, based on factors such as our prior award experience and communications with the client regarding performance. In general, cost reimbursable contracts are the least profitable of our government contracts. In the three and six months ended June 26, 2004, 26.8% and 25.6%, respectively, of our revenues were derived from cost reimbursable contracts. In the three and six months ended June 28, 2003, 37.9% and 37.4%, respectively, of our revenues were derived from cost reimbursable contracts.

Under time and materials contracts, we are reimbursed for labor at fixed hourly rates and generally reimbursed separately for allowable materials, costs and expenses. To the extent that our actual labor costs under a time and materials contract are higher or lower than the billing rates under the contract, our profit under the contract may either be greater or less than we anticipated or we may suffer a loss under the contract. We recognize revenues under time and materials contracts by multiplying the number of direct labor hours expended by the contract billing rates and adding the effect of other billable direct costs. In general, we realize a higher profit margin on work performed under time and materials contracts than cost reimbursable contracts. In the three and six months ended June 26, 2004, 48.0% and 49.0%, respectively, of our revenues were derived from time and materials contracts. In the three and six months ended June 28, 2003, 35.6% and 37.2%, respectively, of our revenues were derived from time and material contracts.

Under fixed price contracts, we perform specific tasks for a fixed price. Compared to cost reimbursable and time and materials contracts, fixed price contracts generally offer higher profit margin opportunities but involve greater financial risk because we bear the impact of cost overruns in return for the full benefit of any cost savings. We generally do not undertake complex, high-risk work, such as long-term software development, under fixed price terms. Fixed price contracts may include either a product delivery or specific service performance over a defined period. Revenue on fixed price contracts that provide for the Company to render services throughout a period is recognized as earned according to contract terms as the service is provided on a proportionate performance basis. These contracts are generally less than six months in duration. For fixed price contracts that provide for the delivery of a specific product with related customer acceptance provisions, revenues are recognized as those products are delivered and accepted. In the three and six months ended June 26, 2004, 25.2% and 25.4%, respectively, of our revenues were derived from fixed price contracts. In the three and six months ended June 28, 2003, 26.5% and 25.4%, respectively, of our revenues were derived from fixed price contracts.

If we anticipate a loss on a contract, we provide for the full amount of anticipated loss at the time of that determination.

Our most significant expense is direct cost, which consists primarily of direct labor costs for program personnel and direct expenses incurred to complete contracts, including cost of materials and subcontractor costs. Our ability to predict accurately the number and types of personnel, their salaries, and other costs, can have a significant impact on our direct cost.

The allowability of certain direct and indirect costs in federal contracts is subject to audit by the client, usually through the DCAA. Certain indirect costs are charged to contracts and paid by the client using provisional, or estimated, indirect rates, which are subject to later revision, based on the government audits of those costs.

We actively monitor our relationships with our clients during our engagements, as well as the quality of the service we provide, to assist in our efforts to win recompetition bids. In addition, we strive to maintain good relationships with a wide variety of government contractors.

Results of Operations

The following table sets forth certain items from our consolidated statements of operations as a percent of revenues for the periods indicated.

	Three Months Ended			Six Months Ended		
	June 26, 2004		June 28, 2003	June 26, 2004		June 28, 2003
Revenue	100.0%		100.0%	100.0%		100.0%
Costs and expenses:						
Direct costs	60.8		59.6	60.4		60.1
Indirect costs	29.9		32.3	30.3		32.1
Depreciation	0.9		1.2	1.0		1.2
Amortization	0.3			0.3		
Total operating expenses	91.9		93.1	92.0		93.4
Income from operations	8.1		6.9	8.0		6.6
Interest expense	(1.2)		(0.4)	(1.1)		(0.4)
Income before provision for income taxes	6.9		6.5	6.9		6.2
Provision for income taxes	2.7		2.6	2.7		2.5
Net income	4.2%		3.9%	4.2%		3.7%

Three months ended June 26, 2004 compared with three months ended June 28, 2003

Revenue. For the three months ended June 26, 2004, our revenues increased 56.7% to \$63.8 million from \$40.7 million for the three months ended June 28, 2003. Revenues from work under Federal Government contracts increased 62.4% to \$61.6 million for the three months ended June 26, 2004 from \$37.9 million for the three months ended June 28, 2003. This increase was primarily attributable to increased activity in our outsourcing, learning and network solutions services and revenue from our most recent acquisition, Matcom International Corporation. Commercial revenues decreased 20.2% to \$2.2 million in the three months ended June 26, 2004 from \$2.8 million in the three months ended June 28, 2003. The decrease was attributable to an increase in our focus on Federal Government business.

Direct costs. Direct costs include direct labor and other direct costs such as materials and subcontracts. Generally, changes in direct costs are correlated to changes in revenue as resources are consumed in the production of that revenue. For the three months ended June 26, 2004, direct costs increased 59.9% to \$38.8 million from \$24.3 million for the three months ended June 28, 2003. This increase was attributable primarily to the increase in revenue. As a percentage of revenue, direct costs were 60.8% for the three months ended June 26, 2004 as compared to 59.6% for the three months ended June 28, 2003.

Indirect costs. Indirect costs include facilities, selling, bid and proposal, indirect labor, fringe benefits and other discretionary costs. For the three months ended June 26, 2004, indirect costs increased 44.7% to \$19.0 million from \$13.2 million for the three months ended June 28, 2003. This \$5.8 million increase was primarily attributable to the expected growth of support functions necessary to facilitate and administer the growth in direct costs as well as the integration of MATCOM and the growth in our sales and marketing efforts. As a percentage of revenue, indirect costs were 29.9% for the three months ended June 26, 2004 as compared to 32.3% for the three months ended June 28, 2003.

Depreciation. For the three months ended June 26, 2004, depreciation expense increased 23.0% to \$0.60 million from \$0.49 million for the three months ended June 28, 2003. This increase was attributable primarily to increased levels of capital expenditures. As a percentage of revenue, depreciation expense was 0.9% for the three months ended June 26, 2004 compared to 1.2% for the three months ended June 28, 2003.

Amortization of intangible assets. For the three months ended June 26, 2004, amortization of intangible assets was \$0.2 million, compared to \$0 for the three months ended June 28, 2003. This increase was attributed to the acquisition of MATCOM on January 21, 2004. The Company uses an accelerated method of amortization.

Income from operations. For the three months ended June 26, 2004, income from operations increased 84.3% to \$5.2 million from \$2.8 million for the three months ended June 28, 2003. This increase was attributable primarily to increased revenues. As a percentage of revenue, income from operations was 8.1% for the three months ended June 26, 2004 compared to 6.9% for the three months ended June 28, 2003.

Interest expense. Interest expense increased 405.5% to \$0.74 million for the three months ended June 26, 2004 from \$0.15 million for the three months ended June 28, 2003. This increase was attributable primarily to increased borrowings under our credit facility made in connection with the acquisition of MATCOM. As a percentage of revenue, interest expense was 1.2% for the three months ended June 26, 2004 as compared to 0.4% for the three months ended June 28, 2003. We anticipate interest expense to remain at higher levels throughout fiscal year 2004 as compared to the same periods in 2003.

Provision for/benefit from income taxes. The provision for income tax was \$1.8 million in the three months ended June 26, 2004, compared to \$1.1 million for the three months ended June 28, 2003. Our second quarters of both 2004 and 2003 tax provision represent an effective tax rate of 39.5%. Our effective tax rate is greater than the federal statutory rate of 34% due primarily to state income tax rates.

Six months ended June 26, 2004 compared with six months ended June 28, 2003

Revenue. For the six months ended June 26, 2004, our revenues increased 46.0% to \$119.8 million from \$82.0 million for the six months ended June 28, 2003. Revenues from work under Federal Government contracts increased 50.4% to \$115.4 million for the six months ended June 26, 2004 from \$76.6 million for the six months ended June 28, 2003. This increase was attributable primarily to increased activities in our outsourcing, applications development and network solutions services. Commercial revenues decreased 19.0% to \$4.4 million in the six months ended June 26, 2004 from \$5.4 million in the six months ended June 28, 2003. The decrease was attributable primarily to increase in our focus on Federal Government support..

Direct costs. Direct costs include direct labor and other direct costs such as materials and subcontracts. Generally, changes in direct costs are correlated to changes in revenue as resources are consumed in the production of that revenue. For the six months ended June 26, 2004, direct costs increased 46.7% to \$72.3 million from \$49.3 million for the six months ended June 28, 2003. This increase was attributable primarily to the increase in revenue. As a percentage of revenue, direct costs were 60.4% for the six months ended June 26, 2004 as compared to 60.1% for the

six months ended June 28, 2003.

Indirect costs. Indirect costs include facilities, selling, bid and proposal, indirect labor, fringe benefits and other discretionary costs. For the six months ended June 26, 2004, indirect costs increased 38.1% to \$36.4 million from \$26.3 million for the six months ended June 28, 2003. This increase was primarily attributable to the expected growth of support functions necessary to facilitate and administer the growth in direct costs as well as the integration of MATCOM and the growth in our sales and marketing efforts. As a percentage of revenue, indirect costs were 30.3% for the six months ended June 26, 2004 as compared to 32.1% for the six months ended June 28, 2003.

Depreciation. For the six months ended June 26, 2004 was \$1.2 million as compared to \$1.0 million for the six months ended June 28, 2003. As a percentage of revenue, depreciation expense was 1.0% for the six months ended June 26, 2004 compared to 1.2% for the six months ended June 28, 2003.

Amortization of intangible assets. For the six months ended June 26, 2004, amortization of intangible assets was \$0.3 million, compared to \$0 for the six months ended June 28, 2003. This increase was attributed to the acquisition of MATCOM on January 21, 2004. The Company uses an accelerated method of amortization.

Income from operations. For the six months ended June 26, 2004, income from operations increased 76.9% to \$9.6 million from \$5.4 million for the six months ended June 28, 2003. This increase was attributable primarily to the higher revenue. As a percentage of revenue, income from operations was 8.0% for the six months ended June 26, 2004 compared to 6.6% for the six months ended June 28, 2003.

Interest expense. Interest expense increased 313.0% to \$1.27 million for the six months ended June 26, 2004 from \$0.31 million for the six months ended June 28, 2003. This increase was attributable primarily to increased borrowings under our credit facility made in connection with the acquisition of MATCOM. As a percentage of revenue, interest expense was 1.1% for the six months ended June 26, 2004 as compared to 0.4% for the six months ended June 28, 2003. We anticipate interest expense to remain at higher levels throughout fiscal year 2004 as compared to the same periods in 2003.

Provision for/benefit from income taxes. The provision for income tax was \$3.3 million in the six months ended June 26, 2004, compared to \$2.0 million for the six months ended June 28, 2003. For both the six months ended June 26, 2004 and June 28, 2003, we have recorded an expense for income tax, which reflects an effective rate of 39.5%.

Liquidity and Capital Resources

Our primary liquidity needs are the financing of working capital, capital expenditures and acquisitions. We have historically relied primarily on cash flow from operations, borrowings under our credit facility and from some of our stockholders and the sale of common and preferred stock to provide for our cash needs.

Net cash used in operations was \$4.0 million for the six months ended June 26, 2004 compared with \$9.0 million net cash provided by operations for the six months ended June 28, 2003. Cash used in operations in the six months ended June 26, 2004 was attributable to net income of \$5.0 million, depreciation, amortization and other non-cash items of \$3.2 million, offset by an increase in net operating assets by \$12.2 million. Cash provided by operations in the six months ended June 28, 2003 was attributable to net income of \$3.1 million, depreciation, amortization and other non-cash items of \$1.4 million, and a decrease in net operating assets of \$4.5 million.

Cash used in investing activities was \$66.9 million for the six months ended June 26, 2004 and \$0.8 million for the six months ended June 28, 2003. For the six months ended June 26, 2004, we acquired MATCOM for \$65.9 million and invested \$0.8 million in capital assets. For the six months ended June 28, 2003, we invested \$0.8 million in capital assets.

Cash provided by financing activities was \$47.9 million for the six months ended June 26, 2004, compared with cash used in financing activities of \$2.4 million for the six months ended June 28, 2003. Cash provided by financing activities for the six months ended June 26, 2004 was attributable to \$16.0 million net borrowings under our revolving line of credit and \$30.0 million of long-term debt provided by our credit facility, \$2.9 million from bank overdrafts, and \$0.3 million provided by proceeds from the exercise of stock options, partially offset by \$1.2 million repayments of debt issuance fees, and \$70,000 of capital lease payments.

Cash and cash equivalents as of June 26, 2004 and June 28, 2003 were \$256,000 and \$16.6 million, respectively.

Edgar Filing: SI INTERNATIONAL INC - Form 10-Q

In connection with the acquisition of MATCOM on January 21, 2004, we amended our credit facility to increase the borrowing capacity from \$35 million to \$80 million and extended the term to January 21, 2008.

The amended credit facility includes a \$30 million term loan and a \$50 million revolving credit facility. Under the term loan, we are required to make three \$1.5 million quarterly principal payments starting on June 30, 2004, eight \$1.875 million quarterly principal payments starting on March 31, 2005, three \$2.25 million quarterly principal payments starting on March 31, 2007, and a final \$3.75 million principal payment on December 31, 2007.

The amended credit facility permits us, subject to our compliance with financial and nonfinancial covenants and customary conditions, to make up to \$50.0 million of revolving credit borrowings and also provides for the issuance of letters of credit, although the amount of available revolving credit borrowings are reduced by the amount of any outstanding letters of credit issued under the facility.

Any borrowings outstanding under the facility will, at our option, bear interest either at floating rates equal to LIBOR plus a spread ranging from 275 to 350 basis points or a specified base rate plus a spread ranging from 175 to 250 basis points, with the exact spread determined upon the basis of our ratio of outstanding indebtedness to our earnings before interest, taxes, and depreciation and amortization expense, as defined in the new credit facility.

We and each of our existing and future subsidiaries are jointly and severally liable with respect to the payment of all borrowings and other amounts due and performance of all obligations under the new credit facility. The new credit facility is secured by a pledge of substantially all of our current and future tangible and intangible assets, as well as those of our current

and future subsidiaries, including accounts receivable, inventory and capital stock of our existing and future subsidiaries. The new credit facility requires us to make mandatory prepayments of outstanding borrowings, with a corresponding reduction in the maximum amount of borrowings available under the facility, with net proceeds from certain insurance recoveries and asset sales, and with 100% of the net proceeds from debt issuances, and with 50% of the net proceeds from certain equity issuances subject to specified exceptions. Also, the new credit facility includes a number of restrictive covenants including, among other things, limitations on our leverage and capital expenditures, limitations on our ability to incur additional indebtedness or liens, requirements that we maintain minimum ratios of cash flow to fixed charges and prohibitions on payment of dividends on our capital stock, limitations on our ability to enter into mergers, acquisitions or sales of our assets, and prohibitions on certain transactions among our subsidiaries and affiliated companies. The new credit facility also contains events of default, including, among other events, any transaction resulting in a new stockholder or group of stockholders acquiring control of our board of directors or ownership of greater than 40% of our outstanding capital stock, any default by us under any material government contract or other material contract to which we are a party, the suspension of our ability to enter into contracts with the federal, state or local governments generally.

We currently anticipate that cash flow from operations and borrowings available under our new credit facility will be sufficient to meet our presently anticipated capital needs for at least the next twelve months, but may be insufficient to provide funds necessary for any future acquisitions we may make, whether during the next twelve months or thereafter. To the extent that we require additional funds, whether for acquisitions or otherwise, we may seek additional equity or debt financing. On March 22, 2004, we filed a shelf registration statement with the Securities and Exchange Commission relating to the future offering of up to an aggregate of \$100 million of our common stock, preferred stock, depositary shares, debt securities and warrants exercisable for common or preferred stock. The shelf registration statement also registers the offering of up to 1,500,000 shares of common stock held by affiliates of Frontenac Company, our largest stockholder. On May 21, 2004, the shelf registration statement was declared effective by the Securities and Exchange Commission. We have not yet issued any securities pursuant to the shelf registration statement. We believe the shelf registration statement will provide us with more efficient and immediate access to capital markets when considered appropriate. However, equity or debt financing may not be available to us on terms that are acceptable to us, if at all, and any equity financing may be dilutive to our stockholders. To the extent that we obtain additional debt financing, our debt service obligations will increase and the relevant debt instruments may, among other things, impose additional restrictions on our operations, require us to comply with additional financial covenants or require us to pledge assets to secure our borrowings.

Financial data for all of our subsidiaries are included in our consolidated financial statements.

Critical Accounting Policies and Estimates

Our significant accounting policies are described in Note 2 to our accompanying consolidated financial statements. We consider the accounting policies related to revenue recognition to be critical to the understanding of our results of operations. Our critical accounting policies also include the areas where we have made what we consider to be particularly difficult, subjective or complex judgments in making estimates, and where these estimates can significantly impact our financial results under different assumptions and conditions. We prepare our financial statements in conformity with accounting principles generally accepted in the United States. As such, we are required to make certain estimates, judgments and assumptions that we believe are reasonable based upon the information available. These estimates, judgments and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the periods presented. Actual results could be different from these estimates.

Revenue Recognition

Our accounting policy regarding revenue recognition is written to comply with the following criteria: (1) a contract has been executed; (2) the contract price is fixed and determinable; (3) delivery of services or products has occurred; and (4) collectibility of the contract price is

Edgar Filing: SI INTERNATIONAL INC - Form 10-Q

considered probable and can be reasonably estimated. Compliance with these criteria may require us to make significant judgments and estimates.

For cost reimbursable contracts with fixed fees and fixed price contracts, we estimate the applicable fees earned as costs are incurred or services are provided. This process requires estimation of the contemplated level of effort to accomplish the tasks under contract, the cost of such effort and ongoing assessment towards completing the contract. We utilize a number of management processes to monitor contract performance and revenue estimates, including monthly in-process reviews. For cost reimbursable contracts with performance-based fees, we estimate the applicable fees earned based on historical experience and performance evaluations from our customers. For fixed price contracts, which are based on unit pricing, we

recognize revenue for the number of units delivered in any given fiscal period. For fixed price contracts, which are based on the proportionate performance method and involve a specified number of similar acts, we recognize revenue based on the proportion of those acts completed compared to the number of total specified acts required by the contract. For fixed price contracts, which are based on the proportionate performance method and involve a specified number of defined but not similar acts, we recognize revenue based on the proportion of the project's percentage total costs incurred compared to the estimated total costs associated with the entire transaction. Occasionally, facts may develop that require revisions to estimated total costs or revenues expected. The cumulative effect of any such revisions is recorded in the period in which the facts requiring the revision become known. The full amount of anticipated losses on any contract type are recognized in the period in which they become known.

In addition, certain indirect costs are charged to contracts and paid by the client using provisional, or estimated, indirect rates that are subject to later revision based on government audits. Any costs found to be improperly allocated to a specific contract will not be reimbursed, and any such costs already reimbursed must be refunded.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Historically, our investment positions have been relatively small and short-term in nature. We have typically made investments in a fund with an effective average maturity of fewer than 40 days and a portfolio make-up consisting primarily of commercial paper and notes, variable rate instruments, and, to a lesser degree, overnight securities and bank instruments. Since our initial public offering, the Board of Directors approved an investment policy that requires us to invest in relatively short-term, high quality, and high liquidity obligations.

Item 4. Controls and Procedures.

The Company has established and maintains disclosure controls and procedures that are designed to ensure that material information required to be disclosed by the Company in the reports that it files under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to the Company's management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Under the supervision and with the participation of the Company's Chief Executive Officer and Chief Financial Officer, the Company carried out an evaluation of the effectiveness of the design and operation of disclosure controls and procedures as of June 26, 2004. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective at the reasonable assurance level as of June 26, 2004 in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in the Company's periodic SEC filings.

During the three months ended June 26, 2004, there were no changes to the Company's internal control over financial reporting that materially affected, or are reasonable likely to materially affect, the Company's internal control over financial reporting

PART II: OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, the Company is involved in litigation, claims and disputes that arise in the ordinary course of its business. In addition, the Company is subject to audit, review, and investigation by various agencies of the Federal Government to determine compliance with applicable federal statutes and regulations. As a Federal Government contractor, the Company is subject to audit by certain federal agencies to determine if the Company's performance and administration of its government contracts are compliant with contractual requirements and applicable federal statutes and regulations. While the Company cannot predict the ultimate outcome of legal proceedings, government audits, investigations, claims and disputes to which it is or may be subject, the Company currently believes, based upon information available to us as of the date of this filing, that any ultimate liability arising out of these matters will not have a material adverse effect on our financial position, results of operations, or cash flows.

Item 2. Changes in Securities, Use of Proceeds and Issuer Purchases of Equity Securities

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Submission of Matters To a Vote of Security Holders

During the fiscal quarter ended June 26, 2004, we submitted certain matters to a vote of our stockholders through the notice of annual meeting of stockholders and the solicitation of proxies related thereto. The proxy materials related to the Registrant's Second Annual Meeting of Stockholders were distributed on or about May 6, 2004 and the annual meeting of stockholders was held on June 16, 2004, in Colorado Springs, Colorado. As of the record date prior to such meeting, 8,466,903 shares of the Registrant's common stock were outstanding and entitled to vote at the meeting. At the annual stockholders meeting on June 16, 2004, 7,897,492 shares of the Registrant's common stock were present in person or by proxy, representing 93.2749% of the outstanding shares of common stock of the Registrant. The following sets forth the matters presented for a vote by the stockholders and the votes cast for, withheld, abstained, and broker non-votes:

Matter	Votes For	Votes Withheld	Abstentions	Broker Non-Votes
(1) Election of Mr. Ray J. Oleson as a Class II director with a term serving until the 2007 Annual Meeting	7,731,138	166,354	0	0
(2) Election of General R. Thomas Marsh as a Class II director with a term serving until the 2007 Annual Meeting	7,775,564	121,928	0	0
(3) Election of Mr. John P. Stenbit as a Class II director with a term serving until the 2007 Annual Meeting	7,788,582	108,910	0	0
(4) Ratification of the appointment of Ernst & Young LLP as our independent auditors for the current fiscal year	7,645,619	0	15,132	0

Item 5. Other Information

None.

Item 6. Exhibits and Report on Form 8-K

(a) Exhibits

The exhibits required by this item are set forth on the Index to Exhibits attached hereto.

(b) Report on Form 8-K

Current Report on Form 8-K dated May 19, 2004 announcing an amendment to our universal shelf registration statement to withdraw the preliminary prospectus supplement relating to a proposed underwritten public offering.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
