Item 3. Source and Amount of Funds or Other Consideration

The shares of ACTG Stock beneficially held by Brown were received in accordance with the terms of the Membership Interest Purchase Agreement (the Purchase Agreement), dated as of January 28, 2005, by and among Global Patent Holdings, the Company and Acacia Global Acquisition Corporation (Acacia Acquisition). The number of shares of ACTG Stock received by Brown pursuant to the Purchase Agreement was based on Brown 's pro rata ownership of the membership interests of Global Patent Holdings. The description of the Purchase Agreement is incorporated by reference to Item 4.

Item 4. Purpose of Transaction

The purpose of the reported transaction was for Acacia Acquisition, a wholly owned subsidiary of the Company, to acquire from Global Patent Holdings the outstanding membership interests of certain subsidiaries of Global Patent Holdings (collectively, the Membership Interests). Pursuant to the terms of the Purchase Agreement, the aggregate purchase price payable by Acacia Acquisition for the Membership Interests was \$3,000,000 in cash and 3,938,832 shares of ACTG Stock (the Shares), which Shares were issued to Global Patent Holdings and its members on January 28, 2005.

The foregoing summary of certain material provisions of the Purchase Agreement is not a complete discussion of all of the provisions of the Purchase Agreement, and is qualified by reference to the full text of the Purchase Agreement, which is included as Exhibit 1 hereto and is incorporated herein by reference.

In connection with the reported transaction, the Company, Acacia Acquisition and Global Patent Holdings entered into a Registration Rights Agreement, dated as of January 28, 2005. Pursuant to the Registration Rights Agreement, the Company agreed to use its reasonable best efforts to prepare and file with the Securities and Exchange Commission (the Commission) a registration statement under the Securities Act of 1933, as amended (the Securities Act) to effect the registration of the Shares (the Registration Statement), and to use its reasonable best efforts to keep the Registration Statement continuously effective under the Securities Act for the period specified in the Registration Rights Agreement (the Effectiveness Period).

The holders (the Holders) of the Shares also are entitled to piggyback registration rights in connection with certain registrations by the Company of its equity securities. If at any time during the Effectiveness Period there is not an effective Registration Statement covering all of the Shares, and the Company prepares and files with the Commission a registration statement to register shares of its equity securities under the Securities Act for its own account or the account of others, subject to specified exceptions, the Holders are entitled to receive notice of the registration and to include their Shares in such registration statement, subject to specified limitations. The piggyback registration rights terminate upon the expiration of the Effectiveness Period.

In addition, pursuant to the Registration Rights Agreement, as long as Brown and his affiliates collectively own, either directly or beneficially, at least 495,465 shares of ACTG Stock, subject to specified adjustments, upon written request by Brown, the Company has agreed to use its reasonable best efforts to cause Brown or his designee (which must be reasonably acceptable to the Company) to be elected to the Board of Directors of the Company. The Company has agreed to nominate Brown or his designee to serve on the Board of Directors upon such request by Brown, to be voted on in the next succeeding annual or special meeting for election of directors following such request by Brown, and in successive annual meetings thereafter, so long as Brown continues to own at least 495,465 shares of ACTG Stock, subject to specified adjustments, until Brown is so elected, and shall treat Brown or his designee in the same manner as other nominees selected by the Board of Directors of the Company. The Company has three classes of directors, with each class serving a term of three years. At this time, Brown has not exercised the foregoing rights.

The foregoing summary of certain material provisions of the Registration Rights Agreement is not a complete discussion of all provisions of the Registration Rights Agreement, and is qualified by reference to the full text of the Registration Rights Agreement, which is included as Exhibit 2 hereto and incorporated herein by reference.

Except as set forth herein, Brown has not formulated any plans or proposals which relate to or would result in: (a) the acquisition by any person of additional securities of the Issuer or the disposition of securities of the Issuer; (b) an extraordinary corporate transaction, such as a merger, reorganization or liquidation, involving the Issuer or any of its subsidiaries; (c) a sale or transfer of a material amount of assets of the Issuer or any of its subsidiaries; (d) any change in the present board of directors or management of the Issuer, including any plans or proposals to change the number or term of directors or to fill any existing vacancies on the Board of Directors of the Issuer; (e) any material change in the capitalization or dividend policy of the Issuer; (f) any other material change in the Issuer's business or corporate structure; (g) any changes in the Issuer's charter, bylaws or instruments corresponding thereto or other actions which may impede the acquisition of control of the Issuer by any person; (h) causing a class of securities of the Issuer to be de-listed from a national securities exchange or to cease to be authorized to be quoted in an inter-dealer quotation system of a registered national securities association; (i) a class of equity securities of the Issuer becoming eligible for termination of registration pursuant to Section 12(g)(4) of the Securities Exchange Act of 1934, as amended; or (j) any action similar to any of those enumerated above. Notwithstanding the foregoing, Brown expects to evaluate his investment in the Company on an ongoing basis and may determine to change his investment intent with respect to the Company at any time in the future. In determining from time to time whether to increase, retain or sell his holdings of securities of the Company, Brown will take into consideration such factors as he deems relevant, including the market price of ACTG Stock, conditions in the securities markets generally, the Company's financial condition, business and prospects, and general economic conditions. Brown reserves the right to purchase additional shares or dispose of all or a portion of his holdings of securities of the Company in the open market or in private transactions and/or to enter into privately negotiated derivative transactions with institutional counterparties to hedge the market risk of some or all of his positions in the securities of the Company. Any such transaction may be effected at any time or from time to time subject to (i) restrictions contained in the Purchase Agreement, (ii) restrictions contained in the Registration Rights Agreement and (iii) any applicable limitations imposed by applicable law.

Item 5. Interest in Securities of the Issuer

(a)-(b) As of the close of business on February 4, 2005, Brown owns an aggregate of 1,328,687 shares of ACTG Stock, including 252,715 shares of ACTG Stock held in an IRA rollover account for the benefit of Brown, which constitutes approximately 6.7% of the issued and outstanding shares of ACTG Stock. of ATCG Stock held by Global Patent Holdings, which were issued to Global Patent Holdings in connection with the Purchase Agreement described in Item 4. Brown expressly disclaims beneficial ownership with respect to such shares of ATCG stock.
