Retirement Plan (the Plan ) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2004 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. **Notes to Financial Statements**

**December 31, 2004 and 2003**

**1. Description of the Plan**

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

The following brief description of the Varian Medical Systems, Inc. Retirement Plan (the Plan ) is provided for general information purposes only. Participants should refer to the Plan document and the Summary Plan Description/Prospectus for more detailed information.

The Plan was established to provide benefits to those employees of Varian Medical Systems, Inc., formerly Varian Associates, Inc. (the Company ) who elect to participate. Prior to January 1, 2003, the Plan consisted of two distinct defined contribution plan elements, the Varian Medical Systems, Inc. Retirement Plan - Pension Element and the Varian Medical Systems, Inc. Retirement Plan - Profit Sharing Element. Effective January 2, 2003, the Plan was amended to adopt the necessary changes for the Economic Growth and Tax Relief and Reconciliation Act of 2001 ( EGTRRA ), to change the Plan year-end from September 30 to December 31 and to merge the Pension Element into the Profit Sharing Element. As a result of the merger, net assets of \$194,166,000 were transferred from the Pension Element to the Profit Sharing Element. The Plan is intended to comply with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ), as amended. Contributions can come from participant before-tax contributions, participant after-tax contributions, EIP bonus contributions, MIP bonus contributions, rollover contributions, Company matching contributions, matching Employee Incentive Plan ( EIP ) bonus contributions, matching Management Incentive Plan ( MIP ) bonus contributions and Company discretionary retirement profit-sharing contributions. Employees are eligible to join the Plan immediately after they are hired by the Company.

### **Administration**

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

The Company is the designated administrator of the Plan. The Company has contracted with Fidelity Institutional Retirement Services Company ( Fidelity ) to maintain the Plan 's individual participant accounts and with Fidelity Management Trust Company ( Fidelity Trust ) to act as the custodian and trustee. Expenses for administering the Plan are primarily the responsibility of the Plan participants.

### **Contributions and Participant Accounts**

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

Participants in the Plan may make a minimum contribution of 1% of their base pay (as defined) up to a maximum of 15% of their base pay, subject to statutory annual limitations. Employees of the Company may elect to have their EIP bonus paid out in cash or deposited directly to their Plan accounts in 10% increments, subject to statutory annual limitations. All participant contributions may be made on either a before-tax or after-tax basis and are subject to statutory annual limitations and Plan rules. New Plan participants must complete one year of service before making any after- tax contributions to the Plan.

Upon completion of one year of service with the Company, participants are entitled to receive Company contributions. The Company's matching contribution is 100% of participants, before or after-tax deposits, up to a maximum of 6% of participants' eligible base pay. The Company may make a discretionary retirement profit-sharing contribution to the Plan for participants who have completed one year of service and were employed on the last day of the fiscal year or died during the fiscal year. Participants' portions of the Company's retirement profit sharing contribution are based on the percentages of their eligible base salary to the total eligible base pay for all employees during the Plan year. No discretionary Company retirement profit-sharing contributions were made for the year ended December 31, 2004.

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Participants are immediately fully vested in their contributions and Company contributions.

Contributions made to the Plan are allocated among twenty-one investment funds, including the Varian Medical Systems Stock Fund, offered by the Plan in 1% increments according to the participant's direction. Participants may transfer account balances and the investment of their future contributions among these funds.

#### **Participant Loans**

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

Loans are available to participants who are either active employees or on a leave of absence. Participants are eligible to request a loan from the Plan ranging from \$1,000 to the lesser of 50% of the participant's Plan assets or \$50,000. Loan balances are also subject to certain other limitations as provided by the Plan. Loan balances are collateralized by the balance in the participant's account and bear interest at a fixed rate of prime plus 1% at the date requested. The interest rates on loans outstanding at December 31, 2004 and December 31, 2003 range from 5% to 10.5%. Principal and interest is paid ratably through payroll deductions over five years or less. Upon employment termination, the entire loan balance becomes immediately due and payable.

### **Payment of Benefits**

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

Upon termination of service on account of death, disability or retirement, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of their account or annual installments over a period of years.

### **Hardship Distributions**

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

Participants are allowed to withdraw funds from the Plan in case of hardship. Withdrawals may be made no more than once a month and must be at least \$500 (or such lesser amount as is available for withdrawal).

Withdrawals are subject to restrictions as to amount, frequency and intended use of the proceeds. The normal form of payment is cash.

**2.** Summary of Significant Accounting Policies

**Basis of Accounting**

The financial statements of the Plan are prepared utilizing the accrual basis of accounting.

**Use of Estimates**

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities in the financial statements. Such estimates include those regarding fair value. Actual results may differ from those estimates.

### **Risks and Uncertainties**

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

The Plan provides participants with various investment options in mutual funds which are invested in a combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as those associated with interest rates, market conditions and credit worthiness of the securities issuers. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

### **Investment Valuation and Income Recognition**

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

Investments of the Plan are held by Fidelity Trust and are invested in the investment options available in the Plan based solely upon instructions received from Plan participants.

Investments of the Plan held in money market and mutual funds are valued at fair value as determined by quoted market prices. Investments held in the Interest Income Fund and the Varian Medical Systems Stock Fund are stated at net asset value, as determined by the investment manager, based on the fair value of the underlying securities. The carrying amounts of the investments approximate fair value. Purchases and sales of securities are recorded on a trade- date basis. Participant loans are valued at cost which approximates fair value. The Plan presents in its investment income (loss) the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on these investments.

### **Payment of Benefits**

Benefits are recorded when paid.

**3. Investments**

#### 4. Party-In-Interest and Related Party Transactions

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

As allowed by the Plan, participants may elect to invest up to 25% of their contributions and/or 25% of account balance in the Varian Medical Systems Stock Fund. Investments in the Company's common stock at December 31, 2004, and December 31, 2003 consisted of 429,342 shares and 171,899 shares, with fair market values of \$18,567,501 and \$11,878,511, respectively. Certain investments are shares of mutual funds managed by an affiliate of Fidelity, and therefore these transactions qualify as party-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Administrative fees paid by the Plan to Fidelity for the year ended December 31, 2004 were \$293,000.

5. Income Tax Status

## Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

The Plan obtained its current determination letter on December 4, 2001, in which the Internal Revenue Service stated that the Plan design is in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been subsequently amended; however, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and is exempt from tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

### 6. Plan Termination

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form 11-K

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
