Item 1.01

Entry into a Material Definitive Agreement.

Purchase Agreement

On June 12, 2008, Power-One, Inc. (the Company), entered into a purchase agreement (the Purchase Agreement) under which the Company agreed to sell \$75 million aggregate principal amount of its 8% Senior Secured Convertible Notes due 2013 (the Notes) to Lehman Brothers Inc., as initial purchaser (the Initial Purchaser) for resale to certain qualified institutional buyers in compliance with Rule 144A under the Securities Act of 1933, as amended (the Securities Act). The Company granted the Initial Purchaser a 30-day option to purchase up to an additional \$5 million aggregate principal amount of the Notes. On June 17, 2008, the Company issued \$75 million of the Notes.

Indenture and the Notes

The Notes are governed by an indenture, dated as of June 17, 2008 (the Indenture) between the Company and The Bank of New York Trust Company, N.A., as trustee. The Notes bear interest at a rate of 8% per annum, payable in cash in arrears on March 31, June 30, September 30 and December 31 of each year, beginning September 30, 2008. The Notes will mature on June 17, 2013. The Notes will rank equal in right of payment with all of the Company's existing and future senior unsecured indebtedness that is not subordinated by its terms.

The Notes are convertible, at any time prior to the close of business on the business day immediately preceding the maturity date, into shares of common stock of the Company, \$0.001 par value per share (the Common Stock), at an initial conversion rate of 304.8780 shares of Common Stock per \$1,000 in principal amount of the Notes (which is equivalent to an initial conversion price of approximately \$3.28 per share), subject to certain adjustments set forth therein, including a potential reset to the conversion rate on June 18, 2009 if the average Common Stock price is lower than the initial conversion price during the five trading days preceding the reset date, subject to a conversion price floor and limitations on conversion under the rules of The Nasdaq Global Market. In certain circumstances if the conversion price is reset, the Indenture may require us to make a cash payment upon conversion in lieu of issuing certain shares of Common Stock if that is permissible under the rules of The Nasdaq Global Market. The Company has agreed to seek stockholder approval so that the rules of The Nasdaq Global Market will not restrict its ability to make in full the conversion rate adjustments otherwise contemplated by the terms of the Notes.

The Company will have the right to redeem for cash (i) some or all of the outstanding Notes, if on or after June 17, 2010, the closing price of the Common Stock as reported on The Nasdaq Global Market exceeds for twenty (20) or more trading days out of a thirty (30) consecutive trading day period, 175% of the then current conversion price of the Notes, or (ii) all the outstanding Notes if at any time less than 10% of the aggregate principal amount of the Notes initially issued remain outstanding. The redemption price will be equal to 100% of the principal amount of the Notes, plus accrued and unpaid interest to, but excluding, the redemption date, and the present value of all remaining interest on the Notes through and including the maturity date.

In addition, on or after June 17, 2011, holders may require the Company to repurchase all or a portion of their Notes at a repurchase price equal to 100% of the principal amount of the Notes, plus accrued and unpaid interest if the Company's ratio of total net debt to last twelve months EBITDA exceeds 3.0x, measured as of the end of the preceding fiscal quarter. Holders may also require the Company to repurchase all or a portion of the Notes upon a fundamental change (as described therein) at a repurchase price equal to 100% of the principal amount plus accrued and unpaid interest to, but not including, the repurchase date.

Edgar Filing: POWER ONE INC - Form 8-K

The Notes contain customary representations and warranties, events of default and affirmative and restrictive covenants. Specifically, the Notes contain covenants that, in general, limit, the repayment of certain indebtedness, the payment of dividends on, or repurchase of Common Stock, the granting of liens and the incurrence of indebtedness. Under the terms of the Indenture, the Company must also maintain certain financial ratios related to debt, cash and cash equivalents, and tangible net worth. The Notes provide for events of default that would permit the trustee, or the holders of at least 25% in aggregate principal amount of the Notes then outstanding and the trustee to accelerate the maturity of the Notes upon, in general, failure to make payments thereon, failure to comply with conversion obligations, failure to timely comply with the covenants and agreements contained therein for a period of time after notice has been provided, certain events of insolvency or dissolution, the occurrence of certain legal judgments against the Company, or the suspension from trading of the Common Stock for a certain period of time.

Item 3.02

Unregistered Sales of Equity Securities.

On June 17, 2008, the Company issued \$75 million aggregate principal amount of the Notes. The Initial Purchaser of the Notes received an aggregate discount of \$3 million (or will receive \$3.2 million if the Initial Purchaser's option is exercised in full). The offer and sale of the Notes to the Initial Purchaser was not registered under the Securities Act in reliance upon the exemption from registration under Section 4(2) of the Securities Act as such transaction did not involve a public offering of securities. The Initial Purchaser then sold the Notes to qualified institutional buyers pursuant to the exemption from registration provided by Rule 144A under the Securities Act. Additional information is provided in Item 1.01 above and is incorporated by reference herein.

Item 9.01
