**Xyratex Ltd Announces Selected Preliminary Fiscal Third Quarter 2012 Financial Results and Announces Date of Third Quarter Conference Call and Webcast**

Havant, UK September 11, 2012 Xyratex Ltd (Nasdaq: XRTX), a leading provider of data storage technology, today announced selected preliminary financial results for its fiscal third quarter, which ended August 31, 2012.

The Company expects revenue for the third quarter of 2012 to be between \$271 million and \$276 million compared to the previously guided revenue range of \$313 million to \$373 million.

The Company expects gross margin to be between 18.0% and 18.5%.

Our preliminary financial results for the third quarter reflect reduced demand from a number of our large OEM customers in our Enterprise Data Storage Solutions segment. In addition, the preliminary results reflect specific technical and performance requirements that have not been met to date and therefore have delayed product acceptance and revenue recognition for our latest Capital Equipment and High Performance Computing products, said Steve Barber, CEO of Xyratex. While the deferral in meeting the specific acceptance testing criteria for our new solutions is disappointing, we are working very closely with our customers to meet the required acceptance specifications and I am very encouraged by the fact that the overall customer feedback for these products is positive.

Barber continued, In light of the macro-economic environment and concerns indicated by a number of our customers, we are reviewing our fiscal fourth quarter planning assumptions and will be aligning our business assumptions with our revised estimates of demand.

The preliminary fiscal third quarter financial results presented in this press release are estimates and remain subject to finalization and review.

**Fiscal Third Quarter Conference Call Information**

### **Safe Harbor Statement**

This press release contains forward looking statements. These statements relate to future events or our future financial performance, including our estimated revenue and gross margin for the third quarter. These statements are only preliminary estimates or predictions, are subject to change and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ materially from any expected results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. Factors that might cause such a difference include the inherent uncertainty associated with financial estimates, the possibility that the financial estimates will change after further review or due to discovery of additional or revised information or subsequent events, our inability to compete successfully in the competitive and rapidly changing marketplace in which we operate, failure to retain key employees, changes in our customers volume requirements, cancellation or delay of projects and adverse general economic conditions in the United States and internationally. These risks and other factors include those listed under "Risk Factors" and elsewhere in our Annual Report on Form 20-F as filed with the Securities and Exchange Commission (File No. 000-50799). In some cases, you can identify forward-looking statements by terminology such as may, will, should, expects, intends, plans, anticipates, believes, estimates, predicts, potential, or other similar terms, or the negative of these terms or other comparable terminology. Although we believe that the estimates and expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements.
