FORWARD-LOOKING STATEMENTS

This report contains statements that constitute forward-looking statements. Those statements appear in a number of places in this report and include, without limitation, statements regarding the intent, belief and current expectations of the Company, its directors or its officers with respect to the Company's policies regarding investments, dispositions, financings, conflicts of interest and other matters; and trends affecting the Company's financial condition or results of operations. Any such forward-looking statement is not a guarantee of future performance and involves risks and uncertainties, and actual results may differ materially from those in the forward-looking statement as a result of various factors. The accompanying information contained in this report, including without limitation the information set forth above and the information set forth under the heading, "Operating and Financial Review and Prospects," identifies important factors that could cause such differences. With respect to any such forward-looking statement that includes a statement of its underlying assumptions or bases, the Company cautions that, while it believes such assumptions or bases to be reasonable and has formed them in good faith, assumed facts or bases almost always vary from actual results, and the differences between assumed facts or bases and actual results can be material depending on the circumstances. When, in any forward-looking statement, the Company, or its management, expresses an expectation or belief as to future results, that expectation or belief is expressed in good faith and is believed to have a reasonable basis, but there can be no assurance that the stated expectation or belief will result or be achieved or accomplished.

The Company has not paid any dividends with respect to its Common Shares and has no present plan to pay any dividends in the foreseeable future. The Company intends to retain its earnings to support the development of its business. Any dividends paid in the future by the Company will be paid at the discretion of the Company's Board of Directors and will be dependent upon distributions, if any, made by its subsidiaries. Applicable PRC law requires that, before distributing profits to investors, companies such as the Company must (1) satisfy all taxes; and (2) allocate a specified

percentage of after-tax profits to surplus reserve (10% of after-tax profits) and collective welfare fund (5-10% of after-tax profits). In addition to the foregoing, any future determination to pay a dividend to holders of its Common Shares will depend on the Company's results of operations, its financial condition and other factors deemed relevant by the Board of Directors. Since the acquisition of Billion Luck by the Company in December 1994, the Company has not received any distributions from any of its subsidiaries and has not made any distributions to its shareholders.

EXCHANGE RATES

The Company's reporting currency is Renminbi. Translations of amounts from Renminbi to U.S. Dollars are for the convenience of the reader. The rate of exchange means the quote made by the People's Bank of China (the "PBOC Rate"). The average rate means the average of the exchange rates of the last date of each month during a year.

D. RISK FACTORS

RISKS ASSOCIATED WITH FOREIGN OPERATIONS

- o Our principal subsidiaries operate in the People's Republic of China, and are, by law, subject to administrative review by various national, provincial and local agencies of the Chinese government - governmental oversight and/or changes to existing rules and regulations could adversely affect our results of operations.
- o Our operations and financial results could be adversely affected by economic, political, legal and social conditions, including changes in the policies of the PRC government, such as changes in laws and regulations (or the interpretation thereof), as well as measures which may be introduced to regulate or stimulate the rate of economic growth. There can be no assurance that these measures will be successful or that they will not adversely affect our ability to operate profitably.
- o The PRC does not have a comprehensive system of laws and enforcement of existing laws may be uncertain and sporadic, and the implementation and interpretation thereof inconsistent. Even where adequate law exists in the PRC, it may be difficult to obtain swift and equitable enforcement of such law, or to obtain enforcement of a judgment by a court of another jurisdiction. Decided legal cases are without binding legal effect, although judges are often guided by prior decisions. The interpretation of PRC laws may be subject to policy changes reflecting domestic political changes, and new laws, changes to existing laws and the pre-emption of local regulations by national laws may adversely affect foreign investors. The activities of our Company's subsidiaries in China are subject to PRC

regulations governing PRC companies. In particular, the realization of our future plans in China will also be subject to PRC government approvals.

Edgar Filing: CHINA NATURAL RESOURCES INC - Form 20-F

- o Following the merger, we became a British Virgin Islands company and our officers and directors are non-residents of the United States, our assets are located in the PRC and our operations are conducted in the PRC. Therefore, it may not be possible to effect service of process on such persons in the United States, and it may be difficult to enforce any judgments rendered against us or them. Moreover, there is doubt whether courts in the British Virgin Islands or the PRC would enforce (a) judgments of United States courts against us, or our directors or officers based on the civil liability provisions of the securities laws of the United States or any state, or (b) in original actions brought in the British Virgin Islands or the PRC, liabilities against us or any non-residents based upon the securities laws of the United States or any state.
- o Since we are a British Virgin Islands company, the rights of our shareholders may be more limited than those of shareholders of a United States corporation. In this regard, our directors are permitted to take action that, under the laws of most states of the United States require shareholder approval. These actions include authorizing reorganizations, asset sales (of less than 50% of our total assets) and amendments to our Memorandum and Articles of Association (that do not vary the rights of shareholders).
- o Our holding company structure creates restrictions on our payment of dividends. We do not intend to pay dividends for the foreseeable future - we intend to reinvest earnings from operations, if any, back into our operations. The payment of dividends is subject to numerous restrictions imposed under PRC law, including restrictions on the conversion of local currency into United States dollars and other currencies.
- o We are foreign private issuer and are not required to file as much information about us as United States issuers are required to file. In this regard we are not required to file quarterly reports on Form 10-Q or Current Reports on Form 8-K; we are exempt from the provisions of Regulation FD aimed at preventing issuers from making selective disclosures; the SEC proxy statement and information statement rules do not apply; and our officers, directors and principal shareholders are not required to file reports detailing their beneficial ownership of our shares. There is generally greater information available about United States issuers than about foreign private issuers such as us, and the lack of information about us makes it more difficult to make investment decisions about us.

OTHER RISKS OF OPERATIONS

- o We have discontinued many of our operations and we are currently dependent upon the success of one line of business - our advertising, promotion and public relations operations; and while our advertising business generates operating revenues, those revenues are not sufficient to offset expenses, resulting in continued losses from operations.
- o Unless we are able to reduce expenses, increase our profit margins and/or acquire profitable operations, we will likely continue to incur losses and investors in our shares may be unable to recoup their investment.
- o We intend to investigate and evaluate potential investment opportunities, including acquisition candidates. However, (a) we may be unable to acquire business operations that prove to be profitable and (b) we will continue to incur administrative and professional expenses

Edgar Filing: CHINA NATURAL RESOURCES INC - Form 20-F

in connection with our evaluation and acquisition of business operations, without corresponding revenues from those operations prior to acquisition.

- o There is no active trading market for our shares and we do not know if an active trading market will develop. An active market will not develop unless broker-dealers develop interest in trading our shares, and we may be unable to generate interest in our shares among broker-dealers until we generate meaningful revenues and profits from operations. Until that time occurs, if it does at all, purchasers of our shares may be unable to sell them publicly. In the absence of an active trading market (a) investors may have difficulty buying and selling our shares or obtaining market quotations, (b) market visibility for our common stock may be limited; and (c) a lack of visibility for our common stock may depress the market price for our shares.
- o As directed by Section 404 of the Sarbanes-Oxley Act of 2002 ("SOX 404"), the SEC has adopted rules requiring

public companies to include a report of management on the company's internal controls over financial reporting in their annual reports, including Form 20-F. In addition, the independent registered public accounting firm auditing a company's financial statements must also attest to and report on management's assessment of the effectiveness of the company's internal controls over financial reporting as well as the operating effectiveness of the company's internal controls. We are not yet subject to these requirements. However, in the event we identify significant deficiencies or material weaknesses in our internal controls that we cannot remediate in a timely manner or we are unable to receive a positive attestation from our independent auditors with respect to our internal controls, investors and others may lose confidence in the reliability of our financial statements and our ability to obtain equity or debt financing could suffer.

[Item 4] INFORMATION ON THE COMPANY

A. HISTORY AND DEVELOPMENT OF THE COMPANY

China Resources was incorporated as Magenta Corp. on January 15, 1986, in the State of Nevada. It was formed to acquire businesses that would provide a profit to the Company. China Resources had no operating business until control of it was acquired in December 1994, by the former shareholders of China Natural, formerly known as Billion Luck, who exchanged all of the issued and outstanding shares of capital stock of China Natural for 108,000 shares of China Resources' Common Stock. As a result of the acquisition, the former shareholders of China Natural acquired 90% of the then issued and outstanding shares of Common Stock of China Resources, and China Resources became the owner of all the outstanding shares of capital stock of China Natural. China Natural was incorporated in the British Virgin Islands on December 14, 1993.

On December 9, 2004, China Resources merged with and into China Natural (the "Redomicile Merger"). The Redomicile Merger was effected by an exchange of shares of China Resources into shares of China Natural on a one-for-one basis. As a result of the Redomicile Merger, the Company became domiciled in the British Virgin Islands and China Natural has succeeded to the rights and obligations of China Resources under its existing agreements and relationships.

The Company's principal place of business is located at Room 2105, West Tower, Shun Tak Centre, 200 Connaught Road C., Sheung Wan, Hong Kong, telephone

B. BUSINESS OVERVIEW

Since 2000, the Company has been primarily engaged in identifying, acquiring and operating business opportunities and, when management deems it advisable, disposing of acquired businesses. Since the disposition of businesses may, from time-to-time, consist of the sale of assets, the Company maintains ownership over numerous direct and indirect currently inactive wholly owned subsidiaries, organized under the laws of various jurisdictions, that may be used in connection with business opportunities in the future.

As of December 31, 2004, the Company's only active business operations consisted of its advertising, promotion and public relations business. The Company has been engaged in advertising, promotion and public relations services since the third quarter of 2003 through the acquisition of iSense. iSense is an integrated marketing company dedicated to providing creative advertising and promotions services to both local and international customers engaged in various industries, including technology and new media, healthcare products and consumer goods.

The advertising business is not seasonal in nature. Since its incorporation, iSense has serviced over 50 customers. For the period from acquisition to December 31, 2003, one advertising customer accounted for 11% of total sales. For the year ended December 31, 2004, five advertising customers accounted for 84% of total sales. All sales were made in Hong Kong dollars.

The Company commenced operations of its supermarket in the PRC, through Zhuhai Zhongwei, in the fourth quarter of 1999. As the contribution of supermarket operations to the Company's profitability was insignificant since its establishment, the Company disposed of its entire interest in Zhuhai Zhongwei on April 22, 2003 for consideration of RMB6,000,000 (US\$725,000). On August 29, 2003, the Company acquired a 100% equity interest in iSense for total consideration of RMB5,994,000 (US\$724,000) through the issuance of 100,000 shares of the Company's unregistered restricted common stock to the former sole equity owners of iSense. The Company acquired iSense to provide advertising,

promotion and public relations services in Hong Kong and mainland China to both local and international customers. The Company also trades copper occasionally through HARC in the PRC. In light of the foregoing transactions, operating results of prior years should not be viewed as being indicative of operating results that may be expected in future years. The Company is actively seeking other business opportunities to enhance shareholder values.

The Company has not been a party to any bankruptcy, receivership or similar proceedings, trade suspensions or cease trade orders by any regulatory authority.

Prior to the Redomicile Merger, the Company's common stock was traded on the Nasdaq SmallCap market under the symbol "CHRB". Following the Redomicile Merger, the trading symbol was changed to "CHNR".

The following describes activities conducted by the Company's subsidiaries during the year ended December 31, 2004.

iSENSE -----

iSense was Incorporated in March 2000 in Hong Kong and is an integrated marketing company. On August 29, 2003, the Company acquired all of the issued

Edgar Filing: CHINA NATURAL RESOURCES INC - Form 20-F

and outstanding capital stock of iSense for total consideration of RMB5,994,000 (US\$724,000), in exchange for the issuance of 100,000 shares of the Company's unregistered restricted common stock to the former sole equity owners of iSense. The number of shares issued was based upon the US\$7.24 closing price of the Company's common stock (as quoted on the Nasdaq SmallCap Market) on August 22, 2003. The Company acquired iSense to provide advertising, promotion and public relations services in Hong Kong and mainland China to both local and international customers.

HARC

HARC is a Sino-foreign joint stock company incorporated in the PRC on June 28, 1994 with a registered capital of RMB100 million (US\$12.1 million). HARC owns a 5.3% equity interest in unlisted shares of Hainan Sundiro Motorcycle Co., Ltd., a PRC company listed on the Shenzhen Stock Exchange in the PRC. HARC also trades copper occasionally for its own account.

SUNWIDE

Sunwide was incorporated in the British Virgin Islands on January 22, 2001. Sunwide is mainly engaged in investing in marketable securities, traded in US markets, as short-term investments.

SILVER MOON AND MEDI-CHINA

Silver Moon is a British Virgin Islands company incorporated on March 24, 2000. The principal business of Silver Moon and its wholly-owned subsidiary, Medi-China (formerly known as Sky Creation Technology Limited), a Hong Kong company incorporated on October 15, 1999, is to provide online Internet healthcare content, through its website, medi-china.com, which offers health-related content in both English and Chinese, with a focus on Chinese herbal medicine and therapies. Neither Silver Moon nor Medi-China is currently engaged in active business operations, however, they are poised to recommence their healthcare-related website to the extent that the e-commerce industry stabilizes and demonstrates signs of revival.

C. ORGANIZATIONAL STRUCTURE

The following chart illustrates the equity ownership by percentage of each of the Company's subsidiaries as of December 31, 2004:

Edgar Filing: CHINA NATURAL RESOURCES INC - Form 20-F

D. PROPERTY, PLANTS AND EQUIPMENT

The Company's administrative offices and its principal subsidiaries are located in Hong Kong and Hainan in the PRC.

Pursuant to an office sharing agreement dated September 1, 2000, the Company's head office in Hong Kong is shared on an equal basis between the Company and Anka Consultants Limited, a private Hong Kong company which is owned by certain directors of the Company. The total area of the office is approximately 230 square meters. For the years ended December 31, 2002, 2003 and 2004, the Company paid its share of rental expenses to Anka Consultants Limited amounting to RMB284,000 (US\$34,000), RMB242,000 (US\$30,000) and RMB232,000 (US\$28,000), respectively. The office sharing agreement provides that the Company share certain costs and expenses in connection with its use of the office.

Pursuant to an informal arrangement, iSense shares offices with an unaffiliated third party for a monthly rental of RMB2,438 (US\$294). The total area of the office is approximately 140 square meters.

The Company is also a party to a rental agreement entered into between HARC and Haikou Nanyang Building Co. Ltd., an unaffiliated third party, covering office space in Hainan with a total gross area of 138 square meters. The rental agreement was for a period of 2 years from June 4, 2003 to June 3, 2005 at a monthly rental of RMB3,988 (US\$482).

For the years ended December 31, 2002, 2003 and 2004, the Company incurred capital expenditures of nil, RMB958,000 (US\$116,000) and RMB111,000 (US\$13,000), respectively. The capital expenditures for 2003 and 2004 were mainly for acquisition of motor vehicles.

[Item 5] OPERATING AND FINANCIAL REVIEW AND PROSPECTS

The following discussion and analysis of the results of operations and the Company's financial position should be read in conjunction with the December 31, 2004 consolidated financial statements and accompanying notes.
