PRESS RELEASE

ABLEAUCTIONS LIVE AUCTION OPERATIONS (ICOLLECTOR AND NAALIVE) EXPECTED TO SET A RECORD FOR NUMBER OF AUCTION SESSIONS FACILITATED IN ONE QUARTER

OJAI, CALIFORNIA June 25, 2007 Ableauctions.com Inc. (AMEX:AAC) (the Company) announced today that it expects its live auction divisions iCollector and NAALive to set a record for the number of auction sessions facilitated in a single quarter for the quarter ending June 30, 2007. The iCollector and NAALive operations are expected to report over 400 auction sessions for the second quarter of 2007, surpassing all previous quarterly numbers.

The strongest surge in auction sessions activity stemmed from the companies NAALive operations, which is expected to show growth of auction sessions in excess of 70% from the previous quarter. The results reflect the Company's increased efficiency in both its marketing and operations following the consolidation of its NAALive.com and iCollector.com operations.

The NAALive platform was released in April 2004 to provide the National Auctioneer's Association (NAA) members with a powerful, effective and economical online solution for broadcasting auctions over the Internet under the URL naalive.com. The endorsement of technology comes as a natural progression in the evolution of the industry and is driven by input from auctioneers.

The NAA provides a feedback channel to its members for the successive upgrade of the technology and ensuring its ease of use. At the core of the platform is the underlying objective to empower members with cutting edge technology, backed by the experience garnered from running thousands of auctions, to realize the full potential of the online auction process.

The NAA represents approximately 7,000 auctioneers worldwide with members in every U.S. state and covering the multi-billion dollar real estate, automotive, fine art, cattle, equipment and manufacturing segments.

About iCollector.com

iCollector.com is the pre-eminent supplier of live online auction technology and services to some of the world's most prestigious galleries and industrial auction houses and operates one of the largest eBay Live Auction sales and support centers in the world. It is the only auction technology company to be endorsed by the National Auctioneers Association (NAA) and has partnered with eBay Live Auctions in streamlining the process of broadcasting auctions real-time on the Internet. iCollector's technology enables auction houses to open their establishments to the world by allowing online bidders to participate in real-time on the auction floor.
