Foreign Company Listing

Foreign Company Listing assists non-US companies get listed and trading in the United States via SEC 20F registrations. This type of registration is one in which the SEC provides a separate integrated disclosure system for foreign private issuers. Because getting listed can be less burdensome for foreign companies than for those based in the US, this line of business assists foreign companies in enjoying all the benefits of trading in the US without the formal process of obtaining a ticker symbol on the Nasdaq or New York Stock Exchange. Some of the best-known foreign based companies in the world have securities that trade on the US Pink Sheets or OTCBB: Abbey National, Heineken, Nestlé, Nintendo, Rolls Royce, Volkswagen, Yukos Oil, BAA, BAE Systems, Cathay Pacific, Fortis, Peugeot, L'Oreal, and Marks & Spencer are just a few. FCL facilitates the preparation of the registration statement as well as all ancillary regulatory and compliance issues related to a 20-F filing.
