### PROXY STATEMENT

---

ANNUAL MEETING OF SHAREHOLDERS  
JUNE 17, 2004  
SOLICITATION, EXECUTION AND REVOCATION OF PROXIES

The mailing address of the principal corporate office of the Company is 9449 Science Center Drive, New Hope, MN 55428. This Proxy Statement and the form of proxy, which is enclosed, are being mailed to the Company's shareholders commencing on or about May 20, 2004.

Proxies in the accompanying form are solicited on behalf, and at the direction, of the Board of Directors of the Company. All shares of common stock represented by properly executed proxies, unless such proxies have previously been revoked, will be voted in accordance with the direction of the proxies. If no direction is indicated, the shares will be voted in accordance with the direction of the proxies. If any other matters are properly presented at the meeting for action, including a question of adjourning the meeting from time to time, the persons named in the proxies and acting thereunder will have discretion to vote on such matters in accordance with their best judgement.

When stock is in the name of more than one person, each such person must sign the proxy. If the shareholder is a corporation, an executive or other authorized officer must sign the proxy in the name of such corporation. If signed as attorney, executor, administrator, trustee, guardian or in any other representative capacity, the signer's full title should be given and, if not previously furnished, a certificate or other evidence of appointment must be furnished.

A shareholder executing and returning a proxy has the power to revoke it at any time before it is voted. A shareholder who wishes to revoke a proxy can do so by executing a later dated proxy relating to the same shares and delivering it to the Secretary of the Company prior to the vote at the Annual Meeting, by written notice of revocation received by the Secretary prior to the vote at the Annual Meeting, or by appearing in person at the Annual Meeting and voting in person the shares to which the proxy relates.

In addition to the use of the mail, proxies may be solicited by personal interview, telephone and telegram by the Directors, officers and regular employees of the Company. Such persons will receive no additional

## Edgar Filing: VICOM INC - Form DEF 14A

compensation for such services. Arrangements will also be made with certain brokerage firms and certain other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of common stock held of record by such persons, and such brokers, custodians, nominees and fiduciaries will be reimbursed by the Company for their reasonable out-of-pocket expenses incurred by them in connection therewith. All expenses incurred in connection with this solicitation will be borne by the Company.

The Company is including with this Proxy Statement its Annual Report to shareholders for the year ended December 31, 2003, which includes a copy of the Company's Form 10-K registration as amended, as filed with the Securities and Exchange Commission. Shareholders may receive, without charge, additional copies of the Form 10-K, as amended, by writing to Vicom, Incorporated at its principal corporate office.

The presence at the Annual Meeting in person or by proxy of the holders of a majority of the outstanding shares of the Company's common stock entitled to vote shall constitute a quorum for the transaction of business. If a broker returns a "non-vote" proxy, indicating a lack of voting instructions by the beneficial holder of the shares and a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote shall be deemed present at the meeting for purposes of determining a quorum but shall not be deemed to be represented at the meeting for purposes of calculating the vote required for approval of such matter. If a shareholder abstains from voting as to any matter, then the shares held by such shareholder shall be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. An abstention as to any proposal will therefore have the same effect as a vote against the proposal.

2

The Board of Directors met four times on a regular basis in 2003. As permitted by Minnesota Law, the Board of Directors also acted from time to time during 2003 by unanimous written consent in lieu of conducting formal meetings. Last year, there were four such actions and accompanying Board Resolutions passed. The Board has designated an audit committee consisting of Jonathan Dodge, Donald Miller and Frank Bennett. The Board also designated a compensation committee consisting of Frank Bennett and David Weiss.

Directors' attendance at Annual Meetings can provide shareholders with an opportunity to communicate with directors about issues affecting the Company. The Company does not have a policy regarding director attendance, but all directors are encouraged to attend the Annual Meeting of Shareholders. Six of our directors attended our Annual Meeting in 2003.

### AUDIT COMMITTEE

Vicom acknowledges that the designation of the members of the audit committee as financial experts does not impose on them any duties, obligations or liability that are greater than the duties, obligations and liability imposed on them as a member of the audit committee and the Board of Directors in the absence of such designation.

## Edgar Filing: VICOM INC - Form DEF 14A

### REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter adopted by the Board of Directors, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of the Company. During the year ended December 31, 2003, the Committee met four times, and Donald Miller, as the Audit Committee chair and representative of the Audit Committee, discussed the interim financial information contained in quarterly earnings announcement with the Company's Chief Financial Officer and the Company's independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may affect their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee also discussed with management and the independent auditors the quality and adequacy of the Company's internal controls. The Audit Committee reviewed with both the independent auditors their audit plans, audit scope, and identification of audit risks.

The Audit Committee discussed and reviewed with the Company's independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and, both with and without management present, discussed and reviewed the results of the independent auditors' examination of the Company's financial statements. The Audit Committee reviewed the audited consolidated financial statements of the Company as of and for the fiscal year ended December 31, 2003 with management and the independent auditors. Management has the responsibility for the preparation of the Company's consolidated financial statements and the Company's independent auditors have the responsibility for the examination of those statements.

Based on the review referred to above and discussions with management and the independent auditors, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Audit Committee also recommended the reappointment, subject to shareholder approval, of the independent auditors and the Board of Directors concurred in such recommendation.

### NOMINATING COMMITTEE

The Nominating Committee (the "Nominating Committee") was formed by our Board in April 2004 and consists of Frank Bennett and David Weiss. The Nominating Committee's duties include adopting criteria for recommending candidates for election or re-election to our Board and its committees, considering issues and making recommendations considering the size and composition of our Board. The Nominating Committee will also consider nominees for Director suggested by shareholders in written submissions to the Company's Secretary.

The Nominating Committee met in April 2004 to decide upon the nominees for Director at the Annual Meeting.

### DIRECTOR NOMINATION PROCEDURES

**DIRECTOR MANAGER QUALIFICATIONS.** The Company's Nominating Committee has established policies for the desired attributes of our Board as a whole. The Board will seek to ensure that a majority of its members are independent as defined in the NASDAQ listing standards. Each member of our Board must possess the individual qualities of integrity and accountability, informed judgment, financial literacy, high performance standards and must be committed to representing the long-term interests of the Company and the shareholders. In addition, Directors must be committed to devoting the time and effort necessary to be responsible and productive members of our Board. Our Board values diversity, in its broadest sense, reflecting, but not limited to, profession, geography, gender, ethnicity, skills and experience.

**IDENTIFYING AND EVALUATING NOMINEES.** The Nominating Committee regularly assesses the appropriate number of Directors comprising our Board, and whether any vacancies on our Board are expected due to retirement or otherwise. The Nominating Committee may consider those factors it deems appropriate in evaluating Director candidates including judgment, skill, diversity, strength of character, experience with businesses and organizations comparable in size or scope to the Company, experience and skill relative to other Board members, and specialized knowledge or experience. Depending upon the current needs of our Board, certain factors may be weighed more or less heavily by the Nominating Committee. In considering candidates for our Board, the Nominating Committee evaluates the entirety of each candidate's credentials and, other than the eligibility requirements established by the Nominating Committee, does not have any specific minimum qualifications that must be met by a nominee. The Nominating Committee considers candidates for the Board from any reasonable source, including current Board members, shareholders, professional search firms or other persons. The Nominating Committee does not evaluate candidates differently based on who has made the recommendation. The Nominating Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates.

**CHARTER OF THE NOMINATING COMMITTEE.** A copy of the charter of the Nominating Committee is available on our website at [www.multibandusa.com](http://www.multibandusa.com).

The following table provides information regarding stock options granted during fiscal 2003 to the named executive officers in the Summary Compensation Table.

Name	Number of Securities Underlying Options Granted (#)	Percent of Total Options Granted to Employees in Fiscal Year (%)	Exercise or Base Price (\$/Share)	Expiration Date	Potential Assumed Annual Price Appreciation 5%
James L. Mandel	300,000	46.3	\$1.50	1/8/2013	-0-
Steven M. Bell	50,000	7.7	\$1.10	1/8/2013	\$19,115
Dave Ekman	-0-	-0-	--	--	--

(1) The "potential realizable value" shown represents the potential gains based on annual compound stock price appreciation of 5% and 10% from the date of grant through the full option terms, net of exercise price, but before taxes associated with exercise. The amounts represent certain assumed rates of appreciation only, based on the Securities and Exchange Commission rules. Actual gains, if any, on stock option exercises are dependent on the future performance of the common stock, overall market conditions and the option holders, continued employment through the vesting period. The amounts reflected in this table may not necessarily be achieved and do not reflect the Company's estimate of future stock price growth.

Each option represents the right to purchase one share of common stock. The options shown in this table are all non-qualified stock options. To the extent not already exercisable, the options generally become exercisable in the event of a merger in which Vicom is not the surviving corporation, a transfer of all shares of stock of Vicom, a sale of substantially all the assets, or a dissolution or liquidation, of Vicom.

The per annum dividend rate is eight percent (8%) for the Class A Preferred and ten percent (10%) for the Class B Preferred and Class C Preferred, fourteen percent (14%) for the Class D Preferred and fifteen percent (15%) in the Class E Preferred, to be paid in kind. Dividends on the Class A Preferred, Class C Preferred and Class D Preferred are payable quarterly on March 31, June 30, September 30, and December 31 of each year. Upon Vicom's call for redemption, the holders of the Preferred Stock called for redemption will have the option to convert each share of Preferred Stock into shares of common stock until the close of business on the date fixed for redemption, unless extended by Vicom in its sole discretion. ### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that directors, certain officers of the Company and ten percent shareholders file reports of ownership and changes in ownership with the Securities and Exchange Commission (the "SEC") as to the Company's securities beneficially owned by them. Such persons are also required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of copies of Forms 3 and 4 and amendments thereto furnished to the Company pursuant to Rule 16a-3(e) and Forms 5 and amendments thereto furnished to the Company with respect to its most recent fiscal year, and any written representations referred to in Item 405(b)(2)(i) of Regulation S-K stating that no Forms 5 were required, the Company believes that, during fiscal year 2003, all Section 16(a) filing requirements applicable to the Company's officers, directors and ten percent shareholders were complied with.

### 2. AMENDMENT TO EMPLOYEE 1999 STOCK COMPENSATION PLAN

The Company's Board of Directors is recommending and seeking shareholder approval of an amendment to its 1999 Stock Compensation Plan related to employee stock options. The total number of shares of stock reserved for awards to employees under the Plan is 1.8 million shares. The Company is seeking to change the total number of stock shares reserved under the plan to 4.3 million shares.

The purpose of the plan is to promote the interest of the Company and its shareholders by providing employees of the company with an opportunity to receive a proprietary interest in the Company and thereby develop a stronger incentive to contribute to the Company's continued success and growth. The plan is administered by a Committee of the Board of Directors. Awards pursuant to the

## Edgar Filing: VICOM INC - Form DEF 14A

1999 plan may be in the form of either a restricted stock grant, which means that stock issued will vest over a three year vesting period, or stock options.

Options granted under the Plan may be either "incentive" stock options within the meaning of Section 422 of the Internal Revenue Code ("IRC") or "nonqualified" stock options that do not qualify for special tax treatment under the IRC. No incentive stock option may be granted with a per share exercise price less than the fair market value of a share of the Company's common stock on the date the option is granted; in the case of any shareholder owning 10 percent or more of the common stock to whom an incentive stock option has been granted under the Plan, the exercise price thereof is required to be not less than 110 percent of the fair market value of the common stock on the date the option is granted. Options are not transferable. An optionee, or his or her personal representative, may exercise his or her option for a period of ninety (90) days following termination of employment, disability or death. The term of each option, which is fixed by the Committee, may not exceed 10 years from the date the option is granted, or 5 years in the case of incentive stock options granted to shareholder owning 10 percent or more of the common stock to whom options have been granted. Options may be made exercisable in whole or in installments as determined by the Committee or Board. The Committee or Board may cancel an option of an employee who has been terminated for cause or takes employment with a competitor. The closing sale price of a share of the Company's common stock was \$1.96 on April 22, 2004.

### Federal Income Tax Matters

Options. Incentive stock options granted under the 1999 plan are intended to qualify for favorable tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended. Under Section 422, an optionee recognizes no taxable income when the option is granted. Further, the optionee generally will not recognize any taxable income when the option is exercised if he or she has at all times from the date of the option's grant until three months before the date of exercise been an employee of the Company. The Company ordinarily is not entitled to any income tax deduction upon the grant or exercise of an incentive stock option. Certain other favorable tax consequences may be available to the optionee if he or she does not dispose of the shares acquired upon the exercise of an incentive stock option for a period of two years from the granting of the option and one year from the receipt of the shares.

Under present law, an optionee will not realize any taxable income on the date a nonqualified option is granted pursuant to the 1999 plan. Upon exercise of the option, however, the optionee must recognize, in the year of exercise, ordinary income equal to the difference between the option price and the fair market value of the Company's common stock on the date of exercise. Upon the sale of the shares, any resulting gain or loss will be treated as capital gain or loss. The Company will receive an income tax deduction in its fiscal year in which nonqualified options are exercised equal to the amount of ordinary income recognized by those optionees exercising options, and must withhold income and other employment related taxes on such ordinary income.

Restricted Stock Awards. Generally, no income is taxable to the recipient of a restricted stock award in the year the award is granted. Instead, the recipient will recognize compensation taxable as ordinary income equal to the fair market value of the shares in the year in which the transfer restrictions lapse. Alternatively, if a recipient makes a "Section 83(b)" election, the recipient will, in the year that the restricted stock award is granted, recognize compensation taxable as ordinary income equal to the fair market value of the shares on the date of the award. The Company normally will receive a deduction equal to the amount of compensation the recipient is required to recognize as ordinary taxable income, and must comply with applicable tax withholding requirements.

### 3. AMENDMENT TO 2000 NON-EMPLOYEE DIRECTOR STOCK COMPENSATION PLAN

The Company's Board of Directors is recommending and seeking shareholder approval of an amendment to its 2000 Non-Employee Director Stock Compensation Plan. The total number of shares reserved for awards under the Plan is 300,000 shares. The Company is seeking to change the total number of stock shares reserved under the plan to 800,000 shares.

13

The purpose of the 2000 Directors' Plan is to enable the Company, through the grant of non-qualified stock options to non-employee ("outside") Directors of the Company, to attract and retain highly-qualified outside Directors and, by providing them with such a stock-based incentive, to motivate them to promote the best interests of the Company and its shareholders. For the purposes of the Plan, outside Directors are Directors who, at the time of granting of options under the Plan, are not and for the prior twelve months have not been employees of the Company or any of its subsidiaries.

All grants will provide for an exercise price equal to 100% of the fair market value of a Share at the date of the grant. Options will become exercisable approximately one year after date of grant and will expire ten years after date of grant, subject to earlier exercise and termination in certain circumstances. If an outside Director ceases to be a Director due to death, any of his outstanding options that have not yet become exercisable will accelerate, and all of his outstanding Options will remain exercisable for various specified periods of time up to a maximum of approximately one year. If an outside Director ceases to be a Director due to disability, all of his or her outstanding options not fully vested will immediately terminate, and those that are fully vested will remain exercisable for various specified periods of time up to a maximum of approximately one year. If an outside Director ceases to be a Director for any other reason, all of his or her outstanding options not fully vested will immediately terminate, and those that are fully vested will remain exercisable for 90 days.

The closing sale price of a share of the Company's common stock was \$1.96 on April 22, 2004.

#### Federal Income Tax Matters

Under present law, an optionee will not realize any taxable income on the date a nonqualified option is granted pursuant to the 2000 Directors' Plan. Upon exercise of the option, however, the optionee must recognize, in the year of exercise, ordinary income equal to the difference between the option price and the fair market value of the Company's common stock on the date of exercise. Upon the sale of the shares, any resulting gain or loss will be treated as capital gain or loss. The Company will receive an income tax deduction in its fiscal year in which nonqualified options are exercised equal to the amount of ordinary income recognized by those optionees exercising options, and must withhold income and other employment related taxes on such ordinary income.

#### Equity Compensation Plan Information

The following table provides information as of December 31, 2003 about the Company's equity compensation plans.

\* The Company's Board has the authority to grant options and warrants to purchase shares of the Company's common stock outside of any equity compensation plans approved by security holders.

4. AMENDMENT TO COMPANY'S BYLAWS TO LOWER THE REQUIREMENTS FOR A QUORUM

The Company's current bylaws Section 2.04 require a majority of the votes of the company's outstanding shares of common stock present or present by proxy to lawfully hold an annual meeting quorum and pass any proposal related thereto. The Company's Board of Directors is recommending and seeking shareholder approval to change the Company's bylaws provision to lower the requirements for an annual meeting quorum to 34% of the common shares outstanding present or present by proxy, which is a standard permitted under NASDAQ rules.

The purpose behind this requested amendment is to make it easier for the Company to obtain a quorum for shareholder meetings and to take actions at those meetings. The Company believes official corporate business that requires shareholder approval can be conducted more efficiently with this Amendment to the Company bylaws.

5. APPROVAL TO AMEND THE COMPANY'S ARTICLES OF INCORPORATION CHANGE THE COMPANY'S NAME FROM VICOM, INCORPORATED TO MULTIBAND CORPORATION

The Board of Directors is recommending and seeking shareholder approval of an amendment to the Company's articles of incorporation to change its name from VICOM, Incorporated to Multiband Corporation.

The purpose of this requested amendment is to present consistent nomenclature and name branding to the marketplace. The Company in 2003 already changed the name of its largest subsidiary to Multiband. The Company, in all its advertising and marketing efforts, utilizes and promotes the name Multiband.

Upon approval of the amendment, the Company will promptly make the necessary filings with all governmental and regulatory authorities concerned.

## Edgar Filing: VICOM INC - Form DEF 14A

### 6. APPROVAL TO AMEND THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF VICOM COMMON SHARES FROM 50 MILLION TO 100 MILLION

The Board of Directors proposes that the Company amend its Articles of Incorporation to increase the total number of authorized shares from 50,000,000 to 100,000,000. As of the Record Date, the total number of outstanding shares of stock was 22,291,500 shares of common stock and 239,681 shares of Preferred Stock.

15

#### REASONS FOR THE AMENDMENT

An increase in the total number of authorized shares will provide the shares needed for employee stock plans and convertible securities that are currently outstanding, as well as additional shares of common stock for potential growth in the Company. With the increased authorized common stock, the Company would have greater flexibility in structuring possible future financings and acquisitions and meeting other corporate needs which might arise. The Company has no current commitments or plans for the issuance of common stock other than in connection with our stock option plans and convertible securities. As of April 22, 2004, the number of authorized common shares reserved for issuance under our stock option and employee stock purchase plans is 2.5 million, upon exercise of outstanding warrants is 7,124,438 shares, upon vesting of outstanding restricted stock is 10,144 shares, upon conversion of outstanding preferred stock (described above, page 11) is 1,055,155 shares and upon conversion from a note payable is 988,960 shares. Said note payable is listed as an exhibit to the Company's Form 8K filed on December 16, 2003. If this proposal is approved by the shareholders, almost 66 million authorized shares would be unreserved and available for future issuances.

The Company may use additional shares to (partially) finance potential acquisitions. In addition, the Company may consider conducting an equity offering to raise capital or reduce existing debt. Future issuances of common stock may have a significant dilutive effect on the equity interests of current shareholders.

Approval of an increase in the authorized number of shares of common stock generally empowers the directors of the Company to issue additional shares of common stock without giving notice to the shareholders or obtaining their approval, except in certain circumstances such as in connection with the adoption of certain employee benefit plans or the issuance of private equity that is subject to the applicable NASDAQ shareholder approval rules. The NASDAQ rules generally require us to obtain shareholder approval for issuances of common stock in connection with (i) the acquisition of another company if an officer, director or significant shareholder has a 5% or greater interest (or a 10% interest collectively) or the issuance or potential issuance of stock will be equal to 20% or more of the outstanding shares or voting power before the issuance, (ii) the sale of common stock in a private transaction if the sale is equal to 20% or more of the outstanding common stock or voting power and is sold for less than the greater of book or market value of the stock, (iii) the issuance of common stock that results in a change of control or (iv) the adoption of certain stock option or purchase plans or other equity compensation arrangements.

The Company's proposal to increase the authorized number of shares of common stock is not submitted in response to any accumulation of stock or threatened takeover. However, the increase in authorized common stock could, under certain circumstances, be construed as having an anti-takeover effect by, for example, diluting the stock ownership of shareholders and possibly making it

## Edgar Filing: VICOM INC - Form DEF 14A

more difficult to effect a change in the composition of the Board of Directors through the removal or addition of directors, or to accomplish a given transaction that may be in the shareholders' interests. Further, the dilutive effect may limit the participation of shareholders in a merger or similar business combination, whether or not management favors such transaction. Except as noted below, the Company does not have any provisions in its governing documents that have an anti-takeover effect nor does it have plans to subsequently implement measures having anti-takeover effects.

The Company's Articles of Incorporation authorize the issuance of stock and authorize the Board of Directors to establish by resolution different classes or series of shares and fix the rights and preferences of such shares. In the event of a proposed merger, tender offer or other attempt to gain control of the Company of which the Board does not approve, the Board could create an additional series of preferred stock with rights and preferences that could impede the completion of such a transaction and issue such preferred stock to persons who would support the Board in opposing the transaction. The Board does not intend to issue any additional shares of preferred stock except on terms that the Board deems to be in the best interests of the Company and its then existing shareholders.

Also, if a shareholder proposal intended to be presented at the 2005 Annual Meeting but not included in the Company's proxy statement and proxy is received by the Company after March 15, 2005, then management named in the Company's proxy form for the 2005 Annual Meeting will have discretionary authority to vote shares represented by such proxies on the shareholder proposal, if presented at the meeting, without including information about the proposal in the Company's proxy materials.
