**Report of Independent Registered Public Accounting Firm
The Board of Directors and Shareholders of
Internet Gold - Golden Lines Ltd.**

We have audited the accompanying consolidated and company balance sheets of Internet Gold - Golden Lines Ltd. (hereinafter - the "Company") as of December 31, 2004 and 2003, and the related consolidated and company statements of operations, changes in shareholders' equity and cash flows, for each of the years in the three year period ended December 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated and company financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2004 and 2003 and the results of its operations, the changes in shareholders' equity and its cash flows for each of the years in the three year period ended December 31, 2004, in conformity with generally accepted accounting principles in Israel.

As explained in Note 2C the financial statements for dates and reporting periods subsequent to December 31, 2003 are stated in reported amounts, in accordance with the accounting standards of the Israel Accounting Standards Board. The financial statements for dates and reporting periods that ended up to the aforementioned date are stated in values that were adjusted to that date according to the changes in the general purchasing power of the Israeli currency, in accordance with opinions of the Institute of Certified Public Accountants in Israel.

Accounting principles generally accepted in Israel vary in certain significant respects from accounting principles generally accepted in the United States of America. Information relating to the nature and effect of such differences is presented in Note 21 to the consolidated financial statements.

As discussed in Note 21 to the consolidated financial statements, the Company adopted Financial Standards Board Interpretation No. 46(R) "Consolidation of Variable Interest Entities" in 2004 by restating the consolidated financial statements of 2003 and 2002 with a cumulative effect adjustment as of the beginning of 2002 in the amount of NIS 4,382 thousand.
