NOTES TO CONDENSED FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION

The financial statements included herein as of and for the three months ended March 31, 2006 and March 31, 2005, the period from inception (April 15, 2004) to March 31, 2006, have been prepared by Sand Hill IT Security Acquisition Corp. (the "Company") without audit pursuant to the rules and regulations of the United States Securities and Exchange Commission ("SEC") and include the accounts of the Company and its subsidiary, Sand Hill Merger Corp. Accordingly, these statements reflect all adjustments (consisting only of normal recurring entries), which are, in the opinion of the Company, necessary for a fair presentation of the financial results for the interim periods. Certain information and notes normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading. Operating results for the interim periods presented are not necessarily indicative of the results that may be expected for the full fiscal year. These financial statements should be read in conjunction with the financial statements that were included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2005.

2. ORGANIZATION, BUSINESS OPERATIONS

Sand Hill IT Security Acquisition Corp. was incorporated in Delaware on April 15, 2004 as a blank check company whose objective is to merge with or acquire an operating business in the IT security industry. The Company's initial stockholders' purchased 1,000,000 shares of common stock, \$0.01 par value, for \$25,000 on April 20, 2004.

The registration statement for the Company's initial public offering (the "Offering") was declared effective on July 26, 2004. The Company consummated the Offering on July 30, 2004 and received proceeds, net of the underwriters' discount of \$22,022,462. Subsequently, the underwriters exercised their over allotment option and the Company received an additional \$2,861,100 in proceeds, net of the underwriters' discount. The Company's management has broad discretion with respect to the specific application of the net proceeds of the Offering, although substantially all of the net proceeds of the Offering are intended to be generally applied toward consummating a merger with or acquisition of an operating business in the IT security industry ("Business Combination"). There is no assurance that the Company will be able to successfully affect a Business Combination. An amount equal to \$20,961,000 was placed in an interest bearing trust account (the "Trust Fund") until the earlier of (i) the consummation of its first Business Combination or (ii) liquidation of the Company. Under the agreement governing the Trust Fund, funds may only be invested in United States government securities with a maturity of 180 days or less. The remaining proceeds of the Offering may be used to pay for business, legal and accounting due diligence on prospective mergers or acquisitions and continuing general and administrative expenses.

The Company, after signing a definitive agreement for the merger with or acquisition of a target business, will submit such transaction for stockholder approval. In the event that stockholders owning 20% or more of the outstanding stock excluding, for this purpose, those persons who were stockholders immediately prior to the Offering, vote against the Business Combination and exercise their conversion rights, the Business Combination will not be consummated. All of the Company's stockholders prior to the Offering, including all of the officers and directors of the Company (the "Initial Stockholders"), have agreed to vote their founding shares of common stock in accordance with the vote of the majority in interest of all other stockholders of the Company (the "Public Stockholders") with respect to a Business Combination. The Business Combination will not be completed unless more than 50% of the Public Stockholders vote in favor of the transaction. After consummation of the Company's first Business Combination, these voting safeguards will no longer apply.

With respect to the first Business Combination which is approved and consummated, any Public Stockholder who voted against the Business Combination may demand that the Company redeem his or her shares. The per share redemption price will equal the amount in the Trust Fund as of the record date for determination of stockholders entitled to vote on the Business Combination divided by the number of shares of common stock held by Public Stockholders at the consummation of the Offering. Accordingly, Public Stockholders holding 19.99% of the aggregate number of shares owned by all Public Stockholders may seek redemption of their shares in the event of a Business Combination. Such Public Stockholders are entitled to receive their per share interest in the Trust Fund computed without regard to the shares held by Initial Stockholders.

The Company's Certificate of Incorporation provides for the mandatory liquidation of the Company, without stockholder approval, in the event that the Company does not consummate a Business Combination within 18 months from the date of the consummation of the Offering (January 30, 2006), or 24 months from the consummation of the Offering (July 30, 2006) if certain extension criteria have been satisfied. In the event of liquidation, it is likely that the per share value of the residual assets remaining available for distribution (including Trust Fund assets) will be less than the initial public offering price per share in the Offering (assuming no value is attributed to the Warrants contained in the Units offered in the Offering as described in Note 3). On October 26, 2005, the Company entered into a definitive merger agreement (see Note 6).

3. PUBLIC OFFERING

On July 30, 2004, the Company sold 3,600,000 units ("Units") in a public offering, which included granting the underwriters' an over-allotment option to purchase up to an additional 540,000 Units. Subsequently, the underwriters exercised their over-allotment option and purchased an additional 510,000 units. Each Unit consists of one share of the Company's common stock, \$0.01 par value, and two Redeemable common stock Purchase Warrants ("Warrants"). Each Warrant entitles the holder to purchase from the Company one share of common stock at an exercise price of \$5.00 commencing on the later of the completion of a Business Combination or July 25, 2005 and expiring July 25, 2009. The Warrants are redeemable by the Company at a price of \$0.01 per Warrant upon 30 days' notice after the Warrants become exercisable, only in the event that the last sale price of the common stock is at least \$8.50 per share for any 20 trading days within a 30 trading day period ending on the third day prior to the date on which notice of the redemption is given. In connection with the Offering, the Company issued an option for \$100 to the underwriters' to purchase 270,000 Units at an exercise price of \$7.50 per Unit. The Units issuable upon exercise of this option are identical to those included in the Offering except that the exercise price of the Warrants included in the Units will be \$6.65 per share.

Under EITF No. 00-19, “*Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company’s Own Stock*” (“EITF No. 00-19”), the fair value of the warrants issued as part of the Units have been reported as a liability. The warrant agreement provides for the Company to register the shares underlying the warrants and is silent as to the penalty to be incurred in the absence of the Company’s ability to deliver registered shares to the warrant holders upon warrant exercise. Under EITF No. 00-19, the Company is required to assume that the warrants could give rise to it ultimately having to net-cash settle the warrants, thereby necessitating the treatment of the warrants as a liability. Further, EITF No. 00-19 requires the Company to record the warrant liability at each reporting date at its then estimated fair value, with any changes being recorded through the Company’s statement of operations as other income/expense. The warrants will continue to be reported as a liability until such time that they are exercised, expire, or the Company is otherwise able to modify the registration rights agreement to remove the provisions which require this treatment. As a result, the Company could experience volatility in its net income due to changes that occur in the value of the warrant liability at each reporting date.

The fair value of the warrant liability in the accompanying balance sheet has been determined using the trading value of the warrants. The value assigned to the fair value of the warrant liability at July 30, 2004 (date of issuance), March 31, 2005, and March 31, 2006 was \$5,343,000, \$4,932,000, and \$7,315,800, respectively.

Amounts reported as warrant liability income or expense in the accompanying statement of operations resulting from the change in valuation of the warrant liability was income in the amount of \$411,000 and expense in the amount of \$895,980 for the three months ended March 31, 2005 and 2006 respectively.

The Company had previously issued financial statements which accounted for the warrants as stockholders’ equity. The accompanying financial statements have been restated to correct this error. The impact of the correction of this error in previously reported financial statements is as follows:

Item 2. Management's Discussion and Analysis or Plan of Operation

The following discussion should be read in conjunction with the financial statements and footnotes thereto incorporated by reference in this report.

Forward Looking Statements

Certain statements contained in this interim report that are not historical facts, including, but not limited to, statements that can be identified by the use of forward-looking terminology such as “may,” “expect,” “anticipate,” “predict,” “believe,” “p,” “estimate” or “continue” or the negative thereof or other variations thereon or comparable terminology, are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, and involve a number of risks and uncertainties. The actual results of the future events described in such forward-looking statements in this interim report could differ materially from those stated in such forward-looking statements due to various factors, including but not limited to, our being a development stage company with no operating history, our dependence on key personnel some of whom may join us following a business combination, our personnel allocating their time to other businesses and potentially having conflicts of interest with our business, our potentially being unable to obtain additional financing to complete a business combination, the ownership of our securities being concentrated, risks associated with the IT security industry and those other risks and uncertainties detailed in the Company’s filings with the Securities and Exchange Commission, including our Registration Statement on Form S-1 that was declared effective July 26, 2004 and the definitive Prospectus thereunder, our annual report on Form 10-KSB filed with the Securities and Exchange Commission on March 17, 2006, and the uncertainties set forth from time to time in the Company’s filings and other public statements. The following discussion should be read in conjunction with our Financial Statements and related Notes thereto included elsewhere in this report.

Plan of Operation

We were formed on April 15, 2004, to serve as a vehicle to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business in the IT security industry. We intend to utilize cash derived from the proceeds of our initial public offering (the “Offering”), our capital stock, debt or a combination of cash, capital stock and debt, in effecting a business combination. We consummated the Offering on July 30, 2004. Our activities to date have been comprised solely of organizational activities, preparing for and consummating the Offering, and efforts associated with identifying a target for a business combination.

The net proceeds from the Offering and the capital contributed by our Initial Stockholders amounted to approximately \$22.02 million. As of March 31, 2006, we had cash of \$658, and treasury securities in our trust account (at cost) of \$21,530,847; a total of approximately \$21.9 million. The difference between the sum of our initial capital plus the net proceeds of the Offering reduced by our cash and amount we placed in trust is approximately \$140,000. Through March 31, 2006, we have used \$1,067,569 of the net proceeds that were not deposited into the trust fund to pay general and administrative expenses. The net proceeds deposited into the trust fund remain on deposit in the trust fund and have earned \$991,780 in interest and \$10,929 on money market accounts through March 31, 2006.

For the three months ended March 31, 2006, we recorded interest income from the accretion in value of our trust account of \$222,217. We incurred an operating loss of \$170,735 for that same period. Our expenses consist primarily of professional fees, rents, fees and taxes, insurance, travel and other certain other expenses associated with being a public company.

Over the 24-month period subsequent to the consummation of the Offering, the Company had anticipated approximately \$250,000 of expenses for legal, accounting and other expenses related to the due diligence investigations, and structuring and negotiating of a business combination, \$180,000 for the administrative fee payable to Sand Hill Security, LLC (\$7,500 per month for two years), \$100,000 of expenses for the due diligence and investigation of a target business, \$75,000 of expenses in legal and accounting fees relating to our SEC reporting obligations and \$475,000 for general working capital to be used for miscellaneous expenses and reserves, including approximately \$180,000 for director and officer liability insurance premiums, inclusive of the amounts set out in the preceding paragraph. We do not believe that the Company has sufficient available cash resources outside of the trust fund to operate until the merger is consummated, without accruing for certain professional expenses, such as legal and accounting costs and, therefore, we may need to raise additional funds through a private offering of debt or equity securities if such funds are required to consummate the business combination with St. Bernard. Anticipating closure of the merger by the end of the second quarter of 2006, Sand Hill estimates total costs to consummation of approximately \$15,000 for the administrative fee payable to Sand Hill Security LLC, \$10,000 for accounting fees relating to quarterly SEC reporting obligations, \$40,000 for legal costs related to the joint proxy statement/prospectus and registration statement on Form S-4, \$25,000 in printing costs for the joint proxy statement/prospectus and registration statement on Form S-4, plus an additional \$30,000 in travel costs, investor relations costs and general corporate working capital requirements. This is a total estimate of \$120,000 to operate until the consummation of a business combination. To the extent that these costs exceed amounts available outside the trust fund, trust fund assets will be used to fund the excess costs of the merger if the merger is completed and the trust fund assets are released to the Company.

We are obligated, commencing July 26, 2004, to pay to Sand Hill Security, LLC, an affiliate of our directors and executive officers, a monthly fee of \$7,500 for general and administrative services. In addition, in April 2004, Sand Hill Security, LLC advanced an aggregate of \$40,000 to us, on a non-interest bearing basis, for payment of offering expenses on our behalf. This amount was repaid in August 2004 out of the proceeds of the Offering. During the quarterly period ended March 31, 2006 certain affiliates of the Company advanced an aggregate of \$45,000 to the Company to cover expenses related to the merger described below. The Broomfield Family Trust advanced \$25,000 to the Company and Sand Hill Security, LLC advanced \$20,000 to the Company. The Company entered into unsecured promissory notes in connection with the loans. The loans accrue interest at a rate of ten percent per annum and are payable on the earlier of the consummation of the merger of St. Bernard Software, Inc. and Sand Hill Merger Corp. and July 26, 2006.

On October 26, 2005, the Company and its wholly-owned subsidiary Sand Hill Merger Corp., a Delaware corporation (“Merger Sub”) entered into a definitive Agreement and Plan of Merger (the “Merger Agreement”) with St. Bernard Software, Inc., a Delaware corporation (“St. Bernard”), pursuant to which Merger Sub will merge with and into St. Bernard in an all-stock transaction (the “Merger”). At the effective time of the Merger, St. Bernard will be the surviving corporation and become a wholly-owned subsidiary of the Company. On December 16, 2005, the Company filed a joint proxy statement/prospectus with the Securities and Exchange Commission relating to the Merger as part of a registration statement on Form S-4. The joint proxy statement/prospectus on Form S-4 was amended and refiled with the Securities and Exchange Commission on March 17, 2006 and April 26, 2006.

Item 3. Controls and Procedures

Under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of March 31, 2006 (the "Evaluation Date"), and, based on their evaluation, our chief executive officer and chief financial officer have concluded that these controls and procedures were effective as of the Evaluation Date. However, in connection with the preparation of Amendment No. 4 to the Registration Statement on Form S-4 related to the Agreement and Plan of Merger, dated as of October 26, 2005, by and among our company, St. Bernard Software, Inc. and Sand Hill Merger Corp., we were advised by our independent registered accounting firm, Hein & Associates LLP ("Hein") on June 19, 2006, that we may need to reclassify certain amounts in our financial statements to report the warrants issued as part of the units in our initial public offering as a liability. Hein based its conclusions upon a comment received from the Securities and Exchange Commission in connection with the preparation of the Amendment No. 4 to the Registration Statement on Form S-4 and after further discussion with the Staff of the Securities and Exchange Commission. We addressed this concern by determining to restate our Form 10-KSB for the fiscal year ended December 31, 2005 and our Form 10-QSB/A for the period ended March 31, 2006 to reflect this reclassification. There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the Evaluation Date.
