PROPOSAL NO. 2
AMENDMENT TO THE CERTIFICATE OF INCORPORATION

The Board of Directors has approved an amendment to the Company's Certificate of Incorporation which would change the number of authorized shares of Common Stock, and the par value to \$.001 per share. The number of authorized common shares would be increased to 100,000,000 shares. A copy of the Certificate of Amendment is attached as Exhibit A.

Discussion of the Amendment

Under the Company's Certificate of Incorporation, the Board of Directors of the Company has authority to issue authorized and unissued shares of Common and Preferred Stock without obtaining approval from the holders of the Common Stock. The holders of the Company's Common Stock and Preferred Stock do not have preemptive rights. The Preferred Stock provisions give the Board of Directors broad authority to issue shares of Preferred Stock in one or more series and to determine such matters as the dividend rate and preference, voting rights, conversion privileges, redemption provisions, liquidation preferences and other rights of each series. Each share of Common Stock is entitled to one vote. The holders of any series of preferred stock issued in the future will be entitled to such voting rights as may be specified by the Board of Directors.

It is not possible to determine the actual effect of the Preferred Stock on the rights of the holders of Common Stock until the Board of Directors determines the rights of the holders of a series of the Preferred Stock. However, such effect might include (i) restrictions on the payment of dividends to the holders of the Common Stock; (ii) dilution of voting power to the extent that the holder of the Preferred Stock are given voting rights; (iii) dilution of the equity interests and voting powers if the Preferred Stock is convertible into Common Stock; and (iv) restrictions upon any distribution of assets to the holders of the Common Stock upon liquidation or dissolution and until the satisfaction of any liquidation preference granted to the holders of Preferred Stock. Because of the broad powers granted to the Board of Directors to issue shares of Preferred Stock and determine the rights, preferences and privileges of the holders of such series, the Board of Directors has the power to issue shares of Preferred Stock in a manner which could be used as a defensive measure against a hostile takeover or to keep the Board of Directors in power. However, the Board of Directors has no present plans to issue shares for such purpose.

Purpose

It is important we preserve our flexibility to issue additional shares of Common Stock. The Board believes that the authorization of additional authorized shares of Common Stock is advisable to provide us with the flexibility to take advantage of opportunities to issue such stock in order to obtain capital, as consideration for possible acquisitions or for other purposes including, without limitation, the issuance of additional shares of Common Stock through stock splits and stock dividends in appropriate circumstances. There are, at present, no plans, understandings, agreements or arrangements concerning the issuance of additional shares of Common Stock, except for the shares to be issued pursuant to existing agreements or upon the exercise of stock options, warrants or other convertible securities, currently outstanding.

Effects of An Increase in Authorized Shares

Uncommitted authorized but unissued shares of Common Stock may be issued from time to time to such persons and for such consideration as the Board may determine. Holders of the then outstanding shares of Common Stock may or may not be given the opportunity to vote thereon, depending upon the nature of any such transactions, applicable law, the rules and policies of the Over the Counter Bulletin Board (“OTCBB”) or other market which we qualify Common Stock for trading, as the case may be, and the judgment of the Board regarding the submission of such issuance to a vote of our stockholders. Our stockholders have no preemptive rights to subscribe to newly issued shares.

Moreover, it is possible that additional shares of Common Stock would be issued under circumstances which would make the acquisition of a controlling interest in us more difficult, time-consuming, costly or otherwise discourage an attempt to acquire control of us. Under such circumstances the availability of authorized and unissued shares of Common Stock may make it more difficult for stockholders to obtain a premium for their shares. Such authorized and unissued shares could be used to create voting or other impediments or to frustrate a person seeking to obtain control of us by means of a merger, tender offer, proxy contest or other means. Such shares could be privately placed with purchasers who might cooperate with the board in opposing such an attempt by a third party to gain control of us or could also be used to dilute ownership of a person or entity seeking to obtain control of us. Although we do not currently contemplate taking such action, shares of Common Stock could be issued for the purposes and effects described above and the Board reserves its rights to issue such stock for such purposes.

The authorization of additional shares of Common Stock pursuant to this proposal will have no dilutive effect upon the proportionate voting power of our present stockholders. However, to the extent that shares are subsequently issued to persons other than our present stockholders, such issuance could have a dilutive effect on the earnings per share and voting power of present stockholders. If such dilutive effect on earnings per share occurs, we expect that any such dilutive effect would be relatively short in duration. As described above, we believe that the proposed increase in the number of authorized shares of Common Stock will provide the flexibility needed to meet corporate objectives and is in the best interest of our stockholders.

Stockholder Vote Required

The affirmative vote of the holders of a majority of the shares present in person and by proxy and voting at the Meeting is required to pass the proposal to amend the Certificate of Incorporation to increase the authorized common stock from 50,000,000 shares to 100,000,000 shares.

The Board of Directors recommends a vote FOR the amendment to the Certificate of Incorporation.

VOTING SECURITIES AND RECORD DATE

At the close of business on April 16, 2007 the Company had 25,237,991 shares of Common Stock outstanding, for which each holder is entitled to one vote.

2002 Incentive Stock Option Plan

In 2002, the Company adopted the 2002 Equity Incentive Plan (the "Plan"). The Plan designates a Stock Option Committee appointed by the Board of Directors and authorizes the Stock Option committee to grant or award to eligible participants of the Company and its subsidiaries and affiliates, until May 15, 2012, stock options, stock appreciation rights, restricted stock performance stock awards and Bonus Stock awards for up to 3,000,000 shares of the New Common Stock of the Company. The initial members of the Stock Option Committee have not yet been appointed. During fiscal 2006, the Company issued 165,000 options and or bonus shares under the plan.

The following is a general description of certain features of the Plan:

1. **Eligibility.** Officers, directors and other key employees and consultants of the Company, its subsidiaries and its affiliates who are responsible for the management, growth and profitability of the business of the Company, its subsidiaries and its affiliates are eligible to be granted stock options, stock appreciation rights, and restricted or

deferred stock awards under the Plan. Directors are eligible to receive Stock Options.

2. Administration. The Incentive Plan is administered by the Stock Option Committee of the Company. The Board, in the absence of the establishment of this Committee, acts in the capacity of this Committee. The Stock Option Committee has full power to select, from among the persons eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to any participants and to determine the specific terms of each grant, subject to the provisions of the Incentive Plan.

3. Stock Options. The Plan permits the granting of non-transferable stock options that are intended to qualify as incentive stock options ("ISO's") under section 422 of the Internal Revenue Code of 1986 and stock options that do not so qualify ("Non-Qualified Stock Options"). The option exercise price for each share covered by an option shall be determined by the Stock Option Committee but shall not be less than 100% of the fair market value of a share on the date of grant. The term of each option will be fixed by the Stock Option Committee, but may not exceed 10 years from the date of the grant in the case of an ISO or 10 years and two days from the date of the grant in the case of a Non-Qualified Stock Option. In the case of 10% stockholders, no ISO shall be exercisable after the expiration of five (5) years from the date the ISO is granted.

4. Stock Appreciation Rights. Non-transferable stock appreciation rights ("SAR's") may be granted in conjunction with options, entitling the holder upon exercise to receive an amount in any combination of cash or unrestricted common stock of the Company (as determined by the Stock Option Committee), not greater in value than the increase since the date of grant in the value of the shares covered by such right. Each SAR will terminate upon the termination of the related option.

5. Restricted Stock. Restricted shares of the common stock may be awarded by the Stock Option Committee subject to such conditions and restrictions as they may determine. The Stock Option Committee shall also determine whether a recipient of restricted shares will pay a purchase price per share or will receive such restricted shares without, any payment in cash or property. No Restricted Stock Award may provide for restrictions beyond ten (10) years from the date of grant.

6. Performance Stock. Performance shares of Common Stock may be awarded without any payment for such shares by the Stock Option Committee if specified performance goals established by the Committee are satisfied. The designation of an employee eligible for a specific Performance Stock Award shall be made by the Committee in writing prior to the beginning of the period for which the performance is based. The Committee shall establish the maximum number of shares to stock to be issued to a designated Employee if the performance goal or goals are met. The committee reserves the right to make downward adjustments in the maximum amount of an Award if, in its discretion unforeseen events make such adjustment appropriate. The Committee must certify in writing that a performance goal has been attained prior to issuance of any certificate for a Performance Stock Award to any Employee.

7. Bonus Stock. The committee may award shares of Common Stock to Eligible Persons, without any payment for such shares and without any specified performance goals. The Employees eligible for bonus Stock Awards are senior officers and consultants of the Company and such other employees designated by the Committee.

8. Transfer Restrictions. Grants under the Plan are not transferable except, in the event of death, by will or by the laws of descent and distribution.

9. Termination of Benefits. In certain circumstances such as death, disability, and termination without cause, beneficiaries in the Plan may exercise options, SAR's and receive the benefits of restricted stock grants following their termination or their employment or tenure as a Director as the case may be.

10. Change of Control. The Plan provides that (a) in the event of a "Change of Control" (as defined in the Plan), unless otherwise determined by the Stock Option Committee prior to such Change of Control, or (b) to the extent expressly provided by the Stock Option Committee at or after the time of grant, in the event of a "Potential Change of Control" (as defined in the Plan), (i) all stock options and related SAR's (to the extent outstanding for at least six months) will become immediately exercisable: (ii) the restrictions and deferral limitations applicable to outstanding restricted stock awards and deferred stock awards will lapse and the shares in question will be fully vested: and (iii) the value of such options and awards, to the extent determined by the Stock Option Committee, will be cashed out on the basis of the highest price paid (or offered) during the preceding 60-day period, as determined by the Stock Option Committee. The Change of Control and Potential Change of Control provisions may serve as a disincentive or impediment to a prospective acquirer of the Company and, therefore, may adversely affect the market price of the common stock of the Company.

11. Amendment of the Plan. The Plan may be amended from time to time by majority vote of the Board of Directors provided as such amendment may affect outstanding options without the consent of an option holder nor may the plan be amended to increase the number of shares of common stock subject to the Plan without stockholder approval.

In December 1998, the Company adopted the Fountain Pharmaceuticals, Inc. 1998 Stock Option Plan (the "1998 Plan"). Nonqualified and incentive stock options may be granted under the 1998 Plan. The term of options granted under the 1998 Plan are fixed by the plan administrator provided, however, that the maximum option term may not exceed ten (10) years from the grant date and the exercise price per share may not be less than the fair market value per share of the Common Stock on the grant date. Under the 1998 Plan, all full-time employees of the Company or its subsidiaries, including those who are officers and directors, non-employee directors and consultants are eligible to receive options pursuant to the 1998 Plan, if selected. Directors and consultants are also eligible. The 1998 Plan provided for the authority to issue options covering up to 750,000 shares of the Company's Common Stock; provided, however, that option to purchase no more than 500,000 shares shall be granted to any one participant. As a result of the 60 for 1 reverse stock split effectuated on November 21, 2002, the 1998 Plan covers only 12,500 shares of the Company's common stock and the Board abandoned this plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

From December 2002 through September 2003, the Company borrowed an aggregate of \$375,000 from unaffiliated third parties and \$30,000 from the Company's CEO. The loan from its CEO was repaid in 2004. In connection with these loans, the Company issued the lenders an aggregate 137,782 shares of its common stock. In connection with these loans, the Company's CEO issued an aggregate of 375,000 options to purchase shares of his own stock at \$1.00 per share. On August 8, 2003, Mr. Terry Thompson, who had lent the Company an aggregate of \$50,000 and received 19,684 of these shares and 50,000 of the aforementioned options, was elected a director of the Company. The shares were issued under the exemption from registration provided in Section 4(2) of the Securities Act of 1933. The lenders represented their intention to acquire the securities for investment only and not with a view to or for sale in connection with any distribution of the securities and appropriate legends were affixed to the certificates. The Company utilized the proceeds of these loans for general working capital purposes.

On February 26, 2004 the Company borrowed \$1 million from Southwest Missouri Bank. The loan is federally guaranteed by the United States Department of Agriculture as part of the Rural Development Program. This loan is also guaranteed by Mr. Henry P. Hoffman, the Company's Chairman and CEO, as well as by his wife. The Company has not compensated Mr. Hoffman for providing this guaranty. As of September 30, 2006, this note has been paid and Mr. Hoffman's guaranty has been released.

On April 11, 2005, SiriCOMM, Inc. consummated the private sale of its securities to Sunflower. The securities sold consisted of units comprised of shares of the Company's common stock and warrants to purchase shares of the Company's common stock. At the closing, the Company sold an aggregate of 1,066,667 units at an aggregate purchase price of \$1,600,000 or \$1.50 per unit. At the closing, the Company delivered an aggregate of 1,066,667 shares and delivered warrants to purchase an additional 1,066,667 shares of the Company's common stock.

The warrants entitle the holder to purchase shares of the Company's common stock reserved for issuance thereunder for a period of five years from the date of issuance at an exercise price of \$2.50 per share. The warrants contain certain anti-dilution rights and are redeemable by the Company, in whole or in part, on terms specified in the warrants.

In a separate transaction also consummated on April 11, 2005, the Company sold 413,605 warrants to Sunflower at a purchase price of \$53,333 or approximately \$.13 per warrant. These warrants entitle the holder to purchase shares of the Company's common stock reserved for issuance thereunder for a period of five (5) years from the date of issuance at an exercise price of \$3.00 per share. These warrants contain certain anti-dilution rights and are redeemable by the Company, in whole or in part, on terms specified in these warrants.

On July 7, 2005, the Company consummated the private sale of its securities to ten (10) investors, including Sunflower. The securities sold consisted of units comprised of shares of the Company's common stock and warrants to purchase shares of the Company's common stock. At the closing, the Company sold an aggregate of 267,833 units at an aggregate purchase price of approximately \$401,750 or \$1.50 per unit. At the closing, the Company delivered an aggregate of 267,833 shares and delivered warrants to purchase an additional 267,833 shares of the Company's common stock.

The warrants entitle the holder to purchase shares of the Company's common stock reserved for issuance thereunder for a period of five years from the date of issuance at an exercise price of \$2.50 per share. The warrants contain certain anti-dilution rights and are redeemable by the Company, in whole or in part, on terms specified in the warrants.

In a separate transaction also consummated on April 11, 2005, the Company sold 25,850 warrants to Sunflower at a purchase price of \$3,333.50 or approximately \$.13 per warrant. These warrants entitle the holder to purchase shares of the Company's common stock reserved for issuance thereunder for a period of five (5) years from the date of issuance at an exercise price of \$3.00 per share. These warrants contain certain anti-dilution rights and are redeemable by the Company, in whole or in part, on terms specified in these warrants.

On December 27, 2005, the Company entered into a Loan Agreement with Sunflower. The loan is in the principal amount of \$500,000 and is evidenced by a Convertible Promissory Note due July 1, 2006. As consideration for Sunflower making the loan, the Company issued to Sunflower a warrant to purchase 200,000 shares of the Company's common stock at \$1.26 per share. The warrant expires December 15, 2010.

Sunflower purchased an aggregate of 1,764,872 Units in the offering, which consisted of a new investment of \$1,525,000.05 to purchase 1,326,087 Units and the conversion of a \$500,000 Convertible Promissory Note plus accrued interest in the amount of \$4,602 to purchase 438,785 Units.

On March 15, 2007, the Company entered into a Loan Agreement ("Loan Agreement") with Sunflower Capital, LLC, a limited liability company. The loan is in the principal amount of up to \$500,000 of which \$300,000 has been funded to date and is evidenced by a 10% Convertible Promissory Note due February 29, 2008 (the "Note"). As consideration for Sunflower making the loan, the Company amended an aggregate of 4,537,661 warrants previously issued to Sunflower and its affiliates to extend the expiration date of all those warrants to March 31, 2012 and eliminate all redemption rights contained in those warrants. The loan is secured by all of the Company's assets, except Sunflower has subordinated its security interest in the Company's network to the loan from Quest Capital Alliance II, L.L.C and its designees described below.

The Note converts at any time and from time to time at the option of the holder, into shares of the Company's common stock at a variable conversion price determined by taking the lowest volume weighted average price of the Company's common stock for any five consecutive trading days during the period from the date of issuance to the date of the conversion notice.

As additional consideration for making the loan commitment, the Company shall issue Sunflower a 5-year warrant on the earlier of the date of conversion or maturity date. The number of warrants to be issued will be equal to \$500,000 divided by Conversion Price (which, if not earlier determined, shall be determined as of the Maturity Date). This warrant will be issued regardless of whether Sunflower elects to convert the Note. The exercise price of these warrants shall be equal to the conversion price of the Note.

William P. Moore, a director of the Company, is the managing member of Sunflower.

On April 20, 2007, the Company entered into Securities Purchase Agreement with five (5) investors including Quest Capital Alliance II, LLC which purchased \$500,000 of the Debentures defined below. The securities sold were secured convertible debentures in the principal amount of \$1,000,000 due April 15, 2008 (the "Debentures"). The Debentures bear interest at the rate of 12% per annum and are convertible into the Company's common stock at any time at the rate of \$.31 per share. As part of this transaction, the Company issued to the investors three (3) common stock purchase warrants for each dollar invested, or an aggregate of 3,000,000 warrants (the "Warrants"). Pursuant to the Securities Purchase Agreement, the Company may issue up to an additional \$1,000,000 in Debentures and issue up to an additional 3,000,000 warrants on the same terms discussed herein.

Each Warrant entitles the holder to purchase one share of common stock at an exercise price of \$.31 per share commencing on the date of issuance and expiring on the close of business on the fifth anniversary of the issuance date. The Warrants contain provisions that protect the holder against dilution by adjustment of the exercise price of certain events including, but not limited to, stock dividends, stock splits, reclassifications or mergers.

In addition, the Company entered into a registration rights agreement with each investor whereby the Company agreed to include the common stock underlying the Debentures and Warrants in any future registration statement filed by the Company subject to certain conditions contained in such agreement.

The Debentures are secured by all network equipment, including, without limitation, (k) all access point serves, and supporting infrastructure equipment, (ii) all agreements regarding the network pertaining to the placement and use/operation of the network, and (iii) any proceeds from the sale of network equipment and inventory.

In connection with this transaction, the Company issued an aggregate of 300,000 Warrants to Quest Capital Alliance I, L.L.C. (150,000) and Quest Capital Alliance II, L.L.C. (150,000) as a finder's fee.

Steven Fox, a nominee for election to the Board of Directors, is the managing member of Quest Capital Alliance II, LLC.
