Dear Fellow Shareholder:

You are cordially invited to attend a Special Meeting of Targeted Genetics Corporation's shareholders to be held on Friday, January 11, 2008, at 8:30 a.m. local time, at the Company's offices, 1100 Olive Way, Suite 100, Seattle, Washington.

The matters to be acted upon are described in the accompanying notice of special meeting and proxy statement.

**YOUR VOTE IS VERY IMPORTANT. Whether or not you plan to attend the Special Meeting, we urge you to vote so we can be assured of having the presence of a quorum at the meeting. Please mark your vote on the enclosed proxy card, sign and date the proxy card and return it promptly in the enclosed postage-prepaid envelope. If you attend the Special Meeting, you may vote in person if you wish, even if you previously returned your proxy card. If you hold your shares through an account with a broker, bank or other custodian, please follow the instructions you receive from them to vote your shares.**

Sincerely,

H. Stewart Parker  
*President and Chief Executive Officer*

**NOTICE OF SPECIAL MEETING OF SHAREHOLDERS**

---

A Special Meeting of Shareholders of Targeted Genetics Corporation will be held on Friday, January 11, 2008, at 8:30 a.m. local time, at the Company's offices, 1100 Olive Way, Suite 100, Seattle, Washington, for the following purposes, as more fully described in the proxy statement accompanying this notice:

- To approve an increase in the number of authorized shares of common stock of the Company from 30,000,000 shares to 45,000,000 shares;
- To approve an increase in the number of authorized shares of preferred stock of the Company from 600,000 shares to 10,000,000 shares; and
- To transact such other business as may properly come before the Special Meeting and any adjournments or postponements thereof.

Our Board of Directors has fixed the close of business on November 20, 2007 as the record date for the Special Meeting. Only holders of record of our common stock on the record date are entitled to notice of and to vote at the Special Meeting and any adjournments or postponements thereof.

**Your vote is very important.** Whether or not you plan to attend the Special Meeting, to ensure your representation and to ensure the presence of a quorum, you should complete, sign, date and return the enclosed proxy card as promptly as possible in the enclosed postage-prepaid envelope.

The approximate date of mailing of this proxy statement and the accompanying proxy card is December 4, 2007.

By order of the Board of Directors,

David J. Poston

**PROXY STATEMENT**  
**FOR**  
**SPECIAL MEETING OF SHAREHOLDERS**

---

**This proxy statement is being furnished to holders of shares of common stock of Targeted Genetics Corporation, a Washington corporation, in connection with the solicitation of proxies by our Board of Directors for use at our Special Meeting of Shareholders, or Special Meeting, and at any adjournments or postponements thereof. We will hold the Special Meeting on Friday, January 11, 2008 at the Company's offices, 1100 Olive Way, Suite 100, Seattle, Washington, at 8:30 a.m. local time. This proxy statement and the accompanying proxy card are first being mailed to shareholders entitled to vote at the Special Meeting on or about December 4, 2007.**

**GENERAL INFORMATION**

**What is the purpose of the Special Meeting?**

There are two proposals to be considered and voted upon at the Special Meeting:

- Proposal One: Approval of an amendment to our Amended and Restated Articles of Incorporation, as amended, or the Restated Articles, to increase the number of authorized shares of common stock from 30,000,000 shares to 45,000,000 shares.
- Proposal Two: Approval of an amendment to our Restated Articles to increase the number of authorized shares of preferred stock from 600,000 shares to 10,000,000 shares.

We will also consider any other business as may properly come before the Special Meeting and any adjournments or postponements thereof.

**Who is entitled to vote at the Special Meeting?**

We have one class of voting securities outstanding, which is designated as common stock, and each share of common stock is entitled to one vote. You may vote all shares of our common stock that you owned at the close of business on November 20, 2007, the record date. As of the record date, 19,814,161 shares of our common stock were outstanding and entitled to vote at the Special Meeting.

**What constitutes a quorum?**

The presence, in person or by proxy, of the holders of a majority of the shares of our common stock entitled to vote at the Special Meeting constitutes a quorum for the transaction of business.

**What are the voting requirements to approve the proposals?**

The affirmative vote of the holders of shares representing a majority of our outstanding shares of common stock is required to approve each of the proposed amendments to our Restated Articles.

**What is the effect of not voting?**

If you are the holder of record and do not attend the Special Meeting or return a valid proxy, your shares will not be represented at the Special Meeting and will not count toward the quorum requirement. In addition, your unvoted shares will have the effect of a vote against each of the proposals because approval of each of the proposals requires the affirmative vote of the holders of shares representing a majority of our outstanding common stock.

If you own shares in street name (such as through a broker, bank or other custodian), your custodian may represent your shares at the Special Meeting for the purposes of obtaining a quorum. Your shares, however, will not be voted at the Special Meeting if you do not give your custodian specific instructions on how to vote, and your unvoted shares will have the effect of a vote against each of the proposals.

**How are votes withheld and abstentions treated?**

Shares of our common stock subject to abstentions are treated as present at the Special Meeting and will therefore be counted toward establishing the presence of a quorum. Abstentions are not treated as votes cast, however, so abstentions will have the same effect as a vote against each of the proposals.

**How are the votes counted?**

Shares of common stock represented by properly executed proxies that we receive at or before the Special Meeting that have not been revoked will be voted at the Special Meeting in accordance with the instructions contained on the proxy card. Proxies and ballots will be received and tabulated by Broadridge Financial Solutions, Inc., the inspector of elections for the Special Meeting. Shares of common stock represented by properly executed proxy cards for which no instruction is given will be voted “for” approval of each of the amendments to our Restated Articles.

To ensure that your shares are voted, please complete, sign, date and return promptly the enclosed proxy card in the postage-prepaid envelope we have provided.

**Can I change my vote after I have delivered my proxy?**

If you are a registered shareholder, you may revoke a proxy at any time before its exercise by voting in person at the Special Meeting or by delivering written notice of revocation to our chief financial officer at any time prior to the Special Meeting. If your shares are held in street name, you must contact your broker, bank or other custodian to obtain a proxy to vote your shares if you wish to cast your vote in person at the Special Meeting or to change your vote. If the Special Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Special Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Special Meeting (except for any proxies that have at that time effectively been revoked or withdrawn), even if the proxies had been effectively voted on the same or any other matter at a previous meeting.

**Who pays the cost of soliciting votes for the Special Meeting?**

We will bear the cost of soliciting proxies from our shareholders. In addition to solicitation by mail, our directors, officers and employees may solicit proxies by telephone, facsimile, e-mail, in person or otherwise. We will not additionally compensate our directors, officers and employees for this solicitation

but will reimburse them for the out-of-pocket expenses that they incur. We will reimburse persons who hold our common stock of record but not beneficially, such as brokerage firms, nominees, fiduciaries and other custodians, for the reasonable expenses they incur in forwarding solicitation materials to, and requesting authority for the exercise of proxies from, the persons for whom they hold the shares. In addition, we have retained Mellon Investor Services, 480 Washington Blvd., 27<sup>th</sup> Floor, Jersey City, New Jersey 07310 to aid in the solicitation of proxies by mail, telephone, e-mail and personal solicitation. For these services, we will pay Mellon Investor Services a fee of \$8,000 plus expenses.

**What is the recommendation of the Board of Directors?**

The Board of Directors recommends that you vote FOR approval of both of the proposed amendments to our Restated Articles.

---

**PROPOSAL ONE**

**AMENDMENT TO OUR RESTATED ARTICLES  
TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK**

Our Board of Directors has approved, and recommends that our shareholders approve, an amendment to our Restated Articles in substantially the form attached to this proxy statement as Annex A. The current number of authorized shares of common stock of the Company is 30,000,000 shares. This proposed amendment would increase the number of authorized shares of our common stock to 45,000,000 shares. If approved by our shareholders, the amendment will become effective upon its filing with the Secretary of State of Washington.

As of the record date, 19,814,161 shares of our common stock were outstanding. As of the record date, we had reserved an aggregate of 2,187,485 shares of our common stock for (a) future issuance upon the exercise of options outstanding under our stock option plans, and (b) the exercise of options that may be granted under our stock option plans. In addition, we had reserved 7,913,901 shares issuable upon the exercise of outstanding warrants. As of the record date, the number of authorized shares of our common stock available for future issuance was 84,453 shares. As a result of the increase in authorized shares of our common stock to be effected by this proposed amendment, the number of authorized shares of our common stock available for future issuance would be 15,084,453 shares.

We propose to increase the number of authorized shares of our common stock by 15,000,000 to enable us to consider potential future issuances of stock that may be desirable or necessary to accommodate our business plan. We may use the additional shares to fund our continuing operations by raising additional capital through future issuances of common stock or securities convertible into common stock. We may also issue additional shares of common stock in connection with the acquisition of complementary businesses or technologies, in connection with providing grants of options to our employees or for other general corporate purposes. Except for (a) options outstanding under our stock option plans, (b) warrants issued in 1999 to Alkermes, Inc. in connection with a technology license agreement, (c) warrants issued in connection with our January 2007 private placement, and (d) warrants issued in connection with our June 2007 private placement, which collectively total 9,225,656 issuable shares as of the record date, we currently do not have any definitive and present plans, commitments or understandings that would require the issuance of additional shares of common stock.

Once authorized, the additional shares of common stock may be issued upon the approval of our Board of Directors but without further approval of our shareholders, unless shareholder approval is required under any applicable law or rule of any securities market on which our securities are traded. The additional shares of common stock would have rights identical to those of our currently outstanding common stock. The proposed increase in the number of shares of

authorized common stock, and any future issuance of the

-3-

---

additional shares, will not affect the rights of our current holders of common stock, except for effects that are incidental to the increase, such as dilution that would result from any future issuance of the additional authorized shares of common stock. The holders of our common stock are not entitled to preemptive rights with respect to the issuance of additional shares of common stock or securities convertible into or exercisable for common stock.

The increase in the number of authorized shares of common stock and the subsequent issuance of all or a portion of those shares could have the effect of delaying or preventing a change of control without further action by the shareholders. Subject to applicable law and stock exchange requirements, we could issue shares of authorized and unissued common stock in one or more transactions that would make a change of control more difficult and therefore less likely. Any issuance of additional shares could have the effect of diluting the stock ownership and voting rights of an entity seeking to obtain control of Targeted Genetics.

The amendment in Annex A has been drafted assuming only this proposal is approved by the shareholders. If both Proposal One and Proposal Two are approved by the shareholders, the amendment that will be filed with the Washington Secretary of State will incorporate both amendments.

Approval of this amendment requires the affirmative vote of a majority of the outstanding shares of common stock. Abstentions and broker non-votes will have the same effect as votes against this proposal.

Our Board of Directors believes that approval of this amendment is in the best interest of our shareholders and that this amendment is necessary to provide us with the flexibility to pursue additional capital financing opportunities and licensing and other strategic transactions, to provide grants of options to our employees and to meet our general corporate needs. If this amendment is not approved, we will have insufficient shares of common stock authorized to complete these types of transactions in the future and to carry out our business plan.

**The Board of Directors recommends that you vote  
FOR Proposal One.**

---

**PROPOSAL TWO**

**AMENDMENT TO OUR RESTATED ARTICLES  
TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF PREFERRED STOCK**

Our Board of Directors has approved, and recommends that our shareholders approve, an amendment to our Restated Articles in substantially the form attached to this proxy statement as Annex B. The current number of authorized shares of preferred stock of the Company is 600,000 shares and, as of the record date, no shares of our preferred stock were outstanding. The proposed amendment would increase the number of authorized shares of preferred stock of the Company to 10,000,000 shares. If approved by our shareholders, the amendment will become effective upon its filing with the Secretary of State of Washington.

We propose to increase the number of authorized shares of our preferred stock to 10,000,000 to enable us to consider potential future issuances of stock that may be desirable or necessary to accommodate our business plan. Preferred stock gives our Board of Directors more flexibility in structuring the equity of the Company because they can control the designations, powers, preferences and relative, participating, optional or other rights and the qualifications, limitations or restrictions of the class or series issued. We may use the additional shares to fund our continuing operations by raising additional capital through future issuances of securities. We may also issue additional shares of preferred stock in connection with the acquisition of complementary businesses or technologies or for other general corporate purposes.

Once authorized, the additional shares of preferred stock may be issued upon the approval of our Board of Directors but without further approval of our shareholders, unless shareholder approval is required under any applicable law or rule of any securities market on which our securities are traded. Our Board of Directors will have the same powers with respect to the additional shares of preferred stock to be authorized as with the currently authorized preferred stock. The Board of Directors is empowered to authorize, by resolution or resolutions from time to time the issuance of one or more classes or series of preferred stock and to fix the designations, powers, preferences and relative, participating, optional or other rights, if any, including those superior to existing classes of stock, and the qualifications, limitations or restrictions thereof, if any, with respect to each such class or series of preferred stock and the number of shares constituting each such class or series, and to increase or decrease the number of shares of any such class or series to the extent permitted by the Washington Business Corporations Act, as amended from time to time. The issuance of such additional authorized shares of preferred stock could affect the voting rights of our current shareholders because there could be an increase in the number of outstanding shares entitled to vote on corporate matters, including the election of directors, if and when such shares of preferred stock are issued in the future and if such preferred shares are given voting rights. Such additional issuance could also result in dilution of the share holdings of existing shareholders. The holders of our preferred stock would not be entitled to preemptive rights with respect to the issuance of additional shares of our common stock or securities convertible into or exercisable for our common stock.

The increase in the number of authorized shares of preferred stock and the subsequent issuance of all or a portion of those shares could have the effect of delaying or preventing a change of control without further action by the shareholders. Subject to applicable law and stock exchange requirements, we could issue shares of authorized and unissued preferred stock in one or more transactions that would make a change of control more difficult and therefore less likely. Any issuance of additional shares could have the effect of diluting the stock ownership and voting rights of an entity seeking to obtain control of Targeted Genetics. We currently do not have any definitive and present plans, commitments or understandings that would require the issuance of additional shares of preferred stock.

The amendment in Annex B has been drafted assuming only this proposal is approved by the shareholders. If both Proposal One and Proposal Two are approved by the shareholders, the amendment that will be filed with the Washington Secretary of State will incorporate both amendments.

Approval of this amendment requires the affirmative vote of a majority of the outstanding shares of common stock. Abstentions and broker non-votes will have the same effect as votes against this proposal.

Our Board of Directors believes that approval of this amendment is in the best interest of our shareholders and that this amendment is necessary to provide us with the flexibility to pursue additional capital financing opportunities and licensing and other strategic transactions. If this amendment is not approved, we may have insufficient shares of preferred stock authorized to complete these types of transactions in the future and to carry out our business plan.

**The Board of Directors recommends that you vote  
FOR Proposal Two.**

## SECURITY OWNERSHIP

The following table provides information with respect to the beneficial ownership of shares of our common stock outstanding as of November 2, 2007 by:

· each person that we know beneficially owns 5% or more of our common stock;

·  
each of our directors;

-5-

---

each executive officer named in the Summary Compensation Table in our Proxy Statement filed on April 2, 2007;  
and

all of our directors and executive officers as a group as of November 2, 2007.

The percentage ownership data is based on 19,814,161 shares of our common stock outstanding as of November 2, 2007. Under the rules of the Securities and Exchange Commission, or SEC, beneficial ownership includes shares over which the indicated beneficial owner exercises voting and/or investment power. Shares of common stock subject to options or warrants that are currently exercisable or will become exercisable within 60 days are deemed outstanding for the purpose of computing the percentage ownership of the person holding the option or warrant, but are not deemed outstanding for the purpose of computing the percentage ownership of any other person. Except as otherwise noted, we believe that the beneficial owners of the shares of common stock listed below have sole voting and investment power with respect to all shares beneficially owned, subject to applicable community property laws.

### OTHER BUSINESS

Under the laws of the state of Washington, where Targeted Genetics is incorporated, no business other than matters within the purpose described in this proxy statement may be raised at a special meeting unless proper notice to the shareholders has been given. As of the date of this proxy statement, we do not intend to present any business at the Special Meeting other than matters described in this proxy statement and we are not aware that any other person intends to present business at the Special Meeting. If, however, other business requiring the vote of the shareholders properly comes before the Special Meeting, and any adjournments or postponements thereof, in compliance with the

laws of the state of Washington, the persons named on the accompanying proxy card will have discretionary authority to vote the proxies held by them in accordance with their judgment as to those matters.

**SHAREHOLDER PROPOSALS FOR THE 2008 ANNUAL MEETING**

Under the SEC's proxy rules and the applicable provisions of our bylaws, shareholder proposals (including nominations for the election of directors) that meet specified conditions may be included in our proxy statement and form of proxy card for, and may be presented at, the 2008 Annual Meeting of shareholders. Shareholders who intend to present a proposal at our 2008 Annual Meeting of shareholders must give us notice of the proposal no later than December 18, 2007 for the proposal to be considered for inclusion in the proxy statement and form of proxy card for that meeting. Shareholders who intend to present a proposal that will not be included in the proxy materials must give us notice of the proposal at least 60 days but no more than 90 days before the date of the 2008 Annual Meeting of shareholders. If notice or public disclosure of the date of the 2008 Annual Meeting of shareholders is given or made to the shareholders less than 60 days before the date of the 2008 Annual Meeting of shareholders, we must receive notice of the proposal not later than the tenth day following the day on which such notice of the 2008 Annual Meeting of shareholders was mailed or such public disclosure was made. Because there are other requirements in the proxy rules, however, our timely receipt of any such proposal by a qualified shareholder will guarantee neither the proposal's inclusion in our proxy materials for, nor presentation of the proposal at, the 2008 Annual Meeting.
