**Other Events.**

ICO Global Communications (Holdings) Limited (ICO) (NASDAQ: ICOG) today was awarded at least \$371 million in its litigation with The Boeing Company and Boeing Satellite Systems International (Boeing and BSSI). The jury's verdict awards ICO \$371 million against BSSI, composed of \$279 million for breach of contract and fraud with regard to satellite pricing and \$91.6 million for fraud with regard to launches. The jury also awarded ICO \$91.6 million against BSSI's parent company, Boeing, for tortious interference. Whether ICO can collect \$91.6 million from Boeing in addition to the \$371 million from BSSI will be the subject of further proceedings. The award does not include any pre-judgment interest that is to be applied by the Judge under California law. In view of the jury's finding that BSSI and Boeing acted against ICO with malice, oppression or fraud, beginning on Tuesday, October 28, the jury will hear evidence and argument to determine the amount, if any, of punitive damages to be awarded to ICO.

The award is subject to the risks of post-trial motions, appeal and collection.

On October 21, 2008, the Company issued a press release addressing the verdict. The full text of the press release is attached hereto as Exhibit 99.1 and incorporated by reference herein.
