MDC PARTNERS INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(thousands of United States dollars, unless otherwise stated)

1. Basis of Presentation

MDC Partners Inc. (the “Company”) has prepared the unaudited condensed consolidated interim financial statements included herein pursuant to the rules and regulations of the United States Securities and Exchange Commission (the “SEC”). Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles (“GAAP”) of the United States of America (“US GAAP”) have been condensed or omitted pursuant to these rules.

The accompanying financial statements reflect all adjustments, consisting of normally recurring accruals, which in the opinion of management are necessary for a fair presentation, in all material respects, of the information contained therein. Results of operations for interim periods are not necessarily indicative of annual results.

These statements should be read in conjunction with the consolidated financial statements and related notes included in the Annual Report on Form 10-K for the year ended December 31, 2008.

Effective December 2008, three of the Company’s operating subsidiaries, Clifford/Bratskeir Public Relations, LLC, Ito Partners, LLC and Mobium Creative Group (a division of Colle + McVoy) have been deemed discontinued operations. All periods have been restated to reflect these discontinued operations.

In accordance with the adoption of FAS 160 (See Note 13), Noncontrolling Interests (formerly minority interests) have been reclassified in the prior periods to conform with the current period presentation.

2. Significant Accounting Policies

The Company’s significant accounting policies are summarized as follows:

Principles of Consolidation. The accompanying condensed consolidated financial statements include the accounts of MDC Partners Inc. and its domestic and international controlled subsidiaries that are not considered variable interest entities, and variable interest entities for which the Company is the primary beneficiary. Intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates. The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities including goodwill, intangible assets, valuation allowances for receivables and deferred tax assets, and the reported amounts of revenue and expenses during the reporting period. The estimates are evaluated on an ongoing basis and estimates are based on historical experience, current conditions and various other assumptions believed to be reasonable under the circumstances. Actual results could differ from those estimates.

Fair Value Measurements. The Company adopted Financial Accounting Standards Board (“FASB”) Statement No. 157 “Fair Value Measurements” related to nonfinancial assets and nonfinancial liabilities effective January 1, 2009. This statement defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements. This statement will apply whenever another standard requires (or permits) assets or liabilities to be measured at fair value. The standard does not expand the use of fair value to any new circumstances. The effect of adopting this pronouncement did not have a material impact on the Company’s financial position or results of operations.

Concentration of Credit Risk. The Company provides marketing communications services to clients who operate in most industry sectors. Credit is granted to qualified clients in the ordinary course of business. Due to the diversified nature of the Company's client base, the Company does not believe that it is exposed to a concentration of credit risk; however, one client accounted for approximately 12% and 17% of the Company's consolidated accounts receivable at March 31, 2009 and December 31, 2008, respectively. This client also accounted for 19% and 20% of revenue for the three months ended March 31, 2009 and March 31, 2008, respectively.

Cash and Cash Equivalents. The Company's cash equivalents are primarily comprised of investments in overnight interest-bearing deposits, commercial paper and money market instruments and other short-term investments with original maturity dates of three months or less at the time of purchase. The Company has a concentration risk in that there are cash deposits in excess of federally insured amounts. Included in cash and cash equivalents at March 31, 2009 and December 31, 2008, is approximately \$44 and \$51, respectively, of cash restricted as to its use by the Company.

Redeemable Noncontrolling Interests. In accordance with EITF Topic No. D-98 "Classification and Measurement of Redeemable Securities", ("D-98"), the Company has recorded its put options at their current estimated redemption amounts. D-98 requires that these obligations be recorded as mezzanine equity. Changes in the estimated redemption amounts of the noncontrolling interests subject to put options are adjusted at each reporting period with a corresponding adjustment to equity. These adjustments will not impact the calculation of earnings per share. At December 31, 2008, the Company has reclassified \$21,751 of the originally reflected minority interest of \$22,622 to redeemable noncontrolling interests and \$871 to noncontrolling interests. The amount reclassified to redeemable noncontrolling interests of \$21,751 represents minority interest equity which are subject to put obligations. In addition, the Company recorded \$37,849 to redeemable noncontrolling interests which represents the estimated put option redemption amounts.

Revenue Recognition. The Company's revenue recognition policies are in compliance with the SEC Staff Accounting Bulletin 104, "Revenue Recognition" ("SAB 104"), and accordingly, revenue is generally recognized as services are provided or upon delivery of the products when ownership and risk of loss has transferred to the customer, the selling price is fixed or determinable and collection of the resulting receivable is reasonably assured.

In November 2002, EITF Issue No. 00-21, "Revenue Arrangements with Multiple Deliverables" ("EITF 00-21") was issued. EITF 00-21 addresses certain aspects of the accounting by a vendor for arrangements under which it will perform multiple revenue-generating activities and how to determine whether an arrangement involving multiple deliverables contains more than one unit of accounting. EITF 00-21 is effective for revenue arrangements entered into in fiscal periods beginning after June 15, 2003. Also, in July 2000, the EITF of the Financial Accounting Standards Board released Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent" ("EITF 99-19"). This Issue summarized the EITF's views on when revenue should be recorded at the gross amount billed because it has earned revenue from the sale of goods or services, or the net amount retained because it has earned a fee or commission. The Company also follows EITF No. 01-14, "Income Statement Characterization of Reimbursements Received for Out-Of-Pocket Expenses". This issue summarized the EITF's views that reimbursements received for out-of-pocket expenses incurred should be characterized in the income statement as revenue. Accordingly, the Company has included in revenue such reimbursed expenses.

The Company earns revenue from agency arrangements in the form of retainer fees or commissions; from short-term project arrangements in the form of fixed fees or per diem fees for services; and from incentives or bonuses.

Non refundable retainer fees are generally recognized on a straight line basis over the term of the specific customer contract. Commission revenue is earned and recognized upon the placement of advertisements in various media when the Company has no further performance obligations. Fixed fees for services are recognized upon completion of the earnings process and acceptance by the client. Per diem fees are recognized upon the performance of the Company's services. In addition, for certain service transactions, which require delivery of a number of service acts, the Company uses the Proportional Performance model, which generally results in revenue being recognized based on the straight-line method due to the acts being non-similar and there being insufficient evidence of fair value for each service provided.

Fees billed to clients in excess of fees recognized as revenue are classified as Advanced Billings.

A small portion of the Company's contractual arrangements with customers includes performance incentive provisions, which allows the Company to earn additional revenues as a result of its performance relative to both quantitative and qualitative goals. The Company recognizes the incentive portion of revenue under these arrangements when specific quantitative goals are achieved, or when the company's clients determine performance against qualitative goals has been achieved. In all circumstances, revenue is only recognized when collection is reasonably assured. The Company records revenue net of sales and other taxes due to be collected and remitted to governmental authorities.

Stock-Based Compensation. The fair value method is applied to all awards granted, modified or settled on or after January 1, 2003. Under the fair value method, compensation cost is measured at fair value at the date of grant and is expensed over the service period that is the award's vesting period. When awards are exercised, share capital is credited by the sum of the consideration paid together with the related portion previously credited to additional paid-in capital when compensation costs were charged against income or acquisition consideration. The Company uses its historical volatility derived over the expected term of the award, to determine the volatility factor used in determining the fair value of the award. The Company uses the "simplified" method to determine the term of the award.

Stock-based awards that are settled in cash or equity at the option of the Company are recorded at fair value on the date of grant and recorded as additional paid-in capital. The fair value measurement of the compensation cost for these awards is derived using the Black-Scholes option pricing model and is recorded in operating income over the service period, which is the vesting period of the award.

It is the Company's policy for issuing shares upon the exercise of an equity incentive award to verify the amount of shares to be issued, as well as the amount of proceeds to be collected (if any) and delivery of new shares to the exercising party.

The Company has adopted the straight-line attribution method for determining the compensation cost to be recorded during each accounting period. However, awards based on performance conditions are recorded as compensation expense when the performance conditions are expected to be met.

In February and March 2009, the Company issued 3,694,686 Stock Appreciation Rights ("SARs") to its employees and directors. The SARs have an exercise price of \$3.72 and one-third will vest on each of the anniversary dates of grant in 2010, 2011 and 2012. The Company will be recording a non-cash stock based compensation charge of \$4,311 from the date of grant through 2012 for these SARs awards.

For the three months ended March 31, 2009, the Company has recorded a \$270 charge relating to these equity incentive grants. The value of the awards was determined based on the fair market value of the underlying award using the Black-Scholes Option Pricing Model. The weighted average fair value of the awards was \$1.17, based on a volatility range of 39.84% to 41.06%, risk free interest range of 1.76% to 1.82%, no dividends and an expected life range of 3 to 4 years.

A total of 616,632 Class A shares of restricted stock, granted to employees as equity incentive awards, are included in the Company's calculation of Class A shares outstanding as of March 31, 2009.

3. Income (loss) Per Common Share

The following table sets forth the computation of basic and diluted loss per common share from continuing operations.

	Three Months Ended March 31,	
	2009	2008
Numerator		
Numerator for basic income per common share – income from continuing operations	\$ 663	\$ 1,767

Denominator		
Denominator for basic income (loss) per common share - weighted average common shares	27,115,751	26,497,163
Effect of dilutive securities	—	—
Denominator for diluted income (loss) per common share - adjusted weighted shares	27,115,751	26,497,163
Basic income (loss) per common share from continuing operations	\$ 0.01	\$ (0.01)
Diluted income (loss) per common share from continuing operations	\$ 0.01	\$ (0.01)

The 8% convertible debentures, options and other rights to purchase 9,067,422 shares of common stock, which includes 616,632 shares of non-vested restricted stock, were outstanding during the three months ended March 31, 2009, but were not included in the computation of diluted income per common share because their effect would be antidilutive because of the market price of the stock at March 31, 2009. During the three months ended March 31, 2008, the 8% convertible debentures, options and other rights to purchase 7,090,359 shares of common stock, which includes 487,624 shares of non-vested restricted stock, were outstanding but were not included in the computation of diluted loss per common share because their effect would be antidilutive.

4. Acquisitions

First Quarter 2009 Acquisitions

Effective January 22, 2009, the Company acquired an additional 8.9% of equity interests in HL Group LLC, thereby increasing MDC's ownership to 64.3%. The purchase price totaled \$1,100 and was paid in cash at closing. Pursuant to the adoption of FAS 141R and FAS 160 (Note 13), the Company recorded an entry to reduce Redeemable Noncontrolling Interests, as this purchase was pursuant to the early exercise of an existing put/call option. Accordingly, no additional intangibles have been recorded. However, the amount of the purchase price will be tax deductible.

2008 Acquisitions

Effective December 31, 2008, the Company acquired an additional 6.3% of equity interests in Accent Marketing LLC, increasing the Company's ownership to 100%. The aggregate purchase price totaled \$4,830 and was paid in cash of \$995 at closing and repayment of outstanding loans of \$1,830. The balance aggregate of \$2,005 will be paid in 2009 and has been recorded in deferred acquisition consideration. In addition, an additional contingent performance payment may be paid based on Accent's financial results in 2009. The allocation of the excess purchase consideration of these step acquisitions to the fair value of the net assets acquired resulted in identifiable intangibles of \$1,900

(consisting of customer lists), goodwill of \$365 and a stock based compensation charge of \$2,285, relating to the amount paid in excess of the fair value of the equity purchase. The identified intangibles will be amortized over a seven year period in a manner represented by the pattern in which the economic benefits of the customer contracts/relationships are realized. The intangibles, goodwill and stock based compensation charge are tax deductible.

Effective December 1, 2008, the Company acquired an additional 3% of equity interests in Source Marketing LLC, increasing the Company's ownership to 83%. The purchase price totaled \$1,286 and was paid in cash less \$42 of outstanding loans. The allocation of the excess purchase consideration of this step acquisition to the fair value of the net assets acquired resulted in identifiable intangibles of \$300 (consisting of customer lists), goodwill of \$504 and a stock based compensation charge of \$524, relating to the amount paid in excess of the fair value of the equity purchase. The identified intangibles will be amortized over a five year period in a manner represented by the pattern in which the economic benefits of the customer contracts/relationships are realized. The intangibles, goodwill and stock based compensation charge are tax deductible.

On November 24, 2008, the Company agreed to make an early payment to KBP Management Partners LLC of the contingent payment originally due in 2009 pursuant to the purchase agreement entered into in November 2007. The additional payment totaled \$16,005, of which \$14,124 was paid in cash in November 2008 and \$1,881 was paid in 2009. This additional payment was accounted for as additional goodwill. In addition, pursuant to an existing phantom stock arrangement a stock based compensation charge of \$3,548 has been recorded for amounts paid to the phantom equity holders. The goodwill is tax deductible.

Effective November 10, 2008, the Company acquired an additional 17% of equity interests in Crispin Porter & Bogusky LLC ("CPB"), increasing the Company's ownership to 94%. The purchase price totaled \$6,823 plus a contingent payment in April of 2010 based on the financial performance of 2009. This contingent payment will be calculated in accordance with CPB's existing limited liability company agreement. The consideration was paid in cash of \$6,430 and the issuance of 105,000 newly-issued shares of the Company's Class A subordinated voting stock valued at \$393. For accounting purposes, the value of the Company's Class A shares issued as consideration was calculated based on the price of the Company's Class A shares over a period of two days before and after the November 10, 2008 announcement date. This acquisition represented an accelerated exercise of the Company's existing call option that was otherwise exercisable in April 2010. The allocation of the excess purchase consideration of this acquisition to the fair value of the net assets acquired resulted in \$5,008 being allocated to identifiable intangibles, existing backlog. This intangible will be amortized over 14.5 month period. This intangible is tax deductible.

Effective October 10, 2008, MDC acquired an additional 8.56% of Zig Inc and an additional 13.17% of an affiliate of Zig Inc for cash of \$1,320. These transactions increased the Company's equity ownership in Zig Inc to 74.07%. The allocation of the excess purchase consideration of these step acquisitions to the fair value of the net assets acquired resulted in identifiable intangibles of \$176 (consisting of customer lists and existing backlog) and goodwill of \$1,196. The identified intangibles will be amortized over 30 months in a manner represented by the pattern in which the economic benefits of the customer contracts/relationships are realized. The tax deductible portion of these transactions amounts to \$253.

On June 16, 2008, CPB, acquired certain assets and assumed certain liabilities of Texture Media, Inc. Texture Media is a digital agency specializing in website development, and is based in Boulder, Colorado with approximately 50 employees. The purchase price consisted of \$2,500 in cash and a non-contingent cash payment of \$1,040 in one year, which is included in deferred acquisition consideration. The allocation of the excess purchase consideration of this acquisition to the fair value of the net assets acquired resulted in identifiable intangibles of \$150 (consisting of customer lists and covenants not to compete) and goodwill of \$3,111. The identified intangibles will be amortized up to a two year period in a manner represented by the pattern in which the economic benefits of the customer contracts/relationship are realized. The intangibles and goodwill are tax deductible.

On February 12, 2008, the Company's Bratskeir subsidiary purchased the net assets of Clifford PR for \$2,050 in cash and the issuance of 30,444 newly issued shares of the Company's Class A stock valued at \$249, plus a 10% membership interest in Clifford/Bratskeir. For accounting purposes, the value of the Company's Class A shares issued as consideration was calculated based on the price of the Company's Class A shares on the date of the acquisition. The accounting value of the 10% membership interest in Clifford/Bratskeir was valued at \$400. The allocation of the excess purchase consideration of this acquisition to the fair value of the net assets acquired resulted in identifiable intangibles of \$1,031 (consisting of customer lists, backlog and covenants not to compete) and goodwill of \$1,432. The identified intangibles will be amortized over a period of up to five years in a manner represented by the pattern in which the economic benefits of the customer contracts/relationship are realized. Effective December 31, 2008, the Company transferred the ownership of the Clifford PR assets to HL Group Partners, LLC. As part of this transfer, the Company issued 45,000 Class A Shares valued at \$137 which have been recorded as stock based compensation expense. In connection with that transaction, the Company purchased the 10% membership interest in Clifford/Bratskeir for \$400 less an adjustment for working capital of \$88. This net amount will be paid over a three-year period and is included in deferred acquisition consideration. The intangibles and goodwill are tax

deductible.

In January 2008, the Company's 62% owned subsidiary, Zyman Group, purchased certain assets of Core Strategy Group and DMG Inc. The aggregate purchase price paid at closing consisted of \$1,000 paid in cash and the issuance of 126,478 newly issued shares of the Company's Class A stock valued at \$1,110. In addition, the principals of Core Strategy Group and DMG received 1,000,000 newly-issued Restricted Class C units of Zyman Group, which will entitle them to a profit interest of 15% of Zyman Group's pre-tax income in excess of a specified threshold amount. For accounting purposes, the value of the Company's Class A shares issued as consideration was calculated based on the price of the Company's Class A share on the date of the acquisitions. The accounting value of the Restricted Class C units of Zyman Group was determined based on a Black-Scholes value of \$1,001. The allocation of the excess purchase consideration of these acquisitions to the fair value of the net assets acquired resulted in identifiable intangibles of \$497 (consisting of customer lists and covenants not to compete) and goodwill of \$2,626. The identified intangibles will be amortized up to a five year period in a manner represented by the pattern in which the economic benefits of the customer contracts/relationship are realized. The intangibles and goodwill are tax deductible.

Throughout 2008, the Company completed 16 equity acquisitions with various shareholders of Allard Johnson Communications Inc. ("Allard"). The aggregate purchase price for the 16 transactions was cash equal to \$3,442. These transactions increased the Company's equity ownership in Allard to 75.06%, an increase of 14.8%. The allocation of the excess purchase consideration of these step acquisitions to the fair value of the net assets acquired resulted in identifiable intangibles of \$247 (consisting of customer lists and existing backlog), goodwill of \$2,752 and a stock based compensation charge of \$467, relating to amounts paid in excess of the fair value of the equity purchased. The identified intangibles will be amortized over a five year period in a manner represented by the pattern in which the economic benefits of the customer contracts/relationship are realized. The intangible and goodwill are not tax deductible.

MDC Financing Agreement and Debentures

Financing Agreement

On June 18, 2007, MDC Partners Inc. (the "Company") and its material subsidiaries entered into a \$185,000 senior secured financing agreement (the "Financing Agreement") with Fortress Credit, an affiliate of Fortress Investment Group, as collateral agent and Wells Fargo Bank, as administrative agent, and a syndicate of lenders. Proceeds from

the Financing Agreement were used to repay in full the outstanding balances on the Company's prior credit facility, which was terminated.

The Financing Agreement consists of a \$55,000 revolving credit facility, a \$60,000 term loan and a \$70,000 delayed draw term loan. Borrowings under the Financing Agreement will bear interest as follows: (a) LIBOR Rate Loans bear interest at applicable interbank rates and Reference Rate Loans bear interest at the rate of interest publicly announced by the Reference Bank in New York, New York, plus (b) a percentage spread ranging from 0% to a maximum of 4.75% depending on the type of loan and the Company's Senior Leverage Ratio. In addition, the Company is required to pay a facility fee of 50 basis points. At March 31, 2009, the weighted average interest rate was 6.87%.

At March 31, 2009, \$30,810 remains available under the Financing Agreement to support the Company's future cash requirements. The Company's obligations under the Financing Agreement are guaranteed by the material subsidiaries of the Company. The Financing Agreement matures on June 17, 2012, and is subject to various covenants, including a senior leverage ratio, fixed charges ratio, limitations on debt incurrence, limitation on liens and limitation on dividends and other payments.

The Company is currently in compliance with all of the terms and conditions of its Financing Agreement, and management believes, based on its current financial projections, that the Company will be in compliance with all covenants under the Financing Agreement over the next twelve months.

8% Convertible Unsecured Subordinated Debentures

On June 28, 2005, the Company completed an offering in Canada of convertible unsecured subordinated debentures amounting to \$36,723 (C\$45,000) (the "Debentures"). The Debentures will mature on June 30, 2010. The Debentures bear interest at an annual rate of 8.00% payable semi-annually, in arrears, on June 30 and December 31 of each year, commencing December 31, 2005. Unless an event of default has occurred and is continuing, the Company may elect, from time to time, subject to applicable regulatory approval, to issue and deliver Class A subordinate voting shares to the Debenture trustee in order to raise funds to satisfy all or any part of the Company's obligations to pay interest on the Debentures in accordance with the indenture in which holders of the Debentures will be entitled to receive a cash payment equal to the interest payable from the proceeds of the sale of such Class A subordinate voting shares by the Debenture trustee.

The Debentures are convertible at the holder's option into fully-paid, non-assessable and freely tradable Class A subordinate voting shares of the Company, at any time prior to maturity or redemption, subject to the restrictions on transfer, at a conversion price of \$11.10 (C\$14.00) per Class A subordinate voting share being a ratio of approximately 71.4286 Class A subordinate voting shares per \$792.83 (C\$1,000.00) principal amount of Debentures.

Prior to June 30, 2009, the Debentures may be redeemed, in whole or in part from time to time, at a price equal to the principal amount of the Debenture plus accrued and unpaid interest, provided that the volume weighted average trading price of the Class A subordinate voting shares on the Toronto Stock Exchange during a specified period is not less than 125% of the conversion price. From July 1, 2009 until the maturity of the Debentures, the Debentures may be redeemed by the Company at a price equal to the principal amount of the Debenture plus accrued and unpaid interest, if any. The Company may elect to satisfy the redemption consideration, in whole or in part, by issuing Class A subordinate voting shares of the Company to the holders, the number of which will be determined by dividing the principal amount of the Debenture by 95% of the current market price of the Class A subordinate voting shares on the redemption date. Upon the occurrence of a change of control on or after June 30, 2008, the Company shall be required to make an offer to purchase all of the then outstanding Debentures at a price equal to 100% of the principal amount of the Debentures plus accrued and unpaid interest to the purchase date.

11. Segmented Information

The Company reports in three segments plus corporate. The segments are as follows:

- The Strategic Marketing Services ("SMS") segment consists of integrated marketing consulting services firms that offer a complement of marketing consulting services including advertising and media, marketing communications including direct marketing, public relations, corporate communications, market research, corporate identity and branding, interactive marketing and sales promotion. Each of the entities within SMS share similar economic characteristics, specifically related to the nature of their respective services, the manner in which the services are provided and the similarity of their respective customers. Due to the similarities in these businesses, they exhibit similar long term financial performance and have been aggregated together.
- The Customer Relationship Management ("CRM") segment provides marketing services that interface directly with the consumer of a client's product or service. These services include the design, development and implementation of a complete customer service and direct marketing initiative intended to acquire, retain and develop a client's customer base.
- The Specialized Communication Services ("SCS") segment includes all of the Company's other marketing services firms that are normally engaged to provide a single or a few specific marketing services to regional, national and global clients. These firms provide niche solutions by providing world class expertise in select marketing services.

The significant accounting policies of these segments are the same as those described in the summary of significant accounting policies included in the notes to the consolidated financial statements.

The SCS segment is an “Other” segment pursuant SFAS 131 “Disclosures about Segments of an Enterprise and Related Information”.
