#### OUTSTANDING STOCK AND VOTING RIGHTS

Only holders of the Company's Common Stock at the close of business on May 1, 2009, (the "Record Date") are entitled to receive notice of and to vote at the Annual Meeting. As of the Record Date, the Company had 45,358,375 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote on all matters. There are no cumulative voting rights.

#### VOTING PROCEDURES

The directors will be elected by the affirmative vote of the holders of a plurality of the shares of Common Stock that are present in person or represented by proxy at the Annual Meeting, provided a quorum is present. Therefore, the nominees receiving the greatest number of votes cast at the meeting will be elected as directors of the Company. A quorum is present if, as of the Record Date, at least a majority of the aggregate votes represented by holders of the shares of Common Stock outstanding as of the Record Date are present in person or represented by proxy at the Annual Meeting. All other matters at the Annual Meeting will be decided by the affirmative vote of the holders of a majority of the votes represented by the shares of Common Stock cast with respect thereto, provided a quorum is present.

Votes will be counted and certified by one or more Inspectors of Election who are expected to be an employee of either Continental Stock Transfer & Trust Company, the transfer agent for the Common Stock or a representative of the Company's legal counsel. In accordance with Delaware law, abstentions and "broker non-votes" (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other person entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will have no effect on the election of directors. For purposes of determining approval of any other matter presented at the meeting, abstentions will be deemed present and entitled to vote and will, therefore, have the same legal effect as a vote "against" a matter presented at the meeting. Broker non-votes will be deemed not entitled to vote on the subject matter as to which the non-vote is indicated and will, therefore, have no legal effect on the vote on that particular matter.

Proxies will be voted in accordance with the instructions thereon. Unless otherwise stated, all shares represented by a proxy will be voted as instructed. If a proxy is executed but no instructions as to how to vote are given the persons named as proxies in the accompanying proxy card intend to vote the shares represented in favor of the proposed nominees for director listed below and in favor of the proposal to amend the Company's 2007 Stock Incentive Plan described below.

## PROPOSAL I

None of the charters referred to above is available on our website.

The Audit Committee, among other things, selects the firm to be appointed as the independent registered public accounting firm to audit our financial statements and reviews and discusses the scope and results of each audit with the independent registered public accounting firm and with management. ## COMPENSATION OF DIRECTORS

Compensation of Directors is determined by the Board in conjunction with recommendations made by the Compensation Committee. The following is the 2008 compensation paid to those members of the Board who are not employed by us or any of our subsidiaries and were not employed by us or any of our subsidiaries at any time during 2008, our “Non-Employee Directors”.

### 2008 Non-Employee Director Compensation:

#### Cash Compensation

a) Amounts. For 2008, each Non-Employee Director received an annual retainer of \$18,000 except for the Chairperson of the Board who received an annual retainer of \$35,000. In addition to the \$18,000 retainer, the Chairperson of the Audit Committee received an annual fee of \$7,500 and the Chairperson of the Compensation Committee received an annual fee of \$3,000. Our designated “financial expert” also received an additional annual fee of \$5,000 unless the financial expert is also the Chairperson of the Audit Committee and received the \$7,500 fee for acting as such Chairperson.

Additionally, for each Board or Board Committee meeting attended in person, each Non-Employee Director received \$1,000. For each Board meeting attended telephonically, each Non-Employee Director received \$1,000. For each Board Committee meeting attended telephonically, each Non-Employee Director received \$500.

b) Payment Dates. The Non-Employee Director annual board retainer, Committee Chair retainer and the designated financial expert retainer was paid quarterly, in arrears on the 20th day of April, July, October and January of each year (or if such date was not a business day on the next following business day). The \$1,000 and/or \$500 fees for attendance at Board or Board Committee meetings was also paid in arrears on the 20th day of April, July, October and January of each year (or if such date was not a business day on the next following business day) for meetings attended in the immediately preceding quarter (each a “payment date”).

c) Election to receive options in lieu of cash fees.

In lieu of receiving the cash payments set forth above, each Non-Employee Director was entitled to choose to receive five-year non-qualified stock options to purchase that number of shares of our Common Stock that has a Black Sholes value (as determined by us using the same methodology we use to calculate options for purposes of our audited financial statements) on a given payment date equal to the value of the cash fees the director would otherwise be entitled to. An election, once made, was irrevocable and covered all of the cash fees for the ensuing year. Any option issued under this election vested immediately upon the date of issuance and had an exercise price equal to the fair market value of the common stock on the applicable payment date and were not subject to forfeiture as a result of the director ceasing to act as a director of iCAD. In 2008, we had four non-employee directors elect to receive options in lieu of cash fees.

Equity Compensation

a.) Initial Awards of Options for New Directors.

Any person who is elected or appointed as an Non-Employee Director and who has not served as our director in the prior calendar year automatically receives, on the date of election or appointment to the Board, an award of five-year immediately exercisable non-qualified stock options to purchase 25,000 shares of Common Stock at an exercise price equal to the fair market value of Common Stock on the date of grant and that will not be subject to forfeiture as a result of the director ceasing to act as our director.

b.) Quarterly Option Awards.

On each payment date in 2008, each Non-Employee Director was granted five-year immediately exercisable non-qualified options to purchase shares of our Common Stock. The options were payable in arrears for Board or Board Committee services rendered by the Non-Employee Director in the three month period immediately preceding the date of the award or "Service Period". The exercise price of these options are equal to the fair market value of the Common Stock on the applicable quarterly payment date and are not subject to forfeiture as a result of the director ceasing to act as our director. A total of 3,750 options were granted to each director who served for the entire Service Period. Any Non-Employee Director who served for only a portion of the Service Period received proportionately fewer options.

The following table provides information on director compensation paid by us during 2008. An executive officer who serves on our Board does not receive additional compensation for serving on the Board.

## EXECUTIVE COMPENSATION

The following discussion covers the compensation arrangements of our current principal executive officer, our current principal financial officer and our current three other executive officers (the "Named Executive Officers") and includes a general discussion and analysis of our compensation program for our executive officers as well as a series of tables containing specific compensation information for our Named Executive Officers. This discussion contains forward looking statements that are based upon our current executive compensation program, policies and methodologies. We may make changes in this program and these policies and methodologies in the future, and if made, we could have materially different compensation arrangements in the future

### Compensation Discussion and Analysis

This Compensation Discussion and Analysis is intended to provide information about our compensation objectives, policies and practices for our Named Executive Officers. The Compensation Committee of our Board of Directors oversees and approves all compensation decisions relating to our Named Executive Officers.

We compete in a competitive market for personnel, both for executive and for non-executive employees. The healthcare industry in general is highly competitive and characterized by continual change and improvement in technology. Desirable candidates for employment may also have opportunities from other attractive healthcare or high technology employers. Our long term success depends on our ability to continue to develop and market innovative Computer-Aided Detection systems and advance image analysis and workflow products worldwide that address important medical needs. Our ability to compete effectively depends to a large extent on our success in identifying, recruiting, developing and retaining key management personnel. A key element of our compensation strategy is the design and implementation of an executive compensation program that provides competitive and differentiated levels of pay based on corporate and individual performance and reinforces the alignment of interests of the members of our executive management team with those of our stockholders.

While our compensation program includes short-term elements, such as annual base salary, and generally annual incentive cash bonuses, a significant aspect of our compensation program includes longer term elements such as equity-based incentive awards through grants of stock options or other stock-based awards, primarily restricted and unrestricted stock grants. We believe that our compensation program provides an overall level of compensation that is competitive to that offered in our industry and with executives in other public companies of similar size within the healthcare industry.

The Compensation Committee intends to continue its strategy of compensating executives through programs that are linked to our achievement of our business goals and objectives, which may include among others, certain financial goals, such as revenue and pre-tax profitability, and individual executives are further rewarded for exceeding those goals and for personal performance. The Compensation Committee believes that the total compensation of executive officers should reflect their leadership abilities, initiative, the scope of their responsibilities and our success and the past and expected future contribution of each executive to that success. The Compensation Committee seeks to foster a performance-oriented environment by tying certain compensation components to the achievement of performance targets that are important to us and to our efforts to increase stockholder value. We believe that our compensation program contributes to our employees' and Named Executive Officers' incentive to execute on our goals.

#### Objectives of our Executive Compensation Program

The Compensation Committee strives to ensure that our executive compensation programs will enable us to attract and retain superior executive talent and motivate our executives to execute our business strategy and to assist us in achieving our short-term and long-term growth and earnings goals and increase stockholder value. The primary objectives of our executive compensation program are to:

- attract, retain and fairly compensate highly talented and experienced executives in the healthcare industry for us to achieve and expand our business goals and objectives;
- ensure executive compensation is aligned with specific performance objectives;
- ensure that our executive compensation plans are designed to encourage our executive officers to achieve and exceed established performance targets;

- promote the achievement of strategic and financial performance measures by tying cash and equity incentives to the achievement of measurable corporate and individual performance goals, both short term and long term; and
- align executive officers' incentives with the creation of stockholder value.

In May 2008 the Compensation Committee retained the consulting firm Pearl Meyer and Partners ("Pearl Meyer") as its independent compensation consultant to review our compensation programs for 2008 and to advise them on compensation matters and trends in our industry relating to our executive officers and other employees.

The Compensation Committee and the Board of Directors evaluate the performance of our President/Chief Executive Officer and rely on input from our President/Chief Executive Officer as it relates to other executive officers. Our goal is to compensate at levels we believe are competitive with executives in other companies of similar size and growth patterns within the healthcare and high technology industries. The Compensation Committee, along with the data provided from their compensation consultant and input from our President/Chief Executive Officer, makes decisions regarding the forms and amounts of compensation for our executive officers.

#### Compensation Program Benchmarking

The study performed by Pearl Meyer in May 2008 included an executive compensation competitive assessment and long term incentive strategy review for use by the Compensation Committee in its 2008 executive compensation decisions. They assessed the competitiveness of our executive compensation program utilizing a peer group of the following twenty-two companies: Abiomed, Inc., AFP Imaging Corporation, Amicas, Inc., Aspect Medical Systems, Inc., ATS Medical, Inc., Bio Imaging Technologies, Inc., BioSphere Medical, Inc., Bovie Medical Corporation, Clariant, Inc., Emageon, Inc., Endocare, Inc., IRIDEX Corporation, LeMaitre Vascular, Inc., Merge Healthcare, Inc., Micrus Endovascular Corporation, Natus Medical, Inc., NeuroMetrix, Inc., NMT Medical, Inc., NxStage Medical, Inc., Stereotaxis, Inc., Vital Images, Inc. and VNUS Medical Technologies, supplemented by published surveys.

In February 2009 the Compensation Committee of the Board of Directors again engaged Pearl Meyer to review the proposed 2008 bonus payments for our Named Executive Officers. As part of the review Pearl Meyer outlined the current economic environment and how it is relating to companies in general with respect to compensation practices and outcomes. To gain perspective on proposed bonus payments for 2008, Pearl Meyer provided to the Compensation Committee general industry research regarding 2008 bonus payments to other executive officers in the medical device industry, the absolute performance of iCAD against its stated goals and the relative performance of iCAD against the peer group companies utilized for compensation comparisons.

Pearl Meyer advised the Compensation Committee that it had conducted a Trends and Issues report entitled “Executive Pay in the New Economy”, where they polled more than 300 board members, executives and human resource professionals across industries on how the recent market turmoil has effected pay decisions for executives. In summary, approximately 55% of the respondents expect to pay their 2008 incentive payouts for executives at “formula” (ie: they do not expect to make adjustments to formula payouts) and approximately 36% said they may exercise discretion to pay a bonus that is “below formula” (ie: less than what executives would have earned based on achievement of the plan’s stated objectives). Pearl Meyer advised the Compensation Committee that in addition to looking at overall industry trends, it is as important to review how the Company performed from an absolute standpoint (ie: based on its internal targets and performance measurements) as well as from a relative performance basis (ie: against its peer group).

In assessing the Company’s performance against goals for 2008, the Compensation Committee considered that our company performed essentially at target. Moreover, it noted that our actual financial performance in 2008 was significantly better than 2007 (which was significantly better than 2006). In assessing our financial performance against our peer group the Compensation Committee noted that we performed in the top quartile for 2008.

As a result of the Pearl Meyer bonus assessment, our financial results for 2008 and our performance against our peer group, our Board of Directors, upon recommendation of the Compensation Committee, approved total 2008 incentive bonus payments in the amounts of \$230,000 for Mr. Ferry, \$100,000 for Ms. Deptula-Hicks, \$100,000 for Mr. Barnes, \$88,000 for Ms. Stevens and \$82,000 for Mr. Go.

#### Forms of Compensation Paid to Executive Officers During 2008

In making decisions regarding forms and amounts of compensation, the Compensation Committee considers compensation paid to executive officers at similar levels and with similar experience and responsibility at public companies in our industry and in our geographic region that are deemed to be comparable in terms of revenue, market capitalization, complexity and growth patterns. In 2008 the twenty-two companies listed above comprised this peer group.

During the fiscal year ended December 31, 2008 we provided our executive officers with the following forms of compensation:

- Base Salary
- Auto Allowance
- Annual Incentive Bonus Compensation
- Equity Incentives
- Severance and Change of Control Benefits; and
- Retirement and other Employee Benefits.

## Base Salary

Base salary represents amounts paid during the fiscal year to our Named Executive Officers as direct guaranteed compensation under their employment agreements for their services to us. Base salaries are an important element of compensation and are used to provide a fixed amount of compensation for the executive's regular work. The base salaries of executive officers are usually reviewed on an annual basis, as well as at the time of a promotion or other change in responsibilities. Generally our goal is to pay our executive officers at or above the mid point of pay levels for similar positions at public companies in our industry and in our geographic region that are deemed to be comparable in terms of revenue, market capitalization, complexity and growth patterns.

The base salary of each of our Named Executive Officers was fixed pursuant to the terms of their respective employment agreements with us which allow for increases as determined by the Compensation Committee and Board of Directors. Moreover, when a contract is considered for renewal, either at or prior to the expiration of its stated term, base salary of the applicable executive may be increased upon a review of the executive's abilities, experience and performance. While increases in salary are generally based on an evaluation of the individual's performance and level of pay compared to comparable companies pay levels for similar positions, the recommendations to the Board of Directors by the Compensation Committee with respect to base salary are based primarily on informal judgments reasonably believed to be in our best interests. Base salaries are used to reward individual performance of each Named Executive Officer on a day-to-day basis during the year, and to encourage them to perform at their highest levels. We also use our base salary as an incentive to attract top quality executives and other management employees from other companies. Moreover, base salary (and increases to base salary) are intended to recognize the overall experience, position within our company and expected contributions of each Named Executive Officer to us and our goals. Increases in base salaries are based upon individual performance. Base salary increases can also occur upon the promotion of an executive.

In June 2008 our Board of Directors, upon the recommendation and approval of the Compensation Committee of our Board, approved new employment agreements with our Named Executive Officers which provided for the following base salaries, effective June 1, 2008: Kenneth Ferry, our President and Chief Executive Officer - \$355,000; Darlene Deptula-Hicks, our Executive Vice President of Finance and Chief Financial Officer - \$235,000; Jeffrey Barnes, our Senior Vice President of Sales - \$215,000; Stacey Stevens, our Senior Vice President of Marketing and Strategy - \$200,000, and Jonathan Go, our Senior Vice President of Research and Development - \$205,000.

On June 25, 2008, we entered into new employment agreements, dated as of June 1, 2008, with our five current Named Executive Officers. Each employment agreement replaces and supersedes the previous employment agreement entered into from May 2006 through October 2006 between us and the named executive. We do not have employment agreements with any other employees. In initially determining base salary in 2006 for the Named Executive Officers the Compensation Committee utilized information obtained from an executive search firm and elsewhere, utilizing a number of criteria, including executives' qualifications, experience, responsibility and comparison to other companies of similar size in the healthcare industry. With respect to the new employment agreements entered into effective June 1, 2008, the Compensation Committee also considered the advice received from and study performed by Pearl Meyer in May 2008, which included an executive compensation competitive assessment and long term incentive strategy and where they assessed the competitiveness of our executive compensation program utilizing the peer group of twenty-two companies listed above under "Compensation Program Benchmarking". The material provisions of these employment agreements are discussed in the narrative following the Summary Compensation Table.

#### Auto Allowance

In June 2008, and as part of their employment agreements, we agreed to pay to our Named Executive Officers an executive automobile allowance in the amount of \$2,200 per month for Mr. Ferry and \$1,500 per month for each of Ms. Deptula-Hicks, Mr. Barnes, Ms. Stevens and Mr. Go. The executives are responsible for paying all the expenses of maintaining, insuring and operating their automobiles. The purpose of providing the allowance is to defray the Named Executive Officer's cost of owning and operating an automobile often used for business purposes; while preventing us from having to own and maintain a fleet of automobiles and is a taxable benefit for the Named Executive Officer.

#### Annual Incentive Bonus Compensation

##### Cash Incentive Bonus

In addition to base salary, the employment agreements with each of our Named Executive Officers provides each of them with a contractual right to receive an annual cash incentive bonus payment, based upon their achieving goals and objectives mutually agreed by the Board of Directors and the executive. The purpose of such potential additional cash incentive bonus payments is to provide a direct financial incentive to the Named Executive Officers to achieve the goals and objectives of our company. As described in more detail below and under the "Narrative Disclosure to Summary Compensation Table - Employment Contracts for our Named Executive Officers", the amount of the incentive bonus payments that each of our Named Executive Officers was eligible to receive under, and subject to the terms of, their respective employment agreements with us, during the year ended December 31, 2008 was set in their employment agreements in June 2008 by our Board of Directors, upon the recommendation and approval of the Compensation Committee, at 40% (55% for Mr. Ferry) of their respective base salaries.

The amount of the potential incentive cash bonus payments for 2008 was to be based upon our achieving, for the fiscal year ended December 31, 2008, targeted levels of (i) revenue and (ii) pre-tax earnings (less SFAS 123R stock option expense). Mr. Ferry, Ms. Deptula-Hicks and Mr. Go were to be measured 100% on pre-tax earnings (less SFAS 123R stock option expense) and Mr. Barnes and Ms. Stevens were to be measured 25% and 75% respectively, on revenue and pre-tax earnings (less Statement of Financial Accounting Standards No. 123R ("SFAS 123R") stock option expense). The Named Executive Officers were eligible to receive bonus payments equal to 70% of the maximum potential amount of their incentive bonus if we achieved 90% of the respective Target Amounts, with the amount of their incentive bonus increasing by three percentage points for each one percentage point increase in the respective Target Amounts achieved by us. While for the nine months ending September 30, 2008, our financial results would have resulted in our performing at (i) 102% and (ii) 135% respectively, of the two Target Amounts, due primarily to the deterioration in the general economic conditions in the markets we serve in the fourth quarter of 2008, our 2008 financial performance resulted in our achieving approximately (i) 93% and (ii) 90% of the two Target Amounts, respectively, resulting in our Named Executive Officers earning a portion of the maximum potential incentive bonus to which they were entitled under the terms of their respective employment agreements.

In addition to payments for achieving the Target Amounts, our Named Executive Officers were eligible to receive such other cash bonuses and such other compensation as awarded to the executive by the Board. The Compensation Committee and Board also retain the discretion to increase or reduce any incentive bonus or other payment that otherwise might be payable to any individual Named Executive Officer based on individual contribution and our actual performance.

In determining to recommend that the Board approve the grant of total cash incentive bonuses to our Named Executive Officers for 2008 that exceeded the amount related to the achievement of the Target Amounts discussed above, the Compensation Committee, consulted with Pearl Meyer, assessed our actual performance against our previously determined goals, our performance in 2008 compared to the prior year, which was significantly better than 2007 (which was significantly better than 2006) and also assessed our performance against our peer group in which we performed in the top quartile for 2008. As a result of this analysis, in addition to the cash incentive payments relating to the Target Amounts, the Compensation Committee and the Board approved the payment of cash incentive bonuses to the Named Executive Officers for 2008 in the amounts set forth under the bonus column in the Summary Compensation Table below. As a percentage of their base salaries, for 2008 the total amount of cash bonus payments (reflected as non-equity incentive plan compensation and bonuses under the Summary Compensation table below) for 2008 equaled 65% for Mr. Ferry, 43% for Ms. Deptula-Hicks, 47% for Mr. Barnes, 44% for Ms. Stevens and 40% for Mr. Go.

#### Equity Incentives

The Named Executive Officers' and our other employees are eligible to receive equity incentive awards under our equity incentive plans. On occasion, we grant options outside of a formal stockholder approved plan to new employees, including new executive officers, as an inducement to their employment with us. The primary goal of the use of equity incentives is to create long-term value for stockholders by providing the Named Executive Officers with an additional incentive to work towards maximizing stockholder value. The Compensation Committee views equity incentive awards as one of the more important components of our long-term, performance-based compensation philosophy. The grant of equity incentive awards to executive officers encourages equity ownership in iCAD and closely aligns the Named Executive Officers' interests to the interests of all the stockholders.

Equity awards may take the form of stock options, restricted stock, unrestricted stock, stock units including restricted stock units, performance awards and other stock-based awards. There is no formula used to determine the type or amount of equity incentive awards granted in any given year. The mix of cash and equity-based awards, as well as the types and amounts of equity-based awards, granted to our Named Executive Officers has varied and may vary in the future from year to year. Consideration may be given to various factors, such as the relative merits of cash and equity as a device for retaining and motivating the Named Executive Officers, the practices of other companies, our performance, individual performance, an individual's pay relative to others, contractual commitments pursuant to employment or other agreements, and the value of already-outstanding grants of equity in determining the size and type of future equity-based awards that may be granted in the future to each Named Executive Officer.

These awards are generally provided through initial grants at or near the date of hire, through subsequent annual grants and in connection to extensions of existing employment agreements or entry into new employment agreements. Equity incentive awards granted to the Named Executive Officers' and other employees in the form of stock options have exercise prices not less than the fair market value of the stock on the date of the grant or award. Equity incentive awards vest and become exercisable at such time as determined by the Compensation Committee or Board of Directors. The initial grant is designed for the level of the job that the executive holds and is designed to motivate the executive to make the kind of decisions and implement strategies and programs that will contribute to an increase in our stock price over time. Periodic additional equity incentive awards within the comparable range for the job are expected to be granted to reflect the executives' ongoing contributions to us, to create an incentive to remain in our employ and to provide a long-term incentive to achieve or exceed our financial goals. During 2008 awards of Common Stock were made to our Named Executive Officers pursuant to their execution of new employment agreements noted under- Executive Compensation Tables- Narrative Disclosure to Summary Compensation Table - Employment Contracts for our Named Executive Officers".

#### Severance and Change of Control Benefits

We have entered into employment agreements with each of the Named Executive Officers. Each of these agreements provides for certain payments and other benefits if the executive's employment terminates under certain circumstances, including, in the event of a "change in control". See "Executive Compensation Tables - Narrative Disclosure to Summary Compensation Table – Employment Contracts for our Named Executive Officers" and "Severance and Change of Control Benefits" appearing after the Option Exercises and Stock-Vested table for a description of the severance and change in control benefits.

## Retirement and Other Employee Benefits

We provide various employee benefit programs to all employees, including medical, dental, life insurance, short and long term disability and a 401k plan with an employer matching contribution. Executives are eligible to participate in all our employee benefit programs, in each case on the same basis as other employees. In addition, we paid a \$2,140 life insurance premium on behalf of Mr. Ferry during 2008.

## Executive Compensation Tables

The following table provides information on the compensation provided by us during fiscal years 2008, 2007 and 2006 to (i) those persons who served in the capacity as our Chief Executive Officer, (ii) those persons who served in the capacity as our Chief Financial Officer, and (iii) the three highest paid executive officers other than persons who served in the capacities as our Chief Executive Officer or Chief Financial Officer, who served in such capacity during 2008 and at the end of 2008 whose total compensation exceeded \$100,000.

#### Narrative Disclosure to Summary Compensation Table

##### Employment Contracts for our Named Executive Officers

In June 2008 we entered into the following employment agreements with our Named Executive Officers and their compensation is determined, in part, based upon these employment agreements. A description of provisions of these agreements providing for certain post-termination payments upon termination of their employment are described following the "Option Exercises and Stock Vested" table under the caption "Severance and Change of Control Benefits-Termination for Cause or without Cause, or due to a Change in Control".

Mr. Kenneth Ferry, our President and Chief Executive Officer. We entered into an employment agreement with Mr. Ferry in April 2006 that provided for his employment as our Chief Executive Officer and President for a term commencing in May 2006 and expiring on December 31, 2008, which provided for yearly increases as determined by our Board of Directors. In May 2007 our Board of Directors, upon the recommendation and approval of the Compensation Committee of our Board, approved the base salary increase for Mr. Ferry to \$325,000, effective June 1, 2007.

On June 25, 2008, we entered into a new employment agreement, as of June 1, 2008, with Mr. Ferry. This agreement replaces and supersedes the previous employment agreement entered into between us and Mr. Ferry. Mr. Ferry's employment agreement provides for his employment as our Chief Executive Officer and President for an initial term through December 31, 2012, subject to automatic one-year renewals after the expiration of the initial term under certain conditions, at an annual base salary of \$355,000. Mr. Ferry is also entitled to customary benefits, including participation in employee benefit plans, and reasonable travel and entertainment expenses as well as a monthly automobile allowance. The agreement also provides for his eligibility to receive, during each employment year during the term of the agreement, a target annual incentive bonus of 55% of his base salary if we achieve goals and objectives determined by the Board. Mr. Ferry will also be eligible to receive such other cash bonuses and such other compensation as may from time to time be awarded to him by the Board.

In addition, pursuant to his agreement, Mr. Ferry was granted a restricted stock award of 100,000 shares of our Common Stock. Mr. Ferry's base salary increase and bonus target for 2008 was established based on input the Compensation Committee received from Pearl Meyer, in their review of our executive compensation programs. We believe that the compensation package provided to Mr. Ferry was comparable to that of chief executive officers for companies of similar size, complexity and growth patterns in the healthcare sector.

The following table sets forth information regarding grants of plan-based awards for each of the Named Executive Officers during the year ended December 31, 2008.

## GRANTS OF PLAN-BASED AWARDS

Name	Grant Date	Estimated Possible Payouts Under Non-Equity Incentive Plan Awards (1)			All Other Stock Awards: Number of Shares of Stock (2)	Grant date fair value of Stock Awards

Jonathan Go	6/25/2008	57,400	82,000	164,000	60,000	175,200

- (1) The Estimated Possible Payouts under Non-Equity Incentive Plan Awards column represents the eligibility of the Named Executive Officers listed in the table to receive an annual cash incentive bonus in each calendar year pursuant to their respective employment agreements if we achieve goals and objectives established by the Board or Compensation Committee ("Target Amounts"). According to the terms of their employment agreements these Named Executive Officers are eligible to receive, for each employment year, during the term of their employment agreement, 40% (55% for Mr. Ferry) of their respective base salaries, which are reflected above under the Target column. The amounts under the Threshold column assumes that if the Target Amounts are not met the Named Executive Officers are still eligible to receive a bonus payments equal to 70% of the amount of their incentive bonus if we achieved 90% of the respective Target Amounts, but does not reflect the fact that the amount of their incentive bonus would then increase by three percentage points for each one percentage point increase in the respective Target Amounts achieved by us. The amounts under the Maximum column assumes that for future years the Committee and/or the Board will increase the amount of the incentive bonuses by up to an additional 100% if we achieve greater than 100% of the Target Amounts with a maximum payout of 200%. Based upon the percentage of the Target Amounts achieved in 2008 the Named Executive Officers earned a portion of the potential incentive bonus to which they were entitled under their respective employment agreements. See the Summary Compensation Table for the amounts of these non-equity incentive bonus payments. The amounts earned for 2008 were paid in March 2009. See the discussion above under Annual Incentive Bonus Compensation-Cash Incentive Bonus. Additional terms of these employment agreements are discussed in the narrative following the Summary Compensation Table.
- (2) On June 25, 2008, we granted these shares of Common Stock to the Named Executive Officers under our 2007 Stock Incentive Plan in connection with the entry of new employment agreements with each of the Named Executive Officers. Each of these stock awards vest in three equal annual installments with the first installment vesting on May 31, 2009.

## Severance and Change of Control Benefits

As noted in the Compensation Discussion and Analysis under the subheading “Employment Contracts”, in 2008 we entered into substantially similar employment agreements with each of our Named Executive Officers. These agreements provide for certain payments and other benefits if a Named Executive Officer’s employment with us is terminated under circumstances specified in his or her respective agreement, including a “change in control” of our company. A Named Executive Officer’s rights upon the termination of his or her employment will depend upon the circumstances of the termination.

Under the employment agreements, a Change in Control would include any of the following events:

- any “person” as defined in Sections 13(d) and 14(d) of the Exchange Act (other than (i) the executive, us or our subsidiaries or affiliates or, (ii) any fiduciary holding securities under an employee benefit plan of iCAD or its subsidiaries) becomes the “beneficial owner” of 50% or more of our voting outstanding securities;
- our stockholders approve the sale of our company through a merger or a sale of our assets or otherwise; or
- a majority of our directors are replaced in certain circumstances during any period of twelve (12) consecutive months (but only with respect to Mr. Ferry’s agreement).

## Termination by Reason of Death or Disability

The executive's employment under the employment agreements may be terminated without breach in the event of death or disability. In the event of the termination of the executive's employment by reason of death or disability, we will pay the executive's base salary through the date of termination, at the rate then in effect, and all expenses and accrued benefits arising prior to termination which are payable to the executive pursuant to his or her employment agreement through the date of termination.

## Termination for Cause or without Cause.

If a Named Executive Officer's employment is terminated for "cause", we will pay the executive his or her base salary through the date of termination at the rate then in effect, and all expenses and accrued benefits arising prior to such termination which are payable to the executive pursuant to his or her employment agreement through the date of termination.

If a Named Executive Officer's employment is terminated "without cause" prior to the expiration of his or her employment agreement, we will pay to the executive all expenses and accrued benefits arising prior to the date of termination and we will continue to pay the executives base salary as then in effect for the greater of (i) the remainder of the term of the employment agreement or (ii) a period of one year from the date of termination. No later than 15 calendar days from the date that we file our Form 10-K, we are also required to pay a pro rata portion of the incentive bonus, if any, earned for that employment year through the date of termination in the discretion of the Board of Directors. Additionally, the executive will be entitled to continue to participate in all employee benefit plans that we provide generally to our senior executives.

The following table quantifies the estimated maximum amount of payments and benefits under our employment agreements to which the Named Executive Officers would be entitled if they were terminated without cause on December 31, 2008.

Name	Estimated Net Present Value of Remaining Salary Payments	Estimated Net Present Value of Prorata Bonus	Estimated Net Present Value of Continuing Health Benefits	Total Termination Benefits
	(\$)	(\$)	(\$)	(\$)
Kenneth Ferry	351,887	229,234	14,932	596,053
Darlene Deptula-Hicks	232,939	99,667	14,932	347,538
Jeffrey Barnes	213,115	99,667	14,932	327,714
Stacey Stevens	198,246	87,707	-	285,953
Jonathan Go	203,202	81,727	14,932	299,861

### Termination due to a Change in Control

In the event a Named Executive Officers' employment is terminated within six months (for Mr. Ferry, Ms. Deptula-Hicks and Mr. Go) or three months (for Mr. Barnes and Ms. Stevens) following a change in control by us without cause (for all Named Executive Officers) or by the executive for good reason (for Mr. Ferry, Ms. Deptula-Hicks and Mr. Go), then we will pay to the executive as severance pay and as liquidated damages an amount equal to (i) (a) his or her base salary as then in effect for the greater of (x) the remainder of the original term of the employment agreement or (y) for Mr. Ferry a period of two years from the date of termination and for all other executives a period of one year from the date of termination plus (b) an amount equal to the incentive bonus which would otherwise been payable for the employment year in which the date of termination occurs; however, if any such severance payment, either alone or together with other payments or benefits, either cash or non-cash, that the Named Executive Officer has the right to receive from us, including, but not limited to, accelerated vesting or payment of any deferred compensation, options, stock appreciation rights or any benefits payable to the executive under any plan for the benefit of employees, which would constitute an "excess parachute payment" (as defined in Section 280G of the Internal Revenue Code of 1986 (the "Code")), then such severance payment or other benefit will be reduced to the largest amount that will not result in receipt by the executive of a parachute payment. The base salary payments are payable at our discretion either (1) in equal installments over the 24 month period following the date of termination or (2) a lump sum cash payment equal to the present value of the payment otherwise due.

If within six months (for Mr. Ferry, Ms. Deptula-Hicks, Mr. Go and Mr. Barnes) or three months (for Ms. Stevens) after the occurrence of a change in control, we terminate the executive's employment without cause (for all Named Executive Officers) or the executive terminates his or her employment for good reason (for Mr. Ferry, Ms. Deptula-Hicks and Mr. Go), then despite the vesting and exercisability schedule contained in any stock option agreement between us and the executive, all unvested stock options will immediately vest and become exercisable and will remain exercisable for not less than 180 days.

The receipt of the payments and benefits to the Named Executive Officers under their employment agreements are generally conditioned upon their complying with customary non-solicitation, non-competition, confidentiality, non-interference and non-disparagement provisions. By the terms of such agreements, the executives acknowledge that a breach of some or all of the covenants described in their employment will entitle us to injunctive relief restraining the commission or continuance of any such breach, in addition to any other available remedies.

The following table provides the term of such covenants following the termination of employment as it relates to each Named Executive Officer:

Covenant	Kenneth Ferry	Darlene Deptula-Hicks	Jeffrey Barnes	Stacey Stevens	Jonathan Go
Confidentiality	Infinite duration for trade secrets and five years otherwise	Infinite duration for trade secrets and five years otherwise	Infinite duration for trade secrets and five years otherwise	Infinite duration for trade secrets and five years otherwise	Infinite duration for trade secrets and five years otherwise
Non-solicitation	Two Years	Two Years	Two Years	Two Years	Two Years
Non-competition	Two Years	Two Years	Two Years	Two Years	Two Years
Non-interference	Two Years	Two Years	Two Years	Two Years	Two Years
Non-disparagement	Infinite duration	Infinite duration	Infinite duration	Infinite duration	Infinite duration

The following table quantifies the estimated maximum amount of payments and benefits under our employment agreements and agreements relating to awards granted under our equity incentive and stock option plans to which the Named Executive Officers would be entitled upon termination of employment if we terminated their employment without cause within three or six months following a “change in control” of us that (by assumption) occurred on December 31, 2008.

Name	Present Value of Salary & Bonus Payment (\$)	Value of Accelerated Vesting of Equity Awards (1) (\$)	Estimated Net Present Value of Continuing Health Benefits (\$)	Total Termination Benefits (\$)

Stacey Stevens	285,953	30,704	-	316,657
Jonathan Go	284,929	24,081	14,932	323,942

- (1) This amount represents the unrealized value of the unvested portion of the respective Named Executive Officer’s stock options based upon a closing price of \$1.13 of our Common Stock on December 31, 2008 and calculated in accordance with Section 280G of the Code and related regulations.

#### Retirement and Other Employee Benefits

We provide various employee benefit programs to all employees, including medical, dental, life insurance, short and long term disability and a 401k plan which in early 2007 we added an employer matching contribution. Executives are eligible to participate in all our employee benefit programs, in each case on the same basis as other employees. In addition, in 2008 we paid a \$2,140 life insurance premium on behalf of Mr. Ferry.

#### CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

##### Review, Approval or Ratification of Transactions with related persons

Our Audit Committee is responsible for reviewing and approving or ratifying related-persons transactions. A related person is any executive officer, director, nominee for director or more than 5% stockholder of iCAD, including any of their immediate family members, and any entity owned or controlled by such persons. In addition, pursuant to our Code of Business Conduct and Ethics, all of our employees and directors who have become aware of a conflict or potential conflict of interest, are required to notify our Chief Executive Officer. There are no written procedures governing any review of related person transactions.

##### Certain Transactions

The Company had previously entered into a Revolving Loan and Security Agreement and related Convertible Revolving Credit Promissory Note dated October 26, 1987, as amended, (the "Prior Loan Agreement") with Mr. Robert Howard, the former Chairman of the Board of Directors and a current principal stockholder of the Company, under which Mr. Howard had agreed to advance funds, or to provide guarantees of advances made by third parties in an amount up to \$5,000,000. As a condition to, and simultaneously with, the execution of a Loan and Security Agreement, with RBS Citizens, N.A., on June 30, 2008, the unpaid principal amount and accrued interest of the Prior Loan Agreement, was extinguished as follows: (1) a total of \$2,000,000 principal amount under the Prior Loan Agreement, together with \$351,917 of accrued and unpaid interest on such principal amount, was converted by Mr. Howard into 1,622,012 shares of Common Stock per the original terms of the Prior Loan Agreement and (2) the remaining principal balance under the Prior Loan Agreement of \$258,906, together with accrued and unpaid interest of \$55,598 on such principal amount, was paid in cash to Mr. Howard. The outstanding indebtedness under the Prior Loan Agreement has therefore, been fully converted and satisfied and the Prior Loan Agreement was terminated as of June 30, 2008.

On June 19, 2006, the Company and Dr. Lawrence Howard, who subsequently became a director and is currently the Chairman of the Board of Directors of the Company, entered into a Note Purchase Agreement with respect to the purchase by Dr. Howard from the Company of an aggregate of \$200,000 principal amount of a 7% Convertible Note of the Company due June 19, 2008 (the "Howard Note") at a purchase price of \$200,000. Interest on the Howard Note was payable on the due date. On June 19, 2008, the \$200,000 principal amount under the Howard Note, together with \$28,000 of accrued and unpaid interest on such principal amount, was converted by Dr. Howard into 152,000 shares of Common Stock at \$1.50 per share conversion price as set forth in the Howard Note. The Howard Note has, therefore, been fully converted and satisfied and was terminated as of June 19, 2008.

On June 20, 2006, the Company and Mr. Kenneth Ferry, the Company's Chief Executive Officer, entered into a Note Purchase Agreement with respect to the purchase by Mr. Ferry from the Company of an aggregate of \$300,000 principal amount of a 7% Convertible Note of the Company due June 20, 2008 (the "Ferry Note") at a purchase price of \$300,000. Interest on the Ferry Note was payable on the due date. On June 20, 2008, the \$300,000 principal amount under the Ferry Note, together with \$42,000 of accrued and unpaid interest on such principal amount, was converted by Mr. Ferry into 228,000 shares of Common Stock at \$1.50 per share conversion price as set forth in the Ferry Note. The Ferry Note has, therefore, been fully converted and satisfied and was terminated as of June 20, 2008.

On September 12, 14 and 19, 2006 the Company entered into Note Purchase Agreements with respect to the purchase from the Company of a total of \$2,300,000 principal amount of its 7.25% Convertible Promissory Notes (the "Notes") by directors, former directors, officers and employees of the Company, including the following: Mr. Robert Howard (as to \$1,350,000), former Chairman of the Board and director of the Company, another former director of the Company (as to \$300,000), and Dr. Elliot Sussman (as to \$100,000), a director of the Company, Mr. Steven Rappaport (as to \$300,000) who subsequently became and is currently a director of the Company and Dr. Lawrence Howard (as to \$100,000) who subsequently became a director and is currently Chairman of the Board and a director of the Company, and \$50,000 by each of the following executive officers and/or employees of the Company: Mr. Jeffrey Barnes, Ms. Stacey Stevens and Ms. Annette Heroux. The Notes were due two years from the date of issue. On September 12, 14 and 19, 2008, the total principal amount of \$2,300,000 under the Notes, together with \$333,500 of accrued and unpaid interest on such principal amount, were converted into 1,549,117 shares of Common Stock at \$1.70 per share conversion price as set forth in the Notes. The Notes have, therefore, been fully converted and satisfied and were terminated as of September 12, 14 and 19, 2008, respectively.

### PROPOSAL II

#### APPROVAL OF AN AMENDMENT TO THE COMPANY'S 2007 STOCK INCENTIVE PLAN

Subject to stockholder approval at the Annual Meeting the Board has approved an amendment to the iCAD, Inc. 2007 Stock Incentive Plan (the "Stock Incentive Plan" or "2007 Plan") to increase the number of shares of Common Stock authorized for issuance under the 2007 Plan by 3,000,000 shares from 2,250,000 shares to 5,250,000 shares. The reason for seeking stockholder approval of Proposal II is to satisfy certain requirements of (i) the Code, related to Incentive Stock Options, as defined below, and performance-based compensation under Code Section 162(m) and (ii) applicable NASDAQ Marketplace Rules.

The Board believes that, to enable the Company to continue to attract and retain personnel of the highest caliber, provide incentive for officers, directors, employees and other key persons and to promote the well-being of the Company, it is in the best interest of the Company and its stockholders to provide to officers, directors, employees, consultants and other independent contractors who perform services for the Company, through the granting of stock options, restricted stock, deferred stock or other stock-based awards, the opportunity to participate in the value and/or appreciation in value of the Company's Common Stock. The Board has found that the grant of options and stock awards under its existing stock option and stock incentive plans, including the 2007 Plan, has proven to be a valuable tool in attracting, retaining and motivating key employees and consultants. Accordingly, the Board believes that its ability to continue to grant awards under the 2007 Plan (a) will provide the Company with significant means to attract and retain talented personnel, (b) will result in saving cash, which otherwise would be required to maintain current employees and adequately attract and reward personnel and others who perform services for the Company, and (c) consequently, will prove beneficial to the Company's ability to be competitive. The Company believes that there is not a sufficient amount of Common Stock available for future grants of options or stock-based awards under the 2007 Plan and the Company's other existing stock option and stock incentive plans. As of the Record Date 68,014 shares of Common Stock were available for issuance under all of the Company's stock options and incentive plans, including under the 2007 Plan. The last sale price of the Common Stock on May 1, 2009 was \$1.23.

If the amendment to the Stock Incentive Plan is approved by the stockholders, additional options or other stock-based awards may be granted under the Stock Incentive Plan. If the amendment is approved, the additional shares of Common Stock may be used in connection with the quarterly grants of options to those persons who are Non-Employee Directors, initial option grants to any new director, and any options that may be issued to a Non-Employee Director who elects to receive options in lieu of cash Board Meeting or Board Committee fees, all as provided for under the Non-Employee Director Compensation Program adopted by the Board for 2009. The Administrator of the 2007 Plan has not made any other determinations with respect to the grant of any options, restricted stock awards or other stock-based awards covering the additional shares of Common Stock authorized by the amendment to any director, executive officer or other employee of the Company or any other eligible person, although it may do so in the future. Because grants of awards under the Plan may be made to employees, Non-Employee Directors, independent agents, consultants and others as determined by the Administrator of the 2007 Plan, there is no way to predict how many participants will ultimately receive awards in the future under the 2007 Plan. As of the Record Date there were 116 employees of the Company.

The following summary of the 2007 Plan does not purport to be complete, and is subject to and qualified in its entirety by reference to the full text of the 2007 Plan as proposed to be amended at the Annual Meeting, set forth as Appendix A to this Proxy Statement. Capitalized terms used in the summary but not defined in it will have the meanings assigned to them in the 2007 Plan.

#### Awards.

The 2007 Plan provides for the grant of any or all of the following types of awards (collectively, “Awards”): (a) stock options, (b) restricted stock, (c) deferred stock and (d) other stock-based awards. Awards may be granted singly, in combination, or in tandem, as determined by the Board of Directors or the Committee (as defined below). Subject to anti-dilution adjustments as provided in the 2007 Plan, (i) the 2007 Plan currently provides for a total of 2,250,000 shares of Common Stock to be available for distribution pursuant to the 2007 Plan, provided, however, that if this proposal is approved the maximum number of shares that may be issued under the 2007 Plan will increase to 5,250,000, and subject to the provisions of the immediately preceding paragraph, the maximum number of shares of Common Stock with respect to which Options, Deferred Stock, Restricted Stock or Other Stock-Based Awards may be granted or measured to any participant under the 2007 Plan during any calendar year or part thereof shall not exceed 800,000 shares. The maximum number of shares of Common Stock with respect to which Incentive Stock Options may be granted under the 2007 Plan shall continue to be 2,250,000 shares. If any outstanding Award is canceled, forfeited, delivered to the Company as payment for the exercise price or surrendered to the Company for tax withholding purposes, shares of Common Stock allocable to such Award may again be available for Awards under the 2007 Plan. The exercise price of any granted stock option or other-stock based award may not be reduced (including as a result of the substitution of a new option or other stock-based award for a previously granted option or other stock-based award) under the 2007 Plan without stockholder approval except for any reductions required as a result of a merger, reorganization, consolidation, recapitalization, stock dividend, stock split, extraordinary distribution with respect to the Company’s Common Stock or other change in corporate structure affecting the Common Stock, and such adjustment is made in order to prevent dilution or enlargement of rights of the holder of the stock option or other stock-based award.

**Administration.** The 2007 Plan provides that it may be administered by the Board of Directors (the “Board”) or a Committee (the “Committee”) consisting of two or more members of the Board of Directors appointed by the Board. The 2007 Plan also provides that each member of the Committee shall, to the extent practicable, be “non-employee directors” for the purpose of Rule 16b-3 under the Exchange Act (“Rule 16b-3”) and, if practicable, shall also qualify as “outside directors” for the purpose of the performance-based compensation exception under Code Section 162(m) except to the extent that the Board determines that such compliance is not necessary or that it is not desirable or that it is not practicable. The Board or the Committee, as the case may be, determines, among other things, the persons to whom Awards will be granted, the type of Awards to be granted, the number of shares subject to each Award and the share price. The Board or the Committee also determines the term of each Award, the restrictions or limitations thereon, and the manner in which each such Award may be exercised or, if applicable, the extent and circumstances under which Common Stock and other amounts payable with respect to an Award will be deferred. The Board or Committee may delegate some of the functions referred to above to the Company’s Chief Executive Officer or Chief Financial Officer.

**Eligibility and Participation.** Officers and other employees of the Company or any Parent or Subsidiary (but excluding any person whose eligibility would adversely affect the compliance of the Plan with the requirements of Rule 16b-3) who are at the time of the grant of an award under the Plan employed by the Company or any Parent or Subsidiary and who are responsible for or contribute to the management, growth and/or profitability of the business of the Company or any Parent or Subsidiary are eligible to be granted Options or other Awards under the 2007 Plan. In addition, Non-Qualified Stock Options and other Awards may be granted under the 2007 Plan to any person, including, but not limited to, directors, independent agents, consultants and attorneys who the Board or the Committee, as the case may be, believes has contributed or will contribute to the success of the Company. Eligibility under the 2007 Plan is determined by the Board or the Committee, as the case may be.

A participant's right, if any, to continue to serve the Company as a director, executive officer, other key employee, or otherwise, will not be enlarged or otherwise affected by his or her designation as a participant under the 2007 Plan. Participants may receive one or more Awards under the 2007 Plan.

#### Forms of Awards

**Stock Options.** The 2007 Plan provides for the grant of Incentive Stock Options and Non-Qualified Stock Options. The Board or the Committee, as the case may be, determines those persons to whom Stock Options may be granted.

Incentive Stock Options granted pursuant to the 2007 Plan are nontransferable by the optionee during his lifetime. Options granted pursuant to the 2007 Plan will expire if not exercised within 10 years of the grant (five years in the case of Incentive Stock Options granted to an eligible employee owning stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or a parent or subsidiary of the Company immediately before the grant ("10% Stockholder")), and under certain circumstances set forth in the 2007 Plan, may be exercised within three (3) months following termination of employment (one year in the event of death, retirement at normal retirement age or disability of the optionee), unless the term of the option, pursuant to the stock option agreement, expires earlier or unless the Board or Committee determines to shorten or extend the exercise periods. Options may be granted to optionees in such amounts and at such prices as may be determined, from time to time, by the Board or the Committee. The exercise price of an Incentive Stock Option will not be less than the fair market value of the shares underlying the option on the date the option is granted, provided, however, that the exercise price of an Incentive Stock Option granted to a 10% Stockholder may not be less than 110% of such fair market value. The exercise price of a Non-Qualified Stock Option may be less than such fair market value on the date of grant.

Under the 2007 Plan, the Company may not, in the aggregate, grant Incentive Stock Options that are first exercisable by any optionee during any calendar year (under all such plans of the optionee's employer corporation and its "parent" and "subsidiary" corporations, as those terms are defined in Section 424 of the Code) to the extent that the aggregate fair market value of the underlying stock (determined at the time the option is granted) exceeds \$100,000.

The 2007 Plan contains anti-dilution provisions authorizing appropriate adjustments in certain circumstances. Shares of Common Stock subject to Awards which expire without being exercised or which are cancelled as a result of the cessation of employment are available for further grants. No shares of Common Stock of the Company may be issued upon the exercise of any option granted under the 2007 Plan until the full option price has been paid by the optionee. The Board of Directors or the Committee may grant individual options under the 2007 Plan with more stringent provisions than those specified in the 2007 Plan.

Options become exercisable in such amounts, at such intervals and upon such terms and conditions as the Board of Directors or the Committee provides. Stock options granted under the 2007 Plan are exercisable until the earlier of (i) a date set by the Board of Directors or Committee at the time of grant or (ii) the close of business on the day before the tenth anniversary of the stock option's date of grant (the day before the fifth anniversary in the case of an Incentive Stock Option granted to a 10% Stockholder). The 2007 Plan will remain in effect until all stock options are exercised or terminated. Notwithstanding the foregoing, no options may be granted on or after the tenth anniversary of the Effective Date.

**Restricted and Deferred Stock Awards.** Under the 2007 Plan, the Board or the Committee may grant shares of restricted Common Stock either alone or in tandem with other Awards. Restricted and Deferred Stock awards give the recipient the right to receive a specified number of shares of Common Stock, subject to such terms, conditions and restrictions as the Board or the Committee deems appropriate. Restrictions may include limitations on the right to transfer the stock until the expiration of a specified period of time and forfeiture of the stock upon the occurrence of certain events such as the termination of employment prior to expiration of a specified period of time. In addition, a participant in the 2007 Plan who has received a Deferred Stock Award may request, under certain conditions, the Board or the Committee to defer the receipt of an Award (or an installment of an Award) for an additional specified period or until the occurrence of a specified event.

**Performance-Based Awards and Performance Goals.** Certain Awards made under the 2007 Plan may be granted so that they qualify as "performance-based compensation" (as this term is used in Code Section 162(m) and the regulations thereunder) and are exempt from the deduction limitation imposed by Code Section 162(m) (these Awards are referred to as "Performance-Based Awards"). Under Code Section 162(m), the Company's tax deduction may be limited to the extent total compensation paid to the Chief Executive Officer, or any of the four most highly compensated executive officers (other than the Chief Executive Officer) exceeds \$1 million in any one tax year. Among other criteria, Awards only qualify as Performance-Based Awards if at the time of grant the Committee is administering the 2007 Plan and the Committee is comprised solely of two or more "outside directors" (as this term is used in Code Section 162(m) and the regulations thereunder). In addition, the Company must obtain stockholder approval of material terms of performance goals for such "performance-based compensation."

The following performance goals set forth in the 2007 Plan were previously approved by stockholders of the Company at the time of the adoption of the 2007 Plan by the stockholders of the Company in 2007 and all such performance goals continue to apply: net sales; pretax income before allocation of corporate overhead and bonus; pre-tax income before FAS 123R expense; budget; earnings per share; net income; division, group or corporate financial goals; return on stockholders' equity; return on assets; return on net assets; return on investment capital; gross margin return on investment; gross margin dollars or percent; payroll as a percentage of sales; inventory turnover; employee turnover; sales, general and administrative expense; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of Common Stock or any other publicly-traded securities of the Company, if any; market share; gross profits; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; economic value-added models; comparisons with various stock market indices; and/or reductions in costs. The foregoing criteria shall have any reasonable definitions that the Committee may specify, which may include or exclude any or all of the following items as the Committee may specify: extraordinary, unusual or non-recurring items; effects of accounting changes; effects of financing activities; expenses for restructuring or productivity initiatives; other non-operating items; spending for acquisitions; effects of divestitures; and effects of litigation activities and settlements. Any such performance criterion or combination of such criteria may apply to the participant's Award opportunity in its entirety or to any designated portion or portions of the Award opportunity, as the Committee may specify.

All Stock Options and certain Stock Awards, Performance Awards, and Other Awards granted under the 2007 Plan, and the compensation attributable to such Awards, are intended to (i) qualify as Performance-Based Awards or (ii) be otherwise exempt from the deduction limitation imposed by Code Section 162(m).

**Other Stock Based Awards.** Other Stock-Based Awards, which may include performance shares and shares valued by reference to the performance of the Company or any parent or subsidiary of the Company, may be granted either alone or in tandem with other Awards.

**Effect of a Change of Control.** Upon a “Change of Control” (as defined in the 2007 Plan) unless a majority of the Board determines otherwise prior to such Change of Control, generally, all outstanding Stock Options which have been outstanding for at least one year shall become exercisable in full, whether or not exercisable at the time and any such option shall remain exercisable in full until it expires pursuant to its terms and all restrictions and deferral limitations contained in any Restricted Stock Award, Deferred Stock Award and Other Stock-Based Award granted under the 2007 Plan shall lapse.

**Termination of Employment.** The 2007 Plan provides for certain periods after termination of employment during which a participant may exercise a Stock Option if employment is terminated due to death or disability or normal retirement, as defined in the 2007 Plan. A participant whose employment is terminated for any reason, including, without limitation, retirement, death or disability, forfeits all unvested, unexercisable and unearned Awards granted to the participant. Except as set forth above the Board or Committee, as the case may be, shall determine the post employment rights of a participant with respect to an Award that was vested or earned prior to termination. The 2007 Plan’s provisions relating to termination of employment may be modified in the discretion of the Board or Committee.

**Term and Amendment.** No award under the 2007 Plan will be granted after July 10, 2017. The Board may at any time, and from time to time, amend any of the provisions of the 2007 Plan, and may at any time suspend or terminate the 2007 Plan; provided, however, that no such amendment shall be effective unless and until it has been duly approved by the holders of the outstanding shares of Stock if the failure to obtain such approval would adversely affect the compliance of the 2007 Plan with the requirements of Rule 16b-3 or any other applicable law, rule or regulation. The Board or the Committee, as the case may be, may amend the terms of any Stock Option or other award theretofore granted under the Plan; provided, however, that subject to certain provisions of the 2007 Plan, no such amendment may be made by the Board or the Committee, as the case may be, which in any material respect impairs the rights of the Participant without the Participant's consent, except for such amendments which are made to cause the 2007 Plan to qualify for the exemption provided by Rule 16b-3. Moreover, the exercise price of any granted stock option or other stock-based award may not be reduced (including as a result of the substitution of a new option or other stock-based award for a previously granted option or other stock-based award) under the 2007 Plan without stockholder approval except for any reductions required as a result of a merger, reorganization, consolidation, recapitalization, stock dividend, stock split, extraordinary distribution with respect to the Common Stock or other change in corporate structure affecting the Common Stock, and such adjustment is made in order to prevent dilution or enlargement of rights of the holder of the stock option or other stock-based award.

## Summary of U.S. Federal Income Tax Consequences

The following information is not intended to be a complete discussion of the federal income tax consequences of participation in the 2007 Plan and is qualified in its entirety by references to the Code and the regulations adopted under the Code. The provisions of the Code described in this section include current tax law only and do not reflect any proposals to revise current tax law. The federal income tax consequences applicable to officers, directors, and other persons who are subject to potential liability under Section 16(b) of the Exchange Act may be different than the federal income tax consequences applicable to persons who are not subject to Section 16(b). The federal income tax consequences applicable to all persons, whether or not subject to Section 16(b), are described below.

**Incentive Stock Options.** Generally, under the Code, an optionee will not realize taxable income by reason of the grant or exercise of an Incentive Stock Option granted pursuant to the 2007 Plan (see, however, discussion of alternative minimum tax below). If an optionee exercises an Incentive Stock Option and does not dispose of the shares until the later of (i) two years from the date the option was granted and (ii) one year from the date of exercise, the entire gain, if any, realized upon disposition of such shares will be taxable to the optionee as long-term capital gain, and the Company will not be entitled to any deduction. If an optionee disposes of the shares within the period of two years from the date of grant or one year from the date of exercise (referred to as a “disqualifying disposition”), the optionee generally will realize ordinary income in the year of disposition and the Company will receive a corresponding deduction (subject to the limitations contained in Code Section 162(m)) in an amount equal to the excess of (i) the lesser of (a) the amount, if any, realized on the disposition and (b) the fair market value of the shares on the date the option was exercised over (ii) the option price. Any additional gain realized on the disposition will be short-term or long-term capital gain and any loss will be long-term or short-term capital loss. The optionee will be considered to have disposed of a share if he or she sells, exchanges, makes a gift of or transfers legal title to the share (except transfers, among others, by pledge, on death or to a spouse). If the disposition is by sale or exchange, the optionee’s tax basis will equal the amount paid for the shares plus any ordinary income realized as a result of the disqualifying disposition.

The exercise of an Incentive Stock Option may subject the optionee to the so-called “alternative minimum tax” (referred to as “AMT”). The amount by which the fair market value of the shares purchased at the time of the exercise exceeds the option exercise price is an adjustment for purposes of computing the AMT. In the event of a disqualifying disposition of the shares in the same taxable year as exercise of the Incentive Stock Option, no adjustment is then required for purposes of the AMT, but regular income tax, as described above, may result from such disqualifying disposition.

An optionee who surrenders shares as payment of the exercise price of his or her Incentive Stock Option generally will not recognize gain or loss on his or her surrender of such shares. The surrender of shares previously acquired upon exercise of an Incentive Stock Option in payment of the exercise price of another Incentive Stock Option, is, however, a “disposition” of such stock. If the Incentive Stock Option holding period requirements described above have not been satisfied with respect to such stock, such disposition will be a disqualifying disposition that may cause the optionee to recognize ordinary income as discussed above.

Under the Code, all of the shares received by an optionee upon exercise of an Incentive Stock Option by surrendering shares will be subject to the Incentive Stock Option holding period requirements. Of those shares, a number of shares (referred to as the “Exchange Shares”) equal to the number of shares surrendered by the optionee will have the same tax basis for capital gains purposes (increased by any ordinary income recognized as a result of a disqualifying disposition of the surrendered shares if they were Incentive Stock Option shares) and the same capital gains holding period as the shares surrendered.

For purposes of determining ordinary income upon a subsequent disqualifying disposition of the Exchange Shares, the amount paid for such shares will be deemed to be the fair market value of the shares surrendered. The balance of the shares received by the optionee will have a tax basis (and a deemed purchase price) of zero and a capital gains holding period beginning on the date of exercise. The Incentive Stock Option holding period for all shares will be the same as if the option had been exercised for cash.

**Non-Qualified Stock Options.** Generally, there will be no federal income tax consequences to either the optionee or the Company on the grant of Non-Qualified Stock Options pursuant to the Stock Incentive Plan. On the exercise of a Non-Qualified Stock Option, the optionee has taxable ordinary income equal to the excess of the fair market value of the shares acquired on the exercise date over the option price of the shares. The Company will be entitled to a federal income tax deduction (subject to the limitations contained in Code Section 162(m)) in an amount equal to such excess, provided that the Company complies with applicable reporting rules.

Upon the sale of stock acquired by exercise of a Non-Qualified Stock Option, optionees will realize long-term or short-term capital gain or loss depending upon their holding period for such stock. For individuals, capital losses are deductible only to the extent of capital gains for the year plus \$3,000. An optionee who surrenders shares in payment of the exercise price of a Non-Qualified Stock Option will not recognize gain or loss with respect to the shares so delivered unless such shares were acquired pursuant to the exercise of an Incentive Stock Option and the delivery of such shares is a disqualifying disposition. See “Incentive Stock Options.” The optionee will recognize ordinary income on the exercise of the Non-Qualified Stock Option as described above. Of the shares received in such an exchange, that number of shares equal to the number of shares surrendered have the same tax basis and capital gains holding period as the shares surrendered. The balance of shares received will have a tax basis equal to their fair market value on the date of exercise and the capital gains holding period will begin on the date of exercise.

**Stock Awards.** The taxability of a Stock Award to a participant is dependent upon the extent to which the award is restricted on the date of grant. If a Stock Award is either transferable or not subject to a substantial risk of forfeiture, a participant will recognize taxable ordinary income on the date of grant. If a Stock Award is both non-transferable and subject to a substantial risk of forfeiture on the date of grant, then unless an election is made as described below, a participant will not recognize taxable ordinary income on the date of grant, but will at such time or times as the Stock Award becomes either transferable or not subject to a substantial risk of forfeiture in an amount equal to the fair market value of such shares at that time. Within thirty days of receipt of a Stock Award that is not transferable and subject to a substantial risk of forfeiture, a participant may file an election with the Internal Revenue Service to include as taxable ordinary income in the year of receipt an amount equal to the fair market value of the shares subject to the award at the time of receipt. In such event, any subsequent appreciation in the value of such shares will not be taxable as compensation to a participant upon the vesting of shares subject to the award. However, if shares subject to the award are forfeited subsequent to such election, a participant will not be entitled to a tax deduction. For purposes of determining the amount of taxable gain or loss upon a subsequent disposition of shares issued pursuant to such an award, the amount recognized as ordinary income to a participant will be treated as the cost basis for such shares. Shares which are held for more than one year after vesting (or in the event of an election as described above, the date of receipt) generally will qualify for long-term capital gain treatment. The Company will be entitled to a deduction (subject to the limitations contained in Code Section 162(m)) in such amount and at such time as ordinary income becomes taxable to the participant.

**Performance Awards.** The tax consequences of a performance award depend upon the nature of the underlying award and if and when the performance goals are achieved. If a performance award consists of a promise to deliver Common Stock at a future date based upon the satisfaction of certain targets, such awards will be subject to federal income taxation as ordinary income based upon the fair market value of the Common Stock on the date such performance awards are earned by a participant by satisfying the performance targets, provided such awards are not then subject to a substantial risk of forfeiture.

**Company Deduction.** Generally, whenever a participant realizes ordinary income under the Stock Incentive Plan, a corresponding deduction is available to the Company provided the Company complies with certain reporting requirements. Under Code Section 162(m), however, the Company will be denied a deduction for a taxable year for certain compensation exceeding \$1,000,000 paid to the individual who is, as of the end of the taxable year, the Company's Chief Executive Officer or one of the three highest compensated officers for the taxable year whose total compensation is required to be reported to shareholders under the Securities Exchange Act of 1934 by reason of such individuals being among the three highest compensated officers (other than the Chief Executive Officer or the Chief Financial Officer, excluding (among other things) certain performance-based compensation).

An audit committee member may be removed by the Board of Directors at any time in its discretion, whereupon the resulting vacancy may be filled by the Board of Directors upon recommendation of the Nominating and Corporate Governance Committee.

### Specific Responsibilities and Authority

The specific responsibilities and authority of the audit committee shall be as follows:

(A) be directly responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, and each such registered public accounting firm must report directly to the audit committee.

(B) establish procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (ii) the confidential, anonymous submissions by Company employees of concerns regarding questionable accounting or auditing matters;

(C) have the authority to engage independent counsel and other advisers, as it determines necessary to carry out its duties;

(E) ensure its receipt from the Company's outside auditors of a formal written statement delineating all relationships between the auditor and the Company, consistent with the rules of the Public Company Accounting Oversight Board, and actively engaging in a dialogue with the auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditor and for taking, or recommending that the full Board of Directors take, appropriate action to oversee the independence of the outside auditor;

(F) review and reassess the adequacy of the audit committee's charter annually;

(G) comply with all pre-approval requirements of Section 10A(i) of the Securities Exchange Act of 1934 and all SEC rules relating to the administration by the audit committee of the auditor engagement to the extent necessary to maintain the independence of the auditor as set forth in 17 CFR Part 210.2-01(c)(7);

(H) if no other committee of the Board has been delegated with the responsibility for reviewing any transaction between the Company and any related person that are required to be disclosed pursuant to SEC Regulation S-K, item 404 and any successor rule ("Item 404") and reviewing other related person transactions for potential conflicts of interest, the audit committee shall conduct such review. The terms "related person" and "transaction" shall have the meanings given to such terms in Item 404, as may be amended from time to time;

and

(I) make such other recommendations to the Board of Directors on such matters, within the scope of its function, as may come to its attention and which in its discretion warrant consideration by the Board.

#### Meetings

The audit committee shall meet at least two times per year, or more frequently as circumstances require. One or more meetings may be conducted in whole or in part by telephone conference call or similar means if it is impracticable to obtain the personal presence of each audit committee member. The Company shall make available to the audit committee, at its meetings and otherwise, such individuals and entities as may be designated from time to time by the audit committee, such as members of management including (but not limited to) the internal audit and accounting staff, the independent auditors, inside and outside counsel, and other individuals or entities (whether or not employed by the Company and including any corporate governance employees and individuals or entities performing internal audit or other services as independent contractors).

#### Delegation

Any duties and responsibilities of the audit committee, including, but not limited to, the authority to pre-approve all audit and permitted non-audit services, may be delegated to one or more members of the audit committee or a subcommittee of the audit committee.

#### Limitations

The audit committee is responsible for the duties and responsibilities set forth in this charter, but its role is oversight and therefore it is not responsible for either the preparation of the Company's financial statements or the auditing of the Company's financial statements. The members of the audit committee are not employees of the Company and may not be accountants or auditors by profession or experts in accounting or auditing. Management of the Company has the responsibility for preparing the financial statements and implementing internal controls over financial reporting and the independent auditors have the responsibility for auditing the financial statements and monitoring the effectiveness of the internal controls, subject, in each case, to the oversight of the audit committee described in this charter. The review of the financial statements by the audit committee is not of the same character or quality as the audit performed by the independent auditors. The oversight exercised by the audit committee is not a guarantee that the financial statements will be free from mistake or fraud. In carrying out its responsibilities, the audit committee believes its policies and procedures should remain flexible in order to best react to a changing environment.

## Section 2. Administration.

The Plan shall be administered by the Board, or at its discretion, the Committee, the membership of which shall consist solely of two or more members of the Board, each of whom shall serve at the pleasure of the Board and to the extent practicable, shall be a "Non-Employee Director," as defined in Rule 16b-3 and shall be at all times constituted so as not to adversely affect the compliance of the Plan with the requirements of Rule 16b-3 or with the requirements of any other applicable law, rule or regulation. To extent practicable, the members of the Committee shall each be an "outside director" within the meaning of Section 162(m) of the Code and the regulations thereunder.

The Board or the Committee, as the case may be, shall have the authority to grant, pursuant to the terms of the Plan, to officers and other employees or other persons eligible under Section 4 below: (i) Stock Options, (ii) Restricted Stock, (iii) Deferred Stock, and/or (iv) Other Stock-Based Awards.

For purposes of illustration and not of limitation, the Board or the Committee, as the case may be, shall have the authority (subject to the express provisions of the Plan):

- (i) to select the officers, other employees of the Company or any Parent or Subsidiary and other persons to whom Stock Options, Restricted Stock, Deferred Stock and/or Other Stock-Based Awards may be from time to time granted hereunder;
- (ii) to determine the Incentive Stock Options, Non-Qualified Stock Options, Restricted Stock, Deferred Stock and/or Other Stock-Based Awards, or any combination thereof, if any, to be granted hereunder to one or more eligible persons;
- (iii) to determine the number of shares of Stock to be covered by each award granted hereunder;
- (iv) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any award granted hereunder (including, but not limited to, share price, any restrictions or limitations, and any vesting acceleration, exercisability and/or forfeiture provisions);

- (v) to determine the terms and conditions under which awards granted hereunder are to operate on a tandem basis and/or in conjunction with or apart from other awards made by the Company or any Parent or Subsidiary outside of the Plan;
- (vi) to substitute (A) new Stock Options for previously granted Stock Options, including previously granted Stock Options having higher option exercise or purchase prices and/or containing other less favorable terms, provided, however, that no such substitution shall result in the reduction of the exercise price of a previously granted Stock Option without stockholder approval and (B) new awards of any other type for previously granted awards of the same type, including previously granted awards which contain less favorable terms provided, however, the exercise price of any new Other Stock-Based Award may not be reduced without stockholder approval. Notwithstanding the foregoing, no stockholder approval shall be required to reduce the exercise price of a previously granted Stock Option or Other Stock-Based Award as a result of a merger, reorganization, consolidation, recapitalization, stock dividend, stock split, extraordinary distribution with respect to the Stock or other change in corporate structure affecting the Stock, and such adjustment is made in order to prevent dilution or enlargement of rights of the holder of the Stock Option or Other Stock- Based Award as provided in Section 3 hereof.

Subject to Section 11 hereof, the Board or the Committee, as the case may be, shall have the authority to (i) adopt, alter and repeal such administrative rules, guidelines and practices governing the Plan as it shall, from time to time, deem advisable, (ii) interpret the terms and provisions of the Plan and any award issued under the Plan (and to determine the form and substance of all agreements relating thereto), and (iii) to otherwise supervise the administration of the Plan.

Subject to the provisions of the Plan and notwithstanding anything to the contrary above, the Board or the Committee, as the case may be, may, in its sole discretion, from time to time delegate to the Chief Executive Officer of the Company (the "CEO") or the Chief Financial Officer of the Company (the "CFO") the authority, subject to such terms as the Board or the Committee, as the case may be, shall determine, to determine and designate from time to time the employees or other persons to whom awards under the Plan may be granted and to perform other specified functions under the Plan; provided, however, that the CEO or CFO, as the case may be, may not grant any award to, or perform any function related to an award to, himself or herself, as the case may be, or any individual (i) who is an executive officer of the Company or (ii) then subject to Section 16 of the Exchange Act or (iii) who is or, in the determination of the Board or the Committee, as the case may be, may become a Covered Employee, and any such grant or function relating to such individuals shall be performed solely by the Board or the Committee, as the case may be, to ensure compliance with the applicable requirements of the Exchange Act and the Code or (iv) where the grant or performance of such function by the CEO or CFO will cause the Plan not to comply with any applicable regulation of any securities exchange or automated quotation system where the Stock is listed for trading.

Any such delegation of authority by the Board or the Committee, as the case may be, shall be by a resolution adopted by the Board or the Committee, as the case may be, and shall specify all of the terms and conditions of the delegation. The resolution of the Board or the Committee, as the case may be, granting such authority may authorize the CEO or CFO to grant awards pursuant to the Plan and may set forth the types of awards that may be granted; provided, however, that the resolution shall (i) specify the maximum number of shares of Stock that may be awarded to any individual Plan participant and to all participants during a specified period of time and (ii) specify the exercise price (or the method for determining the exercise price) of an award, the vesting schedule, and any other terms, conditions, or restrictions that may be imposed by the Board or the Committee, as the case may be, in its sole discretion. The resolution of the Board or the Committee, as the case may be, shall also require the CEO or CFO, as the case may be, to provide the Board or the Committee, as the case may be, on at least a monthly basis, a report that identifies the awards granted pursuant to the delegated authority and, with respect to each award: the name of the participant, the date of grant of the award, the number of shares of Stock subject to the award, the exercise period and exercise price, if any and vesting provisions of such award. All awards granted pursuant to delegated authority are subject to the resolutions of the Board or the Committee, as the case may be, granting such authority.

The Board or the Committee, or the case may be, may also delegate to other officers of the Company, pursuant to a written delegation, the authority to perform specified functions under the Plan that are not inconsistent with Rule 16b-3 or other rules or regulations applicable to the Plan. Any actions taken by any officers of the Company pursuant to such written delegation of authority shall be deemed to have been taken by the Board or Committee, as the case may be.

Subject to the express provisions of the Plan, all decisions made by the Board or the Committee, as the case may be, pursuant to the provisions of the Plan shall be made in the Board or the Committee's sole and absolute discretion and shall be final and binding upon all persons, including the Company, its Parent and Subsidiaries and the Plan Participants.

### Section 3. Stock Subject to Plan.

The total number of shares of Stock reserved and available for distribution under the Plan shall be 5,250,000 shares. Such shares may consist, in whole or in part, of authorized and unissued shares or treasury shares.

If any shares of Stock that have been optioned cease to be subject to a Stock Option award for any reason (other than by issuance of such shares upon exercise of a Stock Option), or if any shares of Stock that are subject to any Restricted Stock award, Deferred Stock award or Other Stock-Based award are forfeited or any such award otherwise terminates without the issuance of such shares such shares shall again be available for distribution under the Plan. Without limiting the foregoing, (i) any shares of Stock subject to an award that remain unissued upon the cancellation, surrender, exchange or termination of such award without having been exercised or settled, (ii) any shares of Stock subject to an award that are retained by the Company as payment of the exercise price or tax withholding obligations with respect to an award and (iii) any shares of Stock equal to the number of previously owned shares of Stock surrendered to the Company as payment of the exercise price of a Stock Option or to satisfy tax withholding obligations with respect to an award, shall again be available for distribution under the Plan.

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, stock split, extraordinary distribution with respect to the Stock or other change in corporate structure affecting the Stock, such substitution or adjustments shall be made in the (A) aggregate number of shares of Stock reserved for issuance under the Plan, (B) number, kind and exercise price of shares of Stock subject to outstanding Options granted under the Plan, and (C) number, kind, purchase price and/or appreciation base of shares of Stock subject to other outstanding awards granted under the Plan, as may be determined to be appropriate by the Board or the Committee, as the case may be, in order to prevent dilution or enlargement of rights; provided, however, that the number of shares of Stock subject to any award shall always be a whole number. Such adjusted exercise price shall also be used to determine the amount which is payable to the optionee upon the exercise by the Board or the Committee, as the case may be, of the alternative settlement right which is set forth in Section 5(b)(xi) below.

Subject to the provisions of the immediately preceding paragraph, the maximum number of shares of Stock with respect to which Options, Deferred Stock, Restricted Stock or Other Stock-Based Awards may be granted or measured to any Participant under the Plan during any calendar year or part thereof shall not exceed 800,000 shares. The maximum number of shares of Stock with respect to which Incentive Stock Options may be granted under the Plan shall be 2,250,000 shares of Stock.

#### Section 4. Eligibility.

Officers and other employees of the Company or any Parent or Subsidiary (but excluding any person whose eligibility would adversely affect the compliance of the Plan with the requirements of Rule 16b-3) who are at the time of the grant of an award under the Plan employed by the Company or any Parent or Subsidiary and who are responsible for or contribute to the management, growth and/or profitability of the business of the Company or any Parent or Subsidiary are eligible to be granted Options and awards under the Plan. In addition, Non-Qualified Stock Options and other awards may be granted under the Plan to any person, including, but not limited to, directors, independent agents, consultants and attorneys who the Board or the Committee, as the case may be, believes has contributed or will contribute to the success of the Company. Eligibility under the Plan shall be determined by the Board or the Committee, as the case may be.

The Board or the Committee, as the case may be, may, in its sole discretion, include additional conditions and restrictions in the agreement entered into in connection with such awards under the Plan. The grant of an Option or other award under the Plan, and any determination made in connection therewith, shall be made on a case by case basis and can differ among optionees and grantees. The grant of an Option or other award under the Plan is a privilege and not a right and the determination of the Board or the Committee, as the case may be, can be applied on a non-uniform (discretionary) basis.

Section 5. Stock Options.

(a) Grant and Exercise. Stock Options granted under the Plan may be of two types: (i) Incentive Stock Options and (ii) Non-Qualified Stock Options. Any Stock Option granted under the Plan shall contain such terms as the Board or the Committee, as the case may be, may from time to time approve. The Board or the Committee, as the case may be, shall have the authority to grant to any optionee Incentive Stock Options, Non-Qualified Stock Options, or both types of Stock Options, and they may be granted alone or in addition to other awards granted under the Plan. To the extent that any Stock Option is not designated as an Incentive Stock Option or does not qualify as an Incentive Stock Option, it shall constitute a Non-Qualified Stock Option. The grant of an Option shall be deemed to have occurred on the date on which the Board or the Committee, as the case may be, by resolution, designates an individual as a grantee thereof, and determines the number of shares of Stock subject to, and the terms and conditions of, said Option.

Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options or any agreement providing for Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of the optionee(s) affected, to disqualify any Incentive Stock Option under said Section 422.

(b) Terms and Conditions. Stock Options granted under the Plan shall be subject to the following terms and conditions:

(i) Option Price. The option price per share of Stock purchasable under a Stock Option shall be determined by the Board or the Committee, as the case may be, at the time of grant but as to Incentive Stock Options and Non-Qualified Stock Options shall be not less than 100% (110% in the case of an Incentive Stock Option granted to an optionee ("10% Stockholder") who, at the time of grant, owns Stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or its Parent, if any, or its Subsidiaries) of the Fair Market Value of the Stock at the time of grant.

(ii) Option Term. The term of each Stock Option shall be fixed by the Board or the Committee, as the case may be, but no Incentive Stock Option shall be exercisable more than ten years (five years, in the case of an Incentive Stock Option granted to a 10% Stockholder) after the date on which the Option is granted.

- (iii) **Exercisability.** Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Board or the Committee, as the case may be. If the Board or the Committee, as the case may be, provides, in its discretion, that any Stock Option is exercisable only in installments, the Board or the Committee, as the case may be, may waive such installment exercise provisions at any time at or after the time of grant in whole or in part, based upon such factors as the Board or the Committee, as the case may be, shall determine.
- (iv) **Method of Exercise.** Subject to whatever installment, exercise and waiting period provisions are applicable in a particular case, Stock Options may be exercised in whole or in part at any time during the option period by giving written notice of exercise to the Company specifying the number of shares of Stock to be purchased. Such notice shall be accompanied by payment in full of the exercise price for the Stock Options exercised, which shall be in cash or, if provided in the Stock Option agreement referred to in Section 5(b)(xii) below or otherwise provided by the Board, or Committee, as the case may be, either at or after the date of grant of the Stock Option, in whole shares of Stock which are already owned by the holder of the Option or partly in cash and partly in such Stock. Cash payments shall be made by wire transfer, certified or bank check or personal check, in each case payable to the order of the Company; provided, however, that the Company shall not be required to deliver certificates for shares of Stock with respect to which an Option is exercised until the Company has confirmed the receipt of good and available funds in payment of the purchase price thereof. If permitted, payments of the exercise price and any tax required to be withheld by the Company in the form of Stock (which shall be valued at the Fair Market Value of a share of Stock on the date of exercise) shall be made by delivery of stock certificates in negotiable form which are effective to transfer good and valid title thereto to the Company, free of any liens or encumbrances. In addition to the foregoing, payment of the exercise price may be made by delivery to the Company by the optionee of an executed exercise form, together with irrevocable instructions to a broker-dealer to sell or margin a sufficient portion of the shares covered by the option and deliver the sale or margin loan proceeds directly to the Company. Except as otherwise expressly provided in the Plan or in the Stock Option agreement referred to in Section 5(b)(xii) below or otherwise provided by the Board or Committee, as the case may be, either at or after the date of grant of the Option, no Option which is granted to a person who is at the time of grant an employee of the Company or of a Subsidiary or Parent of the Company may be exercised at any time unless the holder thereof is then an employee of the Company or of a Parent or a Subsidiary. The holder of an Option shall have none of the rights of a stockholder with respect to the shares subject to the Option until the optionee has given written notice of exercise, has paid in full for those shares of Stock and, if requested by the Board or Committee, as the case may be, has given the representation described in Section 13(a) below.

- (v) Transferability; Exercisability. No Stock Option shall be transferable by the optionee other than by will or by the laws of descent and distribution, except as may be otherwise provided with respect to a Non-Qualified Option pursuant to the specific provisions of the Stock Option agreement pursuant to which it was issued as referred to in Section 5(b)(xii) below (which agreement may be amended, from time to time). Except as otherwise provided in the Stock Option agreement relating to a Non-Qualified Stock Option, all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee or his or her guardian or legal representative.
- (vi) Termination by Reason of Death. Subject to Section 5(b)(x) below, if an optionee's employment by the Company or any Parent or Parent or Subsidiary terminates by reason of death, any Stock Option held by such optionee may thereafter be exercised, to the extent then exercisable or on such accelerated basis as the Board or Committee, as the case may be, may determine at or after the time of grant, for a period of one year (or such other period as the Board or the Committee, as the case may be, may specify at or after the time of grant) from the date of death or until the expiration of the stated term of such Stock Option, whichever period is the shorter.
- (vii) Termination by Reason of Disability. Subject to Section 5(b)(x) below, if an optionee's employment by the Company or any Parent or Subsidiary terminates by reason of Disability, any Stock Option held by such optionee may thereafter be exercised by the optionee, to the extent it was exercisable at the time of termination or on such accelerated basis as the Board or the Committee, as the case may be, may determine at or after the time of grant, for a period of one year (or such other period as the Board or the Committee, as the case may be, may specify at or after the time of grant) from the date of such termination of employment or until the expiration of the stated term of such Stock Option, whichever period is the shorter; provided, however, that if the optionee dies within such one year period (or such other period as the Board or the Committee, as the case may be, shall specify at or after the time of grant), any unexercised Stock Option held by such optionee shall thereafter be exercisable to the extent to which it was exercisable at the time of death for a period of one year from the date of death or until the expiration of the stated term of such Stock Option, whichever period is the shorter.

- (viii) Termination by Reason of Retirement. Subject to Section 5(b)(x) below, if an optionee's employment by the Company or any Parent or Subsidiary terminates by reason of Normal Retirement, any Stock Option held by such optionee may thereafter be exercised by the optionee, to the extent it was exercisable at the time of termination or on such accelerated basis as the Board or the Committee, as the case may be, may determine at or after the time of grant, for a period of one year (or such other period as the Board or the Committee, as the case may be, may specify at or after the time of grant) from the date of such termination of employment or the expiration of the stated term of such Stock Option, whichever period is the shorter; provided, however, that if the optionee dies within such one year period (or such other period as the Board or the Committee, as the case may be, shall specify at or after the date of grant), any unexercised Stock Option held by such optionee shall thereafter be exercisable to the extent to which it was exercisable at the time of death for a period of one year from the date of death or until the expiration of the stated term of such Stock Option, whichever period is the shorter. If an optionee's employment with the Company or any Parent or Subsidiary terminates by reason of Early Retirement, the Stock Option shall thereupon terminate; provided, however, that if the Board or the Committee, as the case may be, so approves at the time of Early Retirement, any Stock Option held by the optionee may thereafter be exercised by the optionee as provided above in connection with termination of employment by reason of Normal Retirement.
- (ix) Other Termination. Subject to the provisions of Section 13(g) below and unless otherwise determined by the Board or Committee, as the case may be, at or after the time of grant, if an optionee's employment by the Company or any Parent or Subsidiary terminates for any reason other than death, Disability or Retirement, the Stock Option shall thereupon automatically terminate, except that if the optionee is involuntarily terminated by the Company or any Parent or a Subsidiary without Cause (as hereinafter defined), such Stock Option may be exercised for a period of three months (or such other period as the Board or the Committee, as the case may be, shall specify at or after the time of grant) from the date of such termination or until the expiration of the stated term of such Stock Option, whichever period is shorter. For purposes of the Plan, "Cause" shall mean (1) the conviction of the optionee of a felony under Federal law or the law of the state in which such action occurred, (2) dishonesty by the optionee in the course of fulfilling his or her employment duties, or (3) the failure on the part of the optionee to perform his or her employment duties in any material respect. In addition, with respect to an option granted to an employee of the Company, a Parent or a Subsidiary, for purposes of the Plan, "Cause" shall also include any definition of "Cause" contained in any employment agreement between the optionee and the Company, Parent or Subsidiary, as the case may be.

- (x) Additional Incentive Stock Option Limitation. In the case of an Incentive Stock Option, the aggregate Fair Market Value of Stock (determined at the time of grant of the Option) with respect to which Incentive Stock Options are exercisable for the first time by an optionee during any calendar year (under all such plans of optionee's employer corporation and its Parent and Subsidiaries) shall not exceed \$100,000.
- (xi) Alternative Settlement of Option. If provided for, upon the receipt of written notice of exercise or otherwise provided for by the Board or Committee, as the case may be, either at or after the time of grant of the Stock Option, the Board or the Committee, as the case may be, may elect to settle all or part of any Stock Option by paying to the optionee an amount, in cash or Stock (valued at Fair Market Value on the date of exercise), equal to the product of the excess of the Fair Market Value of one share of Stock, on the date of exercise over the Option exercise price, multiplied by the number of shares of Stock with respect to which the optionee proposes to exercise the Option. Any such settlements which relate to Options which are held by optionees who are subject to Section 16(b) of the Exchange Act shall comply with any "window period" provisions of Rule 16b-3, to the extent applicable, and with such other conditions as the Board or Committee, as the case may be, may impose.
- (xii) Stock Option Agreement. Each grant of a Stock Option shall be confirmed by, and shall be subject to the terms of, an agreement executed by the Company and the Participant.

#### Section 6. Restricted Stock.

- (i) Grant and Exercise. Shares of Restricted Stock may be issued either alone or in addition to or in tandem with other awards granted under the Plan. The Board or the Committee, as the case may be, shall determine the eligible persons to whom, and the time or times at which, grants of Restricted Stock will be made, the number of shares to be awarded, the price (if any) to be paid by the recipient, the time or times within which such awards may be subject to forfeiture (the "Restriction Period"), the vesting schedule and rights to acceleration thereof, and all other terms and conditions of the awards. The Board or the Committee, as the case may be, may condition the grant of Restricted Stock upon the attainment of such factors as the Board or the Committee, as the case may be, may determine.
- (b) Terms and Conditions. Each Restricted Stock award shall be subject to the following terms and conditions:

- (i) Restricted Stock, when issued, shall either be issued in book-entry form or will be represented by a stock certificate or certificates registered in the name of the holder to whom such Restricted Stock shall have been awarded. During the Restriction Period, any certificates representing the Restricted Stock and any securities constituting Retained Distributions (as defined below) shall bear a restrictive legend to the effect that ownership of the Restricted Stock (and such Retained Distributions), and the enjoyment of all rights related thereto, are subject to the restrictions, terms and conditions provided in the Plan and the Restricted Stock agreement referred to in Section 6(b)(iv) below. Any such certificates shall be deposited by the holder with the Company, together with stock powers or other instruments of assignment, endorsed in blank, which will permit transfer to the Company of all or any portion of the Restricted Stock and any securities constituting Retained Distributions that shall be forfeited or that shall not become vested in accordance with the Plan and the applicable Restricted Stock agreement.
- (ii) Restricted Stock shall constitute issued and outstanding shares of Common Stock for all corporate purposes, and the issuance thereof shall be made for at least the minimum consideration (if any) necessary to permit the shares of Restricted Stock to be deemed to be fully paid and nonassessable. Unless the Board or Committee determines otherwise, the holder will have the right to vote such Restricted Stock, to receive and retain all regular cash dividends and other cash equivalent distributions as the Board may in its sole discretion designate, pay or distribute on such Restricted Stock and to exercise all other rights, powers and privileges of a holder of Stock with respect to such Restricted Stock, with the exceptions that (A) the holder will not be entitled to delivery of the stock certificate or certificates representing such Restricted Stock until the Restriction Period shall have expired and unless all other vesting requirements with respect thereto shall have been fulfilled; (B) the Company will retain custody of the stock certificate or certificates representing the Restricted Stock during the Restriction Period; (C) other than regular cash dividends and other cash equivalent distributions as the Board may in its sole discretion designate, pay or distribute, the Company will retain custody of all distributions ("Retained Distributions") made or declared with respect to the Restricted Stock (and such Retained Distributions will be subject to the same restrictions, terms and conditions as are applicable to the Restricted Stock) until such time, if ever, as the Restricted Stock with respect to which such Retained Distributions shall have been made, paid or declared shall have become vested and with respect to which the Restriction Period shall have expired; (D) the holder may not sell, assign, transfer, pledge, exchange, encumber or dispose of the Restricted Stock or any Retained Distributions during the Restriction Period; and (E) a breach of any of the restrictions, terms or conditions contained in the Plan or the Restricted Stock agreement referred to in Section 6(b)(iv) below, or otherwise established by the Board or Committee, as the case may be, with respect to any Restricted Stock or Retained Distributions will cause a forfeiture of such Restricted Stock and any Retained Distributions with respect thereto.

(iii) Upon the expiration of the Restriction Period with respect to each award of Restricted Stock and the satisfaction of any other applicable restrictions, terms and conditions (A) all or part of such Restricted Stock shall become vested in accordance with the terms of the Restricted Stock agreement referred to in Section 6(b)(iv) below, and (B) any Retained Distributions with respect to such Restricted Stock shall become vested to the extent that the Restricted Stock related thereto shall have become vested. Any such Restricted Stock and Retained Distributions that do not vest shall be forfeited to the Company and the holder shall not thereafter have any rights with respect to such Restricted Stock and Retained Distributions that shall have been so forfeited.

(iv) Each Restricted Stock award shall be confirmed by, and shall be subject to the terms of, an agreement executed by the Company and the Participant.

(c) Restricted Stock Deferrals

(i) Deferral Agreement

A Participant who may be or has been awarded Restricted Stock by the Company may make a deferral election under the Plan by completing and submitting to the Company a written Stock Deferral Agreement provided by the Company during the enrollment period. The Stock Deferral Agreement must comply with the timing conditions of Section (ii) below. The Stock Deferral Agreement shall indicate: (1) the number of shares of Restricted Stock a Participant elects to defer, (2) the disposition of dividend equivalents, and (3) the Participant's election of a payment schedule for his or her Deferred Restricted Stock Account. Notwithstanding any provision to the contrary in this Plan, a Participant's Deferred Restricted Stock Account is payable solely in shares of the Company's common stock (with any fractional share paid in cash). Dividend equivalent payments shall be made with respect to Stock Units, as defined in Section (iv) below, credited to a Participant's Deferred Restricted Stock Account in the amount that would have been paid (or reinvested) as a dividend if each Stock Unit were a share of common stock of the Company. Subject to the participant's election in Section 6(c)(i)(2) hereof, any such dividend equivalent shall be credited to the Participant's Deferred Restricted Stock Account. The number of Stock Units into which the dividend equivalents are converted shall be calculated based on the price per share of the Stock of the Company as of the date the dividend is paid.

(ii) Timing of Stock Deferral Agreement

A deferral election relating to Restricted Stock will be invalid unless the election satisfies one of the following conditions:

(1) The election may be made at any time that is no later than December 31 of the year prior to the year in which the Restricted Stock is granted or, with respect to Restricted Stock that is subject to a vesting period of at least twelve (12) months, the election made on or before the thirtieth (30th) day after the Participant is granted the Restricted Stock and further provided that the election is made at least twelve (12) months in advance of the earliest date on which the vesting period could expire. Notwithstanding the foregoing to the contrary, a Participant shall not be permitted to elect to defer the receipt of Restricted Stock unless such election complies with Code Section 409A and Treasury Regulations, IRS Rulings and IRS Notices issued thereunder (a "Pre-Grant Stock Deferral Election");

(2) The election may be made later than the time or times set forth in (1) above, provided the deferral election period shall occur during the period which is at least twelve (12) months prior to the date on which the Restricted Stock becomes vested (a “Post-Grant Stock Deferral Election”). Any Post-Grant Stock Deferral Election must indicate a distribution date that is at least five (5) years later than the vesting date of the related Restricted Stock; or

(3) In the case of Restricted Stock that qualify as performance-based under Code Section 409A, the election may be made no later than six (6) months prior to the vesting date of the Restricted Stock (a “Performance-Based Stock Deferral Election”).

(iii) Effect of Deferral Election

Except as provided in Section 6(c)(vi) regarding changing a payment schedule election, deferral elections are irrevocable.

(iv) Additional Effect of Deferral Election on Restricted Stock

When a Participant makes a deferral election for Restricted Stock, such Participant shall continue to hold (or otherwise be credited with ownership of) the shares of Restricted Stock which are subject to the election, and remains able to exercise all rights of ownership accorded to him or her as the owner of unvested Restricted Stock with respect to such shares, as set forth in the Participant’s underlying Restricted Stock award agreement, until the day immediately prior to the “vesting date” of such deferred Restricted Stock shares. During such period, any dividends declared with respect to such deferred Restricted Stock shares shall be distributed in accordance with the provisions of the plan pursuant to which the Restricted Stock is granted (e.g., paid in cash to the Participant or reinvested in Stock), as provided in the Company’s Restricted Stock agreement.

On the day immediately prior to the “vesting date” of the deferred Restricted Stock shares subject to the stock deferral election, such shares are deemed to be surrendered to the Company by the Participant, and exchanged for stock units (“Stock Units”) which are simultaneously “deferred” (and credited to the Participant’s Deferred Restricted Stock Account pursuant to provisions of the Plan).

(v) Effect of FICA/FUTA Obligation

As of the applicable vesting date, Restricted Stock is subject to taxation under the Federal Insurance Contribution Act (“FICA”) and the Federal Unemployment Tax Act (“FUTA”). The Company, without the Participant’s consent, may satisfy the Company’s withholding obligation for FICA and FUTA taxes payable by the Participant with respect to the Restricted Stock by withholding from the deferral and thus reducing the deferral amount.

(vi)

Changing Payment Schedule Election

With respect to the portion of a Participant's Account that is a Post-Grant Stock Deferral Election, the Participant shall be permitted to change his or her payment schedule election at any time, but only if: (1) such subsequent election may not take effect until at least twelve (12) months after the date on which it is made, (2) if such subsequent election relates to a payment not made on account of the Participant's death, disability or Unforeseeable Emergency, the payment with respect to which such election is made must be deferred for a period of not less than five (5) years from the date such payment would otherwise have been made, and (3) any subsequent election related to a payment described in Code Section 409A(2)(A)(iv) may not be made less than twelve (12) months prior to the date of the first scheduled payment.

With respect to the portion of a Participant's Account that is a Pre-Grant Stock Deferral Election or a Performance-Based Stock Deferral Election, the Participant shall be permitted to change his or her payment schedule election at any time by filing a new Stock Deferral Agreement, provided such election is made in accordance with the paragraph above, or prior to the time at which the election to defer the Restricted Stock must be made pursuant to a Pre-Grant Stock Deferral Election (Section 6(c)(ii)(1)) or a Performance-Based Stock Deferral Election (Section 6(c)(ii)(3)), as applicable.

Section 7. Deferred Stock.

- (a) Grant and Exercise. Deferred Stock may be awarded either alone or in addition to or in tandem with other awards granted under the Plan. The Board or the Committee, as the case may be, shall determine the eligible persons to whom and the time or times at which Deferred Stock shall be awarded, the number of shares of Deferred Stock to be awarded to any person, the duration of the period (the "Deferral Period") during which, and the conditions under which, receipt of the Deferred Stock will be deferred, and all the other terms and conditions of the awards. The Board or the Committee, as the case may be, may condition the grant of the Deferred Stock upon the attainment of such factors or criteria as the Board or the Committee, as the case may be, shall determine.
- (b) Terms and Conditions. Each Deferred Stock award shall be subject to the following terms and conditions:
  - (i) Subject to the provisions of the Plan and Deferred Stock agreement referred to in Section 7(b)(viii) below, Deferred Stock awards may not be sold, assigned, transferred, pledged or otherwise encumbered during the Deferral Period. At the expiration of the Deferral Period (or the Additional Deferral Period referred to in Section 7(b)(vii) below, where applicable), share certificates shall be delivered to the Participant, or his legal representative, in a number equal to the shares of Stock covered by the Deferred Stock award.

- (ii) As determined by the Board or the Committee, as the case may be, at the time of award, amounts equal to any dividends declared during the Deferral Period (or the Additional Deferral Period referred to in Section 7(b)(vi) below, where applicable) with respect to the number of shares covered by a Deferred Stock award may be paid to the Participant currently or deferred and deemed to be reinvested in additional Deferred Stock.
- (iii) Subject to the provisions of the Deferred Stock agreement referred to in Section 7(b)(viii) below and this Section 7 and Section 13(g) below, upon termination of a Participant's employment with the Company or any Parent or Subsidiary for any reason during the Deferral Period (or the Additional Deferral Period referred to in Section 7(b)(vii) below, where applicable) for a given award, the Deferred Stock in question will vest or be forfeited in accordance with the terms and conditions established by the Board or the Committee, as the case may be, at the time of grant.
- (iv) The Board or the Committee, as the case may be, may, after grant, accelerate the vesting of all or any part of any Deferred Stock award.
- (v) In the event of an Unforeseen Emergency of a Participant whose employment with the Company or any Parent or Subsidiary is involuntarily terminated (other than for Cause), the Board or the Committee, as the case may be, may, at the request of the Participant, waive in whole or in part any or all of the remaining deferral limitations imposed hereunder or pursuant to the Deferred Stock agreement referred to in Section 7(b)(viii) below with respect to any or all of the Participant's Deferred Stock.
- (vi) In the event of the Participant's Retirement, Disability or death, or in cases of an Unforeseen Emergency, the Board or the Committee, as the case may be, shall waive in whole or in part any or all of the limitations imposed hereunder (if any) with respect to any or all of a Deferred Stock award.
- (vii) In the event of the Participant's Retirement, Disability, death, or a 409A Change, or in cases of an Unforeseen Emergency, the Board or the Committee, as the case may be, shall waive the limitations imposed hereunder (if any) with respect to a 409A Deferred Stock Award.
- (viii) A Participant and/or the Board or the Committee, as the case may be, may elect to defer the receipt of an award (or an installment of an award) for an additional specified period or until a specified period or until a specified event (the "Additional Deferral Period"); provided however, that (i) such subsequent election may not take effect until at least twelve (12) months after the date on which it is made, (ii) if such subsequent election relates to a payment not made on account of the Participant's death, disability or Unforeseen Emergency, the payment with respect to which such election is made must be deferred for a period of not less than five (5) years from the date such payment would otherwise have been made, and (iii) any subsequent election related to a payment described in Code Section 409A(2)(A)(iv) may not be made less than twelve (12) months prior to the date of the first scheduled payment.

- (ix) Each Deferred Stock award shall be confirmed by, and shall be subject to the terms of, an agreement executed by the Company and the Participant.

Section 8. Other Stock-Based Awards.

- (a) Grant and Exercise. Other Stock-Based Awards, which may include performance shares and shares valued by reference to the performance of the Company or any Parent or Subsidiary, may be granted either alone or in addition to or in tandem with Stock Options, Restricted Stock or Deferred Stock. The Board or the Committee, as the case may be, shall determine the eligible persons to whom, and the time or times at which, such awards shall be made, the number of shares of Stock to be awarded pursuant to such awards, and all other terms and conditions of the awards. The Board or the Committee, as the case may be, may also provide for the grant of Stock under such awards upon the completion of a specified performance period.
- (b) Terms and Conditions. Each Other Stock-Based Award shall be subject to the following terms and conditions:
  - (i) Shares of Stock subject to an Other Stock-Based Award may not be sold, assigned, transferred, pledged or otherwise encumbered prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction or period of deferral lapses.
  - (ii) The recipient of an Other Stock-Based Award shall be entitled to receive, currently or on a deferred basis, dividends or dividend equivalents with respect to the number of shares covered by the award, as determined by the Board or the Committee, as the case may be, at the time of the award. The Board or the Committee, as the case may be, may provide that such amounts (if any) shall be deemed to have been reinvested in additional Stock.
  - (iii) Any Other Stock-Based Award and any Stock covered by any Other Stock-Based Award shall vest or be forfeited to the extent so provided in the award agreement referred to in Section 8(b)(v) below, as determined by the Board or the Committee, as the case may be.
  - (iv) In the event of the Participant's Retirement, Disability or death, or in cases of an Unforeseen Emergency, the Board or the Committee, as the case may be, shall waive in whole or in part any or all of the limitations imposed hereunder (if any) with respect to any or all of an Other Stock-Based Award.
  - (v) Each Other Stock-Based Award shall be confirmed by, and shall be subject to the terms of, an agreement executed by the Company and by the Participant.

Section 9. Performance-Based Awards

(a) In General. All Options and certain Restricted Stock awards, Deferred Stock awards, and Other Stock-Based Awards granted under the Plan, and the compensation attributable to such awards, are intended to (i) qualify as Performance-Based Awards (as defined in the next sentence) or (ii) be otherwise exempt from the deduction limitation imposed by Section 162(m) of the Code. Certain Awards granted under the Plan may be granted in a manner such that Awards qualify as “performance-based compensation” (as such term is used in Section 162(m) of the Code and the regulations thereunder) and thus be exempt from the deduction limitation imposed by Section 162(m) of the Code (“Performance-Based Awards”). Awards may only qualify as Performance-Based Awards if they are granted by Committee at a time when the Committee is comprised solely of two or more “outside directors” (as such term is used in Section 162(m) of the Code and the regulations thereunder) (“Qualifying Committee”).

(b) Options. Stock Options granted under the Plan with an exercise price at or above the Fair Market Value of Common Stock on the date of grant should qualify as Performance-Based Awards.

(c) Other Performance-Based Awards. Restricted Stock awards, Deferred Stock awards, and Other Stock-Based Awards granted under the Plan should qualify as Performance-Based Awards if, as determined by a Qualifying Committee, in its discretion, either the granting of such award is subject to the achievement of a performance target or targets based on one or more of the performance measures specified in Section 9(d) below. With respect to such awards intended to qualify as Performance-Based Awards:

- (1) the Qualifying Committee shall establish in writing (x) the objective performance-based goals applicable to a given period and (y) the individual employees or class of employees to which such performance-based goals apply no later than 90 days after the commencement of such period (but in no event after 25 percent of such period has elapsed);
- (2) no Performance-Based Awards shall be payable to or vest with respect to, as the case may be, any Participant for a given period until the Qualifying Committee certifies in writing that the objective performance goals (and any other material terms) applicable to such period have been satisfied; and
- (3) after the establishment of a performance goal, the Qualifying Committee shall not revise such performance goal or increase the amount of compensation payable thereunder (as determined in accordance with Section 162(m) of the Code) upon the attainment of such performance goal.

(d) Performance Measures. The Qualifying Committee may use the following performance measures (either individually or in any combination) to set performance targets with respect to awards intended to qualify as Performance-Based Awards: net sales; pretax income before allocation of corporate overhead and bonus; budget; earnings per share; net income; division, group or corporate financial goals; return on stockholders' equity; return on assets; return on net assets; return on investment capital; gross margin return on investment; gross margin dollars or percent; payroll as a percentage of sales; inventory shrink; employee turnover; sales, general and administrative expense; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of Common Stock or any other publicly-traded securities of the Company, if any; market share; gross profits; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; economic value-added models; comparisons with various stock market indices; and/or reductions in costs. The foregoing criteria shall have any reasonable definitions that the Qualifying Committee may specify, which may include or exclude any or all of the following items as the Qualifying Committee may specify: extraordinary, unusual or non-recurring items; effects of accounting changes; effects of financing activities; expenses for restructuring or productivity initiatives; other non-operating items; spending for acquisitions; effects of divestitures; and effects of litigation activities and settlements. Any such performance criterion or combination of such criteria may apply to the Participant's award opportunity in its entirety or to any designated portion or portions of the award opportunity, as the Qualifying Committee may specify.

#### Section 10. Change of Control Provisions.

(a) A "Change of Control" shall be deemed to have occurred on the tenth day after:

- (i) any individual, corporation or other entity or group (as defined in Section 13(d)(3) of the Exchange Act), becomes, directly or indirectly, the beneficial owner (as defined in the General Rules and Regulations of the Securities and Exchange Commission with respect to Sections 13(d) and 13(g) of the Exchange Act) of more than 50% of the then outstanding shares of the Company's capital stock entitled to vote generally in the election of directors of the Company; or
- (ii) the consummation by any individual, firm, corporation or other entity or of any group (as defined in Section 13(d)(3) of the Exchange Act) of a tender or exchange offer subject to Section 14(d)(1) of the Exchange Act for more than 50% of any class of the Company's capital stock; or
- (iii) the stockholders of the Company approve (A) a definitive agreement for the sale, exchange or other disposition of all or substantially all of the assets of the Company, or (B) any plan or proposal for the liquidation or dissolution of the Company; or

(iv) the Company consummates a merger or other business combination of the Company with or into another corporation pursuant to which the stockholders of the Company do not own, immediately after the transaction, more than 50% of the voting power of the corporation that survives, provided, however, that a "Change of Control" shall not be deemed to have taken place if beneficial ownership is acquired (A) directly from the Company, other than an acquisition by virtue of the exercise or conversion of another security unless the security so converted or exercised was itself acquired directly from the Company, or (B) by, or a tender or exchange offer is commenced or announced by, the Company, any profit-sharing, employee ownership or other employee benefit plan of the Company; or any trustee of or fiduciary with respect to any such plan when acting in such capacity.

(b) In the event of a "Change of Control" as defined in Section 10(a) above, awards granted under the Plan will be subject to the following provisions, unless the provisions of this Section 10 are suspended or terminated by an affirmative vote of a majority of the Board prior to the occurrence of such a "Change of Control":

(i) all outstanding Stock Options which have been outstanding for at least one year shall become exercisable in full, whether or not otherwise exercisable at such time, and any such Stock Option shall remain exercisable in full thereafter until it expires pursuant to its terms; and

(ii) all restrictions and deferral limitations contained in Restricted Stock awards, Deferred Stock awards and Other Stock-Based Awards granted under the Plan shall lapse and the shares of stock subject to such awards shall be distributed to the Participant. Notwithstanding the foregoing to the contrary, all restrictions and deferral limitations with respect to a 409A Deferred Stock Award or with respect to a Participant's Deferred Restricted Stock Account shall not lapse under this Section 10(b) unless the "Change of Control" qualifies as a 409A Change.

#### Section 11. Amendments and Termination.

The Board may at any time, and from time to time, amend any of the provisions of the Plan, and may at any time suspend or terminate the Plan; provided, however, that no such amendment shall be effective unless and until it has been duly approved by the holders of the outstanding shares of Stock if the failure to obtain such approval would adversely affect the compliance of the Plan with the requirements of Rule 16b-3 or any other applicable law, rule or regulation. The Board or the Committee, as the case may be, may amend the terms of any Stock Option or other award theretofore granted under the Plan; provided, however, that subject to Section 3 above, no such amendment may be made by the Board or the Committee, as the case may be, which in any material respect impairs the rights of the optionee or Participant without the optionee's or Participant's consent, except for such amendments which are made to cause the Plan to qualify for the exemption provided by Rule 16b-3. Moreover, no Stock Option previously granted under the Plan may be amended to reduce the exercise price of the Stock Option.

Section 12. Unfunded Status of Plan.

The Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant or optionee by the Company, nothing contained herein shall give any such Participant or optionee any rights that are greater than those of a creditor of the Company.

Section 13. General Provisions.

- (a) The Board or the Committee, as the case may be, may require each person acquiring shares of Stock pursuant to an Option or other award under the Plan to represent to and agree with the Company in writing, among other things, that the optionee or Participant is acquiring the shares for investment without a view to distribution thereof.

All certificates for shares of Stock delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Board or the Committee, as the case may be, may deem to be advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange or association upon which the Stock is then listed or traded, any applicable Federal or state securities law, and any applicable corporate law, and the Board or the Committee, as the case may be, may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

- (b) Nothing contained in the Plan shall prevent the Board from adopting such other or additional incentive arrangements as it may deem desirable, including, but not limited to, the granting of stock options and the awarding of stock and cash otherwise than under the Plan; and such arrangements may be either generally applicable or applicable only in specific cases.
- (c) Nothing contained in the Plan or in any award hereunder shall be deemed to confer upon any employee of the Company or any Parent or Subsidiary any right to continued employment with the Company or any Parent or Subsidiary, nor shall it interfere in any way with the right of the Company or any Parent or Subsidiary to terminate the employment of any of its employees at any time.
- (d) No later than the date as of which an amount first becomes includable in the gross income of the Participant for Federal income tax purposes with respect to any Option or other award under the Plan, the Participant shall pay to the Company, or make arrangements satisfactory to the Board or the Committee, as the case may be, regarding the payment of, any Federal, state and local taxes of any kind required by law to be withheld or paid with respect to such amount. If permitted by the Board or the Committee, as the case may be, tax withholding or payment obligations may be settled with Stock, including Stock that is part of the award that gives rise to the withholding requirement. The obligations of the Company under the Plan shall be conditional upon such payment or arrangements, and the Company or the Participant's employer (if not the Company) shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant from the Company or any Parent or Subsidiary.

- (e) The Plan and all awards made and actions taken thereunder shall be governed by and construed in accordance with the laws of the State of Delaware (without regard to choice of law provisions).
- (f) Any Stock Option granted or other award made under the Plan shall not be deemed compensation for purposes of computing benefits under any retirement plan of the Company or any Parent or Subsidiary and shall not affect any benefits under any other benefit plan now or subsequently in effect under which the availability or amount of benefits is related to the level of compensation (unless required by specific reference in any such other plan to awards under the Plan).
- (g) A leave of absence, unless otherwise determined by the Board or Committee prior to the commencement thereof, shall not be considered a termination of employment. Any Stock Option granted or awards made under the Plan shall not be affected by any change of employment, so long as the holder continues to be an employee of the Company or any Parent or Subsidiary.
- (h) Except as otherwise expressly provided in the Plan or in any Stock Option agreement, Restricted Stock agreement, Deferred Stock agreement or any Other Stock-Based Award agreement, no right or benefit under the Plan may be alienated, sold, assigned, hypothecated, pledged, exchanged, transferred, encumbered or charged, and any attempt to alienate, sell, assign, hypothecate, pledge, exchange, transfer, encumber or charge the same shall be void. No right or benefit hereunder shall in any manner be subject to the debts, contracts or liabilities of the person entitled to such benefit.
- (i) The obligations of the Company with respect to all Stock Options and awards under the Plan shall be subject to (A) all applicable laws, rules and regulations, and such approvals by any governmental agencies as may be required, including, without limitation, the effectiveness of a registration statement under the Securities Act, and (B) the rules and regulations of any securities exchange or association on which the Stock may be listed or traded.
- (j) If any of the terms or provisions of the Plan conflicts with the requirements of Rule 16b-3 as in effect from time to time, or with the requirements of any other applicable law, rule or regulation, and with respect to Incentive Stock Options, Section 422 of the Code, then such terms or provisions shall be deemed inoperative to the extent they so conflict with the requirements of said Rule 16b-3, and with respect to Incentive Stock Options, Section 422 of the Code. With respect to Incentive Stock Options, if the Plan does not contain any provision required to be included herein under Section 422 of the Code, such provision shall be deemed to be incorporated herein with the same force and effect as if such provision had been set out at length herein.

- (k) The Board or the Committee, as the case may be, may terminate any Stock Option or other award made under the Plan if a written agreement relating thereto is not executed and returned to the Company within 30 days after such agreement has been delivered to the optionee or Participant for his or her execution.
- (l) The grant of awards pursuant to the Plan shall not in any way effect the right or power of the Company to make reclassifications, reorganizations or other changes of or to its capital or business structure or to merge, consolidate, liquidate, sell or otherwise dispose of all or any part of its business or assets.
- (m) Notwithstanding anything in this Plan to the contrary, if the Participant is a Specified Employee and payment of his/her Defferred Restricted Stock Account or Deferred Stock is being made on account of his/her separation from service, such payment shall be made not earlier than the sixth month anniversary of such Specified Employee's separation from service.

Section 14. Effective Date of Plan.

The Plan shall be effective as of the date of the approval and adoption thereof at a meeting of the stockholders of the Company.

Section 15. Term of Plan.

No Stock Option, Restricted Stock award, Deferred Stock award or Other Stock-Based Award shall be granted pursuant to the Plan after the tenth anniversary of the effective date of the Plan, but awards granted on or prior to such tenth anniversary may extend beyond that date.
