You are receiving this document because you were one of our stockholders at the close of business on May 7, 2012, the record date for our 2012 Annual Meeting. We are furnishing this Proxy Statement and the enclosed proxy card to you to solicit your proxy (*i.e.*, your permission) to vote your stock in connection with certain matters at the Annual Meeting.

What is a proxy?

Cowley — to vote your shares at the Annual Meeting in the manner you direct. You may vote for all, some or none of the director nominees. You may also abstain from voting. If you sign and return the enclosed proxy card but do not specify how your shares are to be voted, your shares will be voted in accordance with the recommendations of your Board, including in favor of your Board's nominees for election to your Board. If any other matters are properly presented at the Annual Meeting for consideration, the persons named as proxies in the enclosed proxy card will vote as recommended by your Board or, if no recommendation is given, in their own discretion.

Will anyone be compensated to solicit my vote?

The cost of proxy solicitation, including the cost of preparing, assembling, printing, mailing and distributing these proxy materials will be paid by the Company. Our directors, officers and employees will not receive additional compensation for their proxy solicitation efforts, but they may be reimbursed for out-of-pocket expenses in connection with any solicitation. We also may reimburse custodians, nominees and fiduciaries for their expenses in sending proxies and proxy material to beneficial owners of our stock. In addition to voting by proxy, you may vote in person at the Annual Meeting. Beneficial owners who hold shares in “street name” and who wish to vote in person at the Annual Meeting must bring a power of attorney or legal proxy from their bank, broker or other nominee. However, in order to assist us in tabulating votes at the Annual Meeting, we encourage you to vote by proxy even if you plan to be present at the Annual Meeting. Even if you vote prior to the Annual Meeting, stockholders are entitled to attend the Annual Meeting. Please see “Who may attend the Annual Meeting?” above for instructions on attending the Annual Meeting.

What materials are available on the Internet?

This Proxy Statement, our Annual Report on Form 10-K, our 2012 Annual Report to Stockholders and other financial documents are available free of charge at the Investor Relations tab on our corporate website at www.prestigebrands.com. How will my proxy be voted?

The individuals named on the proxy card will vote your proxy in the manner you indicate on your proxy card. If your proxy card is signed but does not contain specific instructions, your proxy will be voted “FOR” the election of the directors named as nominees in this Proxy Statement, “FOR” the ratification of the appointment of our independent registered public accounting firm for 2013 and “FOR” the approval of the compensation of our named executive officers disclosed in this Proxy Statement.

Can I change my mind and revoke my proxy?

Yes. To revoke a proxy given pursuant to this solicitation, you must:

cast a new vote by telephone or the Internet prior to 11:59 p.m., Eastern Daylight Time, on June 28, 2012 or sign another proxy card with a later date and return it before the Annual Meeting;

provide our Secretary with a written notice of revocation dated later than the date of the latest proxy submitted at or before the Annual Meeting; or

attend the Annual Meeting and vote in person. Note that attendance at the Annual Meeting will not revoke a proxy if you do not actually vote at the Annual Meeting. “Street Name” stockholders should refer to the instructions above under “How do I vote?” to vote at the Annual Meeting.

What if I receive more than one copy of these proxy materials?

The receipt of multiple copies of these proxy materials means that you have more than one account with brokers or our transfer agent. Please vote the proxy card for all of your shares. We also recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Computershare, Ltd., 250 Royall Street, Canton, MA 02021 and they may be reached at (781) 575-3400. In addition, any stockholders who share an address and are receiving multiple copies of our proxy materials can request delivery of a single copy of our proxy materials by sending a written request addressed to Prestige Brands Holdings, Inc., 90 North Broadway, Irvington, New York 10533, Attention: Secretary.

How many votes must be present to hold the Annual Meeting?

A quorum must be present at the Annual Meeting for any business to be conducted. A quorum exists when the holders of a majority of the 50,285,165 shares of our common stock outstanding on May 7, 2012 and entitled to vote at the Annual Meeting are present in person or by proxy at the meeting. The shares represented by withhold votes, abstentions and broker non-votes (as defined below) regarding proposals in the Proxy Statement will be considered present for quorum purposes.

How are votes counted for each proposal in the Proxy Statement?

Election of Directors

The affirmative vote of a plurality of the votes cast in person or by proxy is necessary for the election of directors. This means that the five director nominees receiving the greatest number of “For” votes will be elected. You may vote in favor of all nominees, withhold your vote as to all nominees or withhold your vote as to specific nominees. If you withhold your vote as to all or specific nominees, your shares will not be voted with respect to the nominee or nominees indicated.

Ratification of Appointment of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the proposal.

Approval of Compensation of our Named Executive Officers

The approval of the non-binding resolution to approve the compensation of our named executive officers requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the proposal. If the proposal is not approved by the required majority vote, the Board of Directors and the Compensation Committee will take into account the result of the vote when determining future executive compensation arrangements, particularly if the votes cast against the resolution exceed the number of votes cast in favor of the resolution.

What is the effect of not voting?

If you are a stockholder of record and submit a signed proxy without specifying a choice on any given matter to be considered at the Annual Meeting, the proxy holders will vote your shares according to the Board’s recommendation on the matter. If you are a stockholder of record and you do not sign and return a proxy card, or vote by telephone or Internet, your shares will not count toward the quorum requirement at the Annual Meeting.

If you hold shares in a brokerage account, then, under NYSE rules and Delaware law:

Election of Directors

With respect to the election of directors, your broker is not entitled to vote your shares on this matter if your broker does not receive instructions from you. If your broker does not vote (a “broker non-vote”), this is not considered a vote cast and, therefore, it will have no effect on the election of directors.

Ratification of Appointment of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm

With respect to ratification of the appointment of an independent registered accounting firm, your broker is entitled to vote your shares on this matter if no instructions are received from you, so there will be no broker non-votes on this proposal. Abstentions will be counted against this matter.

Approval of Compensation of our Named Executive Officers

With respect to the advisory vote on the compensation of our named executive officers, your broker is not entitled to vote your shares on this matter if your broker does not receive instructions from you. Broker non-votes will be counted neither for nor against this matter. Abstentions will be counted against this matter.

How many votes do I have and can I cumulate my votes?

You have one vote for every share of our common stock that you own. Cumulative voting is not allowed.

In order to support your Board, please sign, date and mail the enclosed proxy card to vote FOR the election of the five director nominees nominated by your Board, FOR the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm and FOR the approval of the compensation of our named executive officers. You may also vote over the Internet using the Internet address on the proxy card or by telephone using the toll-free number on the proxy card. If your shares are held in street name, you should follow the instructions on your voting instruction card and provide specific instructions to your broker to vote as described above.

GENOMMA'S WITHDRAWN UNSOLICITED, NON-BINDING PROPOSAL

On February 21, 2012, Mr. Rodrigo Herrera Aspra, Chairman and Chief Executive Officer of Genomma Lab Internacional, S.A.B. de C.V. ("Genomma"), sent a letter to Mr. Matthew M. Mannelly, President and Chief Executive Officer of the Company, making a highly conditional unsolicited, non-binding proposal to acquire all of the Company's common stock for \$16.60 per share (the "Proposal"). The Proposal was simultaneously made public by Genomma through the issuance of a February 21, 2012 press release. The Proposal stated that it was subject to, among other things, due diligence, financing and Genomma shareholder approval.

On March 12, 2012, after careful review of the Proposal, and with the assistance of its financial and legal advisors, the Board unanimously determined that Genomma's proposed price was inadequate and the Proposal was not in the best interests of the Company and its stockholders.

The Board noted the following reasons, among others, in supporting its determinations:

The Proposal was Inadequate and Not Compelling. The Proposal was not compelling on key financial metrics. The Proposal reflected only a 23% premium to the Company's closing price of \$13.50 per share on the last trading day prior to the public announcement of the Proposal. The Board believed this premium was well below comparable transactions, at a time when the Company's stock price was increasing to reflect the benefits of its recent acquisitions and on the heels of another strong quarter. In addition, the Board believed the implied EBITDA multiple was meaningfully lower than comparable transactions and well below the intrinsic value of the Company, especially when taking into account the Company's scale, high-quality branded OTC portfolio, significant tax attributes and scarcity value.

Genomma's Timing was Opportunistic. The Board noted that the Company had recently completed its third and largest acquisition of OTC brands in the last 15 months, barely three weeks before Genomma went public with the Proposal. With these transactions now consummated, the Board noted its belief that the Company is well on its way to achieving its planned long-term transformation into a large-scale, diversified OTC company with upside opportunities arising from its expanded portfolio of core OTC brands. The Board believed that the market had just begun to recognize the benefits of this successful strategy and the Company's share price had increased to a new 52-week high when Genomma rushed to make its unsolicited public Proposal.

Genomma's Proposal Lacked Detail and was Highly Conditional. The Board noted its belief that a credible acquisition proposal must deliver both compelling value and certainty by including, among other things, evidence of financial resources sufficient to complete a transaction in a timely fashion and that any proposal must contain sufficient detail to demonstrate that it provides market-standard provisions that assure certainty of completion. At the time the Proposal was made, it did not include debt commitments and was also conditioned on the approval of Genomma's shareholders, due diligence and other unspecified matters.

On March 15, 2012, Genomma publicly announced that it intended to nominate five nominees for election to the Board at the Annual Meeting and to present a proposal to repeal any Bylaw amendment adopted by the Board without stockholder approval after September 2, 2009 and prior to the effectiveness of the resolution effecting such repeal.

On that same day, the Company issued a press release stating that Genomma's sole purpose in seeking to propose a slate of nominees was to advance its inadequate and highly conditional Proposal and to seek to acquire the Company at the lowest possible price. The press release also stated that the Board is committed to maximizing stockholder value and would be open to compelling, fully financed offers that provide certainty of closing. The press release further stated that the Board, comprised of independent, high-quality directors, previously rejected Genomma's unsolicited highly conditional Proposal, and determined that the proposed price was inadequate and the Proposal was not in the best interests of the Company and its stockholders.

On April 5, 2012, representatives of Bank of America Merrill Lynch (“BAML”) and Jefferies & Company (“Jefferies”), financial advisors to Genomma, called representatives of Morgan Stanley & Co. (“Morgan Stanley”) and Sawaya Segalas & Co. (“Sawaya Segalas”), financial advisors to the Company, to discuss Genomma’s Proposal to acquire the Company. The representatives of BAML and Jefferies described the progress Genomma believed it had made in reducing the conditionality of the Proposal, including by receiving the approval of Genomma’s shareholders to acquire the Company at a price of \$16.60 per share, and indicated that Genomma was interested in seeking to directly negotiate with the Company the terms of an acquisition of the Company by Genomma and that Genomma may have the ability to raise its offer price subject to completion of due diligence. The representatives of Morgan Stanley and Sawaya Segalas stated that the Company would be willing to engage with Genomma if Genomma made a compelling, fully financed offer that provided certainty of closing but that the Board had determined that Genomma’s proposed price was inadequate and that Genomma’s Proposal was not in the best interests of the Company and its stockholders.

On that same day, Mr. Herrera called Mr. Mannelly and stated that Genomma was interested in seeking to directly negotiate with the Company the terms of an acquisition of the Company by Genomma and that Genomma may have the ability to raise its offer price subject to completion of due diligence. Mr. Mannelly stated that the Company would be willing to engage with Genomma if Genomma made a compelling, fully financed offer that provided certainty of closing but that the Board had determined that Genomma’s proposed price was inadequate and that Genomma’s Proposal was not in the best interests of the Company and its stockholders.

On May 2, 2012, representatives of BAML called representatives of Morgan Stanley and reiterated that Genomma was interested in negotiating the terms of an acquisition of the Company by Genomma. The representatives of BAML described additional steps Genomma had taken in connection with the Proposal, including receiving committed financing to acquire the Company. The representatives of Morgan Stanley stated that the Company remained willing to engage with Genomma if Genomma made a compelling offer but that the Board had determined that at \$16.60 per share, Genomma’s proposed price was inadequate and that Genomma’s Proposal was not in the best interests of the Company and its stockholders. The representatives of BAML stated that they believed Genomma would determine over the course of the next few days whether to continue pursuing an acquisition of the Company.

On May 3, 2012, Genomma issued a press release announcing that it had decided to no longer pursue the proposed acquisition of all of the outstanding shares of the Company’s common stock for \$16.60 per share in cash.

On May 10, 2012, Mr. Oscar Villalobos Torres, Chief Financial Officer of Genomma, sent a letter to the Company notifying the Company that Genomma has withdrawn its five nominees for election to the Board at the Annual Meeting and the other stockholder proposal that it previously sought to bring before the Annual Meeting.

PROPOSAL NO. 1 – ELECTION OF DIRECTORS

What is the structure of the Board of Directors?

The number of directors on the Board of Directors is fixed from time to time by resolution adopted by the affirmative vote of a majority of the total number of directors then in office. Currently, the Board of Directors is comprised of five directors. All current members of the Board of Directors are standing for re-election, to hold office until the next Annual Meeting of Stockholders.

How are nominees evaluated; what are the minimum qualifications?

We believe that our directors should possess the highest personal and professional ethics, integrity and values and be committed to representing the interests of the stockholders. They must also have an inquisitive and objective perspective, practical wisdom, mature judgment and demonstrated leadership skills. We also endeavor to have a Board of Directors representing a range of experiences in areas that are relevant to the Company's business activities.

Below we identify and describe the key experience, qualifications and skills our directors bring to the Board that are important in light of the Company's business and structure. The directors' experiences, qualifications and skills that the Nominating and Corporate Governance Committee considered in their nominations are included in their individual biographies.

Leadership Experience. We believe that directors with experience in significant leadership positions over an extended period, especially chief executive officer positions, provide the Company with valuable insights and strategic thinking. These people generally possess extraordinary leadership qualities and the ability to identify and develop those qualities in others. They demonstrate a practical understanding of organizations, processes, strategy, risk management and the methods to drive change and growth.

Finance Experience. We believe that an understanding of finance and the financial reporting process is important for our directors. We measure our operating and strategic performance by reference to financial targets. In addition, accurate financial reporting and robust auditing are critical to our success and developing stockholders' confidence in our reporting processes under the Sarbanes-Oxley Act of 2002. We expect all of our directors to be financially literate.

Consumer Products Experience. We seek to have directors with experience as executives managing consumer product businesses.

Marketing Experience. The Company seeks to grow organically by identifying and developing opportunities for expanding distribution of its existing product offerings while also developing and launching new products to sell into the market. Therefore, marketing expertise is important to us.

Who are the nominees this year?

The nominees for the Board of Directors consist of five nominees who serve on our current Board of Directors. If elected, each nominee would hold office until the 2013 Annual Meeting of Stockholders and until his respective successor is elected and qualified or until his earlier death, removal or resignation. These nominees, their ages at the date of this Proxy Statement and the year in which they first became directors are set forth in the table below. The Board of Directors has affirmatively determined that each of these nominees, other than Mr. Mannelly, is independent from the Company and its management.

Name	Age	Director Since
Matthew M. Mannelly	54	September 2009
Gary E. Costley	68	November 2004
John E. Byom	58	January 2006

What are the responsibilities of the Lead Director?

Who are our independent directors?

In accordance with the NYSE's listing requirements, the Board of Directors has evaluated each of its members' independence from the Company and its management. In its review of each director's independence, the Board of Directors reviewed whether any transactions or relationships exist currently, or existed during the past three years, between each director and the Company and its subsidiaries, affiliates, equity investors or independent auditors. The Board of Directors also examined whether there were any transactions or relationships between each director and members of the senior management of the Company or their affiliates. Based on the review of the Board of Directors and the NYSE's definition of "independence," the Board of Directors has determined that a majority of the Board of Directors is "independent." The independent directors currently are Messrs. Byom, Costley, Hinkaty and Lonergan. The Board of Directors has also determined that each of the members of our Audit Committee is "independent" for purposes of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and that Mr. Byom is an "audit committee financial expert" as that term is defined by SEC regulations.

Does the Board of Directors evaluate itself and its committees?

Yes. Every year, the Board of Directors and its Committees complete a self-evaluation of their performance and engage in discussion regarding the results. In the event the Board of Directors or its Committees determine that modifications to their practices are required, they will promptly institute the required changes to the Company's corporate governance practices and the documents through which such practices are effectuated.

What role does the Board play in the oversight of risk management?

The Board implements its risk oversight function both as a whole and through its Committees. Throughout the year, the Board and the Committees to which it has delegated responsibility conduct risk assessments and discuss identified risks and how to eliminate or mitigate such risks.

Management communicates routinely with the Board and its Committees, including through the Lead Director and in executive session, on significant risks and how they are being managed, and directors are free to communicate directly with senior management. In addition, the Board is routinely informed of developments at the Company that could affect the Company's risk profile and business in general.

The Audit Committee has primary responsibility for overseeing the Company's risk management. It oversees risks related to the Company's financial statements, the financial reporting process, accounting and legal matters. The Audit Committee also oversees the internal audit function and the Company's ethics and compliance program. The Compensation Committee evaluates the risks associated with the Company's compensation philosophy and programs. Each recommendation should include a personal biography of the suggested nominee, an indication of the background or experience that qualifies the person for consideration, and a statement that the person has agreed to serve if nominated and elected. PROPOSAL NO. 3 – ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

Why are we submitting this matter to you?

We are required by Section 14A of the Exchange Act and by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) to provide our stockholders with the opportunity to approve, on an advisory, non-binding basis, the compensation of our named executive officers contained in this Proxy Statement. This proposal, commonly known as a “Say-on-Pay” proposal, gives our stockholders the opportunity to express their views on our executive compensation as described in this Proxy Statement. Our executive compensation program is described in the Compensation Discussion and Analysis (“CD&A”), executive compensation tables and other narrative executive compensation disclosures required by the disclosure rules of the SEC, all of which are found in this Proxy Statement. In particular, the CD&A, beginning on page 25 of this Proxy Statement, describes the Company’s executive compensation program in detail, and we encourage you to review it.

The Board of Directors has determined, in line with the recommendation of the Company’s stockholders, to have an annual advisory vote on the compensation of our named executive officers. Accordingly, the next advisory vote on executive compensation will occur at our 2013 Annual Meeting of Stockholders.

What are you being asked to vote on?

Stockholders are being asked to vote either for or against the following resolution:

RESOLVED, that the stockholders of Prestige Brands Holdings, Inc. approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures included in this Proxy Statement.

Is this vote binding?

No. As provided by the Dodd-Frank Act, this vote will not be binding on the Board of Directors or the Compensation Committee and may not be construed as overruling a decision by the Board of Directors or the Compensation Committee or creating or implying any additional fiduciary duty for the Board. Further, it will not affect any compensation paid or awarded to any executive officer. The Compensation Committee and the Board will, however, take into account the outcome of the vote when considering future executive compensation arrangements.

What vote is required for approval of the Say-on-Pay proposal?

The approval of this non-binding resolution requires the affirmative vote of a majority of the shares present, in person or by proxy, at the Annual Meeting and entitled to vote on the proposal. However, even if this proposal is not approved by the required vote, the Board and the Compensation Committee will take into account the result of the vote when determining future executive compensation arrangements, particularly if the votes cast against the resolution exceed the number of votes cast in favor of the resolution.

What does the Board recommend?

For all of the reasons discussed in our CD&A beginning on page 25 of this Proxy Statement, **YOUR Board of Directors recommends that you vote FOR the approval of the compensation of our named executive officers as described in this Proxy Statement.**

Executive Summary

The following is a brief overview of the information provided in this section.

Our Performance During 2012. During 2012, the Company's AIP net sales and AIP EBITDA were \$410,695,000 and \$124,619,000, respectively. These are the metrics measured for our Annual Cash Incentive Plan ("AIP"). AIP net sales is total revenues excluding revenues generated by the brands acquired by the Company in the GSK Acquisition. AIP EBITDA is operating income excluding operating income generated by the brands acquired by the Company in the GSK Acquisition and before depreciation and amortization and certain other legal and professional fees and acquisition -related costs. Please refer to Annex A for a reconciliation of non-GAAP AIP net sales and non-GAAP AIP EBITDA to GAAP total revenues and GAAP operating income, respectively, our most directly comparable financial measures presented in accordance with GAAP. All references in this Compensation Discussion and Analysis to "AIP net sales" and "AIP EBITDA" refer to the non-GAAP figures described above.

Brief Summary of our Compensation Program for 2012.

The objective of our executive compensation program is to attract, motivate and retain talented management while ensuring that our executive officers are compensated in a way that advances the interests of the Company and its stockholders.

Compensation for our executive officers for 2012 included base salary, annual cash incentive awards, and long-term equity awards.

Annual cash incentive awards were earned based on the Company's achievement of pre-determined performance goals related to AIP net sales and AIP EBITDA. The Company's 2012 AIP net sales and AIP EBITDA were \$410,695,000 and \$124,619,000, respectively. Pursuant to the 2012 Annual Cash Incentive Plan, our named executive officers received a bonus payout in an amount equal to 190% of their target bonus. In addition, the Compensation Committee increased the incentive compensation payable to each of Messrs. Mannelly, Lombardi, Connors and Parkinson based on outstanding individual performance throughout the year.

In 2012, long-term equity awards to our executive officers were comprised of restricted common stock that vest on the three-year anniversary of the date of grant and stock options that vest in three equal annual installments commencing on the first anniversary of the date of grant. In addition, Messrs. Mannelly, Lombardi, Connors and Parkinson were awarded restricted stock units for their performance in connection with the GSK Acquisition.

Each of our executive officers has an employment agreement that provides severance upon a termination of employment without cause or a resignation for good reason.

Policies and Practices

Pursuant to our stock ownership guidelines, our executive officers are required to own a specified value of stock based on a multiple of base salary (4x, in the case of our Chief Executive Officer; 3x, in the case of our Chief Financial Officer, Chief Marketing Officer, and General Counsel; and 2x, in the case of our other senior executive officers.) Please see page 13 of this Proxy Statement for additional information regarding our Stock Ownership Guidelines.

Pursuant to our clawback policy, in the event that the Company is required to restate its financial statements, the Company will seek to recover from senior management any incentive-based compensation granted on and after May 10, 2011, for the three years immediately preceding the period for which the Company is required to restate, if such incentive compensation is a result of errors within the financial statements that are required to be restated.

What is the purpose of the Compensation Discussion and Analysis?

This Compensation Discussion and Analysis has been prepared in order to provide a summary of the policies and procedures established by the Company in reviewing and determining compensation for its executive officers. Specifically, the following discussion will outline, among other things, the objectives of executive compensation, the elements of executive compensation, how determinations are made as to specific elements of, and total, executive compensation, severance and change-in-control payments, and executive officer involvement in setting executive compensation.

It is the intent of the Company, through the efforts of the Compensation Committee, to:

- Motivate our leaders to deliver a high degree of business performance and ensure that their interests are closely aligned with those of our investors;
- Attract and retain highly qualified senior leaders who can drive a global enterprise to success in today's competitive marketplace;
- Differentiate compensation so that it varies based on individual and team performance;
- Establish executive compensation that is competitive with the compensation offered by similarly-situated companies;
- Focus management on both the Company's short-term and long-term strategy, performance and success; and
- Assess the Company's risks, if any, related to its compensation practices and programs.

What are the overall objectives of our executive compensation programs?

The Compensation Committee is responsible for setting and administering the policies which govern executive compensation. The general philosophy of our executive compensation programs is to attract, motivate and retain talented management while ensuring that our executive officers are compensated in a way that advances the interests of the Company and its stockholders. The Company uses the following types of cash and equity compensation to compensate and reward its executive officers for their performance: base salary, a cash-based annual incentive plan and long-term equity awards comprised of restricted stock or restricted stock units and stock options. The Compensation Committee believes that the elements of compensation that it selected creates a flexible compensation package that focuses and rewards executives for short and long-term performance while aligning the interests of our executive officers with the interests of the Company's stockholders.

Each element of executive compensation described above is determined based on:

- the executive's level of responsibility and function within the Company;
- the executive's performance within the Company;
- the overall performance and profitability of the Company; and
- executive compensation offered to similarly-situated executives at peer companies.

Through a combination of salary, incentive-based cash awards and other equity awards, the Compensation Committee desires to provide attractive and competitive compensation to the executive officers, a significant portion of which is contingent upon the Company's performance.

How are our executive compensation programs structured in order to address our objectives?

Performance. Our executive compensation includes a significant amount of performance-based, or at-risk, compensation. The Compensation Committee believes that the use of performance-based compensation allows the Company to tailor the compensation paid to the executive officers to the Company's performance and maintain a compensation system that significantly affects executive compensation in the event the Company does not meet the pre-determined performance goals. Furthermore, by utilizing threshold performance targets as a part of executive compensation, in the event the Company does not meet these targets, performance-based incentive compensation is entirely at-risk and is not paid to the executive officers; however, the Compensation Committee and Board generally retain and are entitled to exercise their discretion to increase or decrease the size of an award to an employee based on the employee's individual performance or to pay awards that were not earned when the circumstances warrant – such as for employee morale and retention purposes.

Alignment. By motivating and incentivizing the executive officers with regard to the Company's short and long-term goals, the Compensation Committee believes that the interests of the executive officers and the Company's stockholders are properly aligned.

Does the Compensation Committee use the services of an independent consultant?

Yes. During 2012, the Compensation Committee retained Compensation Advisory Partners LLC ("CAP"), to conduct an analysis of the Company's compensation package for the Chief Executive Officer and for the other executive officers of the Company.

Does the Compensation Committee use a peer group of companies?

Yes. The group of peer companies identified by CAP, and approved by the Compensation Committee, is currently comprised of the following publicly-traded companies:

- B&G Foods Holdings Corp.
- Hain Celestial Group, Inc.
- Helen of Troy Limited
- Hi Tech Pharmacal Co. Inc.
- Inter Parfums, Inc.
- Lifetime Brands, Inc.
- Maidenform Brands, Inc.
- Smart Balance, Inc.
- USANA Health Solutions Inc.
- WD-40 Company
- Zep, Inc.

The peer group was developed by selecting consumer products companies that have a similar revenue base and market capitalization as the Company. Given the recent growth of the Company, the Compensation Committee is in the process of evaluating the peer group.

What are the elements of our executive compensation program and why do we pay them?

The following table provides additional information regarding the various elements of our executive compensation.

Pay Element	What the Pay Element Is Intended to Reward	Purpose of the Pay Element
Base Salary	Skills, experience, competence, performance, responsibility, leadership and contribution to the Company	Fixed element of compensation designed to recognize the level of job scope and complexity, and the skills, experience, leadership and sustained performance required by the executive.
Annual Cash Incentive Plan	Efforts to achieve annual target revenue and profitability	Variable element of compensation designed to reward the achievement of annual financial targets; ensures compensation is properly tailored to financial performance, including being completely at risk for failure to meet annual financial threshold targets.
Long-Term Incentives	<p data-bbox="284 1104 616 1136"><u>Restricted Stock, Restricted Stock Units and Stock Options</u></p> <ul style="list-style-type: none"> <li data-bbox="284 1314 687 1451">· Efforts to achieve long-term revenue growth and profitability over the three or five year vesting period <li data-bbox="284 1556 687 1619">· Ability to increase and maintain stock price <li data-bbox="284 1734 687 1833">· Continued employment with the Company during the three or five year vesting period 	Variable element of compensation designed to (i) provide a mix of long-term incentive awards; (ii) reward achievement of long-term financial performance and strategic corporate initiatives; and (iii) provide a competitive mix of incentives to attract and retain top talent and to further reinforce alignment between the interests of management and stockholders.

How do we determine the types and amounts of executive compensation?

In structuring executive compensation, the Compensation Committee has offered compensation packages targeted at the median level of total executive compensation offered to similarly-situated executive officers at companies in the Company's peer group. In establishing the specific components of executive compensation, the Compensation Committee has based such decisions on the market data and recommendations based on such data provided to it by its independent compensation consultant as well as the strategic planning by the Compensation Committee and the Board.

Base Salary. Base salary for our executive officers is determined based on the scope of work, skills, experience, responsibilities, performance and seniority of the executive, peer group salaries for similarly-situated positions and the recommendation of the Chief Executive Officer (except in the case of his own compensation which is determined by the Compensation Committee and the Board of Directors). The Company views base salary as a fixed component of executive compensation that compensates the executive officer for the daily responsibilities assumed in keeping the Company operating throughout the year. Except where an existing agreement establishes an executive's salary, the Compensation Committee reviews executive officers' salaries annually at the end of the fiscal year and establishes the base salaries for the upcoming fiscal year. During 2012, the Committee evaluated the base salary of the Chief Executive Officer and determined to make an adjustment based on his individual performance and the Company's significant recent growth. As a result of that review, Mr. Mannelly's salary was increased in November 2011 from \$530,000 to \$600,000, which was the first increase since he began with the Company in September 2009. None of the other named executive officers received a base salary increase during 2012. The base salaries paid to our named executive officers during 2012 are set forth in the "Salary" column of the Summary Compensation table on pages 36-37 of this Proxy Statement. The following table sets forth the base salaries to be paid to our named executive officers during 2013:

Name	2013 Salary
Mr. Mannelly	\$ 600,000
Mr. Lombardi	\$ 390,000
Mr. Connors	\$ 370,000
Mr. Parkinson	\$ 251,395
Mr. Hennessey	\$ 248,400

Annual Cash Incentive Plan. As part of our executive compensation, we have established an annual cash incentive plan which provides our executive officers with the ability to receive additional cash compensation based on a percentage of base salary and the Company's performance. The Company views the Annual Cash Incentive Plan as a performance-based component of executive compensation that motivates and incentivizes the executive officers for achieving the short-term goals of the Company and its stockholders.

At the start of a fiscal year, management and the Compensation Committee establish performance measures for the annual cash incentive plan. The Committee selected AIP net sales as a performance metric to drive consistent top-line growth and AIP EBITDA as a performance metric to drive stockholder value creation in terms of growth of earnings per share and free cash flow. Following the close of the fiscal year, management assesses the Company's performance against the pre-determined performance targets for AIP net sales and AIP EBITDA on an annual basis and determines the amount, if any, of additional cash compensation earned by the executive officers. In order to be eligible to receive cash incentive compensation, the executive must be employed with the Company at the end of the Company's fiscal year.

Each named executive officer has a target bonus, expressed as a percentage of his base salary, which, for 2012, were as follows: Mr. Mannelly, 100%, Mr. Lombardi, 60%; Mr. Connors, 50%; Mr. Parkinson, 45%; and Mr. Hennessey, 40%.

The following table indicates, for the 2012 Annual Cash Incentive Plan, the 2012 AIP net sales, AIP EBITDA and payout levels approved by the Compensation Committee that correspond to the threshold, target and maximum performance by the Company. In determining the amount of any payment under the 2012 Cash Incentive Plan, AIP net sales performance against the AIP net sales target is weighted 20% and AIP EBITDA performance against the AIP EBITDA target is weighted 80%. The named executive officers may earn no payment (if performance is below threshold) or a payment on a sliding-scale between the minimum (threshold) amount and the maximum amount, inclusive of the target amount based on the Company's performance.

Performance Level (Percent of Plan)	AIP net sales*	AIP EBITDA*	Payout (Percent of Annual Cash Incentive Payment) Amount	
Threshold (95%)	\$ 379,800,000	\$ 112,900,000	50	%
Target (100%)	\$ 399,800,000	\$ 118,800,000	100	%
Maximum (105%)	\$ 419,800,000	\$ 124,700,000	200	%

*AIP net sales is equal to total revenues excluding revenues generated by the brands acquired by the Company in the GSK Acquisition. AIP EBITDA is equal to operating income, excluding operating income generated by the brands acquired by the Company in the GSK Acquisition, and before depreciation and amortization and certain other legal and professional fees and acquisition-related costs.

Our 2012 AIP net sales and AIP EBITDA were \$410,695,000 and \$124,619,000, respectively. Pursuant to the 2012 Annual Cash Incentive Plan, our named executive officers received a bonus payout in an amount equal to % of their target bonus. In addition, the Compensation Committee increased the incentive compensation payable to each of Messrs. Mannelly, Lombardi, Connors and Parkinson based on their outstanding individual performance through the year. The 2012 Annual Cash Incentive Plan payouts and additional bonus payouts, respectively, to our named executive officers are set forth in the “Non-Equity Incentive Plan Compensation” and “Bonus” columns of the Summary Compensation table on pages 36-37 of this Proxy Statement.

Performance Matrix for 2013. For the 2013 Annual Cash Incentive Plan, we have developed a performance matrix in which the threshold payout is 50% of target bonus, the target amount is 100% of the target bonus and the maximum payout is 200% of target bonus. Furthermore, the performance goals established under the 2013 Annual Cash Incentive Plan are exclusive of one-time items and any acquisitions or divestitures that the Company may make during such time period. As a result, in the event the Company consummates an acquisition or a divestiture in 2013, the Compensation Committee has the discretion to modify the performance goals after considering the effect of such acquisition or divestiture on the expected financial performance of the Company.

Equity Awards. Executive officers of the Company are eligible to receive equity awards under our 2005 Long-Term Equity Incentive Plan. Awards under the 2005 Long-Term Equity Incentive Plan help relate a significant portion of an executive officer’s long-term compensation directly to stock price appreciation realized by all of our stockholders and aligns an executive officer’s interests with those of our stockholders. Under the 2005 Long-Term Equity Incentive Plan, our executive officers have received restricted common stock, restricted stock units and stock options.

Restricted Stock and Restricted Stock Unit Awards

On May 10, 2011, the Compensation Committee granted restricted common stock to certain executive officers, including Messrs. Lombardi, Connors, Parkinson, Hennessey and Klee, and additional employees of the Company. These grants vest three years after the date of grant. In addition, the Compensation Committee made an additional grant of restricted stock units to each of Messrs. Mannelly, Lombardi, Connors and Parkinson on January 25, 2012 for their performance in connection with the GSK Acquisition. These restricted stock units vest in three equal installments commencing on the one-year anniversary of the date of grant.

Stock Option Awards

On May 10, 2011, certain executive officers, including Messrs. Lombardi, Connors, Parkinson, Hennessey and Klee, and additional employees of the Company received grants of stock options for a specified number of shares with an exercise price of \$11.27. The stock options vest in three equal annual installments commencing on the one-year anniversary of the date of grant. The term of the stock options is 10 years from the date of grant. Mr. Mannelly did not receive any stock options at this time.

Overall Philosophy and Objectives Regarding Equity Awards

The Company views the above-mentioned equity awards as components of executive compensation that motivate and incentivize the management to achieve the long-term performance goals (including stock price appreciation) of the Company and its stockholders. In addition, under the 2005 Long-Term Equity Incentive Plan, the restricted stock, restricted stock units and stock options awarded to management are subject to acceleration under certain circumstances, including a change-in-control of the Company. With regard to change-in-control payments, the Compensation Committee believes that the additional compensation that a grantee would be entitled to receive in connection with a change-in-control of the Company is in the best interests of the Company as such additional compensation is necessary to retain the grantees (who would be instrumental in effectuating such change-in-control transaction) in the Company's employ while a change-in-control transaction is being contemplated, negotiated and consummated. For more information regarding change-in-control benefits, please see the section titled "Severance and Change-in-Control Provisions" below.

The Compensation Committee believes equity-based incentive compensation aligns executive and stockholder interests because:

- the use of a multi-year vesting schedule for equity awards encourages executive retention and emphasizes the attainment of long-term performance goals;
- paying a significant portion of executive compensation with long-term incentive-based compensation motivates and incentivizes the executive officers to meet the long-term performance goals set by the Compensation Committee; and
- the executive officers will hold significant amounts of equity in the Company as required by the Company's Stock Ownership Guidelines and will be motivated to increase stockholder value over the long-term.

The Compensation Committee determined executive equity awards based on discussions by the Compensation Committee and the Board of Directors with our Chief Executive Officer. In addition, Messrs. Lombardi and Hennessey's employment agreements specify that any equity granted to the executive will have a value equal to 150% and 100%, respectively, of the executive's then-current salary, provided that the Board may in its discretion provide that the value of the grant will be no less than 120% or no greater than 180%, or no less than 80% or no greater than 120%, respectively, of the executive's then-current base salary.

Severance and Change-in-Control Provisions. All of the Company's executive officers have executed employment agreements with the Company that provide for severance benefits in the event their employment with the Company is terminated under specific circumstances. In addition, the Company's 2005 Long-Term Equity Incentive Plan provides certain benefits to the recipients of equity awards under certain circumstances. For additional information regarding severance and change-in-control payments that the Company may be obligated to pay to a named executive officer in the future due to the termination of his employment under certain circumstances and/or a change-in-control of the Company, please see the sections titled "Executive Compensation and Other Matters – Potential Payments Upon Termination or Change-in-Control," "Executive Compensation and Other Matters – Employment Agreements" and

“Executive Compensation and Other Matters – Additional Vesting Provisions” contained elsewhere in this Proxy Statement.

Pursuant to the terms of the equity award agreements between the Company and its employees, in the event there is a change-in-control of the Company, the shares of restricted common stock, restricted stock units and stock options granted to the employees will vest upon the consummation of a change-in-control of the Company, even if they remain employed by the Company after such change-in-control. None of the Company’s employees have a single trigger (payment without a termination condition) for cash compensation upon the consummation of a change-in-control of the Company.

The Company has agreed to vest equity granted under the 2005 Long-Term Equity Incentive Plan in connection with a change-in-control of the Company in order to retain the grantees during any period in which the Company contemplates, negotiates and is in the process of consummating a change-in-control of the Company. The participation of the grantees in a change-in-control transaction would be critical to quickly and efficiently consummating a change-in-control transaction and the accelerated vesting of the equity awards would help retain the grantees and maintain their focus and attention on the transaction while it may be pending.

How have we performed against our performance targets and how has our performance affected compensation?

For each fiscal year, the Company establishes a performance plan against which the Company's actual financial results are measured for purposes of determining performance-based compensation to be paid to the Company's employees. In connection with the performance plan, the Compensation Committee and the Board of Directors approve a performance matrix for each fiscal year that mandates performance-based compensation, if any, that will be paid to employees based on various combinations of AIP net sales and AIP EBITDA performance by the Company. Each performance matrix has threshold, target and maximum payment levels and, depending on the Company's performance, an employee may earn no performance-based compensation or a payment of performance-based compensation on a sliding-scale between a minimum (threshold) amount and a maximum amount, inclusive of the target amount, based on the Company's AIP net sales and AIP EBITDA performance.

The Company's 2012 AIP net sales and AIP EBITDA were \$410,695,000 and \$124,619,000, respectively. Pursuant to the 2012 Annual Cash Incentive Plan and the performance-based shares of restricted common stock granted under the 2005 Long-Term Equity Incentive Plan, our employees received a bonus payout in an amount equal to 190% of their target bonus, subject to certain percentage increases or decreases based on individual performance reviews. In certain cases, incentive compensation was increased based on outstanding individual performance throughout the year.

How much performance-based compensation can be earned in 2013?

The amount of incentive cash compensation payable to executive officers for 2013 ranges from 50% (threshold) to 200% (maximum) of their respective target bonuses as set forth in the tables that follow. If our 2013 AIP net sales or AIP EBITDA performance does not achieve a minimum level, no incentive cash compensation will be payable to the Company's employees despite the level of AIP net sales or AIP EBITDA performance, as applicable.

The following table sets forth the approximate amount of cash incentive payments under the 2013 Annual Cash Incentive Plan that the named executive officers would receive based upon the achievement of certain levels of performance:

Name	Threshold Award	Target Award	Maximum Award (irrespective of amount of growth)
Mr. Mannelly	300,000	600,000	1,200,000
Mr. Lombardi	117,000	234,000	468,000
Mr. Connors	92,500	185,000	370,000
Mr. Parkinson	50,279	100,558	201,116
Mr. Hennessey	49,680	99,360	198,720

In setting pay, did the Compensation Committee take into consideration last year's advisory stockholder vote on executive compensation?

Yes. At the 2011 annual meeting of stockholders, approximately 92% of the shares represented and entitled to vote at the annual meeting were voted to approve the compensation of the Company's named executive officers, as discussed and disclosed in the 2011 Proxy Statement. In considering the results of this advisory vote on executive compensation, the Compensation Committee concluded that the compensation paid to our named executive officers and the Company's overall compensation program enjoy strong stockholder support.

Also, at the 2011 annual meeting of stockholders, our stockholders expressed a preference that advisory votes on executive compensation be held on an annual basis. Consistent with this preference, the Board determined to implement an advisory vote on executive compensation on an annual basis until the next required vote on the frequency of stockholders votes on the compensation of executive officers.

What policies are there on timing when equity awards are made?

If the Company grants equity awards to its employees, the Company typically grants such equity awards as soon as practicable after the beginning of a fiscal year. The Company intends to grant equity awards to certain executive officers and additional employees on May 10, 2012. The equity awards are granted after the Chief Executive Officer has presented a proposed structure and level of awards and the Compensation Committee has fully reviewed all aspects of the awards, including, without limitation, the value of the awards and the vesting period. The Company does not have any policy of coordinating the timing of equity award grants with the release of material non-public information.

What factors are considered in decisions to materially modify compensation?

From time to time and at least annually in connection with our fiscal year end, the Compensation Committee will review market data, individual performance and retention needs in making decisions to adjust compensation materially. We do not have any set formula for determining the amount of each compensation element as a percentage in our executive officers' compensation packages. We consider the competitive landscape for talent in our industry and geography and base our compensation decisions on how we want to position ourselves in the marketplace for talent.

What is the effect of accounting and tax treatments on compensation?

The accounting and tax treatments of executive compensation generally has not been a factor in the Compensation Committee's decisions regarding the amounts of compensation paid to the Company's executive officers. In addition, we do not expect accounting treatment of differing forms of equity awards to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the Compensation Committee's future selection of differing types of equity awards.

What are the respective roles of the Compensation Committee, its consultant and our executive officers in determining executive compensation?

Executive Officer Compensation. Mr. Mannelly, our President and Chief Executive Officer, with the assistance of certain members of senior management, participates in discussions with, and makes recommendations to, the Compensation Committee regarding the setting of base salaries and cash and equity incentive plan compensation for the other executive officers. Mr. Mannelly is assisted by certain members of senior management and an independent compensation consultant in reviewing the competitive landscape for executive talent and structuring the types and levels of executive compensation for review by the Compensation Committee.

Chief Executive Officer Compensation. The Compensation Committee and the Board of Directors are responsible for establishing Mr. Mannelly's compensation package. The Compensation Committee consulted with its independent compensation consultant in determining the compensation to be awarded to Mr. Mannelly in 2010 and again in connection with adjusting his base salary in 2011.

Narrative Disclosure for the Summary Compensation Table and Grants of Plan-based Awards Table

What was the effect of employment agreements on executive compensation?

Certain elements of the executive compensation presented in the tables above were expressly included in the executive's employment agreement with the Company and therefore not subject to the discretion of the Compensation Committee. What part of executive compensation was comprised of non-equity incentive plan awards?

Pursuant to the terms of the non-equity incentive plan awards, based on the Company's financial performance, the named executive officers may receive no cash payment or a cash payment ranging from a threshold amount to a maximum amount, inclusive of the target amount, based on the Company's performance and a performance grid approved by the Compensation Committee. For 2010, 2011 and 2012, employees of the Company received 130%, 197%, and 190% respectively, of their target bonus payments under the applicable Annual Cash Incentive Plan, subject to a discretionary increase or decrease of the cash payment based on the employee's individual performance during the applicable year.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Our named executive officers are entitled to certain benefits in the event their employment is terminated under specified circumstances. Circumstances which would trigger payments and/or other benefits to our named executive officers include termination of employment by the Company without cause, termination by the named executive officer for good reason or a change-in-control of the Company.

In order for a named executive officer to receive the payment and/or benefits to which he is entitled pursuant to any applicable employment agreement, he must execute and deliver to the Company a release in a form satisfactory to the Company. So long as any named executive officer who is receiving severance payments and/or benefits from the Company has not breached any applicable restrictive covenants (including, without limitation, non-compete, non-solicitation, non-disparagement and/or confidentiality agreements), the Company will continue to make any required payments. In the event a named executive officer breaches any applicable restrictive covenant, the Company will cease making any future payments and providing any other benefits to the named executive officer, and will also consider pursuing all legal and equitable remedies available to the Company under any applicable employment agreement and applicable law.

The following table sets forth payments and benefits that may be received by our named executive officers under any existing employment agreements, equity grant agreements, plans or arrangements, whether written or unwritten, in the event of termination for specified reasons and/or a change-in-control of the Company. The following information has been prepared based on the assumption that the named executive officer's employment

was terminated, or a change-in-control of the Company occurred, on March 31, 2012. With respect to the accelerated vesting of equity awards, the value of such acceleration was calculated using \$17.48 the closing price for our common stock on March 30, 2012.

Assumes that Mr. Mannelly was terminated without cause or resigned for good reason in connection with a change-in-control of the Company. In addition to the severance payments to be received in connection with a termination without cause or resignation for good reason, the amount shown includes the value of the accelerated vesting of restricted common stock, restricted stock units and stock option awards that are "in-the-money" and the estimated gross-up payment to cover any excise taxes imposed under Section 280G of the Internal Revenue Code that Mr. Mannelly would be entitled to pursuant to his employment agreement with the Company. The estimated gross-up payment is calculated to be \$2,335,209. The estimated gross-up payment was calculated based on a 280G exercise tax rate of 20% and a blended tax rate of 39.6% for Federal, State and Medicare withholding taxes.

Pursuant to the named executive officer's Employment Agreement, he is entitled to receive the sum of (i) his base (3) salary; (ii) his average annual incentive bonus calculated pursuant to the terms of his Employment Agreement with the Company; and (iii) a medical benefits subsidy.

Effective February 29, 2012, Eric S. Klee resigned his position as the Company's General Counsel and Secretary. Pursuant to Mr. Klee's employment agreement with the Company, Mr. Klee received one year's salary (\$250,000) plus his average annual incentive bonus (\$97,000) and certain medical coverage (\$21,642). In addition, he received \$50,000 and \$20,000 respectively for his 2012 bonus and consulting fees. The Company also accelerated the vesting of certain stock options held by Mr. Klee to purchase 11,601 shares of the Company's common stock at an exercise price of \$9.03 per share and 2,378 shares of the Company's common stock at an exercise price of \$11.27 per share, which would otherwise have vested in April and May of 2012, respectively.

For additional information regarding payments required to be made to a named executive officer pursuant to his employment agreement or any other arrangement with the Company in connection with a termination of employment and/or a change-in-control of the Company, please see the sections titled "Executive Compensation and Other Matters – Employment Agreements" and "Executive Compensation and Other Matters – Additional Vesting Provisions" contained elsewhere in this Proxy Statement.

Do any Named Executive Officers have employment agreements?

Yes. We have employment agreements with Messrs. Mannelly, Lombardi, Connors, Parkinson and Hennessey.

What are the terms of Mr. Mannelly's employment agreement?

On September 2, 2009, the Company entered into an Employment Agreement with Mr. Mannelly setting out the terms of his employment (the "Mannelly Employment Agreement"). The Mannelly Employment Agreement has an initial term of three years and thereafter will renew for consecutive one-year terms unless six (6) months prior notice of non-renewal is tendered by either party.

Mr. Mannelly earned an annual base salary of \$600,000 and is eligible to participate in the Company's annual incentive bonus plan with an annual target bonus equal to 100% of his base salary.

In connection with his employment, Mr. Mannelly received two equity awards under the Company's 2005 Long-Term Equity Incentive Plan. He received an award of options to purchase 1,125,000 shares of the Company's common stock and an award of 135,000 shares of restricted common stock. Each award will vest in equal installments over five years, provided he is an employee in good standing on the applicable vesting dates.

If Mr. Mannelly's employment is terminated by the Company without cause or by Mr. Mannelly for good reason, he would receive a payment of earned salary, expense reimbursement, vacation pay, and any payments due to him under the Company's benefits plans. He would also receive, after Mr. Mannelly's execution of a release in a form satisfactory to the Company, a payment of 1.5 times the sum of his annual base salary and average annual incentive bonus (as defined in the Mannelly Employment Agreement) for the three years preceding his termination. In addition to these payments, if Mr. Mannelly's termination occurs in connection with a Change of Control (as such term is defined in the 2005 Long-Term Equity Incentive Plan), Mr. Mannelly's equity awards would accelerate and fully vest. Mr. Mannelly would also be eligible to receive a gross-up payment to cover any excise taxes imposed under Section 280G of the Internal Revenue Code, provided that if Mr. Mannelly's payments do not exceed 110% of the total amounts that could be paid to him without resulting in the excise tax, the payments to Mr. Mannelly will instead be reduced to the amount that could be paid without resulting in the imposition of the excise tax.

Pursuant to the terms of the Mannelly Employment Agreement, Mr. Mannelly is subject to a non-competition covenant that generally limits his ability to compete with the Company in any countries in which it conducts business and non-solicitation and non-disparagement covenants. These limitations continue for a period of 18 months following termination, regardless of the cause of the termination.

What are the terms of Messrs. Lombardi's, Connors', Parkinson's and Hennessey's employment agreements?

The terms of Messrs. Lombardi's, Connors', Parkinson's and Mr. Hennessey's employment agreements are substantially identical to one another, except for certain provisions regarding the amount of compensation to be paid thereunder. The table set forth below discloses the varying items of compensation for Messrs. Lombardi, Connors, Parkinson and Hennessey. In addition, a summary of the material identical terms of the employment agreements for Messrs. Lombardi, Connors, Parkinson and Hennessey is provided below.

Employment Agreement Provision	Mr. Lombardi	Mr. Connors	Mr. Parkinson	Mr. Hennessey

Target Bonus (percent of Base Salary)	60	% 50	% 45	% 40	%
Target Equity Grant (percent of Base Salary)	150	% 150	% 100	% 100	%

During the term of the named executive officer's employment with the Company, he will be entitled to the benefits approved by the Board of Directors and made available to the senior management of the Company, which shall include vacation time and medical, dental, life and disability insurance. The Board of Directors, on a basis consistent with past practice, shall review the annual base salary of the named executive officer and may increase the annual base salary by such amount as the Board of Directors, in its sole discretion, shall deem appropriate.

Pursuant to the terms of the named executive officer's Employment Agreement, the named executive officer's employment will continue until (i) his death, disability or resignation from employment with the Company; or (ii) the Company decides to terminate his employment with or without cause. If (a) the named executive officer's employment is terminated without cause; or (b) he resigns from employment with the Company for good reason, then after the named executive officer's execution of a release in a form satisfactory to the Company, during the period commencing on the date of termination of employment and ending on the first anniversary date thereof, the Company shall pay to the named executive officer, in equal installments in accordance with the Company's regular payroll, an aggregate amount equal to (i) the named executive officer's annual base salary, plus (ii) an amount equal to the average annual incentive bonus (as defined in the Agreement) for the three years preceding his termination¹. In addition, if the named executive officer is entitled on the date of termination to coverage under the medical and prescription portions of the Company's benefit plans, such coverage shall continue for him and his covered dependents for a period ending on the

first anniversary of the date of termination at the active employee cost payable by the named executive officer with respect to those costs paid by him prior to the date of termination.

The named executive officer's Employment Agreement also contains certain confidentiality and one-year non-competition and non-solicitation provisions as well as other provisions that are customary for an executive employment agreement.

¹ With regard to Mr. Parkinson, in the event severance payments are required to be paid to him, Mr. Parkinson's Employment Agreement provides that Mr. Parkinson shall receive an aggregate amount equal to (i) his annual base salary, plus (ii) an amount equal to the annual bonus, if any, paid or payable to Mr. Parkinson by the Company for the last fiscal year ended prior to the date of termination.

Additional Vesting Provisions

What are the additional vesting provisions?

Our 2005 Long-Term Equity Incentive Plan provides that the Compensation Committee may, at its discretion, decide to vest the non-vested portion of a grantee's restricted stock, restricted stock units or stock option award if a grantee's employment is terminated due to death, disability or retirement. All non-vested equity awards

under the 2005 Long-Term Equity Incentive Plan shall vest on an accelerated basis in the event of a change-in-control of the Company, whether or not the grantee is subsequently terminated.

DIRECTOR COMPENSATION IN FISCAL 2012

The following table sets forth the cash and equity compensation paid or awarded to our directors during 2012. The columns regarding option awards and non-equity incentive, pension and deferred compensation plans have been omitted as the Company does not provide such elements of compensation to its directors for their services.

Except for Mr. Mannelly, on August 2, 2011, each director received 4,102 restricted stock units valued at \$50,000. The grant date fair value of the restricted stock units is based on the market value of the Company's common stock on the grant date. As of March 31, 2012, except for Mr. Hinkaty who held 12,776 restricted stock units, each of Messrs. Byom, Costley and Lonergan held 17,608 restricted stock units in the aggregate.

Narrative to Director Compensation Table

Our independent directors receive cash compensation comprised of retainer fees, attendance fees and fees for acting as Lead Director or a Chairman of a Committee of the Board of Directors. In addition, each of our independent directors receives a one-time grant of common stock equal to \$20,000 as of the date of the first Annual Meeting of Stockholders held after such director became a member of the Board of Directors. Each independent director also receives an annual \$50,000 grant of equity securities on the date of each Annual Meeting of Stockholders.

Byom, Costley, Hinkaty and Lonergan received 4,102 restricted stock units, representing \$50,000 divided by \$12.19 (the closing price of our common stock on the NYSE on August 2, 2011). The restricted stock units, which entitled the grantee to receive one share of common stock for each restricted stock unit, shall vest on August 3, 2012 so long as the grantee is a member of the Board of Directors on such date and shall be settled upon the earliest to occur of such director's death, disability or the six month anniversary of cessation of board service for any reason other than death or disability.

For more information regarding the compensation arrangements we have with our directors, please see “Proposal No. 1 - Election of Directors - How are our directors compensated?” on page 12 of this Proxy Statement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2012, Charles J. Hinkaty, John E. Byom, Gary E. Costley and Patrick M. Lonergan served as members of the Compensation Committee. During 2012, no member of the Compensation Committee served as an officer or employee of the Company or its subsidiaries, was formerly an officer of the Company or its subsidiaries, or entered into any transactions with the Company or its subsidiaries that would require disclosure under applicable SEC regulations. During 2012, none of our executive officers served as a member of the compensation committee or on the board of directors of another entity, any of whose executive officers served on our Compensation Committee or on the Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Were there any conflict of interest transactions during 2012?

No person or entity had significant business relationships with us in 2012 that would require disclosure under applicable SEC regulations, and no other transactions that would need to be disclosed under SEC regulations are currently planned for 2013.

Has the Board adopted a Related Person Transaction Policy?

During 2008, we adopted a Related Person Transaction Policy. A summary of the Related Person Transaction Policy is set forth below and the full text of the Policy is available at the Investor Relations tab on our web site at www.prestigebrands.com.

Transactions Subject to the Policy. A Related Person Transaction is a transaction in which the Company (which, for purposes of this summary shall include the Company’s subsidiaries) is or will be a Participant (as defined below) and the amount involved exceeds \$120,000, and in which any Related Person (as defined below) had or will have a direct or indirect material interest. The term “Participant” is broadly defined to include situations in which the Company is not technically a party but has influenced another party to enter into a transaction or provide value to a Related Person.

For example, facilitating the use of a Related Person as a supplier to the Company's contract manufacturer would constitute "participation" by the Company and bring such an arrangement within the scope of the Policy.

The following transactions are exempt from the Policy:

Payment of compensation by the Company to a Related Person for service to the Company in the capacity or capacities that give rise to the person's status as a "Related Person", so long as the compensation is publicly disclosed, if such disclosure is required, in the Company's Annual Report on Form 10-K (or Proxy Statement or information statement incorporated by reference into such Annual Report);

Transactions available to all employees or all stockholders of the Company on the same terms and conditions; and

Transactions that, when aggregated with the amount of all other transactions between the Related Person and the Company, involve less than \$120,000 in a fiscal year.

Definition of Related Person. For purposes of the Policy, a "Related Person" means:

Any person who is, or at any time since the beginning of the Company's most recently completed fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company;

Any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities;

Any Immediate Family Member (as defined in the Policy) of any of the foregoing persons; and

Any Affiliate (as defined in the Policy) of any of the foregoing persons or Immediate Family Members.

Notification Procedures. A transaction with a Related Person that is identified in advance will be disclosed to the General Counsel for review. In the event the Company becomes aware of a transaction with a Related Person that was not disclosed to the Company, the General Counsel will review the transaction. If the General Counsel determines that a transaction is a Related Person Transaction subject to the Policy, he will submit such transaction to the Audit Committee for consideration at the next Audit Committee meeting or, if it is not practicable or desirable to wait until the next Audit Committee meeting, to the Chair of the Audit Committee for prompt consideration. Any ongoing or completed Related Person Transaction that is disapproved by the Audit Committee or the Chair of the Audit Committee shall be subject to corrective action by the Audit Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The United States federal securities laws require our officers, directors and persons who beneficially own more than 10% of our common stock to file reports of securities ownership and changes in such ownership with the SEC, the NYSE and the Company. We believe, based upon a review of the forms filed with the SEC and written representations provided to us by our officers and directors, that they timely filed all forms required by Section 16(a) of the Exchange Act during 2011, except that Mr. Cowley filed a Form 3 on March 14, 2012 following his joining the Company on February 29, 2012.

REPORT OF THE AUDIT COMMITTEE

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

What is the Audit Committee and are its members "independent"?

The Audit Committee is composed of four directors appointed by the Board of Directors, all of whom are independent from the Company and its management as defined in the NYSE listing standards and Rule 10A-3 under the Exchange Act. The Audit Committee operates under a written charter adopted by the Board of Directors, which is available to our stockholders and interested parties at the Investor Relations tab on our web site at www.prestigebrands.com or is also available in print to any stockholder or other interested party who makes a written request to the Company's Secretary. The primary function of the Audit Committee is to assist the Board of Directors in its oversight and monitoring of our financial reporting and audit process, our system of internal control, our risk assessment process and our process for monitoring compliance with laws, regulations and policies. The Audit Committee recommends to the Board of Directors the selection of the Company's independent registered public accounting firm.

Are the members of the Audit Committee “financially literate”?

The members of the Audit Committee are financially literate as that qualification is interpreted by the Board of Directors and the NYSE. In addition, the Board has determined that Mr. Byom is an “audit committee financial expert” as defined by SEC regulations.

What is the relationship between management and the Audit Committee?

Management has the primary responsibility for establishing and monitoring adequate internal accounting and financial controls, the financial reporting process for preparing financial statements and compliance with the Company's legal and ethics programs. PricewaterhouseCoopers LLP is responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with auditing standards generally accepted in the United States of America and for issuance of a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes and report its findings to the full Board of Directors.

What steps did the Audit Committee take in recommending that our audited financial statements be included in our annual report?

The Audit Committee has met and held discussions separately and jointly with each of management and PricewaterhouseCoopers LLP regarding the Company's audited consolidated financial statements for 2012, management's assessment of the effectiveness of the Company's internal control over financial reporting and PricewaterhouseCoopers LLP's evaluation of the Company's internal control over financial reporting.

Management represented to the Audit Committee that the Company's audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, on a consistent basis, and the Audit Committee has reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and PricewaterhouseCoopers LLP. The Audit Committee discussed with PricewaterhouseCoopers LLP matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Auditing Standards No. 61, as amended, "Communication with Audit Committees."

The Audit Committee also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by PCAOB Rule 3526, "Communication with Audit Committees Concerning Independence" and discussed with PricewaterhouseCoopers LLP their independence. The Audit Committee also considered whether PricewaterhouseCoopers LLP's provision of non-audit services to the Company is compatible with maintaining PricewaterhouseCoopers LLP's independence from the Company. The Audit Committee concluded that PricewaterhouseCoopers LLP is independent from the Company and its management.

Based on its review of the Company's audited financial statements and the discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for 2012 be included in the Company's Annual Report on Form 10-K for 2012 for filing with the SEC.

To be included in our Proxy Statement for our 2013 Annual Meeting of Stockholders pursuant to SEC Rule 14a-8, a proposal must be submitted by an eligible stockholder who complies with SEC Rule 14a-8 and must be received by us at our principal executive offices at 90 North Broadway, Irvington, New York 10533, Attention: Secretary by January 31, 2013 (or, if the 2013 Annual Meeting of Stockholders is called for a date more than 30 days before or after June 29, 2013, within a reasonable time before we begin to print and mail our proxy materials for the 2013 Annual Meeting).

When and how must I submit a notice to introduce a director nomination or other item of business for it to be raised at the 2013 Annual Meeting, but not included in the Company's Proxy Statement?

Assuming that our 2013 Annual Meeting is not held more than 30 days prior to or delayed by more than 60 days after June 29, 2013, our Amended and Restated Bylaws provide that we must receive written notice of your intention to introduce a director nomination or other item of business at the 2013 Annual Meeting not less than 90 nor more than 120 days prior to June 29, 2013 (or between March 1, 2013 and March 31, 2013). If the Annual Meeting is held more than 30 days prior to or delayed by more than 60 days after June 29, 2013 (or a special stockholders meeting is called), our Amended and Restated Bylaws provide that we must receive your notice not later than the close of business on the 10th day following the earlier of the day on which notice of the date of meeting was mailed or public disclosure of such meeting was made. If we do not receive notice within the prescribed dates, or if we meet other requirements of the SEC's rules, such matters will not be brought before the 2013 Annual Meeting. In addition, nominations or proposals not made in accordance with the procedures described above may be disregarded by the Chairman of the meeting. Any stockholder interested in making such a nomination or proposal should request a copy of our Amended and Restated Bylaws from the Company's Secretary.

Any written stockholder proposal or nomination for director to be presented at a meeting of our stockholders must comply with the procedures and such other requirements as may be imposed by our Amended and Restated Bylaws, Delaware law, the NYSE, the Exchange Act and the rules and regulations of the SEC and must include the information necessary for the Board of Directors to determine whether the candidate (with respect to a nomination for director only) qualifies as independent under the NYSE's and SEC's rules and possesses the qualifications and experience we expect our directors to have.

We will furnish without charge to each person whose proxy is being solicited, upon written request of any such person, a copy of our Annual Report on Form 10-K for the fiscal year ended March 31, 2012, as filed with the SEC, including the financial statements and financial statement schedule thereto. FORWARD-LOOKING STATEMENTS

This Proxy Statement contains “forward-looking statements” within the meaning of the federal securities laws. “Forward-looking statements” generally can be identified by the use of forward-looking terminology such as “assumptions,” “target,” “guidance,” “outlook,” “plans,” “projection,” “may,” “will,” “would,” “expect,” “intend,” “estimate,” “believe,” “potential,” or “continue” (or the negative or other derivatives of each of these terms) or similar terminology. These statements are based on management’s estimates and assumptions with respect to future events and are believed to be reasonable, although they are inherently uncertain and difficult to predict. Actual results could differ materially from those expected as a result of a variety of factors. A discussion of factors that could cause results to vary is included in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2012 and other periodic reports filed with the SEC.

APPENDIX A**About Non-GAAP Financial Measures**

We define Non-GAAP AIP net sales as total revenues excluding revenues from the acquired GSK brands. We define Non-GAAP AIP EBITDA as operating income excluding operating income from the acquired GSK brands and before depreciation and amortization and certain other legal and professional fees and acquisition-related costs.

We are presenting Non-GAAP AIP net sales and Non-GAAP AIP EBITDA because they are the metrics included in our Annual Cash Incentive Plan (“AIP”) against which our performance is measured. The AIP excludes the income and costs of acquisitions, dispositions and certain other items, which are otherwise included in GAAP operating income.

The following tables set forth the reconciliation of Non-GAAP AIP net sales and Non-GAAP AIP EBITDA, which are non-GAAP financial measures, to GAAP total revenues and GAAP operating income, respectively, our most directly comparable financial measures presented in accordance with GAAP.
