Executive officers, directors and greater than 10% shareholders are required to furnish the Company with copies of all such forms they file.

D. AUDIT COMMITTEE.

The Company has a separately-designated standing audit committee established in accordance with section 3(a)(58)(A) of the Exchange Act.

The Audit Committee has the principal function of reviewing the adequacy of the Company's internal system of accounting controls, conferring with the independent registered public accountants concerning the scope of their examination of the books and records of the Company and their audit and non-audit fees, recommending to the Board the appointment of independent registered public accountants, reviewing and approving related party transactions and considering other appropriate matters regarding the financial affairs of the Company. The current members of the Audit Committee are Bernard H. Tenenbaum (Chairman), Henry M. Chidgey and Thomas E. Zanecchia. The decision was reached by the Staff under NASDAQ Listing Rules 5101, 5110 (b) and IM-5101-1 following the Company's announcement on November 2, 2011 that it and each of its subsidiaries filed a petition for protection under Chapter 11 of the U.S. Bankruptcy Code in the Court. Syms stock was delisted by NASDAQ prior to the market opening on November 15, 2011. NASDAQ filed Form 25-NSE with the SEC removing the Company's securities from listing and registration on the NASDAQ.

In addition to meeting the independence standards of the NASDAQ, each member of the Audit Committee is financially literate and meets the independence standards established by the SEC. The Board has also determined that Bernard H. Tenenbaum has the requisite attributes of an "audit committee financial expert" as defined by regulations of the SEC and that such attributes were acquired through relevant education and experience. The Audit Committee met four times during fiscal 2011.

Item 11. EXECUTIVE COMPENSATION

A. COMPENSATION DISCUSSION AND ANALYSIS.

The following Compensation Discussion and Analysis describes the material elements of compensation for the Company's executive officers identified in the Summary Compensation Table. The Compensation Discussion and Analysis also provides analysis with respect to the compensation disclosed in the tables that follow.

Compensation Philosophy: The Company's compensation program is designed to ensure that total compensation paid to executive officers and key employees is fair and reasonable. The Company has structured its executive compensation to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. This philosophy also includes aligning and rewarding management for increasing shareholder value.

The Compensation Committee, through its executive compensation policy, strives to provide compensation rewards based upon corporate and individual performance. It seeks to maintain a relatively simple compensation program in order to avoid the administrative costs which the Compensation Committee believes are inherent in multiple complex compensation plans and agreements.

The Company does not generally enter into employment, severance or change in control agreements with any of its executive officers. However, Josephine Geiger, the Chief Accounting Officer has a pre-negotiated severance package included in her employment letter.

Ms. Geiger negotiated a six (6) month severance package upon involuntary termination from the Company. Further details on the employment offer letters are described under the heading “*Employment Offer Letters*”.

The determination of compensation ranges for executive officers did not utilize benchmarking compensation packages with other retailers to analyze the compensation of our executive officers during the past fiscal year. In setting compensation for our executive officers, the Company has traditionally focused upon (i) the current compensation of the employee, (ii) past compensation for the employee and for other individuals in the same role or similar roles at the Company and (iii) the Company’s operating results. Determination of Ms. Syms’ compensation as the Company’s Chief Executive Officer for fiscal 2011 reflects the Company’s changed circumstances upon filing for bankruptcy protection.

Consideration of the Company's 2011 Stockholder Vote on Executive Compensation: At the Company’s 2011 Annual Meeting of Stockholders, 93.54% of the votes present and entitled to vote on the matter approved the Company’s fiscal 2010 executive compensation program. The Company believes the outcome of this proposal evidences the commitment of the Compensation Committee to a dialogue with the Company’s stockholders regarding key corporate governance issues, including matters related to executive compensation, and the Compensation Committee’s dedication to implement an appropriate executive compensation program. In addition, at the 2011 Annual Meeting of Stockholders, the stockholders voted to approve an annual holding of the advisory vote on the Company’s executive compensation. Following the 2011 Annual Meeting of Stockholders, the Board reviewed this vote and approved a resolution to hold future, non-binding, advisory votes on executive compensation on an annual basis until the next required non-binding, advisory vote of the frequency of the advisory vote on executive compensation.

Base Salary: The base salary for Company personnel is intended to provide competitive remuneration for services provided to the Company over a one-year period and is designed to compensate an individual for his or her level of responsibility and performance.

Bonus: Bonuses may be awarded based upon individual performance as measured against individual goals and objectives, combined with the Company’s attainment of corporate goals and objectives. The Compensation Committee utilizes cash bonuses, when it feels a bonus is merited, based on factors such as an executive’s individual performance and the Company’s performance relative to its past performance and the performance of competitors. On January 17, 2012, the Honorable Kevin J. Carey presiding in the Court issued an order wherein a wind-down employee retention plan was approved for the benefit of the remaining Syms Corp. employees.

Stock Option Plans: The Company’s Amended and Restated Stock Option and Appreciation Plan (the “Stock Option Plan”) allows for the granting of incentive stock options, as defined in Section 422A of the Internal Revenue Code of 1986 (as amended), non-qualified stock options and stock appreciation rights. The Stock Option Committee froze the Stock Option Plan as of December 31, 2006 and at such time, no further grants have been awarded under this plan.

There were no options granted during fiscal 2011, and all options previously granted, but for the 97,500 stock options held by Ms. Syms, are no longer outstanding. Further details on outstanding equity awards at the end of the 2011 fiscal year are shown under the heading "Outstanding Equity Awards at Fiscal Year-End" below.

Employment Offer Letters: The Company does not generally enter into individual employment, severance or change in control agreements with any of its executive officers. However, the Company has entered into an employment offer letter with Ms. Geiger, the Chief Accounting Officer, dated as of September 2010 and amended as of July 2011. Ms. Geiger's employment offer letter provides that she is entitled to an annual base salary of \$200,000 and an annual car allowance of \$6,000. In addition, in the event Ms. Geiger's employment is terminated involuntarily, she would be entitled to a severance payment equal to six months base salary. The Company also entered into an employment offer letter with Ms. Brandt, the General Counsel, dated October 2010 that provides for an annual base salary of \$250,000 and an annual car allowance of \$6,000.

Tax Considerations: It is the responsibility of the Compensation Committee to address the issues raised by the tax laws which make certain non-performance-based compensation to certain executives of public companies in excess of \$1,000,000 non-deductible to the Company. In this regard, the Compensation Committee must determine whether any actions with respect to this limit should be taken by the Company. At this time, it is not anticipated that any executive officer will receive any compensation in excess of this limit, and this limit was not exceeded in fiscal 2011.

Named Executive Officers: In connection with the Company's bankruptcy, the Company entered into an agreement with A&M pursuant to which A&M provides the Company with management services. Mr. Feinberg, our President, and Mr. Binkoski, our Chief Financial Officer, are employed by A&M and thus receive all their compensation and benefits from A&M and not from us.

B. EXECUTIVE COMPENSATION, RETIREMENT PROGRAMS AND OTHER ARRANGEMENTS

This section and the tables set forth in this section should be read in conjunction with the more detailed description of our executive compensation plans and arrangements included in the "Compensation Discussion and Analysis" which precedes this section.

Option Exercises During the

Fiscal Year Ended February 26, 2012

There were no options exercised during fiscal 2011 by any of the executive officers named in the Summary Compensation Table. None of those officers own any shares of restricted stock, restricted stock units or similar instruments that vested during fiscal 2011.

Retirement Benefits

Each of the Company's executive officers who were employed prior to December 31, 2006, is entitled to participate in the Syms Corp. defined benefit pension plan on the same basis as all other eligible executives. Effective December 31, 2006, this plan was frozen and no additional benefits have accrued.

Each of the Company's executive officers is entitled to participate in the Company's defined contribution 401(k) plan on the same basis as all other eligible employees. In addition, the Company also has a tax-qualified profit sharing plan to which the Company makes a discretionary contribution based on its performance. All employees can participate in this plan once they become eligible. There were no contributions made to the accounts of the executive officers during 2011.

Pension Plan

The Company sponsors a defined benefit pension plan (the "Pension Plan"). A Pension Plan participant's interest vests over a seven-year period commencing in the third year at the rate of 20% after completing three years of employment and 20% for each year thereafter, and is 100% vested after the completion of seven years of service. Benefit payments are made in the form of one of five annuity payment options elected by the participant. Amounts in the table below are based on a straight life annuity. For the executive officers named in the Summary Compensation Table who participate in the Pension Plan, compensation for purposes of the Pension Plan generally corresponds to the amounts shown in the "Salary" column of the Summary Compensation Table.

Currently no more than \$245,000 (as adjusted from time to time by the Internal Revenue Service) of cash compensation may be taken into account in calculating benefits payable under the Pension Plan. Ms. Syms was credited with 33 years of service at December 31, 2011. Benefits under the Pension Plan are not subject to any deduction for social security or other offset amount. The annual retirement benefit is reduced pro rata if the employee has completed less than 25 years of service. A participant is entitled to be paid his or her benefits upon retirement at age 65. If a participant has completed at least 15 years of service, he or she may retire upon reaching age 55 but the benefits he or she receives will be actuarially reduced to reflect the longer period during which he or she will receive a benefit. A participant who leaves the Company for any reason other than death, disability or retirement will be entitled to receive the vested portion of the benefit payable over different periods of time depending on the aggregate amount vested and payment option elected.

The following table sets forth, for each of the executive officers named in the Summary Compensation Table, information regarding the benefits payable under the Pension Plan, which represents the only plan of the Company that provides for payments or other benefits at, following, or in connection with an officer's retirement.

Termination or Change in Control Payments

The Company does not generally enter into individual employment, severance or change in control agreements with any of its executive officers. However, the Company did enter into an offer letter agreement with Mr. Udasin. Pursuant to the letter agreement, Mr. Udasin, in exchange for a general release of claims in favor of the Company, was provided severance payments over a six-month period that equaled \$137,500. In addition, the Company entered into an employment letter with Ms. Geiger that includes a provision for the payment of up to six months of base salary as severance upon the involuntary termination of Ms. Geiger's employment with the Company. In the event the Company is required to pay Ms. Geiger severance per the terms of her employment letter, the amount to be paid by the Company over the six month period would be \$100,000. The Company does not otherwise have a formal severance policy with its executive officers and determines on a case by case basis whether severance would be provided upon the termination of an executive officer.

Other than the arrangements described above for Ms. Geiger, there are no other contractual amounts that may become payable or vested upon certain termination of employment of current employees or upon a change in control. As of the end of fiscal 2011, all outstanding stock options were fully vested and exercisable. No additional payments or benefits will accrue or be paid to the individual or the individual's estate, if applicable, other than what has been accrued and vested in the benefit plans discussed above under the heading "Retirement Benefits".

Payments Made Upon Voluntary or Involuntary Termination: If the employment of any of the named executive officers who have received stock options or other long-term incentive awards is voluntarily or involuntarily terminated (other than upon death or disability, as described below), then under our standard award agreements, the following will occur:

- all unvested awards will be forfeited and deemed cancelled immediately upon such termination; and

in the event of a termination without “cause,” outstanding vested stock options will be forfeited and deemed cancelled and no longer exercisable on the earlier of the 90th day following such termination or the expiration date of the option.

Payments Made Upon Disability: If the employment of any of the named executive officers who have received stock options or other long-term incentive awards is terminated due to disability, then under our standard award agreements, the following will occur:

outstanding vested stock options will be forfeited and deemed cancelled and no longer exercisable on the earlier of 12 months following such termination or the expiration date of the option; and

all restrictions underlying all unvested shares of restricted stock will lapse and become immediately vested.

Payments Made Upon Death: If any of the named executive officers who have received stock options dies, then under our standard award agreements, such death will not trigger an acceleration of the vesting of any stock options. Outstanding vested stock options will be forfeited and deemed cancelled and no longer exercisable on the earlier of 12 months following death or the expiration date of the option. If any of the named executive officers who have received shares of restricted stock dies, then under our standard award agreements, upon death, all restrictions underlying all unvested shares of restricted stock will lapse and become immediately vested.

Potential Payments Upon Change in Control: Under our standard equity award agreements, upon a “change in control,” all outstanding stock options will immediately vest and be exercisable and all unvested shares of restricted stock will immediately vest. No additional payments or benefits will accrue or be paid upon a change in control.

C. COMPENSATION OF DIRECTORS

Each member of the Board who is not an officer or employee of the Company receives a director’s fee, presently established at the rate of \$5,000 per meeting, for attending regular or special meetings of the Board. Additionally, each audit committee member receives \$2,000 per meeting and the chair person of the audit committee receives \$4,000 per meeting. For other committees, each committee member of the Board receives \$1,000 for any committee meeting attended by such member. Travel expenses of such directors related to attendance at Board and committee meetings are reimbursed. Directors who are officers or employees of the Company do not receive any additional compensation by reason of their service as directors.

The following table sets forth certain information regarding the compensation we paid to each individual who served as a director of the Company during fiscal 2011, other than Ms. Syms. See the “Summary Compensation Table” above for information pertaining to compensation paid to Ms. Syms.

Item 13. CERTAIN RELATIONSHIPS, RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

As part of a proposed plan of reorganization of the Company, which requires approval of the Court, the Company is considering a transaction with Ms. Syms, individually, as trustee of the Merns Trust, and as trustee of the Marcy Syms Trust. In the proposed transaction, Ms. Syms, the Merns Trust and the Marcy Syms Trust would sell all of their shares to the Company. The Company would then issue the same number of shares to shareholders of the Company who are accredited investors within the meaning of Regulation D under the Exchange Act pursuant to a rights offering made in connection with the plan. The transaction would involve approximately \$20 million. This proposed transaction remains subject to approval by the parties thereto, the Board and the Court. No definitive agreements relating to the proposed transaction have been executed at this time.

We do not have a formal written policy regarding the review, approval or ratification of related party transactions. However, all of our employees, officers and directors are required to comply with our code of business conduct and ethics, which addresses, among other things, actions that are required when potential conflicts of interest arise. Specifically, if an employee, officer or director becomes aware of a conflict of interest, he or she is required to bring it to the attention of a supervisor, manager or other appropriate personnel. Pursuant to its charter, the Audit Committee shall review with management and the independent auditor and approve all transactions or courses of dealing with parties related to the Company. Transactions with related parties must be entered into in good faith on fair and reasonable terms that are no less favorable to us than those that would be available in a comparable transaction in arm's-length dealings with an unrelated third party.

Based on information supplied to it by the Directors, the Board has determined that three of the current directors, Bernard H. Tenenbaum, Henry M. Chidgey and Thomas E. Zanicchia, are "independent" under the listing standards of the NASDAQ Stock Market and the rules and regulations promulgated by the SEC. The Board has made such determinations based on the fact that none of such persons have had, or currently have, any material relationship with the Company or its affiliates or any executive officer of the Company or his or her affiliates, that would impair their independence, including, without limitation, any commercial, industrial, banking, consulting, legal, accounting, charitable or familial relationship.

The Board has determined that the Company is a “controlled company” (as defined in the NASDAQ Marketplace Rules) based on the fact that more than 50% of the voting power of the Company’s voting stock is held by Ms. Syms, individually and as trustee of the Merns Trust, and as trustee of the Marcy Syms Trust, which entities hold Syms Corp. common shares. As a result, the Company is exempt from the provisions of the NASDAQ governance standards requiring that (i) a majority of the board consist of independent directors, (ii) the nominating committee be composed entirely of independent directors and (iii) the compensation committee be composed entirely of independent directors.

Item 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The Board has selected BDO USA, LLP (“BDO”) as the independent registered public accounting firm for the Company for the fiscal year ending February 23, 2013. BDO has audited the financial statements of the Company for more than the past five (5) years.

The following is a summary of the fees for professional services rendered by BDO which were billed to us for the past two (2) fiscal years:

<u>Fee category</u>	Fiscal year ended	
	February 25, 2012	February 26, 2011
Audit fees	\$585,104	\$534,500
Audit-related fees	\$30,000	\$48,000
Total fees	\$615,104	\$582,500

Audit Fees: Audit fees represent fees for professional services performed by BDO for the audit of our annual financial statements, audit of internal controls and the review of our quarterly financial statements, as well as services that are normally provided in connection with statutory and regulatory filings or engagements.

Audit-Related Fees: Audit-related fees represent fees for assurance and related services performed by BDO that are reasonably related to the performance of the audit or review of our financial statements. These fees were for employee benefit related services in each of the past two fiscal years.

Pre-approval Policies and Procedures: The Audit Committee Charter adopted by the Board requires that, among other things, the Audit Committee must pre-approve all audit and permissible non-audit services rendered by the independent registered accounting firm. These services may include audit services, audit-related services, tax services and other services, including services relating to compliance with Section 404 of the Sarbanes-Oxley Act of 2002. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. All services provided during the past two fiscal years were pre-approved by the Audit Committee.

The Company and the Audit Committee have considered whether other non-audit services by BDO are compatible with maintaining the independence of BDO in its audit of the Company.
