EXPLANATORY NOTE

We are an emerging growth company under applicable federal securities laws and therefore permitted to take advantage of certain reduced public company reporting requirements. As an emerging growth company, we provide in this proxy statement the scaled disclosure permitted under the Jumpstart Our Business Startups Act of 2012, or the JOBS Act, including the compensation disclosures required of a smaller reporting company, as that term is defined in Rule 12b-2 promulgated under the Securities Exchange Act of 1934. In addition, as an emerging growth company, we are not required to conduct votes seeking approval, on an advisory basis, of the compensation of our named executive officers or the frequency with which such votes must be conducted. We will remain an emerging growth company until the earliest of (i) the last day of the fiscal year in which we have total annual gross revenues of \$1 billion or more; (ii) December 31, 2017; (iii) the date on which we have issued more than \$1 billion in nonconvertible debt during the previous three years; or (iv) the date on which we are deemed to be a large accelerated filer under the rules of the Securities and Exchange Commission.

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why is the Company Soliciting My Proxy?

The board of directors of Intercept is soliciting your proxy to vote at the 2013 annual meeting of stockholders to be held at our corporate headquarters, located at 18 Desbrosses Street, New York, NY 10013, on Tuesday, May 7, 2013, at 9:00 a.m. Eastern Time and any adjournments of the meeting, which we refer to as the annual meeting. The proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the annual meeting.

We have made available to you on the Internet or have sent you this proxy statement, the Notice of Annual Meeting of Stockholders, the proxy card and a copy of our annual report on Form 10-K for the fiscal year ended December 31, 2012 because you owned shares of Intercept common stock on the record date. The Company intends to commence distribution of the proxy materials to stockholders on or about April 15, 2013.

Who Can Vote?

Only stockholders who owned our common stock at the close of business on April 3, 2013 are entitled to vote at the annual meeting. On this record date, there were 16,634,320 shares of our common stock outstanding and entitled to vote. Our common stock is our only class of voting stock.

You do not need to attend the annual meeting to vote your shares. Shares represented by valid proxies, received in time for the annual meeting and not revoked prior to the annual meeting, will be voted at the annual meeting. For instructions on how to change or revoke your proxy, see **May I Change or Revoke My Proxy?** below.

How Many Votes Do I Have?

Each share of our common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the annual meeting or not, we urge you to vote by proxy. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card or as instructed via Internet. You may specify whether your shares should be voted FOR or WITHHELD for each nominee for director and whether your shares should be voted FOR, AGAINST or ABSTAIN with respect to the other proposal. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the board's recommendations as noted below. Voting by proxy will not affect your right to attend the annual meeting. If your shares are registered directly in your name through our stock transfer agent, VStock Transfer, LLC, or if you have stock certificates registered in your name, you may vote:

By Internet. Go to <http://www.interceptpharma.com/proxy.html>. Follow the instructions included in the proxy card to vote by Internet.

1

TABLE OF CONTENTS

By mail. You can vote by mail by completing, signing, dating and returning the proxy card as instructed on the card. If you sign the proxy card but do not specify how you want your shares voted, they will be voted in accordance with the board's recommendations as noted below.

In person at the meeting. If you attend the meeting, you may deliver a completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m. Eastern Time on May 6, 2013.

If your shares are held in street name (held in the name of a bank, broker or other holder of record), you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the annual meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the annual meeting in order to vote.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The board of directors recommends that you vote as follows:

FOR the election of the nominees for director; and

FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2013.

If any other matter is presented at the annual meeting, your proxy provides that your shares will be voted by the proxy holder listed in the proxy in accordance with his or her best judgment. At the time this proxy statement was first made available, we knew of no matters that needed to be acted on at the annual meeting, other than those discussed in this proxy statement.

May I Change or Revoke My Proxy?

If you give us your proxy, you may change or revoke it at any time before the annual meeting. You may change or revoke your proxy in any one of the following ways:

if you received a proxy card, by signing a new proxy card with a date later than your previously delivered proxy and submitting it as instructed above;

by re-voting by Internet as instructed above;

by notifying Intercept's Secretary in writing before the annual meeting that you have revoked your proxy; or by attending the annual meeting in person and voting in person. Attending the annual meeting in person will not in and of itself revoke a previously submitted proxy. You must specifically request at the annual meeting that it be revoked.

Your most current vote, whether by Internet or proxy card is the one that will be counted.

Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m. Eastern Time on May 6, 2013.

What if I Receive More Than One Proxy Card?

You may receive more than one proxy card if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described above under **How Do I Vote?** for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Vote?

If your shares are registered in your name or if you have stock certificates, they will not be counted if you do not vote as described above under **How Do I Vote?** If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above, the bank, broker or other nominee that holds your shares has the authority to vote your unvoted shares only on the ratification of the appointment of our independent registered public accounting firm (Proposal 2 of

TABLE OF CONTENTS

this proxy statement) without receiving instructions from you. Therefore, we encourage you to provide voting instructions to your bank, broker or other nominee. This ensures your shares will be voted at the annual meeting and in the manner you desire. A broker non-vote will occur if your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority.

Your bank, broker or other nominee does not have the ability to vote your uninstructed shares in the election of directors. Therefore, if you hold your shares in street name, it is critical that you cast your vote if you want your vote to be counted for the election of directors (Proposal 1 of this proxy statement). Thus, if you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote in the election of directors, no votes will be cast on this proposal on your behalf.

What Vote is Required to Approve Each Proposal and How are Votes Counted?

| | |
|---|--|
| Proposal 1: Elect Directors | <p>The nominees for director who receive the most votes (also known as a plurality of the votes cast) will be elected. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of the directors. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name for the election of the directors. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.</p> <p>The affirmative vote of a majority of the shares cast affirmatively or negatively for this proposal is required to ratify the selection of our independent registered public accounting firm. Abstentions will have no effect on the results of this vote. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm. However, if our stockholders do not ratify the selection of KPMG LLP as our independent registered public accounting firm for 2013, our audit committee of our board of directors will reconsider its selection.</p> |
| Proposal 2: Ratify Selection of Independent Registered Public Accounting Firm | |

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspector of Election, VStock Transfer, LLC, examine these documents. Management will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you provide on the proxy card or through other means.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the annual meeting, and we will publish preliminary, or final results if available, in a Current Report on Form 8-K within four business days of the annual meeting. If final results are unavailable at the time we file the Form 8-K, then we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

What Constitutes a Quorum for the Annual Meeting?

The presence, in person or by proxy, of the holders of a majority of the voting power of all outstanding shares of our common stock entitled to vote at the annual meeting is necessary to constitute a quorum at the annual meeting. Votes of stockholders of record who are present at the annual meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Attending the Annual Meeting

The annual meeting will be held at 9:00 a.m. Eastern Time on Tuesday, May 7, 2013 at our corporate headquarters, located at 18 Desbrosses Street, New York, NY 10013. You need not attend the annual meeting in order to vote.

Householding of Annual Disclosure Documents

SEC rules concerning the delivery of annual disclosure documents allow us or your broker to send a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as householding, benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be househanded, the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If your household received a single set of proxy materials this year, but you would prefer to receive your own copy, please contact our transfer agent, VStock Transfer, LLC, by calling their toll free number, 1-855-9VSTOCK.

If you do not wish to participate in householding and would like to receive your own set of Intercept's proxy materials in future years, follow the instructions described below. Conversely, if you share an address with another Intercept stockholder and together both of you would like to receive only a single set of proxy materials, follow these instructions:

If your Intercept shares are registered in your own name, please contact our transfer agent, VStock Transfer, LLC, and inform them of your request by calling them at 1-855-9VSTOCK or writing them at 77 Spruce Street, Suite 201, Cedarhurst, NY 11516.

If a broker or other nominee holds your Intercept shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

Electronic Delivery of Company Stockholder Communications

Most stockholders can elect to view or receive copies of future proxy materials over the Internet instead of receiving paper copies in the mail.

You can choose this option and save the Company the cost of producing and mailing these documents by going to <http://www.interceptpharma.com/proxy.html> and following the instructions relating to the electronic delivery of proxy materials.

TABLE OF CONTENTS

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

TABLE OF CONTENTS**MANAGEMENT AND CORPORATE GOVERNANCE****The Board of Directors**

Our board of directors currently consists of seven members, six of whom were elected as directors prior to our initial public offering and one of whom was elected upon the closing of our initial public offering in October 2012. The six directors who were elected prior to our initial public offering were initially elected as directors pursuant to a shareholders agreement that we entered into with the holders of our preferred stock prior to our initial public offering.

The portions of the shareholders agreement relating to the election of directors terminated upon the closing of our initial public offering. Our directors hold office until their successors have been elected and qualified or until the earlier of their death, resignation or removal. The terms of all of our directors expire at this annual meeting.

Our restated certificate of incorporation and our restated bylaws provide that the authorized number of directors may be changed only by resolution of the board of directors. Our restated bylaws also provide that our directors may be removed only for cause by the affirmative vote of the holders of at least 80% of the votes that all our stockholders would be entitled to cast in an annual election of directors, and our restated certificate of incorporation and amended and restated bylaws provide that any vacancy on our board of directors, including a vacancy resulting from an increase in the size of our board of directors, may be filled only by vote of a majority of our directors then in office.

Each of the nominees listed below has been nominated by the board of directors, upon the recommendation of the nominating and governance committee, for re-election as a director until the Annual Meeting of Stockholders to be held in 2014 and until their respective successors are elected or until their earlier death, resignation or removal. In addition, she brings expertise to the company in the areas of financial analysis and reporting, internal auditing and controls and risk management oversight. Her board and audit committee roles at other public companies give her a

broad perspective in the areas of financial reporting and audit and enterprise risk management.

There are no family relationships between or among any of our directors or nominees. The principal occupation and employment during the past five years of each of our directors and nominees was carried on, in each case except as specifically identified above, with a corporation or organization that is not a parent,

subsidiary or other affiliate of us. There is no arrangement or understanding between any of our directors or nominees and any other person or persons pursuant to which he or she is to be selected as a director or nominee.

There are no legal proceedings to which any of our directors is a party adverse to us or any of our subsidiaries or in which any such person has a material interest adverse to us or any of our subsidiaries.

Director Independence

Our board of directors has reviewed the materiality of any relationship that each of our directors has with Intercept, either directly or indirectly. Based upon this review, our board has determined that all of our directors other than Dr.

Pruzanski, our chief executive officer, are independent directors as defined by The NASDAQ Stock Market. Our board of directors also determined that Drs. Veitinger and Tallarigo and Ms. Williams, who comprise our compensation committee; and Messrs. Fundaro and Silverstein and Dr. Akkaraju, who comprise our nominating and governance committee, all satisfy the independence standards for such committees established by the Securities and Exchange Commission and the NASDAQ Marketplace Rules, as applicable. With respect to our audit committee, our board of directors has determined that Ms. Williams and Mr. Silverstein satisfy the independence standards for such committee established by Rule 10A-3 under the Exchange Act, the Securities and Exchange Commission and the NASDAQ Marketplace Rules, as applicable, but that Mr. Fundaro, the other member of the audit committee, does not satisfy all of these standards because of his relationship with Genextra S.p.A., one of our affiliates. As such, we are relying upon the phase-in provisions of Rule 10A-3 and the rules of the NASDAQ Stock Market, as further described below in the description of our audit committee. In making such determinations, the board of directors considered the relationships that each such non-employee director or director nominee has with our company and all other facts and circumstances the board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. In considering the independence of our directors, our board of directors considered the association of certain of our directors with the holders of more than 5% of our common stock as well as the effect of each of the transactions described in Certain Relationships and Related Person Transactions below.

Committees of the Board of Directors and Meetings

Meeting Attendance. During the fiscal year ended 2012 there were 11 meetings of our board of directors, and the various committees of the board met a total of 15 times. No director attended fewer than 75% of the total number of meetings of the board and of committees of the board on which he or she served during fiscal 2012. The board has adopted a policy under which each member of the board is strongly encouraged but not required to attend each annual meeting of our stockholders either in person or via teleconference.

Our board of directors intends to make new committee designations after our directors commence their new terms in office upon the completion of our annual meeting of stockholders.

Audit Committee. Our audit committee met six times during fiscal 2012. This committee currently has three members, Ms. Williams (Chairperson), Mr. Fundaro and Mr. Silverstein. Our audit committee's role and responsibilities are set forth in the audit committee's written charter and include the authority to retain and terminate the services of our independent registered public accounting firm. In addition, the audit committee reviews our annual and quarterly financial statements, considers matters relating to accounting policy and internal controls and reviews the scope of annual audits.

Ms. Williams is the chairperson of the committee. Our board of directors has determined that Ms. Williams is an audit committee financial expert, as defined by the rules of the Securities and Exchange Commission, and satisfies the financial sophistication requirements of applicable NASDAQ rules.

Under the applicable NASDAQ rules, we are permitted to phase in our compliance with the independent audit committee requirements set forth in NASDAQ Marketplace Rule 5605(c)(2)(A)(ii) on the same schedule as we are permitted to phase in our compliance with the independent audit committee requirement pursuant to Rule 10A-3(b)(1)(iv)(A) under the Exchange Act, which require all members to be independent prior to October 10, 2013, the one year anniversary of our listing on the NASDAQ. Our board of directors has determined that each of Ms. Williams and Mr. Silverstein is an independent director under the NASDAQ

TABLE OF CONTENTS

Marketplace Rules and Rule 10A-3 of the Exchange Act. Prior to October 10, 2013, we expect that Mr. Fundaro will resign from our audit committee and be replaced with a new director who is independent under NASDAQ Marketplace Rule 5605(c)(2)(A)(ii) and Rule 10A-3. Our reliance on the exemption provided in Rule 10A-3(b)(1)(iv)(A) will not materially adversely affect the ability of the audit committee to act independently and to satisfy the other requirements of Rule 10A-3.

Our audit committee is authorized to:

- approve and retain the independent auditors to conduct the annual audit of our financial statements;
- review the proposed scope and results of the audit;
- review and pre-approve audit and non-audit fees and services;
- review accounting and financial controls with the independent auditors and our financial and accounting staff;
- review and approve transactions between us and our directors, officers and affiliates;
- recognize and prevent prohibited non-audit services;
- establish procedures for complaints received by us regarding accounting matters;
- oversee internal audit functions, if any; and

prepare the report of the audit committee that the rules of the Securities and Exchange Commission require to be included in our annual meeting proxy statement.

Please also see the report of the audit committee set forth elsewhere in this proxy statement.

A copy of the audit committee's written charter is publicly available in the Investors' section of our website at www.interceptpharma.com.

Compensation Committee. Our compensation committee met eight times during fiscal 2012. This committee currently has three members, Dr. Veitinger (Chairman), Dr. Tallarigo and Ms. Williams. All members of the compensation committee qualify as independent under the definition promulgated by The NASDAQ Stock Market.

Our compensation committee's role and responsibilities are set forth in the compensation committee's written charter and include:

- reviewing and recommending the compensation arrangements for management, including the compensation for our president and chief executive officer;
- establishing and reviewing general compensation policies with the objective to attract and retain superior talent, to reward individual performance and to achieve our financial goals;
- administering our equity incentive plans; and

if applicable, preparing the report of the compensation committee that the rules of the Securities and Exchange Commission require to be included in our annual meeting proxy statement.

In respect of the determination of the compensation of our president and chief executive officer, the compensation committee shall conduct its decision making process without the president and chief executive officer present.

Our compensation committee makes all compensation decisions regarding our executive officers, after which it makes a recommendation to our full board of directors. Our board of directors then approves the compensation for our executive officers.

During the first calendar quarter of each year, we evaluate each executive's performance for the prior year. In connection with each annual review cycle, Dr. Pruzanski, our president and chief executive officer, meets with our executive officers to discuss our accomplishments during the year and the individual's performance and contributions over the prior year. Based on these discussions, Dr. Pruzanski, with respect to

TABLE OF CONTENTS

each executive other than himself, prepares an evaluation of the executive's performance. Dr. Pruzanski also prepares his own self-assessment as well as a detailed review of company performance against stated corporate goals. This process leads to a recommendation by Dr. Pruzanski to the compensation committee with respect to each executive officer, including himself, as to:

the achievement of stated corporate and individual performance goals;
the level of contributions made to the general management and guidance of our company;
the need for salary increases;
the amount of bonuses to be paid; and
whether or not stock option and/or other equity awards should be made.

These recommendations are reviewed and taken into account by the compensation committee. The compensation committee makes a recommendation regarding executive compensation to the full board of directors, which then approves the compensation of our executive officers.

On January 2, 2013, our compensation committee engaged Pearl Meyer & Partners (PM&P), an independent compensation consultant, to assist the committee in determining a peer group of companies to use for executive and director compensation based on our company's current stage of development, to provide comparative data on executive and director compensation practices in our industry and to generally advise us on our executive and director compensation program, including the terms of our employment agreements. The compensation committee has the sole authority to approve the terms of the engagement of PM&P.

Although PM&P was primarily engaged to provide advice to be used in conjunction with the determination of executive compensation beginning in 2013, the analyses and advice of PM&P were considered by the compensation committee in determining a special one-time bonus for 2012 performance, which was determined and paid in 2013.

Although our board of directors and compensation committee consider the advice and recommendations of our independent compensation consultants as to our executive compensation program, our board of directors and compensation committee ultimately make their own decisions about these matters. Our compensation committee may engage other independent compensation consultants to provide additional guidance for executive compensation and conduct further competitive benchmarking against a peer group of publicly traded companies.

PM&P did not provide any services to us or our compensation committee other than as described above. Our compensation committee has determined that there is no conflict of interest in PM&P's engagement.

Our compensation committee will also review and discuss annually with management our Compensation Discussion and Analysis disclosure to the extent such disclosure is required by SEC rules. These rules are not yet applicable to us because we are an emerging growth company as defined in the Jumpstart Our Business Startups Act of 2012. See the Explanatory Note at the beginning of this proxy.

A copy of the compensation committee's written charter is publicly available in the Investors section of our website at www.interceptpharma.com.

Nominating and Governance Committee. Our nominating and governance committee met one time during fiscal 2012 and currently has three members, Mr. Fundaro (Chairman), Mr. Silverstein, and Dr. Akkaraju. Ms. Williams was a member of our nominating and governance committee until her resignation in November 2012, after which Dr.

Akkaraju was appointed to our nominating and governance committee. All members of the nominating and governance committee qualify as independent under the definition promulgated by The NASDAQ Stock Market.

The nominating and governance committee's role and responsibilities are set forth in the nominating and governance committee's written charter and include:

evaluating and making recommendations to the full board as to the size and composition of the board and its committees;

identifying and nominating members of the board of directors;

13

developing and recommending to the board of directors a set of corporate governance principles applicable to our company; and

overseeing the evaluation of our board of directors.

If a stockholder wishes to nominate a candidate for director who is not to be included in our proxy statement, it must follow the procedures described in our restated by-laws and in *Stockholder Proposals and Nominations For Director* at the end of this proxy statement.

Under our current corporate governance policies, the nominating and governance committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. The process followed by our nominating and governance committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and our board. For all potential candidates, the nominating and governance committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to propose a candidate for consideration as a nominee by the nominating and governance committee under our corporate governance policies, it should submit such recommendation in writing c/o Corporate Secretary, Intercept Pharmaceuticals, Inc., 18 Desbrosses Street, New York, NY 10013.

A copy of the nominating and governance committee's written charter is publicly available in the *Investors* section of our website at www.interceptpharma.com.

Board Diversity

Our nominating and governance committee is responsible for reviewing with the board of directors, on an annual basis, the appropriate characteristics, skills and experience required for the board of directors as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current members), the nominating and corporate governance committee, in recommending candidates for election, and the board of directors, in approving (and, in the case of vacancies, appointing) such candidates, will take into account many factors, including the following:

diversity of personal and professional background, perspective, experience, age, gender, ethnicity and country of citizenship;

personal and professional integrity and ethical values;

experience in one or more fields of business, professional, governmental, scientific or educational endeavors, and a general appreciation of major issues facing public companies similar in scope and size to us;

experience relevant to our industry or with relevant social policy concerns;

relevant academic expertise or other proficiency in an area of our operations;

objective and mature business judgment and expertise; and

any other relevant qualifications, attributes or skills.

Compensation Committee Interlocks and Insider Participation

From January to August 2012, our compensation committee was comprised of Mr. Sekhri and Drs. Noonan and Tallarigo. From August to December 2012, our compensation committee was comprised of Drs. Veitinger and Tallarigo and Ms. Williams. No member of our compensation committee during fiscal 2012 has at any time been an officer or employee of ours. None of our executive officers serves as a member of another entity's board of directors or compensation committee that has one or more executive officers serving as a member of our board of directors or compensation committee.

TABLE OF CONTENTS

Board Leadership Structure and Role in Risk Oversight

The positions of chairman of the board and chief executive officer are presently separated at our company. We believe that separating these positions allows our chief executive officer to focus on our day-to-day business, while allowing our chairman of the board to lead the board of directors in its fundamental role of providing advice to, and independent oversight of, management. Our board of directors recognizes the time, effort and energy that the chief executive officer is required to devote to his position in the current business environment, as well as the commitment required to serve as our chairman, particularly as the board of directors' oversight responsibilities continue to grow. Our board of directors also believes that this structure ensures a greater role for the independent directors in the oversight of our company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of our board of directors. This leadership structure also is preferred by a significant number of our stockholders. Our board of directors believes its administration of its risk oversight function has not affected its leadership structure.

While our restated by-laws and corporate governance guidelines do not require that our chairman and chief executive officer positions be separate, our board of directors believes that having separate positions is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including risks relating to product candidate development, technological uncertainty, dependence on collaborative partners and other third parties, uncertainty regarding patents and proprietary rights, comprehensive government regulations, having no commercial manufacturing experience, marketing or sales capability or experience and dependence on key personnel, as more fully discussed under Item 1.A. Risk Factors in our annual report on Form 10-K. Management is responsible for the day-to-day management of risks we face, while our board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

Our board of directors is actively involved in oversight of risks that could affect us. This oversight is conducted primarily through the audit committee of our board of directors, but the full board of directors has retained responsibility for general oversight of risks. Our board of directors satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within our company as our board of directors believes that full and open communication between management and the board of directors is essential for effective risk management and oversight.

Stockholder Communications to the Board

Generally, stockholders who have questions or concerns should contact our Investor Relations department at 646-747-1000. However, any stockholders who wish to address questions regarding our business directly with the board of directors, or any individual director, should direct his or her questions in writing to the chairman of the board or any individual director ATTN: SECURITY HOLDER COMMUNICATION, Board of Directors, Intercept Pharmaceuticals, Inc. at 18 Desbrosses Street, New York, NY 10013 or via e-mail at info@interceptpharma.com. Communications will be distributed to the board, or to any individual director or directors as appropriate, depending on the facts and circumstances outlined in the communications. Items that are unrelated to the duties and responsibilities of the board may be excluded, such as:

junk mail and mass mailings;
resumes and other forms of job inquiries;
surveys; or
solicitations or advertisements.

In addition, any material that is unduly hostile, threatening, or illegal in nature may be excluded, provided that any communication that is filtered out will be made available to any outside director upon request.

Amounts reflect a special one-time bonus for fiscal 2012 performance that was awarded to our executive officers in 2013 to recognize their hard work during 2012. Factors taken into consideration include the successful completion (1) of our initial public offering, or IPO, in October 2012, the overall performance of our company during fiscal 2012, and other factors and achievements not previously contemplated by our compensation committee and board of directors when it originally determined the goals for fiscal 2012.

The amounts in this column represent the aggregate grant date fair value of restricted stock units granted to the named executive officer in 2012 computed in accordance with FASB ASC Topic 718. See Note 11 of the notes to (2) our consolidated financial statements in our annual report on Form 10-K filed on April 1, 2013 for a discussion of our assumptions in determining the grant date fair values of equity awards. These amounts do not correspond to the actual value that will be recognized by the named executive officers.

The amounts in this column represent the aggregate grant date fair value of stock options granted to the named executive officer in the applicable fiscal year computed in accordance with FASB ASC Topic 718. See Note 11 of (3) the notes to our consolidated financial statements in our annual report on Form 10-K filed on April 1, 2013 for a discussion of our assumptions in determining the grant date fair values of equity awards. These amounts do not correspond to the actual value that will be recognized by the named executive officers.

(4) For 2012, amounts represent amounts earned in 2012, which were determined and paid in March 2013, under our bonus program. In 2012, we paid our annual bonuses based on a target percentage of each officer's 2012 base salary

and then adjusted such amounts based on pre-determined corporate goals and individual performance, except for our chief executive officer whose annual bonus was determined solely based on attainment of our company objectives. Our compensation committee and our board of directors determined that our target corporate objectives had been exceeded and that achievement equated to 125%. Therefore, Dr. Pruzanski was entitled to receive 125% of his target bonus (which target amount was 45% of his base salary). For our other executive officers, their annual bonus was based on 131% of his or her target bonus (in each case, with a bonus target of 25% of base salary), which took into account the 125% achievement of our corporate objectives and individual performance as determined by our chief executive officer together with the compensation committee and then approved by our board of directors.

- (5) Amounts reflect payments made for health insurance coverage of such named executive officers and their family members, above the amounts generally paid for the coverage of our employees.

Employment Arrangements with Our Named Executive Officers

Mark Pruzanski, M.D. On May 15, 2006, we entered into an employment agreement with Dr. Pruzanski, our President and Chief Executive Officer. This employment agreement provided for an initial term of one year with automatic renewals each year thereafter unless terminated by either us or Dr. Pruzanski. Dr. Pruzanski's base salary was originally set at \$300,000 per year, subject to annual review and increase (but not decrease), as determined by our board of directors or the compensation committee. Dr. Pruzanski's employment agreement also provides that he is eligible to receive an annual bonus payment of up to 35% of his annual base salary, based on achievement of certain performance milestones identified by our board of directors in consultation with Dr. Pruzanski. This bonus target was subsequently increased to 45% of annual base salary at the discretion of the board of directors.

For 2012, Dr. Pruzanski was paid a base salary of \$377,000 and the board of directors used a bonus target of 45% of annual base salary. Dr. Pruzanski's 2012 bonus of \$212,063 represents approximately 125% of his bonus target. In addition, Dr. Pruzanski received a special bonus of \$120,000 for fiscal 2012 performance.

Dr. Pruzanski is also eligible to participate in our group benefits programs, including but not limited to medical, disability and life insurance, vacation and retirement plans, and a 401(k) plan sponsored by us. We have agreed to pay 100% of the health insurance premiums of Dr. Pruzanski and his spouse and other dependents and an annual life insurance premium of \$10,000. During 2012, although we paid the premium for Dr. Pruzanski's participation in our group life insurance policy, which is available generally to all employees, we did not purchase or pay premiums for any individual life insurance policy for Dr. Pruzanski. We are also required to purchase short-term and long-term disability policies insuring at least 60% of Dr. Pruzanski's base salary.

If Dr. Pruzanski terminates his employment with us or we terminate his employment for any reason, in addition to payment of accrued compensation and benefits, Dr. Pruzanski will be entitled to an amount equal to the prorated portion of the bonus, if any, that would have been payable to him.

In the event we do not renew Dr. Pruzanski's employment at the end of the employment term, Dr. Pruzanski is terminated by us without cause, as defined in the employment agreement, or he resigns with good reason, as defined in the employment agreement, Dr. Pruzanski will be entitled to receive (i) 12 months of his base salary paid in a single lump sum, (ii) a lump sum payment equal to the mean bonus earned by him during the prior three years (such payment shall be in lieu of the prorated bonus described above) and (iii) continuation of participation in our group health plan and the payment of his premiums for 12 months from the date of termination (or the cost of COBRA coverage for such period) for Dr. Pruzanski, his spouse and any dependents covered under our group health plan prior to termination.

In the event that Dr. Pruzanski does not renew his employment at the end of the employment term, is terminated for cause, is terminated due to death or disability, or he terminates his employment without good reason, Dr. Pruzanski will not be entitled to any severance benefits unless mutually agreed upon in writing. If Dr. Pruzanski is terminated due to disability, he is entitled to (i) a lump sum payment equal to 12 months of base salary, so long as he is not eligible to participate in a company-sponsored short-term and long-term disability plans that provide for benefits of at least 60% of base salary, and (ii) continued participation in our group health plan and the payment of his premiums for

12 months following the date of termination (or the cost of COBRA coverage for such period) for Dr. Pruzanski, his spouse and any dependents covered under our group health plan prior to termination.

If we do not renew Dr. Pruzanski's employment at the end of the employment term, Dr. Pruzanski is terminated by us without cause, he resigns with good reason or Dr. Pruzanski is terminated due to his death or disability, all of Dr. Pruzanski's stock options and equity awards granted after the date of his employment

agreement will vest immediately and his stock options will be exercisable for three years from the effective date of termination. In the event that Dr. Pruzanski is terminated for cause or he terminates his employment without good reason, all of his unvested equity awards and stock options will immediately be forfeited and all of his vested stock options will be exercisable for three years from the effective date of termination. The above provisions in Dr. Pruzanski's employment agreement relating to the vesting of equity awards are in addition to the vesting provisions contained in our equity incentive plans. See Equity Incentive Plans below.

In the event of the termination of Dr. Pruzanski's employment within three months before or 12 months following a change in control, as defined in the employment agreement, (i) by us because we do not renew Dr. Pruzanski's employment at the end of the employment term, (ii) by us for any reason other than for cause or (iii) by Dr. Pruzanski for good reason Dr. Pruzanski will be entitled to receive (a) an amount equal to 24 months of his then-current monthly base salary payable as a single lump sum, (b) a lump sum payment equal to two times the mean bonus earned during the prior three years (such payment shall be in lieu of the prorated bonus described above) and (c) continuation of participation in our group health plan and the payment of his premiums for up to 24 (but not less than 18) months from the date of termination (or the cost of COBRA coverage for such period) for Dr. Pruzanski, his spouse and any dependents covered under our group health plan prior to termination.

Receipt of the severance benefits described above is conditioned upon Dr. Pruzanski entering into a severance agreement, including a release of claims, with us. Dr. Pruzanski has acknowledged and agreed that the timing of payments may be modified by us to comply with Section 409A of the Internal Revenue Code of 1986, as amended, or the Code.

Under Dr. Pruzanski's employment agreement, good reason is defined as a material change in duties, position, responsibilities or reporting requirements, relocation of Dr. Pruzanski's place of employment by more than 50 miles from his principal residence or place of employment prior to such change or our material breach of the employment agreement.

David Shapiro, M.D. Effective April 1, 2008, we entered into an employment agreement with Dr. Shapiro, our Chief Medical Officer and Executive Vice President, Development. We have agreed to provide Dr. Shapiro with a monthly car allowance of \$1,000 and to pay 100% of the health insurance premiums of Dr. Shapiro and his spouse, if his spouse is not already covered by the health insurance plan of another employer.

In the event we do not renew Dr. Shapiro's employment at the end of the employment term, Dr. Shapiro is terminated by us without cause, as defined in the employment agreement, or he resigns with good reason, as defined in the employment agreement, Dr. Shapiro will be entitled to receive (i) 12 months of his base salary paid in a single lump sum and (ii) continuation of participation in our group health plan and the

payment of his premiums for 12 months (of the cost of COBRA coverage for such period) for Dr. Shapiro, his spouse and any dependents covered under our group health plan prior to termination. If Dr. Shapiro is terminated by us without cause or he resigns with good reason, all of Dr. Shapiro's equity awards and stock options that would have vested within one year of the termination date will vest immediately and all vested stock options will be exercisable for one year from the effective date of termination. In the event that Dr. Shapiro does not renew his employment at the end of the employment term, is terminated for cause, is terminated due to death or disability, or he terminates his employment without good reason, Dr. Shapiro will not be entitled to severance payments unless mutually agreed upon in writing.

In the event of the termination of Dr. Shapiro's employment within 12 months following a change in control (i) by us because we do not renew Dr. Shapiro's employment at the end of the employment term, (ii) by us for any reason other than for cause or (iii) by Dr. Shapiro for good reason, Dr. Shapiro will be entitled to receive (a) an amount equal to 12 months of his then-current monthly base salary payable as a single lump sum and (b) continuation of participation in our group health plan and the payment of his premiums for 12 months (of the cost of COBRA coverage for such period) for Dr. Shapiro, his spouse and any dependents covered under our group health plan prior to termination. In such instances of termination, all of Dr. Shapiro's unvested equity awards and stock options will immediately become fully vested and all of his vested stock options will be exercisable for a period of one year following the effective date of termination. This provision in Dr. Shapiro's employment agreement relating to the vesting of equity awards upon a change of control is in addition to the provisions contained in our equity incentive plans governing the vesting of equity awards upon a change of control.

Receipt of the severance benefits described above is conditioned upon Dr. Shapiro entering into a severance agreement, including a release of claims, with us. Dr. Shapiro has acknowledged and agreed that the timing of payments may be modified by us to comply with Section 409A of the Code.

Under Dr. Shapiro's employment agreement, cause for termination shall be deemed to exist upon (a) a good faith finding by us that (i) Dr. Shapiro has engaged in dishonesty, willful misconduct or gross negligence, (ii) Dr. Shapiro has materially breached the employment agreement, or (iii) Dr. Shapiro has breached or threatened to breach his invention, non-disclosure and non-solicitation agreement, and has failed to cure such conduct or breach within 30 days after his receipt of written notice from us, or (b) Dr. Shapiro's conviction or entry of nolo contendere to any crime involving moral turpitude, fraud or embezzlement, or any felony. their resignation date may be exercised for five years from such date. Under the 2003 Plan, the unvested options for the continuing non-employee directors, other than Dr. Tallarigo as described below, will vest monthly through December 31, 2013, subject to the terms of the 2003 Plan.

The stock options granted in November 2012 were made under the 2012 Plan. The grants made to all such directors other than Drs. In September 2012, our board of directors also amended the terms of the stock options previously granted to our non-employee directors under the 2003 Plan to provide that all unvested stock options will immediately vest upon the occurrence of a change of control and also to permit our non-employee directors to exercise their stock options for one year following termination of service instead of 90 days as provided in the form of option agreement under the 2003 Plan.

Prior to September 2012, our director compensation policy was to provide our non-employee directors options to purchase 3,461 shares of common stock annually, which vest over various time periods not exceeding two years from the date of grant, with the chairperson of the audit committee receiving additional options to purchase 1,298 shares of common stock annually and our chairman and the chairperson of our compensation committee receiving additional options to purchase 865 shares of common stock annually. The audit committee of the board of directors has furnished the following report:

The audit committee assists the board in overseeing and monitoring the integrity of our financial reporting process, compliance with legal and regulatory requirements and the quality of internal and external audit processes. This committee's role and responsibilities are set forth in our charter adopted by the board, which is available in the Investors' section of our website at www.interceptpharma.com. This committee reviews and reassesses our charter annually and recommends any changes to the board for approval. Our current audit committee charter was adopted in September 2012 in connection with our initial public offering, and was reaffirmed in March 2013 by the board. The audit committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of KPMG LLP. In fulfilling its responsibilities for the financial statements for fiscal year 2012, the audit committee took the following actions:

Reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2012 with management and KPMG LLP, our independent registered public accounting firm;

Discussed with KPMG LLP the matters required to be discussed in accordance with Statement on Auditing Standards No. 61, as amended, (AICPA, Professional Standards, Vol 1. AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and

Received written disclosures and the letter from KPMG LLP regarding its independence as required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP communications with the audit committee and the audit committee further discussed with KPMG LLP their independence.

The audit committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the audit committee's review of the audited financial statements and discussions with management and KPMG LLP, the audit committee recommended to the board that the audited financial statements be included in our annual report on Form 10-K for the fiscal year ended December 31, 2012 for filing with the SEC.

In 2012, the audit committee reviewed KPMG LLP's work relating to our initial public offering, in addition to work relating to our annual and quarterly financial statements. Based on KPMG LLP's performance relating to our annual and quarterly financial review and their performance relating to our initial public offering, the audit committee recommends that our stockholders ratify the appointment of KPMG LLP as our auditors for fiscal 2013.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended, were filed on a timely basis, except that an initial report of ownership on Form 3 was filed late by Francesco Micheli, an executive director of Genextra S.p.A., which is one of our greater than 10% stockholders, and Mr. Micheli failed to file a Form 4 relating to the conversion of the shares of preferred stock held by Genextra S.p.A. into shares of common stock upon the completion of our initial public offering. The reports relating to these matters were timely filed by Genextra S.p.A. Mr. Micheli filed a Form 5 reporting these transactions in February 2013.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

In addition to the director and executive officer compensation arrangements discussed above in Executive and Director Compensation, since January 1, 2012, we have engaged in the following transactions in which the amount involved exceeded \$120,000 and in which any director, executive officer or holder of more than 5% of our voting securities, whom we refer to as our principal stockholders, or affiliates or immediate family members of our directors, executive officers and principal stockholders, had or will have a material interest. We believe that all of these transactions were on terms as favorable as could have been obtained from unrelated third parties.

Some of our directors are affiliated with our principal stockholders as indicated in the table below:

| Director | Affiliation with Principal Stockholder |
|------------------------|--|
| Lorenzo Tallarigo, M.D | Dr. Tallarigo is the chief executive officer of Genextra S.p.A., which is one of our principal stockholders. |
| Paolo Fundaro | Mr. Fundaro is the chief financial officer of Genextra S.p.A., which is one of our principal stockholders. |
| Jonathan Silverstein | Mr. Silverstein is a member of OrbiMed Advisors LLC, whose affiliated fund is one of our principal stockholders. |

Private Placements of Securities

On August 9, 2012, we entered into a securities purchase agreement with an affiliated fund of OrbiMed Advisors LLC, or OrbiMed, and Genextra S.p.A., or Genextra, pursuant to which we agreed to issue up to an aggregate of 25,000,000 shares of our Series C preferred stock at a price of \$2.00 per share for gross proceeds of up to \$50.0 million. On August 9, 2012, we issued the first tranche of Series C preferred stock, which resulted in net proceeds of \$29.7 million to us. The closing of the second tranche was only contemplated to occur if we did not complete an initial public offering of our common stock on or prior to August 2013. Upon the completion of our initial public offering, the Series C preferred stock was converted into shares of common stock and the agreement to issue the second tranche of Series C preferred stock was nullified.

The investors have been granted certain demand and piggyback registration rights in respect of their securities under our third amended and restated stockholders agreement. Under the securities purchase agreement, we have agreed to

indemnify each purchaser of our Series C preferred stock and its employees, agents, stockholders and affiliates, up to an aggregate amount equal to the purchase price of the Series C preferred stock until August 9, 2015, for any and all losses, judgments or damages sustained or incurred by or asserted against such indemnified party arising out of or in any way relating to any material breach of our representations and warranties, the failure by us to fulfill any material obligation, agreement or covenant under the securities purchase agreement or the third amended and restated stockholders agreement, or any cost or expense, including reasonable legal fees incurred in connection with enforcing the rights of such indemnified party.

See Security Ownership of Certain Beneficial Owners and Management for more information about shares held by these entities.

TABLE OF CONTENTS

Reimbursement of Expenses

In connection with the Series C preferred stock financing in August 2012, we reimbursed Genextra and OrbiMed \$50,000 and \$150,000, respectively, for legal expenses incurred by such stockholders in connection with the transaction.

Participation in our Initial Public Offering

In our initial public offering, OrbiMed purchased an aggregate of 333,334 shares of our common stock and NewLeaf Venture Partners purchased an aggregate of 700,000 shares of our common stock. These purchases were made through the underwriters at the initial public offering price.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and officers. The indemnification agreements and our restated certificate of incorporation and restated by-laws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

Policy for Approval of Related Person Transactions

Pursuant to the written charter of our audit committee, the audit committee is responsible for reviewing and approving, prior to our entry into any such transaction, all transactions in which we are a participant and in which any parties related to us, including our executive officers, our directors, beneficial owners of more than 5% of our securities, immediate family members of the foregoing persons and any other persons whom our board of directors determines may be considered related parties under Item 404 of Regulation S-K, has or will have a direct or indirect material interest.

In reviewing and approving such transactions, the audit committee shall obtain, or shall direct our management to obtain on its behalf, all information that the committee believes to be relevant and important to a review of the transaction prior to its approval. Following receipt of the necessary information, a discussion shall be held of the relevant factors if deemed to be necessary by the committee prior to approval. If a discussion is not deemed to be necessary, approval may be given by written consent of the committee. This approval authority may also be delegated to the chair of the audit committee in some circumstances. No related party transaction shall be entered into prior to the completion of these procedures.

The audit committee or its chair, as the case may be, shall approve only those related party transactions that are determined to be in, or not inconsistent with, the best interests of us and our stockholders, taking into account all available facts and circumstances as the committee or the chair determines in good faith to be necessary in accordance with principles of Delaware law generally applicable to directors of a Delaware corporation. These facts and circumstances will typically include, but not be limited to, the benefits of the transaction to us; the impact on a director's independence in the event the related party is a director, an immediate family member of a director or an entity in which a director is a partner, stockholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms of comparable transactions that would be available to unrelated third parties or to employees generally. No member of the audit committee shall participate in any review, consideration or approval of any related party transaction with respect to which the member or any of his or her immediate family members has an interest.

Upon recommendation of the nominating and governance committee, the board of directors has nominated Srinivas Akkaraju, M.D., Ph.D., Paolo Fundaro, Mark Pruzanski, M.D., Jonathan T. Silverstein, Lorenzo Tallarigo, M.D., Klaus Veitinger, M.D., Ph.D., and Nicole S. Williams for election at the annual meeting. If they are elected, they will serve on our board of directors until the 2014 annual meeting of stockholders and until their respective successors have been elected and qualified, or until their earlier death, resignation or removal.

Unless authority to vote for any of these nominees is withheld, the shares represented by the enclosed proxy will be voted **FOR** the election as directors of the nominees listed above. In the event that a nominee becomes unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the board of directors may recommend in that nominee's place. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

A plurality of the shares voted FOR each nominee at the meeting is required to elect each nominee as a director.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF SRINIVAS AKKARAJU, M.D., PH.D., PAOLO FUNDARO, MARK PRUZANSKI, M.D., JONATHAN T. SILVERSTEIN, LORENZO TALLARIGO, M.D., KLAUS VEITINGER, M.D., PH.D., AND NICOLE S. INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(Proposal 2)

The audit committee has appointed KPMG LLP, as our independent registered public accounting firm, to audit our financial statements for the fiscal year ending December 31, 2013. The board proposes that the stockholders ratify this appointment. KPMG LLP audited our financial statements for the fiscal year ended December 31, 2012, and has served as our auditors since 2008. We expect that representatives of KPMG LLP will be present at the annual meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of the Company's annual financial statements for the years ended December 31, 2012 and December 31, 2011, and fees billed for other services rendered by KPMG LLP during those periods.

| (in thousands) | 2012 | 2011 |
|--------------------|--------|--------|
| Audit fees | \$ 613 | \$ 120 |
| Audit related fees | | |
| Tax fees | | |
| All other fees | | |
| Total | \$ 613 | \$ 120 |

Audit fees include fees associated with the initial public offering, annual audit, review of our quarterly report on Form 10-Q for the third quarter of 2012, and consents related to filings with the SEC. Tax fees include tax compliance, preparation of state and federal income tax returns, and preparation of sales tax returns.

Auditor Independence

The audit committee has determined that the provision of services rendered above is compatible with maintaining KPMG LLP's independence. All audit related, tax and other services are required to be pre-approved by the audit committee.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Public Accountant

Consistent with SEC policies regarding auditor independence, the audit committee has responsibility for appointing, setting compensation and overseeing the work of our independent registered public accounting firm. In recognition of this responsibility, the audit committee has established a policy to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm.

Prior to engagement of an independent registered public accounting firm for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the

audit committee for approval.

1. **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only an independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.

2. **Audit-Related** services are for assurance and related services that are traditionally performed by an independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. **Tax** services include all services performed by an independent registered public accounting firm's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

4. **Other Fees** are those associated with services not captured in the other categories. We generally do not request such services from our independent registered public accounting firm.

TABLE OF CONTENTS

Prior to engagement, the audit committee pre-approves these services by category of service. The fees are budgeted and the audit committee requires our independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage our independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the audit committee requires specific pre-approval before engaging our independent registered public accounting firm.

The audit committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the audit committee at its meetings.

In the event the stockholders do not ratify the appointment of KPMG LLP as our independent registered public accounting firm, the audit committee will reconsider its appointment.

The affirmative vote of a majority of the shares cast affirmatively or negatively at the annual meeting is required to ratify the appointment of the independent registered public accounting firm.

The audit committee regularly evaluates the performance of KPMG LLP. In 2012, our audit committee reviewed KPMG LLP's work relating to our initial public offering, in addition to work relating to our annual and quarterly financial statements. Based on KPMG LLP's performance relating to our annual and quarterly financial review and their performance relating to our initial public offering, our audit committee recommends that our stockholders ratify the appointment of KPMG LLP as our auditors for fiscal 2013.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO RATIFY THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH RATIFICATION UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.
