Director Independence

As of August 7, 2013, the Board consists of 12 members, 9 of whom are independent directors. Determinations as to the qualifications of independent directors are made under section 303A.02 of the New York Stock Exchange (“NYSE”) Listed Company Manual and the Company’s Categorical Standards of Independence. The NYSE’s independence guidelines and the Company’s categorical standards include a series of objective tests, such as the director is not an employee of the Company and has not engaged in various types of business dealings involving the Company, which would prevent such director from being independent. The Board of Directors has affirmatively determined that none of the Company’s independent directors had any relationships with the Company.

The Board, in applying the above referenced standards, has affirmatively determined the Company’s current independent directors are: Harvey C. Barnum, Jr., Barry B. Bondroff, Kevin G. Byrnes, Charles P. Connolly, Catherine T. Maguire, John P. McDaniel, Jerry D. Reece, and Donald F. Reilly. The Board of Directors also determined that Jeannette M. Mills was an independent director until her resignation on May 23, 2013 and that George J. Lavin, Jr. Esq was an independent director until his resignation on July 31, 2013. In addition, on July 22, 2013, the Board nominated Carl E. Sassano to be a member of the Board and the Compensation Committee. All Board members attended at least 75% of the aggregate number of Board meetings and applicable committee meetings held while such individuals were serving on the Board of Directors, or such committees. Under the Company’s *Principles of Corporate Governance*, which is available on the Company’s website www.choosemedifast.com, by following the link

through “Investor Relations” to “Corporate Governance,” each director is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties, including attending meetings of the stockholders of the Company, the Board of Directors and committees of which he or she is a member. Four directors attended the 2012 annual general meeting of stockholders.

Board Leadership Structure and Risk Oversight

The Company takes a comprehensive approach to risk management. We believe risk can arise in every decision and action taken by the Company, whether strategic or operational. The Company, therefore, seeks to include risk management principles in all of its management processes and in the responsibilities of its employees at every level. Our comprehensive approach is reflected in the reporting processes by which our management provides timely and comprehensive information to the Board to support the Board’s role in oversight, approval and decision-making.

The Board of Directors closely monitors the information it receives from management and provides oversight and guidance to our management team concerning the assessment and management of risk. The Board approves the Company’s high level goals, strategies and policies to set the tone and direction for appropriate risk taking within the business. The Board and its committees then emphasize this tone and direction in its oversight of management’s implementation of the Company’s goals, strategies and policies.

Our senior executives provide the Board and its committees with regular updates about the Company’s strategies and objectives and the risks inherent within them at Board and committee meetings and in regular reports. Board and committee meetings also provide a venue for directors to discuss issues with management. The Board and committees call special meetings when necessary to address specific issues. In addition, our directors have access to Company management at all levels to discuss any matters of interest, including those related to risk. Those members of management most knowledgeable of the issues attend Board meetings to provide additional insight into items being discussed, including risk exposures.

The Board has delegated oversight for matters involving certain specific areas of risk exposure to its three committees. Each committee reports to the Board of Directors at regularly scheduled Board meetings, and more frequently if appropriate, with respect to the matters and risks for which the committee provides oversight.

The Audit Committee oversees the integrity of our financial statements, reporting process and internal controls, the internal audit function, the independent auditors' qualifications, independence and performance, and the Company's corporate finance matters including its capital structure. The Audit Committee also provides oversight with respect to the Company's risk management process, including, as required by the NYSE, discussing with management the Company's significant financial risk exposures, steps management has taken to monitor, control and report such exposures and our policies with respect to risk assessment and risk management.

Our Compensation Committee is responsible primarily for the design and oversight of the Company's executive compensation policies, plans and practices. A key objective of the Compensation Committee is to ensure that the Company's overall executive compensation program appropriately links pay to performance and aligns the interests of the Company's executives with its stockholders without encouraging unnecessary risk. In furtherance of this objective, the Compensation Committee evaluates the potential compensation payable under the Company's executive compensation plans based on alternative performance scenarios. The Compensation Committee also monitors the design and administration of the Company's overall incentive compensation programs to ensure that they include appropriate safeguards to avoid encouraging unnecessary or excessive risk taking by Company employees. Elements of our executive compensation program that mitigate excessive risk taking, such as our combination of short and long-term incentives are described below under "Compensation Discussion and Analysis."

The Nomination Committee oversees risks related to our corporate governance, including Board and director performance, director succession, director education and the Company's Corporate Governance Guidelines and other governance documents. The Nomination Committee also oversees the Company's quality and regulatory affairs operations and the Company's programs regarding ethics and compliance, and social and environmental responsibility.

Pursuant to Medifast Inc.'s bylaws and governance guidelines, the rules of the NYSE, and the Chairman of the Board, the Nomination Committee along with the consent of the Board of Directors determines the best committee structure for Medifast. The Board elects the Officers of the Company.

Audit Committee Report

The following is the report of the Audit Committee of the Board of Directors with respect to the Company’s audited financial statements for Fiscal 2012.

The Audit Committee is governed by the Audit Committee Charter adopted by the Company’s Board of Directors. Our Board of Directors has determined that each member of the Audit Committee, Barry B. Bondroff, Charles P. Connolly, George J. Lavin, and John P. McDaniel is an “independent” director based on Rule 10A-3 of the Exchange Act, the listing standards of the NYSE and our Corporate Governance Guidelines.

The Audit Committee reviews the Company’s financial reporting process on behalf of the Board of Directors. The Audit Committee has met, reviewed and discussed the Company’s audited financial statements with management,

which has primary responsibility for the financial statements and the reporting process, including the system of internal controls. In this context, the Audit Committee has held discussions with management and McGladrey, the Company's independent registered public accounting firm for Fiscal 2012, regarding the fair and complete presentation of the Company's financial position and results of operations in accordance with accounting principles generally accepted in the United States of America and regulations of the SEC. The Audit Committee also has held discussions with management and McGladrey regarding the effectiveness of the Company's internal control over financial reporting in accordance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. Management has represented to the Audit Committee that the Company's consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. McGladrey is responsible for expressing an opinion on the conformity of the Company's financial statements with accounting principles generally accepted in the United States of America. The Audit Committee has also discussed with McGladrey the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380) and as adopted by the Public Company Accounting Oversight Board in Rule 3200T, which includes, among other items, matters related to the conduct of the annual audit of the Company's financial statements.

In addition, the Audit Committee has received the written disclosures and the letter from McGladrey required by the applicable requirements of the Public Company Accounting Oversight Board, regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm its independence. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with the auditor's independence. The Audit Committee has concluded that McGladrey is independent from the Company and its management. The Audit Committee has pre-approved all Fiscal 2012 audit and permissible non-audit services and the fees associated with those services. Further, the Audit Committee has discussed with McGladrey the overall scope and plans for the audit.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors, and the Board of Directors approved, that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for Fiscal 2012.

The Audit Committee has selected McGladrey as the Company's independent registered public accounting firm for fiscal 2013, and the Board of Directors has approved submitting such selection to the stockholders for ratification.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Purpose and Philosophy

The Compensation Committee of the Board of Directors is responsible for developing and recommending to the Board of Directors the executive compensation program for all named executive officers: (referred to in this section as the “executive officers”). Each of these executive officers is included in the Summary Compensation Table and the related tables beginning on page 20.

The Compensation Committee is responsible for the creation and periodic review of the overall executive compensation philosophy of the Company related analysis and assessment of any material risk to the Company related thereto, and outlines the components of executive compensation for the executive officers. The Company believes that strong, effective leadership is the cornerstone of its continued growth and success. To be successful, the Company must be able to attract, retain, and motivate highly qualified executive officers with the competencies needed to excel in a rapidly changing marketplace and to understand issues relating to a diverse group of companies in several different industries.

Executive compensation at Medifast is focused on executive performance keyed to results. The Company provides fair and equitable compensation to its executive officers by combining conservative base pay, annual cash incentive, and stock-based long-term incentive. The Executive Cash Bonus Plan is designed to reward executives for the Company’s current year financial success and recognize the responsibilities of the executive officers for meeting the Company’s financial performance goals. Stock-based incentives focus on long-term performance by aligning the executive officers’ long-term financial interests with Company’s stockholders’ interest.

Total direct compensation which includes base pay, annual cash incentive and stock-based long-term incentive is measured against organizations in the general weight-loss industry. In general, there are different kinds of diet products and programs within the weight loss industry. These include a wide variety of commercial weight loss programs, pharmaceutical products, weight loss books, self-help diets, dietary supplements, appetite suppressants and meal replacement shakes and bars. Some of our competitors are substantially larger than we are, and have considerably greater financial resources than we have. Our ability to remain competitive depends, in significant part, on our success in recruiting and retaining executive leadership with an attractive compensation package. The Company targets total direct compensation for each executive officer near median for organizations in the general weight-loss industry. The mix of pay (base pay, annual cash incentive and long-term incentive) is designed to reflect a strong bias towards pay for performance by placing a majority of target compensation at risk. The only element of

total direct compensation that is not performance based is base pay. Both annual cash incentive and long-term incentive are performance based.

Elements of Executive Compensation

Base Salary

Our base salary determinations principally reflect the skills and performance levels of individual executives, the needs of the Company, and pay practices of comparable public companies within the general health and wellness diet industry. Medifast's identified peers in the general health and wellness diet industry are NutriSystem Inc., Nutraceutical, Inc., Herbalife Ltd., USANA Health Sciences, and Weight Watchers International Inc. It is not our policy to pay our executive officers at the highest base salary level. Instead, we establish executive base salaries below the midpoint level relative to our peers. We believe this policy sets a prudent and fiscally responsible tone for the Company's overall base salary compensation programs. Please refer to the discussion below under "Peer Group" for a more detailed discussion of our use of peer group and general industry revenue data.

Target Bonus

Cash bonuses principally reflect the Company's financial performance and achievement of corporate objectives established by our Board prior to the fiscal year. The executive bonus plan is designed to reward our executive officers for the achievement of shorter-term financial goals, predominantly revenue growth, profitability, and cash flow. In consultation with the Chairman and Chief Executive Officer, the Compensation Committee evaluates, adjusts and approves the amount and allocation of the bonus pool to each executive officer. In determining the cash bonus allocation among senior executives, the Compensation Committee and the Chairman and Chief Executive Officer consider each executive's 1) contribution to current and long-term corporate goals, and 2) value in the labor market.

The financial targets for annual cash incentive are premised upon the executive officers delivering on their financial performance projections to Medifast, Inc. as reflected in part, in the annual budget approved by the Board of Directors. In Fiscal 2012 targeted annual incentive compensation was tied to the annual budget approved by the Board of Directors. The Compensation Committee set the target for pre-tax profit as a percentage of sales at 10%, the target for corporate revenue at \$310 million, and net increase in cash, cash equivalents, and investments at \$15.5 million, excluding treasury stock repurchases. The target performance level is set to promote solid performance. The financial targets for annual cash incentive are divided into three components as follows:

Corporate Revenue: Each executive officer receives 30% of the total target payout if the Company achieves
1. \$330.8 million in net revenue, an increase of 11% over 2011 net revenue of \$298.2 million, and additional increments for performance levels above the target.

Profit after-tax: 30% of the total target payout is paid to each executive officer if after-tax profit as a percentage of
2. net revenue is 6.4% compared to 6.2% after-tax profits in 2011, and additional increments for performance above the target.

SG&A: If SG&A expenses as a percent of sales are 66.0%, a reduction of 0.1% in total SG&A expenses as a
3. percentage of net revenue compared to 2011, each executive officer receives 30% of the total target payout and additional increments for performance above the target.

Equity Compensation

Stock option and restricted stock awards principally reflect the responsibilities to be assumed by each executive in the upcoming fiscal year, the responsibilities of each executive in prior periods, the size of awards made to each executive in prior years relative to the Company's overall performance, available stock for issuance under share plans, and potential grants in future years. The compensation committee believes that stock option and restricted stock grants (1) align the interests of executives with long-term stockholder interests as the grants vest within 6 years, (2) give executives a significant, long-term interest in the Company's success, and (3) help retain key executives in a competitive market for executive talent. The restricted stock awards reward the continuity of service of the executive officers since the restricted stock awards vest within 6 years and unvested restricted stock is forfeited upon voluntary termination. In addition, the value of shares awarded increases or decreases with the value provided to stockholders.

In Fiscal 2012 a new Share Incentive Plan was approved by the Company's stockholders. As of August 7, 2013, 16,163 shares have been issued under the 2012 Share Incentive Plan (the "Plan").

Equity Ownership by Executives

We do not currently have a formal equity ownership requirement for our executives. However, we encourage our executives to own equity in the Company on a voluntary basis. All of our executive officers own stock, restricted stock and vested and unvested stock options. We periodically review the vested and unvested equity holdings of our executives and evaluate whether these holdings sufficiently align the interests of our executives with the long-term interests of our stockholders. We may consider adopting equity ownership requirements in the future.

Peer Group

We believe that it is appropriate to offer industry competitive cash and equity compensation to our senior executives in support of our objective to assemble and maintain a high performing management team. Our current level of compensation for our executive officers was compared to compensation paid by an industry peer group approved by the Compensation Committee. The criteria used to identify the peer group were: (1) industry — we compete for talent with other healthy living and wellness companies and general weight-loss industry companies of similar and larger size; and (2) financial scope — our management talent should be compensated similar to that of companies of a similar and larger size in terms of revenues.

For Fiscal 2012, the peer group was comprised of five corporations listed above in “Elements of Executive Compensation – Base Salary”. The peer group revenue range is from \$401 million to \$3.5 billion with a median revenue of \$1.7 billion for Fiscal 2012. The peer group revenue percent change ranged from a decline of 21.2% to an increase of 26.3%, with a median revenue increase of 13.4% in Fiscal 2012.

Consideration of Advisory Vote on the Company’s Executive Officers’ Compensation

At the Company’s 2011 annual meeting, we provided our shareowners with the opportunity to cast a non-binding advisory vote regarding the compensation of our executive officers as disclosed in the proxy statement for the 2011 Annual Meeting of Stockholders. At our 2011 annual meeting, our stockholders overwhelmingly approved the proposal, with more than 97% of the votes cast voting in favor of the proposal. We also asked our shareowners to indicate if we should hold a "say-on-pay" vote every one, two or three years. Consistent with the recommendation of our board of directors, our shareowners indicated by advisory vote their preference to hold a say-on-pay vote every three years. After consideration of the 2011 voting results, and based upon its prior recommendation, our board of directors elected to hold a stockholder "say-on-pay" vote every three years until the next required vote on the frequency of stockholder votes on the compensation of our executive officers, which is scheduled to occur at the 2017 annual general meeting of stockholders. As the compensation committee evaluated the Company’s compensation practices throughout Fiscal 2012, the compensation committee was mindful of the strong support our stockholders expressed by the 2011 stockholder advisory vote. Going forward, future advisory votes on executive compensation will serve as an additional tool to assist the Board of Directors and the compensation committee in evaluating the alignment of the Company’s executive compensation program with the interests of the Company and its stockholders.

Compensation Committee Interlocks and Insider Participation

No member of our compensation committee was an employee during Fiscal 2012, or has ever been an officer of Medifast or its subsidiaries. No executive officer of the Company has served as a director or a member of the Compensation Committee of another company whose executive officers are also members of the Company’s Board of Directors or Compensation Committee.

Compensation Committee Report

We have reviewed and discussed with management certain Compensation Discussion and Analysis provisions to be included in this Proxy Statement. Based on the review and discussions referred to above, we recommend to the Board of Directors that the Compensation Discussion and Analysis referred to above be included in this Proxy Statement and in the Form 10-K for the year-ended December 31, 2012.

Potential Payments upon Termination or Change in Control

Effective as of May 23, 2013, Michael C. MacDonald, Chief Executive Officer, Margaret M. Sheetz, Chief Operating Officer and Timothy G. Robinson, Chief Financial Officer, (each referred to, as “Executive”) entered into agreements with the Company which provide for certain severance and other payments. Under the agreements, if Executive is terminated by the Company without Cause or resigns for Good Reason, as those terms are defined in the agreement, then, in addition to receiving all accrued but unpaid salary and accrued vacation as of the date of termination, Executive will receive salary for one year following termination, bonus for the calendar year of termination as if Executive had been employed through that year, and continue to be covered by the Company’s health, disability and other insurance benefits for a period of one year following termination.

The agreements also provide, notwithstanding anything to the contrary in the Plan, that awards, if any made to Executive under the Plan or otherwise, shall become immediately and fully vested and, to the extent applicable, exercisable as of the day immediately prior to any “Change in Control,” as such term is defined in the Plan. Among other things, the agreements restrict Executive during her/his employment and for a period of eighteen (18) months thereafter (the “Restrictive Period”), from soliciting employees or health coaches to leave the employment of, or cease to maintain relationship with, the Company, hire any person away from the Company or its affiliates, or induce any health coach, suppliers and other enumerated persons to cease relationship with the Company or its affiliates. It further restricts Executive during the Restrictive Period from using confidential information of the Company or its affiliates to participate in any way in any business that is a direct competitor of the Company.

Assuming Mr. MacDonald, Ms. Sheetz, and Mr. Robinson had been terminated on December 31, 2012 by the Company without Cause or by Executive for Good Reason, Mr. MacDonald and Ms. Sheetz would have been entitled to salary and bonus payouts of \$921,731, \$732,876, respectively and Mr. Robinson would have been entitled to a salary payout of \$300,000 plus a bonus in the range of \$0 to \$540,000, based on the Company’s performance. In addition each Executive would have been entitled to health insurance benefits with a value of \$27,500. Assuming Mr. MacDonald, Ms. Sheetz, and Mr. Robinson had been terminated in connection with a Change in Control on December 31, 2012, they would have been entitled to the above amounts plus the value of fully vested share awards of \$1,108,380, \$1,926,470, and \$105,560, respectively. For Mr. MacDonald and Ms. Sheetz, for purposes of the salary and annual bonus, 2012 bonus amounts were assumed, although actual bonus would depend upon performance of the Company in the relevant year. Since Mr. Robinson became CFO in February 2013, the amounts set forth above assume Mr. Robinson’s 2013 salary and potential bonus. In addition, for purposes of healthcare benefits, such amounts were based on 2012 costs.

OTHER MATTERS

Other Matters

The management of the Company knows of no other business to be presented at the Meeting. If, however, other matters properly come before the Meeting, it is intended that the persons named in the accompanying proxy will vote thereon in accordance with their best judgment.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons who beneficially own more than ten percent of a registered class of the Company's equity securities to file with the SEC and the NYSE initial reports of ownership and reports of changes in ownership of equity securities of the Company. Directors, officers and greater-than-ten-percent beneficial owners are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms filed by them. In Fiscal 2012, to the Company's knowledge, based solely on a review of the copies of such filings on file with the Company and written representations from the Company's directors and executive officers for Fiscal 2012, we have identified late filings due to an administrative error, for the required Form 4 for the grant of Company shares as part of the director's annual share-based compensation on March 31, 2012, for Mr. Barnum, Mr. Bondroff, Mr. Connolly, Mr. Lavin, Sr. Maguire, Mr. McDaniel, Ms. Mills and Mr. Reece. In addition, a Form 4 for the grant of 5,000 shares to Mr. Connolly in May 2009 was filed late due to an administrative oversight, as was a Form 4 for the grant of 60,000 shares to Mr. MacDonald on October 31, 2011.
