Why am I receiving this document?

You are receiving this document because you were one of our stockholders at the close of business on June 11, 2015, the record date for our 2015 Annual Meeting. We are furnishing this Proxy Statement and the enclosed proxy card to you to solicit your proxy (*i.e.*, your permission) to vote your stock in connection with certain matters at the Annual Meeting.

What is a proxy?

A proxy is your legal designation of another person, called a “proxy,” to vote the stock you own. The document that designates someone as your proxy is also called a proxy or a proxy card.

Giving us your proxy means that you authorize the proxy holders identified on the enclosed proxy card — Ronald M. Lombardi and Samuel C. Cowley — to vote your shares at the Annual Meeting in the manner you direct.

Who is soliciting my vote?

In this Proxy Statement, the Board of Directors (the “Board” or “your Board”) is soliciting your vote for matters being submitted for stockholder approval at the Annual Meeting.

We also may reimburse custodians, nominees and fiduciaries for their expenses in sending proxies and proxy material to beneficial owners of our stock.

Who may attend the Annual Meeting?

Only stockholders, their proxy holders and our invited guests may attend the Annual Meeting. For security reasons, we may require photo identification for admission. If your shares are held in “street name” by a broker, bank or other nominee, please bring a copy of the account statement reflecting your ownership of our common stock as of June 11, 2015, so that we may verify your stockholder status.

VOTING MATTERS

What am I voting on?

You are being asked to vote on the following:

the election of the seven directors nominated by the Board of Directors and named as nominees in this Proxy Statement;

the ratification of the appointment of our independent registered public accounting firm for 2016; and

a non-binding resolution approving the compensation of our named executive officers as disclosed in this Proxy Statement.

What are the Board's recommendations on the proposals?

The Board unanimously recommends that you vote your shares as follows:

FOR the election of the following seven individuals nominated by the Board for election as directors: Ronald M. Lombardi, Gary E. Costley, John E. Byom, Charles J. Hinkaty, Sheila A. Hopkins, James M. Jenness and Carl J. Johnson;

- **FOR** the ratification of the appointment of our independent registered public accounting firm for 2016; and
- **FOR** the approval of the compensation of our named executive officers as disclosed in this Proxy Statement.

Who is entitled to vote?

You may vote if you owned shares of our common stock at the close of business on June 11, 2015. Each share of common stock is entitled to one vote. As of June 11, 2015, there were 52,628,558 shares of our common stock outstanding. A list of our stockholders will be open to the examination of any stockholder, for any purpose relevant to the meeting, at our headquarters for a period of 10 days prior to the Annual Meeting and at the Annual Meeting.

May other matters be raised at the Annual Meeting?

We currently are not aware of any business to be acted upon at the Annual Meeting other than the matters described above. Under federal securities laws, Delaware law and our governing documents, no other business aside from procedural matters may be raised at the Annual Meeting unless proper notice has been given to the Company by the stockholders. If other business is properly raised and you have returned a signed proxy card with or without voting instructions or have voted by telephone or the Internet, your proxies have authority to vote as they think best on such business, including to adjourn the meeting.

How will the meeting be conducted?

The Chairman of the meeting has broad authority to conduct the Annual Meeting so that the business of the meeting is carried out in an orderly and timely manner. In doing so, he has broad discretion to establish reasonable rules for discussion, comments and questions during the meeting. The Chairman of the meeting is also entitled to rely upon applicable law regarding disruptions or disorderly conduct to ensure that the Annual Meeting proceeds in a manner that is fair to all participants.

How do I vote?

If you own shares registered directly with the Company's transfer agent, you may vote by telephone, by the Internet, or by signing and returning the enclosed proxy card. For more information about how to vote, please see the instructions on your proxy card.

If your shares are held in "street name," your bank or brokerage firm forwarded these proxy materials, as well as a voting instruction card, to you. Please follow the instructions on the voting instruction card to vote your shares.

In addition to voting by proxy, you may vote in person at the Annual Meeting. Beneficial owners who hold shares in "street name" and who wish to vote in person at the Annual Meeting must bring a power of attorney or legal proxy from their bank, broker or other nominee. However, in order to assist us in tabulating votes at the Annual Meeting, we encourage you to vote by proxy even if you plan to be present at the Annual Meeting. Even if you vote prior to the Annual Meeting, stockholders are entitled to attend the Annual Meeting. Please see "Who may attend the Annual Meeting?" above for instructions on attending the Annual Meeting.

What materials are available on the Internet?

This Proxy Statement, our Annual Report on Form 10-K, our 2015 Annual Report to Stockholders and other financial documents are available free of charge at the Investors tab on our corporate website at www.prestigebrands.com. The Proxy Statement and our Annual Report on Form 10-K also are available free of charge on the SEC's website at www.sec.gov.

How will my proxy be voted?

If you are a registered stockholder, the individuals named on the proxy card will vote your shares in the manner you indicate on your proxy card. You may vote for all, some or none of the director nominees. You may also abstain from voting. If your proxy card is signed and returned but does not contain specific voting instructions, your proxy will be voted "FOR" the election of the directors named as nominees in this Proxy Statement, "FOR" the ratification of the appointment of our independent registered public accounting firm for 2016, and "FOR" the approval of the compensation of our named executive officers as disclosed in this Proxy Statement. If any other matters are properly presented at the Annual Meeting for consideration, the persons named as proxies on the enclosed proxy card will vote as recommended by your Board or, if no recommendation is given, in their own discretion.

If your shares are held in "street name," you have the right to direct your bank or brokerage firm how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to "routine" items, but it will not be permitted to vote your shares with respect to "non-routine" items. In the case of a non-routine item, your shares will be considered "broker non-votes" on that proposal.

Can I change my vote or revoke my proxy after I vote?

Yes. If you are a registered stockholder, to change your vote or revoke your proxy you must:

cast a new vote by telephone or the Internet prior to 11:59 p.m., Eastern Daylight Time, on August 3, 2015 or sign another proxy card with a later date and return it before the Annual Meeting;

provide our Secretary at or before the Annual Meeting with a written notice of revocation dated later than the date of the latest proxy you submitted; or

attend the Annual Meeting and vote in person. Note that attendance at the Annual Meeting will not revoke a proxy if you do not actually vote at the Annual Meeting. “Street name” stockholders should refer to the instructions above under “How do I vote?” to vote at the Annual Meeting.

If you hold your shares in “street name,” the above options for changing your vote or revoking your instructions (other than attending the Annual Meeting and voting in person) do not apply, and you must follow the instructions received from your bank or broker to change your vote or revoke your proxy.

What if I receive more than one copy of these proxy materials?

The receipt of multiple copies of these proxy materials means that you have more than one account with brokers or our transfer agent. Please vote all of your shares. We also recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Computershare, N.A., 250 Royall Street, Canton, MA 02021, and they may be reached at (781) 575-3400. In addition, any stockholders who share an address and are receiving multiple copies of our proxy material can request delivery of a single copy of our proxy materials by sending a written request addressed to Prestige Brands Holdings, Inc., 660 White Plains Road, Tarrytown, New York 10591, Attention: Secretary.

How many shares must be present to hold the Annual Meeting?

A quorum must be present at the Annual Meeting for any business to be conducted. A quorum exists when the holders of a majority of the 52,628,558 shares of our common stock outstanding on June 11, 2015 and entitled to vote at the Annual Meeting are present in person or by proxy at the meeting. The shares represented by withhold votes, abstentions and “broker non-votes” regarding proposals in the Proxy Statement will be considered present for quorum purposes.

How many votes are required to approve each proposal in the Proxy Statement?

Election of Directors

The affirmative vote of a plurality of the votes cast in person or by proxy is necessary for the election of directors. This means that the seven director nominees receiving the greatest number of “For” votes will be elected. You may vote in favor of all nominees, withhold your vote as to all nominees or withhold your vote as to specific nominees. If you withhold your vote as to all or specific nominees, your shares will not be voted with respect to the nominee or nominees indicated.

Ratification of Appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the proposal. Abstentions will be counted against this matter.

Approval of Compensation of our Named Executive Officers

The approval of the non-binding resolution to approve the compensation of our named executive officers requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the proposal. Abstentions will be counted against this matter. If the proposal is not approved by the required majority vote, the Board of Directors and the Compensation Committee will take into account the result of the vote when determining future executive compensation arrangements, particularly if the votes cast against the resolution exceed the number of votes cast in favor of the resolution.

What is the effect of not voting?

If you are a stockholder of record and submit a signed proxy without specifying a choice on any given matter to be considered at the Annual Meeting, the proxy holders will vote your shares according to the Board's recommendation on each matter. If you are a stockholder of record and you do not sign and return a proxy card or vote by telephone or Internet, your shares will not count toward the quorum requirement or towards any proposal at the Annual Meeting.

If you hold shares in “street name”, then, under NYSE rules and Delaware law:

Election of Directors

With respect to the election of directors, your broker is not entitled to vote your shares on this matter if your broker does not receive instructions from you. A broker non-vote is not considered a vote cast and, therefore, it will have no effect on the election of directors.

Ratification of Appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm

With respect to ratification of the appointment of our independent registered accounting firm, your broker is entitled to vote your shares on this matter if no instructions are received from you, so there will be no broker non-votes on this proposal.

Approval of Compensation of our Named Executive Officers

With respect to the advisory vote on the compensation of our named executive officers, your broker is not entitled to vote your shares on this matter if your broker does not receive instructions from you. Broker non-votes will be counted neither for nor against this matter.

How many votes do I have and can I cumulate my votes?

You have one vote for every share of our common stock that you own. Cumulative voting is not allowed.

In order to support your Board, please sign, date and mail the enclosed proxy card to vote FOR the election of the seven director nominees nominated by your Board, FOR the ratification of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm, and FOR the approval of the compensation of our named executive officers. You may also vote over the Internet using the Internet address on the proxy card or by telephone using the toll-free number on the proxy card. If your shares are held in “street name”, you should follow the instructions on your voting instruction card to provide specific instructions to your bank or broker to vote as described above.

PROPOSAL NO. 1 – ELECTION OF DIRECTORS

What is the structure of the Board of Directors?

The number of directors on the Board of Directors is fixed from time to time by resolution adopted by the affirmative vote of a majority of the total number of directors then in office. Currently, the Board of Directors is comprised of six directors. All current members of the Board of Directors are standing for re-election to hold office until the 2016 Annual Meeting of Stockholders. In addition, Sheila A. Hopkins has been nominated to serve as a member of the Board of Directors to hold office until the 2016 Annual Meeting of Stockholders.

How are nominees evaluated; what are the minimum qualifications?

We believe that our directors should possess the highest personal and professional ethics, integrity and values and be committed to representing the interests of the stockholders. They must also have an inquisitive and objective perspective, practical wisdom, mature judgment and demonstrated leadership skills. We also endeavor to have a Board of Directors representing a range of experiences in areas that are relevant to the Company's business activities.

Below we identify and describe the key experience, qualifications and skills our directors bring to the Board that are important in light of the Company's business and structure. The directors' experiences, qualifications and skills that the Nominating and Corporate Governance Committee considered in their nominations are included in their individual biographies.

Leadership Experience. We believe that directors with experience in significant leadership positions over an extended period, especially chief executive officer positions, provide the Company with valuable insights and strategic thinking. These people generally possess extraordinary leadership qualities and the ability to identify and develop those qualities in others. They demonstrate a practical understanding of organizations, processes, strategy, risk management and the methods to drive change and growth.

Finance Experience. We believe that an understanding of finance and the financial reporting process is important for our directors. We measure our operating and strategic performance by reference to financial targets. In addition, accurate financial reporting and robust auditing are critical to our success and developing stockholders' confidence in our reporting processes under the Sarbanes-Oxley Act of 2002. We expect all of our directors to be financially literate.

Consumer Products Experience. We seek to have directors with experience as executives managing consumer product businesses.

Marketing Experience. The Company seeks to grow organically by identifying and developing opportunities for expanding distribution of its existing product offerings while also developing and launching new products to sell into the market. Therefore, marketing expertise is important to us.

Who are the nominees this year?

We have seven nominees for the Board of Directors, all but one of whom serve on our current Board of Directors. If elected, each nominee would hold office until the 2016 Annual Meeting of Stockholders and until his or her respective successor is elected and qualified or until his or her earlier death, removal or resignation. These nominees, their ages at the date of this Proxy Statement and the year in which they first became directors are set forth in the table below. The Board of Directors has affirmatively determined that each of the nominees, other than Mr. Lombardi, is independent from the Company and its management under the NYSE's independence standards.

Name Age Director Since

Ronald M. Lombardi	51	June 2015
Gary E. Costley	71	November 2004

Charles J. Hinkaty	65	May 2010
Sheila A. Hopkins	59	-
James M. Jenness	69	May 2015
Carl J. Johnson	67	August 2013

If a nominee is unable to stand for election, the Board may either reduce the number of directors to be elected or select a substitute nominee. How are the Company's directors compensated?

Annually, the Compensation Committee reviews and recommends to the Board of Directors any changes in compensation for directors. In connection with that review and with the assistance of an independent consultant, the Committee recommended and the Board approved changes in the compensation program for directors effective for 2016. Beginning in 2016, each of our directors other than Mr. Lombardi receives the following cash and equity compensation for his or her services as a director:

an annual grant of restricted stock units valued at \$100,000, awarded on the date of each Annual Meeting of Stockholders, which restricted stock units vest one year after the date of grant so long as membership on the Board of Directors continues through the vesting date, with settlement in common stock to occur on the earliest of the director's death, disability or the six month anniversary of the date on which the director's Board membership ceases for reasons other than death or disability;

a one-time grant of restricted stock units issuable pro-rata for service provided prior to the first Annual Meeting of Stockholders after which he or she became a director, which restricted stock units are awarded on the date of commencement of Board service and have the same vesting and settlement terms as the annual grant of restricted stock units described above; and

a \$50,000 annual cash retainer fee paid in equal quarterly installments.

The Chairman and members of each of our standing committees and our Lead Director receive the additional fees set forth in the following table for their services in their respective capacities:

Position	Annual Fee
Chairman of the Audit Committee	\$ 15,000
Chairman of the Compensation Committee	\$ 10,000
Chairman of the Nominating and Corporate Governance Committee	\$ 10,000
Lead Director	\$ 45,000
Member of the Audit Committee	\$ 7,500
Member of the Compensation Committee	\$ 5,000

No meeting fees are payable to directors, except in the event the Board exceeds eight Board meetings in a fiscal year, in which case directors are paid, for meetings beyond eight, \$1,000 for participation by telephone and \$2,000 for participation in person.

Our directors are also reimbursed for out-of-pocket expenses incurred in connection with Board of Directors and/or Committee participation.

Please see the Director Compensation table later in this Proxy Statement for information regarding the compensation paid to our directors during 2015.

Is there a limit on the number of shares that may be granted to non-employee directors?

The Company's Long-Term Equity Incentive Plan imposes a maximum number of shares (10,000) that may be awarded to any non-employee director in any 12-month period.

Are there any family relationships between the Company's directors and executive officers?

There are no family relationships between or among any of our directors and executive officers.

How many votes are needed to elect directors?

The affirmative vote of a plurality of the votes cast in person or by proxy at the Annual Meeting of Stockholders is necessary for the election of directors. This means that the seven director nominees with the most "For" votes will be elected. You may vote in favor of all nominees, withhold your vote as to all nominees or withhold your vote as to specific nominees.

What does the Board of Directors recommend?

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINEES FOR DIRECTOR NAMED ABOVE.

GOVERNANCE OF THE COMPANY

What is Corporate Governance and how does the Company implement it?

Corporate governance is a set of guidelines and policies established by the Company to ensure that our directors, executive officers and employees conduct the Company's business in a legal, impartial and ethical manner. Your Board has a strong commitment to sound and effective corporate governance practices. The Company's management

and the Board have reviewed and continue to monitor our corporate governance practices in light of Delaware law, U.S. federal securities laws, the listing requirements of the NYSE and other best practices.

The Code of Conduct Policy, the Code of Ethics for Senior Financial Employees (which is applicable to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions), the Policy and Procedures for Complaints Regarding Accounting, Internal Controls and Auditing Matters, the Corporate Governance Guidelines, the Related Persons Transaction Policy, the Stock Ownership Guidelines, the Clawback Policy and the Charters of our Audit, Compensation and Nominating and Corporate Governance Committees were adopted by the Company for the purpose of transparency in our governance practices, as well as promoting honest and ethical conduct, full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by the Company, and compliance with all applicable rules and regulations that apply to the Company and its officers, employees and directors.

The documents described above may be accessed at the Investors tab of www.prestigebrands.com, our Internet website. In addition, you may request, without charge, a copy of the foregoing documents by submitting a written request for any of such materials to: Prestige Brands Holdings, Inc., 660 White Plains Road, Tarrytown, New York 10591, Attention: Secretary.

Are the Company's directors and executive officers required to own a minimum amount of the Company's common stock?

The Board of Directors has adopted Stock Ownership Guidelines for the Board of Directors and executive officers of the Company in order to align their interests with the Company's stockholders. Each person subject to the Stock Ownership Guidelines is expected to be fully compliant with the guidelines by the date of the first Annual Meeting of Stockholders following the fifth anniversary of the date of employment as an executive officer of the Company or, for directors, the date of election to the Board. The following equity interests are included for purposes of determining compliance with the Stock Ownership Guidelines:

shares of the Company purchased on the open market or in privately negotiated transactions

shares of the Company acquired by inheritance or gift

shares of the Company held by immediate family members

shares of the Company held in trust for the benefit of the director or executive officer or the director's or executive officer's immediate family members

vested Restricted Stock and Restricted Stock Units of the Company

vested "in-the-money" stock options of the Company

unvested Restricted Stock and Restricted Stock Units of the Company that cliff vest after three years or more from the date of grant to the extent full years of service have been completed (for example, one-third of RSUs granted with a three-year vesting requirement are included for purposes of determining compliance with the guidelines at the one-year anniversary of the grant)

The following equity interests are not included for purposes of determining compliance with the Stock Ownership Guidelines:

Unvested Restricted Stock and Restricted Stock Units, except as provided above

Unvested stock options

Vested but not "in-the-money" stock options

The Stock Ownership Guidelines are summarized as follows:

Office	Value of Stockholdings Required to be Owned

In addition, until compliance with the guidelines is achieved, the Company may elect to pay cash bonus awards in the form of Restricted Stock Units.

Does the Company have a policy regarding hedging or pledging Company securities?

Yes. In June 2014, the Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, amended the Company's Insider Trading Policy to prohibit hedging and limit any pledging by the Company's directors, executive officers and employees.

Does the Company have a policy regarding the recovery of incentive-based compensation paid to executive officers if the Company restates its financial statements?

Yes. On May 10, 2011, the Board of Directors formalized the Company's previously unwritten clawback policy by adopting a written Clawback Policy, which is available at the Investors tab on the Company's corporate website at www.prestigebrands.com. Pursuant to the Clawback Policy, in the event that the Company is required to restate its financial statements due to material non-compliance with any financial reporting requirement under the U.S. federal securities laws, the Company will, subject to the terms of the Clawback Policy, seek to recover from senior management any incentive-based compensation granted on or after May 10, 2011 that was paid to or received by, or is to be paid to, senior management for the three years immediately preceding the period for which the Company is required to restate its financial statements, insofar as such incentive compensation is a result of errors within the financial statements that are required to be restated. The amount of the incentive-based compensation that the Company will seek to recover is the difference between the amount of the incentive-based compensation received by senior management based on the erroneous financial statements and the amount of incentive-based compensation that would have been paid to senior management based on the financial statements as restated. Notwithstanding the foregoing, the Company is not obligated to pursue any recovery if the Board of Directors or applicable Committee determines that the recovery amount is de minimis to the Company or the expected cost of recovery will exceed the amount to be recovered.

How often did the Board of Directors meet in 2015?

The Board of Directors held seven meetings during 2015. Each director is expected to attend each meeting of the Board of Directors and those Committees on which he or she serves. Each of our directors attended 75% or more of the total number of meetings of the Board of Directors and those Committees on which he serves during the last fiscal year. The Board of Directors expects that its members will attend the 2015 Annual Meeting of Stockholders. All of our directors attended the 2014 Annual Meeting of Stockholders.

Does the Company have a Chairman of the Board?

No. The Board of Directors has not appointed anyone to serve as the Chairman of the Board. However, the Board of Directors has appointed Dr. Costley as Lead Director. The Board of Directors has considered how to structure its leadership and determined that appointing Dr. Costley as its independent and non-executive Lead Director is an effective method to provide leadership to the Board of Directors and to implement the Company's corporate governance policies. We also believe that the current structure of the Board of Directors allows the independent directors to effectively oversee Company management and key issues related to strategy, risk and integrity.

What are the responsibilities of the Lead Director?

The Lead Director acts in a leadership capacity with respect to the Board of Directors and consults with the Chief Executive Officer of the Company between meetings of the Board of Directors. The Lead Director presides over non-management and executive sessions of the Board of Directors.

What Committees have been established by the Board of Directors?

The Board of Directors currently has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. As required by the NYSE, all members of the Audit, Compensation and Nominating and Corporate Governance Committees are independent directors. The following table sets forth the current membership of the Company's standing committees:

Who are the Company's independent directors?

In accordance with the NYSE's listing requirements, the Board of Directors has evaluated, for each of the independent director nominees, his or her independence from the Company and its management. In its evaluation, the Board of Directors reviewed whether any transactions or relationships exist currently, or existed during the past three years, between each nominee and the Company and its subsidiaries, affiliates, equity investors or independent auditors. The Board of Directors also examined whether there were any transactions or relationships between each nominee and members of the senior management of the Company or their affiliates. Based on this review and the NYSE's definition of "independence," the Board of Directors has determined that a majority of the Board of Directors is "independent." The independent directors currently are Messrs. Byom, Costley, Hinkaty, Jenness and Johnson. The Board of Directors has also determined that each of the members of our Audit Committee is "independent" for purposes of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the NYSE's listing requirements, and that Mr. Byom is an "audit committee financial expert" as that term is defined by SEC regulations. Following her election to the Board, Ms. Hopkins will be considered "independent" and is expected to become a member of each of the three

Committees.

Does the Board of Directors evaluate itself and its committees?

Yes. Every year, the Board of Directors and its Committees complete a self-evaluation of their performance and engage in discussion regarding the results. In the event the Board of Directors or its Committees determine that modifications to their practices are required, they expect to promptly institute the required changes to the Company's corporate governance practices and the documents through which such practices are effectuated.

What role does the Board play in the oversight of risk management?

The Board implements its risk oversight function both as a whole and through its Committees. Throughout the year, the Board, including through executive session, and the Committees to which it has delegated responsibility, conduct risk assessments and discuss identified risks and how to eliminate or mitigate such risks.

Management communicates routinely with the Board and its Committees, including through the Lead Director, on significant risks and how they are being managed, and directors are free to communicate directly with senior management. In addition, the Board is routinely informed of developments at the Company that could affect the Company's risk profile and business in general.

The Audit Committee has primary responsibility for overseeing the Company's risk management. It oversees risks related to the Company's financial statements, the financial reporting process, accounting and legal matters. The Audit Committee also oversees the internal audit function and the Company's ethics and compliance program. The Compensation Committee evaluates the risks associated with the Company's compensation philosophy and programs. The Nominating and Corporate Governance Committee oversees risks associated with its areas of responsibility, including, along with the Audit Committee, the Company's Code of Conduct and Code of Ethics.

In addition, the Compensation Committee may, in its sole discretion and at the Company's expense, retain and terminate such independent consultants or experts as it deems necessary or appropriate in the performance of its duties.

The Compensation Committee has engaged Compensation Advisory Partners LLC ("CAP") to conduct an analysis of the Company's compensation package for the Chief Executive Officer, the other executive officers of the Company and the independent directors. The Compensation Committee evaluated the independence of CAP in light of SEC rules and NYSE listing standards, which require consideration of the following factors: (i) whether any other services are provided to the Company by the consultant; (ii) the fees paid by the Company as a percentage of the consulting firm's total revenue; (iii) the policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (iv) any business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation Committee; (v) any company stock owned by the individual consultants involved in the engagement; and (vi) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. The Compensation Committee discussed these considerations and concluded that the engagement of CAP and the services provided to the Compensation Committee by CAP did not raise any conflict of interest.

The Compensation Committee met five times during 2015.

What are the responsibilities of the Nominating and Corporate Governance Committee?

The Nominating and Corporate Governance Committee is responsible for, among other things:

- (1) selecting, and recommending to the Board of Directors for selection, nominees for election to the Board of Directors;
- (2) making recommendations to the Board of Directors regarding the size and composition of the Board of Directors and its Committees and retirement procedures affecting members of the Board of Directors;

Recommendations concerning individuals proposed for consideration by the Nominating and Corporate Governance Committee should be addressed to Prestige Brands Holdings, Inc., 660 White Plains Road, Tarrytown, New York 10591, Attention: Secretary. Each recommendation should include a personal biography of the suggested nominee, an indication of the background or experience that qualifies the person for consideration, and a statement that the person has agreed to serve if nominated and elected. Stockholders who themselves want to nominate a person for election to the Board of Directors, as contrasted with recommending a potential nominee to the Nominating and Corporate Governance Committee for its consideration, are required to comply with the advance notice and other requirements set forth in the Company's Amended and Restated Bylaws, as

amended (the “Amended and Restated Bylaws”), and any applicable requirements of the Exchange Act. The Nominating and Corporate Governance Committee does not evaluate potential nominees for director differently based on whether they are recommended to the Nominating and Corporate Governance Committee by officers or directors of the Company or by a stockholder.

The Nominating and Corporate Governance Committee identifies potential candidates for nomination as directors based on recommendations by our executive officers or directors, as well as through broader searches. As noted above, the Nominating and Corporate Governance Committee also considers properly submitted stockholder recommendations for candidates for the Board of Directors. In evaluating candidates for nomination, the Nominating and Corporate Governance Committee will consider the factors it believes to be appropriate, which would generally include the candidate’s personal and professional integrity, business judgment, relevant experience and skills, and potential to be an effective director in conjunction with the rest of the Board of Directors in collectively serving the interests of our stockholders. Generally, candidates must have significant leadership, finance, consumer products and marketing experience, as discussed on page 7 of this Proxy Statement.

What role does diversity play in the selection of members of the Board?

In evaluating potential candidates for Board membership, the Nominating and Corporate Governance Committee also considers diversity of age, gender and ethnic background and professional experience. Although the Board has not established specific goals with respect to diversity, the Board believes in a governing style that emphasizes respect for diversity in perspective and includes individuals from diverse backgrounds. The Board believes that diversity is important because various points of view contribute to a more effective, engaged Board and better decision-making processes.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF PricewaterhouseCoopers LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2016.

PROPOSAL NO. 3 – ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Why are we submitting this matter to you?

We are required by Section 14A of the Exchange Act and by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) to provide our stockholders with the opportunity to approve, on an advisory, non-binding basis, the compensation of our named executive officers contained in this Proxy Statement. This proposal, commonly known as a “Say-on-Pay” proposal, gives our stockholders the opportunity to express their views on our executive compensation as described in this Proxy Statement. Our executive compensation program is described in the Compensation Discussion and Analysis (“CD&A”), executive compensation tables and other narrative executive compensation disclosures required by the disclosure rules of the SEC, all of which are found in this Proxy Statement. In particular, the CD&A, beginning on page 25 of this Proxy Statement, describes the Company’s executive compensation program in detail, and we encourage you to review it.

The Board of Directors has determined, in line with the recommendation of the Company’s stockholders, to have an annual advisory vote on the compensation of our named executive officers. Accordingly, the next advisory vote on executive compensation will occur at our 2016 Annual Meeting of Stockholders.

What are you being asked to vote on?

Stockholders are being asked to vote either for or against the following non-binding resolution:

RESOLVED, that the stockholders of Prestige Brands Holdings, Inc. approve, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures included in this Proxy Statement.

Is this vote binding?

No. As provided by the Dodd-Frank Act, this vote will not be binding on the Board of Directors or the Compensation Committee and may not be construed as overruling a decision by the Board of Directors or the Compensation Committee or creating or implying any additional fiduciary duty for the Board. Further, it will not affect any

compensation paid or awarded to any executive officer. The Compensation Committee and the Board will, however, take into account the outcome of the vote when considering future executive compensation arrangements.

What vote is required for approval of the Say-on-Pay proposal?

The approval of this non-binding resolution requires the affirmative vote of a majority of the shares present, in person or by proxy, at the Annual Meeting and entitled to vote on the proposal. If this proposal is not approved by the required vote, the Board and the Compensation Committee will take into account the result of the vote when determining future executive compensation arrangements, particularly if the votes cast against the resolution exceed the number of votes cast in favor of the resolution.

What does the Board recommend?

For all of the reasons discussed in our CD&A beginning on page 25 of this Proxy Statement, **YOUR Board of Directors recommends that you vote FOR the approval of the compensation of our named executive officers as described in this Proxy Statement.**

Executive Summary

Our Performance During 2015. In 2015, the Company achieved record highs in revenues, adjusted earnings per share, free cash flow and share price. During 2015, the Company's non-GAAP AIP net sales and non-GAAP Adjusted EBITDA were \$605,011,000 and \$210,000,000, respectively, as measured for our Annual Cash Incentive Plan ("AIP"). AIP net sales is total revenues excluding revenues from the Hydralyte and Insight Pharmaceuticals acquisitions (the "Acquisitions") plus an adjustment for certain trade promotion costs to align with the Board approved AIP. Adjusted EBITDA is operating income less EBITDA relating to the Acquisitions plus depreciation and amortization and acquisition and integration costs related to the Acquisitions.

Please refer to Appendix A for a reconciliation of non-GAAP AIP net sales and non-GAAP Adjusted EBITDA to GAAP total revenues and GAAP operating income, respectively, our most directly comparable financial measures presented in accordance with GAAP. All references in this Compensation Discussion and Analysis to "AIP net sales" and to "Adjusted EBITDA" refer to the non-GAAP figures described above.

In addition to the bonus payout plan covering our legacy business, the Compensation Committee approved an additional bonus amount equal to 25% of each employee's bonus as recognition for the successful acquisition and integration of Insight Pharmaceuticals.

Brief Summary of our Compensation Program

The objective of our executive compensation program is to attract, motivate and retain talented management while ensuring that our executive officers are compensated in a way that advances the interests of the Company and our stockholders.

The structure of our executive compensation program supports achievement of our business objectives of driving top-line results while remaining focused on profitability.

Compensation for our executive officers for 2015 included base salary, annual cash incentive awards, and long-term equity awards.

Annual cash incentive awards were earned based on the Company's achievement of pre-determined performance goals related to AIP net sales and Adjusted EBITDA. The Company's 2015 AIP net sales and Adjusted EBITDA were \$605,011,000 and \$210,000,000, respectively. Pursuant to the 2015 Annual Cash Incentive Plan, our named executive officers achieved a bonus payout equal to 104% of their target bonus with additional adjustments of between 80% to 120% of that bonus payout, based on individual performance throughout the year. In addition to the bonus payout plan covering our legacy business, the Compensation Committee approved an additional bonus amount equal to 25% of each employee's bonus as recognition for the successful acquisition and integration of Insight Pharmaceuticals.

In 2015, long-term equity awards granted to our executive officers primarily were comprised of restricted stock units that vest on the three-year anniversary of the date of grant and stock options that vest in three equal annual installments commencing on the first anniversary of the date of grant.

Each of our executive officers has an employment agreement that provides severance upon a termination of employment without cause or a resignation for good reason.

In April 2015, we entered into a retirement agreement with Mr. Mannelly, our former CEO, and a new employment agreement with Mr. Lombardi, our current CEO and CFO.

2015 Compensation Governance Highlights

We endeavor to maintain good governance standards including with respect to the oversight of our executive compensation policies and practices. The following policies and practices were in effect during fiscal 2015:

✓The Compensation Committee is composed solely of independent directors.	While our former CEO's employment agreement contained a Section 280G excise tax "gross-up," our new CEO's employment agreement does not.
The Compensation Committee's independent compensation consultant, CAP, is ✓retained directly by the Compensation Committee and performs no other consulting or other services for us.	The change in control definition contained in our Long-Term Equity Incentive Plan is not a "liberal" ✓definition that would be activated on mere stockholder approval of a transaction.
The Compensation Committee conducts an annual review of our ✓compensation-related risk profile to ensure that compensation-related risks are not reasonable likely to have a material adverse effect on the Company.	✓We do not provide excessive perquisites.
	Our Long-Term Equity Incentive ✓Plan prohibits the repricing of stock options without stockholder approval.
Pursuant to our Clawback Policy, in the event that the Company is required to restate its financial statements, the Company will seek to recover from senior ✓management any incentive-based compensation granted on and after May 10, 2011, for the three years immediately preceding the period for which the Company is required to restate, if such incentive compensation is a result of errors within the financial statements that are required to be restated.	Our Long-Term Equity Incentive ✓Plan prohibits the grant of stock options with an exercise price below fair market value.
✓Pursuant to our Stock Ownership Guidelines, our executive officers are required to own a specified value of stock based on a multiple of base salary (4x, in the case of our Chief Executive Officer, 3x in the case of our Chief Financial	✓We prohibit hedging and limit pledging by the Company's directors, executive officers and

Officer, Chief Marketing Officer and General Counsel; and 2x, in the case of employees.
our other senior executive officers)

Fiscal 2016 Executive Management Transition

Effective June 1, 2015, Mr. Mannelly retired from the Company as President and Chief Executive Officer and a member of the Board of Directors. Effective upon Mr. Mannelly's retirement, Mr. Lombardi was appointed President and Chief Executive Officer of the Company and as a member of the Board of Directors. Mr. Lombardi will also remain Chief Financial Officer until his successor is elected. In connection with this transition, the Company entered into a retirement agreement with Mr. Mannelly and a new employment agreement with Mr. Lombardi, the terms of which are summarized later in this Proxy Statement.

What is the purpose of the Compensation Discussion and Analysis?

This Compensation Discussion and Analysis has been prepared in order to provide a summary of the policies and procedures established by the Company in reviewing and determining compensation for our executive officers. Specifically, the following discussion will outline, among other things, the objectives of executive compensation, the elements of executive compensation, how determinations are made as to specific elements of, and total, executive compensation, severance and change-in-control payments, and executive officer involvement in setting executive compensation.

It is the intent of the Company, through the efforts of the Compensation Committee, to:

- motivate our leaders to deliver a high degree of business performance and ensure that their interests are closely aligned with those of our investors;
- attract and retain highly qualified senior leaders who can drive a global enterprise to success in today's competitive marketplace;
- differentiate compensation so that it varies based on individual and team performance;
- establish executive compensation that is competitive with the compensation offered by similarly-situated companies;
- focus management on both the Company's short-term and long-term strategy, performance and success; and
- assess the Company's risks, if any, related to its compensation practices and programs.

What are the overall objectives of the Company's executive compensation programs?

The Compensation Committee is responsible for setting and administering the policies which govern executive compensation. The general philosophy of our executive compensation programs is to attract, motivate and retain talented management while ensuring that our executive officers are compensated in a way that advances the interests of the Company and our stockholders. The Company uses the following types of cash and equity compensation to

compensate and reward our executive officers for their performance: base salary, a cash-based annual incentive plan, and long-term equity awards comprised of restricted stock or restricted stock units and stock options. The Compensation Committee believes that the elements of compensation that it selected create a flexible compensation package that focuses and rewards executives for short and long-term performance while aligning the interests of our executive officers with the interests of the Company's stockholders.

Each element of executive compensation described above is determined based on:

- the executive's level of responsibility and function within the Company;
- the executive's performance within the Company;
- the overall performance and profitability of the Company; and
- executive compensation offered to similarly-situated executives at peer companies.

Through a combination of salary, incentive-based cash awards and other equity awards, the Compensation Committee desires to provide attractive and competitive compensation to the executive officers, a significant portion of which is contingent upon the Company's performance.

How are the Company's executive compensation programs structured in order to address the Company's objectives?

Performance. Our executive compensation includes a significant amount of performance-based, or at-risk, compensation. We consider compensation to be performance-based or at-risk if payment is subject to achievement of performance targets or the value received is dependent on our stock price. The Compensation Committee believes that the use of performance-based or at-risk compensation allows the Company to tailor the compensation paid to our executive officers to the Company's performance and maintain a compensation system that significantly affects executive compensation in the event the Company does not meet the pre-determined performance goals. Furthermore, by utilizing threshold performance targets as a part of executive compensation, in the event the Company does not meet these targets, performance-based incentive compensation is entirely at-risk and is not paid to the executive officers. However, the Compensation Committee and Board generally retain and are entitled to exercise their discretion to increase or decrease the size of an award to an employee based on the employee's individual performance or to pay awards that were not earned when the circumstances warrant – such as for employee morale and retention purposes.

The charts below show the percentage of performance-based or at-risk compensation (77.2% and 74.0%) compared to the total compensation for 2015 of our former CEO and other named executive officers, respectively.

Alignment. By motivating and incentivizing our executive officers with regard to the Company's short- and long-term goals, the Compensation Committee believes that the interests of the executive officers and the Company's stockholders are properly aligned.

Did the Compensation Committee use the services of an independent consultant during 2015?

The Compensation Committee engaged CAP to conduct an analysis of the Company's compensation package for the Chief Executive Officer, the other executive officers of the Company and the independent directors.

Does the Compensation Committee use a peer group of companies?

Yes. As part of its evaluation of the Company's compensation packages, CAP reviewed the Company's peer group and made recommendations to update the group of peer companies to more appropriately match the revenue base, profitability and market capitalization of the Company. Based on its analysis, the Compensation Committee approved the following group of peer companies as an appropriate benchmark:

.	Akorn
.	B&G Foods Holdings Corp.
.	Church & Dwight
.	Hain Celestial Group, Inc.

.	Helen of Troy Limited
.	Impax Laboratories
.	Lancaster Colony Corp.
.	Monster Beverage Corp
.	Revlon
.	Snyder's-Lance Inc.

In approving the Company's new peer group, the Compensation Committee (i) added Akorn, Church & Dwight, Imax Laboratories, Monster Beverage Corp, and Revlon and (ii) dropped Blyth Inc., Elizabeth Arden Inc., Hi Tech Pharmacal Co. Inc., Inter Perfumes, Inc., Libbey Inc., Lifetime Brands, Inc., Maidenform Brands, Inc., Par Pharmaceutical Companies Inc., Seneca Foods Corp., WD-40 Company, and Zep, Inc.

What are the elements of the Company's executive compensation program and why does the Company pay them?

The following table provides additional information regarding the various elements of our executive compensation.

Pay Element	What the Pay Element Is Intended to Reward	Fixed or Variable	Purpose of the Pay Element
Base Salary	Skills, experience, competence, performance, responsibility, leadership and contribution to the Company	Fixed	Recognize the level of job scope and complexity, and the skills, experience, leadership and sustained performance required by the executive. Reward the achievement of annual financial targets.
Annual Cash Incentive Plan	Efforts to achieve annual target revenue and profitability	Variable	Ensures compensation is properly tailored to financial performance, including being completely at risk for failure to meet annual financial threshold targets.
Long-Term Incentives (Restricted Stock, Restricted Stock Units and Stock Options)	- Efforts to achieve long-term revenue growth and profitability over the three year vesting period - Ability to increase and maintain stock price - Continued employment with the Company during the three year vesting period	Variable	Reward achievement of long-term financial performance and strategic corporate initiatives. Provide a competitive mix of incentives to attract and retain top talent and to further reinforce alignment between the interests of management and stockholders.

How does the Company determine the types and amounts of executive compensation?

In structuring executive compensation, the Compensation Committee reviews and considers market data provided to it by CAP and has offered compensation packages targeted generally to approximate the median level of total

compensation offered to similarly-situated executive officers at companies in the Company's peer group. The market data, however, is not determinative of the executive's compensation; instead, the Compensation Committee uses the market data as one of many inputs in its decisions. For example, an executive officer's total compensation may be higher or lower than the market median based on level of responsibility, individual experience and performance in a particular year.

Base Salary. Base salary for our executive officers is determined based on the scope of work, skills, experience, responsibilities, performance and seniority of the executive, peer group salaries for similarly-situated positions and the recommendation of the Chief Executive Officer (except in the case of his own compensation, which is determined by the Compensation Committee and the Board of Directors). The Company views base salary as a fixed component of executive compensation that compensates the executive officer for the daily responsibilities assumed in keeping the Company operating throughout the year. Except where an existing agreement establishes an executive's salary, the Compensation Committee reviews executive officers' salaries annually at the end of the fiscal year and establishes the base salaries for the upcoming fiscal year. The base salaries paid to our named executive officers during 2015 are set forth in the "Salary" column of the Summary Compensation table on page 39 of this Proxy Statement.

In May 2015, in connection with its annual review of base salaries, the Board approved adjustments in base salaries. The following table sets forth the base salaries to be paid to our named executive officers during 2016:

Name	2016 Salary	% Increase	
Mr. Lombardi	\$ 750,000	58	%*
Mr. Connors	\$ 450,000	6	%
Mr. Parkinson	\$ 325,000	13	%
Mr. Cowley	\$ 366,700	3	%

*Increased in connection with his election as President and Chief Executive Officer.

Annual Cash Incentive Plan. As part of our executive compensation, we have established an annual cash incentive plan, which provides our executive officers with the ability to receive additional cash compensation based on a percentage of base salary and the Company's performance. The Company views the Annual Cash Incentive Plan as a performance-based component of executive compensation that motivates and incentivizes the executive officers to achieve the short-term goals of the Company and our stockholders.

At the start of a fiscal year, the Compensation Committee establishes performance measures for the Annual Cash Incentive Plan. The Compensation Committee selected AIP net sales as a performance metric to drive consistent top-line growth and Adjusted EBITDA as a performance metric to drive stockholder value creation in terms of growth of earnings per share and free cash flow. Following the close of the fiscal year, the Compensation Committee assesses the Company's performance against the pre-determined performance targets for AIP net sales and Adjusted EBITDA and determines the amount, if any, of additional cash compensation earned by the executive officers. In order to be eligible to receive cash incentive compensation, the executive must be employed with the Company at the end of the Company's fiscal year.

Each named executive officer has a target bonus, expressed as a percentage of his base salary, which for 2015 were as follows: Mr. Mannelly, 100% Mr. Lombardi, 60%; Mr. Connors, 50%; Mr. Parkinson, 45%; and Mr. Cowley, 50%.

The following table indicates, for the 2015 Annual Cash Incentive Plan, the 2015 AIP net sales, Adjusted EBITDA and payout levels approved by the Compensation Committee that correspond to the threshold, target and maximum performance by the Company. In determining the amount of any payment under the 2015 Annual Cash Incentive Plan, AIP net sales performance against the AIP net sales target is weighted 20% and Adjusted EBITDA performance against the Adjusted EBITDA target is weighted 80%. The named executive officers may earn no payment (if performance is below threshold) or a payment on a sliding-scale between the minimum (threshold) amount and the maximum amount, inclusive of the target amount based on the Company's performance.

Performance Level (Percent of Plan)	AIP Net sales*	Adjusted EBITDA*	Payout (Percent of Annual Cash Incentive Payment) Amount	
Threshold (90%)	\$548,000,000	\$187,800,000	50	%
Target (100%)	\$608,900,000	\$208,700,000	100	%
Maximum (110%)	\$669,800,000	\$229,600,000	200	%

*Non-GAAP AIP net sales is total revenues excluding revenues from the Hydralyte and Insight Pharmaceuticals businesses plus an adjustment for certain trade promotion costs to align with the Board approved AIP. Non-GAAP Adjusted EBITDA is operating income less EBITDA relating to the Hydralyte and Insight Pharmaceuticals businesses acquisitions, plus depreciation and amortization and acquisition and integration costs related to the acquisitions.

Our 2015 AIP net sales and Adjusted EBITDA for the Company's legacy business were \$605,011,000 and \$210,000,000, respectively. Based on the results of these financial metrics, our named executive officers earned 104% of their target bonus. To determine actual bonus payments, the Compensation Committee adjusted that bonus payout by between 80% to 120%, based on its subjective review of the executive's individual performance during 2015. In addition to the bonus payout plan covering our legacy business, the Compensation Committee approved an additional bonus amount equal to 25% of each employee's bonus related to our legacy business as recognition for the successful acquisition and integration of Insight Pharmaceuticals. The 2015 Annual Cash Incentive Plan payouts to our named executive officers are set forth in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation table on page 39 of this Proxy Statement.

Performance Matrix for 2016. The 2016 Annual Cash Incentive Plan operates similar to the 2015 Annual Cash Incentive Plan - the performance matrix threshold, goal and maximum payouts are 50%, 100% and 200%, respectively, of the executive's target bonus. Furthermore, similar to 2015, the performance goals established under the 2016 Annual Cash Incentive Plan are exclusive of one-time items during such time period. As a result, in the event the Company consummates an acquisition or a divestiture or experiences other one-time items in 2016, the Compensation Committee will modify the performance goals after considering the effect of such acquisition or divestiture on the expected financial performance of the Company. The 2016 Annual Cash Incentive Plan also applies a threshold for bonus eligibility of 90% of the goal and applies a level for a maximum payout of 110% the goal.

Equity Awards. Executive officers of the Company are eligible to receive equity awards under our Long-Term Equity Incentive Plan. Awards under the Long-Term Equity Incentive Plan help relate a significant portion of an executive officer's long-term compensation directly to stock price appreciation realized by all of our stockholders and aligns an executive officer's interests with those of our stockholders. Under the Long-Term Equity Incentive Plan, our executive officers have received restricted common stock, restricted stock units and stock options.

Restricted Stock and Restricted Stock Unit Awards

On May 11, 2015, the Compensation Committee granted restricted stock units to the executive officers, including Messrs. Connors, Cowley and Parkinson, and additional employees of the Company. These grants vest three years after the date of grant. On May 11, 2015, Mr. Parkinson also received a grant of restricted stock units that vest in three equal installments beginning on the first anniversary of the date of grant for outstanding performance during the year in connection with the integration of the Hydralyte acquisition.

Stock Option Awards

On May 11, 2015, the executive officers, including Messrs. Connors, Cowley and Parkinson, and additional employees of the Company received grants of stock options for a specified number of shares with an exercise price of \$41.44. The stock options vest in three equal annual installments commencing on the one-year anniversary of the date of grant. The term of the stock options is ten years from the date of grant.

Overall Philosophy and Objectives Regarding Equity Awards

The Company views the above-mentioned equity awards as components of executive compensation that motivate and incentivize management to achieve the long-term performance goals (including stock price appreciation) of the Company and our stockholders. In addition, under the Long-Term Equity Incentive Plan, the restricted stock, restricted stock units and stock options awarded to management are subject to acceleration under certain circumstances, including a change in control of the Company. With regard to change-in-control payments, the Compensation Committee believes that the additional compensation that a grantee would be entitled to receive in connection with a change in control of the Company is in the best interests of the Company as such additional compensation is necessary to retain the grantees (who would be instrumental in effectuating such change-in-control transaction) in the Company's employ while a change-in-control transaction is being contemplated, negotiated and consummated. For more information regarding change-in-control benefits, please see the section titled "Severance and Change in Control Provisions" below.

The Compensation Committee believes equity-based incentive compensation aligns executive and stockholder interests because:

- the use of a multi-year vesting schedule for equity awards encourages executive retention and emphasizes the attainment of long-term performance goals;
- paying a significant portion of executive compensation with long-term incentive-based compensation motivates and incentivizes the executive officers to meet the long-term performance goals set by the Compensation Committee; and
- the executive officers will hold significant amounts of equity in the Company as required by the Company's Stock Ownership Guidelines and will be motivated to increase stockholder value over the long-term.

The Compensation Committee determined executive equity awards based on discussions by the Compensation Committee and the Board of Directors with our Chief Executive Officer. The awards were determined based on a targeted percentage of base salary, as reflected in the table below, and the Compensation Committee's review of the executive's individual performance.

Name	Targeted percentage of base salary	
Mr. Lombardi	150	%
Mr. Connors	150	%
Mr. Parkinson	100	%
Mr. Cowley	100	%

The 2015 equity grants to our named executive officers are set forth in the Grants of Plan-Based Awards table on page 40 of this Proxy Statement.

Severance and Change in Control Provisions. All of the Company's executive officers have executed employment agreements with the Company that provide for severance benefits in the event their employment with the Company is terminated under specific circumstances. In addition, the Company's Long-Term Equity Incentive Plan provides certain benefits to the recipients of equity awards under certain circumstances. For additional information regarding severance and change-in-control payments that the Company may be obligated to pay to a named executive officer in the future due to the termination of his employment under certain circumstances and/or a change in control of the Company, please see the sections titled "Executive Compensation and Other Matters – Potential Payments Upon Termination or Change in Control," "Executive Compensation and Other Matters – Employment Agreements" and "Executive Compensation and Other Matters – Additional Vesting Provisions" contained elsewhere in this Proxy Statement.

Pursuant to the terms of the equity award agreements between the Company and its employees, in the event there is a change in control of the Company, the shares of restricted common stock, restricted stock units and stock options granted to the employees will vest upon the consummation of the change in control, even if they remain employed by

the Company after such change in control. None of the Company's employees have a single trigger (payment without a termination condition) for cash compensation upon the consummation of a change in control of the Company.

The Company has agreed to vest equity granted under the Long-Term Equity Incentive Plan in connection with a change in control of the Company in order to retain the grantees during any period in which the Company contemplates, negotiates and is in the process of consummating a change in control of the Company. The participation of the grantees in a change-in-control transaction would be critical to quickly and efficiently consummating a change-in-control transaction and the accelerated vesting of the equity awards would help retain the grantees and maintain their focus and attention on the transaction while it may be pending.

How has the Company performed against its performance targets and how has the Company's performance affected compensation?

As discussed above, for each fiscal year, the Company establishes a performance plan against which the Company's actual financial results are measured for purposes of determining performance-based compensation to be paid to the Company's employees. In connection with the performance plan, the Compensation Committee approves a performance matrix for each fiscal year that serves as a guideline for performance-based compensation, if any, that will be paid to employees based on various combinations of AIP net sales and Adjusted EBITDA performance by the Company. Each performance matrix has threshold, target and maximum payment levels and, depending on the Company's performance and the individual's performance, an employee may earn no performance-based compensation or a payment of performance-based compensation on a sliding-scale between a minimum (threshold) amount and a maximum amount, inclusive of the target amount, based on the Company's AIP net sales and Adjusted EBITDA performance.

Also as discussed above, the Company's 2015 AIP net sales and Adjusted EBITDA were \$605,011,000 and \$210,000,000, respectively. Pursuant to the 2015 Annual Cash Incentive Plan, our employees achieved a bonus payout in an amount equal to 104% of their target bonus, subject to certain percentage increases or decreases based on individual performance reviews. In addition to the bonus payout plan covering our legacy business, the Compensation Committee approved an additional bonus amount equal to 25% of each employee's bonus related to our legacy business as recognition for the successful acquisition and integration of Insight Pharmaceuticals.

How much performance-based compensation can be earned in 2016?

The amount of incentive cash compensation payable to executive officers for 2016 ranges from 50% (threshold) to 200% (maximum) of each executive officer's respective target bonus, as set forth in the table that follows. If our 2016 AIP net sales or Adjusted EBITDA performance does not achieve a minimum level, no incentive cash compensation will be payable to the Company's employees despite the level of AIP net sales or Adjusted EBITDA performance, as applicable.

The following table sets forth the approximate amount of cash incentive payments under the 2016 Annual Cash Incentive Plan that the named executive officers would receive based upon the achievement of certain levels of performance:

Name	Threshold Award	Target Award	Maximum Award (irrespective of amount of growth)
------	-----------------	--------------	--

Mr. Lombardi	\$ 375,000	\$ 750,000	\$ 1,500,000
Mr. Connors	\$ 112,500	\$ 225,000	\$ 450,000
Mr. Parkinson	\$ 73,125	\$ 146,250	\$ 292,500
Mr. Cowley	\$ 91,675	\$ 183,350	\$ 366,700

In setting pay, did the Compensation Committee take into consideration last year's advisory stockholder vote on executive compensation?

Yes. At the 2014 annual meeting of stockholders, approximately 95% of the shares represented and entitled to vote at the annual meeting were voted to approve the compensation of the Company's named executive officers, as discussed and disclosed in our 2014 Proxy Statement. In considering the results of this advisory vote on executive compensation, the Compensation Committee concluded that the compensation paid to our named executive officers and the Company's overall compensation program enjoy strong stockholder support.

Also, at the 2011 annual meeting of stockholders, our stockholders expressed a preference that advisory votes on executive compensation be held on an annual basis. Consistent with this preference, the Board determined to implement an advisory vote on executive compensation on an annual basis until the next required vote on the frequency of stockholder votes on the compensation of executive officers.

What compensation decisions were made in connection with Mr. Lombardi's appointment as President and Chief Executive Officer?

In connection with Mr. Lombardi's appointment as President and Chief Executive Officer, on April 22, 2015, the Company entered into a new employment agreement with Mr. Lombardi, which, among other things, sets forth the new terms of his compensation, including (i) annual base salary of \$750,000, (ii) target annual cash incentive of 100% of base salary, and (iii) an initial equity grant of restricted stock units in the amount of \$2,500,000 and having a three-year vesting period. In addition, under the terms of Mr. Lombardi's new employment agreement, he is eligible to receive severance benefits of 1.5x base salary plus target bonus in the event he is terminated by the Company "without cause" or he terminates his employment for "good reason" as defined in the agreement. The Compensation Committee consulted with an independent compensation consultant in connection with determining the compensation of Mr. Lombardi with respect to his new role as President and Chief Executive Officer.

What compensation decisions were made in connection with Mr. Mannelly's retirement?

In connection with Mr. Mannelly's retirement, on April 22, 2015, the Company entered into a retirement agreement with Mr. Mannelly, pursuant to which Mr. Mannelly will receive medical benefits for a period of five years and the vesting was accelerated of Mr. Mannelly's unvested stock options and RSUs. In addition, on June 1, 2015, the Company and Mr. Mannelly entered into a separation agreement, pursuant to which he agreed to a general release of claims with respect to the Company and will be subject to non-compete, non-solicitation and confidentiality restrictions until December 2016.

Did the transition of the Company's management impact any other compensation decisions?

In order to promote retention and continuity among our executive team following the management transition, on May 11, 2015, the Compensation Committee granted additional restricted stock units to certain executive officers, including Messrs. Connors, Cowley and Parkinson which have a three year vesting period.

What policies are there on timing when equity awards are made?

If the Company grants equity awards to its employees, the Company typically grants such equity awards as soon as practicable after the beginning of a fiscal year. The equity awards are granted after the Chief Executive Officer has presented a proposed structure and level of awards and the Compensation Committee has fully reviewed all aspects of the awards, including, without limitation, the value of the awards and the vesting period. The Company does not have

any policy of coordinating the timing of equity award grants with the release of material non-public information.

What factors are considered in decisions to materially modify compensation?

From time to time and at least annually in connection with our fiscal year end, the Compensation Committee will review market data, individual performance and retention needs in making decisions to adjust compensation materially. We do not have any set formula for determining the amount of each compensation element as a percentage in our executive officers' compensation packages. We consider the competitive landscape for talent in our industry and geography and base our compensation decisions on how we want to position ourselves in the marketplace for talent.

What is the effect of accounting and tax treatments on compensation?

The accounting treatment of executive compensation generally has not been a factor in the Compensation Committee's decisions regarding the amounts of compensation paid to the Company's executive officers. In addition, we do not expect accounting treatment of differing forms of equity awards to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the Compensation Committee's future selection of differing types of equity awards.

Section 162(m) of the Code places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to any one of our named executive officers, other than the CFO. However, qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. Our stockholders approved an amendment to our Long-Term Equity Incentive Plan on July 29, 2013 to allow the Compensation Committee to grant incentive awards that may qualify for the performance-based compensation exemption from Section 162(m). A number of requirements must be met for particular compensation to so qualify, however, so there can be no assurance that any compensation awarded will be fully deductible under all circumstances. Also, to maintain flexibility in compensating our executives, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes that such payments are appropriate.

What are the respective roles of the Compensation Committee, its consultant and the Company's executive officers in determining executive compensation?

Executive Officer Compensation. Mr. Mannelly, our former President and Chief Executive Officer, with the assistance of certain members of senior management, participated in discussions with, and made recommendations to, the Compensation Committee regarding the setting of base salaries and cash and equity incentive plan compensation for the other executive officers. Mr. Mannelly was assisted by certain members of senior management in reviewing the competitive landscape for executive talent and structuring the types and levels of executive compensation for review by the Compensation Committee. During 2016, Mr. Lombardi, as President and Chief Executive Officer, will participate in the discussions with the Compensation Committee.

Chief Executive Officer Compensation. The Compensation Committee and the Board of Directors are responsible for establishing the CEO's compensation package. The Compensation Committee consulted with its independent compensation consultant in determining the compensation to be awarded to Mr. Mannelly in 2013, but did not consult with an independent compensation consultant in 2014. The Committee did consult with an independent compensation consultant in connection with determining the compensation of Mr. Lombardi in connection with his election as President and Chief Executive Officer in April 2015.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Our named executive officers are entitled to certain benefits in the event their employment is terminated under specified circumstances. Circumstances which would trigger payments and/or other benefits to our named executive officers include termination of employment by the Company without cause, termination by the named executive officer for good reason or a change in control of the Company.

In order for a named executive officer to receive the payment and/or benefits to which he is entitled pursuant to any applicable employment agreement, he must execute and deliver to the Company a release in a form satisfactory to the Company. So long as any named executive officer who is receiving severance payments and/or benefits from the Company has not breached any applicable restrictive covenants (including, without limitation, non-compete, non-solicitation, non-disparagement and/or confidentiality agreements), the Company will continue to make any required payments. In the event a named executive officer breaches any applicable restrictive covenant, the Company will cease making any future payments and providing any other benefits to the named executive officer, and will also consider pursuing all legal and equitable remedies available to the Company under any applicable employment agreement and applicable law.

The following table sets forth payments and benefits that may be received by our named executive officers under any existing employment agreements, equity grant agreements, plans or arrangements, whether written or unwritten, in the

event of termination for specified reasons and/or a change in control of the Company. The following information has been prepared based on the assumption that the named executive officer's employment terminated, or a change in control of the Company occurred, on March 31, 2015. With respect to the accelerated vesting of equity awards, the value of such acceleration was calculated using \$42.89 the closing price for our common stock on March 31, 2015, the last trading day of fiscal 2015.

He will also be entitled to continued coverage under the Company's welfare plans for him and his covered dependents for a

12-month period at the then-current active employee cost, the value of which has been estimated, and included in the table, based upon fiscal 2015 rates.

For additional information regarding payments required to be made to a named executive officer pursuant to his employment agreement or any other arrangement with the Company in connection with a termination of employment and/or a change in control of the Company, please see the sections titled “Executive Compensation and Other Matters – Employment Agreements” and “Executive Compensation and Other Matters – Additional Vesting Provisions” contained elsewhere in this Proxy Statement.

Employment Agreements

Do any Named Executive Officers have employment agreements?

Yes. We have employment agreements with Messrs. Lombardi, Connors, Parkinson and Cowley. We also had an employment agreement with Mr. Mannelly during 2015, but his agreement expired in connection with his retirement on June 1, 2015.

What were the terms of Mr. Mannelly's employment agreement prior to his retirement?

On September 2, 2009, the Company entered into an employment agreement with Mr. Mannelly setting out the terms of his employment (the "Mannelly Employment Agreement"). The Mannelly Employment Agreement had an initial term of three years and thereafter renewed for consecutive one-year terms unless six months prior notice of non-renewal is tendered by either party.

In 2015, Mr. Mannelly earned an annual base salary of \$735,000, which was subject to increase in the discretion of the Board of Directors, and he was eligible to participate in the Company's annual incentive bonus plan with an annual target bonus equal to 100% of his base salary.

Had Mr. Mannelly's employment been terminated by the Company without cause or by Mr. Mannelly for good reason, he would have received a payment of earned salary, expense reimbursement, vacation pay, and any payments due to him under the Company's benefits plans. He would also have received, after Mr. Mannelly's execution of a release in a form satisfactory to the Company, a payment of 1.5 times the sum of his annual base salary and average annual incentive bonus (as defined in the Mannelly Employment Agreement) for the three years preceding his termination. In addition to these payments, had Mr. Mannelly's termination occurred in connection with a change in control (as such term is defined in the Long-Term Equity Incentive Plan), Mr. Mannelly's equity awards would have accelerated and fully vested. Mr. Mannelly also would have been eligible to receive a gross-up payment to cover any excise taxes imposed under Section 280G of the Code, provided that if Mr. Mannelly's payments did not exceed 110% of the total amounts that could be paid to him without resulting in the excise tax, the payments to Mr. Mannelly would instead be reduced to the amount that could have been paid without resulting in the imposition of the excise tax.

The Mannelly Employment Agreement also contained a non-competition covenant that generally limited his ability to compete with the Company in any countries in which it conducts business and non-solicitation and non-disparagement covenants for a period of 18 months following termination, regardless of the cause of the termination.

As discussed above, in connection with Mr. Mannelly's retirement effective June 1, 2015, his employment agreement expired and he will not be entitled to any benefits thereunder.

What are the terms of Messrs. Connors', Parkinson's and Cowley's employment agreements, as well as Mr. Lombardi's agreement prior to him being appointed as President and Chief Executive Officer?

The terms of Messrs. Lombardi's, Connors', Parkinson's and Cowley's employment agreements for 2015 are substantially identical to one another, except for certain provisions regarding the amount of compensation to be paid thereunder. The table set forth below discloses for 2015 the varying items of compensation for Messrs. Lombardi, Connors, Parkinson and Cowley. In addition, a summary of the material identical terms of the employment agreements for Messrs. Lombardi, Connors, Parkinson and Cowley is provided below.

Employment Agreement Provision	Mr. Lombardi	Mr. Connors	Mr. Parkinson	Mr. Cowley
Commencement Date	December 6, 2010	April 19, 2010	October 1, 2007	February 29, 2012
Title	Chief Financial Officer	Executive Vice President, Sales and Marketing	Senior Vice President, International	General Counsel, Vice President, Business Development
Base Salary	\$475,000	\$450,000	\$325,000	\$366,700
Target Bonus (percent of Base Salary)	60%	50%	45%	50%
Target Equity Grant (percent of Base Salary)	150%	150%	100%	100%

During the term of the named executive officer's employment with the Company, he will be entitled to the benefits approved by the Board of Directors and made available to the senior management of the Company, which include vacation time and medical, dental, life and disability insurance. The Board of Directors, on a basis consistent with past practice, will review the annual base salary of the named executive officer and may increase the annual base salary by such amount as the Board of Directors, in its sole discretion, deems appropriate.

Pursuant to the terms of the named executive officers' employment agreements, the named executive officer's employment will continue until (i) his death, disability or resignation from employment with the Company; or (ii) the Company decides to terminate his employment with or without cause. If (a) the named executive officer's employment is terminated without cause (as defined in the employment agreement), or (b) he resigns from employment with the Company for good reason (as defined in the employment agreement), then after the named executive officer's execution of a release in a form satisfactory to the Company, during the period commencing on the date of termination of employment and ending on the first anniversary date thereof, the Company will pay to the named executive officer, in equal installments in accordance with the Company's regular payroll, an aggregate amount equal to (i) the named executive officer's annual base salary, plus (ii) an amount equal to the average annual incentive bonus for the three years preceding his termination, or, in the case of Mr. Parkinson, an amount equal to the annual bonus, if any, for the last fiscal year ended prior to the date of termination. In addition, if the named executive officer is entitled on the date of termination to coverage under the medical and prescription portions of the Company's benefit plans, such coverage will continue for him and his covered dependents for a period ending on the first anniversary of the date of termination at the active employee cost payable by the named executive officer with respect to those costs paid by him prior to the date of termination.

The named executive officers' employment agreements also contain certain confidentiality and one-year non-competition and non-solicitation provisions as well as other provisions that are customary for an executive employment agreement.

As discussed above, in connection with Mr. Lombardi's appointment as President and Chief Executive Officer, the Company and Mr. Lombardi entered into a new employment agreement, and his prior employment agreement expired and he will not be entitled to any benefits thereunder.

What are the terms of Mr. Lombardi's new employment agreement?

On April 22, 2015, the Company entered into an employment agreement with Mr. Lombardi setting out the terms of his employment (the "Lombardi Employment Agreement"). The Lombardi Employment Agreement has an initial term of three years and thereafter renews for consecutive one-year terms unless six months prior notice of non-renewal is tendered by either party.

In 2016, Mr. Lombardi will earn an annual base salary of \$750,000, which is subject to increase in the discretion of the Board of Directors, and he is eligible to participate in the Company's annual incentive bonus plan with an annual target bonus equal to 100% of his base salary.

If Mr. Lombardi's employment is terminated by the Company without cause or by Mr. Lombardi for good reason, he would receive a payment of earned salary, expense reimbursement, vacation pay, and any payments due to him under the Company's benefits plans. He would also receive, after Mr. Lombardi's execution of a release in a form satisfactory to the Company, a payment of 1.5 times the sum of his annual base salary and average annual incentive bonus (as defined in the Lombardi Employment Agreement) for the three years preceding his termination. In addition to these payments, if Mr. Lombardi's termination occurs in connection with a change in control (as such term is defined in the Long-Term Equity Incentive Plan), Mr. Lombardi's equity awards would accelerate and fully vest.

Pursuant to the terms of the Lombardi Employment Agreement, Mr. Lombardi is subject to a non-competition covenant that generally limits his ability to compete with the Company in any countries in which it conducts business and non-solicitation and non-disparagement covenants. These limitations continue for a period of 18 months following termination, regardless of the cause of the termination.

Additional Vesting Provisions

What are the additional vesting provisions?

Our Long-Term Equity Incentive Plan provides that the Compensation Committee may, at its discretion, decide to vest the non-vested portion of a grantee's restricted stock, restricted stock units or stock option award if a grantee's employment is terminated due to death, disability or retirement. All non-vested equity awards under the Long-Term Equity Incentive Plan will vest on an accelerated basis in the event of a change in control of the Company, whether or not the grantee is subsequently terminated.

DIRECTOR COMPENSATION IN FISCAL 2015

The following table sets forth the cash and equity compensation paid or awarded to our non-employee directors during 2015. The columns regarding option awards and non-equity incentive, pension and deferred compensation plans have been omitted, as the Company does not provide such elements of compensation to our directors for their services.

The restricted stock units, which entitle the grantee to receive one share of common stock for each restricted stock unit, will vest on August 5, 2015 so long as the grantee is a member of the Board of Directors on such date and will be settled upon the earliest to occur of such director's death, disability or the six month anniversary of cessation of board service for any reason other than death or disability.

(2) Mr. Jenness was appointed to the Board of Directors on May 11, 2015 and, accordingly, did not receive any compensation during 2015.

As of March 31, 2015, Messrs. Byom, Costley, Hinkaty and Johnson held 24,471, 24,471, 17,161 and 3,700 restricted stock units, respectively. On May 11, 2015, Mr. Jenness received 362 restricted stock units, which vest as provided above on May 11, 2016.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2015, Charles J. Hinkaty, John E. Byom, Gary E. Costley and Carl J. Johnson served as members of the Compensation Committee. During 2015, no member of the Compensation Committee served as an officer or employee of the Company or its subsidiaries, was formerly an officer of the Company or its subsidiaries, or entered into any transactions with the Company or its subsidiaries that would require disclosure under applicable SEC regulations. During 2015, none of our executive officers served as a member of the compensation committee or on the board of directors of another entity, any of whose executive officers served on our Compensation Committee or on our Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Were there any conflict of interest transactions during 2015?

No person or entity had significant business relationships with us in 2015 that would require disclosure under applicable SEC regulations, and no transactions that would need to be disclosed under SEC regulations are currently planned for 2016.

Has the Board adopted a Related Persons Transaction Policy?

During 2008, we adopted a Related Persons Transaction Policy. A summary of the Related Persons Transaction Policy is set forth below and the full text of the Policy is available at the Investors tab on our website at www.prestigebrands.com.

Transactions Subject to the Policy. A Related Person Transaction is a transaction in which the Company (which, for purposes of determining whether a transaction qualifies, includes the Company’s subsidiaries) is or will be a Participant (as defined below), involving an amount exceeding \$120,000, and in which any Related Person (as defined below) had or will have a direct or indirect material interest. The term “Participant” is broadly defined to include situations in which the Company is not technically a party but has influenced another party to enter into a transaction

or provide value to a Related Person. For example, facilitating the use of a Related Person as a supplier to the Company's contract manufacturer would constitute "participation" by the Company and bring such an arrangement within the scope of the Policy.

The following transactions are exempt from the Policy:

Payment of compensation by the Company to a Related Person for service to the Company in the capacity or capacities that give rise to the person's status as a Related Person, so long as the compensation is publicly disclosed, if such disclosure is required, in the Company's Annual Report on Form 10-K (or Proxy Statement or information statement incorporated by reference into such Annual Report);

Transactions available to all employees or all stockholders of the Company on the same terms and conditions; and

Transactions that, when aggregated with the amount of all other transactions between the Related Person and the Company, involve less than \$120,000 in a fiscal year.

Definition of Related Person. For purposes of the Policy, a "Related Person" means:

Any person who is, or at any time since the beginning of the Company's most recently completed fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company;

Any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities;

Any Immediate Family Member (as defined in the Policy) of any of the foregoing persons; and

Any Affiliate (as defined in the Policy) of any of the foregoing persons or Immediate Family Members.

Notification Procedures. A transaction with a Related Person that is identified in advance is required to be disclosed to the General Counsel for review. In the event the Company becomes aware of a transaction with a Related Person that was not disclosed to the Company, the General Counsel will review the transaction. If the General Counsel determines that a transaction is a Related Person Transaction subject to the Policy, he will submit such transaction to the Audit Committee for consideration at the next Audit Committee meeting or, if it is not practicable or desirable to wait until the next Audit Committee meeting, to the Chair of the Audit Committee for prompt consideration. The Audit Committee, or the Chair of the Audit Committee, is authorized to approve those Related Person Transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders, and that are consistent with the Company's Code of Conduct Policy and Code of Ethics for Senior Financial Employees, as the Audit Committee or the Chair of the Audit Committee determines in good faith. The Audit Committee or the Chair of the Audit Committee will consider the relevant facts and circumstances of the Related Person Transaction, including (if applicable), the non-exclusive list of considerations set forth in the Related Persons Transaction Policy. Any ongoing or completed Related Person Transaction that is disapproved by the Audit Committee or the Chair of the Audit Committee is subject to corrective action by the Audit Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The United States federal securities laws require our officers, directors and persons who beneficially own more than 10% of our common stock to file reports of securities ownership and changes in such ownership with the SEC.

We believe, based upon a review of the forms filed with the SEC and written representations provided to us by our officers and directors, that they timely filed all forms required by Section 16(a) of the Exchange Act during 2015, except that Mr. Parkinson filed a Form 4 on December 3, 2014, in connection with 13 transactions involving the vesting and tax withholding of shares of common stock of the Company in April 2013 and the exercise of stock options and sale of shares of common stock of the Company in November and December 2014.

REPORT OF THE AUDIT COMMITTEE

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

What is the Audit Committee and are its members “independent”?

The Audit Committee is composed of five directors appointed by the Board of Directors, all of whom are independent from the Company and its management as independence for audit committee members is defined in the NYSE listing standards and Rule 10A-3 under the Exchange Act. The Audit Committee operates under a written charter adopted by the Board of Directors, which is available to our stockholders and interested parties at the Investors tab on our website at www.prestigebrands.com and is also available in print to any stockholder or other interested party who makes a written request to the Company’s Secretary. The primary function of the Audit Committee is to assist the Board of Directors in its oversight and monitoring of our financial reporting and audit process, our system of internal control, our risk assessment process and our process for monitoring compliance with laws, regulations and policies. The Audit Committee also recommends to the Board of Directors the selection of the Company’s independent registered public accounting firm.

Are the members of the Audit Committee “financially literate”?

The members of the Audit Committee are financially literate as that qualification is interpreted by the Board of Directors and the NYSE. In addition, the Board has determined that Mr. Byom is an “audit committee financial expert” as defined by SEC regulations.

What is the relationship between management and the Audit Committee?

Management has the primary responsibility for establishing and monitoring adequate internal accounting and financial controls, the financial reporting process for preparing financial statements and compliance with the Company’s legal and ethics programs. PricewaterhouseCoopers LLP is responsible for performing an independent audit of the Company’s consolidated financial statements and internal control over financial reporting in accordance with auditing standards generally accepted in the United States of America and for issuance of a report thereon. The Audit Committee’s responsibility is to monitor and oversee these processes and report its findings to the full Board of Directors.

What steps did the Audit Committee take in recommending that our audited financial statements be included in our annual report?

The Audit Committee has met and held discussions separately and jointly with each of management and PricewaterhouseCoopers LLP regarding the Company’s audited consolidated financial statements for 2015, management’s assessment of the effectiveness of the Company’s internal control over financial reporting and PricewaterhouseCoopers LLP’s audit of the effectiveness of the Company’s internal control over financial reporting.

Management represented to the Audit Committee that the Company’s audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, on a consistent basis, and the Audit Committee has reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and PricewaterhouseCoopers LLP. The Audit Committee discussed with PricewaterhouseCoopers LLP matters required to be discussed by Public Company Accounting Oversight Board (“PCAOB”) Auditing Standard No. 16, as amended, “Communications with Audit Committees.”

The Audit Committee also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by PCAOB Rule 3526, “Communication with Audit Committees Concerning Independence” and discussed with PricewaterhouseCoopers LLP their independence. The Audit Committee also considered whether PricewaterhouseCoopers LLP’s provision of non-audit services to the Company is compatible with maintaining

PricewaterhouseCoopers LLP's independence from the Company. The Audit Committee concluded that PricewaterhouseCoopers LLP is independent from the Company and its management.

Based on its review of the Company's audited financial statements and the discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for 2015 be included in the Company's Annual Report on Form 10-K for 2015 for filing with the SEC.

SUBMISSION OF STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

How do I submit a stockholder proposal for inclusion in the Proxy Statement for next year's Annual Meeting?

To be included in our Proxy Statement for our 2016 Annual Meeting of Stockholders pursuant to SEC Rule 14a-8, a proposal must be submitted by an eligible stockholder who complies with SEC Rule 14a-8 and must be received by us at our principal executive offices at 660 White Plains Road, Tarrytown, New York 10591, Attention: Secretary, by March 4, 2016 (or, if the 2016 Annual Meeting of Stockholders is called for a date more than 30 days before or after August 4, 2016, within a reasonable time before we begin to print and mail our proxy materials for the 2016 Annual Meeting).

When and how must I submit a notice to introduce a director nomination or other item of business for it to be raised at the 2016 Annual Meeting, but not included in the Company's Proxy Statement?

Assuming that our 2016 Annual Meeting is not held more than 30 days prior to or delayed by more than 60 days after August 4, 2016, our Amended and Restated Bylaws provide that we must receive written notice of your intention to introduce a director nomination or other item of business at the 2016 Annual Meeting not less than 90 nor more than 120 days prior to August 4, 2016 (or between April 6, 2016 and May 6, 2016). If the Annual Meeting is held more than 30 days prior to or delayed by more than 60 days after August 4, 2016 (or a special stockholders meeting to elect directors is called), our Amended and Restated Bylaws provide that we must receive your notice not later than the close of business on the 10th day following the earlier of the day on which notice of the date of meeting was mailed or public disclosure of such meeting was made. If we do not receive notice within the prescribed dates, or if we meet other requirements of the SEC's rules, such matters will not be brought before the 2016 Annual Meeting. In addition, nominations or proposals not made in accordance with the procedures described in our Amended and Restated Bylaws may be disregarded by the Chairman of the meeting. Any stockholder interested in making such a nomination or proposal should request a copy of our Amended and Restated Bylaws from the Company's Secretary.

Any written stockholder proposal or nomination for director to be presented at a meeting of our stockholders must comply with the procedures and such other requirements as may be imposed by our Amended and Restated Bylaws, Delaware law, the NYSE, the Exchange Act and the rules and regulations of the SEC and must include the information necessary for the Board of Directors to determine whether the candidate (with respect to a nomination for director only) qualifies as independent under the NYSE's and SEC's rules and possesses the qualifications and experience we expect our directors to have.

We will furnish without charge to each person whose proxy is being solicited, upon written request of any such person, a copy of our Annual Report on Form 10-K for the fiscal year ended March 31, 2015, as filed with the SEC, including the financial statements and financial statement schedule thereto. Written requests for copies of our Annual Report on Form 10-K for the fiscal year ended March 31, 2015 should be directed to Prestige Brands Holdings, Inc., 660 White Plains Road, Tarrytown, New York 10591, Attention: Secretary. FORWARD-LOOKING STATEMENTS

This Proxy Statement contains “forward-looking statements” within the meaning of the federal securities laws. “Forward-looking statements” generally can be identified by the use of forward-looking terminology such as “assumptions,” “target,” “guidance,” “outlook,” “plans,” “projection,” “may,” “will,” “would,” “expect,” “intend,” “estimate,” “believe,” “potential,” or “continue” (or the negative or other derivatives of each of these terms) or similar terminology. These statements are based on management’s estimates and assumptions with respect to future events and are believed to be reasonable, although they are inherently uncertain and difficult to predict. Actual results could differ materially from those expressed in the forward-looking statements as a result of a variety of factors. A discussion of factors that could cause results to vary is included in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2015 and other periodic reports filed with the SEC.

APPENDIX A**About Non-GAAP Financial Measures**

We define Non-GAAP AIP net sales as total revenues excluding revenues from the Hydralyte and Insight Pharmaceuticals businesses plus an adjustment for certain trade promotion costs to align with the Board approved AIP. We define Non-GAAP Adjusted EBITDA as operating income less EBITDA relating to the Hydralyte and Insight Pharmaceuticals businesses plus depreciation and amortization and acquisition and integration costs related to the Hydralyte and Insight Pharmaceuticals acquisitions.

We are presenting Non-GAAP AIP net sales and Non-GAAP Adjusted EBITDA because they are the metrics included in our Annual Cash Incentive Plan (“AIP”) against which our performance is measured. The AIP excludes the results related to and costs of acquisitions, dispositions and certain other items, which are otherwise included in GAAP operating income.

The following tables set forth the reconciliation of Non-GAAP AIP net sales and Non-GAAP Adjusted EBITDA, which are non-GAAP financial measures, to GAAP total revenues and operating income, our most directly comparable financial measures presented in accordance with GAAP.

	Year Ended March 31, 2015 (in thousands)
GAAP Total revenues	\$ 714,623
Revenues from Hydralyte and Insight Pharmaceuticals	(115,012)
Adjustment for certain trade promotion costs to align with the Board approved AIP	5,400
Non-GAAP AIP Net Sales	\$ 605,011
GAAP Operating Income	\$ 207,559
EBITDA relating to Hydralyte and Insight Pharmaceuticals businesses	(34,402)
Depreciation and amortization	17,740
Costs associated with the acquisition and integration of Hydralyte and Insight Pharmaceuticals	19,103
Non-GAAP Adjusted EBITDA	\$ 210,000
