## **PART I**

### **Item 1. Business.**

#### **GENERAL**

The InterGroup Corporation (“InterGroup” or the “Company” and may also be referred to as “we” “us” or “our” in this report) a Delaware corporation formed in 1985, as the successor to Mutual Real Estate Investment Trust (“M-REIT”), a New York real estate investment trust created in 1965. The Company has been a publicly-held company since M-REIT's first public offering of shares in 1966.

The Company was organized to buy, develop, operate, rehabilitate and dispose of real property of various types and descriptions, and to engage in such other business and investment activities as would benefit the Company and its shareholders. The Company was founded upon, and remains committed to, social responsibility. Such social responsibility was originally defined as providing decent and affordable housing to people without regard to race. In 1985, after examining the impact of federal, state and local equal housing laws, the Company determined to broaden its definition of social responsibility. The Company changed its form from a REIT to a corporation so that it could pursue a variety of investments beyond real estate and broaden its social impact to engage in any opportunity which would offer the potential to increase shareholder value within the Company's underlying commitment to social responsibility.

As of June 30, 2015, the Company owned approximately 81.3% of the common shares of Santa Fe Financial Corporation (“Santa Fe”), a public company (OTCBB: SFEF). Santa Fe's revenue is primarily generated through its 68.8% owned subsidiary, Portsmouth Square, Inc. (“Portsmouth”), a public company (OTCBB: PRSI). InterGroup also directly owns approximately 13.1% of Portsmouth. Portsmouth's primary business is conducted through its general and limited partnership interest in Justice Investors, a California limited partnership (“Justice” or the “Partnership”). Portsmouth has a 93% limited partnership interest in Justice and is the sole general partner. The financial statements of Justice are consolidated with those of the Company. See Note 2 to the consolidated financial statements.

Justice, through its subsidiaries Justice Holdings Company, LLC (“Holdings”), a Delaware limited liability Company, Justice Operating Company, LLC (“Operating”), a Delaware limited liability Company, and Justice Mezzanine Company, LLC (“Mezzanine”), a Delaware limited liability Company, owns a 543-room hotel property located at 750 Kearny Street, San Francisco California, known as the Hilton San Francisco Financial District (the “Hotel”) and related facilities including a five level underground parking garage. Holdings and Mezzanine are both wholly-owned subsidiaries of the Partnership; Operating is a wholly-owned subsidiary of Mezzanine. Mezzanine is the mezzanine

borrower under certain indebtedness of Justice, and in December 2013, the Partnership conveyed ownership of the Hotel to Operating. See Recent Business Developments – Limited Partnership Redemption and Restructuring. The Hotel is operated by the Partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement with HLT Franchise Holding LLC (Hilton) . Justice also has entered into a Management Agreement with Prism Hospitality L.P. (“Prism”) to perform management functions for the Hotel. The management agreement with Prism had an original term of ten years and can be terminated at any time with or without cause by the Partnership owner. Effective January 2014, the management agreement with Prism was amended by the Partnership. The Owner and Manager desire to amend and restate the Existing Management Agreement to change the nature of the services provided by Manager and its compensation, among other things. Effective December 1, 2013, GMP Management, Inc., a company owned by a Justice limited partner and related party, also provides management services for the Partnership pursuant to a Management Services Agreement, which is for a term of 3 years, but which can be terminated earlier by the Partnership for cause.

The parking garage that is part of the Hotel property is managed by Ace Parking Management, Inc. pursuant to a contract with the Partnership. Portsmouth also receives management fees as a general partner of Justice for its services in overseeing and managing the Partnership’s assets. Those fees are eliminated in consolidation.

In addition to the operations of the Hotel, the Company also generates income from the ownership, management and, when appropriate, sale of real estate. Properties include sixteen apartment complexes, one commercial real estate property and two single-family houses. The properties are located throughout the United States, but are concentrated in Texas and Southern California. The Company also an investment in unimproved real property. All of the Company's operating real estate properties were managed by professional third party property management companies through July 2014. Beginning August 2014, the Company began managing its properties located outside of California in-house, while the properties located in California with exception to the two commercial properties, were being managed by a third party property management company. In August 2015, the Company terminated its third party property management agreement for the management of the Company's properties located in California and will manage the properties in-house going forward. The two commercial properties are managed in-house.

The Company acquires its investments in real estate and other investments utilizing cash, securities or debt, subject to approval or guidelines of the Board of Directors and its Real Estate Investment Committee. The Company may also look for new real estate investment opportunities in hotels, apartments, office buildings and development properties. The acquisition of any new real estate investments will depend on the Company's ability to find suitable investment opportunities and the availability of sufficient financing to acquire such investments. To help fund any such acquisition, the Company may borrow funds to leverage its investment capital. The amount of any such debt will depend on a number of factors including, but not limited to, the availability of financing and the sufficiency of the acquisition property's projected cash flows to support the operations and debt service.

The Company also derives income from the investment of its cash and investment securities assets. The Company has invested in income-producing instruments, equity and debt securities and will consider other investments if such investments offer growth or profit potential. See Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations for a discussion of the Company's marketable securities and other investments.

## **RECENT BUSINESS DEVELOPMENTS**

### **Limited Partnership Redemption and Restructuring**

In December 2013, the Partnership determined to restructure its ownership to facilitate a refinancing of the Hotel and redeem the interests of certain Partners, including Evon. In the course of this refinancing, restructuring and redemption, the Partnership created three subsidiaries: Justice Holdings Company, LLC ("Holdings"), a Delaware Limited Liability Company, Justice Operating Company, LLC ("Operating") and Justice Mezzanine Company, LLC ("Mezzanine"). Holdings and Mezzanine are each wholly-owned subsidiaries of the Partnership; Operating is a wholly-owned subsidiary of Mezzanine. Mezzanine is the Mezzanine borrower and in December 2013, the Partnership conveyed ownership of the Hotel to Operating.

On December 18, 2013, the Partnership completed an Offer to Redeem any and all limited partnership interests not held by Portsmouth. In addition, the Partnership approved amendments to the Amended and Restated Agreement of Limited Partnership, which amendments became effective upon the completion of the Offer to Redeem and the consummation of the Loan Agreements. Such amendments are described below. As a result, Portsmouth, which prior to the Offer to Redeem owned 50% of the then outstanding limited partnership interests, now controls approximately a 93% interest in Justice and is now the Partnership's sole General Partner.

Pursuant to the Offer to Redeem, the Partnership accepted tenders, for cash, from Evon, and seventy-three of the Partnership's limited partners representing approximately 29.173% of partnership interests outstanding prior to the Offer to Redeem for \$1,385,000 for each 1% tendered. On December 19, 2013, Justice distributed the amounts due each of these former partners pursuant to the terms of the Offer to Redeem.

In addition, the Partnership accepted the election of holders of approximately 17.146% of the limited partnership interests outstanding prior to the Offer to Redeem to participate in an alternate redemption structure. Under that alternative redemption structure, the Partnership paid to Holdings \$1,385,000 for each 1% tendered. Those partners who elected the alternative redemption structure were given an option to designate property for Holdings to purchase within 12 months of December 18, 2013, and then require Holdings to transfer that property to the partner in redemption of that partner's interest in the Partnership. The governing agreement also provided for other possible methods of redeeming the interests of the partners who elected the alternate redemption structure, respectively. During the years ended June 30, 2015 and 2014, a total of \$16,163,000 and \$2,928,000 was redeemed under the alternative redemption structure, respectively. As of June 30, 2015, all limited partner interests outstanding under the Offer had been redeemed.

The Partnership incurred approximately \$6,681,000 in restructuring costs relating to the Offer to Redeem and related financing transactions, including a one-time management fee of \$1,550,000, approximately \$431,000 in legal, accounting and other professional expenses, and payment of a Real Property Transfer Tax of approximately \$4.7 million to the City and County of San Francisco (“CCSF”).

In connection with the Offer to Redeem, the Partnership retired existing debt and replaced it with lower-yielding loans, the proceeds of which were used to fund the Offer to Redeem and to provide for additional working capital for the Hotel. The Partnership incurred a loss on the extinguishment of debt of \$3,910,000 which included a yield maintenance (prepayment penalty) expense of \$3,808,000 and a write-off of capitalized loan costs on the refinanced debt of approximately \$102,000.

As a result of the ownership structure implemented in December 2013, the Partnership is the indirect sole owner of a 543-room hotel property located at 750 Kearny Street, San Francisco, California, now known as the Hilton San Francisco Financial District (the “Hotel”) and related facilities including a five level underground parking garage. The Hotel is operated by Operating as a full service Hilton brand hotel pursuant to a Franchise License Agreement with HLT Existing Franchise Holding LLC (the “Hilton”). Operating also has a Management Agreement with Prism Hospitality L.P. (“Prism”) to perform management functions for the Hotel. The management agreement with Prism had an original term of ten years and can be terminated at any time with or without cause by the Partnership owner. Effective January 2014, the management agreement with Prism was amended by the Partnership. Effective December 1, 2013, GMP Management, Inc., a company owned by a Justice limited partner and related party, also provides management services for the Partnership pursuant to a Management Services Agreement, which is for a term of 3 years, but which can be terminated earlier by the Partnership for cause.

## **HILTON HOTELS FRANCHISE LICENSE AGREEMENT**

The Partnership entered into a Franchise License Agreement (the “License Agreement”) with the HLT Existing Franchise Holding LLC (Hilton) on November 24, 2004. The term of the License Agreement was for an initial period of 15 years commencing on the date the Hotel began operating as a Hilton hotel, with an option to extend the License Agreement for another five years, subject to certain conditions. On June 26, 2015, the Partnership and Hilton entered into an amended franchise agreement which extended the License Agreement through 2030, modified the monthly royalty rate, extended geographic protection to the Partnership and also provided the Partnership certain key money cash incentives to be earned through 2030.

Since the opening of the Hotel in January 2006, the Partnership has paid monthly royalties, program fees and information technology recapture charges equal to a percent of the Hotel’s gross room revenue for the preceding calendar month. Total fees paid to Hilton for such services during fiscal 2015 and 2014 totaled \$3.6 million and \$4.1 million, respectively.

## **HOTEL MANAGEMENT COMPANY AGREEMENT**

On February 2, 2007, the Partnership entered into a management agreement with Prism to manage and operate the Hotel as its agent. The original agreement was effective for a term of ten years, but was amended in January 2014 as described below. Under the original management agreement, the Partnership was required to pay Prism base management fees of up to 2.5% of gross operating revenues of the Hotel (i.e., room, food and beverage, and other operating departments) for the fiscal year. Of that amount, 1.75% of the gross operating revenues was paid monthly. The balance or 0.75% was paid only to the extent that the partially adjusted net operating income (net operating income less capital expenditures) for the applicable fiscal year exceeded the amount of the Hotel's return for the fiscal year. The base management fee was limited to 1.75% for the period ended January 31, 2014. Under the new management agreement, effective January 2014, the required base management fees were amended by the Partnership to a fixed rate of \$20,000 per month. Under the amended management agreement, Prism can also earn an incentive fee of \$11,000 for each month that the revenues per room of the Hotel exceed the average revenues per room of a defined set of competing hotels. Base management fees and incentives paid to Prism during the years ended June 30, 2015 and 2014 were \$293,000 and \$579,000, respectively.

Effective December 1, 2013, GMP Management, Inc. (“GMP”), a company owned by a Justice limited partner and related party, also provides management services for the Partnership pursuant to a Management Services Agreement. The management agreement with GMP has a term of 3 years, but may be terminated earlier by the Partnership for cause. Under the agreement, GMP is required to advise the Partnership on the management and operation of the hotel; administer the Partnership’s contracts, leases, agreements with hotel managers and franchisors and other contracts and agreements; provide administrative and asset management services, oversee financial reporting, and maintain offices at the Hotel in order to facilitate provision of services. GMP is paid an annual base management fee of \$325,000 per year, increasing by 5% per year, payable in monthly installments, and to reimbursement for reasonable and necessary costs and expenses incurred by GMP in performing its obligations under the agreement. During the years ended June 30, 2015 and 2014, GMP was reimbursed \$736,000 and \$330,000, respectively, for the salaries, benefits, and local payroll taxes for four key employees. Base management fees and payroll related reimbursements paid to GMP during the years ended June 30, 2015 and 2014 were \$1,078,000 and \$519,000, respectively.

The management fees expensed for Prism and GMP during the years ended June 30, 2015 and 2014 were \$1,370,000 and \$1,098,000, respectively.

## **GARAGE OPERATIONS**

On October 31, 2010, the Partnership and Ace Parking entered into an amendment of the original Parking Agreement to extend the term for a period of sixty two (62) months, commencing on November 1, 2010 and terminating December 31, 2015, subject to either party’s right to terminate the agreement without cause on ninety (90) days written notice. The monthly management fee of \$2,000 and the accounting fee of \$250 remain the same, but the amendment modified how the Excess Profit Fee to be paid to Ace Parking would be calculated.

The amendment provides that, if net operating income (“NOI”) from the garage operations exceeds \$1,800,000 but is less than \$2,000,000, then Ace Parking will be entitled to an Excess Profit Fee of one percent (1%) of the total annual NOI. If the annual NOI is \$2,000,000 or higher, Ace Parking will be entitled to an Excess Profit Fee equal to two percent (2%) of the total annual NOI. The garage’s NOI exceeded the annual NOI of \$2,000,000 for the years ended June 30, 2015 and 2014. Base Management and incentive fees to Ace Parking amounted to \$44,000 for each of the years ended June 30, 2015 and 2014.

## **CHINESE CULTURE FOUNDATION LEASE**

On March 15, 2005, the Partnership entered into an amended lease with the Chinese Culture Foundation of San Francisco (the “Foundation”) for the third floor space of the Hotel commonly known as the Chinese Cultural Center,

which the Foundation had right to occupy pursuant to a 50-year nominal rent lease.

The Partnership and the Foundation entered into an amended lease that, among other things, requires the Partnership to pay to the Foundation a monthly event space fee in the amount of \$5,000, adjusted annually based on the local Consumer Price Index. The term of the amended lease expires on October 17, 2023, with an automatic extension for another 10 year term if the property continues to be operated as a hotel. This amendment allowed Justice to incorporate the third floor into the renovation of the Hotel resulting in a new ballroom for the joint use of the Hotel and new offices and a gallery for the Chinese Culture Center.

## **SALES AND REFINANCINGS OF REAL ESTATE PROPERTIES**

In February 2014, the Company entered into a contract to sell its 249 unit apartment complex located in Austin, Texas and the adjacent unimproved land for \$15,800,000. The purchase/sale agreement provides that purchaser can terminate the agreement with or without cause, however, the potential purchaser would forfeit the earnest money (\$208,000) and additional consideration (\$250,000) totaling \$458,000. The purchaser also had the option to extend the agreement. During the quarter ended September 30, 2014, the Company received the \$458,000 and recognized it as income as the result of the potential buyer not extending the purchase agreement. In December 2014, the Company entered into a new contract with a different buyer to sell the same property for \$16,300,000. In March 2015, the Company sold this property for \$16,300,000 and realized a gain on the sale of real estate of \$9,358,000. The Company received net proceeds of \$7,890,000 after selling costs and the repayment of the mortgage of \$6,356,000 and the early prepayment of debt penalty of \$1,634,000.

In November 2014, the Company sold its 5,900 square foot commercial property for \$3,450,000 located in Los Angeles, California and realized a gain on the sale of real estate of \$1,742,000. The Company received net proceeds of \$2,163,000 after selling costs and the repayment of the related mortgage of \$1,100,000. Prior to its sale, this property was being leased by the buyer.

## **REAL ESTATE PROPERTY MANAGEMENT**

In July 2014, the Company terminated its property management agreement with the professional third party property and asset management company that managed its properties located outside of California. Beginning August 2014, the Company began managing its five properties located outside of California in-house, while the properties located in California are still being managed by a third party property management company, with exception to the two commercial buildings which are also managed in-house.

In August 2015, the Company terminated its third party property management agreement for the management of the Company's properties located in California and will manage the properties in-house going forward.

## **MARKETABLE SECURITIES INVESTMENT POLICIES**

In addition to its Hotel and real estate operations, the Company also invests from time to time in income producing instruments, corporate debt and equity securities, publically traded investment funds, mortgage backed securities, securities issued by REIT's and other companies which invest primarily in real estate.

The Company's securities investments are made under the supervision of a Securities Investment Committee of the Board of Directors. The Committee currently has three members and is chaired by the Company's Chairman of the Board and President, John V. Winfield. The Committee has delegated authority to manage the portfolio to the Company's Chairman and President together with such assistants and management committees he may engage. The Committee has established investment guidelines for the Company's investments. These guidelines presently include: (i) corporate equity securities should be listed on the New York Stock Exchange (NYSE), NYSE MKT, NYSE Arca or the Nasdaq Stock Market (NASDAQ); (ii) the issuer of the listed securities should be in compliance with the listing standards of the respective National Securities Exchanges; and (iii) investment in a particular issuer should not exceed 10% of the market value of the total portfolio. The investment policies do not require the Company to divest itself of investments, which initially meet these guidelines but subsequently fail to meet one or more of the investment criteria. Non-conforming investments require the approval of the Securities Investment Committee. The Committee has in the past approved non-conforming investments and may in the future approve non-conforming investments. The Securities Investment Committee may modify these guidelines from time to time.

The Company may also invest, with the approval of the Securities Investment Committee, in unlisted securities, such as convertible notes, through private placements including private equity investment funds. Those investments in non-marketable securities are carried at cost on the Company's balance sheet as part of other investments and reviewed for impairment on a periodic basis. As of June 30, 2015, the Company had other investments of \$15,082,000.

As part of its investment strategies, the Company may assume short positions in marketable securities. Short sales are used by the Company to potentially offset normal market risks undertaken in the course of its investing activities or to provide additional return opportunities. As of June 30, 2015, the Company had obligations for securities sold (equities short) of \$22,000.

In addition, the Company may utilize margin for its marketable securities purchases through the use of standard margin agreements with national brokerage firms. The use of available leverage is guided by the business judgment of management and is subject to any internal investment guidelines, which may be imposed by the Securities Investment Committee. The margin used by the Company may fluctuate depending on market conditions. The use of leverage could be viewed as risky and the market values of the portfolio may be subject to large fluctuations. As of June 30, 2015, the Company had a margin balance of \$345,000 and incurred \$600,000 and \$618,000 in margin interest expense during the years ended June 30, 2015 and 2014, respectively.

As Chairman of the Securities Investment Committee, the Company's President and Chief Executive officer, John V. Winfield, directs the investment activity of the Company in public and private markets pursuant to authority granted by the Board of Directors. Mr. Winfield also serves as Chief Executive Officer and Chairman of Santa Fe and Portsmouth and oversees the investment activity of those companies. Depending on certain market conditions and various risk factors, the Chief Executive Officer, his family, Santa Fe and Portsmouth may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and his family members, and the resources of Santa Fe and Portsmouth, at risk in connection with investment decisions made on behalf of the Company.

Further information with respect to investment in marketable securities and other investments of the Company is set forth in Management Discussion and Analysis of Financial Condition and Results of Operations section and Notes 5 and 6 of the Notes to Consolidated Financial Statements.

### **Seasonality**

Hotel's operations historically have been seasonal. Like most hotels in the San Francisco area, the Hotel generally maintains higher occupancy and room rates during the first and second quarters of its fiscal year (July 1 through December 31) than it does in the third and fourth quarters (January 1 through June 30). These seasonal patterns can be expected to cause fluctuations in the quarterly revenues from the Hotel.

### **Competition**

The hotel industry is highly competitive. Competition is based on a number of factors, most notably convenience of location, brand affiliation, price, range of services and guest amenities or accommodations offered and quality of customer service. Competition is often specific to the individual market in which properties are located.

San Francisco market is a very competitive market with high demand for guest rooms and meeting space. In the earlier part of fiscal 2015, the Hotel expanded its meeting space to approximately 22,000 square feet by converting the spa on the lobby level to three additional meeting rooms. This has given the Hotel additional flexibility to host bigger groups with break out needs. In addition to the brand new meeting rooms on the lobby level, the renovation of the 2nd floor and brand new carpet on the 3rd floor has enabled the Hotel to attract smaller high end corporate clients. The renovation and increase in meeting space has elevated the perception of clients in the market even though total space available is less than the comp set.

Our highest priority is guest satisfaction. We believe that enhancing the guest experience differentiates the Hotel from our competition by building the most sustainable guest loyalty. In addition to the recent completion of “The Cloud” (technology lounge), three new premium executive meeting rooms and the Karaoke lounge, the Hotel has enhanced the arrival experience of the guests by renovating and upgrading the entrance and the lobby. The lobby, the porte cochere and the second floor furniture have been modernized. The carpet flooring in the lobby has been replaced by oak wood creating an open and welcoming environment. The Wellness Center on the fifth floor features a new spa with two treatment rooms and a room for manicure and pedicure treatments. The fitness center has also been expanded with state of the art equipment.

In order to further the client experience, the Hotel plans to renovate the fourth floor meeting space which will help modernize and attract key clientele. Guestrooms are also being remodeled with modern shower amenities and granite countertops that will span over the next three years. And finally, the Hotel in conjunction with the Chinese Cultural Center is developing a landscape area on the Pedestrian Bridge that connects the Hotel to Portsmouth Square. As we continue to take steps that further develop our ties with the local Chinese community and the city of San Francisco, we are also able to promote important new business ideas that represent good corporate citizenship.

With the high demand in guest rooms and the ADR (average daily rate) increasing, the Hotel's strategies of obtaining group clients have been streamlined in order to ensure that length and pattern of stay benefits the Hotel overall. The Hotel is also focusing on high end clients with more banquet and meeting room requirements. Moving forward, we will continue to focus on cultivating international business, especially from China, and capturing a greater percentage of the higher rated business, leisure and group travel. We will also continue in our efforts to upgrade our guest rooms and facilities and explore new and innovative ways to differentiate the Hotel from its competition, as well as focusing on returning our food and beverage operations to profitability. During the last twelve months, we have seen steady improvement in business and leisure travel. If that trend in the San Francisco market and the hotel industry continues, it should translate into an increase in room revenues and profitability. However, like all hotels, it will remain subject to the uncertain domestic and global economic environment and other risk factors beyond our control, such as the effect of natural disasters.

The Hotel is also subject to certain operating risks common to all of the hotel industry, which could adversely impact performance. These risks include:

- Competition for guests and meetings from other hotels including competition and pricing pressure from internet wholesalers and distributors;

- increases in operating costs, including wages, benefits, insurance, property taxes and energy, due to inflation and other factors, which may not be offset in the future by increased room rates;

- labor strikes, disruptions or lock outs;

- dependence on demand from business and leisure travelers, which may fluctuate and is seasonal;

- increases in energy costs, cost of fuel, airline fares and other expenses related to travel, which may negatively affect traveling;

- terrorism, terrorism alerts and warnings, wars and other military actions, pandemics or other medical events or warnings which may result in decreases in business and leisure travel;

- natural disasters; and

- adverse effects of downturns and recessionary conditions in international, national and/or local economies and market conditions.

## **Competition – Rental Properties**

The ownership, operation and leasing of multifamily rental properties are highly competitive. The Company competes with domestic and foreign financial institutions, other REITs, life insurance companies, pension trusts, trust funds, partnerships and individual investors. In addition, The Company competes for tenants in markets primarily on the basis of property location, rent charged, services provided and the design and condition of improvements. The Company also competes with other quality apartment owned by public and private companies. The number of competitive multifamily properties in a particular market could adversely affect the Company's ability to lease its multifamily properties, as well as the rents it is able to charge. In addition, other forms of residential properties, including single family housing and town homes, provide housing alternatives to potential residents of quality apartment communities or potential purchasers of for-sale condominium units. The Company competes for residents in its apartment communities based on resident service and amenity offerings and the desirability of the Company's locations. Resident leases at the Company's apartment communities are priced competitively based on market conditions, supply and demand characteristics, and the quality and resident service offerings of its communities.

## **Environmental Matters**

In connection with the ownership of the Hotel, the Company is subject to various federal, state and local laws, ordinances and regulations relating to environmental protection. Under these laws, a current or previous owner or operator of real estate may be liable for the costs of removal or remediation of certain hazardous or toxic substances on, under or in such property. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the presence of hazardous or toxic substances.

Environmental consultants retained by the Partnership or its lenders conducted updated Phase I environmental site assessments in fiscal year ended June 30, 2014 on the Hotel property. These Phase I assessments relied, in part, on Phase I environmental assessments prepared in connection with the Partnership's first mortgage loan obtained in December 2013. Phase I assessments are designed to evaluate the potential for environmental contamination on properties based generally upon site inspections, facility personnel interviews, historical information and certain publicly-available databases; however, Phase I assessments will not necessarily reveal the existence or extent of all environmental conditions, liabilities or compliance concerns at the properties.

Although the Phase I assessments and other environmental reports we have reviewed disclose certain conditions on our properties and the use of hazardous substances in operation and maintenance activities that could pose a risk of environmental contamination or liability, we are not aware of any environmental liability that we believe would have a material adverse effect on our business, financial position, results of operations or cash flows.

The Company believes that the Hotel and its rental properties are in compliance, in all material respects, with all federal, state and local environmental ordinances and regulations regarding hazardous or toxic substances and other environmental matters, the violation of which could have a material adverse effect on the Company. The Company has not received written notice from any governmental authority of any material noncompliance, liability or claim relating to hazardous or toxic substances or other environmental matters in connection with any of its present properties.

## **EMPLOYEES**

As of June 30, 2015, the Company had a total of 7 full-time employees in its corporate office. Effective July 2002, the Company entered into a client service agreement with Insperity, a professional employer organization serving as an off-site, full service human resource department for its corporate office. Insperity personnel management services are delivered by entering into a co-employment relationship with the Company's employees. In July 2014, the Company terminated its relationship with Insperity and entered into a client service agreement with ADP, another professional employer organization that provides similar services. The agreement with ADP began in August 2014. The employees and the Company are not party to any collective bargaining agreement, and the Company believes that its employee relations are satisfactory.

Employees of Justice and management of the Hotel are not unionized and the Company believes that their relationships with the Hotel are satisfactory and consistent with the market in San Francisco.

As of June 30, 2015, the Partnership, through Operating, had approximately 312 employees. Approximately 79% of those employees were represented by one of three labor unions, and their terms of employment were determined under a collective bargaining agreement (“CBA”) to which the Partnership was a party. During the year ended June 30, 2014, the Partnership renewed the CBAs for the Local 2 (Hotel and Restaurant Employees), Local 856 (International Brotherhood of Teamsters), and Local 39 (stationary engineers).

Negotiation of collective bargaining agreements, which includes not just terms and conditions of employment, but scope and coverage of employees, is a regular and expected course of business operations for the Partnership. The Partnership expects and anticipates that the terms of conditions of CBAs will have an impact on wage and benefit costs, operating expenses, and certain hotel operations during the life of the each CBA, and incorporates these principles into its operating and budgetary practices.

## HOTEL FINANCINGS

On December 18, 2013: (i) Justice Operating Company, LLC, a Delaware limited liability company (“Operating”), entered into a loan agreement (“Mortgage Loan Agreement”) with Bank of America (“Mortgage Lender”); and (ii) Justice Mezzanine Company, a Delaware limited liability company (“Mezzanine”), entered into a mezzanine loan agreement (“Mezzanine Loan Agreement” and, together with the Mortgage Loan Agreement, the “Loan Agreements”) with ISBI San Francisco Mezz Lender LLC (“Mezzanine Lender” and, together with Mortgage Lender, the “Lenders”). The Partnership is the sole member of Mezzanine, and Mezzanine is the sole member of Operating.

The Loan Agreements provide for a \$97,000,000 Mortgage Loan and a \$20,000,000 Mezzanine Loan. The proceeds of the Loan Agreements were used to fund the redemption of limited partnership interests described above and the pay-off of the prior mortgage.

The Mortgage Loan is secured by the Partnership’s principal asset, the Hilton San Francisco-Financial District (the “Property”). The Mortgage Loan bears an interest rate of 5.28% per annum and matures in January 2024. The term of the loan is 10 years with interest only due in the first three years and principle and interest on the remaining seven years of the loan based on a thirty year amortization schedule. The Mortgage Loan also requires payments for impounds related to property tax, insurance and capital improvement reserves. As additional security for the Mortgage Loan, there is a limited guaranty (“Mortgage Guaranty”) executed by the Company in favor of Mortgage Lender.

The Mezzanine Loan is secured by the Operating membership interest held by Mezzanine and is subordinated to the Mortgage Loan. The Mezzanine Loan bears interest at 9.75% per annum and matures on January 1, 2024. Interest only, payments are due monthly. As additional security for the Mezzanine Loan, there is a limited guaranty executed by the Company in favor of Mezzanine Lender (the “Mezzanine Guaranty” and, together with the Mortgage Guaranty, the “Guaranties”).

The Guaranties are limited to what are commonly referred to as “bad boy” acts, including: (i) fraud or intentional misrepresentations; (ii) gross negligence or willful misconduct; (iii) misapplication or misappropriation of rents, security deposits, insurance or condemnation proceeds; and (iv) failure to pay taxes or insurance. The Guaranties will be full recourse guaranties under identified circumstances, including failure to maintain “single purpose” status which is a factor in a consolidation of Operating or Mezzanine in a bankruptcy of another person, transfer or encumbrance of the Property in violation of the applicable loan documents, Operating or Mezzanine incurring debts that are not permitted, and the Property becoming subject to a bankruptcy proceeding. Pursuant to the Guaranties, the Partnership is required to maintain a certain minimum net worth and liquidity. As of June 30, 2015 and 2014, the Partnership is in compliance with both requirements.

Each of the Loan Agreements contains customary representations and warranties, events of default, reporting requirements, affirmative covenants and negative covenants, which impose restrictions on, among other things, organizational changes of the respective borrower, operations of the Property, agreements with affiliates and third parties. Each of the Loan Agreements also provides for mandatory prepayments under certain circumstances (including casualty or condemnation events) and voluntary prepayments, subject to satisfaction of prescribed conditions set forth in the Loan Agreements.

On July 2, 2014, the Partnership obtained from the Intergroup Corporation (related party) an unsecured loan in the principal amount of \$4,250,000 at 12% per year fixed interest, with a term of 2 years, payable interest only each month. Intergroup received a 3% loan fee. The loan may be prepaid at any time without penalty. The proceeds of the loan were applied to the July 2014 payments to Holdings described in Note 2. The note and related interest income were eliminated in consolidation.

The properties subject to the agreement are the Company's apartment complexes located in Las Colinas TX, Austin TX, St. Louis MO, Parsippany NJ and Florence KY. Subject to its other terms and conditions, the agreement is for consecutive one (1) year renewable terms but may be terminated by the parties upon thirty (30) days advance written notice. The agreement provides for compensation to IPS of 2.8% of the gross income from operations of the properties (as defined) as a property management fee and certain other fees as set forth in the agreement for any additional services.

Effective July 1, 2013, InterGroup also entered into an Asset Management Agreement with Delta Alliance Capital Management, LLC, to provide asset management services covering all of the Company's rental properties and its two commercial buildings. Delta Alliance is a related firm to IPS. Delta Alliance was formed to acquire commercial real estate holdings and assist and advise clients in monitoring the operations of similar real estate holdings. Subject to its other terms and conditions, the agreement is for consecutive one (1) year renewable terms but may be terminated by the parties upon thirty (30) days advance written notice. The agreement provides for compensation to Delta Alliance of 0.5% of the gross income from operations of all the properties as an asset management fee.

The Management Agreement with Century West was for an original term of twelve months ending on July 31, 2006 and continues on a month-to-month basis, until terminated upon 30 days prior written notice. The Management Agreement provides for a monthly fee equal to 4% of the monthly gross receipts from the properties with resident managers and a fee of 4 1/2% of monthly gross receipts for properties without resident managers. During the years ended June 30, 2015 and 2014, the management fees were \$200,000 and \$159,000, respectively. In August 2015, the Company terminated its third party property management agreement with Century West and will manage the properties in-house going forward.

In the opinion of management, each of the properties is adequately covered by insurance. None of the properties are subject to foreclosure proceedings or litigation, other than such litigation incurred in the normal course of business. The Company's residential rental property leases are short-term leases, with no lease extending beyond one year.

### Item 3. Legal Proceedings.

In 2013, the City of San Francisco's Tax Collector's office claimed that Justice owed the City of San Francisco \$2.1 million based on the Tax Collector's interpretation of the San Francisco Business and Tax Regulations Code relating to Transient Occupancy Tax and Tourist Improvement District Assessment. This amount exceeds Justice's estimate of the taxes owed, and Justice has disputed the claim and is seeking to discharge all penalties and interest charges imposed by the Tax Collector attributed to its over payment. The Company paid the full amount in March 2014 as part of the appeals process but is reflecting an amount on the balance sheet in "Other assets, net" as it is currently under protest.

Several legal matters are pending relating to the redemption transaction described in Note 2. On December 18, 2013, a Real Property Transfer Tax of approximately \$4.7 million was paid to the City and County of San Francisco ("CCSF"). CCSF required payment of the Transfer Tax as a condition to record the transfer of the Hotel land parcel from Investors to Operating, which was necessary to effect the Loan Agreements. While the Partnership contends the Transfer Tax that was assessed by CCSF was illegal and erroneous, the tax was paid, under protest, to facilitate the consummation of the redemption transaction, the Loan Agreements and the recording of related documents. The Partnership has challenged CCSF's imposition of the tax and filed a refund lawsuit against CCSF in San Francisco County Superior Court. No prediction can be made as to whether any portion of the tax will be refunded.

On February 13, 2014, Evon filed a complaint in San Francisco Superior Court against the Partnership, Portsmouth, and a limited partner and related party asserting contract and tort claims based on Justice's withholding of \$4.7 million from a payment due to Holdings to pay the transfer tax described above. On April 1, 2014, the defendants in the action removed the action to the United States District Court for the Northern District of California. Evon dismissed its complaint on April 8, 2014 and, that same day, filed a second complaint in San Francisco Superior Court substantially similar to the dismissed complaint, except for the omission of a federal cause of action. Evon's current complaint in the action asserts causes of action for breach of contract and breach of the implied covenant of good faith and fair dealing against Justice only; breach of fiduciary duty against Portsmouth only; conversion against Justice and Portsmouth; and fraud/ and concealment against Justice, Portsmouth and a Justice limited partner and related party. In July 2014, Justice paid to Holdings a total of \$4.7 million, the amount Evon claims was incorrectly withheld from Holdings to pay the transfer tax described above. Defendants moved to compel arbitration on August 5, 2014, and the Superior Court denied that motion on September 23, 2014. Defendants have appealed the order denying the motion to compel arbitration. The parties have been engaged in settlement discussions, and have agreed to postpone activity in both the Superior Court and the Court of Appeal while they attempt settlement. To date, the courts have been amenable to continuing all pending dates. The parties have not yet reached a final settlement. No prediction can be given as to the ultimate outcome of this matter.

On April 21, 2014, the Partnership commenced an arbitration action against Glaser Weil Fink Howard Avchen & Shapiro, LLP (formerly known as Glaser Weil Fink Jacobs Howard Avchen & Shapiro, LLP), Brett J. Cohen, Gary N. Jacobs, Janet S. McCloud, Paul B. Salvaty, and Joseph K. Fletcher III (collectively, the "Respondents") in connection with the redemption transaction. The arbitration alleges legal malpractice against the Respondents and also seeks

declaratory relief regarding provisions of the option agreement in the redemption transaction and regarding the engagement letter with Respondents. The arbitration is pending before JAMS, Inc. in Los Angeles, but has been stayed pending conclusion of the action filed by Evon described above. No prediction can be given as to the outcome of this matter.

On June 27, 2014, the Partnership commenced an action in San Francisco Superior Court against Evon, Holdings, and those partners who elected the alternative redemption structure. The action seeks a declaration of the correct interpretation of (i) the special allocations sections of the Amended and Restated Agreement of Limited Partnership of Justice, with an effective date of January 1, 2013; and (ii) whether certain partners who elected the alternative redemption structure breached the governing Limited Partnership Interest Redemption Option Agreement. The complaint states that these declarations are relevant to preparation of the Partnership's 2013 and 2014 state and federal tax returns and the associated Forms K-1 to be issued to affected current and former partners. The Partnership filed a First Amended Complaint on October 31, 2014. Evon filed a cross-complaint on December 9, 2014, alleging fraudulent concealment and promissory fraud against the Partnership in connection with the redemption transaction. The Partnership demurred to the cross-complaint, and that demurrer is still pending in the Superior Court. The parties have been engaged in settlement discussions, and have agreed to postpone activity in this case while they attempt settlement. To date, the court has been amenable to continuing all pending dates. The parties have not yet reached a final settlement. No prediction can be given as to the outcome of this matter.

On March 20, 2015, the Partnership and Operating filed a case in the Supreme Court of the State of New York entitled Justice Investors and Justice Operating Company, LLC v. Hilton Franchise LLC (the “Action”). On June 26, 2015, Operating and Hilton entered into a Settlement Agreement and Release (the “Agreement”) to settle and release all claims arising out of or in connection with the Action. Under the terms of the Agreement, Hilton and Operating agreed to amend the existing License Agreement (described above) between the Partnership and Hilton by extending it for 15 years, and for Hilton to pay to Operating key money. Operating executed a self-exhausting, interest-free promissory note in favor of HLT Existing Franchise Holding LLC in the amount of the key money, which provides that the key money is to be amortized, on a straight-line basis, over the 15 year term of the amended, extended Franchise Agreement. Upon the Effective Date of the Agreement, Justice dismissed the Action.

The Partnership has not yet filed its 2014 federal and state partnership income tax returns. The outcome of the Declaratory Relief action pending in San Francisco Superior Court will likely impact the filing of the 2014 tax returns, and the Partnership is working to resolve these issues.

The Company is subject to legal proceedings, claims, and litigation arising in the ordinary course of business. The Company defends itself vigorously against any such claims. Management does not believe that the impact of such matters will have a material effect on the financial conditions or result of operations when resolved.

## Item 6. Selected Financial Data.

Not required for smaller reporting companies.

## Item 7. Management Discussion and Analysis of Financial Condition and Results of Operations.

## RESULTS OF OPERATIONS

As of June 30, 2015, the Company owned approximately 81.3% of the common shares of its subsidiary, Santa Fe and Santa Fe owned approximately 68.8% of the common shares of Portsmouth Square, Inc. InterGroup also directly owns approximately 13.1% of the common shares of Portsmouth. The Company's principal sources of revenue continue to be derived from the general and limited partnership interests of its subsidiary, Portsmouth, in the Justice Investors limited partnership ("Justice" or the "Partnership"), rental income from its investments in multi-family real estate properties and income received from investment of its cash and securities assets. Justice owns a 543 room hotel property located at 750 Kearny Street, San Francisco, California 94108, known as the "Hilton San Francisco Financial District" (the "Hotel") and related facilities, including a five-level underground parking garage. The financial statements of Justice have been consolidated with those of the Company.

The Hotel is operated by the Partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement with HLT Franchise Holding LLC (Hilton). The Partnership entered into a Franchise License agreement with the HLT Franchise Holding LLC (Hilton) on December 10, 2004. The term of the License agreement was for an initial period of 15 years commencing on the opening date, with an option to extend the license agreement for another five years, subject to certain conditions. On June 26, 2015, the Partnership and Hilton entered into an amended franchise agreement which extended the franchise agreement through 2030, modified the monthly royalty rate, extended geographic protection to the Partnership and also provided the Partnership certain key money cash incentives to be earned through 2030. The key money cash incentives were received on July 1, 2015 and are included in accounts receivable at June 30, 2015.

Justice also has a Management Agreement with Prism Hospitality L.P. ("Prism") to perform management functions for the Hotel. The management agreement with Prism had an original term of ten years and can be terminated at any time with or without cause by the Partnership owner. Effective January 2014, the management agreement with Prism was amended by the Partnership. Effective December 1, 2013, GMP Management, Inc., a company owned by a Justice limited partner and related party, also provides management services for the Partnership pursuant to a Management Services Agreement, which is for a term of 3 years, but which can be terminated earlier by the Partnership for cause.

The parking garage that is part of the Hotel property is managed by Ace Parking pursuant to a contract with the Partnership. Portsmouth also receives management fees as a general partner of Justice for its services in overseeing and managing the Partnership's assets. Those fees are eliminated in consolidation.

In addition to the operations of the Hotel, the Company also generates income from the ownership and management of real estate. Properties include sixteen apartment complexes, one commercial real estate property, and two single-family houses as strategic investments. The properties are located throughout the United States, but are concentrated in Texas and Southern California. The Company also has an investment in unimproved real property.

All of the Company's operating real estate properties with exception of the two commercial properties were managed by professional third party property management companies. In July 2014, the Company terminated its property and asset management agreements with the professional third party property management company that managed its properties located outside of California. Beginning August 2014, the Company began managing its five properties located outside of California in-house, while the properties located in California are still being managed by a third party property management company, with exception to the two commercial buildings which are also managed in-house. In August 2015, the Company terminated its third party property management agreement with Century West and will manage the properties in-house going forward.

The Company acquires its investments in real estate and other investments utilizing cash, securities or debt, subject to approval or guidelines of the Board of Directors. The Company also invests in income-producing instruments, equity and debt securities and will consider other investments if such investments offer growth or profit potential.

#### **Fiscal Year Ended June 30, 2015 Compared to Fiscal Year Ended June 30, 2014**

The Company had net income of \$2,057,000 for the year ended June 30, 2015 compared to a net loss of \$6,748,000 for the year ended June 30, 2014. The net income is primarily the result of the significant gain on the sale of real estate during the current year and to all of the costs associated with the redemption of the limited partners of Justice that occurred in the year ended June 30, 2014, partially offset by higher mortgage interest expense and losses from the Company's investment activities during the current year.

The Company had net loss from Hotel operations of \$388,000 for the year ended June 30, 2015 compared to net loss of \$10,664,000 for the year ended June 30, 2014. The decrease in the net loss as noted above was primarily attributable to all of the costs associated with the redemption of the limited partners of Justice that occurred in the year ended June 30, 2014. Although revenues from the Hotel increased during the current period, the increase was offset by higher operating expenses, mortgage interest expense and legal expense related to the current litigation.

The following table sets forth a more detailed presentation of Hotel operations for the years ended June 30, 2015 and 2014.

For the year ended June 30,	2015	2014

Depreciation and amortization expense	(2,902,000 )	(2,573,000 )
Net loss from Hotel operations	\$(388,000 )	\$(10,664,000)

For the year ended June 30, 2015, the Hotel generated operating income of \$9,795,000 before non-recurring charges and interest and depreciation and amortization on total operating revenues of \$56,811,000 compared to operating income of \$10,158,000 before non-recurring charges and interest and depreciation and amortization on total operating revenues of \$50,963,000 for the year ended June 30, 2014. Room revenues increased by \$3,849,000 for the year ended June 30, 2015 compared to the year ended June 30, 2014 primarily as the result of higher room rates and increased occupancy from business groups. Food and beverage revenue increased by \$1,715,000 as result of increase in group stays during the current year.

Operating expenses increased by \$6,211,000 compared to the prior year primarily due to higher legal fees and higher operating expenses which include employee related expenses, room occupancy related expenses and food and beverage related expenses, franchise and credit card fees as the result in the increase in revenues and higher property taxes as the result of the redemption the limited partners and the refinancing of the Hotel. Legal expenses increased as the result of the current litigation.

Mortgage interest increased as the result of having one full year of interest expense on the new mortgage loans versus only six months in the prior year.

The following table sets forth the average daily room rate, average occupancy percentage and room revenue per available room (“RevPAR”) of the Hotel for the year ended June 30, 2015 and 2014.

<b>For the Year</b>	<b>Average</b>	<b>Average</b>	
<b>Ended June 30,</b>	<b>Daily Rate</b>	<b>Occupancy %</b>	<b>RevPAR</b>
2015	\$ 246	93	% \$ 229
2014	\$ 229	92	% \$ 209

Room revenues remained strong as the San Francisco market continued to have good demand for higher rated business. The Hotel's average daily rate increased by \$17 for the year ended June 30, 2015 compared to the year ended June 30, 2014, while occupancy percentages increased to 93% from 92%. As a result, the Hotel was able to achieve a RevPAR number that was \$20 higher than the prior year.

Our highest priority is guest satisfaction. We believe that enhancing the guest experience differentiates the Hotel from our competition by building the most sustainable guest loyalty. In addition to the recent completion of "The Cloud" (technology lounge), three new premium executive meeting rooms and the Karaoke lounge, the Hotel has enhanced the arrival experience of the guests by renovating and upgrading the entrance and the lobby. The lobby, the porte cochere and the second floor furniture have been modernized. The carpet flooring in the lobby has been replaced by oak wood creating an open and welcoming environment. The Wellness Center on the fifth floor features a new spa with two treatment rooms and a room for manicure and pedicure treatments. The fitness center has also been expanded with state of the art equipment.

In order to further the client experience, the Hotel plans to renovate the fourth floor meeting space which will help modernize and attract key clientele. Additionally, we have installed new carpet on the third floor including the ballroom. Guestrooms are also being remodeled with modern shower amenities and granite countertops that will span over the next three years. And finally, the Hotel in conjunction with the Chinese Cultural Center is developing a landscape area on the Pedestrian Bridge that connects the Hotel to Portsmouth Square. As we continue to take steps that further develop our ties with the local Chinese community and the city of San Francisco, we are also able to promote important new business ideas that represent good corporate citizenship.

With the high demand in guest rooms and the ADR increasing, the Hotel's strategies of obtaining group clients have been streamlined in order to ensure that length and pattern of stay benefits the Hotel overall. The Hotel is also focusing on high end clients with more banquet and meeting room requirements. Moving forward, we will continue to focus on cultivating international business, especially from China, and capturing a greater percentage of the higher rated business, leisure and group travel. We will also continue in our efforts to upgrade our guest rooms and facilities and explore new and innovative ways to differentiate the Hotel from its competition, as well as focusing on returning our food and beverage operations to profitability. During the last twelve months, we have seen steady improvement in business and leisure travel. If that trend in the San Francisco market and the hotel industry continues, it should translate into an increase in room revenues and profitability. However, like all hotels, it will remain subject to the uncertain domestic and global economic environment and other risk factors beyond our control, such as the effect of natural disasters.

Revenue from real estate operations decreased to \$15,926,000 for the year ended June 30, 2015 from \$16,332,000 for the year ended June 30, 2014. The decrease in real estate revenues is primarily due to the sale of its 249 unit apartment complex located in Austin, Texas (see below for further discussion on sale), partially offset by increased rents at our remaining properties. Real estate operating expenses decreased to \$8,237,000 for the year ended June 30, 2015 from \$8,982,000 for the year ended June 30, 2014 primarily as the result of eliminating the third party property management expense related to the management of our properties located outside of California, the sale of the Austin, Texas property and to a lesser extent the decrease in repairs and maintenance expense. In August 2015, the Company terminated its third party property management agreement for the management of the Company's properties located in California and will manage the properties in-house going forward. As of September 2015, all of the Company's properties are being managed in house.

In February 2014, the Company entered into a contract to sell its 249 unit apartment complex located in Austin, Texas and the adjacent unimproved land for \$15,800,000. The purchase/sale agreement provides that purchaser can terminate the agreement with or without cause, however, the potential purchaser would forfeit the earnest money (\$208,000) and additional consideration (\$250,000) totaling \$458,000. The purchaser also had the option to extend the agreement. During the quarter ended September 30, 2014, the Company received the \$458,000 and recognized it as income as the result of the potential buyer not extending the purchase agreement. In December 2014, the Company entered into a new contract with a different buyer to sell the same property for \$16,300,000. In March 2015, the Company sold this property for \$16,300,000 and realized a gain on the sale of real estate of \$9,358,000. The Company received net proceeds of \$7,890,000 after selling costs and the repayment of the mortgage of \$6,356,000 and the early prepayment of debt penalty of \$1,634,000.

In November 2014, the Company sold its 5,900 square foot commercial property for \$3,450,000 and realized a gain on the sale of real estate of \$1,742,000. The Company received net proceeds of \$2,163,000 after selling costs and the repayment of the related mortgage of \$1,100,000. Prior to its sale, this property was being leased by the buyer.

Management continues to review and analyze the Company's real estate operations to improve occupancy and rental rates and to reduce expenses and improve efficiencies.

The Company had a net loss on marketable securities of \$4,652,000 for the year ended June 30, 2015 compared to a net gain on marketable securities of \$998,000 for the year ended June 30, 2014. Approximately \$2,242,000 of the \$4,652,000 net loss is related to the Company's investment in the common stock of Comstock Mining Inc. Such investments represent approximately 46% of the Company's portfolio. For the year ended June 30, 2015, the Company had a net realized loss of \$1,590,000 and a net unrealized loss of \$3,062,000. For the year ended June 30, 2014, the Company had a net realized gain of \$870,000 and a net unrealized gain of \$128,000. Gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company's results of operations. However, the amount of gain or loss on marketable securities for any given period may have no predictive value and variations in amount from period to period may have no analytical value. For a more detailed description of the composition of the Company's marketable securities see the Marketable Securities section below.

During the years ended June 30, 2015 and 2014, the Company performed an impairment analysis of its other investments and determined that its investments had an other than temporary impairment and recorded impairment losses of \$701,000 and \$101,000, respectively

The Company and its subsidiaries, Portsmouth and Santa Fe, compute and file income tax returns and prepare discrete income tax provisions for financial reporting. The income tax benefit (expense) during the year ended June 30, 2015 and 2014 represents primarily the combined income tax effect of Portsmouth's pretax loss which includes its share in net loss of the Hotel and pre-tax income from Intergroup (standalone) primarily as the result of the significant gains related to the sales of the two real estate properties.

## FINANCIAL CONDITION AND LIQUIDITY

The Company's cash flows are primarily generated from its Hotel operations, and general partner management fees and limited partnership distributions from Justice Investors, its real estate operations and from the investment of its cash in marketable securities and other investments.

On December 18, 2013, the Partnership completed an Offer to Redeem any and all limited partnership interests not held by Portsmouth. As a result, Portsmouth, which prior to the Offer to Redeem owned 50% of the then outstanding limited partnership interests now controls approximately 93% of the voting interest in Justice and is now its sole General Partner.

To fund redemption of limited partnership interests and to repay the prior mortgage, Justice obtained a \$97,000,000 mortgage loan and a \$20,000,000 mezzanine loan. The mortgage loan is secured by the Partnership's principal asset, the Hilton San Francisco-Financial District. The mortgage loan initially bears an interest rate of 5.28% per annum and matures in January 2024. As additional security for the mortgage loan, there is a limited guaranty executed by the Company in favor of mortgage lender. The mezzanine loan is secured by the Operating membership interest held by Mezzanine and is subordinated to the Mortgage Loan. The mezzanine loan initially bears interest at 9.75% per annum and matures in January 2024. As additional security for the mezzanine loan, there is a limited guaranty executed by the Company in favor of mezzanine lender.

On July 2, 2014, the Partnership obtained from the Intergroup Corporation (parent company of Portsmouth) an unsecured loan in the principal amount of \$4,250,000 at 12% per year fixed interest, with a term of 2 years, payable interest only each month. Intergroup received a 3% loan fee. The loan may be prepaid at any time without penalty. The proceeds of the loan were applied to the July 2014 payments to Holdings described in Note 2 of the Company's consolidated financial statements.

Despite an uncertain economy, the Hotel has continued to generate strong revenue growth. While the debt service requirements related to the new loans and the ongoing legal dispute with some of the former Justice partners, may create some additional risk for the Company and its ability to generate cash flows in the future, management believes that cash flows from the operations of the Hotel and the garage will continue to be sufficient to meet all of the Partnership's current and future obligations and financial requirements. Management also believes that there is sufficient equity in the Hotel assets to support future borrowings, if necessary, to fund any new capital improvements and other requirements.

In March 2015, the Company refinanced the \$3,636,000 mortgage note payable on its 157-unit property located in Florence, Kentucky for a new mortgage in the amount of \$3,492,000. The Company paid down approximately \$210,000 of the old mortgage as part of the refinancing. The new mortgage has a fixed interest rate of 3.87% for ten years and matures in April 2025.

In June 2014, the Company obtained a second mortgage on its 151-unit apartment located in Morris County, New Jersey in the amount of \$2,740,000. The term of the loan is approximately 8 years with the interest rate fixed at 4.51%. The loan matures in August 2022.

In June 2014, the Company obtained a seven month extension of its \$992,000 mortgage note payable on the first commercial building located in Los Angeles, California that matured in June 2014. The loan was extended to January 2016. Interest rate on the note remains the same.

In April 2014, the Company refinanced its \$526,000 mortgage note payable on the second commercial building located in Los Angeles, California for a new 3-year interest only mortgage in the amount of \$1,100,000. The Company received net proceeds of \$556,000. The interest rate on the new loan is fixed at 3.25% per annum and the note matures in May 2017.

Management believes that its cash, securities assets, real estate and the cash flows generated from those assets and from partnership distributions and management fees, will be adequate to meet the Company's current and future obligations. Additionally, management believes there is significant appreciated value in the Hotel and other real estate properties to support additional borrowings if necessary.

**MATERIAL CONTRACTUAL OBLIGATIONS**

The following table provides a summary of the Company's material financial obligations which also includes interest.

	Total	Year 1	Year 2	Year 3	Year 4	Year 5	Thereafter

**OFF-BALANCE SHEET ARRANGEMENTS**

The Company has no material off balance sheet arrangements.

**IMPACT OF INFLATION**

Hotel room rates are typically impacted by supply and demand factors, not inflation, since rental of a hotel room is usually for a limited number of nights. Room rates can be, and usually are, adjusted to account for inflationary cost increases. Since Prism has the power and ability under the terms of its management agreement to adjust hotel room rates on an ongoing basis, there should be minimal impact on partnership revenues due to inflation. Partnership revenues are also subject to interest rate risks, which may be influenced by inflation. For the two most recent fiscal years, the impact of inflation on the Company's income is not viewed by management as material.

The Company's residential rental properties provide income from short-term operating leases and no lease extends beyond one year. Rental increases are expected to offset anticipated increased property operating expenses.

**CRITICAL ACCOUNTING POLICIES**

Critical accounting policies are those that are most significant to the portrayal of our financial position and results of operations and require judgments by management in order to make estimates about the effect of matters that are inherently uncertain. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts in our consolidated financial statements. We evaluate our estimates on an on-going basis, including those related to the consolidation of our subsidiaries, to our revenues, allowances for bad debts, accruals, asset impairments, other investments, income taxes and commitments and contingencies. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. The actual results may differ from these estimates or our estimates may be affected by different assumptions or conditions.

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Shareholders of  
The Intergroup Corporation:

We have audited the accompanying consolidated balance sheets of The InterGroup Corporation and its subsidiaries (the Company) as of June 30, 2015 and 2014, and the related consolidated statements of operations, shareholders' (deficit) equity and cash flows for each of the years in the two-year period ended June 30, 2015. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of The InterGroup Corporation and its subsidiaries as of June 30, 2015 and 2014, and the consolidated results of their operations and their cash flows for each of the years in the two-year period ended June 30, 2015 in conformity with accounting principles generally accepted in the United States of America.

## THE INTERGROUP CORPORATION

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

#### NOTE 1 - BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES:

##### Description of the Business

The InterGroup Corporation, a Delaware corporation, (“InterGroup” or the “Company”) was formed to buy, develop, operate and dispose of real property and to engage in various investment activities to benefit the Company and its shareholders.

As of June 30, 2015, the Company had the power to vote 85.3% of the voting shares of Santa Fe Financial Corporation (“Santa Fe”), a public company (OTCBB: SFEF). This percentage includes the power to vote an approximately 4% interest in the common stock in Santa Fe owned by the Company’s Chairman and President pursuant to a voting trust agreement entered into on June 30, 1998.

Santa Fe’s primary business is conducted through the management of its 68.8% owned subsidiary, Portsmouth Square, Inc. (“Portsmouth”), a public company (OTCBB: PRSI). Portsmouth has a 93% limited partnership interest in Justice and is the sole general partner. InterGroup also directly owns approximately 13.1% of the common stock of Portsmouth. The financial statements of Justice are consolidated with those of the Company.

Justice, through its subsidiaries Justice Holdings Company, LLC (“Holdings”), a Delaware Limited Liability Company, Justice Operating Company, LLC (“Operating”) and Justice Mezzanine Company, LLC (“Mezzanine”), owns a 543-room Hotel property located at 750 Kearny Street, San Francisco California, known as the Hilton San Francisco Financial District (the Hotel) and related facilities including a five level underground parking garage. Holdings and Mezzanine are both a wholly-owned subsidiaries of the Partnership; Operating is a wholly-owned subsidiary of Mezzanine. Mezzanine is the Mezzanine borrower under certain indebtedness of Justice, and in December 2013, the Partnership conveyed ownership of the Hotel to Operating. The Hotel is operated by the partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement with HLT Franchise Holding LLC (Hilton) . Justice also has a Management Agreement with Prism Hospitality L.P. (“Prism”) to perform management functions for the Hotel. The management agreement with Prism had an original term of ten years and can be terminated at any time with or without cause by the Partnership owner. Effective January 2014, the management agreement with Prism was amended by the Partnership. Effective December 1, 2013, GMP Management, Inc., a company owned by a Justice limited partner and related party, also provides management services for the Partnership pursuant to a Management Services

Agreement, which is for a term of 3 years, but which can be terminated earlier by the Partnership for cause.

In addition to the operations of the Hotel, the Company also generates income from the ownership of real estate. Properties include apartment complexes, commercial real estate, and two single-family houses as strategic investments. The properties are located throughout the United States, but are concentrated in Texas and Southern California. The Company also has investments in unimproved real property. The Company's residential rental properties located in California are managed by a professional third party property management company. Effective September 1, 2015, all of the Company's real estate properties will be managed in-house.

### **Principles of Consolidation**

The consolidated financial statements include the accounts of the Company and Santa Fe. All significant inter-company transactions and balances have been eliminated.

### **Investment in Hotel, Net**

Property and equipment are stated at cost. Building improvements are being depreciated on a straight-line basis over their useful lives ranging from 3 to 39 years. Furniture, fixtures, and equipment are being depreciated on a straight-line basis over their useful lives ranging from 3 to 7 years.

Repairs and maintenance are charged to expense as incurred. Costs of significant renewals and improvements are capitalized and depreciated over the shorter of its remaining estimated useful life or life of the asset. The cost of assets sold or retired and the related accumulated depreciation are removed from the accounts; any resulting gain or loss is included in other income (expenses).

The Company reviews property and equipment for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with generally accepted accounting principles ("GAAP"). If the carrying amount of the asset, including any intangible assets associated with that asset, exceeds its estimated undiscounted net cash flow, before interest, the Partnership will recognize an impairment loss equal to the difference between its carrying amount and its estimated fair value. If impairment is recognized, the reduced carrying amount of the asset will be accounted for as its new cost. For a depreciable asset, the new cost will be depreciated over the asset's remaining useful life. Generally, fair values are estimated using discounted cash flow, replacement cost or market comparison analyses. The process of evaluating for impairment requires estimates as to future events and conditions, which are subject to varying market and economic factors. Therefore, it is reasonably possible that a change in estimate resulting from judgments as to future events could occur which would affect the recorded amounts of the property. No impairment losses were recorded for the years ended June 30, 2015 and 2014.

### **Investment in Real Estate, Net**

Rental properties are stated at cost less accumulated depreciation. Depreciation of rental property is provided on the straight-line method based upon estimated useful lives of 5 to 40 years for buildings and improvements and 5 to 10 years for equipment. Expenditures for repairs and maintenance are charged to expense as incurred and major improvements are capitalized.

The Company also reviews its rental property assets for impairment. No impairment losses on the investment in real estate have been recorded for the years ended June 30, 2015 and 2014.

The fair value of the tangible assets of an acquired property, which includes land, building and improvements, is determined by valuing the property as if they were vacant, and incorporates costs during the lease-up periods considering current market conditions and costs to execute similar leases such lost rental revenue and tenant improvements. The value of tangible assets are depreciated using straight-line method based upon the assets estimated useful lives.

### **Investment in Marketable Securities**

Marketable securities are stated at fair value as determined by the most recently traded price of each security at the balance sheet date. Marketable securities are classified as trading securities with all unrealized gains and losses on the Company's investment portfolio recorded through the consolidated statements of operations.

### **Other Investments, Net**

Other investments include non-marketable securities (carried at cost, net of any impairments loss), non –marketable warrants (carried at fair value) and certain convertible preferred securities, received in exchange for debt instruments, carried at a book basis, initially determined using the estimated fair value on the exchange date. The Company has no significant influence or control over the entities that issue these investments. These investments are reviewed on a periodic basis for other-than-temporary impairment. The Company reviews several factors to determine whether a loss is other-than-temporary. These factors include but are not limited to: (i) the length of time an investment is in an unrealized loss position, (ii) the extent to which fair value is less than cost, (iii) the financial condition and near term prospects of the issuer and (iv) our ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value. For the years ended June 30, 2015 and 2014, the Company recorded impairment losses related to other investments of \$701,000 and \$101,000, respectively. As of June 30, 2015 and 2014, the allowance for impairment losses was \$5,428,000 and \$4,727,000, respectively.

## **Derivative Financial Instruments**

The Company has investments in stock warrants which are considered derivative instruments.

Derivative financial instruments consist of financial instruments or other contracts that contain a notional amount and one or more underlying (e.g. interest rate, security price or other variable), require no initial net investment and permit net settlement. Derivative financial instruments may be free-standing or embedded in other financial instruments. Further, derivative financial instruments are initially, and subsequently, measured at fair value on the Company's consolidated balance sheets.

For the investment in stock warrants, the Company used the Black-Scholes option valuation model to estimate the fair value these instruments which requires management to make significant assumptions including trading volatility, estimated terms, and risk free rates. Estimating fair values of derivative financial instruments requires the development of significant and subjective estimates that may, and are likely to, change over the duration of the instrument with related changes in internal and external market factors. In addition, option-based models are highly volatile and sensitive to changes in the trading market price of the underlying common stock, which has a high-historical volatility. Since derivative financial instruments are initially and subsequently carried at fair values, the Company's consolidated statement of operations will reflect the volatility in these estimate and assumption changes.

## **Cash and Cash Equivalents**

Cash equivalents consist of highly liquid investments with an original maturity of three months or less when purchased and are carried at cost, which approximates fair value.

## **Restricted Cash**

Restricted cash is comprised of amounts held by lenders for payment of real estate taxes, insurance, replacement reserves for the operating properties. capital addition reserves for the Hotel, tenant security deposits that are invested in certificates of deposit and the funds held by Holdings to implement the alternate redemption structure for those partners who elected that structure.

### **Other Assets, Net**

Other assets include accounts receivable, prepaid insurance, loan fees, franchise fees, license fees, inventory, occupancy tax deposits and other miscellaneous assets. Loan fees are stated at cost and amortized over the term of the loan using the effective interest method. Franchise fees are stated at cost and amortized over the life of the agreement (15 years). License fees are stated at cost and amortized over 10 years.

Accounts receivable from the Hotel and rental property customers are carried at cost less an allowance for doubtful accounts that is based on management's assessment of the collectability of accounts receivable. The Company extends unsecured credit to its customers but mitigates the associated credit risk by performing ongoing credit evaluations of its customers.

### **Due to Securities Broker**

The Company may utilize margin for its marketable securities purchases through the use of standard margin agreements with national brokerage firms. Various securities brokers have advanced funds to the Company for the purchase of marketable securities under standard margin agreements. These advanced funds are recorded as a liability.

### **Obligation for Securities Sold**

Obligation for securities sold represents the fair market value of shares sold with the promise to deliver that security at some future date and the fair market value of shares underlying the written call options with the obligation to deliver that security when and if the option is exercised. The obligation may be satisfied with current holdings of the same security or by subsequent purchases of that security. Unrealized gains and losses from changes in the obligation are included in the statement of operations.

### **Accounts Payable and Other Liabilities**

Accounts payable and other liabilities include trade payables, customer advance deposits and other liabilities.

### **Treasury Stock**

The Company records the acquisition of treasury stock under the cost method.

### **Fair Value of Financial Instruments**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date. Accounting standards for fair value measurement establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company’s assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the observability of inputs as follows:

*Level 1*—inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

*Level 2*—inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the assets or liability, either directly or indirectly, for substantially the full term of the financial instruments.

*Level 3*—inputs to the valuation methodology are unobservable and significant to the fair value.

## **Revenue Recognition**

Room revenue is recognized on the date upon which a guest occupies a room and/or utilizes the Hotel's services. Food and beverage revenues are recognized upon delivery. Garage revenue is recognized when a guest uses the garage space. The Company records a liability for payments collected in advance of revenue recognition. This liability is included in Accounts payable and other liabilities.

Revenue recognition from apartment rentals commences when an apartment unit is placed in service and occupied by a rent-paying tenant. Apartment units are leased on a short-term basis, with no lease extending beyond one year.

## **Advertising Costs**

Advertising costs are expensed as incurred. Advertising costs were \$459,000 and \$434,000 for the years ended June 30, 2015 and 2014, respectively.

## **Income Taxes**

Deferred income taxes are calculated under the liability method. Deferred income tax assets and liabilities are based on differences between the financial statement and tax basis of assets and liabilities at the current enacted tax rates. Changes in deferred income tax assets and liabilities are included as a component of income tax expense. Changes in deferred income tax assets and liabilities attributable to changes in enacted tax rates are charged or credited to income tax expense in the period of enactment. Valuation allowances are established for certain deferred tax assets where realization is not likely.

Assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the “more-likely-than-not” threshold based on the technical merits of the positions.

### **Earnings (Loss) Per Share**

Basic income (loss) per share is computed by dividing net income (loss) available to common stockholders by the weighted average number of common shares outstanding. The computation of diluted income (loss) per share is similar to the computation of basic earnings per share except that the weighted-average number of common shares is increased to include the number of additional common shares that would have been outstanding if potential dilutive common shares had been issued. The Company's only potentially dilutive common shares are stock options. As of June 30, 2015 and 2014, the Company had 48,220 and 37,738 stock options, respectively, that were considered potentially dilutive common shares. The basic and diluted earnings per share were the same for the year ended June 30, 2014 because the Company had a net loss.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

### **Reclassifications**

Certain prior year balances have been reclassified to conform with the current year presentation.

### **Recent Accounting Pronouncements**

In April 2015, the FASB issued ASU 2015-03, *Simplifying the Presentation of Debt Issuance Costs*, which requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability. ASU 2015-03 is effective for annual and interim periods beginning

after December 15, 2015 and early application is permitted. We are in the process of evaluating this guidance.

In February 2015, the FASB issued ASU 2015-02, Consolidation (Topic 810): *Amendments to the Consolidation Analysis*, which changes the consolidation analysis for both the variable interest model and for the voting model for limited partnerships and similar entities. ASU 2015-02 is effective for annual and interim periods beginning after December 15, 2015 and early application is permitted. ASU 2015-02 provides for one of two methods of transition: retrospective application to each prior period presented; or recognition of the cumulative effect of retrospective application of the new standard in the period of initial application. We are in the process of evaluating this guidance and our method of adoption.

In April 2014, the FASB issued ASU 2014-08, *Presentation of Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360)* (“ASU 2014-08”). The amendments in ASU 2014-08 provide guidance for the recognition of discontinued operations, change the requirements for reporting discontinued operations in ASC 205-20, “Discontinued Operations” (“ASC 205-20”) and require additional disclosures about discontinued operations. ASU 2014-08 is effective for the Company for periods beginning after December 15, 2014. Early application is permitted, but only for disposals that have not been reported in financial statements previously issued or available for issuance. The Company is currently evaluating the impact ASU 2014-08 but believes that this ASU will not have a significant impact on its Consolidated Financial Statements as it relates primarily as to how items are presented in the financial statements. We are in the process of evaluating this guidance and we have no plan to discontinue use of any significant assets.

In May 2014, the Financial Accounting Standards Board (the "FASB") issued Accounting Standard Update No. 2014-09, *Revenue from Contracts with Customers* (“ASU 2014-09”) amending revenue recognition guidance and requiring more detailed disclosures to enable users of financial statements to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The guidance is effective for annual and interim reporting periods beginning after December 15, 2017, with early adoption permitted for annual and interim reporting periods beginning after December 15, 2016. The Company does not plan to early adopt. We are currently evaluating the impact ASU 2014-09 will have on the Company's consolidated financial statements.

In August 2014, the FASB issued Accounting Standard Update No. 2014-15, *Presentation of Financial Statements — Going Concern* ("ASU 2014-15"). The new guidance explicitly requires that management assess an entity's ability to continue as a going concern and may require additional detailed disclosures. ASU 2014-15 is effective for annual periods beginning after December 15, 2016 and interim periods within those annual periods. Though permitted, the Company does not plan to early adopt. The Company does not believe that this standard will have a significant impact on its consolidated financial statements.

In July 2015, the FASB issued Accounting Standard Update No. 2015-11, *Simplifying the Measurement of Inventory* ("ASU 2015-11") which requires entities to measure most inventory at the lower of cost and net realizable value. Net realizable value is defined as the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. The guidance is effective for annual and interim periods beginning after December 15, 2016. Though permitted, the Company does not plan to early adopt. We are currently evaluating the impact ASU 2015-11 will have on the Company's consolidated financial statements.

## **NOTE 2 - JUSTICE INVESTORS**

Justice Investors, a California limited partnership ("Justice" or the "Partnership"), was formed in 1967 to acquire real property in San Francisco, California, for the development and lease of the Hotel (described below) and related facilities. The Partnership has one general partner, Portsmouth Square, Inc., a California corporation ("Portsmouth") and approximately 24 voting limited partners, including Portsmouth.

Effective December 1, 2008, Portsmouth and Evon Corporation, a California corporation ("Evon"), as the two general partners of Justice, entered into a 2008 Amendment to the Limited Partnership agreement (the "Amendment") that provided for a change in the respective roles of the general partners. Pursuant to the Amendment, Portsmouth assumed the role of managing general partner and Evon continued on as the co-general partner of Justice. The Amendment was ratified by approximately 98% of the limited partnership interests. The Amendment also amended and restated the Limited Partnership agreement of the Company in its entirety to comply with the new provisions of the California Corporations Code known as the "Uniform Limited Partnership Act of 2008." The Amendment did not result in any material modifications of the rights or obligations of the general and limited partners. The Amendment also provides that future amendments to the limited partnership agreement would be made only upon the consent of the general partners and at least seventy five percent (75%) of the interests of the limited partners. Consent of at least 75% of the interests of the limited partners is required to remove a general partner pursuant to the Amendment.

Concurrent with the Amendment, a new General Partner Compensation Agreement (the "Compensation Agreement") was entered into on December 1, 2008, among Justice, Portsmouth and Evon to terminate and supersede all prior compensation agreements for the general partners. Pursuant to the Compensation Agreement, the general partners of Justice were entitled to receive an amount equal to 1.5% of the gross annual revenues of the partnership (as defined in

the Amendment), less \$75,000 to be used as a contribution toward the cost of Justice engaging an asset manager. The Compensation Agreement set the minimum annual compensation of the general partners at a of approximately \$285,000, with eighty percent (80%) of that amount being allocated to Portsmouth for its services as managing general partner and twenty percent (20%) allocated to Evon as the co-general partner. Compensation earned by the general partners in each calendar year in excess of the minimum base was be payable in equal fifty percent (50%) shares to Portsmouth and Evon. As described below, the Compensation Agreement was amended upon the completion of the Offer to Redeem on December 18, 2013.

In December 2013, the Partnership determined to restructure its ownership to facilitate a refinancing of the Hotel and redeem the interests of certain Partners, including Evon. In the course of this refinancing, restructuring and redemption, the Partnership created three subsidiaries: Justice Holdings Company, LLC (“Holdings”), a Delaware Limited Liability Company, Justice Operating Company, LLC (“Operating”) and Justice Mezzanine Company, LLC (“Mezzanine”). Holdings and Mezzanine are each wholly-owned subsidiaries of the Partnership; Operating is a wholly-owned subsidiary of Mezzanine. Mezzanine is the Mezzanine borrower and in December 2013, the Partnership conveyed ownership of the Hotel to Operating.

On December 18, 2013, the Partnership completed an Offer to Redeem any and all limited partnership interests not held by Portsmouth. In addition, the Partnership approved amendments to the Amended and Restated Agreement of Limited Partnership, which amendments became effective upon the completion of the Offer to Redeem and the consummation of the Loan Agreements. Such amendments are described below. As a result, Portsmouth, which prior to the Offer to Redeem owned 50% of the then outstanding limited partnership interests, now controls approximately a 93% interest in Justice and is now the Partnership's sole General Partner.

Pursuant to the Offer to Redeem, the Partnership accepted tenders, for cash, from Evon, and seventy-three of the Partnership's limited partners representing approximately 29.173% of partnership interests outstanding prior to the Offer to Redeem for \$1,385,000 for each 1% tendered. On December 19, 2013, Justice distributed the amounts due each of these former partners pursuant to the terms of the Offer to Redeem.

In addition, the Partnership accepted the election of holders of approximately 17.146% of the limited partnership interests outstanding prior to the Offer to Redeem to participate in an alternate redemption structure. Under that alternative redemption structure, the Partnership paid to Holdings \$1,385,000 for each 1% tendered. Those partners who elected the alternative redemption structure were given an option to designate property for Holdings to purchase within 12 months of December 18, 2013, and then require Holdings to transfer that property to the partner in redemption of that partner's interest in the Partnership. The governing agreement also provided for other possible methods of redeeming the interests of the partners who elected the alternate redemption structure, respectively. During the years ended June 30, 2015 and 2014, a total of \$16,163,000 and \$2,928,000 was redeemed under the alternative redemption structure, respectively. As of June 30, 2015, all limited partner interests outstanding under the Offer had been redeemed.

The Partnership incurred approximately \$6,681,000 in restructuring costs relating to the Offer to Redeem and related financing transactions, including a one-time management fee of \$1,550,000, approximately \$431,000 in legal, accounting and other professional expenses, and payment of a Real Property Transfer Tax of approximately \$4.7 million to the City and County of San Francisco ("CCSF").

In connection with the Offer to Redeem, the Partnership retired existing debt and replaced it with lower-yielding loans, the proceeds of which were used to fund the Offer to Redeem and to provide for additional working capital for the Hotel. The Partnership incurred a loss on the extinguishment of debt of \$3,910,000 which included a yield maintenance (prepayment penalty) expense of \$3,808,000 and a write-off of capitalized loan costs on the refinanced debt of approximately \$102,000.

As a result of the ownership structure implemented in December 2013, the Partnership is the indirect sole owner of a 543-room hotel property located at 750 Kearny Street, San Francisco, California, now known as the Hilton San Francisco Financial District (the "Hotel") and related facilities including a five level underground parking garage. The Hotel is operated by Operating as a full service Hilton brand hotel pursuant to a Franchise License Agreement with HLT Existing Franchise Holding LLC (the "Hilton"). Operating also has a Management Agreement with Prism Hospitality L.P. ("Prism") to perform management functions for the Hotel. The management agreement with Prism had an original term of ten years and can be terminated at any time with or without cause by the Partnership owner. Effective January 2014, the management agreement with Prism was amended by the Partnership. Effective December 1, 2013, GMP Management, Inc., a company owned by a Justice limited partner and related party, also provides management services for the Partnership pursuant to a Management Services Agreement, which is for a term of 3 years, but which can be terminated earlier by the Partnership for cause.

As of June 30, 2015 and 2014, the Partnership had an accumulated deficit. That accumulated deficit is primarily attributable to the redemption of certain limited partners, effective December 18, 2013. The Partnership utilized the book value method to record the redemption of the limited partners. Under book value (bonus) method the remaining partners continue the existing partnership, recording no changes to the book values of the partnership's assets and liabilities. As a result, any revaluation of the existing partnership's assets or liabilities that might be undertaken is solely to determine the settlement price to the outgoing partner. The partner's withdrawal from the partnership is recorded by adjusting the remaining partners' capital accounts with the amount of the bonus, which is allocated according to their income sharing ratio. The amount of adjustment is equal to the difference between the settlement price paid to the withdrawing partner and the book value of his share of total partnership capital at the time he withdraws. Justice Partner's capital was reduced by approximately \$64.1 million for the redemption during the year ended June 30, 2014.

Management believes that the revenues and cash flows expected to be generated from the operations of the Hotel, garage and leases will be sufficient to meet all of the Partnership's current and future obligations and financial requirements. Management also believes that there is significant appreciated value in the Hotel property in excess of the net book value to support additional borrowings, if necessary.

The fair values of investments in marketable securities are determined by the most recently traded price of each security at the balance sheet date. The fair value of the warrants was determined based upon a Black-Scholes option valuation model.

Financial assets that are measured at fair value on a non-recurring basis and are not included in the tables above include "Other investments in non-marketable securities," that were initially measured at cost and have been written down to fair value as a result of impairment or adjusted to record the fair value of new instruments received (i.e., preferred shares) in exchange for old instruments (i.e., debt instruments). The following table shows the fair value hierarchy for these assets measured at fair value on a non-recurring basis as follows:

Assets	Level 1	Level 2	Level 3	June 30, 2015	Net loss for the year ended June 30, 2015
--------	---------	---------	---------	---------------	---

Edgar Filing: INTERGROUP CORP - Form 10-K

Other non-marketable investments \$ - \$ - \$14,978,000 \$14,978,000 \$ (701,000 )

Assets	Level 1	Level 2	Level 3	June 30, 2014	Net loss for the year ended June 30, 2014
Other non-marketable investments	\$ -	\$ -	\$15,630,000	\$15,630,000	\$ (101,000 )

Other investments in non-marketable securities are carried at cost net of any impairment loss. The Company has no significant influence or control over the entities that issue these investments. These investments are reviewed on a periodic basis for other-than-temporary impairment. When determining the fair value of these investments on a non-recurring basis, the Company uses valuation techniques such as the market approach and the unobservable inputs include factors such as conversion ratios and the stock price of the underlying convertible instruments. The Company reviews several factors to determine whether a loss is other-than-temporary. These factors include but are not limited to: (i) the length of time an investment is in an unrealized loss position, (ii) the extent to which fair value is less than cost, (iii) the financial condition and near term prospects of the issuer and (iv) our ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value.

In 2013, the City of San Francisco’s Tax Collector’s office claimed that Justice owed the City of San Francisco \$2.1 million based on the Tax Collector’s interpretation of the San Francisco Business and Tax Regulations Code relating to Transient Occupancy Tax and Tourist Improvement District Assessment. This amount exceeds Justice’s estimate of the taxes owed, and Justice has disputed the claim and is seeking to discharge all penalties and interest charges imposed by the Tax Collector attributed to its over payment. The Company paid the full amount in March 2014 as part of the appeals process but is reflecting the amount on the balance sheet in “Other assets, net” as it is currently under protest.

Amortization expense of loan fees and franchise costs for the years ended June 30, 2015 and 2014 was \$131,000 and \$88,000, respectively.

**NOTE 9 – OTHER NOTES PAYABLE**

The Company has various notes payable and financing obligations outstanding at June 30, 2015 and 2014 totaling \$313,000 and \$282,000, respectively. The notes bear interest at market rates and require monthly principal payments through May 2017 when the obligations will be fully repaid.

The balance of other notes payable at June 30, 2015 relates to an obligation to Hilton(franchisor) in the form of a self-exhausting, interest free development incentive note which will be reduced approximately \$316,000 annually through 2030 by Hilton if the Partnership is still a Franchisee with Hilton. For the year ended June 30, 2015, the note was reduced by approximately \$158,000 and treated as a reduction of royalty expense.

**NOTE 10 - MORTGAGE NOTES PAYABLE**

On December 18, 2013: (i) Justice Operating Company, LLC, a Delaware limited liability company (“Operating”), entered into a loan agreement (“Mortgage Loan Agreement”) with Bank of America (“Mortgage Lender”); and (ii) Justice Mezzanine Company, a Delaware limited liability company (“Mezzanine”), entered into a mezzanine loan agreement (“Mezzanine Loan Agreement” and, together with the Mortgage Loan Agreement, the “Loan Agreements”) with ISBI San Francisco Mezz Lender LLC (“Mezzanine Lender” and, together with Mortgage Lender, the “Lenders”). The Partnership is the sole member of Mezzanine, and Mezzanine is the sole member of Operating.

The Loan Agreements provide for a \$97,000,000 Mortgage Loan and a \$20,000,000 Mezzanine Loan. The proceeds of the Loan Agreements were used to fund the redemption of limited partnership interests described above and the pay-off of the prior mortgage.

The Mortgage Loan is secured by the Partnership's principal asset, the Hilton San Francisco-Financial District (the "Property"). The Mortgage Loan bears an interest rate of 5.28% per annum and matures in January 2024. The term of the loan is 10 years with interest only due in the first three years and principle and interest on the remaining seven years of the loan based on a thirty year amortization schedule. The Mortgage Loan also requires payments for impounds related to property tax, insurance and capital improvement reserves. As additional security for the Mortgage Loan, there is a limited guaranty ("Mortgage Guaranty") executed by the Company in favor of Mortgage Lender.

The Mezzanine Loan is secured by the Operating membership interest held by Mezzanine and is subordinated to the Mortgage Loan. The Mezzanine Loan bears interest at 9.75% per annum and matures on January 1, 2024. Interest only, payments are due monthly. As additional security for the Mezzanine Loan, there is a limited guaranty executed by the Company in favor of Mezzanine Lender (the "Mezzanine Guaranty" and, together with the Mortgage Guaranty, the "Guaranties").

The Guaranties are limited to what are commonly referred to as "bad boy" acts, including: (i) fraud or intentional misrepresentations; (ii) gross negligence or willful misconduct; (iii) misapplication or misappropriation of rents, security deposits, insurance or condemnation proceeds; and (iv) failure to pay taxes or insurance. The Guaranties will be full recourse guaranties under identified circumstances, including failure to maintain "single purpose" status which is a factor in a consolidation of Operating or Mezzanine in a bankruptcy of another person, transfer or encumbrance of the Property in violation of the applicable loan documents, Operating or Mezzanine incurring debts that are not permitted, and the Property becoming subject to a bankruptcy proceeding. Pursuant to the Guaranties, the Partnership is required to maintain a certain minimum net worth and liquidity. As of June 30, 2015 and 2014, the Partnership is in compliance with both requirements.

Each of the Loan Agreements contains customary representations and warranties, events of default, reporting requirements, affirmative covenants and negative covenants, which impose restrictions on, among other things, organizational changes of the respective borrower, operations of the Property, agreements with affiliates and third parties. Each of the Loan Agreements also provides for mandatory prepayments under certain circumstances (including casualty or condemnation events) and voluntary prepayments, subject to satisfaction of prescribed conditions set forth in the Loan Agreements.

In March 2015, the Company refinanced the \$3,636,000 mortgage note payable on its 157-unit property located in Florence, Kentucky for a new mortgage in the amount of \$3,492,000. The Company paid down approximately \$210,000 of the old mortgage as part of the refinancing. The new mortgage has a fixed interest rate of 3.87% for ten years and matures in April 2025.

In June 2014, the Company obtained a second mortgage on its 151-unit apartment located in Morris County, New Jersey in the amount of \$2,740,000. The term of the loan is approximately 8 years with the interest rate fixed at

4.51%. The loan matures in August 2022.

In April 2014, the Company refinanced its \$526,000 mortgage note payable on the second commercial building located in Los Angeles, California for a new 3-year interest only mortgage in the amount of \$1,100,000. The Company received net proceeds of \$556,000. The interest rate on the new loan is fixed at 3.25% per annum and the note matures in May 2017.

**NOTE 11 – GARAGE OPERATIONS**

On October 31, 2010, the Partnership and Ace Parking entered into an amendment of the original Parking Agreement to extend the term for a period of sixty two (62) months, commencing on November 1, 2010 and terminating December 31, 2015, subject to either party’s right to terminate the agreement without cause on ninety (90) days written notice. The monthly management fee of \$2,000 and the accounting fee of \$250 remain the same, but the amendment modified how the Excess Profit Fee to be paid to Ace Parking would be calculated.

The amendment provides that, if net operating income (“NOI”) from the garage operations exceeds \$1,800,000 but is less than \$2,000,000, then Ace Parking will be entitled to an Excess Profit Fee of one percent (1%) of the total annual NOI. If the annual NOI is \$2,000,000 or higher, Ace Parking will be entitled to an Excess Profit Fee equal to two percent (2%) of the total annual NOI. The garage’s NOI exceeded the annual NOI of \$2,000,000 for the years ended June 30, 2015 and 2014. Base Management and incentive fees to Ace Parking amounted to \$44,000 for each of the years ended June 30, 2015 and 2014.

## **NOTE 12 – MANAGEMENT AGREEMENTS**

On February 2, 2007, the Partnership entered into an agreement with Prism to manage and operate the Hotel as its agent. The original agreement was effective for a term of ten years, but was amended in January 2014 as provided in the agreement. Under the original management agreement, the Partnership was required to pay the base management fees of up to 2.5% of gross operating revenues of the Hotel (i.e., room, food and beverage, and other operating departments) for the fiscal year. Of that amount, 1.75% of the gross operating revenues was paid monthly. The balance or 0.75% was paid only to the extent that the partially adjusted net operating income (net operating income less capital expenditures) for the fiscal year exceeded the amount of the Hotel's return for the fiscal year. The base management fee was limited to 1.75% for the period ended January 31, 2014. Under the new management agreement, effective January 2014, the required base management fees per the original agreement were amended by the Partnership to a fixed rate of \$20,000 per month. Under the amended management agreement, Prism can also earn an incentive fee of \$11,000 for each month that the revenues per room of the Hotel exceed the average revenues per room of a defined set of competing hotels. Base management fees and incentives paid to Prism during the years ended June 30, 2015 and 2014 were \$293,000 and \$579,000, respectively.

Effective December 1, 2013, GMP Management, Inc. ("GMP"), a company owned by a Justice limited partner and related party, also provides management services for the Partnership pursuant to a Management Services Agreement. The management agreement with GMP has a term of 3 years, but may be terminated earlier by the Partnership for cause. Under the agreement, GMP is required to advise the Partnership on the management and operation of the hotel; administer the Partnership's contracts, leases, agreements with hotel managers and franchisors and other contracts and agreements; provide administrative and asset management services, oversee financial reporting, and maintain offices at the Hotel in order to facilitate provision of services. GMP is paid an annual base management fee of \$325,000 per year, increasing by 5% per year, payable in monthly installments, and to reimbursement for reasonable and necessary costs and expenses incurred by GMP in performing its obligations under the agreement. During the years ended June 30, 2015 and 2014, GMP was reimbursed \$736,000 and \$330,000, respectively, for the salaries, benefits, and local payroll taxes for four key employees. Base management fees and payroll related reimbursements paid to GMP during the years ended June 30, 2015 and 2014 were \$1,078,000 and \$519,000, respectively.

The management fees expensed for Prism and GMP during the years ended June 30, 2015 and 2014 were \$1,370,000 and \$1,098,000, respectively.

## **NOTE 13 – CONCENTRATION OF CREDIT RISK**

Travel agents and airlines made up 19%, or \$1,278,000, and 50%, or \$915,000, of accounts receivable at June 30, 2015 and 2014, respectively. The Hotel had two customers that accounted for 17%, or \$1,182,000, of accounts receivable at

June 30, 2015. The Hotel had two customers who accounted for 65%, or \$1,203,000, of accounts receivable at June 30, 2014.

## NOTE 16 – STOCK-BASED COMPENSATION PLANS

The Company follows the Statement of Financial Accounting Standards 123 (Revised), "Share-Based Payments" ("SFAS No. 123R"), which was primarily codified into ASC Topic 718 "Compensation – Stock Compensation", which addresses accounting for equity-based compensation arrangements, including employee stock options and restricted stock units.

The Company currently has three equity compensation plans, each of which has been approved by the Company's stockholders. The InterGroup Corporation 2008 Restricted Stock Unit Plan (the "2008 RSU Plan"), the InterGroup

Corporation 2007 Stock Compensation Plan for Non-Employee Directors (the “2007 Stock Plan”) and the Intergroup 2010 Omnibus Employee Incentive Plan are described below. Any outstanding options issued under the Key Employee Plan or the Non-Employee Director Plan remain effective in accordance with their terms.

### **Intergroup Corporation 2010 Omnibus Employee Incentive Plan**

On February 24, 2010, the shareholders of the Company approved The Intergroup Corporation 2010 Omnibus Employee Incentive Plan (the “2010 Incentive Plan”), which was formally adopted by the Board of Directors following the annual meeting of shareholders. The Company believes that such awards better align the interests of its employees with those of its shareholders. Option awards are generally granted with an exercise price equal to the market price of the Company’s stock at the date of grant; those option awards generally vest based on 5 years of continuous service. Certain option and share awards provide for accelerated vesting if there is a change in control, as defined in the 2010 Incentive Plan. The 2010 Incentive plan as modified in December 2013, authorizes a total of up to 400,000 shares of common stock to be issued as equity compensation to officers and employees of the Company in an amount and in a manner to be determined by the Compensation Committee in accordance with the terms of the 2010 Incentive Plan. The 2010 Incentive Plan authorizes the awards of several types of equity compensation including stock options, stock appreciation rights, performance awards and other stock based compensation. The 2010 Incentive Plan will expire on February 23, 2020, if not terminated sooner by the Board of Directors upon recommendation of the Compensation Committee. Any awards issued under the 2010 Incentive Plan will expire under the terms of the grant agreement.

On December 26, 2013, the Compensation Committee authorized, subject to shareholder approval, a grant of non-qualified and incentive stock options for an aggregate of 160,000 shares (the "Option Grant") to the Company's President and Chief Executive Officer, John V. Winfield. The stock option grant was approved by shareholders on February 19, 2014. The grant of stock options was made pursuant to, and consistent with, the 2010 Incentive Plan, as proposed to be amended. The non-qualified stock options are for 133,195 shares and have a term of ten years, expiring on December 26, 2023, with an exercise price of \$18.65 per share. The incentive stock options are for 26,805 shares and have a term of five years, expiring on December 26, 2018, with an exercise price of \$20.52 per share. In accordance with the terms of the 2010 Incentive Plan, the exercise prices were based on 100% and 110%, respectively, of the fair market value of the Company's common stock as determined by reference to the closing price of the Company's common stock as reported on the NASDAQ Capital Market on the date of grant. The stock options are subject to time vesting requirements, with 20% of the options vesting annually commencing on the first anniversary of the grant date.

In February 2012, the Compensation Committee awarded 90,000 stock options to the Company's Chairman, President and Chief Executive, John V. Winfield to purchase up to 90,000 shares of common stock. The exercise price of the options is \$19.77 which is the fair value of the Company's Common Stock as reported on NASDAQ on February 28, 2012. The options expire ten years from the date of grant. The options are subject to both time and market based vesting requirements, each of which must be satisfied before the options are fully vested and eligible to be exercised. Pursuant to the time vesting requirements, the options vest over a period of five years, with 18,000 options vesting upon each one year anniversary of the date of grant. Pursuant to the market vesting requirements, the options vest in increments of 18,000 shares upon each increase of \$2.00 or more in the market price of the Company's common stock above the exercise price (\$19.77) of the options. To satisfy this requirement, the common stock must trade at that increased level for a period of at least ten trading days during any one quarter. As of June 30, 2015, only 18,000 of these options have met the market vesting requirements.

On March 16, 2010, the Compensation Committee authorized the grant of 100,000 stock options to the Company's Chairman, President and Chief Executive, John V. Winfield to purchase up to 100,000 shares of the Company's common stock pursuant to the 2010 Incentive Plan. The exercise price of the options is \$10.30, which is 100% of the fair market value of the Company's Common Stock as determined by reference to the closing price of the Company's Common Stock as reported on the NASDAQ Capital Market on March 16, 2010, the date of grant. The options expire ten years from the date of grant, unless earlier terminated in accordance with the terms of the 2010 Incentive Plan. The options shall be subject to both time and market based vesting requirements, each of which must be satisfied before options are fully vested and eligible to be exercised. Pursuant to the time vesting requirements, the options vest over a period of five years, with 20,000 options vesting upon each one year anniversary of the date of grant. Pursuant to the market vesting requirements, the options vest in increments of 20,000 shares upon each increase of \$2.00 or more in the market price of the Company's common stock above the exercise price (\$10.30) of the options. To satisfy this requirement, the common stock must trade at that increased level for a period of at least ten trading days during any one quarter. As of June 30, 2015, all the market vesting requirements have been met.

In June 2015, a director of the Company exercised 2,400 stock options with an exercise price of \$18. The company received cash proceeds of \$43,000 related to the stock option exercise. The intrinsic value of the stock options

exercised was \$47,000.

During the years ended June 30, 2015 and 2014, the Company recorded stock option compensation expense of \$664,000 and \$476,000, respectively, related to stock options previously issued. As of June 30, 2015, there was a total of \$750,000 of unamortized compensation related to stock options which is expected to be recognized over the weighted-average of 3.5 years.

Option-pricing models require the input of various subjective assumptions, including the option's expected life and the price volatility of the underlying stock. The expected stock price volatility is based on analysis of the Company's stock price history. The Company has selected to use the simplified method for estimating the expected term. The risk-free interest rate is based on the U.S. Treasury interest rates whose term is consistent with the expected life of the stock options. No dividend yield is included as the Company has not issued any dividends and does not anticipate issuing any dividends in the future.

The following table summarizes the stock options activity from June 30, 2013 through June 30, 2015:

		Number of Shares	Weighted Average Exercise Price	Weighted Average Remaining Life	Aggregate Intrinsic Value

### The InterGroup Corporation 2007 Stock Compensation Plan for Non-Employee Directors

The InterGroup Corporation 2007 Stock Compensation Plan for Non-Employee Directors (the “2007 Stock Plan”) was approved by the shareholders of the Company on February 21, 2007, and was thereafter adopted by the Board of Directors. The 2007 Stock Plan will terminate upon the earlier of the date all shares reserved for issuance have been awarded or February 21, 2017, if not sooner terminated by the Board upon recommendation by the Compensation Committee. The stock available for issuance under the 2007 Stock Plan shall be unrestricted shares of the Company's Common Stock, par value \$.01 per share, which may be unissued shares or treasury shares. Subject to certain adjustments upon changes in capitalization, a maximum of 60,000 shares of the Common Stock will be available for issuance to participants under the 2007 Stock Plan.

All non-employee directors are eligible to participate in the 2007 Plan. Each non-employee director as of the adoption date of the 2007 Stock Plan was granted an award of 600 unrestricted shares of the Company's Common Stock. On each July 1 following the adoption date of the 2007 Stock Plan, each non-employee director shall receive an automatic grant of a number of shares of Company's Common Stock equal in value to \$18,000 based on 100% of the fair market value (as defined) of the Common Stock on the date of grant, provided he or she holds such position on that date and the number of shares of Common Stock available for grant under the 2007 Stock Plan is sufficient to permit such

automatic grant. Any fractional shares resulting from such grant will be rounded up to next highest whole share. All stock awards to non-employee directors will be fully vested on the date of grant. The dollar amount of the annual grant is subject to further adjustment by the Board of Directors upon recommendation by the Compensation Committee.

The stock awards granted under the 2007 Stock Plan are shares of unrestricted Common Stock and are fully vested on the date of grant. The right of the non-employee director to receive his or her annual grant of Common Stock is personal to the director and is not transferable. Once received, shares of Common Stock awarded to the non-employee director are freely transferable subject to any requirements of Section 16(b) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). On June 28, 2007, Company filed a registration statement on Form S-8 to register the shares subject to the 2007 Stock Plan and the Company's two prior stock option plans under the Securities Act of 1933, as amended (the "Securities Act"). Upon recommendation of the Compensation Committee, the Board may, at any time and from time to time and in any respect, amend or modify the 2007 Stock Plan. The Board must obtain stockholder approval of any material amendment to the 2007 Stock Plan if required by any applicable law, regulation or stock exchange rule. The Board of Directors may amend the 2007 Stock Plan or any award agreement, which amendment may be retroactive, in order to conform it to any present or future law, regulation or ruling relating to plans of this or similar nature. No amendment or modification of the 2007 Stock Plan or any award agreement may adversely affect any outstanding award without the written consent of the participant holding the award.

Upon recommendation of the Compensation Committee, the Board of Directors, on February 23, 2011, voted to increase the annual grant awarded to each of the non-employee directors to a number of shares of Company's common stock equal in value to \$22,000, effective as of the July 1, 2011 grant, while decreasing the annual cash compensation payable to non-employee directors from \$16,000 to \$12,000 per year.

For the years ended June 30, 2015 and 2014, the four non-employee directors of the Company received a total grant of 4,608 and 4,192 shares of Common Stock pursuant to the 2007 Stock Plan, respectively.

#### **NOTE 17 – RELATED PARTY TRANSACTIONS**

As discussed in Note 9 – Other Notes Payable, on July 2, 2014, the Partnership obtained from the Intergroup Corporation (the parent company) an unsecured loan in the principal amount of \$4,250,000.

As discussed in Note 12 – Management Agreements, effective December 1, 2013, the Partnership has a management agreement with GMP Management, Inc., a company owned by a Justice limited partner and a related party.

In connection with the redemption of limited partnership interests of Justice Investors, Limited Partnership described in Note 2 above, Justice Operating Company, LLC agreed to pay a total of \$1,550,000 in fees to certain officers and directors of the Company for services rendered in connection with the redemption of partnership interests, refinancing of Justice's properties and reorganization of Justice Investors. This agreement was superseded by a letter dated December 11, 2013 from Justice Investors, Limited Partnership, in which Justice Investors Limited Partnership assumed the payment obligations of Justice Operating Company, LLC. The first payment under this agreement was made concurrently with the closing of the loan agreements described in Note 2 above, with the remaining payments due upon Justice Investor's having adequate available cash as described in the letter. As of June 30, 2015, \$1,200,000 of these fees remain payable.

Two general partners provided services to the Partnership through December 17, 2013. On December 18, 2013, the Partnership redeemed Evon's partnership interest and Portsmouth Square became the sole general partner. During the year ended June 30, 2014, the general partners were paid a total of \$591,000, which is included in "General and administrative" expense in the statements of operations and partners' accumulated deficit. The total amount paid represents the minimum base compensation of \$285,000 plus \$306,000, calculated at one and one-half percent of Hotel revenue. The Partnership's obligation to pay Evon, Justice's former general partner, terminated as of December 18, 2013. Under the terms of the Justice Partnership Agreement, its current general partner, Portsmouth, receives annual base compensation of \$285,000, plus one percent of Hotel Revenue. During each of the years ended June 30, 2015 and 2014, total compensation paid to Portsmouth under the new and previous agreements was \$565,000 and

\$473,000, respectively. Amounts paid to Portsmouth are eliminated in consolidation.

As Chairman of the Securities Investment Committee, the Company's President and Chief Executive Officer, John V. Winfield, directs the investment activity of the Company in public and private markets pursuant to authority granted by the Board of Directors. Mr. Winfield also serves as Chief Executive Officer and Chairman of InterGroup and oversees the investment activity of the Company. Depending on certain market conditions and various risk factors, the Chief Executive Officer, his family and the Company may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and his family members, and the resources of InterGroup, at risk in connection with investment decisions made on behalf of the Company.

In fiscal year ended June 30, 2004, the disinterested members of the respective Boards of Directors of the Company and its subsidiaries, Santa Fe and Portsmouth, established a performance based compensation program for the Company's CEO to keep and retain his services as a direct and active manager of the Company's securities portfolio. Pursuant to the current criteria established by the Board, Mr. Winfield is entitled to performance based compensation for his management of the Company's securities portfolio equal to 20% of all net investment gains generated in excess of an annual return equal to the Prime Rate of Interest (as published in the Wall Street Journal) plus 2%. Compensation amounts are calculated and paid quarterly based on the results of the Company's investment portfolio for that quarter. Should the Company have a net investment loss during any quarter, Mr. Winfield would not be entitled to any further performance-based compensation until any such investment losses are recouped by the Company. This performance based compensation program may be further modified or terminated at the discretion of the respective Boards of Directors. The Company's CEO did not earn any performance based compensation for the years ended June 30, 2015 and 2014.

## **NOTE 18 – COMMITMENTS AND CONTINGENCIES**

### **Franchise Agreements**

The Partnership entered into a Franchise License agreement (the License agreement) with the HLT Franchise Holding LLC (Hilton) on November 24, 2004. The term of the License agreement was for an initial period of 15 years commencing on the opening date, with an option to extend the license agreement for another five years, subject to certain conditions. On June 26, 2015, Operating and Hilton entered into an amended franchise agreement which amongst other things extended the franchise agreement through 2030, and also provided the Partnership certain key money cash incentives to be earned through 2030. The key money cash incentives were received on July 1, 2015 and are included in accounts receivable at June 30, 2015.

Since the opening of the Hotel in January 2006, the Partnership has paid monthly royalties, program fees and information technology recapture charges equal to a percent of the Hotel's gross room revenue for the preceding calendar month. Total fees paid to Hilton for such services during fiscal 2015 and 2014 totaled \$3.6 million and \$4.1 million, respectively.

### **Employees**

As of June 30, 2015, the Partnership, through Operating, had approximately 312 employees. Approximately 79% of those employees were represented by one of three labor unions, and their terms of employment were determined under a collective bargaining agreement ("CBA") to which the Partnership was a party. During the year ended June 30, 2014, the Partnership renewed the CBAs for the Local 2 (Hotel and Restaurant Employees), Local 856 (International Brotherhood of Teamsters), and Local 39 (stationary engineers).

Negotiation of collective bargaining agreements, which includes not just terms and conditions of employment, but scope and coverage of employees, is a regular and expected course of business operations for the Partnership. The Partnership expects and anticipates that the terms of conditions of CBAs will have an impact on wage and benefit costs, operating expenses, and certain Hotel operations during the life of the each CBA, and incorporates these principles into its operating and budgetary practices.

### **Legal Matters**

In 2013, the City of San Francisco's Tax Collector's office claimed that Justice owed the City of San Francisco \$2.1 million based on the Tax Collector's interpretation of the San Francisco Business and Tax Regulations Code relating to Transient Occupancy Tax and Tourist Improvement District Assessment. This amount exceeds Justice's estimate of the taxes owed, and Justice has disputed the claim and is seeking to discharge all penalties and interest charges imposed by the Tax Collector attributed to its over payment. The Company paid the full amount in March 2014 as part of the appeals process but is reflecting the amount on the balance sheet in "Other assets, net" as it is currently under protest.

Several legal matters are pending relating to the redemption transaction described in Note 2. On December 18, 2013, a Real Property Transfer Tax of approximately \$4.7 million was paid to the City and County of San Francisco ("CCSF"). CCSF required payment of the Transfer Tax as a condition to record the transfer of the Hotel land parcel from Investors to Operating, which was necessary to effect the Loan Agreements. While the Partnership contends the Transfer Tax that was assessed by CCSF was illegal and erroneous, the tax was paid, under protest, to facilitate the consummation of the redemption transaction, the Loan Agreements and the recording of related documents. The Partnership has challenged CCSF's imposition of the tax and filed a refund lawsuit against CCSF in San Francisco County Superior Court. No prediction can be made as to whether any portion of the tax will be refunded.

On February 13, 2014, Evon filed a complaint in San Francisco Superior Court against the Partnership, Portsmouth, and a limited partner and related party asserting contract and tort claims based on Justice's withholding of \$4.7 million from a payment due to Holdings to pay the transfer tax described above. On April 1, 2014, the defendants in the action removed the action to the United States District Court for the Northern District of California. Evon dismissed its complaint on April 8, 2014 and, that same day, filed a second complaint in San Francisco Superior Court substantially similar to the dismissed complaint, except for the omission of a federal cause of action. Evon's current complaint in the action asserts causes of action for breach of contract and breach of the implied covenant of good faith and fair dealing against Justice only; breach of fiduciary duty against Portsmouth only; conversion against Justice and Portsmouth; and fraud/ and concealment against Justice, Portsmouth and a Justice limited partner and related party. In July 2014, Justice paid to Holdings a total of \$4.7 million, the amount Evon claims was incorrectly withheld from Holdings to pay the transfer tax described above. Defendants moved to compel arbitration on August 5, 2014, and the Superior Court denied that motion on September 23, 2014. Defendants have appealed the order denying the motion to compel arbitration. The parties have been engaged in settlement discussions, and have agreed to postpone activity in both the Superior Court and the Court of Appeal while they attempt settlement. To date, the courts have been amenable to continuing all pending dates. The parties have not yet reached a final settlement. No prediction can be given as to the ultimate outcome of this matter.

On April 21, 2014, the Partnership commenced an arbitration action against Glaser Weil Fink Howard Avchen & Shapiro, LLP (formerly known as Glaser Weil Fink Jacobs Howard Avchen & Shapiro, LLP), Brett J. Cohen, Gary N. Jacobs, Janet S. McCloud, Paul B. Salvaty, and Joseph K. Fletcher III (collectively, the "Respondents") in connection with the redemption transaction. The arbitration alleges legal malpractice against the Respondents and also seeks declaratory relief regarding provisions of the option agreement in the redemption transaction and regarding the engagement letter with Respondents. The arbitration is pending before JAMS, Inc. in Los Angeles, but has been stayed pending conclusion of the action filed by Evon described above. No prediction can be given as to the outcome of this matter.

On June 27, 2014, the Partnership commenced an action in San Francisco Superior Court against Evon, Holdings, and those partners who elected the alternative redemption structure. The action seeks a declaration of the correct interpretation of (i) the special allocations sections of the Amended and Restated Agreement of Limited Partnership of Justice with an effective date of January 1, 2013; and (ii) whether certain partners who elected the alternative redemption structure breached the governing Limited Partnership Interest Redemption Option Agreement. The complaint states that these declarations are relevant to preparation of the Partnership's 2013 and 2014 state and federal tax returns and the associated Forms K-1 to be issued to affected current and former partners. The Partnership filed a First Amended Complaint on October 31, 2014. Evon filed a cross-complaint on December 9, 2014, alleging fraudulent concealment and promissory fraud against the Partnership in connection with the redemption transaction. The Partnership demurred to the cross-complaint, and that demurrer is still pending in the Superior Court. The parties have been engaged in settlement discussions, and have agreed to postpone activity in this case while they attempt settlement. To date, the court has been amenable to continuing all pending dates. The parties have not yet reached a final settlement. No prediction can be given as to the outcome of this matter.

On March 20, 2015, the Partnership and Operating filed a case in the Supreme Court of the State of New York entitled Justice Investors and Justice Operating Company, LLC v. Hilton Franchise LLC (the “Action”). On June 26, 2015, Operating and Hilton entered into a Settlement Agreement and Release (the “Agreement”) to settle and release all claims arising out of or in connection with the Action. Under the terms of the Agreement, Hilton and Operating agreed to amend the existing License Agreement (described above) between the Partnership and Hilton by extending it for 15 years, and for Hilton to pay to Operating key money. Operating executed a self-exhausting, interest-free promissory note in favor of HLT Existing Franchise Holding LLC in the amount of the key money, which provides that the key money is to be amortized, on a straight-line basis, over the 15 year term of the amended, extended Franchise Agreement. Upon the Effective Date of the Agreement, Justice dismissed the Action.

The Partnership has not yet filed its 2014 federal and state partnership income tax returns. The outcome of the Declaratory Relief action pending in San Francisco Superior Court will likely impact the filing of the 2014 tax returns, and the Partnership is working to resolve these issues.

The Company is subject to legal proceedings, claims, and litigation arising in the ordinary course of business. The Company defends itself vigorously against any such claims. Management does not believe that the impact of such matters will have a material effect on the financial conditions or result of operations when resolved.

#### **NOTE 19 – EMPLOYEE BENEFIT PLAN**

Justice has a 401(k) Profit Sharing Plan (the “Plan”) for non-union employees who have completed six months of service. Justice provides a matching contribution up to 4% of the contribution to the Plan based upon a certain percentage on the employees’ elective deferrals. Justice may also make discretionary contributions to the Plan each year. Contributions made to the Plan amounted to \$61,000 and \$53,000 during the years ended June 30, 2015 and 2014, respectively.

Certain employees of Justice who are members of various unions are covered by union-sponsored, collectively bargained, multi-employer health and welfare and benefit pension plans. Justice does not contribute separately to those multi-employer plans.

#### **NOTE 20 – SUBSEQUENT EVENTS**

As of June 30, 2015, the Company had \$13,231,000 (13,231 preferred shares) held in Comstock Mining, Inc. (“Comstock” – OTCBB: LODE) 7 1/2% Series A-1 Convertible Preferred Stock (the “A-1 Preferred”) of Comstock. On August 27, 2015, all of such preferred stock was converted into common stock of Comstock.

In July 2015, the Company purchased a single family house located in Los Angeles, California for \$1,975,000 as a strategic investment.

In August 2015, the Company terminated its third party property management agreement for the management of the Company’s properties located in California and will manage the properties in-house going forward.

The Company has evaluated all events occurring subsequent to June 30, 2015 and concluded that no additional subsequent events has occurred outside the normal course of business operations that require disclosure.
