Dear Shareholder,

During the second half of 2018, we hit our stride. Over the four quarters of 2018, we successfully combined strong loan and deposit growth with net interest margin expansion and stable noninterest expenses to produce substantial growth in pretax income. The reduction in the corporate tax rates made a good year even better. The result was record pretax earnings for the Company, 154% growth in pretax earnings over 2017, and a return on average equity of 10.96% for the second half of the year.

We intend to build on this positive momentum during 2019. Our fourth quarter earnings release described actions we took during the fourth quarter of 2018 to control expenses and grow earnings in the coming year. We will have to accomplish our objectives in an economic environment that has slowed noticeably from the strong pace we were experiencing during most of 2018, but businesses are still growing and borrowing. We expect to take share from our larger competitors who are going through mergers and strategy changes. We are optimistic about 2019.

Our Williamsburg Advisory Board has been a significant factor in our early success in that market. As previously noted, we have been earning a profit in that market since August of 2018. We hired the right people for our team, and they put together an Advisory Board that is exceptionally well respected in the community and working on our behalf to make us visible and to bring us business. Congratulations to Bill Carr (our Peninsula market President), Channing Hall (our Advisory Board Chair) and Bill Hamner (our Advisory Board Vice Chair) and their associates on the excellent first full year of operations.

We have a corporate board that is functioning at a very high level right now. Over the past two years, we have reduced the size of our board and welcomed two new directors. The fresh perspectives of our new directors have helped us look at opportunities and challenges in a different light. All of this has been healthy for us and is helping our board execute its governance role and support our growth objectives.

We have intensified the board's work in generating business referrals, and we have built a robust risk management process that includes a bank-level Board Risk Committee on which all members serve. We would like to acknowledge the work of Randy Whittlemore and Jay Hendricks in standing up the Board Risk Committee. Randy serves as the Chair of this committee and has made an enormous commitment of time to his board duties. As our Chief Risk Officer and Chief Operating Officer, Jay has been the lead architect of our enterprise risk management process. His is an unusual talent to have in a community bank. He does the heavy lifting for the Board Risk Committee for our management team. The risk management work of a community bank is more complicated and mission critical than ever. It is essential that we do it well and that we have smart, disciplined people on point for our efforts. We are fortunate to have Jay and Randy involved in this work.

As we acknowledged in our fourth quarter earnings release, we still have work to do to produce the consistent high returns and sustainable earnings growth we aspire to achieve. We expect to make more progress in 2019.

We hope to see you at the shareholders meeting on May 21, 2019, and thank you for your continued support.

Regards,

William G. Foster  
President and Chief Executive Officer

Craig D. Bell  
Chairman, Board of Directors
