ACUITY BRANDS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

(Amounts in millions, except per-share data and as indicated)

1. Description of Business and Basis of Presentation

Acuity Brands, Inc. (“Acuity Brands”) is the parent company of Acuity Brands Lighting, Inc. (“ABL”), and other subsidiaries (collectively referred to herein as “the Company”). The Company designs, produces, and distributes a broad array of lighting solutions and services for commercial, institutional, industrial, infrastructure, and residential applications for various markets throughout North America and select international markets. The Company’s lighting solutions include devices such as luminaires, lighting controls, power supplies, prismatic skylights, light-emitting diode (“LED”) lamps, and integrated lighting systems for indoor and outdoor applications utilizing a combination of light sources, including daylight, and other devices controlled by software that monitors and manages light levels while optimizing energy consumption (collectively referred to herein as “lighting solutions”). The Company has one operating segment serving the North American lighting market and select international markets.

Since fiscal 2010, the Company has made several acquisitions to expand and enhance its portfolio of lighting solutions, including the following:

On December 20, 2012, the Company acquired for cash all of the ownership interests in Adura Technologies (“Adura”), a leading developer of radio frequency (RF) mesh networking technology that allows individual light fixtures to communicate in a wireless mesh network with switches, sensors and system management software. The operating results for Adura have been included in the Company’s consolidated financial statements since the date of acquisition.

On May 12, 2011, the Company acquired for cash all of the ownership interests in Healthcare Lighting, Inc. (“Healthcare Lighting”), a leading provider of specialized, high-performance lighting solutions for healthcare facilities based in Fairview, Pennsylvania. The operating results for Healthcare Lighting have been included in the Company’s consolidated financial statements since the date of acquisition.

On February 23, 2011, the Company acquired for cash all of the ownership interests in Washoe Equipment, Inc., d/b/a Sunoptics Prismatic Skylights, and CBC Plastics LLC (collectively, “Sunoptics”), a premier designer, manufacturer, and marketer of high-performance, prismatic daylighting solutions based in Sacramento, California. The operating results for Sunoptics have been included in the Company’s consolidated financial statements since the date of acquisition.

The Consolidated Financial Statements have been prepared by the Company in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”) and present the financial position, results of operations, and cash flows of Acuity Brands and its wholly-owned subsidiaries. References made to years are for fiscal year periods.

The unaudited interim consolidated financial statements included herein have been prepared by the Company in accordance with U.S. GAAP and present the financial position, results of operations, and cash flows of the Company. These interim consolidated financial statements reflect all normal and recurring adjustments which are, in the opinion of management, necessary to present fairly the Company’s consolidated financial position as of February 28, 2013, the consolidated results of operations for the three and six months ended February 28, 2013 and February 29, 2012, the consolidated statements of comprehensive income for the three and six months ended February 28, 2013 and February 29, 2012, and the consolidated cash flows for the six months ended February 28, 2013 and February 29, 2012. Certain information and footnote disclosures normally included in the Company’s annual financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. However, the Company believes that the disclosures included herein are adequate to make the information presented not misleading. These financial statements should be read in conjunction with the audited consolidated financial statements of the Company as of and for the three years ended August 31, 2012 and notes thereto included in the Company’s Annual Report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”) on October 26, 2012 (File No. 001-16583) (“Form 10-K”).

The results of operations for the three and six months ended February 28, 2013 and February 29, 2012 are not necessarily indicative of the results to be expected for the full fiscal year because the net sales and net income of the Company historically have been higher in the second half of its fiscal year and because of the continued uncertainty of

general economic conditions that may impact the key end markets of the Company for the remainder of fiscal 2013.

7

Table of Contents

ACUITY BRANDS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

2. Significant Accounting Policies

Use of Estimates

The preparation of financial statements and related disclosures in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain prior-period amounts have been reclassified to conform to the current year presentation. No material reclassifications have occurred during the current period.

Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure for occurrences and transactions after the date of the consolidated financial statements at February 28, 2013. On March 13, 2013, the Company acquired all of the ownership interests in eldoLAB Holding B.V. ("eldoLED"), a leading provider of high-performance drivers for LED lighting systems based in Eindhoven, Netherlands. The acquisition of eldoLED did not represent a material transaction as compared with the Company's financial condition, results of operations, or cash flows.

3. New Accounting Pronouncements

Accounting Standards Adopted in Fiscal 2013

In February 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2013-02, Comprehensive Income (Topic 220): Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income that amended ASU No. 2011-12 and ASU No. 2011-05. ASU 2013-02 is effective for reporting periods beginning after December 15, 2012. The Company early adopted ASU 2013-02 in the second quarter of fiscal 2013. The provisions of ASU 2013-02 did not have a material effect on the Company's results of operations, financial condition, and cash flows.

In June 2011, the FASB issued ASU No. 2011-05, Comprehensive Income (Topic 220) - Presentation of Comprehensive Income ("ASU 2011-05"). ASU 2011-05 changes the presentation of comprehensive income in the financial statements for all periods reported and eliminates the option under the previous guidance that allowed for presentation of other comprehensive income as part of the Statement of Stockholders' Equity. The update allows two options for the proper presentation of comprehensive income: 1) a single Statement of Comprehensive Income, which includes all components of net income and other comprehensive income; or 2) a Statement of Income followed immediately by a Statement of Comprehensive Income, which includes summarized net income and all components of other comprehensive income. Additionally, the update requires the presentation of reclassification adjustments out of accumulated other comprehensive income on the face of the Statement of Income and the Statement of Comprehensive Income. The provisions of ASU 2011-05 are effective for public entities retrospectively for annual periods, and interim periods within those years, beginning after December 15, 2011, with early adoption permitted. The Company adopted ASU 2011-05 in the first quarter of fiscal 2013. The provisions of ASU 2011-05 did not have a material effect on the Company's results of operations, financial condition, and cash flows.

In December 2011, the FASB issued ASU No. 2011-12, Comprehensive Income (Topic 220): Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in Accounting Standards Update No. 2011-05 ("ASU 2011-12"). This update defers the provisions within ASU 2011-05 requiring the presentation on the face of the financial statements of the effects of reclassifications out of accumulated other comprehensive income on the components of net income and other comprehensive income. The deferral will allow the FASB further time to deliberate on operational concerns expressed by constituents. ASU 2011-12 is effective concurrently with the adoption of ASU 2011-05. The Company adopted ASU 2011-12 in the first quarter of fiscal 2013. The provisions of ASU 2011-12 did not have a material effect on the

Company's results of operations, financial condition, and cash flows.

In October 2012, the FASB issued ASU No. 2012-04, Technical Corrections and Improvements ("ASU 2012-04"), which amends a wide variety of Topics in the FASB Accounting Standards Codification ("Codification" or "ASC"). The amendments in ASU No. 2012-04 represent changes to clarify the Codification, correct unintended application of guidance, or

Table of Contents

ACUITY BRANDS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

make minor improvements to the Codification that are not expected to have a significant effect on current accounting practice. Additionally, the amendments are intended to make the Codification easier to understand and the fair value measurement guidance easier to apply by eliminating inconsistencies and providing needed clarifications.

Amendments in ASU 2012-04 that do not provide transition guidance were effective upon issuance for public entities. Amendments that are subject to the transition guidance are effective for fiscal periods beginning after December 15, 2012. The Company adopted ASU 2012-04 in the first quarter of fiscal 2013. The provisions of ASU 2012-04 did not have a material effect on the Company's results of operations, financial condition, and cash flows.

Accounting Standards Yet to Be Adopted

In July 2012, the FASB issued ASU No. 2012-02, Intangibles - Goodwill and Other (Topic 350) - Testing Indefinite-Lived Intangible Assets for Impairment ("ASU 2012-02"), which allows companies to assess qualitative factors to determine if indefinite-lived intangible assets other than goodwill have been impaired. If the qualitative factors reviewed do not indicate that it is more likely than not that the fair value of an indefinite-lived intangible asset does not exceed the carrying value, ASU 2012-02 deems any further impairment testing to be unnecessary. In the event that the qualitative review indicates otherwise, the company is required to perform further quantitative impairment testing as prescribed by Topic 350. ASU 2012-02 is effective for fiscal years beginning after September 15, 2012, with early adoption permitted. The Company is currently reviewing the provisions of ASU 2012-02 but does not expect it to have a material effect on the Company's results of operations, financial condition, and cash flows.

In March 2013, the FASB issued ASU No. 2013-05, Foreign Currency Matters (Topic 830): Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity (a consensus of the FASB Emerging Issues Task Force) ("ASU 2013-05"), which applies to the release of the cumulative translation adjustment into net income when a parent either sells a part or all of its investment in a foreign entity or no longer holds a controlling financial interest in a subsidiary or group of assets that is a business (other than a sale of in substance real estate or conveyance of oil and gas mineral rights) within a foreign entity. ASU No. 2013-05 is effective prospectively for fiscal years (and interim reporting periods within those years) beginning after December 15, 2013. The Company is currently reviewing the provisions of ASU No. 2013-05 but does not expect it to have a material effect on the Company's results of operations, financial condition, and cash flows.

4. Acquisitions

The Company has actively pursued opportunities for investment and growth through acquisitions. Since fiscal 2010, the Company has acquired a number of businesses that participate in the North American lighting market, as discussed below. As with previous acquisitions, the companies were purchased to further expand and complement the Company's lighting solutions portfolio and were fully incorporated into the Company's operations. None of the business combinations-individually or in the aggregate-represented a material transaction as compared with the Company's financial condition, results of operations, or cash flows in any of the periods in which control was obtained.

Adura Technologies Acquisition

On December 20, 2012, the Company acquired for cash all of the ownership interests in Adura Technologies ("Adura"), a leading developer of radio frequency (RF) mesh networking technology that allows individual light fixtures to communicate in a wireless mesh network with switches, sensors and system management software. The operating results of Adura have been included in the Company's consolidated financial statements since the date of acquisition and are not material to the Company's financial condition, results of operations, or cash flows. Preliminary amounts related to the acquisition are reflected in the Consolidated Balance Sheets as of February 28, 2013. These amounts are deemed to be provisional until disclosed otherwise, as the Company continues to gather information related to the identification and valuation of intangible and other acquired assets and liabilities.

Healthcare Lighting Acquisition

On May 12, 2011, the Company acquired for cash all of the ownership interests in Healthcare Lighting, a leading provider of specialized, high-performance lighting solutions for healthcare facilities based in Fairview, Pennsylvania. Healthcare Lighting exclusively focused on servicing the healthcare industry through the design and manufacture of medical lighting products meant to enhance the visual environment in healthcare settings. The operating results of Healthcare Lighting have been included in the Company's consolidated financial statements since the date of acquisition. Management finalized the acquisition accounting for Healthcare Lighting during fiscal 2012. There were no material changes to the Company's financial statements as a result of the finalization of the acquisition accounting.

Table of Contents

ACUITY BRANDS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

Sunoptics Acquisition

On February 23, 2011, the Company acquired for cash all of the ownership interests in Sunoptics, a premier provider of high-performance, prismatic daylighting solutions based in Sacramento, California. Sunoptics' high-performance prismatic skylights optimized lighting performance through the use of sustainable and energy-efficient solutions for retail, industrial, warehouse, educational, governmental, and office applications. The operating results of Sunoptics have been included in the Company's consolidated financial statements since the date of acquisition. Management finalized the acquisition accounting for Sunoptics during fiscal 2012. There were no material changes to the Company's financial statements as a result of the finalization of the acquisition accounting.

5. Assets Held For Sale

The Company classifies long-lived assets as held for sale upon the development of a plan for disposal and in accordance with applicable U.S. GAAP and ceases the depreciation and amortization of the assets at that date. During the first quarter of fiscal 2012, the Company ceased operations at one manufacturing facility. During the second quarter of fiscal 2013, the Company ceased operations at a second manufacturing facility. The Company is actively marketing four properties for sale. As of February 28, 2013, the carrying value of the property held for sale equaled \$10.3, of which \$7.5 is included in Prepayments and other current assets and \$2.8 is included in Other long-term assets on the Consolidated Balance Sheets.

Further details regarding the Company's assets held for sale are included within the Significant Accounting Policies footnote of the Notes to Consolidated Financial Statements within the Company's Form 10-K.

6. Fair Value Measurements

The Company determines a fair value measurement based on the assumptions a market participant would use in pricing an asset or liability. ASC Topic 820, Fair Value Measurements and Disclosures ("ASC 820"), establishes a three level hierarchy making a distinction between market participant assumptions based on (i) unadjusted quoted prices for identical assets or liabilities in an active market (Level 1), (ii) quoted prices in markets that are not active or inputs that are observable either directly or indirectly for substantially the full term of the asset or liability (Level 2), and (iii) prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement (Level 3).

The following table presents information about assets and liabilities required to be carried at fair value and measured on a recurring basis as of February 28, 2013 and August 31, 2012:

	Fair Value Measurements as of:			
	February 28, 2013		August 31, 2012	
	Level 1	Total Fair Value	Level 1	Total Fair Value
Assets:				
Cash and cash equivalents	\$262.8	\$262.8	\$284.5	\$284.5

Long-term investments ⁽¹⁾	0.6	0.6	0.7	0.7
Liabilities:				
Deferred compensation plan obligations ⁽¹⁾ (current portion)	\$0.1	\$0.1	\$0.6	\$0.6
Deferred compensation plan obligations ⁽¹⁾ (long-term portion)	0.6	0.6	0.7	0.7

The Company maintains certain investments that generate returns that offset changes in certain liabilities related to (1) a self-directed, non-qualified deferred compensation plan structured as a rabbi trust primarily for certain retired executives and other highly compensated employees.

The Company utilizes valuation methodologies to determine the fair values of its financial assets and liabilities in conformity with the concepts of “exit price” and the fair value hierarchy as prescribed in ASC 820. All valuation methods and assumptions are validated at least quarterly to ensure the accuracy and relevance of the fair values. There were no material changes to the valuation methods or assumptions used to determine fair values during the current period.

The Company used the following valuation methods and assumptions in estimating the fair value of the following assets and liabilities:

Table of Contents

ACUITY BRANDS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

Cash and cash equivalents are classified as Level 1 assets. The carrying amounts for cash reflect the assets' fair values, and the fair values for cash equivalents are determined based on quoted market prices.

Short-term and long-term investments are classified as Level 1 assets. These investments consist primarily of publicly traded marketable equity securities and fixed income securities, and the fair values are obtained through market observable pricing.

Deferred compensation plan liabilities are classified as Level 1 liabilities within the hierarchy. The fair values of the liabilities are directly related to the valuation of the short-term and long-term investments held in trust for the plan. Hence, the carrying value of the deferred compensation liability represents the fair value of the investment assets. No transfers between the levels of the fair value hierarchy occurred during the current fiscal period. In the event of a transfer in or out of a level within the fair value hierarchy, the transfers would be recognized on the date of occurrence.

Disclosures of fair value information about financial instruments (whether or not recognized in the balance sheet), for which it is practicable to estimate that value, are required each reporting period in addition to any financial instruments carried at fair value on a recurring basis as prescribed by ASC Topic 825, Financial Instruments ("ASC 825"). In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows.

The carrying values and estimated fair values of certain of the Company's financial instruments were as follows at February 28, 2013 and August 31, 2012:

	February 28, 2013		August 31, 2012	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Liabilities:				
Senior unsecured public notes, net of unamortized discount	\$349.5	\$402.2	\$349.5	\$407.5
Industrial revenue bond	4.0	4.0	4.0	4.0

The senior unsecured public notes are carried at the outstanding balance, including bond discounts, as of the end of the reporting period. Fair value is estimated based on the discounted future cash flows using rates currently available for debt of similar terms and maturity (Level 2).

The tax-exempt industrial revenue bond is carried at the outstanding balance as of the end of the reporting period. The industrial revenue bond is a variable-rate instrument that resets on a weekly basis, and, therefore, the Company estimates that the face amount of the bond approximates fair value as of February 28, 2013 based on bonds of similar terms and maturity (Level 2).

ASC 825 excludes certain financial instruments and all nonfinancial instruments from its disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value to the Company. In many cases, the fair value estimates cannot be substantiated by comparison to independent markets, nor can the disclosed value be realized in immediate settlement of the instruments. In evaluating the Company's management of liquidity and other risks, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

7. Goodwill and Intangible Assets

Through multiple acquisitions, the Company acquired intangible assets consisting primarily of trademarks and trade names associated with specific products with finite lives, definite-lived distribution networks, patented technology, non-compete agreements, and customer relationships, which are amortized over their estimated useful lives. Indefinite lived intangible assets consist of trade names that are expected to generate cash flows indefinitely.

Current year increases in the gross carrying amounts for acquired intangible assets, including goodwill, of \$2.2 were due primarily to acquisitions less the impact of foreign currency changes during the period. The provisional amounts

for the acquired intangible assets, including goodwill, are deemed incomplete until disclosed otherwise as the Company continues to gather information related to the business combination (refer to footnote 4 Acquisitions herein).

The Company recorded amortization expense of \$2.6 related to intangible assets with finite lives during each of the three months ended February 28, 2013 and February 29, 2012. The Company recorded amortization expense of \$5.2 and \$5.8 related to intangible assets with finite lives during the six months ended February 28, 2013 and February 29, 2012, respectively.

Table of Contents

ACUITY BRANDS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

Amortization expense is generally recorded on a straight-line basis and is expected to be approximately \$10.5 in fiscal 2013, \$10.5 in fiscal 2014, \$10.3 in fiscal 2015, \$9.7 in fiscal 2016, and \$9.4 in fiscal 2017.

Further discussion of the Company's goodwill and other intangible assets is included within the Significant Accounting Policies footnote of the Notes to Consolidated Financial Statements within the Company's Form 10-K.

8. Inventories

Inventories include materials, labor, in-bound freight, and related manufacturing overhead, are stated at the lower of cost (on a first-in, first-out or average cost basis) or market, and consist of the following:

	February 28, 2013	August 31, 2012
Raw materials, supplies, and work in process ⁽¹⁾	\$117.9	\$120.2
Finished goods	86.5	84.6
	204.4	204.8
Less: Reserves	(10.7) (10.7
Total Inventory	\$193.7	\$194.1

(1) Due to the immaterial amount of estimated work in process and the short lead times for the conversion of raw materials to finished goods, the Company does not believe the segregation of raw materials, supplies, and work in process to be meaningful information.

9. Earnings Per Share

Basic earnings per share is computed by dividing net earnings available to common stockholders by the weighted average number of common shares outstanding, which has been modified to include the effects of all participating securities (unvested share-based payment awards with a right to receive nonforfeitable dividends) as prescribed by the two-class method under ASC Topic 260, Earnings Per Share ("ASC 260"), during the period. Diluted earnings per share is computed similarly but reflects the potential dilution that would occur if dilutive options were exercised and other distributions related to deferred stock agreements were incurred. Stock options of approximately 109,110 and 240,722 were excluded from the diluted earnings per share calculation for the three months ended February 28, 2013 and February 29, 2012, respectively, as the effect of inclusion would have been antidilutive. Stock options of approximately 77,764 and 256,344 for the six months ended February 28, 2013 and February 29, 2012, respectively, were excluded from the diluted earnings per share calculation as the effect of inclusion would have been antidilutive. Further discussion of the Company's stock options and restricted stock awards is included within the Common Stock and Related Matters and Share-Based Payments footnotes of the Notes to Consolidated Financial Statements within the Company's Form 10-K.

The following table calculates basic earnings per common share and diluted earnings per common share for the three and six months ended February 28, 2013 and February 29, 2012:

Table of Contents

ACUITY BRANDS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

	Three Months Ended		Six Months Ended	
	February 28, 2013	February 29, 2012	February 28, 2013	February 29, 2012
Basic Earnings per Share:				
Net income	\$24.7	\$19.5	\$50.8	\$49.5
Less: Income attributable to participating securities	(0.4) (0.4) (0.8) (1.0
Net income available to common shareholders	\$24.3	\$19.1	\$50.0	\$48.5
Basic weighted average shares outstanding	42.1	41.4	41.9	41.3
Basic earnings per share	\$0.58	\$0.46
