QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE 2004 ANNUAL MEETING OF
FLIGHT SAFETY TECHNOLOGIES, INC.

Q. Why am I receiving these materials?

A. Flight Safety Technologies' Board of Directors (the "Board") is providing these proxy materials for you in connection with Flight Safety Technologies' annual meeting of stockholders, which will take place on October 14, 2004. Stockholders are invited to attend the annual meeting and are requested to vote on the proposals described in this proxy statement.

Q. What information is contained in these materials?

A. The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and our most highly paid officers, and certain other required information. Flight Safety Technologies' 2004 Annual Report and audited financials statements, proxy card and return envelope are also enclosed.

Q. What proposals will be voted on at the annual meeting?

A. There are two proposals scheduled to be voted on at the annual meeting:

the election of directors for a 1-year term; and

the ratification of the Audit and Finance Committee's appointment of Kostin, Ruffkess & Company as Flight Safety Technologies' independent auditors.

Q. What is Flight Safety Technologies' voting recommendation?

A. The Board recommends that you vote your shares "FOR" each of the nominees to the Board, and "FOR" the ratification of the Audit and Finance Committee's appointment of Kostin, Ruffkess & Company as Flight Safety Technologies' independent auditors.

Q. What shares owned by me can be voted?

A. All shares owned by you as of the close of business on August 26, 2004 (the "Record Date") may be voted by you. You may cast one vote per share of common stock that you held on the Record Date. These shares include shares that are: (1) held directly in your name as the stockholder of record, and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee.

Q. What is the difference between holding shares as a stockholder of record and as a beneficial owner?

- A. Most of our stockholders are classified as beneficial owners because they hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

iii

Stockholder of Record

. If your shares are registered directly in your name with our transfer agent, Pacific Stock Transfer Company, these proxy materials are being sent directly to you and you have the right to grant your voting proxy directly to Flight Safety Technologies or to vote in person at the annual meeting. We have enclosed a proxy card for you to use. You may not vote by Internet or by telephone.

Beneficial Owner

. If you are considered the beneficial owner of shares, these proxy materials are being forwarded to you by your broker or nominee and you have the right to direct your broker on how to vote. (Since you are not the stockholder of record, you may not vote these shares in person at the annual meeting.) Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee regarding how to vote your shares. You may also vote by Internet or by telephone as described below under "How can I vote my shares without attending the annual meeting?"

- Q. How can I vote my shares in person at the annual meeting?

A.

Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification. **Even if you plan to attend the annual meeting, We recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.**

If you are a beneficial owner, you only may vote in person if you obtain a signed proxy from the record holder giving you the right to vote the shares and submit it to us at the annual meeting.

- Q. Can I change my vote?

A.

You may change your vote at any time prior to the vote at the annual meeting. You may accomplish this by entering a new vote by Internet or telephone or by granting a new proxy card or new voting instruction card bearing a later date (which automatically revokes the earlier proxy instructions) or, if you are a record stockholder, by attending the annual meeting and voting in person. Attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

How are votes counted?

- Q. In the election of directors, you may vote "FOR" all or any of the nominees, your vote may be "WITHHELD" with respect to one or more of the nominees or you may ABSTAIN. For the ratification of Kostin, Ruffkess & Company you may vote "FOR", "AGAINST" or "ABSTAIN". Abstaining votes will be counted as present for purposes of determining the presence of a quorum but will have no effect on the vote. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board.
- A.

iv

- Q. What is the voting requirement to approve each of the proposals?
- A. In the election for directors, the eight persons receiving the highest number of "FOR" votes will be elected. The auditors proposal requires the affirmative "FOR" vote of a majority of those shares present and entitled to vote. If you are a beneficial owner and do not provide the stockholder of record with voting instructions, your shares may constitute broker non-votes, as described in "What is the quorum requirement for the annual meeting?" herein. In tabulating the voting result for any particular proposal, shares, which constitute broker non-votes, are not considered entitled to vote.
- Q. What does it mean if I receive more than one proxy or voting instruction card?
- A. It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.
- Q. How can I obtain an admission ticket for the annual meeting?
- A. We are not requiring admission tickets this year.

Q. Where can I find the voting results of the annual meeting?

A. We will announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2004.

Q. What happens if additional proposals are presented at the annual meeting?

A. Other than the two proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Samuel A. Kovnat, our Chairman of the Board and Chief Executive Officer, and William B. Cotton, our President, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting.

Q. What shares are entitled to be voted?

A. Each share of our common stock outstanding as of the close of business on August 26, 2004, the Record Date, is entitled to one vote at the annual meeting. On the Record Date, we had 8,331,410 shares of common stock issued and outstanding.

Q. What is the quorum requirement for the annual meeting?

A.

The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the annual meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

Q. Who will count the vote?

A.

A representative of Automatic Data Processing, Inc. ("ADP") will tabulate the votes.

Q. Is my vote confidential?

A.

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Flight Safety Technologies or to third parties except (1) as necessary to meet *applicable* legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by the Board. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management.

Q. Who will bear the cost of soliciting votes for the annual meeting?

A.

We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers, and employees, who will not receive any additional compensation for such solicitation activities. We have retained the services of ADP to aid in the solicitation of proxies. We estimate that we will pay a fee of approximately \$20,000 for its services. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Q. How may I propose actions for next year's annual meeting of stockholders?

A.

You may submit proposals for consideration at future annual stockholder meetings. To be timely for next year's annual meeting, the recommendation must be delivered to the Corporate Secretary no sooner than 120 days and no later than 90 days prior to the first anniversary of this Annual Meeting. Such proposals will need to comply with the SEC's regulations regarding the inclusion of stockholder proposals in Flight Safety Technologies-sponsored proxy materials. The Nominating and Governance Committee will consider properly submitted stockholder recommendations of candidates. Any stockholder recommendation must include the candidate's name and qualifications for Board membership, the candidate's age, business address, residence address, principal occupation or employment, the number of shares beneficially owned by the candidate and information that would be required to solicit a proxy under federal securities law. In addition, the recommendation must include the stockholder's name, address and the number of shares beneficially owned and the period they have been held. Such stockholder recommendations must be submitted in the same manner as any stockholder proposal as described above.

PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors of Flight Safety Technologies, Inc. (hereinafter referred to as "we", "us", "our" or "Company"), a Nevada corporation, to the holders of our issued and outstanding common stock for use at our annual meeting of stockholders to be held on October 14, 2004. These proxy solicitation materials and our Annual Report to Stockholders for the year ended May 31, 2004, including financial statements (on Form 10-KSB) are being mailed to our stockholders on or about September 16, 2004. Our principal office is located at 28 Cottrell Street, Mystic, Connecticut, 06355.

SOLICITATION AND VOTING

Stockholders Entitled to Vote

. Holders of our common stock as of the close of business on August 26, 2004 will be entitled to vote at the meeting and any adjournment thereof. As of that time, we had 8,331,410 shares of common stock outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the annual meeting. Each stockholder of record as of that date is entitled to one vote for each share of common stock held by him or her. Our bylaws provide that a majority of all of the shares of the stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Votes for and against, abstentions and "broker non-votes" will each be counted as present for purposes of determining the presence of a quorum.

Broker Non-Votes

. A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (typically referred to as being held in "street name") but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of directors, increases in authorized common stock for general corporate purposes and ratification of auditors.

Solicitation of Proxies

. We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail, we will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors and others to solicit proxies, personally or by telephone, without additional compensation.

1

Voting of Proxies

. All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of all of the following Proposals.

Vote by Internet

. Beneficial owners may use the Internet to transmit their voting instructions and for electronic delivery of information up until 11:59 p.m. Eastern time the day before the meeting date. The website for Internet voting is www.proxyvote.com.

Vote by Phone

. Beneficial owners may also use any touch-tone telephone to transmit their voting instructions up until 11:59 p.m. Eastern time the day before the meeting date. The toll-free number is located on your proxy card.

Vote by Mail

. All stockholders may vote by mail. Simply mark, sign, and date your proxy card and return it in the postage-prepaid envelope we have provided or return it to Flight Safety Technologies, Inc., c/o ADP, 51 Mercedes Way, Edgewood, NY 11717.

Revocability of Proxies

. A stockholder giving a proxy has the power to revoke his or her proxy at any time before it is exercised by delivering to the Secretary of Flight Safety Technologies, Inc., a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person.

List of Stockholders

. The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior for any purpose germane to the meeting between the hours of 8:45 a.m. and 4:30 p.m., at our principal office at 28 Cottrell Street, Mystic, CT 06355.

CORPORATE GOVERNANCE MATTERS

We are committed to having sound corporate governance principles. Having such principles is essential to running our business efficiently and to maintaining our integrity in the marketplace. Our Committee Charters, Code of Business Ethics, Insider Trading Policy and General Statement of Policy on Disclosures are available at <http://www.flysafetech.com>. Please note, however, that information contained on the website is not incorporated by reference in, or considered to be a part of, this document.

Director Independence

. The Board has determined that half of its eight members, Messrs. Pressler, Luca, Tocco and Wood, are independent and meet the independence requirements of the American Stock Exchange. As executive officers, Messrs. Cotton, Kovnat and Rees are not independent under those requirements. Mr. Kemper is not treated as an independent because, through his wholly owned company, he has an \$84,000 plus expenses consulting contract with Flight Safety Technologies. For more information, please see page 11, "Certain Relationships and Related Transactions."

Each member of the Finance and Audit, the Compensation and the Nominating & Governance Committees meets the applicable independence requirements of the American Stock Exchange.

Audit Committee Financial Experts

. The Board has determined that at least one member of the Audit Committee, Joseph J. Luca, is an audit committee financial expert.

Code of Business Ethics

. The Board has approved and adopted a Code of Business Ethics for our officers, directors and employees.

Executive Sessions of Independent Directors

. Independent Board members meet without management and non-independent directors present as often as necessary to fulfill their responsibilities, including at least annually in executive sessions. The Chairman of the Nominating and Governance Committee presides over meetings of the independent directors.

Nomination of Director Candidates

. We believe that it is in the best interests of our stockholders to identify and select highly-qualified candidates to serve as directors. The Nominating and Governance Committee seeks candidates for election and appointment who possess high standards of personal and professional ethics and integrity, practical wisdom and mature judgment and who are committed to staunchly representing the interests of the stockholders. The Nominating and Governance Committee also believes that the Board should be comprised of a diverse group of individuals with significant leadership accomplishments in domestic and international business, government, or the aviation industry; who have been associated with institutions noted for excellence; and who have broad experience and the ability to exercise sound business judgment.

There are no specific minimum qualifications that an individual must meet in order to be nominated; each is considered on a case-by-case basis. Candidates may come to the attention of the Committee from current Board members, stockholders, professional search firms, officers or other persons. The Committee will review all candidates in the same manner regardless of the source of the recommendation.

The Nominating and Governance Committee will consider properly submitted stockholder recommendations of candidates. Any stockholder recommendation must include the candidate's name and qualifications for Board membership, the candidate's age, business address, residence address, principal occupation or employment, the number of shares beneficially owned by the candidate and information that would be required to solicit a proxy under federal securities law. In addition, the recommendation must include the stockholder's name, address and the number of shares beneficially owned and the period they have been held. The recommendation should be sent to Corporate Secretary, Flight Safety Technologies, Inc., 28 Cottrell Street, Mystic, Connecticut 06355.

- considering and reviewing the Director Qualification Guidelines.

The Board of Directors has determined that all members of the Nominating and Governance Committee are independent, as independence for Nominating and Governance Committee members is defined by the American Stock Exchange.

Executive Committee

. The Executive Committee exercises the powers of the Board in the management of the operations of the Corporation when the Board is unable to act. However, the Executive Committee does not have the power to fill vacancies in the Board, the power to amend the Bylaws of the Corporation, or the power to take any other action without the prior approval of the Board, if the Board has required such approval with respect to a particular action or such action would directly contravene a prior resolution of the Board.

. The Compliance, Disclosure and Ethics Oversight Committee is responsible for setting, implementing and monitoring policies to ensure that we comply with all applicable local, state and federal laws, rules and regulations and ethical standards; adopting a code of business ethics; reviewing, controlling, and ensuring that we release news, information and materials that are truthful, accurate and complete in all material respects; and establish, oversee and implement disclosure control and review procedures that are used to prepare SEC filings.

Stockholder Communications to the Board

. Stockholders can send communications to the Board by mail or electronic mail to the Board of Directors, Attn: Corporate Secretary, Flight Safety Technologies, Inc., 28 Cottrell Street, Mystic, Connecticut 06355. The Finance and Audit Committee has selected Kostin, Ruffkess & Company, LLC as independent auditors to audit our consolidated financial statements for the fiscal year ending May 31, 2005. Kostin, Ruffkess & Company, LLC has acted in such capacity since its appointment in fiscal year 2003. A representative of Kostin, Ruffkess & Company, LLC is expected to be present at the annual meeting, with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

- (1) Audit Related Fees consisted principally of acquisition and other audits, services related to registration statements, financing transactions, issuance of consents, and consultations in connection with accounting and financial reporting matters.
- (2) Tax fees consisted of fees for tax consultation and tax compliance services.

Annual Independence Discussions

. The Finance and Audit Committee has determined that the provision by Kostin, Ruffkess & Company, LLC of certain limited, non-audit services to Flight Safety Technologies, Inc. has been compatible with Kostin, Ruffkess & Company, LLC maintaining its independence.

Changes In and Disagreements With Accountants on Accounting and Financial Disclosure

. As previously reported on an 8-KA filed with the SEC on October 22, 2002, effective October 3, 2002, we terminated our then current accountant, Quintanilla, A Professional Accounting Corporation ("Quintanilla") and engaged Kostin, Ruffkess & Company, LLC, which has offices in Farmington and New London, Connecticut, as our principal independent public accountant. The decision to engage Kostin, Ruffkess & Company, LLC was made by our Finance and Audit Committee in accordance with Section 301 of the Sarbanes-Oxley Act of 2002. The decision was based on a relocation of our principal place of business from California to Connecticut.

Quintanilla's reports on our financial statements since our inception on May 21, 2001, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with the audit for our first fiscal year ending December 31, 2001, and up to the date of termination, there were no disagreements with Quintanilla on any matters of accounting principles or practices, financial statement disclosure of auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of Quintanilla would have caused Quintanilla to make reference to the subject matter of the disagreement(s) in connection with its report on our financial statements. Since our inception on May 21, 2001, and up to the date of termination of Quintanilla, there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

We authorized Quintanilla to respond fully to any inquiries of our new auditors relating to their engagement as our independent accountant.

We had not previously consulted with Kostin, Ruffkess & Company, LLC regarding the application of accounting principles to a specific completed or contemplated transaction, or the type of audit opinion which might be rendered on our financial statements, and no written or oral advice was provided to us concluding there was an important factor to be considered by us in reaching a decision as to an accounting, auditing, or financial reporting issue. Neither did we discuss with Kostin, Ruffkess & Company, LLC any accounting, auditing, or financial reporting issue that was a subject of disagreement between us and Quintanilla, our previous independent accountants, as there were no such disagreements.

Vote Required and Board of Directors' Recommendation

. Approval of this proposal requires the affirmative vote of a majority of the votes cast affirmatively or negatively on the proposal at the annual meeting of stockholders, as well as the presence of a quorum representing a majority of all outstanding shares of our common stock, either in person or by proxy. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

Stockholder ratification of the selection of Kostin, Ruffkess & Company, LLC as our independent auditors is not required by our Bylaws or otherwise. We are submitting the selection of Kostin, Ruffkess & Company, LLC to you for ratification as a matter of good corporate practice. In the event the stockholders fail to ratify the selection, the Finance and Audit Committee of our Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Finance and Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if it determines that such a change would be in our best interest and the best interest of the stockholders.

The Board of Directors unanimously recommends a vote "FOR" the ratification of Kostin, Ruffkess & Company, LLC as Flight Safety

Technologies' independent auditors for the fiscal year ending May 31, 2005.

REPORT OF THE COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is comprised of two members of our Board of Directors whom the Board considers to be independent. In general, the Compensation Committee reviews and approves salary and bonus criteria for executive officers, approves stock option grants to members of our Board, executive officers and employees and reviews other conditions and terms of executive officer employment. The Compensation Committee acts pursuant to a written charter which has been adopted by our Board of Directors and you can view on our website at flysafetech.com.

The goals of our executive officer compensation policies are to attract, retain and reward executive officers who contribute to our success, to align executive officer compensation with our performance and to motivate executive officers to achieve our business objectives. We may use a variety of salary, bonus compensation, option grants, performance share awards and restricted stock awards to attain these goals.

We strongly believe that equity ownership by executive officers provides incentives to build stockholder value and aligns the interests of directors and executive officers with those of the stockholders, and therefore we intend to make periodic grants of stock options and awards. We generally determine the size of an option grant to an executive officers with reference to competitive practice, responsibilities, performance and expected future contributions of the directors and executive officer, previous grants to that officer, as well as recruitment and retention considerations.

During our fiscal year 2004, the Compensation Committee met to review, discuss, consider, and ultimately approve new employment agreements with Mr. Kovnat, Mr. Cotton, Mr. Rees, Mr. Cryer, and Mr. Fine, and certain other compensation matters. The Compensation Committee reviewed the provisions of these agreements, including compensation, benefits, non-compete restrictions, and termination clauses, in light of its own experience and business knowledge and did not use outside consultants.

We have considered the provisions of Section 162(m) of the Internal Revenue Code and related Treasury Department regulations which restrict deductibility of executive compensation paid to our chief executive officer and each of the four other most highly compensated executive officers holding office at the end of any year to the extent such compensation exceeds \$1,000,000 for any of such officers in any year and does not qualify for an exception under the statute or regulations. We expect that the Compensation Committee will generally be comprised of non-employee directors, and to the extent such committee is not so constituted for any period of time, the options granted during such period will not be likely to result in compensation exceeding \$1,000,000 in any year. The Compensation Committee does not believe that in general, other components of our compensation will be likely to exceed \$1,000,000 for any executive officer in the foreseeable future and therefore concludes that no further action with respect to qualifying such compensation for deductibility is necessary at this time. In the future, the Compensation Committee will continue to evaluate the advisability of qualifying its executive compensation for deductibility of such compensation. The Compensation Committee's policy is to qualify its executive compensation for deductibility under applicable tax laws as practicable.
