PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 21, 2005

GENERAL

Edgar Filing: SILICON LABORATORIES INC - Form DEF 14A

The enclosed Proxy is solicited on behalf of the Board of Directors of Silicon Laboratories Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on April 21, 2005 at 9:30 a.m. Central Time at the Lady Bird Johnson Wildflower Center, 4801 La Crosse Avenue, Austin, Texas 78739, or at any adjournment thereof. These proxy solicitation materials were mailed on or about March 14, 2005 to all stockholders entitled to vote at the Annual Meeting.

VOTING

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying notice and are described in more detail in this Proxy Statement. On February 21, 2005, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were 52,697,222 shares of our common stock outstanding and no shares of our preferred stock were outstanding. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on February 21, 2005. The presence, in person or by proxy, of the holders of a majority of our shares entitled to vote is necessary to constitute a quorum at the Annual Meeting or at any adjournment thereof. Stockholders may not cumulate votes in the election of directors. The vote of a plurality of the shares of our common stock present in person or represented by proxy at this meeting and entitled to vote on the election of directors is necessary for the election of a director. The nominees receiving the greatest number of votes at this meeting will be elected to our Board of Directors, even if they receive less than a majority of such shares.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (i.e., a Proxy submitted by a broker or nominee specifically indicating the lack of discretionary authority to vote on the matter). Abstentions and broker non-votes will be counted as present for purposes of determining a quorum for the transaction of business, but will not be counted for purposes of determining whether each proposal has been approved.

PROXIES

If the enclosed form of Proxy is properly signed and returned or you properly follow the instructions for telephone or internet voting, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the Proxy does not specify how the shares represented thereby are to be voted, the Proxy will be voted FOR the election of the directors proposed by the Board of Directors unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given, the Proxy will be voted FOR the approval of the selection of Ernst & Young LLP as our independent registered public accounting firm. You may revoke or change your Proxy at any time before the Annual Meeting by filing a notice of revocation or another signed Proxy with a later date with our Corporate Secretary at our principal executive offices at 4635 Boston Lane, Austin, Texas 78735. You may also revoke your Proxy by attending the Annual Meeting and voting in person.

SOLICITATION

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the Proxy and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding in their names shares that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the

Edgar Filing: SILICON LABORATORIES INC - Form DEF 14A

solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone or other means by directors, officers or employees. No additional compensation will be paid to these individuals for any such services.

Except as described above, we do not presently intend to solicit Proxies other than by mail.

DEADLINE FOR RECEIPT OF FUTURE STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, stockholder proposals to be presented at our 2006 annual meeting of stockholders and in our proxy statement and form of proxy relating to that meeting must be received by us at our principal executive offices in Austin, Texas, addressed to our Corporate Secretary, not later than November 14, 2005, the date which is 120 days prior to March 14, 2006. These proposals must comply with applicable Delaware law, the rules and regulations promulgated by the Securities and Exchange Commission and the procedures set forth in our bylaws. Pursuant to our bylaws, stockholder proposals received after November 14, 2005 will be considered untimely. Unless we receive notice in the manner specified in the previous sentence, the proxy holders shall have discretionary authority to vote for or against any such proposal presented at our 2006 annual meeting of stockholders.

In addition, the Nominating and Corporate Governance Committee may engage a third party search firm to identify and recommend potential candidates. Finally, the Nominating and Corporate Governance Committee will consider candidates recommended by stockholders.

DIRECTOR COMPENSATION AND INDEMNIFICATION ARRANGEMENTS

Non-employee directors receive option grants at periodic intervals under the automatic option grant program of our 2000 Stock Incentive Plan. Under the automatic option grant program, each non-employee director receives an initial automatic option grant to purchase 30,000 shares of common stock on the date such individual joins the Board of Directors. The initial automatic option grants are immediately exercisable, vest in four equal successive annual installments upon each additional year of service measured from the date of grant, and have exercise prices equal to the fair market value as of the grant date. In addition, on the date of each annual stockholders meeting, each non-employee director who continues to serve as a non-employee director receives an automatic annual option grant to purchase 5,000 shares of common stock, provided such individual has served as a non-employee director for at least six months. The annual automatic option grants are immediately exercisable, vest on the first anniversary of the date of grant and have exercise prices equal to fair market value as of the grant date. Under this program, on the date of our 2004 annual meeting of stockholders, Messrs. Bock, Cash, Enloe, Walker and Wood each received an automatic annual option grant to purchase 5,000 shares of common stock at an exercise price per share of \$50.03. In addition, directors are eligible to receive option grants under the discretionary option grant program of the 2000 Stock Incentive Plan. During fiscal 2004, Messrs. Bock, Cash, Enloe, Walker and Wood each received a discretionary option grant to purchase 5,000 shares of common stock at an exercise price per share of \$31.77. During fiscal 2005, it is anticipated that each non-employee director that has served for at least six months will receive a discretionary option grant in December 2005 to purchase 5,000 shares of common stock in addition to any

Edgar Filing: SILICON LABORATORIES INC - Form DEF 14A

automatic option grant.

7

During fiscal 2004, cash compensation consisted of (a) \$25,000 per year for each non-employee director, (b) an additional \$20,000 per year for the Chairman of the Audit Committee, and (c) an additional \$5,000 per year for Audit Committee members (excluding the Chairman). Messrs. Bock, Cash, Enloe, Walker and Wood were each paid \$25,000 during fiscal 2004 pursuant to the cash compensation plan. Additionally, Mr. Bock was paid \$20,000 for his service as Chairman of the Audit Committee and Messrs. Enloe and Wood were each paid \$5,000 for their services on the Audit Committee during fiscal 2004.

During fiscal 2005, cash compensation is anticipated to consist of (a) \$25,000 per year for each non-employee director, (b) an additional \$1,500 per regular meeting of the Board of Directors for each non-employee director, (c) an additional \$20,000 per year for the Chairman of the Audit Committee, (d) an additional \$5,000 per year for Audit Committee members (excluding the Chairman), (e) an additional \$10,000 per year for the Chairman of the Compensation Committee and (f) an additional \$5,000 per year for the Chairman of the Nominating and Corporate Governance Committee.

Payments under the cash compensation plan are generally paid in equal quarterly installments on the last day of each fiscal quarter. The cash compensation plan was instituted, based on a review of compensation provided to directors of similarly-situated companies, to provide incentives to retain and to attract highly-qualified and motivated individuals to serve on our Board of Directors.

We reimburse directors for all reasonable out-of-pocket expenses incurred in attending board and committee meetings.

Our certificate of incorporation limits the personal liability of our directors for breaches by them of their fiduciary duties. Our bylaws require us to indemnify our directors to the fullest extent permitted by Delaware law. We have also entered into indemnification agreements with all of our directors and have purchased directors' and officers' liability insurance.

RECOMMENDATION OF THE BOARD OF DIRECTORS

OUR BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF THE NOMINEES FOR CLASS I DIRECTORS LISTED ABOVE.

PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed the firm of Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2005. Ernst & Young LLP has audited our financial statements since our inception in 1996. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

The following table presents fees for professional services rendered by Ernst & Young LLP for fiscal years 2004 and 2003:

Edgar Filing: SILICON LABORATORIES INC - Form DEF 14A

	2004	2003
	-----	-----
Audit fees	\$991,700	\$239,700
Audit-related fees	14,900	135,600
Tax fees	116,300	69,700
All other fees	--	--
	-----	-----
Total	\$1,122,900	\$445,000
	-----	-----

AUDIT FEES. Audit fees relate to services rendered in connection with the audits of the annual financial statements and of management's assessment and the operating effectiveness of internal control over financial reporting included in our Form 10-K, the quarterly reviews of financial statements included in our Forms 10-Q filings, Form S-8 consent procedures and statutory audits required internationally.

AUDIT-RELATED FEES. Audit-related fees include services for assurance and other related services, such as consultations concerning financial accounting and reporting matters and due diligence related to mergers and acquisitions.

TAX FEES. Tax fees include services for tax compliance, research, and technical tax advice.

ALL OTHER FEES. All other fees include the aggregate fees for products and services provided by Ernst & Young LLP that are not reported under "Audit Fees", "Audit-Related Fees" or "Tax Fees". There were no other fees in 2004 or 2003.

The Audit Committee is authorized by its charter to pre-approve all auditing and permitted non-audit services to be performed by the Company's independent registered public accounting firm. The Audit Committee reviews and approves the independent registered public accounting firm's retention to audit our financial statements, including the associated fee. The Audit Committee also evaluates other known potential engagements of the independent registered public accounting firm, including the scope of the proposed work and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence from management. At subsequent meetings, the Committee will receive updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. The Committee has delegated to the Chairman of the Audit Committee the authority to evaluate and approve engagements on behalf of the Committee in the event that a need arises for pre-approval between Committee meetings. If the Chairman so approves any such engagements, he will report that approval to the full Audit Committee at its next meeting. During fiscal 2004, all such services were pre-approved in accordance with the procedures described above.

Our Audit Committee has reviewed the fees described above and believes that such fees are compatible with maintaining the independence of Ernst & Young LLP.

Stockholder ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm is not required by our bylaws or other applicable legal requirement. However, the appointment of Ernst & Young LLP is being submitted to the stockholders for ratification. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain the firm. All outstanding restricted stock and stock options issued to our executive officers named in the Summary Compensation Table of the Executive Compensation section of this Proxy Statement will become fully exercisable and vested if (i) a change-in-control occurs and such options and restricted stock are not assumed or (ii) a change-in-control occurs and the officer is demoted, relocated or terminated other than for misconduct within 18 months following such change-in-control.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of our executive officers serves as a member of the Board of Directors or Compensation Committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee. No member of the Compensation Committee serves or has previously served as one of our officers or employees.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

It is the duty of the Compensation Committee to review and determine the salaries and bonuses of our executive officers, including the Chief Executive Officer, and to establish the general compensation policies for such individuals. The Compensation Committee also has the sole and exclusive authority to make discretionary option grants to our executive officers under our 2000 Stock Incentive Plan.

The Compensation Committee believes that the compensation programs for our executive officers should reflect our performance and the value created for our stockholders. In addition, the compensation programs should support our short-term and long-term strategic goals and values and should reward individual contribution to our success. We are engaged in a very competitive industry, and our success depends upon our ability to attract and retain qualified executives through the competitive compensation packages we offer to such individuals.

GENERAL COMPENSATION POLICY. The Compensation Committee's policy is to provide our executive officers with compensation opportunities that are based upon their personal performance, our financial performance and their contribution to that performance and which are competitive enough to attract and retain highly skilled individuals.

Each executive officer's compensation package is comprised of three elements: (i) base salary that is competitive with the market and reflects individual performance; (ii) variable performance awards payable in cash and tied to our achievement of financial performance goals and individual accomplishments; and (iii) long-term stock-based incentive awards designed to strengthen the mutuality of interests between the executive officers and our stockholders. As an officer's level of responsibility increases, a greater proportion of his or her total compensation will be variable and dependent upon our financial performance and stock price appreciation rather than base salary.

FACTORS. The principal factors that were taken into account in establishing each executive officer's compensation package for the 2004 fiscal year are described below. However, the Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future fiscal years.

BASE SALARY. In setting base salaries, the Compensation Committee engaged a nationally recognized executive compensation consulting firm. The consulting firm provided compensation data for comparable positions from six nationally published surveys. The base salary for each officer reflects the salary levels for comparable positions in the published surveys, as well as the individual's personal performance. The relative weight given to each factor varies with each individual in the sole discretion of the Compensation Committee. Each executive officer's base salary is evaluated periodically on the basis of (i) the Compensation Committee's evaluation of the officer's personal performance for the year and (ii) the competitive marketplace for persons in comparable positions. Our performance and profitability may also be a factor in determining the base salaries of executive officers.

VARIABLE PERFORMANCE AWARDS. The variable performance awards have typically been paid in cash quarterly payments based on the preceding quarterly results. These payments, when the criteria are satisfied, are paid out shortly after the release of the quarterly financial results. The cash awards are tied to a blend of overall company financial performance metrics, individual performance metrics and company-wide operating profits as a percent of revenue, which may exclude certain non-cash charges or otherwise be adjusted at the discretion of the Compensation Committee. The targeted cash awards are based on the published survey data for each position. Typically, the Compensation Committee reviews the variable performance targets in conjunction with the fiscal year operating plan discussions.

Non-officer employees also participate in the variable cash compensation plan. Bonuses are typically paid quarterly to eligible individuals according to a written plan which prescribes a payout percentage of base salary based on the overall company financial performance. The payout has typically been in the range of 5 to 1.5% of base salary for most employees.

LONG TERM INCENTIVES. Generally, stock option grants to executive officers are made at the discretion of the Compensation Committee. Each grant is designed to align the interests of the executive officer with those of the stockholders and to provide each individual with a significant incentive to manage the company from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of common stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to ten years). Each option becomes exercisable in a series of installments over a multi-year period, contingent upon the officer's continued employment. Accordingly, the option will provide a return to the executive officer only if

Edgar Filing: SILICON LABORATORIES INC - Form DEF 14A

he or she remains employed during the vesting period, and then only if the market price of the shares appreciates over the option term.

The size of the option grant to executive officers is set by the Compensation Committee at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the option term. The Compensation Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual. The Compensation Committee has established certain guidelines with respect to the option grants made to the executive officers but has the flexibility to make adjustments to those guidelines at its discretion.

22

CEO COMPENSATION. In setting the total compensation payable to the Chief Executive Officer for the 2004 fiscal year, the Compensation Committee considered published survey data provided by our compensation consulting firm as well as the compensation paid to the chief executive officers of seven companies selected for comparative purposes. The Chief Executive Officer's compensation is based on the same criteria described above with respect to executive officers generally. The Chief Executive Officer's variable cash compensation was tied to the company's revenue and operating profit as a percentage of revenue.

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(M). Section 162(m) of the Internal Revenue Code precludes the company from taking a deduction for compensation in excess of \$1 million for the officers named in the Summary Compensation Table. Certain performance-based compensation is specifically excluded from the deduction limit. The company's policy is to qualify, to the extent reasonable, the compensation of executive officers for deductibility under applicable tax laws. However, the Compensation Committee believes that it's primary responsibility is to provide a compensation program that will attract, retain and reward the executives who will further the Company's success and that the loss of a tax deduction may be necessary in some circumstances.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align the Company's performance and the interests of the Company's stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

SILICON LABORATORIES INC.

CORPORATE GOVERNANCE POLICY

PURPOSE

The Board of Directors (the "Board") of Silicon Laboratories Inc. (the "Company") has adopted this Corporate Governance Policy (this "Policy"). This Policy is subject to requirements of the charters and bylaws of the Company, as well as applicable law. The Board will review this Policy and other aspects of the Company's corporate governance as often as it deems necessary and may modify this Policy or waive any element of this Policy at any time.

ROLE OF DIRECTORS

The fundamental role of the directors is to exercise their business judgment to act in what they reasonably believe to be the best interests of the Company and its stockholders. In fulfilling that responsibility, the directors may reasonably rely on the honesty and integrity of the Company's senior management and expert legal, accounting, financial and other advisors.

DIRECTOR QUALIFICATIONS

Each director should contribute to the experience, skills and other characteristics required of a properly functioning Board. Criteria include their personal and professional integrity, depth and breadth of experience, ability to make independent analytical inquiries, ability to understand the Company's business, willingness to devote adequate attention and time to duties of the Board and such other criteria as is deemed relevant by the Nominating and Corporate Governance Committee. The backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of experience, knowledge and skills.

Edgar Filing: SILICON LABORATORIES INC - Form DEF 14A

DIRECTOR INDEPENDENCE

The Board believes that, as a matter of policy and consistent with applicable laws, rules and regulations, independent directors should constitute at least a majority of the Board.

DIRECTOR OUTSIDE ACTIVITIES

Directors must be willing to devote sufficient time to carry out their duties and responsibilities effectively, and should be committed to serve on the Board for an extended period of time. Each Board member is expected to ensure that other existing and future commitments do not conflict with or materially interfere with the member's service as a director. Directors are expected to avoid any action, position or interest that conflicts with an interest of the Company, or gives the appearance of a conflict.

A director who also serves as the Company's Chief Executive Officer should not serve on more than one board of a public company in addition to the Board and should not serve on the audit committee of any public company. Other directors should limit their service on the boards of other public companies so as not to impair the director's service on the Board. All directors should inform the Chairman of the Nominating and Corporate Governance Committee prior to joining the board of another public company to ensure that any potential conflicts, excessive time demands or other issues are carefully considered.

Directors should offer their resignation to the Board in the event of any significant change in their personal circumstances, such as a material change in their principal job responsibilities.

B-1

DIRECTOR NOMINATION PROCESS

The Nominating and Corporate Governance Committee will review the needs of the Board for various experience, skills and other characteristics in determining the director candidates to be nominated at the annual meeting. The Nominating and Corporate Governance Committee will evaluate candidates for directors proposed by directors, stockholders or management in light of the Director Qualification standards. The process for stockholder recommendations will be determined from time to time by the Nominating and Corporate Governance Committee and shall be in compliance with the Company's Bylaws and all applicable laws, rules and regulations. If the Nominating Committee believes that the Board requires additional candidates for nomination, the Committee will engage, as appropriate, a third party search firm to assist in identifying qualified candidates. The nominating process may include interviews and background and reference checks at the discretion of the Nominating and Corporate Governance Committee.

RETIREMENT AGE

The Board believes that 75 is an appropriate retirement age for all directors.

TERM LIMITS

The Board does not believe it should establish term limits. While term limits could help ensure that there are fresh ideas and viewpoints available to the Board, they hold the disadvantage of losing the contribution of Directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an increasing contribution to the Board as a whole.

Edgar Filing: SILICON LABORATORIES INC - Form DEF 14A

SIZE OF BOARD

The Board currently has eight members. The Board reviews from time to time the appropriate size of the Board. The Board will consider changing its size to accommodate outstanding candidates or to satisfy specific governance needs.

SEPARATION OF CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The Board separates the role of Chairman of the Board from the role of Chief Executive Officer, believing that this currently provides the most efficient and effective leadership model for the Company.

STOCK OWNERSHIP

The board believes that directors and officers should generally own stock in the Company in order to align their interests with the long-term interests of the Company's stockholders.

EXECUTIVE SESSIONS OF INDEPENDENT DIRECTORS

The independent directors of the Board will generally meet in executive session at the end of each regularly scheduled Board meeting and at any other time requested by a majority of the independent directors.

BOARD ACCESS TO MANAGEMENT

The independent members of the Board shall have access to Company employees in order to obtain any information they deem appropriate to fulfill their duties. The Board may establish a process for such inquiries. Management is encouraged to invite Company employees to Board meetings where management participation will provide the Board with additional insight into the matters being considered.

B-2

RETENTION OF ADVISORS/CONSULTANTS

The Board and each committee of the Board shall have the authority to retain outside financial, legal or other advisors as they deem appropriate, and shall have the authority to obtain advice, reports or opinions from internal and external counsel and advisors, without consulting with or obtaining approval from any officer of the Company.

BOARD AND COMMITTEE EVALUATION

The Board and each committee will perform a periodic self-evaluation. Each director will be requested to participate in an assessment of the effectiveness of the Board and any committee on which such director serves. The assessment of each committee will be reported by the chairman of such committee to the full Board.

COMMUNICATIONS BY STOCKHOLDERS WITH DIRECTORS

Stockholders may communicate with any or all Company directors by transmitting written correspondence addressed to:

The Corporate Secretary will forward such communications to the Board or the specified individual director to whom the communication is directed unless such communication is deemed unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or to take appropriate legal action regarding such communication.

ATTENDANCE OF DIRECTORS AT ANNUAL STOCKHOLDER MEETINGS

The Company will make every effort to schedule its annual meeting of stockholders at a time and date to maximize attendance by directors. All directors shall make every reasonable effort to attend the Company's annual meeting of stockholders.

COMMITTEES

The Board shall have an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The Board may from time to time establish additional committees as necessary or appropriate. Committee members will be appointed by the Board upon the recommendation of the Nominating and Corporate Governance Committee. Consideration should be given to rotating committee members periodically, but rotation should not be mandated as a policy. Each committee will generally have its own charter. The charters will set forth the purposes of the committees as well as qualifications for committee membership.

The Chairman of each committee, in consultation with the committee members and senior management, will determine the frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter. The Chairman of each committee, in consultation with the appropriate members of the committee and management, will develop the committee's agenda.

B-3

SUCCESSION PLANNING

The Board (or a committee thereof) shall conduct a periodic review of the Company's succession planning, including policies and principles for Chief Executive Officer selection and succession in the event of an emergency or the retirement of the Chief Executive Officer. If such review is conducted by a committee, the committee shall report its recommendation to the Board for approval.

PROHIBITION ON LOANS

The Company shall not make any loan to any director or executive officer.
